

Sweet Love 3011

Chapter 3011: A Vicious Beating For Them

Other than Chu He, he had no other backing.

But today, for the first time in his life, he had a taste of being protected. This man stood up for him and taught that evil woman a lesson.

In his opinion, this was probably a terrible man. Arrogant and cold-blooded, the man was sometimes very fierce towards him and would often say things that make him nervous!

But it turned out that having someone backing you up was such a warm and cozy feeling!

Baby Chu was moved by this and couldn't help but tear up!

He raised his hand and carefully rubbed his reddened eyes, sniffing.

Gu Jinglian turned to look at the boy, only to see him looking back pitifully with reddened eyes, as if he had suffered a great grievance!

At once, the man's heart burned with anger, making it even more difficult to resolve the hatred towards the cause of the boy's sufferings!

He turned around and ordered again, "Are you guys out of strength?! Give them a good beating."

When the bodyguards heard this, they did not dare to slack and tightened their fists!

Within moments, Song Zhengguo's face had swelled to the size of a pig's head, and Song Enya was no better. Her face was bruised and swollen, and she could not even cry. She went numb with pain.

Jiang Qimeng was in tears and kept kowtowing but her forehead too, was swollen and bruised. Gu Jinglian did not even give her a glance and remained indifferent.

She then crawled to Mu Linfeng's feet and pleaded, "Second Master Mu! Quickly think of something! If this goes on, Zhengguo and Enya will be beaten to death!"

Mu Linfeng had watched this scene unfold and although he looked anxious, he was trembling in fear!

He looked at Gu Jinglian, wondering how such a young man could be so cruel and cold-hearted.

It was rumored that the young Gu Jinglian was frivolous, vicious and merciless. In order to achieve his goals, he would do anything, even if it meant resorting to unscrupulous means!

He once thought that this was probably an exaggeration!

However, he had now witnessed with his own eyes how ruthless this man was!

Mu Linfeng felt his hair stand on end and grew even more fearful of Gu Jinglian.

However, though he was old, his mind was sharp!

He could finally tell whom Gu Jinglian's anger was directed at!

He accurately assessed that Song Enya must have offended him to the point that he would not hesitate to offend the Mu family in order to punish her!

At this point, how could he possibly step forward to help her?!

If they were to offend Gu Jinglian at this critical juncture and implicate the Mu Group, the Mu family would not have a good ending!

Surely Mu Linfeng was not that foolish?!

He knew very well that at this moment, he had to make his stand clear. He must not interfere at such a critical moment and invite trouble!

“Qimeng, it’s not like you don’t know what kind of person Gu Jinglian is!? In order to achieve his goals, he has always resorted to unscrupulous means! Why don’t you ask your daughter what she has done to offend the Gu family!? She needs to make a proper apology!”

Jiang Qimeng was just as clueless as she cried, “I don’t know either! The Song and Gu families aren’t even close!”

“Then why would the Gu family pick on you for no reason?!”

Jiang Qimeng could not care less and pleaded again, “Second Master Mu, now is not the time to talk about this! Quickly go and plead with Master Gu. Otherwise, Enya will definitely be beaten to death! No matter what, Enya is your niece-in-law! You have to help her out on account of this relationship!”

Chapter 3012: Not Worth Pitying

“If I’d known that your daughter had offended Gu Jinglian...” Mu Linfeng sighed heavily and said with a straight face, “I would never have agreed to this marriage!”

Jiang Qimeng was stunned and fell to the ground in despair.

...

A bodyguard walked to Gu Jinglian’s side and said cautiously, “Master Gu, it looks like they can’t hold up for much longer. Do you want us to continue?”

Gu Jinglian asked coldly, “Are you guys out of breath?”

“No, but they’ve already passed out.”

The crowd slowly dispersed.

Gu Jinglian looked over and saw Song Zhengguo kneeling on the ground. His face was bruised and swollen, and his body was on the verge of collapsing. And if he did, he might not wake up again.

Song Enya, on the other hand, had fainted. Her face was covered in blood, and her entire body was bruised all over. Her tube had also fallen to the ground, and she was in a tragic state.

The bodyguard kicked her face but there was no reaction.

In the midst of the chaos earlier, one of them had picked up a bottle of champagne and smashed it against the back of Song Enya's head. Song Enya had fainted immediately, and no matter how hard they punched and kicked, she had not responded.

Someone went forward to check if she was still breathing. Her breath was weak, but she was still alive. However, she remained unconscious.

It was not that they were afraid of killing someone. They merely needed instructions from Gu Jinglian at this point. If he wished for them to continue beating up the father and daughter pair till they were dead, they would do so.

Frowning, Gu Jinglian walked over to Song Enya and kicked her with the tip of his foot. Immediately, someone squatted down and wiped the tip of his shoe that was stained with blood.

"Master Gu, she's dirty. Don't dirty your shoes."

When Baby Chu saw Song Enya's tragic state, he immediately clung on to Gu Jinglian's shoulders in shock. This little act of attachment caused Gu Jinglian to be slightly stunned, and the corners of his lips curled upwards subconsciously.

Feeling this little brat's reliance on him gave him an unexpected sense of satisfaction.

"Uncle... is she dead?!" Baby Chu asked nervously.

"No!" Gu Jinglian was very confident. His subordinates always knew what to do and would definitely not kill anyone just like that.

Hence, he was certain that she was still alive.

"Uncle, stop beating her already!"

Baby Chu pursed his lips. He could not bear to see her like this. "She looks so pitiful!"

Gu Jinglian was emotionless. "Such a person is not worth pitying."

He did not finish his sentence.

What he did not say aloud was, even if she had died, she was not worth pitying.

Baby Chu, on the other hand, felt that it was too cruel. He felt adequately vindicated now that she had been beaten up. Initially, he hated and was angry at Song Enya, but after seeing how Gu Jinglian had punished her, he actually felt very sorry for the woman.

He didn't know if she'd eventually survive such a bad beating.

"Uncle, let's go!"

Baby Chu tugged at his collar and said pitifully, "I don't like this place."

"Alright, let's go!"

Gu Jinglian was about to leave with Gu Chengze in his arms when, walking past Song Zhengguo, he suddenly had a thought. He turned around and looked at the man, who was now dazed. With a

disgusted expression, he said, "The Song family is well known, being one of the four great families. However, from tomorrow onwards, the Song family no longer exists."

With that, carrying Gu Chengze, he left without looking back.

The moment Gu Jinglian left with his men. The guests, seeing that the door was wide open, quickly filed out, forsaking all etiquette or small talk.

All at once, the huge banquet hall was deserted!

Chapter 3013: Disassociation!

Jiang Qimeng cried as she lunged towards Song Enya's body and carefully drew the unconscious woman into her embrace. However, just as she put her arms around her shoulders, she heard the sound of bones breaking. She was so frightened that she did not dare to move.

"Where's the ambulance?!"

Jiang Qimeng broke down and screamed, "Call the ambulance! Quickly send her to the hospital! Quickly send her to the hospital!"

Only then did Mu Yanchen react. He was about to reach for his cell phone to call the ambulance when Mu Linfeng stopped him in time.

"Second Uncle, what's the matter?"

"Don't get yourself involved in this matter! Isn't this enough bad luck?!"

Mu Linfeng said grudgingly, "If I'd known that Song Enya had offended Gu Jinglian, I wouldn't have agreed to the marriage! Do you know that the current Gu family is not a force that the Mu family can contend with?! That Gu Jinglian is vicious and merciless. If you were to have Song Enya taken to the Mu family's hospital, given Gu Jinglian's style, he'd probably send his men to destroy our hospital the next day!"

Mu Yanchen was taken aback and promptly put his phone away.

Mu Shumin's heart was still pounding as she asked fearfully, "Second Brother, look, this marriage..."

"Of course there will no longer be any marriage!"

Mu Linfeng snorted. "Yanchen and Enya didn't register their marriage, so it's fine even if we were to call it off! However, the Mu family has lost a lot of face after what happened today."

"Those reporters' cameras had been smashed by the guy from the Gu family."

Mu Yanchen paused for a moment before he continued, "When the right time comes, I'll send someone to inform them not to publish today's news report and we'll take it that nothing has happened!"

"Do you think the guests are blind?!"

Mu Linfeng said angrily, "When the news spreads, the Mu family will be thoroughly shamed!"

Mu Shumin's looked awkward as well. She glared at Jiang Qimeng in anger and hissed, "Such a troublemaker!"

Upon hearing these words, Jiang Qimeng turned to look at Mu Shumin, her eyes filled with despair and hatred. "Second Master Mu, Shumin, our Enya has already been beaten up to such a state. It's bad enough that you guys offer no help, but to think you're making these sarcastic remarks! Now I finally see how capable you people are at hitting a person when he's down!"

"Oh, listen to you. Are you blaming the Mu family for what has happened?!"

Mu Shumin flew into a rage out of humiliation. "If it weren't for your daughter being such a jinx, would the Mu family have been so thoroughly embarrassed?! I've never been so disgraced in all my life! Your daughter brought this upon herself! Of all the people, she had to offend Gu Jinglian?! This is great. She hasn't even stepped into the Mu family and has already caused us so much trouble. You have the audacity to think that the Mu family and the Song family are on par?! Don't you know what sort of person Gu Jinglian is?! We have no wish to offend him!"

Jiang Qimeng did not bother to be cordial and blurted out, "What do you mean by you have no wish to offend him?! I think you guys just don't dare to offend him! It really confirms what people have been saying! Without Mu Yazhe, Mu Group is no longer the glorious Mu Group of the past! Look at the Mu Group now, having to bow to the Gu family. How embarrassing!"

"You—!"

Just as Mu Shumin was about to say something, Mu Linfeng stopped her and chided, "What more is there to say, now that the situation has come to this?!"

"Yes... Second Brother." Given Mu Linfeng's words, although Mu Shumin bore an incomprehensible hatred in her heart, she could only give Jiang Qimeng a vicious glare.

Chapter 3014: Gu Jinglian's Methods (1)

Given Mu Linfeng's words, although Mu Shumin bore an incomprehensible hatred in her heart, she could only give Jiang Qimeng a vicious glare.

The two families were probably going to fall out just like that. Naturally, Jiang Qimeng did not intend to have any interactions with the Mu family. She knew very well that the marriage between the Mu family and the Song family was no longer a possibility because of this incident!

Hence, feeling vindictive, she no longer bothered to restrain herself!

"Indeed there's nothing more that can be said! The Mu family of today is no longer what it used to be! At least, if Yazhe were still around, Gu Jinglian wouldn't walk all over you like this! Even if Gu Jinglian wished to vent his anger, he would at least have some reservations on account of Yazhe! But now that Yazhe is no longer around, this Mu family that used to be a lion is more like an ousted lion king. You desire to be king once more?! Forget it! You're better off trying to figure out how to clean up your mess first!"

Having had this hysterical outburst, Jiang Qimeng seemed finally satisfied.

Little did she realize that Mu Linfeng was overwhelmed with emotions and his body swayed slightly from the impact of these words.

These words had hit him where it hurt most!

In the recent times, there had been much unpleasant things being said about the Mu family!

Jiang Qimeng's words were undoubtedly a critical blow!

Mu Yanchen quickly supported him. Noticing his uncle's ugly expression, his heart burned with anger. He roared at Jiang Qimeng, "Do you think the Song family is any better?! Jiang Qimeng, don't be so shameless! Gu Jinglian said that the Song family will become a thing of the past from tomorrow on! You'd be better off thinking about how you should live your life in the future!"

With that, he supported his second uncle and left! Mu Shumin also left with the two men.

The venue was now vacated!

Jiang Qimeng felt aggrieved, but now that the situation was critical, she could not be bothered with what Mu Yanchen had just said. She hurriedly made a call. Half an hour later, the ambulance arrived and the father and daughter pair was taken on board.

Along the way, the medical staff checked on Song Enya's and Song Zhengguo's injuries. Although they were seriously injured, their vital signs were stable.

Jiang Qimeng was worried sick. It was as if the her world was falling apart and she was in utter despair!

She had no idea what she'd do if anything bad were to happen to Song Zhengguo!

On top of this, she was afraid that Song Enya, weak from the recent miscarriage, would not be able to endure the ordeal. Fortunately, the medical staff said that her life was not in danger, however she would have to go through a series of tests to ascertain her condition.

Her heart was in turmoil again!

Upon arriving at the hospital, Song Zhengguo and Song Enya were sent to the emergency room one after another, leaving Jiang Qimeng waiting outside the operating theater.

She did not bring any cash with her, but once she entered the hospital and clarified their identities, the hospital immediately expressed that they would put in their best rescue efforts.

Jiang Qimeng made a few phone calls to the head of the Song family. Soon, Song Jianjun rushed over with his men.

At this point, Song Zhengguo was pushed out of the operating theater and transferred to a special care unit. Song Jianjun looked at the state his younger brother was in as the doctor explained to him that he did not have any other injuries other than a severe concussion. He also had a few broken bones and was not in any life-threatening danger. However, Song Zhengguo was at an age where he would probably take a longer time to recover.

This sounded terrifying to Jiang Qimeng, and on top of this, she also had no idea what Enya's situation in the resuscitation room was. By the time the woman arrived at the hospital, her head was covered in blood. This worried Jiang Qimeng greatly.

Chapter 3015: Gu Jinglian's Methods (2)

Worried that something would go very wrong, tears streamed down her face as she looked at the almost lifeless Song Zhengguo.

Song Jianjun asked angrily, "Qimeng, don't just stand there and cry! Can you at least tell me what's going on?!"

Today was Song Enya's wedding, hence Song Jianjun was in Jun District. He had not yet turned up in person but instead had sent someone ahead of time with a gift of red packet hence he did not know what had happened.

Jiang Qimeng immediately told him everything. Song Jianjun was even more shocked when he heard that Gu Jinglian had had them beaten up.

"This... How did you offend someone like Gu Jinglian?!"

Song Jianjun had a deep impression of the name Gu Jinglian. It was for no other reason than the fact that he had led his men to destroy the courtyard of Jun District. Gu Jinglian was probably the first person in history.

Back then, a certain second-generation heir who was born in a Jun district compound had somehow gone to the Gu family's property to gamble and owed a huge debt.

However, this guy probably thought too highly of himself and because of his own background and status, didn't think much of the Gu family.

At that time, the leadership of the Gu family was undergoing some major changes and Gu Jinglian had just risen to power. This local heir thought that even if he offended this greenhorn, it wouldn't be a big deal.

However, he did not manage to get away with things for too long. The next day, Gu Jinglian sent dozens of men to destroy his courtyard, razing it to the ground.

Gu Jinglian's methods were exceptionally ruthless. He completely destroyed every non-living thing to be found in the house. Following that, he proclaimed that he would break the man's arms and legs if the debt was not paid up within 3 days.

The young man was scared out of his wits. He quickly pooled together some money and returned it. The Gu family sent word that they had only returned the principal, and the interest had not been fully paid.

It had been a few years since the episode, and this pitiful young master was still trying to clear his debt!

The high interest loan accumulated and increased quickly. It turned from millions to tens of millions and then hundreds of millions of yuan. No matter what, they still owed a few million yuan.

Hence, the name Gu Jinglian left a deep impression on Song Jianjun!

He could not help but be on tenterhooks as he discussed with Jiang Qimeng whether they should transfer Song Zhengguo and Song Enya overseas for treatment.

Jiang Qimeng was not willing to do this, however.

No matter what, Song Zhengguo was a mayor. Could the Gu family be insolent to this extent and still get away?

Sending them overseas for treatment would only make them look pathetic in the eyes of others.

Things were already embarrassing enough for the Song family as it were.

Jiang Qimeng took Gu Jinglian's words as a mere threat. she didn't think that they ought to be taken seriously.

Unfortunately, before she could finish her words, Song Enya came out of the emergency room and the doctor provided her with an update of the woman's injuries. He said that she had sustained a severe concussion, multiple broken ribs, contusions in soft tissues, and a few traumatic spinal injuries. Right after this, men from the Gu family turned up at the hospital.

The moment they arrived at the hospital, they split up and started smashing the front desk. They went as far as to threaten to destroy the entire hospital, if Song Enya and Song Zhengguo were to remain there!

These people destroyed as they wished and showed no mercy.

Gu Jinglian had also made it known that the Song family would bear all the losses.

When this was happening, the director of the hospital was having a meeting in the city. Upon hearing that there was a situation in the hospital, he didn't think much of it until his subordinate informed him that the building was about to be destroyed. At this point he made a dash back to the hospital.

Just as he arrived at the hospital, he was stunned by the sight of the big gang of men at the entrance of the building!

Chapter 3016: Gu Jinglian's Methods (3)

People in black suits were gathered at the entrance of the hospital. Rows and rows of black sedans were parked along the major road, obstructing the traffic!

The pedestrians were baffled and at the same time, frightened, by the imposing formation at the entrance.

It has to be said that the members of the Gu family still maintained hooliganism in their ways of doing things. For the sake of their goals, they would stop at nothing and would not hesitate to worsen or blow up the situation if needed.

When the hospital director arrived at the hospital, a young leader of the Gu family came forward and pointed at his face, swearing that if the hospital did not drive the Song family out, they'd immediately thrash the hospital.

Call the police?

Would calling the police even work?

They'd probably thrash the police station too.

Along the road, the police was trying to maintain order, however they did not interfere with the Gu family's men – it was as though they didn't even see those men.

Helpless, the director ran to the special care unit and politely asked Jiang Qimeng to leave, and take her husband and daughter with her.

Jiang Qimeng could not believe this. Song Zhengguo and Song Enya were still in the process of receiving a blood transfusion, and their oxygen tubes had not even been removed. He was asking them to pack up and leave immediately?

That was too unreasonable!

Hence, the Song family members got into a conflict with the hospital staff. During the ten minutes of their argument, the Gu family's men had thrashed the emergency room.

The emergency room housed resuscitation equipment that cost millions. The hospital director could almost feel his own liver going into a spasm.

He was the director of the hospital, but this hospital was not his. He would be responsible for the loss of millions!

Seeing that the Gu family was taking this matter seriously, the hospital did not show any mercy and drove the Song family out of the hospital!

Song Zhengguo and Song Enya were lying on the trolley bed as they were being driven out of the room.

Song Enya had lost a lot of blood and urgently needed a blood transfusion. She was in critical condition. Song Jianjun had an idea and suggested that they went to the hospital in Jun District.

This hospital was backed by Jun District. No matter how powerful Gu Jinglian was, surely he wouldn't create trouble there!

Jiang Qimeng was anxious as well. She was desperate and could only resort to desperate measures. Hence, Song Jianjun tapped into his network, called for a car, and immediately had them taken to the hospital.

By the time they got to the hospital, it was night time. It didn't seem as though the Gu family's men would come knocking.

Jiang Qimeng, who was exhausted and in a sorry state, fell asleep on the chair in the ward.

Worried that something would go wrong again, Song Jianjun sent someone to guard the hospital and subsequently went home.

The night passed peacefully. Early the next morning, Gu Jinglian was informed that Song Jianjun had arranged for Jiang Qimeng and family to be transferred to this hospital. At once, the Gu family's men came knocking on their door again!

Bam!

The entire foyer was smashed beyond recognition by the men.

Jiang Qimeng was half-asleep when she heard a nurse running into the ward in a panic. Song Zhengguo and Song Enya were in the same ward. She walked over and removed the blood transfusion and IV needles without a word!

Jiang Qimeng had no idea what was going on. When she saw the nurse removing the needles, she rushed forward anxiously and questioned her.

The nurse said angrily, "There are men outside thrashing the hospital! I heard that the Gu family has sent their men here, demanding that we drive you out! Otherwise, they'll smash the entire hospital!"

"How dare he?!"

This hospital had a central Jun District background!

How dare he create trouble here?!

Has Gu Jinglian no fear!?

Has the Gu family's power grown to this extent?!

No way!

With Song Jianjun backing her up, Jiang Qimeng boldly said, "Have you any idea who this man lying on this bed is?!"

Chapter 3017: Gu Jinglian's Methods (4)

With Song Jianjun backing her up, Jiang Qimeng boldly said, "Have you any idea who this man lying on this bed is?!"

The nurse glanced at Song Zhengguo and snapped, "I know of course! The nameplate says 'Song Zhengguo'!"

"Do you know who arranged for us to stay in this hospital?"

"It's Chief Song."

"Since you know..."

"The hospital has already reported it to Chief Song. Chief was the one who instructed me to do this!" the nurse said confidently.

Jiang Qimeng turned ashen when she heard this. "What?!"

"We've already spoken to Chief Song on the phone! He's approved this decision!"

Pausing for a moment, the nurse said nervously, "Can you not make things difficult for us?! I heard that the hospital where you went for treatment yesterday was smashed by the Gu family. Several millions' worth of equipment had been destroyed! Everyone in the hospital is saying that you are jinxes. Wherever you go, the Gu family will cause trouble there. No hospital will dare to take you in anymore!"

Jiang Qimeng was stunned for a long time. When the nurse turned to continue with what she was doing, the other woman immediately stopped her. "My daughter is still in critical condition. She's still receiving blood transfusion. You can't remove it!"

"Since Chief Song has spoken, the hospital director can't possibly just stand by and watch as the hospital gets wrecked because of you!"

"The hospital is a place to save the dying and heal the injured. Are you able to just stand by and watch as people die then?!"

"We're talking about entirely different things!"

However, the nurse was a snob. With the hospital's support, she ignored Jiang Qimeng's protests and summoned a few male doctors. Together, they pushed the beds out of the hospital.

When the Gu family's men saw that the Song family had been driven out, they immediately retreated.

Jiang Qimeng was incensed. This Gu Jinglian was forcing her into a corner!

She called Song Jianjun, who helplessly said that he had no choice as well, but to send Song Zhengguo and Song Enya home.

Jiang Qimeng initially thought that Gu Jinglian would stop here.

However, she never expected that he was a person who knew no boundaries once he was angered. He wouldn't stop until there was blood shed.

This man had always repaid kindness tenfold and hatred a hundredfold!

If someone were to upset him, he'd definitely repay it a thousand times over!

Just as the car pulled up to the house and before Jiang Qimeng could even unload her husband and daughter, she spotted several cars parked along the entrance of the Song family's residence. Someone got out of one of the cars. Jiang Qimeng had met this person once before, over a meal. It was Shen Yanfei from the Beijing Discipline Inspection Commission Office.

Her mind went blank, and she immediately walked up and asked, "Director Shen, you..."

"Mrs. Song, I received an anonymous complaint of Director Song being involved in corruption and bribery. We're here to understand the situation!"

What's... going on?

He's here to raid the Song family residence?!

Jiang Qimeng let out an angry laughter and questioned, "Who filed the corruption and bribery complaint? Do you have evidence?!"

Shen Yanfei gave a superficial smile and replied in an emotionless tone, "The person who filed the complaint provided conclusive evidence. Otherwise, we wouldn't have mobilized so many people. Don't you think so? Haha!"

His tone was extremely icy, as if deliberately drawing a clear boundary between himself and the Song family!

Here was another person who was adding insult to injury!

This is the reality of this world!

When one is in power, one will be the moon among the stars, but when one falls from grace, even a stray dog will not give you a second glance!

Chapter 3018: Failure

Jiang Qimeng could not stop him at all. Shen Yanfei gave a brief order and his subordinates immediately understood what he meant. They entered the courtyard in a single file.

"Shen Yanfei!" Jiang Qimeng rushed forward and grabbed his arm, screaming at the top of her lungs, "You can't do this!"

Shen Yanfei said coldly, "Mrs. Song, please open the door and cooperate with our investigation!"

Jiang Qimeng was so angry that her lips quivered. With a livid expression, she said, "Zhengguo and Enya are seriously injured now. Shen Yanfei, to think that Zhengguo had taken such good care of you in the past and supported you in every aspect in your career! Now that you've achieved your meteoric rise, you're turning your back on us, aren't you?! Don't forget who you relied on to get where you are today! Now that you've finally arrived, you're being so ungrateful?"

Disregarding Jiang Qimeng's questions, Shen Yanfei's only response was to take on a more serious tone as he said, "I'm asking you to open the door, why are you talking about such irrelevant things?! Indeed, Mayor Song once supported me. However, since when had Mayor Song the authority to promote anyone as he wished?!"

Jiang Qimeng was at a loss for words. She had trapped herself!

She was so angry that she had not paid attention to her own words.

Shen Yanfei looked at her coldly and said expressionlessly, "Your words don't make sense. You're just trying to distract us from the investigation! Since you're so uncooperative, don't blame us for being rude!"

With that, he waved his hand and said to his subordinates, "Search the house thoroughly!"

"Roger!"

The subordinates immediately forced their way in.

They broke the lock on the sturdy door, and a group of people rushed in. Once they entered, they immediately started searching.

Jiang Qimeng wanted to rush in but was immediately restrained.

The Song family's villa was of a reasonable size.

She would not usually ask about Song Zhengguo's work matters, so she did not know everything about him. However, from what she knew, Song Enya had embezzled a portion of the public funds from Song Yunxi's account for artificial insemination. When the funds disappeared without a trace, Song Zhengguo became very nervous, so he tried to cover up the matter by embezzling another portion of the public funds into this account.

Hence, when Song Enya confessed that the money had been used for artificial insemination, Song Zhengguo was so hopping mad that he almost had a cerebral infarction.

Jiang Qimeng also remembered that there was a secret door in the basement that Song Zhengguo had never allowed her to get near.

On one occasion, she walked to the basement and accidentally pushed open the door. When she walked in, she realized that it was filled with huge safe boxes. Each safe had a password lock.

She had a vague idea of what was going on here. She and Song Zhengguo had a tacit understanding but it wasn't something they'd discuss aloud. She knew very well how the Song family attained their wealth!

Jiang Qimeng had always accepted it with no questions asked. She did not bother to think about the consequences if this matter should be exposed one day!

She could only stand at the door and watch as these people now busied themselves coming in and out of her house. Her thoughts were in a mess!

But of course she knew.

These were successive incidents, hence it was obvious to her who instructed this sudden search operation!

Gu Jinglian!

It was him again?!

Was this man not going to stop till he had them cornered?!

Chapter 3019: Calling Him Uncle

Was this man not going to stop till he had them cornered?!

And now, Song Jianjun seemed to be deliberately avoiding them as though he no longer cared. Song Zhengguo was comatose and Song Enya was in a critical condition. Who else was there that she could place her hopes on?!

There was no one else!

There was only complete despair!

The search lasted six hours. In the evening, the investigation came to an end. Whoever Shen Yanfei's subordinates were, they were able to comb through the smallest of detail.

One of them reported back that they had found a number of items and had already made a list for him to look through.

Shen Yanfei walked into the living room and saw the safes and some gold bars in the middle of the room.

His subordinate also reported that the mural on the wall could be moved, and moving it away would reveal a hidden door. The gold bars and cash were found behind this hidden door.

Some of the books in the bookcase had empty centers. There were bank passbooks and cards hidden in them. Further investigations showed that these accounts added up to a total of four or five hundred million dollars.

Several hundred millions!

Backend investigation carried out by the bank found that the money's origin was unknown. Part of the money had not been processed hence it was immediately frozen by the bank.

Over the years, Song Zhengguo had been transferring assets abroad, including several properties purchased in the United States. Two of them were in San Francisco, worth millions of dollars, and three were beachfront villas in Florida worth tens of millions of dollars.

There were also some miscellaneous items that had yet to be taken into account.

A representative from the court turned up and immediately transferred the assets and sealed the villas. Song Zhengguo and Song Enya were brought to the hospital by law enforcement officers and taken into custody.

Realizing that the situation was not looking good, Jiang Qimeng decided not to bother with Song Enya and Song Zhengguo anymore. When Shen Yanfei was not paying attention, she quickly hailed a taxi and left.

She found out the address of the Gu residence and found her way there. When she arrived at the gate, she frantically asked to be let in and begged to see Gu Jinglian.

The Gu family ignored her and did not let her in.

For the entire night, she knelt outside the Gu residence. She did not have anything to eat or drink, but waited to see Gu Jinglian.

When Butler Fu came to report this, Gu Jinglian was playing chess with Baby Chu in the study room.

After what had happened at Song Enya's wedding yesterday, Gu Jinglian managed to secure a better standing with the boy. Baby Chu knew that the man did this for him. Hence, after they got home, the

child was no longer so cold towards him. He kept interacting with the man, calling him 'uncle' all the time, and was rather affectionate towards him.

However, Gu Jinglian acted exceptionally aloof, pushing the boy away with a look of disdain.

Baby Chu did not mind, however, and stayed close to Gu Jinglian.

He felt that this uncle was a nice man. At least, he took care of him and even dealt with the evil guys who bullied him. He felt that the man provided very reliable support and the boy even started to fantasize that if he found his mother and arranged for them to be together, he...

He could then call this uncle "daddy"!

He'd have a father!

In reality, Baby Chu had already silently accepted the man. Only, he could not do this outwardly because he was afraid of upsetting his mother.

He had no idea if his mother would approve of the man!

Whatever the case, he would not acknowledge this man if Chu He would not accept him!

Chapter 3020: This Is Your Son

How would Gu Jinglian know what was going on in the child's mind? Although he felt awkward having the child calling him "uncle", he found himself accepting it when he looked at that chubby little face!

Baby Chu kept pestering him for a game of Gomoku, but Gu Jinglian simply had no patience.

The man felt that the game was just too childish. However, during this period of time, for some unknown reason, the kid had developed an obsession with this game after Butler Fu taught it to him!

However, after learning the moves of the game, he realized that it was really too simple!

Playing with Butler Fu, the man would lose at least four out of the five rounds of the game. The boy found it lacking in challenge!

Given the number of wins he had over Butler Fu, the little guy felt that there was nothing difficult about this game. He was now confident that he had extraordinary talent in this game of chess and was unparalleled under the heavens, so he wanted to challenge Gu Jinglian!

However, just in the first round, Baby Chu was defeated within ten moves.

What the little guy did not realize was that Butler Fu had always been giving in to him!

Butler Fu was in fact very good at Gomoku. To him, it was nothing.

And Gu Jinglian's chess skills were above his!

Even a highly ranked national chess player wouldn't get it easy from Gu Jinglian, let alone a novice like Baby Chu!

Gu Jinglian would never let him have it easy! He was a highly competitive man, and he would fight to win, whether it was a leisurely game or a serious competition. Even if the person playing chess with him was his own five-year-old son, Gu Jinglian would not give in.

In all of the five rounds, Baby Chu wasn't able to gain the slightest advantage, and he was completely defeated. His little mouth puckered up and he wrinkled his nose, seemingly on the verge of tears!

Butler Fu was terribly amused.

Although Gu Jinglian was a mature adult, he was extremely childish and willful in certain aspects, as could be observed when the father and son were playing!

Seeing that Baby Chu was almost in tears, Butler Fu couldn't bear it and whispered into Gu Jinglian's ear, "Old Master, please give in!"

Gu Jinglian asked impatiently, "Why should I?"

"You're an adult, why be so calculative with a child?! Baby Chu finally learned how to play the game, but now you've completely destroyed his confidence. That's too cruel!"

Gu Jinglian would only reply icily, "Who can he blame for being so stupid!?"

Butler Fu cleared his throat and said, "Ahem... Old Master, this is your son."

"..."

"He's got your genes."

"..."

Butler Fu continued with a reminder, "But if Baby Chu is taught properly, he might become smarter!"

Having overheard them, Baby Chu was aggrieved and said with his hands on his waist, "I'm not stupid!"

Gu Jinglian frowned and said, "Do you want to keep playing then?"

"I'm not playing anymore!"

Baby Chu seemed dejected as he pushed the chessboard away and said unhappily, "I'm not playing anymore! This game isn't fun!"

He was stupid, yet he blamed the game for not being fun!

Gu Jinglian despised the boy's attitude.

Indignant, Baby Chu thought to himself, if he couldn't defeat Gu Jinglian at Gomoku, what about the other games?!

He simply could not believe that the man would beat him at everything!

Baby Chu crossed his arms and thought hard. Suddenly, his eyes lit up as a thought struck him. He said to Gu Jinglian, "Let's play Aeroplane Chess!"

"I have no time. Scram."

Gu Jinglian spoke tersely with a stony expression.

Aeroplane Chess indeed!

The head of the Gu family, playing Aeroplane Chess with a five-year-old kid!?

If this got out, it would be a real joke.
