

Sweet Love 3441

Chapter 3441: A New Addition (57)

There were so many men, yet this woman managed to settle them all by herself!

The police officers looked on in disbelief.

Chu He swept her gaze around and saw a few colleagues behind her looking as though they had just seen a ghost. She frowned.

“What are you waiting for!?”

Only after she spoke did everyone start to react.

“You...”

“Where are the handcuffs?” Chu He said angrily, “Hurry up and handcuff him!”

“Oh... oh oh!”

One of the men looked as if he had only just realized what had happened. He immediately took out the handcuffs and secured the offenders.

When Chu He finally called the captain to report, the other side was on the edge, waiting for news at the police station!

After all, the target of this operation was a shady organization in the city that had quite a powerful background. They specialized in drugs dealing, and even had a group of sex workers under them.

The anti-vice department had been eyeing them for a long time and had been waiting for an opportunity to take action. Only, in the course of this exercise, the captain had been worried that some of their colleagues would be injured.

He was especially worried about Chu He. As a woman, although she was skilled, but...

Just as the captain was thinking about it, his phone rang. He was taken aback. It hadn't been long since the troops were deployed. Could it be... something bad had happened?

He picked up the phone nervously. It was Chu He.

“Captain, we're packing up.”

“Packing up?!”

The captain frowned. “They got away?”

“They're on the way back to the police station, we've got them and are bringing them back with us for interrogation.”

The captain gaped in astonishment, looking as if he had seen a ghost.

So fast?! That was way too fast!

He couldn't believe it.

However, when Chu He and a few police officers escorted the 15 suspects back to the police station, the captain finally believed them!

Initially, the few veteran police officers in the anti-vice team looked down on Chu He. Only because she was a woman but yet was accepted into the anti-vice team. Everyone felt indignant.

However, after this incident, after they saw with their own eyes how she had subdued 15 suspects within a few minutes, and her outstanding skills, they were simply shocked! And now, all of them were thoroughly convinced! Indeed, one can not judge a book by its cover.

Just by looking at her appearance, it was hard to imagine that Chu He's frail-looking body held such a huge amount of energy!

How did she do it?!

This woman's background was not simple!

One of the police officers could not get over the frightening scene at the club. He walked to the captain's side and asked in surprise, "Captain, this newcomer... Is she really a woman?"

Her skills, courage, and calmness in the face of danger made these men feel ashamed!

The captain frowned and asked, "What happened back there?"

"Back there, back there..."

Before he could finish, Chu He walked out of the interrogation room and approached the captain. "The mission is over. Can I go home and rest now?"

The captain immediately snapped back to his senses and nodded. He smiled and said, "Thank you! Chu He, how about I send you home?"

"That's not necessary, I'll just take a taxi!"

"I have a car, why do you need to take a taxi? I can just send you home. You've worked hard today too. I'm worried about you going home alone at night."

"What's there to worry about?" Chu He raised her eyebrows and said with a smile, "What's there to be worried about? Is Captain worried that I'll be attacked by criminals in the dark?"

"..."

The captain was speechless.

This... was indeed nothing to worry about.

The captain finally said, "Well then, giva me a call when you get home!"

Chapter 3442: A New Addition (58)

The captain finally said, "Well then, give me a call when you get home!"

Chu He nodded. When she turned around, she broke out in cold sweat. How could she allow the captain of the anti-vice team to send her back to the Gu family residence? If he realized that she lived in the Gu family residence and recognized their house, surely... it will be a messy affair!

She was about to leave when the captain called out to her, "Chu He!"

"Yes?" She snapped back from her thoughts and turned. The dashing looking, 1.8-meter tall man instantly blushed. He stammered for a long time, as though unable to remember what he was about to say. Eventually, he stammered, "Stay... stay safe on the road!"

"Yeah, don't worry. I'll be fine." With that, Chu He walked away.

A few police officers gathered around and saw that the captain was blushing. They couldn't help teasing him, "Captain is blushing!"

"How rare!"

"How rare indeed!"

"Could he have taken a fancy to her?"

The captain said angrily, "What nonsense are you spouting! Hurry up then, don't you have offenders to interrogate!"

"Oh." The men turned around resentfully and walked towards the interrogation room.

Struck by a sudden thought, the captain shouted, "Wait!"

"What's wrong?"

"I just remembered what I wanted to say!"

He continued, "Since Chu He has joined our anti-vice team, let's hold a welcome party for her tomorrow night! As seniors, we should entertain this new police belle, right?"

The men looked at each other but did not object. After tonight's operation, everyone's opinion of Chu He had changed. Initially, they didn't think that this woman had any skills and perceived her to be a liability who needed to be looked after during missions. Unexpectedly, in the end, she was the most capable one.

They had originally been biased against her, but now their opinions had changed completely!

"Alright! It's settled then."

...

It was 1am by the time Chu He got home. Baby Chu was fast asleep, but no matter how careful she was, she startled him.

Because Chu He wasn't around, the little fellow didn't sleep well. Hence hearing soft noises in the middle of the night, he woke up and saw Chu He quietly walking in.

She did not seem to realize that Baby Chu had woken up, so she still tiptoed and changed into her pajamas. Just as she was about to get into bed, a thought struck her. She took out her phone to call a number.

The call was very quickly connected.

"Chu He, are you home?" The room was so quiet that the man's voice was clearly audible.

Baby Chu's eyes widened in shock.

Why was it a man's voice!?

Moreover, his tone was so gentle!

Could it be... another big baddie who wanted to hit on his mother!?

Chu He obviously did not notice the angry Baby Chu behind her. She spoke into the phone, "Captain, I'm home."

"Oh, that's good. Rest early! You have to work tomorrow."

"Yes, alright." Chu He hung up the phone and turned around. Baby Chu immediately closed his eyes and pretended to be asleep. She quietly got onto the bed and tucked him in before hugging him to sleep.

Very quickly, she fell asleep, but that was not the case for Baby Chu!

He was instantly alarmed, having heard that man's unfamiliar voice!

The next day, Chu He went to work early in the morning. When Butler Fu went into the room to wake Baby Chu, he saw the boy pacing around the room anxiously..

Chapter 3443: A New Addition (59)

The little guy was so absorbed in his own world, pacing back and forth, that he did not notice Butler Fu entering the room.

Butler Fu looked at him in surprise. "Baby Chu, you're up early today? I don't even have to wake you up."

Startled, Baby Chu turned around. When he saw that it was Butler Fu, he ran and threw himself onto the man.

"Butler Fu! Bad news! Bad news!"

Butler Fu was startled by the little fellow's cries. He hugged the child and immediately asked, "What's wrong?! What happened?!"

"Sob sob sob!" Baby Chu said tearfully, "Bad news! Mommy seems to have been targeted by a big baddie!"

“...”

What!?

Big baddie?

When Butler Fu heard this, he was utterly confused and had no idea what the boy meant!

Baby Chu said angrily, “Mommy went out last evening and came home only late at night! The moment she came home, she called a man. Their conversation seemed intimate! The point is... when Mommy used to work, she had many suitors! I’m infuriated!”

Butler Fu fell speechless.

Chu He went out in the middle of the night?

And came home really late?

Could it be... that she was out on a mission?

Early in the morning today, he heard that a few gang leaders in the city had been arrested.

Could it be that she went on a mission last night?!

“Butler Fu, what should we do!?” Baby Chu was still immersed in his own despair. He tugged at the corner of the man’s shirt and cried, “What if Mommy gets wooed away by another man?!”

“...That’s not going to happen, Baby Chu, don’t cry!”

“No! I have to look for Daddy!” The boy pushed Butler Fu away and ran upstairs.

When Butler Fu saw this, he immediately went after the boy in fear. “No, Baby Chu, Master is still sleeping...”

He went after Baby Chu all the way upstairs and saw the child dashing towards Gu Jinglian’s bedroom. Then he pushed the door open and entered.

Butler Fu’s heart almost jumped out of his chest in fright!

Had this guy not experienced the Old Master’s terrifying morning temper?! Old Master went to bed late last night. If he were to be disturbed by this child early in the morning. He’d lose his temper for sure!

Butler Fu immediately rushed into the room, only to see Baby Chu climbing onto Gu Jinglian’s bed. Then on his hands and feet, the boy pounced on a certain sickly Demon King who was sleeping.

“Daddy! Daddy, wake up! Bad news!” Baby Chu cupped Gu Jinglian’s face and shouted into his ear. Then slapping the man’s face with his tiny hands, he forced the man to wake up. Gu Jinglian, who was sleeping soundly, was immediately jolted out of his dream by Baby Chu’s shrieking.

“Nooooo... my little ancestor!” Butler Fu, who was behind him, was so scared that his legs almost went limp. Just as he was about to step forward to stop Baby Chu, he saw that Gu Jinglian was frowning with his eyes closed. The boy grabbed Gu Jinglian’s collar and shook him forcefully.

“Daddy! Wake up! Bad news!”

“...”

Butler Fu hurriedly rushed to the bed and was about to carry Baby Chu away when the Demon King slowly sat up.

Butler Fu fell speechless.

That was it.

The Demon King said, “Who let you into my room?”

Gu Jinglian lowered his head. His slightly messy hair fell over his eyes. He wasn’t speaking loudly, but his voice was very low and deep. There was something in it that was unnerving.

As soon as he finished speaking, Butler Fu and Baby Chu felt as though a gust of spine-chilling wind had swept in from hell..

Chapter 3444: A New Addition (60)

Gu Jinglian raised his head and opened his eyes. As he was still half-asleep, they were bloodshot. At first glance, he looked like the Devil Lord!

It was as if a storm of blood was brewing in the depths of his eyes!

“Who permitted you to disturb my sleep?” the man questioned icily.

Butler Fu was so terrified that his teeth started chattering.

However, Baby Chu did not seem to be afraid of him. He lamented, “Daddy! Last night, Mommy went out on a date with another man and came home very late! What should I do? What if Mommy is wooed away by another man?!”

“...”

“Daddy, why aren’t you acting like a man at all! Mommy is about to be abducted, And here you are, sleeping!”

“...”

“If Mommy finds me a stepfather, and you eventually find me a stepmother, how is Baby Chu going to survive it?! I don’t care, I don’t care! Daddy, you have to woo and win Mommy over within a month! Otherwise... sob, sob, sob! Baby Chu will jump off the building and put everything to an end!”

“...”

Gu Jinglian’s scalp went numb from his howling. The man frowned and said through gritted teeth, “Shut up! Stop the noise!”

“Daddy, do you really not like Mommy?! It doesn’t matter if you don’t like her. You can woo her and win her over first, then slowly nurture your feelings for her!”

“...”

“If you’re not going to say anything, I’ll take it that you’ve agreed!”

Gu Jinglian could not listen to anything the boy was saying. Right now, he could not think clearly and his eyes were so tired that he could not keep them open.

Baby Chu was still shouting in his ear, but he could not hear what the boy was shouting.

He got a little impatient. “Whatever!”

It could wait till he was awake. With that, he fell back onto the bed.

Butler Fu was surprised!

To think that Old Master did not kick Baby Chu off the bed!

For some reason, his temper seemed to have been restrained. Could it be...

“Butler Fu, Daddy agreed!” Baby Chu clapped happily.

Butler Fu’s lips twitched, and his face darkened.

When on earth did the Old Master give any agreement!!

“Words alone don’t count!” Baby Chu suddenly ran out of the inner bed chamber and walked to the table. He picked up the calligraphy brush and scribbled a line of words on the paper. Then, after dipping the brush in ink again, he walked towards the bed. He grabbed one of Gu Jinglian’s hands and smeared the loaded brush on his thumb and forefinger. Then, he pressed the man’s painted fingers on the paper.

It was only then that Baby Chu finally relaxed and skipped out of the room. Butler Fu sighed and quickly ran after him, shutting the bedroom door behind him.

...

Two hours later, the Demon King finally sobered up.

...

He sat up in bed and held his aching forehead. Out of the corner of his eye, he saw a piece of paper hanging on the headboard. He picked it up and read it...

“Daddy promises to woo and win female horse female horse within 1 month! If he can’t do a painting, Daddy will be a big stupid pig!”

There were many errors in the untidy scribbling. Gu Jinglian finally understood after putting in great efforts to make sense of the note.

“Daddy promises to woo and win Mommy within a month. If he couldn’t do it, Daddy will be a big stupid pig.

“...”

?

The Demon King was confused.

What was going on?

There was also a fingerprint on it, and it looked like...

Gu Jinglian made a careful comparison. It was actually his own fingerprint.

When did he even put his “signature” on this document?

Also, when did he agree to this?

What the hell!

He didn’t have to crack his head over who did this!

The great Demon King gritted his teeth.. “Gu Chengze!”

Chapter 3445: A New Addition (61)

Butler Fu walked in and saw Gu Jinglian holding a piece of paper, looking livid.

When he walked over and read what Baby Chu had written, he couldn’t help but laugh.

“This fellow is too...” Before he could say the word “capable”, Gu Jinglian turned to glare at him. Immediately, he fell silent.

The Old Master’s gaze was too terrifying. It almost killed him.

Gu Jinglian held up the piece of paper and interrogated Butler Fu, “When did he write this?”

“Probably in the morning! I remember, Baby Chu scribbled something on the paper and even got you to sign on it.”

This triggered Gu Jinglian’s memory and he could vaguely recall now. Early in the morning, there was indeed a loud voice yelling into his ear.

He was a light sleeper, having made it a habit to stay alert even when he was sleeping. He would not sleep too soundly, unless he was particularly tired. Furthermore, it was not as though he was guarded against Baby Chu, hence he was too focused on sleeping to hear what the little guy was shouting.

Now that he realized...

Gu Jinglian was speechless.

This little guy!

He gritted his teeth. Butler Fu advised him kindly, “Old Master, why don’t you fulfill Baby Chu’s wish! Marry Chu He, and this will solve one of the child’s worries!”

Not to mention, it would solve Butler Fu’s worry as well! Butler Fu had always hoped that Gu Jinglian would get married so that the man would not be all alone.

The butler was old, and this was the only wish he had left in his life.

Gu Jinglian was nonchalant. "You know that I don't intend to get married ever!"

"Old Master..." Butler Fu sighed. "No matter what, even if you don't intend to get married and don't fall in love with any woman, marriage is just a load on your mind! The state you and Chu He are in is not very reliable! If marriage is just a formality for you, why don't you just go through with it, with Chu He? From the looks of it, she doesn't have any strong philosophies about marriage either. Why don't you... fulfill Baby Chu's wish!"

Gu Jinglian remained stony faced when he heard this. He turned around, furrowing his brows. He had slept too late last night, and even after waking up, his head still hurt.

Butler Fu continued, "Old Master, why don't you seriously consider my suggestion? Marriage is just a piece of paper. Just take it that you're doing it for Baby Chu. After all, the little guy never had a father since he was young. Now that he finally has one, of course he'd lack a sense of security and hopes that his parents will always be together! This shows how much the little guy cares about you!"

For some reason, Butler Fu's words made Gu Jinglian feel rather good.

Baby Chu cared about him!

When he heard this, the corners of his lips turned upwards subconsciously.

It seemed to put him in a brighter mood.

That night, when Baby Chu came home, he immediately ran to Gu Jinglian's study.

"Daddy! I'm home!"

The moment Gu Jinglian picked up Baby Chu and sat the child on himself, the boy asked, "Daddy, can you woo Mommy and win her over within a month?"

Gu Jinglian was speechless.

His lips twitched. "Why should I go after her?"

"You promised!" Baby Chu took out a piece of paper from his pocket. It was folded. He unfolded it and opened it up. Gu Jinglian realized it was exactly the same as the "agreement" he saw in the morning.

The man was stunned. This guy actually knew how to make a copy of the "agreement"?!

"Why do you still have it?"

Chapter 3446: A New Addition (62)

"Because I was afraid that Daddy would destroy the contract, so I kept a copy!"

"..."

This little fellow was quite smart at times!

Gu Jinglian had indeed thrown that piece of paper into the rubbish bin. But he did not expect the child to be so serious as to ensure he had a second copy.

Baby Chu patted the piece of paper and pointed at the place where he had “signed”. “There, there, there! Daddy, look, this is your handprint. You put it there yourself. Don’t try to cheat!”

“...”

When did he “personally” put his fingerprint on it!?

Clearly it was the work of this sly fellow, while he was still asleep!

“This agreement does not count!” Gu Jinglian reached out to snatch it, but Baby Chu was even faster. He put the paper behind his back and looked at his father vigilantly.

“Daddy, are you a big stupid pig?”

“...”

“If you can’t even do such a thing, you must have been a big stupid pig in your previous life and reincarnated!”

“...”

Don’t pick an argument with a child.

Don’t pick an argument with a child.

Don’t pick an argument with a child.

As if chanting a spell, Gu Jinglian repeated these words silently several times before calming down.

He pinched Baby Chu’s cheek and said with gritted teeth. “If I’m a big stupid pig. What about you? A little stupid pig?”

If Butler Fu were here, he would be terrified! Gu Jinglian was used to being mature and steady. Now, he was seriously discussing such a childish question with a young child.

“Of course not!”

Baby Chu put his hands on his hips and said arrogantly, “I’m a genius with genetic mutations!”

“You are indeed genetically mutated. Daddy is so smart, why did you turn out so stupid!”

Baby Chu was infuriated when he heard this. “You actually called me an idiot! Rebound!”

“Rebound your rebound.”

“Rebound the rebound of your rebound...”

“Rebound the rebound of your rebound’s rebound...”

“Rebound...”

Baby Chu’s eyes went dizzy, and he was soon confused by Gu Jinglian.

He could not think straight and could not tell how many rebounds Gu Jinglian had made.

His tiny brain was not enough to hold this!

The boy pouted and said, "In short, I don't care! Anyway, since Daddy promised me, he must do it! Otherwise, Daddy will be a big stupid pig!"

...

Baby Chu wanted Gu Jinglian and Chu He to be together. Eventually when Chu He got home and was about to take her dinner, the boy started to take action!

Gu Jinglian and Chu He were sitting opposite each other at the dining table.

Baby Chu sat in the middle.

During the meal, Gu Jinglian ate quietly without a word.

Chu He was the same.

Baby Chu looked up at Gu Jinglian and then at Chu He. Suddenly, he reached out with his chopsticks and picked up a piece of braised pork from the plate and put it into Chu He's bowl.

Chu He looked up in surprise, only to hear the boy say, "Daddy told me to give this to you! Daddy said Mommy is too skinny and needs to eat more meat to gain weight."

The boy was definitely up to something.

Gu Jinglian narrowed his eyes sinisterly. When did he ever say such a thing?

Chu He looked at the braised pork in the bowl and then at Gu Jinglian in confusion. Was she going deaf?

She did not hear Gu Jinglian say that either.

Looking at Baby Chu's expression, Chu He suddenly understood. "Mmm, I know. Mommy will eat more."

As she spoke, she took a bite of the braised pork and started to chew.

This awkwardness was instantly resolved.

Gu Jinglian lowered his head and shot a glare at the boy..

Chapter 3447: A New Addition (63)

When Baby Chu heard this, he was so touched that his eyes instantly glistened with tears!

Mommy ate the braised pork. This means... Mommy likes Daddy!

Of course, that was what Baby Chu was thinking. If Chu He heard it, she would definitely have been convinced by the boy's indisputable logic!

However, Baby Chu was not about to give up just like that!

He reached out again and picked up another piece of braised pork. He put this into Gu Jinglian's bowl. With a smile, he said, "Mommy asked me to give you this! She says that braised pork is very delicious and asks Daddy to eat more."

"..."

When did she say such a thing!

Gu Jinglian was speechless for a moment before commenting, "She didn't say so."

Baby Chu looked at him with disdain. "How would you know?"

"I didn't hear it."

"Hey, Daddy, that's because you and Mommy don't have telepathy!" Baby Chu said as a matter-of-factly. "Mommy said it in her heart! I heard it! Because Mommy and I have telepathy."

Chu He resisted the urge to spew blood and forced a smile instead, saying, "It's indeed delicious, have more."

Then, she lowered her head in embarrassment and started eating.

Gu Jinglian frowned. He did not like to eat braised pork as it was too oily. He had always kept a bland diet. However, just as he was about to put the braised pork aside, he saw Baby Chu looking at him with bright eyes as if waiting for his evaluation.

Gu Jinglian bit down on the braised pork. When Baby Chu saw this, he happily said to Chu He, "Daddy says Mommy's braised pork is the best!"

Cough!

Chu He choked on her rice and went into a coughing fit.

Gu Jinglian's expression changed a number of times. A mouthful of meat was stuck in his throat and he couldn't spit it out. His face turned green.

This little guy...

When Baby Chu saw Chu He choking, he couldn't help rebuking her, "Seriously, Mommy, can't you eat slowly? No one is fighting with you over the food."

With that, he scooped a bowl of soup for her and pushed it towards her.

"Drink some soup!"

Chu He picked up the bowl and carefully drank a few mouthfuls of soup before recovering. She cleared her throat and picked up her bowl to resume. When she looked at Gu Jinglian again, he had already finished the braised pork silently. She was taken aback.

As she recalled, this man had always hated greasy meat. He had never eaten braised pork, and she did not expect him to eat the entire piece. It was no mean feat.

Baby Chu suddenly said, "From today onwards, Baby Chu wants to sleep alone!"

"...Huh?"

Chu He looked as if she had seen a ghost. "You're sleeping alone?"

"Uh huh!" Baby Chu nodded seriously and said, "Because the teacher said that when I grow up, I have to learn how to be independent! Independence starts from sleeping alone at night."

He looked so full of ambition that Chu He didn't want to be a wet blanket, so she agreed, "It's good to sleep alone!"

Gu Jinglian glanced at him meaningfully and suddenly had a bad feeling. He had a feeling that something was brewing in the boy's mind. He couldn't help but suspect the true purpose of his so-called independence.

When bedtime came around, Gu Jinglian's premonition was finally confirmed.

Gu Jinglian had taken a shower and walked to the study. At the door, Baby Chu signaled to the man with a come-hither gesture and said to him mysteriously, "Daddy, come here!"

"...?"

He walked to the door, toweling dry his hair at the same time. "What's up?" he asked suspiciously.

"As you know, I'm making invitation cards right? There are a few cards that you haven't written out for me!"

Chapter 3448: A New Addition (64)

As Baby Chu spoke, he took the man's hand and pulled him towards his room. "Help me finish writing them!"

Gu Jinglian's eyelids suddenly twitched. When they got to Baby Chu's room, the little guy pushed him in. There were a few invitation cards on the table and he said to Gu Jinglian, "Start writing!"

Then, the boy picked up his beloved toys and pillow and walked out of the door.

Gu Jinglian looked at the boy's disappearing back view and asked, "Where are you going?"

Baby Chu said without turning his head, "Didn't I already tell you! From today onwards, Baby Chu wants to sleep alone, so Baby Chu will go and sleep in another room!"

Butler Fu had made available the guest room and laid out a blanket.

By now, Gu Jinglian's eyelids were twitching non-stop. He called out gruffly, "Wait!"

However, with a bang, Baby Chu had slammed the door shut and locked it from the outside.

Before Gu Jinglian could react, he sharply caught the sound of the door being locked.

Startled, he immediately walked to the door and twisted the doorknob, only to find that it was firmly locked.

What was the kid up to now?

Why was he locked in this room?!

“Gu Chengze!”

Baby Chu, who was hugging his pillow outside the door, could not help but shudder when he heard the man’s gruff voice. He felt a little scared!

But on second thought, he had to do it for his mommy!

Baby Chu clenched his fists and shouted at Gu Jinglian, “Daddy, you’re going to sleep in this room today! Because, didn’t Baby Chu say that he wants to sleep alone? Mommy is afraid of the dark, so I’ll have to trouble you to accompany Mommy! Hehehe.”

With that said, the little fellow slipped away!

“What?”

Through the door, Baby Chu had spoken too quickly for him to catch what he was saying.

However, just as Gu Jinglian was wondering what the boy was up to, the bathroom door suddenly opened.

He turned to look in the direction of the sound and saw Chu He walking out in a bathrobe. The moment she walked out, she was shocked to see Gu Jinglian standing at the door.

Just then, she had taken a shower and was drying her hair with the hairdryer. It had drowned out the noise outside.

Now that she was done and had walked out, she saw Gu Jinglian standing at the door while Baby Chu was nowhere in sight.

She asked warily, “Why are you here?”

Gu Jinglian calmly turned around and sized her up.

She was in a bathrobe. After her shower, she was as clean as jade and beautiful as anything.

She usually wore her hair up but now it was let out and draped over her shoulders, making her look very feminine.

He had never studied her closely before, but now he realized that this woman was actually rather good-looking.

Seeing that he was silent, Chu He repeated, “Why are you here? Say something.”

Struck dumb?

Gu Jinglian said, “What do you think?”

This made Chu He even more confused.

What did she think?

What should she say?

How would she know?

Since he was already here, he might as well take things as they came. Gu Jinglian sat down on the sofa. Now, he knew what that boy was thinking. He was trying to force him to be together with Chu He.

This little guy was so young, yet he had so many tricks up his sleeve. What an eye-opener. It seemed that labeling him stupid was underestimating him! This imp was very smart and liked to play dumb.

Good job, Gu Chengze!

In the guest room, a certain little fellow who was laying out a blanket suddenly sneezed.

“Ooooooh...”

It seemed like someone was badmouthing him..

Chapter 3449: A New Addition (65)

Gu Jinglian sat on the sofa expressionlessly, appearing calm and composed.

When Chu He saw that Xiaobao wasn't in the room, she couldn't help feeling odd. The kid was in the room just a moment ago. She had gone in to take a shower and instructed him to make the bed. Obviously, when Baby Chu announced that he wanted to be independent, Chu He did not take it to heart at all. The boy was so afraid of the dark. Surely, even if he wanted to sleep alone, he would need someone by his side to coax him to sleep before being left alone? Otherwise he wouldn't even be able to sleep at all.

But where was he now?

Why was he gone?

She asked, “Where's Baby Chu?”

Gu Jinglian looked towards the door. Chu He followed his gaze towards the door. She immediately walked over and reached out to grab the door handle, only to realize that it was locked.

It was locked from the outside?!

She was taken aback. She turned around and gave Gu Jinglian a look of surprise, but the man said calmly, “Your son did this.”

When Chu He heard this, she immediately realized what was going on. At the same time, she said indignantly, “He's your son too!”

Gu Jinglian raised his brows and did not say anything else.

Chu He banged on the door and shouted, “Baby Chu!?”

There was only silence outside the door. Baby Chu was long gone.

Chu He was a little angry. What was this little fellow trying to do?

“Why did he do that? Why did he lock us in the same room?”

Gu Jinglian lifted his eyes to look at her again. For a moment, the expression in his deep almond-shaped eyes were unfathomable. She could not tell what was brewing in his mind.

He suddenly started to seriously consider Baby Chu’s suggestion.

Hence, at this point, he was thinking about how he should broach this matter. “Chu He, you...”

The next second, her phone rang! Chu He looked towards the bed where her phone was vibrating and ringing. She wiped her hair as she walked to the bed and picked up her phone.

The moment she picked up the call, the captain’s clear voice came from the other end, “Chu He, where are you? Come out for supper, we made plans!”

“What?” Chu He was confused. “Supper?”

“Eh? Didn’t I tell you after the morning meeting? Tonight, the members of the anti-vice team are having supper together. The treat is on me. It’s a welcome dinner for you!”

“I see...” Chu He was not interested in supper. If it was not an urgent task, she would not have bothered to go out in the middle of the night. Besides, she was now locked up in Baby Chu’s room, so it was not as though she could get out easily.

She said, “I can’t go out tonight! I do thank you for the kind intentions of Captain and the team seniors! But I can’t make it for supper!”

The captain laughed and said, “This is a welcome banquet, how can we not have it? In our team, this is a rule, and it’s not especially grand. Hehe! We’ll just have a barbecue and some beer!”

“Well...”

Seeing that it was impossible to get out of it, Chu He suggested, “How about tomorrow? I really forgot about this event today! I’m sorry.”

Gu Jinglian saw the rare gentleness in her tone. Speaking on the phone now, she was not bearing her usually stone face. He found himself getting up from the sofa and slowly walking towards her.

Chu He held on to her phone, clearly unaware of the approaching figure behind her.

“Okay, no rush! Let’s set it for tomorrow then!” the captain said.

Chu He smiled, “Captain, you should rest early too!”

Chapter 3450: A New Addition (66)

Chu He smiled, "Captain, you should rest early too!"

"Wait! Chu He..." The other party suddenly called out to her nervously.

Chu He raised her eyebrows and asked in surprise, "What's the matter? Is there anything else?"

The captain smiled and said, "I just wanted to ask you how old you are. Usually, girls your age should be already dating!"

Gu Jinglian frowned unhappily when he heard the man's voice.

Chu He said disapprovingly, "I don't have a partner."

"You don't have a boyfriend?!" The man on the other end of the line seemed excited for a moment. Just from his tone, it was as if he had heard the greatest news. "You're single?"

"Hmm... I guess you can say that. Why are you suddenly asking this?"

"Oh... Oh, it's nothing! As the captain, I have to be concerned about my subordinates' lifelong affairs!"

"Oh, I see." Chu He didn't hold back. In this aspect, she was especially ignorant. The man behind her looked even more sinister now.

Was this woman an idiot?

That man was obviously interested in her, to be asking a question like this. Otherwise, why would someone ask such a question normal circumstances? Judging from his tone, he was rather nervous. When he found out that she was single, he was inexplicably excited.

Was she really unable to tell or was she pretending to be stupid?

After Chu He hung up, she turned around and bumped into Gu Jinglian's chest. She frowned in pain as her forehead rammed against his collarbone. It was rather painful! She took a few steps back while Gu Jinglian stood in front of her expressionlessly, not moving at all. His eyes were fixed on her, as if he was studying her.

She asked warily, "Why are you staring at me?"

"Who was that man who called?" he finally spoke.

Chu He was stunned! What was wrong with this man today? Was he quite alright? Why would he bother with someone other than himself and Baby Chu, for no apparent reason? Gu Jinglian had always been indifferent. He never cared about anyone and treated others as air.

"What does it have to do with you?" Chu He didn't sound very friendly, "Why are you suddenly concerned about this?"

"Why, can't I ask?"

"Nobody of any importance." Chu He saw Gu Jinglian's expression turning icy, so she added, "Captain of the anti-vice team, my direct superior."

“Anti-vice team?” Gu Jinglian felt that this was extremely ironic. “Of all the jobs in the world, why did you join the anti-vice team?”

“Is there a problem?” Chu He did not feel it was an issue, even though the man standing in front of her right now was Baby Chu’s biological father, and also a man that everyone in the anti-vice group hated to the core.

She joined the anti-vice team because of her identity and background. She was definitely qualified for this job. She preferred to work with men. She would not be able to handle the politicking and scheming between the female colleagues in the workplace. It would overwhelm her.

In comparison, the work of the police may seem crude, but it was better to deal with these tough men than to work with the petty female white-collar workers.

Moreover, she was originally from Interpol.

This was her line of work.

Gu Jinglian suddenly took a step closer to her. “Then let me ask you. You told him just now that you’re single. How do you explain this?”

“...”

Chu He did not expect him to ask such a question.. “What’s wrong? Am I not single?”
