

Sweet Love 3401

Chapter 3401: A New Addition (17)

Many of the children got very excited. They surrounded Nuohan's father and sized up the man. They all looked at him with admiration and even said confidently, "Baby Chu isn't here yet, he must be embarrassed to come! His father definitely can't compare to Nuohan's father!"

"Exactly! Look at him. He came alone, and he even said that his father is handsome! He must be bragging!"

"Nuohan's father is the most handsome! I'm so envious of him. If only I had such a handsome father!"

"Besides, Nuohan's father is so awesome. I saw him driving a luxurious car here today. Moreover, Nuohan's family is very rich. The company his father runs makes several million yuan every month!"

...

When these remarks were made, Nuohan looked even more smug. He crossed his arms and looked at Baby Chu arrogantly.

How about that?

If you have to admit defeat, you have to admit defeat!

Now, all the children in class thought that his father was the most handsome! What would this stinky Baby Chu do now!?

From time to time, the little fatty would look across at him with disdain. Baby Chu was so angry that his face turned red.

The teacher looked at him and asked curiously, "Baby Chu, where are your parents?"

Before Baby Chu could answer, Gu Jinglian held Chu He's hand and walked past the classroom window.

The tall and lanky figure immediately attracted the attention of all the parents and children in the class!

Some of the children were stunned, and many parents were amazed. This man was really too tall. Just by estimation, he would be about 1.9 meters tall. Perhaps it was because of his height, his aura was intimidating. His presence was commanding, like he was leading a troop of soldiers, it felt as though he was above everyone.

Gu Jinglian and Chu He approached the entrance of the classroom and came to a halt behind Baby Chu. Then Chu He smiled and greeted, "Hello, Teacher."

The teacher was stunned and asked, "You are..."

Before Chu He and Gu Jinglian could introduce themselves, Baby Chu immediately said, "Teacher Xue, this is my daddy and mommy!"

Gu Jinglian smiled like a gentleman, appearing polite yet indifferent. "Sorry for being late."

Teacher Xue was stunned speechless!

When the little fatty saw Gu Jinglian, his mouth fell open so wide that one could probably fit several eggs in. His eyes widened as he stared at Gu Jinglian in disbelief!

They were...

Were these people Baby Chu's parents?

Liar!

Impossible!

The little fatty was completely shocked by Gu Jinglian's stunningly handsome appearance!

Baby Chu had a cute type of face, so the chubby boy had imagined what his parents would look like, but he had never imagined that the boy's father would look so handsome.

Gu Jinglian's facial features were somewhat delicate. He looked cold but had a sort of beauty that was riveting. The contours of his face were very handsome and defined. He had sharp eyebrows, phoenix-like eyes, a high nose bridge and thin lips.

This was a beauty that was almost earth shattering. It had nothing to do with gender. Even a man would feel ashamed in front of such a noble looking man!

Such a man would not be commonly seen in day-to-day life, but only on television.

And if Gu Xingze, who had once been hailed as a "peerless beauty", stood next to this man, together they would outshine the stars in the night sky. Between the two of them, it would be difficult to tell who was better looking.

Talking about Gu Xingze, many of the mothers present loved watching dramas, so they were naturally very familiar with him.

Chapter 3402: A New Addition (18)

Gu Xingze was a rare beauty in the entertainment industry. It was a pity that he died young.

This man, however, bore some resemblance to the celebrity.

The most notable thing was that this man was shockingly young. Judging from his looks, he was probably not even 28 years old. Of course, it was also possible that he looked young.

And the woman standing beside Gu Jinglian was Baby Chu's mother!

Perhaps it was because of the first attention on Gu Jinglian, seeing her next drew a less intense reaction. However, she was definitely a woman with delicate features.

Her eyebrows had a heroic aura that marked her out among ordinary women. Her facial features were beautiful but serious. Even though she tried her best to appear gentle, her identity as an Interpol member and the air of dignity she had as a result, could not be ignored!

"Teacher...?" Baby Chu saw that Teacher Xue was stunned on the spot and called out a few times.

Teacher Xue quickly snapped back to her senses and said at once, "Baby Chu's parents, right... Please take a seat! The parent-teacher meeting is about to start!"

Gu Jinglian held Baby Chu's hand and returned to their seats with Chu He, as everyone looked on, stunned.

After Baby Chu sat down, Gu Jinglian and Chu He realized they had some difficulties. Even though the parents' seats were slightly higher, it was still a stretch for Gu Jinglian's tall figure.

Chu He had no choice but to awkwardly stand up and move the table a little. Only then did the two of them manage to carve out some space to accommodate themselves.

The parents beside him could not help but mutter in surprise, "So tall..."

"It feels like they are sitting in such a small place. It must be depressing..."

"The couple is so tall and so good-looking. The child will definitely grow up to be very tall as well..."

Sheng'er turned around and looked at Baby Chu, sincerely praising, "Baby Chu, your father is really handsome! Much more handsome than Nuohan's father!"

Baby Chu smiled smugly, but was also immediately embarrassed by the compliment. He blushed and said, "Of course my daddy is handsome!"

Children do not understand false modesty. Even if they were to feel embarrassed being praised, they would still happily agree.

Gu Jinglian frowned.

Between young masters in the upper echelon, there were many methods of competition.

However, being pitted against another father to see who would emerge to be the more handsome one was certainly a new experience for him!

He did not particularly care about his looks, but because of his serious obsession with cleanliness, he always kept himself clean and tidy.

With his outstanding looks and height, it could be said that he was especially eye-catching among the group of parents.

Teacher Xue stood on the podium and smiled at the audience. "Dear parents, how do you do! Firstly, please allow me to represent all the teachers and students of Sunflower Class to extend a warm welcome to all present today, as well as a sincere thank you..."

While teacher Xue gave her speech at the podium, however, everyone, regardless of parents or the children, was secretly sizing up Gu Jinglian.

As Chu He sat on her seat, she could feel that people all around her were looking at them. For a moment, she felt uncomfortable.

She used to be a detective. Hence whether it was in the past or now, she did not like the feeling of being spied on! Especially by Nuohan's father, who kept looking in their direction.

Chu He raised her eyes and glared at him, looking most displeased.

Having been a detective for many years, the murderous look in her eyes came almost as a reflex.

Chapter 3403: A New Addition (19)

It was just a glance, but the man immediately retracted his gaze.

Gu Jinglian reached for a parent's manual from the table and started flipping through it casually.

The parents sitting around him noticed his fingers. They were long and pale, even more beautiful than a woman's hands. His long fingers were like jade sculptures.

The way he flipped through the pages of the book was so elegant. Dressed in a well-ironed suit, he exuded a noble aura. With just one look, one could tell that with such upbringing and temperament, this man surely came from a noble family!

Instantly, many of the mothers present looked at Chu He with envy!

On the podium, Teacher Xue continued her eloquent speech. "Firstly, we would like to sincerely thank all of you for your understanding and support for our work. We are also very happy that all of you parents can take time out of your busy schedules to come to our school to participate in this parent-teacher meeting. Next, let's have our parents introduce themselves to our children, okay? We can go down the line..."

According to the seating arrangement, the parents began to introduce themselves.

When it was the little fatty's turn, Nuohan's father stood up and looked around. He casually straightened his clothes and deliberately displayed the demeanor of an important person. He smiled and said, "Hello, parents. I'm Nuohan's father, Li Xianlai. This is his mother, Lin Yuhan. Nuohan's name, as the name implies, is to give my wife a lifetime commitment. Our Nuohan may be a little mischievous usually, but I should be blamed for that. I manage several companies and am quite busy, so I fail to discipline him strictly. I'm also very grateful for Teacher Xue's care for Nuohan. I'm very grateful for the other children in class, for tolerating our Nuohan. Thank you!"

Whether it was intentional or otherwise, it seemed like he was deliberately mentioning his identity. It was also to emphasize that Nuohan came from a wealthy, upper class family and was not to be bullied!

In this kindergarten for such families, the children in class were also classified and ranked accordingly.

Most of the children who were able to enrol in this kindergarten came from wealthy or noble families, but they were not all equal.

Some came from wealthy families, while others were from middle-class families.

Hence, in class, children with good family backgrounds would usually receive special care from the teachers!

If any child came from a specially good family background, the other parents would remind their respective children, after the meeting, not to bully that particular child.

The parent-teacher meeting was not just a simple event. The gathering of the parents was naturally a competition of family backgrounds. One could tell from the luxurious cars at the school gate.

Some parents would even rent a car to make themselves look better.

Sometimes, people would resort to unscrupulous means just to look good!

All these had become a silent understanding at the parent-teacher meeting.

When Nuohan's father introduced himself, he glanced at Gu Jinglian from time to time. However, the latter was looking down at the parent's manual attentively and did not seem to pay much attention to the man's words.

Li Xianlai knew in his heart that Nuohan was crying for him to participate in this event because of his bet with another child. As a father, this was naturally a happy matter! After all, this meant that his child admired him!

On the other hand, Li Xianlai was considered handsome. He was considered quite good-looking among these ordinary parents!

However, Gu Jinglian's appearance had now caused him to be quite humiliated! The moment he appeared, Li Xianlai knew that he had lost!

Chapter 3404: A New Addition (20)

The little fatty was especially unhappy. Ever since Baby Chu, Gu Jinglian, and Chu He entered the classroom, he looked gloomy and sullen. It was as if he had lost the upper hand!

How could he not be angry?

Nuohan was so confident of winning that he had already made those harsh remarks. So now he was caught off-guard!

Although the child was young, he was already conscious of saving face! As a father, he naturally had to regain his pride! Therefore, in competing of family background now, he was hoping to restore some dignity for Nuohan.

When it was Gu Jinglian's turn, Baby Chu immediately nudged the man and whispered, "Daddy, it's your turn!"

Gu Jinglian raised his eyebrows in confusion. "What?"

"Self introduction!" Baby Chu was angry. It seemed like his father was not paying attention!

Gu Jinglian put down the booklet and stood up elegantly. Everyone immediately looked at him, their gazes filled with curiosity, envy and admiration! They obviously wanted to know more.

Just as everyone was anticipating, he simply said, "I'm Gu Chengze's parent."

"..." Teacher Xue was stunned for a moment before she immediately smiled and prompted, "Is that all? Baby Chu's father seems to be too restrained and nervous!"

Li Xianlai snorted in disdain. It looked like he was just not good enough. It was just a parent-teacher meeting and it was so simple.

Li Xianlai was a little smug. He was usually in charge of several companies, and he had to face dozens of faces at morning meetings alone. Such a small parent-teacher meeting was nothing to him.

Gu Jinglian asked, "Isn't this a self-introduction?"

"Hehe!" Teacher Xue chuckled and said, "For example, you can talk a little about your work or your life experiences! Don't be nervous, just relax."

Gu Jinglian smiled. "There's nothing much to say, really."

Teacher Xue's smile froze awkwardly.

Gu Jinglian added coldly, "It's not convenient for me to reveal."

With that, he sat down.

"..."

Not convenient to reveal?

When Li Xianlai heard this, he became even more pleased with himself! It seemed that this man could not talk about his job openly!

Looking at the suit he was wearing, he seemed to know how to put on an act. He even deliberately acted like a well-mannered aristocrat. He was quite good at acting!

The corners of Chu He's lips twitched. Indeed, it was really inconvenient to reveal Gu Jinglian's work. Was he to reveal his background in front of so many parents? That would scare a lot of people.

After the parents finished their self-introductions, Teacher Xue stood in front of the podium, clapped her hands, and said with a smile, "I see that many parents are a little nervous! Don't be nervous. After entering this classroom, treat yourself like a big child. In this parent-teacher meeting, besides understanding the children's daily lives on campus, you have to have fun!"

Pausing for a moment, she said, "Now, let's play a game to relax and liven up the atmosphere! Let me first introduce the gameplay. All parents listen to my instructions. When I say 'small rain', pat your shoulders and relax your shoulders. When I say 'medium rain', pat your hands and relax your palms. When I say 'big rain', pat your legs and relax your legs! When I say 'storm', stamp your feet and relax your feet!"

The parents in the classroom laughed knowingly.

Gu Jinglian's face stiffened when he heard this.

What was this?

Some childish game...?

Chu He looked back and said, "It's probably a parent-child game?"

Trying to hold back her laughter, she was suddenly curious about how a cold-faced iceberg like him would handle such a childish game.

Chapter 3405: A New Addition (21)

Gu Jinglian was speechless. "What kind of game is this? I'm not playing it."

Chu He's eyebrows twitched. Just as she was about to say something, Teacher Xue instructed, "Small rain!"

Clap clap clap...

The group of children patted their shoulders enthusiastically. Some of the children were really slow to react. When they heard "small rain", they actually started to slap their thighs.

Although the parents felt that the game was extremely childish, they still had to play along with their children. Hence, they gave a sparse response. Only Gu Jinglian remained seated without moving.

Teacher Xue laughed. "Baby Chu's father didn't keep up with everyone's pace!"

Gu Jinglian raised his eyebrows impatiently.

Hell.

Baby Chu laughed mockingly. "Daddy, you're so dumb dumb. You don't even know how to play such a simple game!"

Gu Jinglian glared at him and snapped, "Shut up."

Baby Chu obediently shut his mouth.

When Sheng'er, who was sitting in front, saw this, she mumbled, "Baby Chu, your father is so fierce!"

"Really?"

"My daddy would never bear to be fierce with me!"

Gu Jinglian saw the two little fellows sizing him up and whispering to each other.

Behind him, Chu He poked at him with her finger and said in a huff, "Are you here for the parent-teacher meeting or just to sit around? Since you're already here, stop putting on airs."

Gu Jinglian replied coldly, "Why haven't I been told of such a ghastly game before we came here?"

Baby Chu whispered to him, "Daddy! Don't be shy! Otherwise, everyone will think that you're stupid for not knowing how to play such a simple game."

Gu Jinglian looked around. Just as Baby Chu had said, seeing that he was sitting still, the other children all whispered, "Baby Chu's father is so dumb!"

"He doesn't know how to play such a simple game. How embarrassing!"

“No wonder Baby Chu is so stupid...”

Gu Jinglian glanced over coldly. The child who said Baby Chu was stupid was immediately silenced by the mother beside him. “Shh! Don’t say it aloud!”

How dare he call his son stupid?!

“It’s starting!” Chu He gave him a light shove.

Teacher Xue gave another order. “Thunderstorm!”

Da da da—

The people stomped their feet.

Gu Jinglian found himself stuck in the situation and had no choice but to symbolically stamp on the ground. However, his expression turned completely sullen.

Chu He fought to suppress her laughter!

She realized how amusing this man was when he played this childish game!

Especially with that sullen expression, it was as if he would explode at any moment!

It seemed like such an opportunity would only come at an event like Baby Chu’s parent-teacher meeting. He was like a demon king sitting among a group of little kids playing such a childish game!

“Medium rain!”

Bam bam bam...

“Small rain!”

Clap clap clap...

“Storm!”

Da da da—

The ground shook.

...

During break time, Gu Jinglian was found along the corridor, leaning against the wall with a livid expression, his almond-shaped eyes gloomy.

Baby Chu stood pitifully by his side and said with childish innocence, “Alright! Daddy, stop being angry already! Next time, I’ll make sure you don’t end up playing such a boring game!”

“There won’t be a next time.”

“Sob...”

At this point, the little fatty was leading Li Xianlai along the corridor. When he saw Baby Chu clinging on to Gu Jinglian's lanky legs and acting cute, the pudgy boy pointed at his nemesis and said, "Daddy, it's him. His name is Gu Chengze. He's been bullying me!"

Li Xianlai sized the father-and-son pair up before gently patting the little fatty's head and exhorting, "Just shut up and watch me handle this, understand?"

Chapter 3406: A New Addition (22)

The little fatty nodded, waiting for his father to avenge him!

Li Xianlai walked up to Gu Jinglian and smiled as he greeted, "You're Gu Chengze's father, right?"

Gu Jinglian lifted his gaze and gave the man a frosty glance. Then with an icy half-smile he asked, "What's the matter?"

"It's nothing really! I just want to meet the rumored 'competitor'!" Li Xianlai continued like he was making small talk, "Children are insensible. They actually compete over such childish things. Do you know what the two little fellows are fighting over? My son tells me that Baby Chu says you're the most handsome father in the world. It made me a little curious! However, having seen you in person now, I have to say, you live up to your reputation!"

Gu Jinglian was indifferent to his remark, at best. He was a man of few words to begin with, so he did not respond to Li Xianlai's greetings and only smiled coldly.

He was clearly being dismissive.

Given this, Li Xianlai was extremely embarrassed, however, there was no way of backing down!

He looked displeased. Normally, at work, his subordinates would only compliment him. There was never a need for him to have to put up with anyone!

Li Xianlai had wanted to deliberately find trouble with Gu Jinglian not only for his son's face, but also for his own.

He said, "I don't think you've mentioned it before. What do you do?"

Gu Jinglian said with indifference, "This is not something for you to know."

"..." Li Xianlai suddenly felt like he had come up against the brick wall again.

Gu Jinglian's tone was rather flat. Although he spoke only a few words, his arrogance was unmistakable.

Li Xianlai was extremely embarrassed. He snorted and said, "I didn't expect you to be so arrogant. It looks like you've held a powerful position for a long time, given your haughty tone? In my opinion, there's no shortage of big shots here! Most of those who can send their children to this kindergarten have a net worth of millions! So regardless of your background, there's no need to be so arrogant, right?!"

And now the man had put his foot in his mouth.

Gu Jinglian was already agitated from the ridiculous game they had to play earlier on. He said in a frosty tone, "Do I give two hoots about what attitude or posture you think I should adopt?"

When Baby Chu saw where things were heading, he started to worry about Gu Jinglian making things difficult for Li Xianlai. He immediately tried to smooth things over by saying, "Daddy, don't be angry! Don't lower yourself to the same level as this person! Let's return to the classroom!" With that, he pulled Gu Jinglian's hand and led the man back into the classroom.

Li Xianlai was hopping mad. Gu Jinglian's flamboyant and arrogant attitude had thoroughly angered him! If not for the fact that they were in school, he might have lost his temper! "Motherf*cker, what the hell is this! What is this arrogance!"

Li Xianlai planned to teach this guy a good lesson!

...

The parent-teacher meeting in kindergarten was not completely boring. The school mainly focused on the interaction between the parents and children. Therefore, in the afternoon, under the lead of the form teacher, a group of parents and their children were brought to the gymnasium.

Teacher Xue said that they were going to play a new game.

Three People, Four Legs!

The "Three People, Four Legs" game was a straightforward game with rather simple rules. The parents and their child would form a team. Each team member would have one leg bound to a leg of each of the other two team members. Their legs would be tied above the ankle joint and the calf, near the knee. Then, they would stand up and start running at the same time.

The first team to reach the finish line would be the winner.

When Chu He was working at the police station previously, she had played a similar game.

Chapter 3407: A New Addition (23)

When Chu He was working at the police station previously, she had played a similar game.

Gu Jinglian, on the other hand, had never heard of it.

In the preliminary round, they were assigned to the second group. The three of them stood in a row. Chu He was on the left and he was on the right. Baby Chu was naturally in the middle.

However, Gu Jinglian and Chu He were both too tall. Baby Chu could not even reach out to put his hands around their waists. The boy did not have much confidence. He felt that this game was too difficult, but ultimately, there was a prize for coming in first. It was a huge soft toy! Baby Chu really liked it.

A child at this age cannot resist furry toys. And as a prize, it had a different meaning than buying it himself!

A prize meant honor!

Baby Chu naturally looked forward to it, so he asked Chu He, "Mommy, are we able to win?"

Chu He glanced at Gu Jinglian, then looked at Baby Chu and said, "Winning is not a problem as long as your daddy isn't a hindrance."

Upon hearing this, Gu Jinglian snorted in disdain and said mockingly, "Who exactly is the hindrance here?"

Baby Chu whined and tugged at Gu Jinglian's sleeve. "Daddy, we have to win! I heard that the prize is a huge soft toy!"

Gu Jinglian raised his eyebrows and his tone softened. "Got it!"

Teacher Xue raised the whistle and looked around. Seeing that all the parents and children were ready, she clapped her hands and asked, "Is everyone ready?"

"We're ready!"

"Then, let's invite the parents to lead their precious ones towards the finish line!" Teacher Xue counted down. With a loud whistle, the group of parents and their children struggled towards the finish line!

The rules were very simple, but it was a tough game. Not only did it test the chemistry between the parents and the children, but because of the height difference, the parents had to be mindful of taking only small steps otherwise the child might not be able to keep up or worse, suffer a bad fall.

The little fatty was in his team. The moment the whistle went off, the three of them rushed towards the finish line.

The father and son were eager to win. When they were approaching the finishing point, they were so anxious that they dragged the little fellow down and caused him to take a big tumble, ending in quite a sorry state.

Initially, Gu Jinglian was unable to coordinate with Chu He. The two of them and Baby Chu fumbled along clumsily.

It was mainly because Gu Jinglian was too tall, and that became their greatest disadvantage.

Being such an arrogant person, it would be too much to expect him to cooperate with Chu He.

Chu He tried her best to work around him instead. In the end, their team barely reached the end point in time to bag the second place, entering the finals.

Baby Chu was elated, feeling that he was one step closer to victory.

Chu He was disgusted, however. "That's so clumsy!"

Initially disadvantaged, Gu Jinglian's survival instinct had kicked in, and the outcome had now caused him to feel less than satisfied. Upon hearing her remark, his expression became a little dangerous. "Who are you calling clumsy?"

"I said..."

“Mommy’s talking about me!” Baby Chu stood between the two adults, panicking as he said, “Mommy must be saying that I’m clumsy!”

Gu Jinglian was dumbstruck.

Before Chu He could get a word in, Baby Chu complained, “Sigh, it’s all my fault. I’m so clumsy and held you back first place!”

“We will need to stop the fumbling and clumsiness. Don’t stumble again in the finals!” Chu He said. “Otherwise, Baby Chu will lose his placing!”

Gu Jinglian said, “Don’t worry.”

Chu He was trying to goad him, but she didn’t expect that it would work on him.

Chapter 3408: A New Addition (4)

During the grand finals when they were preparing for the event, as Gu Jinglian was winding the cord around his legs, a thought suddenly struck him. He put his arm around Baby Chu’s shoulders and effortlessly lifted the boy off the ground.

“Ah...” When Chu He saw this, she immediately understood his intentions. She put her arm around the boy’s shoulder from the other side. Now, the two of them were basically holding Baby Chu in their arms, between them. This way, they were left with the job of coordinating their strides.

Gu Jinglian said, “I’ll use my right foot first while you use your left foot first.”

Chu He nodded.

The whistle went off.

Gu Jinglian narrowed his eyes and took a step forward. Chu He kept pace. This time, the two of them cooperated exceptionally well. They took turns to put their legs forward, and their coordination was frighteningly perfect!

The group of people watched as the two of them instantly pulled away from the other teams, leaving them more than ten meters behind as they strode towards the finish line.

Eventually, the two of them felt that they were walking too slowly and started running. They were like a whirlwind as they approached the finish line!

“Oh my god! Look at them! They’re carrying the child between them!”

“They are strong indeed!”

Some parents tried to do the same. While that wasn’t a problem for the men, most of the mothers were not able to lift their children that way. They ended up flustered and embarrassed.

By the time Gu Jinglian and Chu He reached the finish line carrying Baby Chu between them, many parents were still struggling at the starting point.

Stunned, Teacher Xue blew the whistle and announced the winner.

“First place, Gu Chengze!”

From a distance, the little fatty glared at Baby Chu furiously and said with seething anger, “It’s all Daddy’s fault for allowing Baby Chu to steal the limelight! This is so unfair!”

Li Xianlai was not in the best of mood either. After being ridiculed by his son, he was even angrier.

Finally, the teams from the other parents arrived at the finish line one after another. The next teams coming in also secured their second and third placings.

Sheng’er was extremely happy that her family had come in third.

On the prize giving podium, Gu Chengze stood on the highest step with his hands behind his back, looking very pleased. Next to him, Sheng’er said enviously, “Baby Chu, your parents are so amazing!”

“Of course!” Baby Chu patted his chest proudly and said, “My mother used to be a police officer! She could subdue a strong man with one hand!”

“That powerful?!” Sheng’er was stunned.

Teacher Xue walked over to present the prizes. The second and third place prizes were mostly stationery, crayons, and cartoon roller knives. The first place was a one-meter-long soft toy.

Baby Chu was so happy that he couldn’t stop smiling.

Looking at the little fellow from below the stage, Gu Jinglian’s icy expression finally gave way as he broke into a faint smile.

Chu He caught a glimpse of his smile and was stunned for a moment, before breaking into a smile herself.

When the parent-teacher meeting came to an end, Baby Chu felt somewhat wistful and reluctant!

Today was probably the happiest day of his life! There was his father, his mother, and him! In the end, the three of them even won a prize!

Everything that he had never dared to even imagine had now happened. He was so happy that it felt unreal!

Baby Chu held the heavy soft toy as they left the kindergarten and walked to the parking lot. Chu He had offered to help him with it, but he couldn’t bear to let go!

“Mommy, let me carry it!” The boy hugged the soft toy with a big smile on his face. “This is Baby Chu’s prize! No one can take it away from me!”

Before he could finish speaking, a shadow flashed past him.. The little fatty appeared out of nowhere and knocked him to the ground.

Chapter 3409: A New Addition (25)

Before he could finish speaking, a shadow flashed past him. The little fatty appeared out of nowhere and knocked him to the ground.

Baby Chu was caught completely off-guard, as he got knocked over without any warning. Following this, Nuohan very quickly snatched the huge soft toy from his arms!

Gu Jinglian turned around and saw Baby Chu being knocked to the ground. Immediately, Chu He rushed forward to pick him up.

Although the fall was a little painful, Baby Chu endured it without shedding a tear. When he looked up, he saw that the chubby boy was now hugging the huge soft toy in his arms. Li Xianlai and Nuohan's mother were standing by the side, watching all this happen with a look of relief as if silently approving their child's behavior.

Gu Jinglian's expression darkened.

Chu He was furious. She held Baby Chu in her arms and said coldly, "What's the meaning of this?! Are you allowing your child to snatch someone else's toy?"

Nuohan's mother objected, "What do you mean by snatch? What does the child know – he's only young. It's not as serious as you say!"

"Isn't this stealing? If you take something without the consent of others, it's called 'stealing' when done in secret. When you do it openly, it's called 'snatching'!"

When Nuohan's mother heard this, she was quite angry. She snapped at Nuohan, "Nuohan, return the thing to him! Whatever toy you want, I'll go to the shops and get it for you! Why would you want his lousy toy?"

Nuohan pouted and said, "No! I want this. I like it!"

Baby Chu complained angrily, "If you like it, win it based on your own ability! I won this toy with my daddy and mommy. Return it to me!"

"No!" Nuohan also replied angrily. It was all Baby Chu's fault for stealing all the limelight at the parent-teacher meeting!

The little fatty was furious!

When Nuohan's mother saw this, she immediately said to Chu He, "It's just a toy. How much is it? I'll buy it."

With that, she took out a Chanel wallet from her bag and fiddled with it as if she was taking out money.

Buy it with money?

Ha!

To Baby Chu, this toy could not be valued with money!

A young child has no concept of money. But they understand sacred honor. To them, bank notes may not be as valuable as the red ribbons on the scoreboard!

Buy it with money?

Who is this woman insulting?!

Besides, this toy was not worth much. It could be bought with a few hundred yuan outside, but to Baby Chu, he would not sell it for a few million dollars!

Baby Chu said, "Who wants your money! I won this toy. It belongs to me. Give it back!" With that, he broke free from Chu He's embrace and rushed at Nuohan. He was not afraid of the boy's strong physique.

The little fatty was slightly taller than Baby Chu, so he was naturally stronger. Therefore, he did not take Baby Chu seriously at all.

When he saw Baby Chu charging at him to snatch the toy back, he gave the boy a forceful shove without even looking.

Unexpectedly, Baby Chu came prepared and instead, matched this with a solid punch to the other child!

The reason why he was knocked down so easily earlier was all because of Nuohan's sneak attack. He was not on guard at all, so he fell to the ground unexpectedly.

But now, he was prepared. Furthermore, Butler Fu had been taking him to training sessions so that was not for nothing!

Normally, the child looked cute and adorable, but it was because he was gentle. Butler Fu also taught him not to fight with other children..

Chapter 3410: A New Addition (26)

Normally, the child looked cute and adorable, but it was because he was gentle. Butler Fu also taught him not to fight with other children.

Hence, he looked like a pushover!

In reality?!

With a punch, Nuohan fell to the ground!

Baby Chu took advantage of this moment to reach out and retrieve the toy from his arms. When Li Xianlai saw that his precious son was being bullied, he wasn't going to let it slip, so he walked over and stretched out his leg to kick Baby Chu.

The fight was a matter between two children and as adults, they could only advise against it.

But not only did Li Xianlai interfere, he even wanted to kick Baby Chu.

How could a child's strength be compared to an adult's?!

Before Chu He could react, Gu Jinglian had already strode forward, grabbed Li Xianlai's collar and pulled the man in front of him.

"You're courting death!" He threw a punch at Li Xianlai, knocking him to the ground. Li Xianlai almost flew through the air before landing on the cement ground hard on his back. It hurt so much that he arched his back with a reddened face.

Chu He widened her eyes in disbelief! She had been around Gu Jinglian for so long, but she had never seen him personally take action. He had a serious obsession with cleanliness. Hence, he never fought with anyone. Moreover, he had many bodyguards around him and it was not for him to lift a finger.

This was an exception!

As he had made rather big movements, his clothes were now slightly out of place. The man tugged at his tie expressionlessly and swept his icy gaze over.

At the side, Nuohan was so frightened that he burst into tears. His mother pointed at Mu Yazhe angrily and said, "Why did you hit him?"

Having the woman pointing her finger at him arrogantly, however, was a taboo to him!

He hated it when people pointed their fingers at him!

Gu Jinglian said coldly, "I don't hit women."

Chu He sneered and walked forward. She grabbed the woman's outstretched finger and twisted it slightly. With a snap, her finger broke!

"Ahhhhh..." Nohan's mother fell weakly on her knees. Her face was contorted with pain and she started crying at the top of her lungs. It was as if she was using her bawling to attract attention.

When the little fatty saw this, he cried even louder. However, no one came close to them despite how hard they were crying. It was as if the huge parking lot was isolated from the rest of the world.

Unbeknownst to them, Gu Jinglian's men had already sealed off the parking lot. All the parents were barricaded outside and could not enter. Moreover, no one knew what had happened.

Gu Jinglian walked in front of Li Xianlai expressionlessly and raised his lanky leg in disgust. The tip of his leather shoe gently lifted the man's chin and he briefly cast a spine-chilling gaze at the man.

"What... what are you doing?!" Li Xianlai was scared out of his wits. He had never seen a man with such a terrifying aura.

Gu Jinglian hated the look of that man's face. He kicked his face to the side and said coldly, "Disgusting."

"What did you say!?"

"If you don't know how to discipline your child, do you need my help?" Gu Jinglian said nonchalantly, "And at the same time, set a few rules for you!"

"What do you mean by that?"

"I don't like talking too much. If you can't understand me, that's fine."

Gu Jinglian squatted down and carried Baby Chu in his arms. He stood up and said to Chu He, "Let's go."

Chu He nodded and followed him into the car.

Still in a daze, Li Xianlai looked on as the family walked away. Gu Jinglian, with Baby Chu in his arms and Chu He then got into a Rolls-Royce Phantom..
