

Sweet Love 3581

Chapter 3581: A New Addition (197)

“What!

Gong Jie widened his eyes in disbelief. “That’s impossible! It’s fine if he has forgotten me, but how could he forget his own beloved mother? Could it be that his brain..”

“There’s nothing wrong with his head. The so-called amnesia isn’t like what most people think.” Alice’s face was calm, but there was guilt in her eyes.

Gong Jie fell silent. He looked at her, waiting for her to tell him everything.

Alice took a deep breath and said honestly, “I hypnotized him.”

“Hypnotized?”

“Do you know anything about deep hypnosis?”

Gong Jie was speechless for a moment.

He suddenly recalled that whenever a person wished to leave the Hurricane Group, they would undergo a deep hypnosis to erase all their memories about the organization.

On one hand, it was to protect the interests of the Hurricane Group. On the other hand, the memories related to the Hurricane Group were too dark. If they were to leave the Group and wished to return to a normal life, these memories would be a great burden.

Hence, through deep hypnosis, many memories could be wiped off.

Alice had always secretly executed such hypnosis.

Gong Jie had always known about hypnosis, but he did not know that Alice was the one executing it.

“So. you hypnotized him?”

“Yes.”

“How did you do that?!” Gong Jie was agitated and asked, “Can the memories that were wiped off be restored?”

“Sure, but.. it’s difficult to do. Not only has Youyou’s memory been wiped off, but his first personality has also disappeared.”

“Personality

“Don’t you know that Youyou has a split personality?

“I didn’t.”

Alice explained, “There are two aspects of his personality. One is the pure side, like a blank sheet of paper, untainted by even a speck of dust. The other is a dark personality, evil, like a demon.”

Gong Jie was stunned. “So he became like this because you removed his first personality?

“You could say, yes.”

Alice analyzed Youyou’s personality for Gong lie. Youyou spent his childhood in bliss and darkness. Bliss even though he grew up in a single-parent family, because Yun Shishi had given him a lot of love and companionship. However, the darkness stemmed from the humiliation and scoldings that he had suffered in the hands of Yun Na and Li Qin. These bred hatred in his heart!

The two personalities were independent and did not interfere with each other. When Youyou dealt with Yun Na and Li Qin, the first personality did not know about this. He only vaguely knew that he seemed to have done something earth-shattering

One side was pure, the other was dark. One was an angel, the other, a demon. Back then, when she sealed Youyou’s memories, his first personality was destroyed by his second personality along with his memories

It was possible for the memories to return, but not the personality.

The innocent and kind personality had already been destroyed by the second personality.

Even if he were to regain his memory, the first personality would not return.

Now that Youyou had become Gong Fan, his dark side had completely taken over. He was ruthless, scheming, and unscrupulous in achieving his goals.

However, Yun Shishi was still the love of his life. But even so she would not be able to awaken his first personality.

There was no such thing as reviving a destroyed personality.

Alice took out a cigarette and lit it. She blew out a mouthful of smoke and held her forehead in frustration. "Jie, I'm very sorry. I've been hiding this from you!

Chapter 3582: A New Addition (198)

"You should be sorry! If I had not brought this matter up, for how long would you have hidden it from me?!"

Alice said weakly, "Your father asked me to do this. As his subordinate, I had no choice but to do it. At the same time, I had to keep it a secret. Now that I'm telling you this secret, I've broken the rules."

Gong Jie clenched his fists tightly as he trembled in anger.

"Why is he doing this?" He really could not understand.

Why did Gong Shaoying do this?!

"He plans to use Youyou to deal with Sheng Yu."

"Deal with Sheng Yu?!" Gong Jie was stunned. "He..."

He knew how much his father hated Mu Yazhe, but he did not expect him to be so cruel as to use an innocent child to deal with Sheng Yu!

"When the time comes and Youyou confronts Sheng Yu, he would use the boy as a threat to get Yun Shishi back into the Gong family."

"Doesn't he think it's cruel?!"

"Jie." Alice calmly replied, "With your father's status and position, no one would dare to defy his words. In his mind, there are no rules for a person who can have anything he wants, there is no right or wrong, no one can stop him from doing what he wants. He loves Youyou, but from his perspective, he

doesn't think that it's wrong for his grandson to return to the Gong family! However, if he doesn't use this method, he won't be able to keep anyone! Whether it's Yun Shishi or Yun Tianyou, he feels lonely, but other than the power he wields, he has no other means to get his daughter back!"

Love, beyond a certain point, becomes something unrecognizable!

Gong Shaoying was wrong, but Alice understood. Gong Shaoying was detestable, true, but he was also pitiful.

"Youyou is the most pitiful one!" Gong Jie said, "He had no choice but to have his memory brutally wiped off by you! Do you know who's the most important person in his life?!"

Alice was speechless.

“His mother!” Gong Jie continued, “Shishi is more important to him than his own life! It’s more cruel for you to erase his memories than to kill him!”

Alice felt herself struggling to breathe. Indeed, after wiping out his memories, Youyou had completely changed into a different person. He was just like a demon king. If Shishi were to see this, she would be heartbroken. Gong Jie did not know how he was going to tell her this!

“I need to see him.” Gong Jie suddenly said, “Let me see him.”

“You won’t be able to see him. Your father has him heavily protected because he was worried that you would bring him home. However, even if Gong Shaoying didn’t stop you from taking him away, the current Youyou might not be willing to leave with you.”

Gong Jie laughed. “I know.”

“Well...”

“So, I might be able to meet him with help from you!”

Alice was stunned and immediately understood what Gong Jie meant.

“I’ve been investigating your recent whereabouts. You’ll disappear for a while during the middle of each month. I’m guessing you must visit the island during that period.”

Alice said nothing.

Gong Jie held her hand tightly. “Take me to him, Alice.”

When Alice heard this, she was silent for a long time. Then, she suddenly sighed and said, “You know, Jie, I will take any amount of risk for you.”

Chapter 3583: A New Addition (199)

She looked up and said calmly, “Alright, I’ll take you there. However, you’ll need to prepare. At least, you can’t expose your identity as the Crown Prince of the Gong family, when you board the ship.”

It was more than ten days until mid-month.

Gong Jie and Mu Yazhe had a long-distance video call, through which Mu Yazhe came to know about this. Gong Jie said he had confirmation that Gong Fan was Youyou. Alice would take him to meet the boy in the middle of the month.

‘Mu Yazhe expressed his wish to go as well.

Gong Jie broke into laughter. “Brother-in-law, stop joking! You’re the Hurricane Group’s number one danger. You can’t go.”

'Mu Yazhe raised an eyebrow. "Alright, I won't go, but it shouldn't be a problem to take Little Yichen with you!"

Gong Jie immediately understood what Mu Yazhe meant. He furrowed his brows and thought about it. "I understand your plan."

"I'll send Little Yichen to your place three days in advance."

"Okay."

After ending the video call, Mu Yazhe stood up from his desk. After hesitating for a long time, he finally decided to mention this matter to Yun Shishi.

Yun Shishi was reading her script in the bedroom when Mu Yazhe pushed open the door and lightly knocked on it before entering the room.

'When she heard the knock, she looked up and saw him walking in with a grave expression. She became extremely nervous at once.

"Did something happen?"

'Mu Yazhe sat on the side of the bed in silence. He crossed his legs elegantly and said in a low voice, "I have something to tell you, but you need to stay calm. Don't get nervous or agitated, okay?"

She burst out laughing. "Why do you look so serious? What's the matter? Don't worry; I won't get agitated."

He smiled and gently stroked her hair. "Youyou..."

Yun Shishi's face paled at the very mention of the name. Ever since Youyou disappeared, this name would bring her unspeakable pain.

Her heart would ache at the mention of that name.

"Why... do you mention him..."

"Youyou is still alive."

Yun Shishi was unable to react for a moment. She struggled to understand his words and after she had processed what he was saying, she suddenly felt so overwhelmed she could hardly breathe!

"He... he's not dead?!"

She sat up immediately and stared at him in disbelief. "Is this true? Don't lie to me!"

It had not been easy for her to recover from her despair. Now, she could not take another blow!

'Mu Yazhe smiled. "Do you think I'll joke about this? Xiaojie told me that Youyou isn't dead."

"He's not dead! Where is he then?"

"At the Gong family residence."

Yun Shishi was stunned by this information.

“He is being held by your father. His name has been changed and his existence erased.”

“He... that’s impossible.”

Yun Shishi smiled weakly. “Could you be mistaken? Youyou is at the Gong family, but it’s been so long. Why doesn’t he come home?”

“He was hypnotized and lost all his memories. He doesn’t even remember his own name.”

‘Mu Yazhe continued, “He has no memory of you, me, Little Yichen... and Yueyao.”

Yun Shishi sucked in a breath of cold air and shook her head in disbelief. “I don’t believe it! How could he have lost his memory?!”

Something like this would happen only in movies. But now it was actually happening to her. It was unbelievable!

She could not believe that such a ridiculous thing would happen in real life!

Chapter 3584: A New Addition (200)

“Listen, Shishi, I only want you to know about this matter, but you have to stay calm and don’t think too much. Leave this matter to me. I can handle it.”

“But.”

He held her shoulders and asked seriously, “Do you believe me?”

Yun Shishi stared into his eyes for a long time before suddenly saying, “Of course. You’re my husband. How can I not believe you?” She hugged him helplessly. Tears welled up in her bloodshot eyes over this piece of news that she was struggling to come to terms with.

The good news was that Youyou was still alive! As long as he was still alive, it was a blessing! However, she fretted over when he might be able to come home!

Yun Shishi walked into the nursery. Yueyao was sleeping soundly in the crib. A small night lamp was lit above the bed. It was a soft light that was gentle on the eyes and lit Yueyao’s tender little face, which was delicate as white jade.

In a few months, Yueyao would turn two. She wondered if the boy would return home by that day.

Yun Shishi looked at the pendants that hung from a necklace around Yueyao's neck. This was made by Little Yichen back then.

During that accident, Little Yichen had been holding tightly onto the two amethysts that Youyou had given him at the last minute. He had made two necklaces, one for himself and one for Yueyao, as mementos.

After Youyou's accident, Little Yichen seemed to have grown up overnight. Compared to his childish self in the past, it was as though he had become a mature big brother in an instant.

Perhaps in his dream, Little Yichen dreamed of Youyou. Youyou told him, "When I'm not around, you must take good care of Mommy and Yueyao!" He had always kept these words in mind.

Little Yichen thought that Youyou must still be alive. The telepathy between twins told him that the boy was not dead at all. He just did not know where he was.

His abilities were limited. He did not know how to find his brother, but he had never given up.

Yun Shishi smiled. "Yueyao, I remember that the first words you uttered were big brother. You really want Youyou to come back too, don't you?"

Yueyao's eyes were tightly shut, but her pink lips were slightly upturned. She was clearly having a pleasant dream.

Little Yichen stood at the door. He did not enter the room but quietly leaned against the door and smiled at his mother, who was squatting by the baby's bedside and talking to Yueyao.

Mu Yazhe had already told him about it. He was both surprised and not surprised to learn that Youyou was still alive.

Daddy said that in the middle of next month, Gong Jie would take him to meet Youyou, but at the same time, he also tasked him with an import.

Gong Jie would think of ways to bring Youyou back, while Little Yichen would remain on that island as "Gong Fan" and temporarily take over Gong Fan's

position.

Little Yichen readily agreed of course. Even if they held him captive on the island, he would be able to find a way to return.

However, he was more worried about whether Youyou's memory could be restored if they brought him home.

Little Yichen did not know about Youyou's current condition, nor did he know if his lost memories could be restored. He only hoped that Youyou would be brought back to the Mu family by his uncle. At least, with Yun Shishi's help, he could regain his memory!

"Mommy.." Little Yichen called out to her softly.

Yun Shishi turned around and saw him standing at the door. She immediately wiped away the traces of tears at the corner of her eyes. "You're not asleep yet?"

"Yes. I was passing by and saw the door open." He added, "It's getting late. Rest early.."

Chapter 3585: A New Addition (201)

In the middle of every month, Gong Fan would return to Acklan Island with Lisa. The potions that Alice brewed were only enough for thirty days or so. Every month, she needed to bring new potions.

The boy slept badly. He had insomnia, many dreams, nightmares, and poor mental strength. If it weren't for the special sleeping pills that Alice developed, it would be very difficult for him to sleep peacefully. Besides this, he needed regular checkups.

Before mid-month, he returned to Acklan Island.

Upon returning to the island, Lisa received a call from Alice. Alice informed that she would come to the island early the next morning.

Lisa couldn't help feeling suspicious. Alice had always come on the 15th of every month. Tomorrow was only the 12th. She was three days early. What was going on?

Alice explained that there was a new batch of potions that had been modified to replace the previous ones.

Only then did Lisa let down her guard.

Before this, Little Yichen had already disguised himself and boarded the ship heading to Acklan Island.

It was an overnight trip from the Hurricane Group's headquarters to the island.

Alice's makeup skills were top-notch. After putting on some makeup for Gong Jie and Little Yichen, they were unrecognizable.

After all, given this was Alice, no one would put her in a spot. She lied that Gong Jie and Little Yichen were her assistants.

Gong Jie was easily disguised with a wig over his silver hair. This made it difficult for others to recognize him. Little Yichen, on the other hand, had to suffer a little more. Standing at just over 1.5 meters, although he was not considered short for his age, it was still rather difficult for him to disguise

himself as an adult man!

Thus, Alice used a wig on him that was meant for a female, then she applied some rouge to his face and put him in a white coat. To begin with, the boy had delicate features and the sort of temperament peculiar to youths. After a little dressing up, he actually looked like a young woman.

They spent the night on the ship. Alice gave him some instructions. First of all, if everything went as planned, the boy would probably have to spend a month on Acklan Island. By the next month, she would find a way for him to leave unnoticed.

Gong Jie was a little worried. It wasn't that he was concerned about Little Yichen's identity being exposed, rather, there wasn't going to be anyone else on the island for a month. Other than the servants, there was not even a playmate. With Little Yichen's personality, wouldn't he get very lonely?

Little Yichen, on the other hand, did not worry about it. Even though he would have to be separated from his parents and sister for a month, he'd do it without thinking twice if it meant he could get Youyou back.

The ship docked at the harbor.

Lisa stood at the port to welcome them. However, when she saw Gong Jie and Little Yichen standing behind Alice, the light in her eyes suddenly flickered and she frowned slightly, obviously sensing something fishy.

But after a brief moment of surprise, she showed no further signs of doubt. She just said in her usual cold tone, "Alice, you're here."

At the Hurricane Group headquarters, there was no hierarchy to distinguish between the two. Hence, Lisa had always called Alice by her name.

Alice smiled at her. "Is he awake?"

"Yes, he's awake and reading in the study," Lisa said, but her tone was calm and emotionless, like a machine.

Little Yichen could not help giving her another glance.

The last time he met her, it was as if they were separated by a world.. Now that they were reunited, he was filled with endless emotions!

Chapter 3586: A New Addition (202)

Little Yichen merely lamented in silence and did not show it on his face. Following closely behind Alice, he lowered his eyes and walked into the castle quietly.

'Would he be able to see Youyou very soon? Little Yichen was extremely excited!

'At the same time, when he thought of this, he could not help feeling uneasy! He had no idea what had become of Youyou, after having not seen him for more than a year.

Had he grown taller?

'Was he still as skinny as before?

'Would he recognize him when they met?

Little Yichen clenched his fists tightly; his palms were damp with cold sweat!

'The castle was huge. As Lisa led them along, Little Yichen felt as if they were walking down endless stairs and corridors. Finally, after they had been walking for what seemed like forever, Lisa stopped in front of a door and said in her deep voice, "Young Master is in the room. You may just enter."

Alice gracefully pushed open the door and entered with Gong Jie following closely behind. Just as Little Yichen was about to step in, he suddenly felt Lisa's scrutinizing gaze on him. He looked at her and sized her up, only to see her looking back at him intently.

Slap!

'Waving Gong Jie's hands away expressionlessly, he asked coldly, "Who are you?"

Just as Gong Jie was about to take a step forward, Alice immediately stopped him and said to Youyou, "Young Master, these two are my assistants. He was only measuring your body temperature just then."

'The young man furrowed his brows but did not say anything. He merely cast a wary glance at Gong Jie and Little Yichen.

Little Yichen noticed Youyou giving him a cold and indifferent glance. He scrutinized him for a long time before finally looking away coldly. Clearly, he was not paying attention to him.

At the same time, this also meant that Youyou had really forgotten about him!

Perhaps it was hard to tell when Youyou was asleep, but now that he was awake, Little Yichen suddenly realized how different Youyou was now.

He was now especially unfamiliar.

If it hadn't been for that familiar face, he really would not have recognized that this aloof young man before him was Youyou.

Chapter 3587: A New Addition (203)

Alice acted normal as she walked over. She started the usual series of tests on him to measure his blood pressure and temperature. Youyou was very cooperative and allowed her to use various instruments to measure him. However, his expression was indifferent, as if this were a routine matter. Seeing that he was calm and collected, Alice asked, "Are you still having palpitations recently?"

"Occasionally."

He spoke few words, and never used more words than needed. He did not talk much, and probably apart from him, very few others could stay on such an isolated island for a few months without a mental breakdown.

Humans are social animals and are used to living in groups. The isolated Youyou had only Lisa with him. However, both of them were the silent type and seldom talked. Occasionally, when Lisa would try to talk to him, Youyou would put the conversation to an end with just a few words.

In the past, Youyou had a naturally introverted personality. However, because of Yun Shishi, he was considerably bright and cheerful. Having undergone hypnosis, his second personality now completely dominated given that his first personality had been destroyed. The current Youyou was more like a walking dead.

Little Yichen's heart ached so much that he could hardly breathe. Thinking of how lonely Youyou would have been for the past year, he felt as if his heart had been stabbed by a knife. For some reason, his hatred for Gong Shaoying increased!

Gong Jie positioned Little Yichen behind him and reminded the boy, "Are you ready? Would you be able to hold fort for a month?"

Little Yichen nodded and said firmly, "Uncle, don't worry. I can take it for a month."

The man replied coldly, "[m only worried that at that point, you'd miss your

mommy and Yueyao so much that you'd start crying and sniffing to no end!"

The boy pouted and replied, "Can't I miss them given that I won't be seeing them?"

Alice glanced at them and suddenly took out a medicine box. She took out a syringe, broke open a vial, and filled the syringe with medicine.

According to the plan, she would substitute the medicine to be injected into Youyou with a tranquilizer. Then, she would disguise him in the same way as Little Yichen, and take him away without anyone noticing

Following this, Little Yichen would remain behind to replace Youyou. There were not many people on the island who were close to Youyou, and generally, no one would notice.

Even Lisa could hardly tell the difference between Little Yichen and Youyou.

Alice held Youyou's arm and was about to give him an intravenous injection when Youyou caught a glimpse of the ingredients list on the vial. At once, he waved the syringe away!

The syringe fell to the ground and a few drops of liquid spilled out.

Alice was taken aback and widened her eyes. Youyou asked icily, "What medicine is this?"

"This is the usual medicine that I've been injecting you with!"

Youyou narrowed his eyes and sneered, "The ingredients listed on the vial are different from before!"

His observation was sharp. In the past, when Alice carried out the injections, he would observe the ingredients label on the vial. Now, what Alice was about to inject was clearly not the usual potion!

In addition, she had brought two suspicious strangers with her this time. For a moment, he became even more vigilant!

Youyou suddenly opened his mouth and was about to call out for Lisa to come in when Gong Jie quickly pounced on him and covered his mouth tightly, warning him, "Don't make a sound!"

Chapter 3588: A New Addition (204)

Youyou sized him up coldly and struggled fiercely to break free from his hold.

Seeing that he was struggling, Gong Jie suddenly raised his hand and brought it down like a knife on the back of the boy's neck. Youyou's eyelids fluttered. He passed out straight away, and fell onto the bed.

Alice was stunned and her jaw fell open.

Little Yichen was even more taken aback and could not close his gaping mouth. He ran to the side of the bed and picked Youyou up, trying to pry open his eyelids. He was shocked to see that Youyou had really fainted.

"Uncle... you're so cruel to your own nephew."

Gong Jie held his forehead and said with a slight headache, "I... I didn't do it on purpose. I didn't use much strength. He won't die. He's only fainted temporarily."

"If you had used more force, you would have broken Youyou's neck alright!" Little Yichen fumed.

'What kind of strength did Gong Jie have? He was comparable to three adults, yet he still had the cheek to say that he did not use much strength. If he used a little more force, he would have killed the boy!

"Uh..." Gong Jie cleared his throat awkwardly and said, "It could be a good thing you know. Who knows, it could bring back his memory."

After more than a year, Youyou had matured a little and grown taller. However, he was still much thinner than Little Yichen. Hence Little Yichen's clothes hung loosely on him.

Finally, he put on the wig, and was successfully transformed.

As for Little Yichen, he had disguised himself as Gong Fan and lay on the bed. Most people would not be able to tell them apart.

Gong Jie furrowed his brows and said in disdain, "Can you act more convincingly?"

"Like how?"

"Keep your expression cold and look fiercer."

Little Yichen immediately pulled a long face. Gong Jie was used to seeing Little Yichen's warm smile. Now that he suddenly looked cold and sullen, Gong Jie could not get used to it.

Alice, on the other hand, said, "There's no one on this island, so you don't have to force yourself. But at least, you need to be able to fool Lisa. Gong Shaoying has put her in charge of protecting Youyou. If you were to give it away, it could make the situation very difficult!"

Yichen pursed his lips as the weight of this task that he had to perform sat heavily on his shoulders..

Chapter 3589: A New Addition (205)

Little Yichen and Youyou switched places.

After this switch, Youyou was taken away by Gong Jie. They left with Gong Jie carrying the boy on his back. Lisa stood at the doorway and saw Gong Jie approaching with Youyou. The guy on his shoulder had clearly fainted. She asked, "What happened to him?"

"Hematophobia."

The boy passed out.

Lisa did not question his hasty explanation. It was obvious that she did not doubt him at all. Neither did she seem to find it fishy that as an assistant, he would faint at the sight of blood. That was too unreasonable. But Alice very swiftly let them go.

Gong Jie could not help feeling that something was amiss. He turned around and took a long look at Alice, only to see her entering the room with an expressionless face and shutting the door.

He had a feeling that she knew about this matter.

The man asked Alice, "Did you talk to Lisa about this?"

"No."

"But I feel like she knows—"

Gong Jie lowered his voice and said, "I've switched Youyou."

Alice frowned and looked back, but there was no time to lose. "This isn't the time to think about that. Let's get out of here."

Gong Jie nodded.

After Gong Jie and Alice left with Youyou, Lisa entered the room. Little Yichen was initially at a loss, but when he saw her enter, he furrowed his brow and lay down, pretending to be asleep to get away with it.

Lisa walked over to the bed and seeing that Little Yichen appeared to be sleeping quietly, she smirked and gave him a kick.

Little Yichen sat up with a jolt and cried angrily, "Why did you kick me?!"

"They're gone, you can stop pretending."

"Pretending?" His heart skipped a beat. Refusing to give the game away, he retorted, "What do you mean pretending? I don't know what you're talking about!"

"You know what I'm talking about."

Lisa paused before continuing, "Mu Yichen!"

Hearing this, Little Yichen suddenly turned around and stared at her. He did not believe that Lisa would recognize him so easily.

'The fact was that he looked exactly like Youyou. Initially, even Mu Yazhe could not tell the two apart. Only Yun Shishi could.

How could Lisa tell at a glance that he was not Youyou? She could even tell that he was pretending to be asleep. This woman was sharp!

Lisa's lips curled icily with a mocking smile. She clearly knew what he was thinking and said nonchalantly, "I recognized you from the moment you got off the ship."

Usually, Alice would come alone. Generally, she was not allowed to bring any outsiders. However, two strangers accompanied her today. Although Gong Jie and Little Yichen were disguised and others could not recognize them, it did not mean that she was blind.

She used to serve Gong Jie, so how could she not recognize him? And Little Yichen looked identical to Youyou, so how could he not recognize him?

No matter how people disguise themselves, it's hard to change facial features.

She knew very well that they were here to take Youyou away, but she turned a blind eye and did not stop them. It was something that she could have easily done, given her capability.

But she didn't.

Little Yichen's heart skipped a beat and he broke out in a nervous sweat, worried that Youyou would be harmed now that Lisa had found out about this.

Lisa smiled. "Don't worry. I'll just pretend that I don't know about this. From now on, you're Gong Fan. As long as you play your part and keep up the act, I won't make things difficult for you."

Little Yichen was surprised. "Why?"

Chapter 3590: A New Addition (206)

Why would she do that? Although her mission was to protect Youyou, the fact was that she was actually Gong Shaoying's spy, to watch over the boy. This was her duty, but she did not fulfill it. In fact, she deliberately let Youyou go.

Why?

"No reason." Lisa could not be bothered to explain further. "I'm guessing that Alice will report to Gong Shaoying that you're unwell. You don't have to go anywhere except here. You just have to stay here and keep your head down.

Remember, don't talk too much!"

With that, she turned around and left the room swiftly. Little Yichen leaned against the bed frame in a daze. For a moment, he was terribly confused! When Youyou woke up, he found himself in a high-class cabin. He sat up and realized that he was on a huge bed. Immediately, he heard a man's elegant voice

"You're finally awake?"

Before Youyou could react, Gong Jie pounced on him, hugged his head, and rubbed his face. "Little Youyou, I missed you so much!"

Youyou frowned and subconsciously reached out to push him away!

So disgusting..

So mushy...

Youyou said frostily, "Let go of me!"

However, Gong Jie did not let go of the boy. Instead, he cupped the boy's face in his hands and planted a kiss on his cheek!

"Get lost!" Almost instinctively, Youyou pushed the man's face away and distanced himself from him.

He immediately reached out and vigorously wiped his lips where he had been kissed. His eyes were filled with disgust!

Who was this man?!

He actually..

He actually kissed him!

Youyou glared at Gong Jie angrily. "What do you think you're doing?"

"Kissing my nephew."

His nephew?

The boy narrowed his eyes dangerously and asked with suspicion, "Who are you?"

Feeling aggrieved, Gong Jie said, "Youyou, don't tell me you don't even know your own uncle? I'm your uncle, Gong Jie."

Gong Jie?

Youyou spat, "No I don't." He wiped the area where Gong Jie had just kissed with all his might and then rubbed his hands on the bedsheet. Gong Jie saw this

and was greatly hurt

"Youyou, you find uncle dirty.."

"Yes." The boy admitted bluntly, his tone icy. "Filthy."

Gong Jie was speechless. He felt like beating this kid up! This guy had never been more annoying!

Gong Jie went up to him and asked angrily, "You really don't know me anymore?"

"Should I know you?" Youyou retorted.

Gong Jie pursed his lips and tried to console himself. "It's okay if you can't recognize me. What's important is that you're still alive! Your mommy knows that you're still alive and is waiting for you at home!"

Mommy..

This word actually caused a ripple in his cold heart. Although that feeling quickly faded, it caused him to be slightly dazed. He was surprisingly calm in this unfamiliar environment as he questioned, "Where are you taking me?" Even though Gong Jie, who was sitting in front of him, had an imposing presence, Youyou's aura was not suppressed at all. In fact, his own scrawny frame seemed to emit a surprisingly strong presence.

There was definitely something very different about him.

Gong Jie felt a chill in his heart. Even though he had tried his best to play the role of an uncle, hoping that the boy would regain his memories as soon as possible, Alice had also indicated that there was a chance that he would regain his memories. His memories had not been truly erased, but they had been sealed away. It was only a matter of time before they came back.. Nevertheless, his coldness saddened the man!
