

## Sweet Love 3621

### Chapter 3621: A New Addition (237)

Yun Shishi felt a wrenching pain in her heart when she heard this. She immediately said, "Youyou, don't be silly. How are you not Youyou? You are! You are..."

"Enough!" He lost control and covered his ears in despair. "Don't say that name again!" With that, he turned around and disappeared into the bustling crowd!

"Youyou..." Yun Shishi ran after him anxiously, but it was crowded. Youyou, who was not a very tall boy and was also thin, squeezed his way through easily.

She, however, was blocked by the crowd. "What should we do now?"

'Mu Yazhe held her hand and comforted her. "Don't worry!" He took her hand and followed in the direction that Youyou had gone, pushing through the crowd, running after the boy.

"Youyou.

"Youyou..."

The voice continued to echo in his ears. The boy closed his eyes tightly as his frail body seemed to be on the verge of collapse amidst the thick crowd.

Stop saying that name.

No

He finally calmed down. However, when he looked around, he was surrounded by the crowd. On the stage, rock music was playing intensely. The crowd followed the explosive tempo and became excited!

Some people sang along with the music.

Others were screaming hysterically!

Youyou felt a little dizzy. He could feel that the noise was getting further and further away. His ears were ringing and all the sounds clashed in his head.

"Make way!" One of the men rushed over and pushed through the crowd. When he saw the boy blocking his way, he pushed hard, causing Youyou to lose his balance and almost fall.

'With so many people around, he would certainly be mercilessly stepped on by the crowd if he fell.

As he felt himself losing balance, an arm suddenly caught and steadied him!

"Everything okay?" A woman's gentle voice spoke.

Youyou furrowed his brow in surprise.

'Who was it?

'Was it her?

Yun Shishi?

'When he looked up, he saw a woman's unfamiliar face. This woman before him had a pretty face. From head to toe, her every movement had a heroic aura that ordinary women did not possess.

Youyou narrowed his eyes and sized her up. "You are..."

Chu He looked at the child and suddenly felt a sense of familiarity. She tried to recall where she might have seen him before. Behind her, Gu Jinglian approached with Baby Chu in his arms and Linxi by his side. He was a little puzzled when he saw Chu He grabbing a child's arm.

Gu Jinglian's handsome face darkened at once when the child's face came into clear view!

"It's you!?"

Youyou turned to look at the man, his eyes darkening. "Gu Jinglian?"

When the enemies confronted each other, their eyes burn with hatred.

Gu Jinglian turned ashen when he saw Youyou. Chu He was also surprised when she noticed the man's expression. "What's wrong? Do you know this child?"

The man snorted, and said in a hostile tone, "I more than know him."

There was even a deep hatred. He still had a score to settle with this child!

The boy took a wary step back.

A fallen tiger is bullied by a dog.

He was no longer in the Hurricane Group, he was alone. There was no benefit in fighting Gu Jinglian head-on!

Just as he made a move to walk away, Gu Jinglian quickly grabbed his collar and lifted him up. "Trying to run away?"

Chu He saw the child being lifted off the ground by Gu Jinglian, like a little rabbit, and said to Gu Jinglian angrily, "What are you doing?! He..."

## **Chapter 3622: A New Addition (238)**

"He's only a child, you.

"A child?" Gu Jinglian sneered. "He's no ordinary child!" He turned around and fixed his icy gaze on Youyou's face. "He's a member of the Gong family, Gong Fan of Hurricane Group. He's no ordinary child!"

"Gong Fan?" Chu He was surprised when she heard this name.

"Gong Fan..."

It was that child who had threatened to use her and Baby Chu as hostages, to force Gu Jinglian into signing the contract for Wirth!?

So young? He seemed so soft and cuddly. How vicious could this child be?

Youyou, however, was very calm. He narrowed his eyes and said steadily, "Gu Jinglian, I dare you to lay a finger on me."

Before he could finish his sentence, Gu Jinglian flicked his finger. With a crisp snap, the finger hit the boy's forehead forcefully. Youyou experienced an exploding pain in his head as if he was suffering from a concussion, and he instantly felt dizzy. His forehead was close to being shattered by the man's

finger!

Gu Jinglian said casually, "In the capital city, this is my territory. You're daring me to lay a finger on you. What do you think?"

Youyou, however, was not afraid at all. He raised his leg and took aim at the man's weakest spot. This move was considered ruthless, but Gu Jinglian had anticipated it and dodged in time! This child was vicious. Was he thinking of putting an end to his lineage?

Gu Jinglian would not let him off so easily either. The man raised his leg and kicked his butt. Youyou had nowhere to hide and suffered the solid kick. He frowned in pain but did not show any signs of pain.

"Gu Jinglian! You..." Before he could finish his sentence, Gu Jinglian pinched his face and gave it a forceful pull.

"Ha, according to rumors, the vicious and merciless inheritor of the Hurricane Group, Gong Fan, is nothing without those mercenary troops and bodyguards."

This little fellow was weak and arrogant. Who was he trying to impress? Showing off in his territory indeed. Was he courting death?!

In the hotel next to the plaza, in a room, a middle-aged man with gray hair lifted the window and sat on the windowsill. He held a bottle of wine in his hand and was on the verge of passing out from being drunk. If not for the fact that there were railings outside the windows, he might have lost his

balance and fallen off the building!

He held the bottle neck and took a big gulp. When he opened his eyes again, there was a murderous look in them!

On the plaza, the dense crowd was noisy. The multitudes danced to the music and was in high spirits. However, the more lively the crowd was, the more indignant the man felt!

Just last month, he was fired from his job. For most of his working life, he had been conscientious and dedicated to the company. In exchange, he was fired from his job. Without a job, his wife and child left him. A few days ago, he saw his wife and another stranger walking on the streets. They were

whispering sweet nothings to each other. Only then did he suspect that his wife had betrayed him!

For so many years, he went through all sorts of hardships. In order to support his family, he ran around every day. In order to support his family, he almost exhausted all his energy.

What did he get in return?! In return, he was dismissed by the company and betrayed by his wife!

Even his son had refused to meet him. He had wanted to visit him several times, but his son had avoided him – his own father, and had even said that he would never acknowledge him as his father!

‘What did he do wrong?’

What did he do wrong!?

### **Chapter 3623: A New Addition (239)**

Looking down at the crowd in the plaza, everyone was so happy and blissful! But comparing himself to these people, he was like an orphan abandoned by this world! Why was it that others were so happy, but all the world gave him was endless despair?! The more the man thought about it, the more he felt that it was unfair!

Since this world had abandoned him, then it was only natural that he’d take revenge on this world! The man downed the white wine in his hand. Casually, he reached for an AK-47 under the windowsill. He crouched unsteadily by the windowsill, clutching his rifle. He clumsily loaded it with a full magazine and aimed the barrel at the crowd below. His finger slowly closed around the trigger.

He was already drunk, but seeing that there were so many people, he did not need to aim! Kill them all! Even if he died, having so many people die with him would mean he had not lived his life in vain!

The man laughed aloud arrogantly.

Da da da da—

He pulled the trigger and fired wildly at the crowd.

In the plaza, Gu Jinglian suddenly heard a series of gunshots and looked towards the direction of the sound. The plaza was too big and the music on the stage was playing loudly, so it was impossible to tell where the sound was coming from.

Gunshots? Why were there gunshots?

He couldn’t have heard wrong. This was the sound of a rifle being fired.

Chu He also caught the sound of gunshots that were almost drowned out by the noise. From the sound of it, it should be an AK-47. Someone was shooting!

On the plaza, a section of the crowd suddenly screamed! However, these screams were drowned out by the cheering elsewhere among the sea of people. The singer on stage did not realize what was going on. He was sweating profusely as he held onto the microphones, trying to give his best performance.

Most of the crowd didn't realize that Death was quietly descending, everyone was lost in the music.

The sound engineer also noticed the anomaly. He received a radio message saying that someone had fired a shot at the crowd and demanded that the music be stopped immediately. The sound controller immediately cut the music off and the staff went on stage to cover the singer as he left the stage.

The music suddenly stopped, and the sound of nearby gunshots became distinct.

"Gunshots!"

"What's going on!?"

"Ah—! Run! There's a terrorist attack!"

"Someone is shooting at the crowd! Run!"

Miserable wails could be heard from the crowd. Some of them had been shot in the head, some in the shoulder, and some in the chest. Instantly, blood and darkness enveloped the entire plaza! Seeing their companions injured, many people screamed and cried in fear!

"Help!"

"Someone's injured, call the ambulance!"

However, by now, most people were focused on fleeing for their lives, they couldn't care less about the others!

The crowd frantically dispersed in the direction of the exits. Many people who had been shot and fallen to the ground were trampled repeatedly by the frenzied crowd. Some were trampled to death!

Some of these people started running for their lives, some were wailing, for a moment, the scene was chaotic.

Youyou also heard the gunshot, and his eyes flashed with great surprise.

"Someone's shooting?" Chu He turned to look at Gu Jinglian. "Let's get out of here quickly!"

With that, she immediately squatted down and carried Youyou. Gu Jinglian carried Baby Chu and took Linxi's hand as they ran towards the plaza exit.

"Keep your body low!" Gu Jinglian reminded Chu He.

At this point, Youyou suddenly thought of Yun Shishi!

### **Chapter 3624: A New Addition (240)**

At this point, Youyou suddenly thought of Yun Shishi! She and Mu Yazhe were still in the plaza!

No!

'They were in danger!

Youyou struggled. "Let go of me!"

Gu Jinglian said angrily, "Are you crazy? Do you want to die?!"

"Let go of me!" Youyou said to Chu He. "I want to go back there!"

Chu He did not allow him to struggle and tightened her hold on him. "It's too dangerous to go back there! Let's leave this place quickly!"

Youyou coldly said, "Leave me alone! Let go of me! Let go..."

"No way!" Chu He had a strong sense of justice. No matter what, Youyou was just a child. She could not possibly leave a child alone in such a dangerous place!

Youyou clutched her clothes tightly, saying. "I said let go of me! You don't have to be responsible for my life or death!" As he said that, he kicked Chu He hard. She felt a sharp pain and almost fell. It was a rare opportunity for Youyou to break free from her grip. Instantly realizing this, he dashed towards the crowd!

Chu He turned around in disbelief! Under normal circumstances, children like Baby Chu would have panicked and hidden themselves in the arms of the adult, trembling in fear! Even someone as calm as Linxi would obediently hold Gu Jinglian's hand and go along with the flow. However, this child insisted on walking into the crowd. Did he not know that the gunman was hiding in a corner and shooting randomly at the crowd!

'The more people there were, the more dangerous it was! He could be shot to death any moment! Besides, bullets don't have eyes. No one knew how much ammo this killer had. There were so many people in such a huge plaza. Every single one of them was a live target! It was obvious this was a terrorist

attack! There was no premeditation, no specific target, just pure venting and revenge! Going back was suicide!

Gu Jinglian said coldly, "Ignore him!" One cannot stop those who have a death wish!

Youyou returned to the crowd and his eyes searched the sea of people. However, he wasn't tall hence just trying not to trip over or be knocked over by the fleeing people in itself was exhausting.

As he dodged the crowd, he looked around anxiously. Just as he was about to shout, "Mom..."

He suddenly stopped! In his subjective consciousness, he was unwilling to address her that way! However, if he did not do that, how would he be able to find them?!

Where are they!?

Were they still in the plaza?

No. They would definitely be looking for him everywhere. They must not have left yet!

Youyou could not be bothered anymore and shouted at the top of his lungs, "Mommy! Daddy! Where are you guys?" He was like a small boat, desperately making his way against the flow of this torrential tide of people, trying to get to the center of the plaza! "Mommy... Daddy!"

He turned around and searched every face. Suddenly, he saw a familiar figure. He rushed forward with all his might and grabbed that person's clothes. "Mommy!"

The woman turned around, but her face was covered in blood! Without hesitation, she pushed his hand away and ran towards the exit!

It wasn't her!

Where could she be?

Youyou panicked even more and continued his search as he ran against the crowd. "Mommy... Mommy!" Gradually, his voice started to break as though he was on the verge of tears. He looked around helplessly. The lights on the stage had all gone out and the plaza had been plunged into a deathly

darkness! Everyone was screaming, wailing and shrieking in fear..

### **Chapter 3625: A New Addition (241)**

"Mommy..."

Youyou continued to search the crowd. He tried to look in every direction for fear of missing out on anything. However, just as he was heading deeper into the crowd, he heard a sound "da da da". Nearby, the gunman was hiding in the dark and shooting at the crowd non-stop.

Swish! Youyou felt the bullet whizz past his hair. In the next second, he felt the splatter of warm blood across his face! The bullet had mercilessly drilled its way through the neck of a woman beside him. The woman fell to the ground in an instant. Youyou, who was standing beside her, quickly threw

himself onto her!

"Ahhhhh..." Startled, the boy felt the world spin as a heavy body fell onto him. He pushed with all his might, but the woman's body gradually turned cold. As he pushed her, her head turned over, so that he saw a pair of hollow, unseeing eyes staring back at him!

As the event was too sudden, her expression was one of panic still, as the bullet hit her. There was no sign of life on her. His face was as pale as a sheet, and those black eyes seemed like an endless abyss that could engulf him up at any moment!

A bloody hole could be seen on her neck. The bullet had made a gaping wound. Blood gushed angrily onto her body continually. It was sticky and warm with a metallic smell!

Youyou was so frightened that he could not speak. It wasn't as though he had never seen a dead body, but he'd never been so close to a corpse. One could even see how helpless, lost, and uneasy she was just before she died!

Youyou struggled a little, but didn't have the strength to push the corpse away no matter how hard he tried. He was suffocating!

"Mommy..." He was extremely worried that Yun Shishi and Mu Yazhe would meet with misfortune at this time! He had no idea how long the shooting would last, or how many bullets the hidden killer had! He only knew that the crowd in the plaza was retreating like locusts, trampling on his hand from time to time.

Youyou curled up into a ball and mustered all his strength to push the corpse away before shakily getting onto his feet!

Amidst the chaos, Youyou was suddenly plunged into silence!

There was a ringing in his ear, like the sound of a flatline.

Beep—

Beep—

He turned and looked around again. He looked at every terrified face and studied those uneasy expressions. From time to time, someone would fall and never stand up again.

It was a living hell!

For some reason, he felt an inexplicable sense of guilt!

She was dead

Shot to death!

Youyou lowered his head to look at his hands before clenching them tightly and charging into the crowd again.

"Mommy!"

"Youyou!"

Amidst the noisy shouting, he suddenly heard a familiar voice, hysterical, almost breaking.

It was her! It was Yun Shishi!

The boy was overwhelmed by emotions and threw his manners aside as he pushed through the crowd and shouted, "Mommy! Where are you?!"

His voice was drowned out once more. Maybe his voice hadn't reached her at all. However, at least one thing was certain. She was still in the plaza among the crowd!

Why didn't she leave!?

This place was dangerous!

### **Chapter 3626: A New Addition (242)**

No, she must be looking for him! He had to find her as soon as possible and take her away from this place!

Youyou screamed at the top of his lungs, "Mommy! Mommy... I'm here!"

In the crowd, Yun Shishi and Mu Yazhe were like headless flies, listening out for Youyou's voice. They vaguely heard a child shouting at the top of his voice. Yun Shishi immediately stopped and listened carefully. Finally, she could tell that it was Youyou's voice.

She turned around and excitedly grabbed Mu Yazhe's hand. "Did you hear that?"

The man nodded. "Yes, I heard it!"

"I feel that Youyou is nearby! He's still in the plaza..." She was oddly touched. "He's looking for us too!"

Mu Yazhe carefully listened and pointed in a certain direction. "The voice came from there!"

"Hurry! We have to find him quickly! It's too dangerous here."

"Uh huh."

The two of them interlocked their fingers and moved through the crowd.

Yun Shishi kept calling his name. "Youyou... Youyou, Mommy is here!"

At the same time, Youyou followed the direction of her voice! With his height advantage, Mu Yazhe finally spotted the boy in the crowd. He immediately pushed through the crowd and rushed towards the boy.

"Youyou..."

Yun Shishi saw him too. She ran up to him and hugged him tightly.

Youyou did not see her. Before he could react, he was drawn tightly into Yun Shishi's embrace. When he looked up and saw that it was Yun Shishi and Mu Yazhe, the huge boulder that had been weighing on his heart finally fell!

"You're alright!"

Yun Shishi cried tears of joy!

She embraced him with lingering fear in her heart. This hug after surviving a disaster made her arms tremble! Just then, when the gunshot was heard, she immediately realized that there was danger!

Mu Yazhe said that someone had attacked the crowd. Based on the direction of the gunshot, it seemed to have come from where the hotel was. He guessed that someone was hiding in the hotel room with a machine gun or an AK-47, firing at the crowd. Worried that something would happen to Youyou, they kept searching for the boy. Along the way, Yun Shishi was extremely worried!

Right now, the scene was chaotic. The crowd was rushing towards the exit and gunshots were constantly heard. In the panicking crowd, one could see people falling to the ground and vomiting blood from being stepped on.

It was not difficult to see that in the pushing and shoving, some people had fallen in front of the railings, and among them, some had had their shoulders pierced by the sharpened ends of the railing! It was horrendous!

Yun Shishi was burning with anxiety at the thought that Youyou might encounter such danger! Fortunately! The heavens blessed the boy! Youyou was fine!

Yun Shishi hugged Youyou tightly. At this point, the sound of gunshots rang again. She screamed in fright and fell to the ground while protecting Youyou. Mu Yazhe also used his body to protect the mother and son. Looking around, he saw that the people were constantly retreating. This meant that the crowd was continuously thinning, The possibility of them being seen by the killer was increasing, and they were in danger of being shot at any time!

Once the gunshots stopped, Mu Yazhe held Yun Shishi's arm and said, "We can't stay here any longer. Let's go!" With that said, he helped the mother and son up and ran in the direction that the crowd was running towards!

The man deliberately shielded Yun Shishi's left side – the side that was exposed to the hotel building. The gunshots were coming from this direction. Based on his judgment, the gunman was probably hiding there.

### **Chapter 3627: A New Addition (243)**

'Mu Yazhe was a very tall man. Even if a bullet were to head their way, he'd be the first to be hit. Yun Shishi and Youyou would definitely be safe and sound. He instinctively wanted to protect them.

Inher panic, Yun Shishi did not notice the position that Mu Yazhe had placed himself in, but Youyou saw it immediately. The man was protecting them! Unfamiliar feelings welled up in Youyou's heart!

Touched?

Guilt...?

There were all sorts of emotions!

"Here, this way!" Mu Yazhe pulled Yun Shishi by her arm while she protected Youyou. The three of them ran towards the crowd.

Police sirens could be heard. Police cars and ambulances had received the alert and rushed over. On the other side of the plaza, along the pavement facing the road, a large crowd had gathered. Everyone had dispersed here. After leaving the plaza, this was a safe place for the time being!

Youyou saw many people kneeling on the ground or crying on the ground with their hands clutching their own heads. Many people were wounded, their vitals were not injured, but they suffered heavy blood loss. Some of them called their families the moment they were out of danger, to inform their family members that they were safe. Some people were crying as they talked on the phone. They were still in shock after surviving the calamity. Some couples were holding each other tightly, while others were carrying their injured companions and crying out in fear.

“Help...”

“There’s an injured person here! Where’s the doctor? Where’s the nurse? Help...”

There were also many children in the crowd. They were so frightened that they started wailing loudly. The parents were constantly consoling and comforting them.

Yun Shishi held Youyou’s hand and ran all the way here. Exhausted, she first made sure that all of them had arrived safely. She was so terrified that she fell to the ground and did not have the strength to say another word!

Mu Yazhe was also kneeling on the ground. Youyou looked at him and was shocked when he saw that there was blood on his shoulder!

“You...” Youyou stared at him intently and pointed at his shoulder. “Your... your shoulder is covered in blood.”

Yun Shishi turned to look at Mu Yazhe when she heard this. She was horrified to see that his shirt sleeve was dyed in fresh blood. She lunged towards him and looked helplessly at the bloodstained sleeve that was covering his wounded shoulder. She asked nervously, “What happened to you?”

“I’m fine. Don’t worry. I guess I got grazed by a bullet.”

‘When they were running towards this place, he didn’t realize that he was injured. He was completely focused on leaving the dangerous area as soon as possible, so he didn’t realize that he had been hit.

Yun Shishi did not know what to do, but Youyou was the first to run over. He gently pushed her away and said to Mu Yazhe, “Sit down.”

He was too tall!

He could not perform any actions!

‘Mu Yazhe said indifferently, “I’m alright!”

“sit down!”

The man had no choice but to do as he was told.

Youyou pinched the two ends of his sleeve and forcefully tore it open. He heaved a sigh of relief when he saw the wound. He thought the man had been shot.

He looked at the wound. It was only grazed by a bullet and was bleeding profusely.

He cleaned the wound a little and tore a strip of cloth from the man's shirt to bandage the wound, applying pressure to stop the bleeding.

Yun Shishi was dumbfounded.

Youyou sensed her surprise and explained, "I learned some basic bandaging and bleeding control."

All of these were not difficult. At the critical moment, if one was injured, the most important thing was to stop the bleeding.

This was the most basic first aid that Lisa had taught him.

At first he was reluctant to learn, but Lisa forced him to..

### **Chapter 3628: A New Addition (244)**

Initially, Youyou was unwilling to learn it, but Lisa forced him to. After all, he often went to war zones. If he were to get into an accident, she would not be by his side to protect him. Hence learning this basic bleeding control could save his life!

Noticing how anxious Yun Shishi was, Mu Yazhe immediately consoled her, "Don't worry. It's just a simple graze; it's nothing serious."

"That's good then!" Yun Shishi sat in front of him, still in shock. She wiped away her tears and heaved a sigh of relief. She had finally calmed down!

The police arrived very quickly. With the clues provided, they immediately infiltrated the hotel and checked the rooms one by one. Finally, they managed to track the attacker down in a room on the 15th floor.

Upon entering the room, everyone was shocked!

The room had been turned into a weapons warehouse! AK-47, machine guns, handguns, and even hand grenades! It was hard to imagine the terror if he had thrown a grenade into such a dense crowd! The number of casualties would have been several times of what it was now!

As for the exact reason for the mass killing, it would have to wait until the investigation was carried out before the conclusion could be reached. However, this was probably the most horrifying incident that had happened in a long time.

'There were countless casualties in the huge plaza. By preliminary estimation, there would have been hundreds of casualties.

In the past, there had never been such a terrible security incident! The laws in the country strictly controlled possession of firearms. Guns were illegal. Ordinary criminals did not have the means to obtain guns. An attack of this nature had never happened before!

After Yun Shishi made a call to Gong Jie, he handed Yueyao over to the nanny and drove over. However, there was a heavy traffic jam within several miles of the plaza. All vehicles had to make way for the police cars and ambulances. There were more than a dozen ambulances alone, transporting a seemingly endless stream of injured people. All the crying, sobbing, and howling continued.

Yun Shishi looked across the railing towards the plaza. From afar, she could see the floor littered with all sorts of objects. There were many glow sticks scattered throughout the venue grounds, beverages, and cans. Corpses could be seen on the ground, as well as many injured people who were wailing. It

was hard to imagine that only a short time ago, there had been peace here. Music, beer, glow sticks, cheers, shrieks. Now, it had become hell on earth. Hundreds of corpses across the ground, blood flowed like a river.

Yun Shishi had never seen anything like this. She felt that this was a complete nightmare. The police cordoned off the venue. Youyou, too, looked on in a daze for a long time.

This incident, even without the official announcement, had already been defined as a gruesome shooting incident.

How could this be.

How could things have turned out this way?

The tragic cries and wails were still echoing in Youyou's ears. For the first time in his life, the boy realized how weapons could unleash hell on earth.

'They were considered lucky. If they had not been so fortunate... be it he, his mommy, or... Mu Yazhe... Any one of them could have been one of those corpses in the plaza. For the first time in his life, he hated guns! This thing that would only bring death!

In his mind, he suddenly recalled what he had said before.

"Lwant all the wars in this world to start and end, because of my very existence."

But... This was war, right before his eyes. After personally experiencing the near-death situation, he came to realize how terrifying war and death were. Without any means to retaliate, he could only flee..

### **Chapter 3629: A New Addition (245)**

Gong Jie finally arrived.

'When Yun Shishi saw him, she walked over and said to him. "Xiao Jie, your brother-in-law is injured. Quickly send him to the hospital!"

“What’s going on!?” Gong Jie did not know what had happened. When he arrived, he saw Youyou standing alone by the side, looking at the cordoned-off plaza. His silhouette looked lonely and bleak.

Yun Shishi was watching over Mu Yazhe. “Just a short while ago, someone was firing shots at the plaza with a gun. There have been many casualties.”

Gong Jie asked, “Where’s the ambulance? I saw many ambulances heading this way.”

Yun Shishi shook her head and said, “There are too many casualties. The ones who are seriously injured are the priority.”

‘Mu Yazhe only had a graze, so the medics gave him a simple bandage. Yun Shishi, on the other hand, was panicking. Even though Mu Yazhe had reassured her by saying that it was just a minor injury, it was not a big deal, she was still anxious.

Gong Jie examined Mu Yazhe’s condition and confirmed that it was indeed a minor injury. It was not a big deal once the bleeding had been stopped, the bullet graze would not leave any scars. He added, “Shishi, don’t worry too much. I took a look and it’s indeed a minor injury.”

Seeing that Gong Jie had said the same, Yun Shishi felt relieved! When Mu Yazhe said that it was a minor injury, she thought that he had only said that to reassure her, so that she wouldn’t worry.

Gong Jie was told about the situation and reacted in surprise. “We’ve always had good security in the capital city. How could a shooting incident happen just like that?”

Yun Shishi was also at a loss.

Youyou suddenly turned around and said coldly, “Probably to take revenge on society.”

‘When Gong Jie heard this, he only said, “Get in the car! Even if it’s just a minor injury, we have to get it treated as soon as possible!”

‘Mu Yazhe nodded and stood up on his own. He said to Gong Jie, “Don’t go to the main hospital in the city center. They will be seeing people who are heavily injured there. We can have my wound treated at any other hospital.”

“Okay.”

The three of them got into the car. Gong Jie led them to a slightly remote area and found a random, medium-sized hospital.

Along the way in, the roads were very congested, however traffic was much smoother as they drove away from the plaza. The ambulance prioritized sending the injured to the nearest hospital. Therefore, the few major hospitals near the city center were all crowded. In comparison, this hospital was a little remote. It was fortunate that there were not many people here, and it got to their turn quickly.

While Mu Yazhe was having his wound treated, Youyou and Gu Jinglian coincidentally met again along the long corridor. Who would have expected the two of them to be so pre-destined to run into each other in the same hospital?

Gu Jinglian was not injured, rather Linxi was the one who was injured. As the crowd was running towards the exit, his arm was cut by a fallen railing and the wound had to be stitched.

'When the two ran into each other, Gu Jinglian was surprised to see that Youyou was safe and sound. When he saw Youyou running against the crowd towards the center of the plaza, he thought the boy was surely doomed. Even if they had been able to dodge the bullets, they could not avoid the crowd.

The greatest fear was taking a tumble and being trampled on by the crowd. There were so many injured people. Some of them were shot by the firing, while the rest were trampled on by the crowd when they fell. There were some who were uninjured, but simply trampled to death when they fell down.

Seeing Yun Shishi sitting behind Youyou, Gu Jinglian immediately understood whom the boy had been looking for.

This surprised him!

### **Chapter 3630: A New Addition (246)**

She did not expect that the cold and heartless child in her impression had such a soft and gentle side to him. Gu Jinglian was a little stunned.

When Youyou saw Gu Jinglian, he lowered his head in silence.

'The man crossed his arms. "Why? Don't you recognize me?"

When Yun Shishi heard this, she looked up and saw that it was Gu Jinglian. Her eyes widened in surprise. She recognized him. Gu Jinglian, head of the Gu family in the capital.

He was also... Gu Xingze's brother.

Why was he here?

Youyou suddenly stood up and walked towards him. He said coldly to the man, "If you wish to address any matter, let's not do it here!" With that, he grabbed the man's sleeve and led him to a corner.

'Turning around, Youyou's gaze was filled with hostility. "Gu Jinglian, why are you following me wherever I go!"

Gu Jinglian crossed his arms in front of his chest calmly. "Why, Gong Fan? We haven't settled our scores yet!"

"What scores?"

"What happened in North Africa isn't something to be forgotten in a hurry!" Gu Jinglian said expressionlessly, "Wirth is the Gu family's key business in North Africa. You used those despicable methods to take it away from me. How are we going to settle this score?"

"Despicable?" Youyou, on the other hand, did not think much of it and said faintly, "Gu Jinglian, don't put yourself on a pedestal. I don't have to tell you how you got that piece of land that Wirth sits on, right?!"

'That was a piece of land that belonged to the Hurricane Group. It wasn't as though the Gu family came into the possession of this piece of land through any honorable methods. Now, they were calling him despicable? How did that add up? He was merely looking at the results while ignoring the process.

Gu Jinglian sized him up silently. Suddenly, he squatted down in front of the boy and said unhurriedly, "I have to say, it's really impressive that you have such skills at such a young age. However, regarding the incident in North Africa, I've indeed lost. I have no objections. However, I hope that you won't go against me in the future." After a pause, he said with some difficulty, "After all, you're just a child. If I'm too harsh on you, it'll be too much."

The boy smirked at that. "I hope as well, that you won't come up against me. Otherwise, I'll feel bad having to put you back in your place."

The two of them seemed equally powerful and it was hard to tell who was stronger.

Gu Jinglian's thin lips twitched.

The capital had always been a place of strife, and there had never been a lack of them, be they open or hidden. However, ever since Mu Yazhe married Yun Shishi, he had withdrawn from from these things and devoted himself to his family. The drive for Shengyu Corporation to expand had also waned a little.

Without such a powerful opponent, Gu Jinglian could not help feeling rather bored. With a rising star like Yun Tianyou, things could get interesting again!

Gu Jinglian stood up and rubbed the boy's head provocatively before turning to leave. Youyou's icy gaze followed the man's back as he returned to Yun Shishi side.

By then, Mu Yazhe's wound had already been treated. Seeing that the boy had appeared out of nowhere, he asked suspiciously, "Where did you go just then?"

The boy turned his face away without a word. It was as if he had returned to being the same person that he was, when he first came back to the Mu family home. He withdrew into his own world, as if isolating from the external world.

'Mu Yazhe was startled but he smiled. He understood his son's character. The boy was arrogant, sharp-tongued, and would not express his true feelings. Superficially, he looked as cold as ice, but in reality, when he encountered a dangerous situation, like what had happened earlier on, he had chosen to return to the plaza and shouted at the top of his lungs to try to locate them..
