

Sweet Love 3231

Chapter 3231: Wedding Of The Century (16)

Mu Yazhe reached out and lightly touched the bridge of his nose, as though finding the situation a little tricky.

Qin Zhou, who was next to him, pushed him away. Jiang Shen and Lu Jinyu immediately came up to the door and started pounding on it.

“Open the door! Open up!”

“Bride, open the door!”

Youyou and Little Yichen hid the pair of red high heels, then came to the door. When they heard Mu Yazhe’s voice, they chuckled.

“Red packet! Red packet!”

Hearing their voices, Mu Yazhe thought to himself, the two little rascals!

What happened to the agreed collaboration!?

He turned around and ordered Qin Zhou, “Give them red packets.”

Qin Zhou quickly squatted down and stuffed red packets through the crack below the door.

Little Yichen said greedily, “Not enough, not enough! You want to flick us off with just these miserable red packets?”

Qin Zhou continued stuffing the red packets through the slit beneath the door, but the door remained shut.

Jiang Shen pitifully shouted, “Sister-in-law, take pity on Chief! He’s been tortured by his brother-in-law. He’s done a hundred push-ups and an equal number of sit-ups. He’s so tired that he’s about to collapse!”

Yun Shishi, who was sitting on the bed, covered her mouth and giggled when she heard this.

She had long expected that Xiao Jie would not let him off so easily!

How could she not know? Hence, she sent Xiao Xue and Mu Xi to plead for mercy. Xiao Jie only let Mu Yazhe off after she had spoken up.

However, there was still another barrier when they arrived at the boudoir!

Jun Mo asked through the door, “Groom, do you know the bride’s body measurements?”

A commotion broke out outside the door, and Yun Shishi instantly blushed.

At weddings, the bridesmaids guard the door to the boudoir. When the groom turns up to receive the bride, the bridesmaids will quiz him to make things a little difficult. The questions are not normally harsh, rather they are just for the sake of creating a fun atmosphere.

Mu Yazhe smiled and replied, "I do, but it's not convenient for me to reveal it."

"Is it really inconvenient to reveal or is it that you don't know?"

"Of course I know."

"Tsk tsk tsk!"

Xiao Xue commented, "Shishi, your husband really protects your interest."

"There are so many groomsmen outside the door; Chairman Mu definitely won't divulge the information," she added.

Jun Mo asked again, "Groom, the bride asks if you have anything to say to her?"

Yun Shishi immediately protested, "Jun Mo, I didn't say that."

"Shh!" Jun Mo gestured for her to keep quiet.

Mu Yazhe's gentle voice came from outside. "Shishi, I love you!"

Such a direct confession was undoubtedly bold and passionate for a man who had always been reserved!

Qin Zhou, however, was not satisfied and said, "Chairman Mu, if that's all you have to say. You won't get past this!"

He smiled. "I'm not done yet!"

Everyone held their breath.

Then, the man continued unhurriedly, "In the past, I only dared to say 'I like you' because the words 'I love you' were too foreign, too heavy-going. But from today onwards, I will tell you 'I love you' every day. I've never been good at expressing myself, and I've caused you to suffer many grievances! Along the way, we've experienced many ups and downs. Because of my personality, I'm always not good with words, and I don't know how to whisper sweet nothings. But, do you know? Every time I see you, my heart says 'I love you', whether you hear it or not."

Jun Mo and Xiao Xue looked at each other, touched by his confession.

Yun Shishi was also stunned and very touched. Her eyes reddened as she recalled snippets of their time together since the day they met. Scene after scene flashed before her eyes like a revolving lantern.

Chapter 3232: Wedding Of The Century (17)

Mu Yazhe continued, "I, Mu Yazhe, swear that I will protect you all my life, lest you drift away, lest you have no one to rely on. I will help you overcome all obstacles!"

Hearing this, Mu Xi wavered and said to Jun Mo, "Why don't we let the groom in? Don't make things too difficult for him."

"Alright."

Jun Mo then added, "However, we can't let her go so easily! Groom, why don't you sing a song for the bride?"

"Sing a song?"

Qin Zhou sized up Mu Yazhe and asked worriedly, "Chairman Mu, can you handle acapella?"

Mu Yazhe deliberated for a moment. Then, he tugged at his tie gently and started singing softly:

I want to sing to you

Take advantage of the time when you're young

Love to your heart's content while you're young

My greatest love

The journey is long, let us be together

I want to sing to you

Give me your innocent smile

We should have happiness

Times of clear skies

I want to sing to you

Move you with my passion

Time is worth remembering

Your blushing face

Who can replace you?

Love to your heart's content while you're young

My greatest love

The journey is long, let us be together

Yun Shishi sat on the bed and listened. Even through the door, she could hear his clear voice.

He sang very well. In the past, she had always wanted him to sing for her, but he seemed to be very unwilling and reserved, and would never sing.

Now, she finally had this opportunity to hear her fill!

The door slowly opened a crack. Jun Mo positioned herself behind the crack of the door and cleared her throat. "Groom, I'm sure you're keen to come in?"

Now that the door was opened, would Lu Jinyu and the rest give it a chance to shut again?

The men worked together to force open the door.

However, even so, they were still wary of the three bridesmaids behind the door, they didn't want anyone to get hurt.

Youyou exclaimed, "Daddy, congratulations on clearing the obstacle!"

Mu Yazhe was in no mood to pay attention to him. All his attention was on the bride sitting on the bed.

It was close to 9am. Sunlight streamed in from outside the window. Yun Shishi was sitting on the bed in a red dress. The golden edges of her dress seemed to glow with holy light!

Her makeup was exquisite, her eyes were like a painting. Although her lips were painted red, they were not overly bright. She looked especially charming.

Mu Yazhe could feel his body heating up!

However, he knew very well that this was not because Gong Jie had made him down two glasses of wine just before. It was because the woman before him was so beautiful and compelling!

Every outfit she wore was custom-made by a famous designer. Her long hair was tied into a bun, and sparsely adorned. A golden hairpin brought out the exquisiteness of her makeup.

Mu Yazhe was looking forward to seeing her in her wedding gown at the lawn wedding!

She would be beautiful, dazzlingly beautiful.

He slowly walked to her and knelt on one knee, offering the bouquet to her.

"Madam, I'm here."

Yun Shishi was both shy and nervous as she looked at the bouquet in his hands. Her fingers were intertwined due to her nervousness.

Mu Yazhe gently urged her again. "Madam, come with me."

Yun Shishi's gaze fell on him. He was dressed more formally and dashing today than she had ever seen him.

He was wearing a tailored suit that made him look tall and slender.

Chapter 3233: Wedding Of The Century (18)

He was wearing a tailored suit that made him look tall and slender.

His hair had been meticulously styled, and his handsome facial features made him look even more stunning!

Even though they were together every day and she would fall asleep embracing him every night, but perhaps today was such a special day, coupled with the man's formal dressing, he was more handsome than usual!

To the extent that her heartbeat seemed to have lost its rhythm.

On the side, Jun Mo carefully reminded her, "Shishi, take the bouquet? The groom has been on his knee for long enough."

Even the bridesmaids were moved by the affection in his eyes and could not bear to make things difficult for him.

Only then did Yun Shishi reach out and gently took over the bouquet. Before she could retract her hand, Mu Yazhe put his large palm over hers and held her hand firmly. He leaned forward slightly and hugged her shoulders.

Then he whispered into her ear, "Madam, you're so beautiful today!"

Yun Shishi felt her face burning again. She was so embarrassed that she was at a loss before the small crowd!

Youyou and Little Yichen, who were standing by the side, suddenly said, "Daddy, you can't take Mommy away just yet!"

"That's right, Daddy. You can't take Mommy away yet."

The group of people started to chuckle, being tickled by the two little guys.

The man was puzzled. "Why?"

"There! Look at Mommy's feet."

Yun Shishi stretched out her legs, revealing her bare feet. She looked up at him with a reddened face and reminded him, "Aren't you going to look for my shoes?"

He slapped his forehead and immediately said, "Groom, the bridesmaids have hidden the high heels. You have to find them within the time limit. Otherwise, you won't be able to take the bride away!"

Mu Xi said innocently, "We didn't hide it. The two little guys did it. We don't know where they hid it either!"

Mu Yazhe swept a glance at Youyou and Little Yichen, who feigned nonchalance as they raised their heads to look at him.

Damn.

The man suddenly had serious doubts that these two guys were his biological sons.

Not even a hint?

The man ordered, "Hurry up and find those shoes!"

At his command, Lu Jinyu and Jiang Shen immediately started to rummage through the drawers.

Qin Zhou, on the other hand, was very reserved. He did not act like a beast, unlike the other two. He leisurely opened the drawers one by one, checking if there were shoes in them.

However, it was not as simple as they had imagined.

The room was a suite. It was huge. They looked in the closet, under the bed, and could not locate the shoes.

After a while, everyone returned to the center of the room, puzzled!

The shoes were hidden by the two little guys. Who knew what the rascals were thinking and where they had hidden the shoes?

All the places with storage functions had been turned over. Nothing.

Mu Yazhe immediately asked, "Youyou, you must have hidden it. Where did you hide the shoes?"

"I'm not telling you."

The little guy was very smug, and he wasn't going to loosen his tongue so easily.

Mu Yazhe pursed his lips and immediately walked over. Squatting in front of Youyou, he pulled the boy into his embrace and said in a low voice, "Good boy, Youyou, can you bear to see Daddy panicking? Daddy finally passed your uncle's hurdle with great difficulty; can you bear to make things difficult for Daddy?"

"Why not?!" Youyou snorted. "If there's no challenge at all and you can walk away with the beauty so effortlessly, wouldn't life be too good to be true?"

Mu Yazhe held back his anger and kissed Youyou's tender cheeks. He tried to persuade the boy, "Youyou, be a good boy and tell Daddy, okay?"

Chapter 3234: Wedding Of The Century (19)

Youyou pushed him away in disdain. His heart softened a little but the next moment, he snorted and said smugly, "I can't tell you where it is, but I can give you a hint!"

"Alright."

How could this fellow be so clever? He actually knew how to keep people in suspense!

With his hands behind his back, Youyou walked over to the bed and cleared his throat. "The hint I'm giving you is—'It takes a hundred lifetimes of cultivation to end up on the same boat!'"

"It takes a hundred lifetimes of cultivation to end up on the same boat?!"

Everyone was stumped.

Baffled, Jiang Shen asked, "I don't see any boat here?"

"Or is it a toy or a model boat? Maybe these two little ones hid it in a toy or model!"

The groomsmen came up with ideas all at once.

Mu Yazhe deliberated for a moment before an idea struck him. He walked straight to the bed and lifted the pillow. As expected, a red high heel was hidden under the pillow!

As he held the high heel in his hand, everyone was suddenly enlightened!

Qin Zhou smacked his forehead and clicked his tongue. "Why didn't I think of that? Isn't the next line of this saying 'it takes a thousand lifetimes of cultivation to end up on the same bed'? So of course it would be hidden under the pillow!"

At once, everyone was enlightened, they could not help but marvel at Youyou's meticulous thinking!

Generally, people would choose a random corner to hide a pair of wedding shoes. Hence, when they searched, they would specially look in corners and neglect the most obvious place!

This Youyou though, put real knowledge and wisdom into a simple act of hiding a shoe!

This "taking a thousand lifetimes of cultivation to end up on the same bed" was very meaningful indeed!

Mu Xi could not help but exclaim, "Youyou is so amazing; I didn't expect him to be hiding the shoes here!"

Jun Mo asked curiously, "Where's the other shoe?"

Youyou immediately clarified, "Little Yichen hid the other one, not me!"

Mu Yazhe then turned to look at Little Yichen, who had a smug look on his face, as if he was waiting for a certain man to fawn over him!

"Daddy, do you want to know where the other one is?"

Little Yichen blinked mysteriously, trying to make himself look unfathomable.

Mu Yazhe walked over and held his chubby little hand. "Yichen, you just received so many red packets from Daddy, so you must help Daddy."

"Say something nice!"

Little Yichen's request was not too much, and Mu Yazhe naturally would be able to satisfy the child!

He gently pinched his cheek and coaxed, "Daddy loves Little Yichen the most!"

Youyou was a little unhappy to hear this. He snorted, "I'm of no value now! That's why Daddy is sweeping me aside, given I outlived my usefulness. Daddy loves Little Yichen the most, so what about me?"

Everyone burst into laughter.

Mu Yazhe could not keep up with placating the two little guys who were vying for favor. But eventually, Little Yichen made a request for Mu Yazhe to carry his mommy while doing a squat.

Whoa!

Awesome.

Wasn't the boy obviously making things difficult for him?

Fortunately, Yun Shishi had recovered well after childbirth. Her figure had indeed gone a little out of shape from the pregnancy after her period of confinement. However, she persisted in training and in the end managed to lose all the weight she had put on.

But no matter how skinny she was, she still had some weight!

However, in order to locate the other wedding shoe, Mu Yazhe naturally complied.

Chapter 3235: Wedding Of The Century (20)

However, in order to locate the other wedding shoe, Mu Yazhe naturally complied.

Hence, he scooped her up in his arms and did ten standard squats.

Even so, this intrepid man completed the task perfectly.

Only then did Little Yichen run to the back of the door to retrieve the shoe he'd hidden in the corner behind it. He handed them over to his father.

Hua Jin, who was standing at the side, said, "This is rascally! It's not counted! It wasn't the groom who found it!"

Little Yichen put his hands on his hips. "Why would it not be counted? I'm the son of the groom. If I find it, then it's the same as Daddy finding it!"

"Alright, alright, fine!"

Hua Jin suppressed his laughter and nodded.

Mu Yazhe walked towards the bed with the pair of wedding shoes in his hand and knelt on one knee. The wedding shoes were a beautiful red color with high heels and lace embellishments.

He said gently, "Madam, I'll put on your shoes for you."

Yun Shishi looked at him, and he returned her gaze. His beautiful eyes were like the vast universe, deep and mesmerizing.

She remembered reading the fairy tale "Cinderella". The prince knelt in front of Cinderella and carefully put on her crystal shoes.

In the past, when she was pregnant, she could only wear sneakers. When she went out for walks, her shoelaces would occasionally come undone. He would patiently squat down and do up her shoelaces for her.

But now, as he held up the shoes and was about to put them on for her before all these people who were watching them, she turned scarlet from shyness.

Her cheeks, which had been brushed with rouge, now seemed an even brighter shade of red.

She shyly lifted her skirt and slowly stretched out a bare foot.

He reached out and took her tiny foot with one hand, gently slipping the high heel that symbolized happiness and nobility onto her foot.

“Madam, come with me!”

Everyone cheered excitedly at this scene.

Mu Xi immediately scattered the flower petals on this happy couple. Mu Yazhe held her hand and kissed her passionately. Standing next to them, although Youyou and Little Yichen covered their eyes shyly, they could not help but peek through their fingers!

Mu Yazhe scooped her up in his arms. Gong Jie made things difficult for him and blocked the elevator’s entrance, asking him to carry her down the stairs and then personally carry her into the wedding car.

Slightly amused, Yun Shishi spoke up, “Xiao Jie, you can stop making things difficult for your brother-in-law already, right?”

Gong Jie raised his head haughtily and insisted, “One doesn’t marry my sister this easily!”

Yun Shishi wanted to say something else, but Mu Yazhe beat her to it. “That’s fine, I would like to carry her for a little while more anyway.”

He looked down at her as he tightened his arms around her, treading carefully as he carried her down the stairs.

She was a little worried. After all, the stairs were three stories high and they had to walk through the garden after that. And after all, he had perform such intense exercises earlier on – push-ups, sit-ups, squats... She was worried that he’d be exhausted.

“Can you... take it?”

Mu Yazhe lowered his head and took a deep look at her. There was a hint of ambiguity in his eyes as he smiled and said, “Don’t worry. I still have lots of energy saved up for our wedding night!”

Her face turned a deep red when he said this.

Why was this man still saying such indecent things now?!

She was angry and amused at the same time. Mu Yazhe lowered his head and planted a kiss on her cheeks when he saw how flushed she was.

The groomsmen following behind could not stand it any longer. They could not stand the public display of affection!

Chapter 3236: Wedding Of The Century (21)

The groomsmen following behind could not stand it any longer. They could not stand the public display of affection!

"I say, you newlyweds, enough is enough! Spare a thought for us!"

"Exactly! What possessed me to agree to being Chief's best man?"

"I can't take it anymore, I can't take it anymore..."

Qin Zhou muttered painfully, "Just looking at them makes me want to get myself a wife too."

His remark drew agreement from the two other singles, Jiang Shen and Lu Jinyu.

"Single dogs are still dogs. Boss, please be merciful and stop torturing dogs!"

"You have to cherish little animals!"

Yun Shishi was embarrassed by their exchange and shyly buried her face into the man's chest.

Mu Yazhe's lips curled into a smile. When he turned around, his expression was extremely serious. "You guys should know when to stop."

The group of them immediately shut up.

He carried her down the stairs and on exiting the stairwell, found that it was crowded with people.

Yun Yecheng was waiting by the door in a wheelchair pushed by Min Yu. When he saw Yun Shishi being carried out by Mu Yazhe, he was genuinely touched and could not help but shed tears of excitement!

Min Yu immediately took out a handkerchief and gently dried his tears.

Yun Yecheng lamented, "I have no regrets in my life now that I've seen Shishi happily walking down the aisle!"

The assistant nodded and patted his shoulder reassuringly.

"Uncle, today is your daughter's big day. You really must not cry!"

Yun Yecheng quickly nodded. He held back his tears and looked at her with tears in his eyes.

Zhang Wansan and his wife were here to give their heartfelt blessings. They congratulated Mu Yazhe as he walked out with Yun Shishi in his arms!

The boy who bullied Youyou the other day was also there, but this time, he came with gratitude!

That night, on returning home, Yun Shishi's gentle face appeared in his mind when he closed his eyes to sleep!

Perhaps, Yun Shishi's kindness had completely changed Zhang Wansan's family. Hence, they were grateful and gave their blessings to the marriage!

Yun Shishi blushed when she saw so many people surrounding her. "There are so many people here. You'd better put me back down!"

"That's not necessary!"

"But..."

Yun Shishi looked around shyly. She felt a little embarrassed to see so many people looking at them in awe!

Mu Yazhe said, "Just ignore them!"

From the entrance of the villa to the main gateway, a long red carpet was laid out. However, this red carpet was somewhat special. It was covered with rose petals. From afar, it looked as though it led to the Garden of Eden!

A gentle breeze was blowing, and a thick layer of flower petals fluttered just above the carpet, in the wind. At a glance, it was as if they were in a sea of flowers, romantic and beautiful!

This gave her quite a surprise!

The petals were not there yesterday!

Mu Yazhe must have organized the red carpet and flower petals in the morning!

No wonder Xiao Xue couldn't hide her surprise walking in, remarking that she was especially looking forward to this wedding!

She must have seen this romantic setup and was looking forward to it!

The rose petals were all genuine. It was a huge expense, having to spread them from the home entrance to the grand entrance!

He had spent a significant amount on this wedding, and although her heart ached, she was touched.

Previously, she had said that the wedding shouldn't be too grand. As long as he was around, she would feel extremely blessed!

Chapter 3237: Wedding Of The Century (22)

However, he said that the wedding was a once-in-a-lifetime event, it was not to show off but to give them memories of a lifetime!

The entire wedding would be recorded, and he would preserve this recording. After the vicissitudes of time, when they would be old and gray one day, they would definitely have something to remember when they looked at these beautiful scenes together!

At that point, he would tell her that he had spent his entire life fulfilling the vow he made at the wedding!

He carried her to the grand entrance where the convoy was quietly waiting for the happiest couple in the world.

The driver opened the car door. Mu Yazhe carefully lifted the hem of her gown and helped her into the backseat.

She shyly gripped his hand and rolled up the car window slowly under everyone's envious gazes.

Only then did she relax a little. She leaned her head on his shoulder and put her hand over the spot where her heart was. It was pounding.

He looked down at her. "What's wrong?"

"Nothing! I'm... a little nervous. Do we need to welcome the guests later?"

"I'll take care of welcoming the guests."

"But..."

He knew that she was nervous, so he gave her a comforting kiss and said gently, "Madam, don't be nervous. This is a wedding, not an execution ground, okay?"

She nodded.

The wedding venue was set at the villa at Yun Shan Shi Yi.

The huge resort was cordoned off within a five-kilometer radius, by Mu Yazhe's men. As the guests were people of significant status, the security measures were strictly enforced!

No matter the status of the person, only those with a verified invitation could enter the wedding venue!

The stretch Rolls-Royce was parked at the entrance of the venue. Mu Yazhe took her hand as he helped her out of the car. The stylists waiting at the venue immediately came up to them and said to Yun Shishi, "Bride, come with us to change into your wedding gown!"

Yun Shishi's eyelashes fluttered as she recalled that one of the items on the program was a lawn wedding ceremony.

She was so nervous that she had forgotten.

She turned around and exchanged glances with Mu Yazhe, who signaled for her to follow them. She then left with the stylists.

The guests were welcomed in an orderly manner.

They streamed into the venue one after another. Soon, Gong Jie arrived after the motorcade and helped Mu Yazhe with getting the event organized.

After changing into her wedding gown, Yun Shishi's hair and makeup were adjusted. Then she waited patiently for the wedding ceremony to begin.

The flower girl and pageboy also arrived at the venue.

As her wedding gown had a long train, she needed two wedding attendants to hold it up.

When she saw the two children, she was a little surprised!

They were a pair of little girl and a young boy with blond hair and blue eyes!

The cute little boy was in a suit, a pair of suspenders, and a bow tie. He looked like a little gentleman, while the little loli wore a fluffy princess dress that was whiter than snow, and a floral crown that made her look like a flower fairy.

The loli was the younger sister, while the little boy was the older brother.

It was said that this pair of twins were children to M Nation's premier, Roger Aldton. He had a good relationship with Mu Yazhe, so when he found out that the man was getting married, he volunteered to send his children over as the wedding attendants!

Mu Yazhe naturally agreed readily!

However, perhaps it was because she was in a foreign country, this little loli seemed to be feeling a little out of place. She looked timid, especially when she saw Yun Shishi. She was so shy that she kept hiding behind her brother.

Chapter 3238: Wedding Of The Century (23)

Youyou and Little Yichen arrived at the dressing room. When they saw the two wedding attendants, they noticed that the little loli looked like she was on the verge of tears, appearing most pitiful.

Yun Shishi immediately pulled the little loli towards herself and asked in fluent English, "What's your name?"

When the little loli realized that Yun Shishi spoke English, she immediately felt a familiarity. She opened her mouth timidly and said in a childish voice, "Shany."

"Shany? What a lovely name."

The little loli even replied politely, "Thank you."

She suddenly turned around and stared curiously at Little Yichen. Seeing that she was staring at Little Yichen, Youyou immediately reached out and tugged at the corner of his shirt. "She's looking at you!"

Out of curiosity, Little Yichen followed his line of sight and turned to look at the little loli, only to see her blushing and hiding in Yun Shishi's embrace. Her long eyelashes flickered, making her look as beautiful as a fairy!

She seemed shy!

The blonde-haired, green-eyed boy, on the other hand, stood by the side and laughed like a silver bell. He pointed at Shany and said, "Shany, don't be afraid. I'll protect you!"

Yun Shishi looked at the boy and asked gently, "What's your name?"

"My name is Angelo!"

Little Yichen suddenly hooked his arm around Youyou's shoulder and asked curiously, "Mommy, why don't you let Youyou and I be your pageboys?"

"For a pair of wedding attendants, you'll need a girl and a boy," Youyou reasoned. "Too bad our little sister's only six months old."

Little Yichen turned around and looked worriedly at the two children. They looked to be about four or five years old. He wondered if they would cause any trouble given their young age.

There was once he attended a prime minister's wedding with Mu Yazhe. The bride was also led in by two wedding attendants. The boy held a pillow bearing the ring while the girl carried the bride's train.

A wedding ring pillow was an important part of a western wedding ceremony.

The rings would be secured onto the pillow and the pageboy would pass them to the newlyweds. Then, the newlyweds would exchange the ring.

However, upon entering the venue, perhaps because there were so many guests, the little girl became a little nervous. She accidentally stepped on the hem of the wedding dress and fell to the ground.

Before she could cry, the little boy at the side saw her tripping and falling to the ground. Shocked, the boy clutched the pillow in his hands and started wailing.

Everyone burst into laughter. On one hand, they found the two little wedding attendants interesting, on the other hand, they were rather amused though exasperated that for an important occasion such as this, the two children were so uncooperative.

The parents quickly went forward to console him, but the little boy would not stop crying at all. A group of adults surrounded him, and even the groom hugged him and comforted him. Finally, the little boy rubbed his eyes and stopped crying. When the wedding ceremony was about to continue, the little girl shouted for her mother again. She actually staggered to the priest and sat in front of him before bursting into tears!

As she cried, she used the hem of her dress to wipe away her tears. She cried so hard, like it was the end of the world.

Her desperate cries echoed throughout the venue.

The scene turned chaotic immediately.

It was only later on when the adults had no choice but to carry the two little guys off the stage that the wedding could proceed.

Little Yichen's worries were not unfounded.

After all, the environment here was too unfamiliar to these two kids. They were in a foreign country and there were so many people present. What if they got stage fright and spoiled things?

Chapter 3239: Wedding Of The Century (24)

Just as Little Yichen was in a conundrum, the emcee came to the dressing room and told Yun Shishi, "The ceremony has already begun!"

Yun Shishi was at once nerve-wracked. The emcee then left for the venue, taking the two little wedding attendants with him. Youyou saw that she was still sitting and looking uneasy. He could not help feeling a little exasperated as he walked up to her and said, "Mommy, why are you still standing there in a daze? The ceremony is about to start! You can't keep Daddy waiting!"

"I..."

Clenching her fists, she told him, "I... I'm a little nervous..."

Youyou's lips curled into a helpless smile when he heard that. He stepped forward and gave her a gentle hug.

"Youyou is nervous, too, but there's more anticipation than nervousness!"

He had already adjusted his own state of mind. From how he used to reject the idea, to his current acceptance and even anticipation.

Because Daddy had transformed into a real man, a man who knew how to love and who was very responsible.

If he were to entrust his mommy to such a man, she would definitely have a lifetime of happiness!

Yun Shishi slowly got onto her feet. Youyou and Little Yichen hurriedly got behind her and held up the wedding gown's hem for her.

When they arrived at the venue, the emcee was interacting with the groom and the guests. The atmosphere was relaxed.

Mu Yazhe had his back to the backstage area and was facing the arch of flowers. The emcee said to the guests, "Now, let's welcome the bride with a round of applause, shall we?"

The guests naturally applauded.

Mu Yazhe held the bouquet with his back facing Yun Shishi. Just as Yun Shishi was about to walk forward, she saw Gong Jie suddenly stop her. He shushed her and then tiptoed behind Mu Yazhe.

The guests held back their laughter. Yun Shishi was also amused by Gong Jie as she covered her mouth and giggled.

Standing behind Mu Yazhe, Gong Jie deliberately lowered his stance and gently wrapped his arms around his waist. His cute and helpless look was truly amusing.

The emcee continued in a serious tone, "Now will the groom please turn around and face the bride."

Mu Yazhe was actually a little nervous. He slowly turned around, only to meet with Gong Jie's handsome face, magnified by the close distance. He was so shocked that he took half a step back in disgust, as though avoiding a plague.

"What are you doing here?!"

Gong Jie burst out laughing and said in disdain, "Why can't I be here?"

"..."

Initially, he was full of anticipation for the beautiful bride. He could even imagine Yun Shishi standing behind him in the pure and resplendent wedding gown. However, when he turned around and saw a man standing behind him, especially his arch-enemy, Gong Jie, his heart almost had a seizure!

The guests laughed kindly.

Mu Yazhe glared coldly at Gong Jie. "Get lost."

Gong Jie snorted coldly and skipped off the stage.

The emcee immediately said, "Looks like the groom isn't sincere enough for the bride to want to make an appearance. Give the groom another chance. Now, please turn your back and wait for the bride."

Mu Yazhe turned around and glared meaningfully at the emcee. Clearly, he was expressing his displeasure at that joke earlier!

Yuyou told his mother softly, "Mommy, it's your turn!"

Yun Shishi nodded and slowly walked forward. The two little wedding attendants immediately ran over. The little loli held up her train while the little boy bore the ring pillow and walked beside her, as they slowly made their way towards the groom.

She came to a halt when she was three steps away from him.

Chapter 3240: Wedding Of The Century (25)

Mu Yazhe heard the commotion behind him. Before the emcee could say anything, he turned around. However, despite his preparations, he was still stunned when he saw Yun Shishi!

He had also attended some weddings in the past, where some grooms would usually be so emotional when they saw their bride standing before them in a wedding dress, that their eyes would tear up.

A man does not cry easily. However, a moment like this, when the woman he loves appears before him in the purest and most resplendent wedding dress, his heart would surge with emotions. Sometimes these emotions are fierce and uncontrollable!

Mu Yazhe stared blankly at the person in front of him. As the sunlight fell on her, her clean and pure wedding dress seemed to be bathed in a glow of holy light, dazzling him!

The wedding gown was a strapless design that revealed her beautiful shoulders, neckline, and collarbone. There was a pink diamond necklace around her neck. He had personally put it on for her on their first date and she had kept it on ever since.

Initially, the stylist wanted her to wear a sparkling diamond necklace, but she favored this special necklace and it was surprisingly compatible with the wedding gown.

The wedding dress was designed by a famous designer and was tailored to fit her. It was tapered at her waist to show off her exquisite figure. White satin roses decorated the top edge of her tube bodice, perfectly covering her cleavage, making her look noble and elegant.

Her jet black hair was tied back in a beautiful bun, and a few strands of loose hair hung by her ears to frame her face, making her look even more charming!

Her makeup was different from when Mu Yazhe had turned up to receive her in the morning. Her face was so exquisite that it seemed to glow.

Her delicate eyebrows were like the clouds in the distant mountains, and her black eyelashes were long and curled. Without a need for heavy eye makeup, her eyes were already as beautiful as a painting!

Her nose bridge was naturally high without the need for any highlight.

Unlike the heavy makeup of many brides, her makeup was very clean. Her natural beauty had been meticulously enhanced to make her look like an immortal!

This was particularly so for her picturesque eyes. They were like a pair of obsidians. When she looked down, they sparkled even though there was a thin veil over them. It added to her mysterious beauty!

He looked at her and could not help feeling a little uneasy. He almost feared stepping forward lest it disturbed this vision of beauty.

She smiled faintly as she looked at him. She had fantasized about her wedding countless times, but the real one was even more dreamy than she had imagined, even though this was not something that she gave too much thought to earlier.

After all, as far as she knew, he was the only man in her life. Even without the wedding to prove it, such a fact would not change.

Still...

When she stood in front of him in her wedding dress, she felt completely different!

It is said that a woman has to wear a wedding dress once in her life, to be considered a complete woman.

For Mu Yazhe, this was a completely new experience!

He had imagined this scene countless times, but none of his fantasies were more impactful than what he was witnessing with his own eyes!

He was so touched that he felt like his heart was about to overflow!

He smiled, but he also felt the stinging in his eyes. It was probably because in the midst of all these emotions, he recalled the storms he had weathered along the way, especially the time when she was pregnant with Yueyao. It had not been an easy journey to have come to this point, and this was something that only they would understand deep in their hearts!
