

Sweet Love 3311

Chapter 3311: Sudden Changes (52)

While Youyou was cooking noodles, Yun Shishi sneaked into the nursery to peek at Xiao Yueyao. As expected, she saw the child sleeping soundly in the crib!

She had her thumb in her mouth as she slept soundly.

Yun Shishi carefully removed her finger from her mouth. When Yueyao opened her mouth, a soft bubble burst with a loud pop!

She found it extremely curious. With a light poke of her finger, the bubble in her mouth burst just like that. Yueyao unconsciously put her finger back into her mouth again, and continued sucking on it.

Yun Shishi left it as it was and got up to leave the room quietly.

After having some food, which did not exactly count as lunch, Yun Shishi headed into the cloakroom to pick out an outfit. When Mu Xi arrived in the afternoon, Yun Shishi had already prepared everything. She handed Mu Xi the gift box containing the necklace and said, "Take a look."

Mu Xi took the box from her curiously and opened it. Her eyes fell on the beautiful necklace inside.

"This is..."

"This is my contribution to the auction tonight, at the charity party."

As she said this, she showed how heartbroken she was by placing her hand on her chest and saying, "To be honest, I can't bear to part with it! Sigh, I quite like this necklace! Isn't it a pity to just auction it off like that?"

Mu Xi's lips quivered. She looked up at Yun Shishi and opened her mouth to say something, but no words came out.

Yun Shishi kept staring at the necklace, looking extremely reluctant to part with it, hence she did not notice Mu Xi's expression.

Mu Xi helped her put on her makeup and change into a simple dress. This dress was custom-made by a famous brand name, but it was not considered an evening gown. It was in a typical socialite style.

For a charity gala, she didn't have to be dressed to the nines and to look more beautiful than all the others, she just needed to look mature and presentable.

After all, it was not an award ceremony, where it was about glory and dignity. The purpose of this event was charity, it wasn't a beauty contest.

Mu Xi had been looking troubled throughout this time, and Yun Shishi had noticed this for a while. Ever since she arrived in the afternoon, she had seemed distracted. It looked as though she wanted to say something, but she also looked hesitant.

She asked suspiciously, "Mu Xi, what's wrong with you?"

"Huh?"

"I can see you're distracted. You seem to have something on your mind."

Yun Shishi summoned her to sit on the sofa. Mu Xi hesitated for a long time before she finally dawdled over to sit beside her. However, she looked restless. The room was air-conditioned, but there was a sprinkling of perspiration across her forehead. Yun Shishi thought that she could be feeling unwell.

"Are you feeling ill?"

"No... no..." She frantically waved her hands to explain, but her words were incoherent.

Yun Shishi laughed. "Mu Xi, if you're feeling unwell, you don't have to specially accompany me. Go home early and take a rest."

She was genuinely concerned.

She was really concerned about her and worried that the girl might be sick and still insisted on being fine.

Mu Xi was especially upset when she heard that. She looked up at Yun Shishi's sincere expression and suddenly felt disgusted with herself!

Yun Shishi treated her so well, yet she actually... used her...

Mu Xi clutched the corner of her shirt tightly. Her eyes were red and her lips were trembling, but she held back her tears.

Oh, no!

Should she come clean?

She was extremely conflicted. She felt that no matter what decision she made, it seemed wrong!

Chapter 3312: Sudden Changes (53)

She was extremely conflicted. She felt that no matter what decision she made, it seemed wrong!

She really did not want to harm her!

But...

But...

If she did not do this, she had no other way to save her parents.

However, as much as her parents' lives were important, wasn't Yun Shishi's?

What if she got into a dangerous situation?

Who knew what that man would do to her!

She was in such a blissful place in life, with three adorable children and a husband who loved her deeply. Was she going to ruin this happiness?!

But what else could she do?

What else could she do?!

She really could not watch her own parents die! She could not!

She suddenly felt torn apart. She desperately wanted to save her father and mother, but she began to hesitate. Was her decision right or wrong?

If Shishi came to any harm because of her selfishness, she would certainly suffer retribution and die a horrible death!

At once, Mu Xi was at a loss. She covered her face with her hands in despair as tears seeped from between her fingers.

When Yun Shishi saw this, she immediately became anxious. She took Mu Xi's wrists and moved her hands away, revealing the pair of bloodshot eyes beneath.

"What's the matter?"

She quickly took out a wet towel and carefully wiped the girl's tears. She asked with great concern, "Mu Xi, why are you crying? Did something happen?"

Mu Xi looked at her with reddened eyes. The more concerned she was, the greater the guilt and uneasiness she felt!

She bit down on her lip hard, wanting to tell her the truth. "Shishi, my father..."

However, just as those words came out of her mouth, she stopped.

She suddenly recalled that man's threat. If she told Yun Shishi the truth, her father wouldn't live!

Mom will die too...

Mu Xi hesitated again as she stared at Yun Shishi. Her lips opened and closed a few times, but for a long time, she was unable to utter a single word.

When Yun Shishi saw her anxious expression, she misunderstood the girl. "What's wrong? What has happened to your father?"

"He..."

"Is he sick?"

Startled, Mu Xi abruptly turned her face away, closed her eyes, and slowly nodded her head. In a hoarse voice, she said, "Yes..."

Hearing this, Yun Shishi laughed. "So it's because of this? Why didn't you tell me earlier?"

She took her wallet from the side. As she rummaged through her wallet, she asked, "When did this happen? What illness does your father have? Is it serious?"

Mu Xi nodded with difficulty. "Yes... it's a little serious."

“You need money for medical fees, is that right? You’ve been looking unwell these days. You must be worried.”

Yun Shishi suddenly took out a bank card and handed it to her. “There’s some money in this card. If you don’t mind, just use it for emergencies!”

Her assistant’s gaze fell on the bank card as her tears rolled down her cheeks and her lips trembled.

“No, I can’t take it...”

How could she accept it!?

In what ways did she deserve it!?

Mu Xi shook her head. “I can’t...”

“There’s no need to stand on ceremony...”

Yun Shishi took her wrist and stuffed the card into her hand without a word. She said in a commanding tone, “Use it to get your father treated first. If it’s not enough, I have more here. If you really feel bad, you can write a loan slip and return the money when you’ve earned it in the future. Okay?”

Chapter 3313: Sudden Changes (54)

“I... I can’t...”

Mu Xi rejected the card and hurriedly shook her head. “Shishi, I can’t take your money!”

“Why are you standing on ceremony with me? Just treat it as a loan.”

“My dad...”

Mu Xi clenched her teeth and hesitated for a long while. Ultimately, she did not have the courage to tell the whole truth. Instead, she said with difficulty, “My dad is fine...”

“But I notice you have been looking unwell in the recent days.”

Yun Shishi smiled. “If there’s something upsetting you, feel free to tell me.”

“...”

The assistant panicked and quickly stood up. She stammered, “I... I need to go to the washroom.”

“Sure...”

Yun Shishi watched in a daze as the girl suddenly got onto her feet and rushed into the washroom, seemingly in a confused state of mind.

Mu Xi rushed into the washroom and locked the door behind her. supporting her weight against the countertop, tears streamed down her face. She bit her lips tightly and covered her mouth uneasily. She noticed how bloodshot her eyes were when she looked into the mirror.

Youyou walked over and saw Yun Shishi sitting on the sofa. She was all dressed up and had light makeup on. He asked curiously, "Mommy, are you going out today?"

"Yes. Didn't I tell you that there's a charity banquet tonight?"

The young lad tilted his head curiously and looked puzzled. "Are you going alone?"

She replied, "Mu Xi is accompanying me."

Youyou frowned but did not say anything.

There was actually no need to attend charity banquets. Most charity banquets were only charity in name, but behind the scenes, they were indecent banquets.

These banquets were attended by many powerful entrepreneurs, hence, many female celebrities would often use charity banquets as an excuse to socialize with the big shots of the business world, to look for sugar daddies.

If they could get close to a financial backer, it would mean a meteoric rise.

There were also quite a number of entertainment companies that would try to push their artistes to these events with the aim of broadening their network.

Outwardly, these entrepreneurs might appear to be doing charity – this would help them to establish a positive public image. But behind the scenes, these galas were opportunities for them to seek out women. It was the best of both worlds.

However, with Mu Xi by her side, she believed that nothing would go wrong.

Youyou asked, "What time is Mommy coming home?"

"I'll head home immediately after the gala ends."

Just as she had said this, Mu Xi returned from the washroom. She smiled at Yun Shishi and said, "Shishi, the car is waiting for us. Let's go!"

Yun Shishi nodded and replied, "Give me a moment. I'll go get the necklace."

"..." Mu Xi was stunned for a moment before nodding her head unnaturally.

When Yun Shishi came out with the jewelry box, she saw Mu Xi standing at the door, nervously biting her nails and frowning. "Mu Xi, what's wrong?"

"I... I'm worried we'd be late."

"Didn't you say 8pm?"

"I thought we might go earlier so that we'll not run late."

With that, she held Yun Shishi's hand and said, "Let's go!"

Yun Shishi did not dwell on it. Nodding, she followed Mu Xi to the villa entrance. She looked around but did not see the waiting car. Curious, she asked, "Where's the car?"

“The car is parked at Cross Road.”

“That far away?”

Cross Road was a kilometer away from where they were. Why was the car parked so far away?

What Yun Shishi didn't know, was that this was because Xiangti Walk was heavily monitored by surveillance cameras, the car was parked in a remote area to avoid being seen.

Chapter 3314: Sudden Changes (55)

What Yun Shishi didn't know, was that this was because Xiangti Walk was heavily monitored by surveillance cameras, the car was parked in a remote area to avoid being seen.

Mu Xi explained, “This place is heavily guarded. No parking is allowed at the entrance.”

She quickly continued, “Shishi, let's go or we'll be late.”

Yun Shishi gradually developed some doubts, but it was Mu Xi, and she trusted the girl implicitly, so she pushed all doubts aside.

On the way there, the girl was rather silent. Yun Shishi was even more puzzled when she noticed that the girl was perspiring profusely and her hands were shaking.

“Mu Xi.”

“Uh huh?”

“You know what? You're acting weird today.”

The assistant laughed dryly. “Weird? How so?”

“I can see from your expression that you're distracted. Your hands are shaking, as though you're feeling guilty about something.”

Yun Shishi came straight to the point.

Mu Xi's heart skipped a beat.

Having noticed these things, Yun Shishi was even more convinced of her judgment. “Mu Xi, you're hiding something from me.”

Mu Xi, who was already feeling guilty, felt her heart pounding at Yun Shishi's remark. She turned her face away in avoidance. “Shishi, what are you talking about? What can I hide from you?”

“I wouldn't be so curious if I knew.”

Suddenly, Yun Shishi asked, “Mu Xi, did something happen to you that you're too embarrassed to say?”

“No...”

“I thought I should be someone you can most confidently trust.”

After a pause, she said slowly, "But, you rarely talk to me when you run into any difficulties. Is it because you don't think I'm trustworthy?"

"Of course not!" Mu Xi retorted. "Shishi, don't let your imagination run wild."

"Mu Xi, I really want to help you."

Yun Shishi smiled. "You know, I trust you a lot, so I want to be the person you trust too. Okay?"

Mu Xi stared at her in a daze. Looking into Yun Shishi's gentle eyes, her heart wavered!

She clenched her fists tightly, her entire body trembling.

From not too far away, a black sedan slowly approached them.

Mu Xi heard the sound of a car engine and turned around to look at the license plate. When she realized that the person was here, her eyes darkened!

Yun Shishi turned around to look at the car and asked curiously, "Is it our car?"

The assistant kept silent.

The car pulled to a stop beside Yun Shishi. The door opened and two men in black suits alighted.

She retreated in surprise.

She was rather taken aback not because of the sudden appearance of the car, but because the two men had a cold, murderous aura!

It was as if they had come with ill intentions!

The two men walked up to Yun Shishi and said coldly, "Get in."

His cold tone alarmed her. She took a few steps back and looked at Mu Xi, only to see the girl suddenly turn around to mouth something silently!

Run...

Run...

She looked extremely nervous and was now sweating profusely.

Yun Shishi frowned but did not get it.

"Mu Xi, what are you saying..."

Mu Xi gritted her teeth. Before she could walk towards her, the two men behind her had already closed in on her.

She eyed them warily. "What are you doing?!"

"Get in."

"Who you are and where are you taking me?"

She looked at her assistant. "Mu Xi, who are they?"

"Run!"

Chapter 3315: Sudden Changes (56)

"Run!"

Mu Xi suddenly let out a hysterical scream and rushed over. She grabbed Yun Shishi's hand and started running in the opposite direction!

Yun Shishi was stunned and had no idea what was going on, but when she saw Mu Xi's nervous expression, she became nervous and instinctively ran as fast as she could.

Only, they were women after all. Mu Xi was wearing sneakers and could run fast, but Yun Shishi could not run fast in her heels.

When she heard the approaching footsteps behind her, she was so nervous that she kicked off her high heels and ran barefooted.

Her feet, scraped by the gravel of the concrete floor, turned bloody.

However, in less than ten seconds, they were quickly caught up by the two men in black. One in front and one behind, they surrounded the two women!

Mu Xi became nervous and immediately reached out to shield Yun Shishi. She looked at them, alarmed. "What are you guys trying to do?!"

"Hand her over."

"No!"

Mu Xi shrieked, "You can't take her away!"

"Don't forget your deal with the boss!"

A man threatened coldly, "Once we take her away we'll release your father and mother! This is the deal!"

Mu Xi bit down on her lip. She resolutely stood in front of Yun Shishi with bloodshot eyes. "You're not to hurt her!"

"It's not your place to speak. This is an order!"

One of the men kicked her away. Mu Xi fell to the ground. Just as Yun Shishi was about to help her up, another man stepped forward and pulled her towards himself. He took out a pair of handcuffs and secured her hands behind her back, not allowing her to struggle!

When Mu Xi saw this, she shrieked, "No!"

Yun Shishi was even more confused. She did not know what was going on. Why did these two menacing men come from?!

She panted heavily and questioned, “Who exactly are you?!”

“Yun Shishi, our boss wants to meet you!”

“By capturing me like this?!”

Compared to her assistant’s panic, Yun Shishi was much calmer. She sneered, “Is this also your boss’s sincerity?!”

“This is an order from the boss.”

“What is your motive!?”

Yun Shishi looked at Mu Xi and asked anxiously, “Mu Xi, what exactly is going on?”

Mu Xi was scared out of her wits. Trembling, she broke down and cried, “Shishi! I’m sorry! I’m sorry!”

She kept apologizing, but it only made Yun Shishi even more confused. She did not know what the girl was apologizing for!

“Why are you apologizing!?”

“Shishi, I’m sorry! I... I’m sorry! I’m really at my wits’ end! I...”

“What are you talking about!?”

Before she could clarify what was going on, the man behind her grabbed her hair and pulled her toward the car.

“Let go!”

Yun Shishi roared furiously, “Don’t touch me!”

“Shishi!”

Mu Xi rushed forward and knelt before the two men. She repeatedly kowtowed and pleaded, “Don’t hurt her! I beg you! I beg you! She’s innocent!”

The man kicked her away. Mu Xi clutched her chest and fell to the side. When she saw Yun Shishi being forcefully pushed into the car, she endured the pain and threw herself at the door. “I’ll go with you, okay? Let her go! I beg you to let her go!”

The man ignored her and slammed the car door shut. Her hand was viciously caught in the door.

Chapter 3316: Sudden Changes (57)

The man ignored her and slammed the car door shut. Her hand was viciously caught in the door.

Mu Xi let out a shrill scream!

The man walked up to her and kicked her in the chest. In the next moment, her body flew like a torn piece of paper and hit a stone wall at the side. The back of her head slammed against the wall!

An overwhelming darkness engulfed her!

Mu Xi's body went limp and slid down the wall to the ground, her eyelids fell shut.

As the car door slammed shut, Yun Shishi nervously leaned against the window and looked at Mu Xi, who had collapsed to the ground. She started shouting something.

However, the car had excellent soundproofing, so she couldn't be heard at all.

Mu Xi tried her best to lift her heavy eyelids, but she could only watch as the black car sped away and disappeared from her sight.

"Shishi..."

...

Youyou sat in the study room, feeling uneasy.

Ever since Yun Shishi left, for some reason, he felt uneasy, ominous even. As though something bad was about to happen.

This was probably the magical telepathy between mother and son.

On the other hand, he felt that Mu Xi was acting too strange today.

She seemed distracted, her eyes were evasive and there was an inexplicably guilty expression on her face. He accidentally saw that look of remorse and unwillingness in Mu Xi's eyes when she was looking at Yun Shishi. The guilt on her face made him feel that something was amiss.

He had sent Li Hanlin to investigate the charity banquet but had yet to receive an answer.

Growing impatient, he called the man again.

Li Hanlin soon had news.

"I've checked all the channels, but could not find any information on this supposed charity banquet held in the capital tonight."

Upon hearing this, Youyou stood up in alarm.

"What?!"

"Youyou, that charity banquet you mentioned doesn't exist. What's wrong? What's your motive for asking about this?"

"My mommy said..."

Youyou suddenly felt his throat go dry. "My mommy said that she's attending a charity banquet tonight."

"That's not possible."

Li Hanlin continued, "There's no charity banquet being held at all. How is that possible?!"

"Damn..."

Youyou suddenly realized something. Just as he was about to hang up the call, a thought struck him and he ordered, “Mu Xi! Hanlin, help me find out who this person is and what IP addresses she’s been using recently!”

“Yes, got it.” Sensing his anxious tone, Li Hanlin did not ask further and immediately agreed.

Youyou dashed out of the door and hurriedly headed in the direction that Yun Shishi had gone. At the crossroad junction, he deliberated a few times and an image of a road map appeared in his mind.

One road led to the city center, while the other led to the remote southern suburbs.

He immediately headed along the more remote road. He did not know how long he had been running for, but when he saw a person lying on the ground in the distance, he was shocked and immediately ran up to the figure. Only when he got closer did he realize that Mu Xi was lying on the ground unconscious.

“Mu Xi!”

Youyou stopped in his tracks and walked towards her. After the vigorous exercise, he suddenly halted. His felt heart skipped a beat and it started palpitating!

He frowned and clutched his chest tightly. He staggered to Mu Xi’s side and half-knelt on the ground, his body swaying.

He endured the discomfort and reached out to pat her face. “Wake up!”

There was no reaction for a long time.

Youyou nudged her. “Wake up!”

Chapter 3317: Sudden Changes (58)

Youyou leaned against the wall weakly. Then, he saw a pair of high heels that had fallen to the ground not far away, he immediately forced himself to walk over and pick them up. He immediately recognized them as his mommy’s high heels.

He would occasionally tidy up the cloakroom for his mommy, so he recognized those shoes.

“Damn it...”

Youyou immediately made a call to Li Hanlin, but the man replied that, based on the IP address, he could only trace that as an IP from outside the country. As such, information was limited and he could not trace the root IP address.

If even Li Hanlin was not able to trace this, it must be related to the dark web.

Like a flash of lightning, an idea struck the boy. He immediately made a video call to Gong Jie.

The call was quickly connected.

Gong Jie was a little surprised that the lad would initiate a call. Before he could ask, Youyou immediately explained the situation to him in a concise manner!

The more urgency there was to the case, the calmer the boy knew he needed to be. He understood very well that if he lost composure, he would lose a grip on the situation and the situation would spin out of his control.

He said in a lowered voice, "I suspect that this matter has something to do with Dietris!"

Gong Jie's heart skipped a beat when he heard that. He immediately said, "If it's really Dietris, then sister will be safe for the time being! His target must be you. Youyou, protect yourself. I'll start investigating immediately!"

"Uh huh."

Youyou ended the call and then sent Mu Yazhe his GPS location. However, he soon fainted from exhaustion.

...

After being forced into the car, Yun Shishi's hands were tied behind her back. Her eyes were blindfolded and her mouth was taped shut.

However, even if he did not seal her mouth, she would not be silly enough to shout and scream.

The car drove for a long time. She was uneasy and did not know where this car was taking her.

Kidnapped?

Yun Shishi thought about it carefully and felt that there were a number of questionable behaviors displayed by Mu Xi.

Especially today, when she was stammering and her eyes were darting left and right. She had a very guilty expression on her face. However, she also looked at her with remorse and hesitation.

Previously, when she handed her the invitation letter, her expression was very strange. It was as though she was caught between handing it over and taking it back. When she said that she did not wish to participate, Mu Xi looked very anxious. However when she finally agreed to participate, Mu Xi's eyes were filled with hesitation and regret.

Although it was said to be a charity banquet, the car that was responsible for taking them was parked so far away and in a remote location.

Moreover, when the car pulled up next to her, Mu Xi seemed to know that such a thing would happen and warned her to run away!

She suddenly recalled their conversation.

"Deal" and "promise", these two words meant that Mu Xi knew these two men?!

She...

She had been betrayed?!

Thinking of this possibility, she bit her lips in despair!

She had trusted the girl so much, but in the end, Mu Xi, whom she considered someone close to her, actually betrayed her!

At the thought of this, Yun Shishi felt desolate. Her entire body turned cold as if all her blood had been drained out!

Along the way, she silently estimated the distance. The car had driven for more than half an hour, and at this speed, it should have traveled about 60 kilometers!

Finally, the car pulled to a stop steadily and she was hustled out of the car. Soon after, she heard the sound of a boat motor.

Harbor?

Port?

Vaguely judging the time, it was already evening.

Being flanked and tightly held by the two men, she struggled repeatedly!

Chapter 3318: Sudden Changes (59)

Being flanked and tightly held by the two men, she struggled repeatedly!

According to Mu Xi, the charity banquet was on a cruise ship!

Were they taking her onboard the ship?

If that were the case, it would be impossible to escape once she was surrounded by the sea!

Jump into the sea?!

That was equivalent to courting death!

To her, a ship was like a prison at sea!

Yun Shishi's struggle was nothing to the two men. As she struggled harder, these two men took more drastic actions. A hand came down in a chopping motion, she felt a dull pain at the back of her neck. Her brain went numb and she passed out.

When she came to, she realized she was in a luxurious room. The covering over her eyes and seal over her mouth were gone. Beside her, a number of unfamiliar women were busy with activities. She tried to sit up and realized that she was still shackled on her wrists.

She had a splitting headache.

It seemed that the man had used too much force to knock her out, resulting in the after-effects. Her head was hurting badly, as though everything was spinning inside!

She suddenly felt something odd. Half of her shoulder was exposed to the air. She looked down and realized that someone had changed her out and she was now in a gown. It was a strapless fishtail gown that accentuated her exquisite figure.

She was dressed beautifully, as if she was not the victim of an abduction, but that an important and dazzling banquet was waiting for her!

“What is going on?” Yun Shishi questioned the women sternly, “What exactly are you trying to do?!”

However, the women in front of her did not seem to have heard her. They did not even turn around and continued to focus on their own work.

Yun Shishi could not help wondering if she did not exist in the same space as them or if they were deaf and could not hear her!

A woman walked over. She was dressed like a servant and held an expensive-looking diamond necklace in her hand. It looked like she was going to put it on for her!

Yun Shishi struggled to retreat and shouted at the top of her voice, “Get lost! Don’t touch me!”

She was shouting so loudly, but the woman in front of her acted as if she did not hear her. She was like a puppet controlled by strings and showed no emotions at all!

The longer Yun Shishi observed this environment, the creepier it got!

Looking at the emotionless women before her, she felt her heart plummet into the abyss of despair!

Who could tell her what was going on?!

“What are you trying to do!?” Her broken voice trembled violently as she stared at the woman intently, watching helplessly as she secured the diamond chain around her ankle.

It was actually an anklet?!

The cold touch made one feel that the beauty of the diamond was extremely strange!

Although the room was effectively soundproofed, Yun Shishi could vaguely tell that they were on a cruise ship nevertheless.

That was because she could hear the occasional sound of the wind and the breaking of waves outside the room.

On the deck, there were people pacing back and forth. Every sound the footsteps made caused her to tremble in fear. A sense of isolation and despair immediately engulfed her!

Save me...

Help...

These thoughts went through her mind, but she did not dare to shout aloud. Time passed extremely slowly.

She did not know what she was going to face next!

The women left one after another, after packing things up.

Chapter 3319: Sudden Changes (60)

The women left one after another, after packing things up.

Soon, she was the only one left in the huge, luxurious room.

Yun Shishi was in a state of torment as she leaned against the bed frame and shivered. She really wanted to stay calm, but in such an unfamiliar and cold environment, she did not know if this would be the last moment of her life!

After an unknown period of time, a flurry of footsteps was heard coming from outside the room. The footsteps stopped outside the door. The next moment, someone pushed the door open and walked in.

She saw two rows of men in black filed into the room. The last man to walk in was draped in a long windbreaker and had slicked-back hair. He looked like he was getting on in years, perhaps about fifty years old, and his face was lined with wrinkles. At the same time, a vicious-looking scar spanned half his face.

His facial features were well-defined and it was obvious that he was not Asian. He was wearing a pair of sunglasses and held a cigar between his fingers. He looked vicious and was obviously a ruthless person.

One's appearance originates from the heart.

She believed in the saying. Some evil people simply look heinous and one would know at a glance that they were evil people who committed all kinds of crimes.

This man, for example, had a pair of thick eyebrows and a slanted mouth. He had an aura that made him unapproachable!

His subordinates seemed to be in awe of him and kept their heads down, not daring to look at him.

Yun Shishi looked at him and her heart skipped a beat. She could guess that it was his idea to hold her captive here!

She studied him for a moment. The man was doing the same, observing her through a pair of sunglasses.

Even the sunglasses could not hide the sinister look in his eyes. It made one's blood run cold!

Yun Shishi was shaken by his gaze. Her lips trembled as she asked through gritted teeth, "Who exactly are you?!"

The man let out a puff of smoke and squinted his eyes. He took off his sunglasses, revealing a pair of aggressive, eagle-like eyes.

He opened his mouth to let out a thick puff of smoke, and finally spoke in an American accent.

"This woman looks pretty good!"

Knowing that he could not understand English, she questioned him in fluent English, "Who are you?"

"Oh? You speak English."

The man looked a little surprised. Then he raised his hand and took another deep puff of his cigar. In the swirling smoke, he studied her once again, looking most satisfied.

“You don’t need to know who I am!”

“So, is there a reason you brought me here?”

“Haha! You don’t have to ask about these things.”

“Why can’t I ask?”

The man smiled and said frostily, “Because you are an object.”

Because you are an object.

“An object doesn’t need a mind.”

Yun Shishi’s heart skipped a beat when she heard that. She was even more confused as to what his motive was!

Object?!

She was not an object!

Yun Shishi wanted to say something more, but the man turned around and quickly left the room.

The door shut again, isolating her from the world!

Yun Shishi sat frozen on the spot, panicking to the extreme!

The sound of the waves outside the window became clearer. She closed her eyes in despair, hoping to be taken away from this place as soon as possible.

...

Youyou woke up and found himself in the hospital.

Mu Yazhe and Little Yichen sat by the bed. Seeing that he had woken up, they immediately came to the bedside.

Mu Yazhe put his hand over the boy’s arm. Having felt how cold it was, he frowned and asked worriedly, “Are you alright?”

Chapter 3320: Sudden Changes (61)

Little Yichen asked, “Youyou, are you alright? You were unconscious when Daddy and I arrived. You gave me a real scare!”

Youyou immediately sat up and surveyed his surroundings. Realizing that he was in the hospital, he immediately asked anxiously, “What time is it now?”

“9pm.”

“9pm?!?”

Three hours had passed since he lost contact with his mother.

Youyou broke out in cold sweat. He wondered if his mommy was safe and sound.

Three hours. Having no news was the best news!

He suspected that this was the work of Dietris. If that was the case, taking his mommy away was to target him!

But what if it wasn't?

If the person who kidnapped Mommy was not Dietris, then Mommy's safety would be compromised!

"Where's she?" Youyou immediately looked up. "Where's Mu Xi?"

Mu Yazhe coldly replied, "She's regained consciousness."

"Has she been placed under control?"

"Yes, just outside the room."

Youyou immediately lifted the blanket and got off the bed. Without bothering to put on his shoes, he walked to the door and saw that Mu Xi had regained consciousness. She sat on the long bench, looking lost.

Around her, three or four of their men were watching over her.

Youyou's expression turned frosty when he saw her. He rushed forward, grabbed her by the collar, and pulled her toward him!

"Mommy trusts you so much, how could you? What did you do to her?!"

He enunciated every word clearly, "You betrayed her! You betrayed her!"

Mu Xi broke down completely when she heard this. Tears rolled down from her eyes and trickled down her cheeks. "I know... but... I really have no way out. I didn't meant to..."

"I don't want to listen to your nonsense!" Youyou questioned her sternly, "Who took Mommy away? Who are those people? Tell me everything you know!"

The assistant shook her head in despair. "I don't know... I don't know anything..."

Mu Yazhe had interrogated her earlier, but he could not get any useful information.

Mu Xi had told him everything she knew, but the information was sparse.

Mu Yazhe did not know what had happened. Mu Xi was incoherent the whole time and could not provide much details!

"That person only asked me to send Shishi to the harbor using the charity banquet as an excuse. I didn't want to at first, but he video-called me and I personally watched my father being tied up in the darkroom and having a finger chopped off..."

Mu Xi was scared out of her wits when she recalled that scene and immediately agreed to follow his instructions.

That person said that if she did not follow his instructions, he might do something to her father in the next video!

“It’s too cruel!” Mu Xi cried herself hoarse. “I was scared out of my wits. I was scared, so in my irrationality, I acted foolishly... I knew I was wrong, I knew I was wrong... I didn’t know that there would be such serious consequences...”

Youyou was even more furious. “Then why didn’t you say so?! Since you know that person’s so ruthless, how could you bear to put Mommy in such a dangerous situation?!”

Mu Xi was stunned and tears streamed down her face.

“I don’t want to see your crocodile tears!”

The boy glared at her with bloodshot eyes. “You’d better pray that nothing happens to my mommy! Otherwise, I won’t let you off!”
