

Sweet Love 3631

Chapter 3631: A New Addition (247)

He heard Youyou calling him.

“Daddy...”

He heard it. The boy called him Daddy, and sounded terribly anxious. That was good enough! At least, this proved that his son had never gone away!

Mu Yazhe suddenly put his arms around Youyou from behind and lifted him.

‘When Yun Shishi saw this, she couldn’t help chiding the man, “You’re already injured, behave!”

The man replied, “I’m fine. It’s just a minor injury!”

He bent over and gently kissed Youyou’s forehead. Youyou’s face instantly heated up. He awkwardly turned his face away from the man and asked awkwardly, “What are you doing?!”

“Carrying my son.” When Mu Yazhe saw his son blushing adorably, he whispered into the boy’s ear, “You were so anxious when calling out for Daddy in the plaza earlier on, but now you’re acting like you don’t care. You never mean what you say.”

Youyou looked even more uncomfortable when he heard this. He started struggling and yelling, “Let go of me!”

As he did so, a pained look appeared on the man’s face. “Psss, it hurts...”

Youyou was nervous for a moment. Thinking that his struggling had affected his father’s injury, he stopped moving. Mu Yazhe sniggered inwardly when he noticed this. Beside him, Yun Shishi and Gong Jie exchanged glances and tried to hide their amusement as well. This proved that Youyou was still the same person. Despite being awkward, he knew how to care for others!

The sea breeze swept across the island.

Mu Yichen woke up from a nightmare. Through the window, the sun was already shining brightly.

“Just a dream...”

He held his forehead. His head was throbbing. The moment he woke up, he could not remember what his dream was about. He only knew that in the dream, he was very sad. It seemed he had dreamed of Youyou

Youyou.

In the blink of an eye, a fortnight had passed since he switched places with Youyou. He was still not used to things on the island. It was boring, lonely, and too quiet. Sometimes he had Lisa as company.

Although the girl could get unkind with her words and did not like to talk much, she appeared

indifferent to Little Yichen’s provocation. Regardless, at least he had company.

In times that Lisa was not around, Little Yichen actually mastered the ability to talk to objects. Sometimes, he would even talk to himself as he walked. He would ask a question and answer it himself. If he didn't do that, he had no other ways of proving that he was still alive. Other than breathing, thinking, and conversing on this island, Little Yichen felt as if he was going crazy!

Lisa secretly gave him a tablet. When he was bored, he would play games on the tablet to pass time. He downloaded a development game, Pet Manor.

In this game, he could adopt pets, build a pet manor, raise his pets, and even talk to them. After training them, the pets could understand and respond to his orders. He kept a pet French bulldog named Youyou and a ragdoll cat named Lisa.

One day, Little Yichen was hugging his tablet and talking to "Youyou".

"Get down!"

On the screen, the cream-colored French bulldog obediently lay down and looked at him with its head tilted.

Little Yichen patted its round head and called out again, "Youyou!"

The bulldog barked happily. "Woof!"

"What is 1+1?"

Chapter 3632: A New Addition (248)

The bulldog barked happily. "Woof!"

"What is 1+12?"

The bulldog hesitated for a few seconds and barked a few times. Little Yichen called out a series of numbers. "What's 3+9-4+15-80+22?"

The bulldog was stunned and looked at him in confusion.

Little Yichen burst out laughing. "Look, you don't even know such a simple addition and subtraction method and you keep saying I'm stupid. I think you're the stupid one! Stupid Youyou!"

The bulldog understood the word "stupid" and lay on the ground with a pitiful expression.

The Ragdoll cat, 'Lisa', gracefully sauntered past Youyou. She got onto the cat bed and curled into a ball.

Little Yichen said, "Lisa, come over here."

The Ragdoll cat licked its paws and turned its head lazily. It glanced at him but appeared indifferent and ignored him.

The boy said sullenly, "Lisa, come here. Be good and listen to me."

Only then did the Ragdoll walk gracefully towards the screen and sit beside “Youyou”, with a noble and inviolable expression.

“Down,” Little Yichen ordered.

“Meow...” Lisa called lazily but did not move.

In this game, cats were the hardest to tame. In terms of attributes, cats are arrogant, cold, sometimes clingy, sometimes indifferent, sometimes affectionate, sometimes distant, and don’t take well to admonishment.

Until now, Little Yichen had only managed to successfully teach one move.

“Scratch him!”

When “Lisa” heard this, she turned around and gave “Youyou” a vicious scratch!

“Hahaha!” Little Yichen was amused by this scene. He was laughing so hard that he was swaying back and forth. Just as he lifted his head, he saw Lisa’s icy face.

“...” Little Yichen was so frightened that he froze and dared not move.

She placed the tablet on the table and asked, “Is it that fun?”

“It’s alright.”

He scratched his face. “Yeah, just killing time.”

“Is this game so interesting?”

Little Yichen replied awkwardly, “It’s alright, I guess?”

Lisa glanced at him expressionlessly before her gaze landed on the screen, on the noble looking Ragdoll cat! At least he was tactful enough to set her up as a Ragdoll cat! If it had been a dog, she would really scratch him!

Little Yichen lamented, “It’s too boring to be alone in the castle! There’s no one to play with me!”

“are you a three-year-old child that you need someone to play with you?”

“although I’m not three, I’m still a child!” Little Yichen tugged at Lisa’s sleeve and pleaded pitifully, “Lisa, play with me, okay? Let’s go gather seashells and make wind chimes.”

“Gong Shaoying will be here tomorrow.” Lisa suddenly said.

‘The expression on Little Yichen’s face suddenly froze. He stared at Lisa in surprise and asked suspiciously, “Didn’t you say that Gong Shaoying doesn’t usually come here?”

“That’s under normal circumstances.” Lisa continued, “You haven’t left the island for a long time and there hasn’t been any news from you. Of course, Gong Shaoying would come and see how you’re doing. You have to remember that no matter what, you mustn’t let the cat out of the bag when he comes tomorrow.”

“What will happen if I give myself away?” Little Yichen cursed inwardly. This Gong Shaoying was his grandfather, after all. Even if he were to make a slip up, the man wasn’t going to slit his throat, right?

Lisa said, “If you let slip your real identity, I’ll lose my life.”

Little Yichen was speechless for a moment.

“After all, I’m in charge of guarding Youyou. If anything happens to Youyou, I’ll be held accountable..”

Chapter 3633: A New Addition (249)

This news shocked Little Yichen! Lisa would get into serious trouble if his identity were exposed? Gong Shaoying was so ruthless!

It seemed that his grandfather was not lovable at all!

Feeling aggrieved, Little Yichen said, “I’m innocent!”

“I don’t care!” She grabbed his collar and said coldly, “So, I’m warning you. If you dare give the game away, I won’t let you off!”

“Then... how can I keep myself from slipping up?” Little Yichen spread his hands. “How would he be able to tell the difference when Youyou and I look so alike?”

“It’s fine as long as you don’t speak, because the moment you do, your lack of IQ will make it obvious!” She paused for a moment before continuing, “How could the leader of Hurricane Group be so stupid? Besides, do you think he doesn’t know that your mommy gave birth to twins? Not only does he know it, he also knows the biggest difference between you and Youyou!”

True, she admitted it. Youyou and Little Yichen really looked alike. However, this did not mean that an old fox like Gong Shaoying would be easily fooled!

Little Yichen was curious. “What’s the difference?”

Lisa said coldly, “One is talkative while the other is quiet.”

Caught off guard, Little Yichen felt extremely aggrieved. He did not think that he was such a chatterbox! Why did everyone say that he was talkative!

“Anyway, when he gets here, you should talk less, eat less, and stop making faces.”

Little Yichen was stumped. He could not quite understand. “I can understand why you want me to talk less and stop making faces. But why should I eat less?!”

She replied expressionlessly, “Youyou doesn’t eat much. He’s not as greedy as you. Usually, he only eats a bit of rice. It would be a miracle if you don’t arouse any suspicion by downing three big bowls of rice at a sitting.”

Little Yichen rubbed his chin. It made sense, too. “Fine. He won’t be here too long anyway.”

“Even so, you must not let your guard down. Do you understand?”

Yichen saluted and lazily replied, “Got it, captain!”

“Isn’t it just less eating, less talking, and stop making faces? I might as well just lock myself in my room.”

Lisa lifted her chin. “In fact, Youyou has always been like this. He rarely leaves his room, so when he comes, you’d better stay in your room too. Don’t go anywhere, okay?”

“Got it.”

The next day, Little Yichen woke up very early. Since Gong Shaoying had yet to arrive, he downed two big bowls of rice. However, by noon, Gong Shaoying still had not turned up.

Could it be that he wasn’t coming? Little Yichen thought excitedly that it would be best if he did not come. It would also save him the hard work of having to act like Youyou.

As he was in the midst of his afternoon nap, in a daze, he thought he heard the door shut. Then he heard Lisa’s and Alice’s voices.

The boy rolled over and narrowed his eyes. “Lisa, is he here?”

“Old Master, Young Master Fan is still taking a nap...” Lisa didn’t answer him immediately, but said this.

Little Yichen frowned and opened one eye, only to see a small crowd around his bed. He sat up in shock, and noted that Lisa and Alice were giving him nervous looks.

Little Yichen was wide awake at once. From the corner of his eye, he saw a man in his fifties standing with an erect posture by the window on the other side of the bed. He was dressed in a suit and had military-style broad shoulders. He was tall and handsome, but when he swept his gaze over, his aura was astonishing!

The boy immediately became alert..

Chapter 3634: A New Addition (250)

He recognized that this man with a strong presence was Gong Shaoying! His grandfather!

Little Yichen immediately put on a cold expression as he looked at the man in a daze.

Gong Shaoying glanced at the boy and then at Alice. “How is he?”

Alice immediately said, “He’s almost fully recovered. After a year of recuperation, the functions of his organs are basically the same as those of healthy people.”

Little Yichen lowered his head silently. His cold demeanor was no different from Youyou’s. Lisa was relieved to note this.

Gong Shaoying's visit was too sudden. She initially thought that some sort of situation must have come up and he had cancelled the trip. Unexpectedly, he turned up. She wasn't even prepared for it.

Little Yichen was taking an afternoon nap when Gong Shaoying requested to meet Gong Fan. She was worried that the boy would be too dazed to respond to him, so she informed that he was resting. However, Gong Shaoying insisted on seeing him. Accepting that she could not stop him, she uneasily led him into the room.

Fortunately.

Little Yichen was quick to react. Even though he had just woken up and was muddle-headed, he was not so muddle-headed that he gave things away.

Gong Shaoying sat down beside the bed and said unhurriedly, "Why didn't you greet me?"

Little Yichen raised his eyes to look at him, but his mind suddenly went blank! Lisa had not told him how Youyou would normally address Gong Shaoying! Old Master? Or... Grandfather!?

Lisa quickly said, "Young Master Fan is still sleeping!"

Gong Shaoying laughed when he heard this! "It's one thing for you to be half-asleep, but surely you haven't forgotten how to address me?"

Little Yichen panicked at once! In the Gong family, etiquette was most important. When a junior sees an elder, etiquette required the former to greet the latter. Gong Shaoying valued etiquette. Even someone as arrogant as Gong Jie had to greet his elders respectfully at home.

The hierarchy was clear.

Little Yichen looked at Lisa and saw her clenched fists. For a moment, he hesitated.

"Grand..." He said tentatively as he studied Lisa's expression carefully. When he saw that she did not react, he knew that addressing the man "Grandpa" was the right thing to do. "Grandpa," he called out softly.

Only then did Gong Shaoying smile in satisfaction. He patted the boy's head and asked gently, "Are you still half asleep?"

Little Yichen lowered his head and nodded lightly.

Gong Shaoying smiled. "Sleep a little longer then!"

Upon hearing this, the boy fell straight back onto the bed as if he had received amnesty! He wished he didn't have to deal with Gong Shaoying. It was a blessing that the man had suggested that he went back to bed. This way, he wouldn't have to rack his brain and put on a convincing act!

Gong Shaoying bent over and covered him with a blanket before standing up and walking out of the room. Before he left, Lisa whispered into his ear, "Youyou is very respectful towards Old Master. You'd better not let slip."

"Uh huh."

Relieved, Lisa left.

The boy lay in bed until nightfall. When it was time for dinner, he knew there was no escape. He left the room and made his way to the dining room. At this point, everyone was seated around the table, including Gong Shaoying.

When Little Yichen walked down the stairs, he saw Lisa and Alice looking at him with trepidation, worried sick that he would make a slip-up..

Chapter 3635: A New Addition (151)

However, he pretended to be calm as he walked to the table and sat down. He held his knife and fork and concentrated on eating.

Gong Shaoying suddenly put down his cutlery and asked, "A while ago, you took over the piece of land that Wirth sits on. I didn't expect that you'd be able to take it back from Gu Jinglian. You're not simple indeed."

Startled, the boy said nothing.

Gong Shaoying continued, "The factory will probably be demolished soon. When do you plan to carry out the experiment you've designed?"

Little Yichen was speechless for a moment.

Experiment?! What was the experiment!? What was Wirth again!?

Gong Shaoying mentioned a bunch of things that he was completely unfamiliar with.

This.

How would he be able to answer all these questions?! How should he answer? Didn't she say that as long as he ate less, talked less and stopped making faces, it would be fine?! How could he respond to such difficult questions!

Little Yichen looked up at Lisa in a daze, only to see her holding her forehead and looking like she had a headache. She had not expected that Gong Shaoying would discuss the issue of North Africa's experimental base with him!

At a loss for words, Little Yichen cut off a piece of steak, took a bite, and swallowed it with difficulty. Noticing that Gong Shaoying was staring at him, he elegantly wiped his mouth with a wet towel and said calmly, "I don't... have a clue yet."

Gong Shaoying fell silent.

Lisa was stumped as well, while Alice choked on a mouthful of dry red wine!

Gong Shaoying asked suspiciously, "You were the one who suggested this research base and now you say you don't have a clue?"

Little Yichen's expression did not change, even though he started to pour with cold sweat.

Fearing that the matter would be exposed, Alice quickly poked her head with her finger. When Little Yichen noticed this, he realized that Alice must be hinting at something. But.

'What did she mean by poking at her own head?

Little Yichen also poked at his own head and suddenly blurted out, "Something wrong with the brain?"

Shocked, Alice looked up and stared at him in horror. She did not expect Little Yichen's ability to comprehend was this tragic, and widened her eyes in great surprise.

Gong Shaoying was also taken aback. "What?"

What did he mean by something wrong with the brain? Alice held her forehead, looking extremely troubled.

Noticing this, Little Yichen finally understood what she meant. He held his forehead and pretended to have a headache.

Lisa immediately stood up and put on an anxious expression as she walked to his side and held his shoulders. "Young Master Fan, is your head hurting again?"

"It hurts..." He pretended to be patient and took a deep breath. "My head hurts..."

Lisa immediately looked worriedly at Alice, who quickly reacted. "Could it be a reaction to the drug?"

Gong Shaoying looked at them suspiciously. "Headache?"

Alice explained, "Some drugs have a backlash effect. There are some strong side effects that agitate the central nervous system and this can cause headaches."

Gong Shaoying actually believed her nonsense.

Alice and Lisa immediately helped Little Yichen up the stairs. One on his left and the other on his right, they made their way up. Alice couldn't wait to whisk the boy away and was on the verge of picking him up and carrying him off!

'When they got to the room, Alice got her assistant to stand guard outside the door and pulled Little Yichen into the room with Lisa. Little Yichen turned around and said, "Didn't you say to speak less?! He asked me such a complicated question. How should I answer?!"

Lisa felt a headache coming on as she said, "Old Master is probably here to talk about the North African experimental base."

"North Africa? Experiment? Base?" Little Yichen was more puzzled than ever..

Chapter 3636: A New Addition (252)

Little Yichen felt a headache coming on. "I don't even know what laboratory base he was talking about!"

Lisa explained, "Not long ago, Youyou acquired a piece of land in North Africa. He wanted to use the favorable environment there to develop an electromagnetic experimental base."

Alice suddenly cut her off. "Lisa, he's been here so long, don't tell me you haven't even briefed him on important things like Project Deva Eye."

For a moment, Lisa didn't know what to say.

Little Yichen was even more puzzled now. "What's Project Deva Eye?"

Alice sat down and immediately gave him a crash course. "Project Deva Eye was a proposal that Youyou came up with. Through scientific research and development in the quantum field, he created a 'Skynet' that could take over the entire world's information network and expel any particular one at will.

Through such a 'Skynet, one could intercept missiles at any time or interrupt the launch of any missiles. In other words, if Project Deva Eye were to be successfully developed, Hurricane Group would become the overlord of the world."

Little Yichen was dumbfounded.

Alice spoke concisely, "To put it simply, if the research and development were successful, Project Deva Eye can create all wars, or stop all wars."

Little Yichen finally understood. "So... if this project should succeed, the Hurricane Group will have complete control over the world?"

Lisa and Alice look at each other with relief, then nod and say in unison, "You could say that."

Alice was especially confused. Little Yichen and Youyou were twins that came from the same womb. How could Youyou so perverse while Little Yichen was so... stupid?

While one created Project Deva Eye, the other required lengthy explanations to even begin to understand what it was about. One had to seriously ponder their genetic makeup.

Little Yichen said, "That's an extremely complex subject. If he asks me questions about it again, I'll give myself away for sure."

Knowing about the project was one thing, but if Gong Shaoying were to ask him details of the project, he still wouldn't know how to answer.

"What should we do!?"

Feeling troubled, Lisa and Alice sighed.

"Alice, did Old Master say how long he'll be staying?"

Alice shook her head.

"In other words, you don't know when he'll leave?"

Little Yichen said impatiently, "Would it really matter even if my identity was exposed! Youyou doesn't belong to him in the first place! What right does he have to control Youyou and use him to fulfill his desire to govern the way the world works?! He's our grandfather; how can he use Youyou like this?"

Mommy will be very sad if she found out!"

Before this, he had always thought that Gong Shaoying had erased Youyou's memories and kept him in the Gong family because he missed Yun Shishi and therefore directed his affections to Youyou, keeping the boy by his side.

But now, it seemed that Gong Shaoying's intentions weren't as simple!

Could he be making use of Youyou to make Hurricane Group the overlord?!

How selfish! Youyou was in so much pain! Mommy was in so much pain! Daddy was feeling miserable too?!

Were the feelings of so many people not as important as his ambition?! Was his hatred for the Mu family so deep seated that he could not let it go?

At this moment, he was glad that Youyou had switched places with him and returned to be with Mommy.. Otherwise, Gong Shaoying would definitely destroy him!

Chapter 3637: A New Addition (253)

She tugged at him nervously and warned, "Keep your voice down! What if Old Master hears you?!"

Unable to hide the gloom in his eyes, he stared at Lisa and said deliberately, "So what if he hears?"

"Youyou will suffer too, if your identity is exposed."

"Why? Why should our fates be in his hands?! I admit that Hurricane Group is powerful, but Gong Shaoying shouldn't be so arrogant as to think he owns the world, right?!" Little Yichen said in a lowered voice, "Whatever it is, I won't acknowledge this man as my grandfather, much less address him as such again!"

Lisa and Alice looked at each other with gloomy expressions.

"Little Yichen, calm down!"

The boy turned around, his expression icy.

Lisa said, "It's best if Gong Shaoying doesn't realize that you and Youyou have switched places. He didn't keep Youyou by his side purely to make use of him. Other than dealing with Sheng Yu..."

Before she could finish speaking, Little Yichen interrupted her abruptly. "What did you say?"

Knowing that she had spilled the beans, she immediately shut her mouth tightly!

Little Yichen's eyes turned bloodshot. He grabbed Lisa's collar and asked coldly, "Against Sheng Yu?!"

Lo

"What do you think Gong Shaoying's motive is?! He used Youyou to design Project Deva Eye. He even wants to use Youyou to deal with Sheng Yu!"

Alice immediately stopped Little Yichen and pulled the two of them apart.

“Calm down, two of you!”

“How can I calm down!?”

Little Yichen snapped, “My biological grandfather is using my younger brother to deal with my father! How am I supposed to remain calm?!”

Alice took a deep breath and sighed. “Because, right from the start, he believed that it was the Mu family who took everything away from him. Hence, he is out to destroy the Mu family and Sheng Yu at all costs. If Youyou is still in the Hurricane Group, the next target would have been Sheng Yu.”

Mu Yichen cried out, “Is he crazy?! What’s the benefit of doing this?! If Mommy knew, she would never forgive him!”

“When the time comes that Shengyu declares bankruptcy, and the Mu family falls...”

“Even if the Mu family is reduced to nothing, Mommy will still be by Daddy’s side.” After a pause, he continued, “Even if the Mu family really has nothing, Mommy, Youyou, and I will not leave the Mu family. We will stay put!”

Bang!

The door was kicked open. The loud noise made the three of them jump! Startled, Lisa and Alice turned to see a tall figure standing outside the open door.

Little Yichen turned around expressionlessly as Gong Shaoying slowly strode in with a troop of burly bodyguards following closely behind him.

Gong Shaoying walked in, his eagle-like eyes sweeping over Little Yichen as he said frostily, “Staying put, huh! What a loving family of four!”

“You’re wrong. It’s not a family of four, but a family of five!”

Gong Shaoying was taken aback. “What?”

“Have you forgotten? I have a little sister! Our family of five will be together forever!”

Chapter 3638: A New Addition (254)

Gong Shaoying’s pupils constricted, but he immediately broke into a smile. Only then did he calm down and properly size up Little Yichen. He asked pointedly, “You are... Mu Yichen?”

Mu Yichen did not reply to him but glared at him coldly, clearly regarding him as an enemy!

His eyes were filled with hostility!

Gong Shaoying narrowed his eyes. “How did he get here? Where’s Gong Fan?! Didn’t I tell you to watch over him?!”

Right from the onset, he had keenly sensed the difference between Little Yichen and Youyou.

Even though Little Yichen had deliberately imitated Youyou, it was hard not to leave clues, whether it was in his expression, tone, or style of doing things.

Little Yichen was Little Yichen. Youyou was Youyou. Both of them were unique individuals and neither could imitate the other.

Gong Shaoying had noticed it immediately.

At the dinner table, he had deliberately probed the boy. Caught off-guard, the boy had given himself away. The man was taken aback, but he did not show it on his face. Puzzled, he followed Little Yichen when the boy went upstairs. Through the door, he could vaguely guess what had happened!

The two boys had made a switch! Youyou was no longer on this island, and the person before him was not Youyou but Mu Yichen!

Gong Shaoying had not expected things to turn out this way and was extremely shocked!

Little Yichen said expressionlessly, "Youyou has a name. His name is Yun Tianyou, not Gong Fan! Youyou doesn't care about the lousy name you gave him! The real Youyou only accepts the name given by Mommy!"

Seeing the change in the man's expression, Lisa immediately stood in front of Little Yichen and said nervously, "Old Master, I'm sorry!"

"They switched places?"

Gong Shaoying raised his hand and delivered a tight slap across her face.

Lisa's body shook violently at the impact of the slap, but she did not fall.

She clenched her fists and looked up, gritting her teeth. "Master, I'm sorry! But..."

Gong Shaoying shouted, "There's no 'but'!"

Slap!

Another vicious slap. The girl finally lost her balance and fell to the ground. Covering her burning cheeks, she immediately stood up and prepared to accept Gong Shaoying's punishment without a word.

"Old Master, I'm sorry!"

Gong Shaoying raised his hand again and swung it at her face. The girl closed her eyes calmly, but after a long time, the slap did not come!

surprised, she opened her eyes and was stunned to see Little Yichen holding tightly onto Gong Shaoying's wrist. Despite his strength, Gong Shaoying was not able to move his arm an inch under the boy's grip!

"You're not to hit her!" Little Yichen said coldly, "This has nothing to do with her. It was my idea!"

Gong Shaoying sized him up coldly. "Oh? Your idea?"

He did not believe that this child was smart enough to think of such a plan!

Gong Shaoying suddenly shifted his gaze onto Alice. She took a step back in shock. Gong Shaoying's gaze was sharp as an eagle's, causing her to tremble with fear.

"Lock them up!"

At Gong Shaoying's command, the bodyguards behind him rushed towards Alice and Lisa.

One of the men was just closing his grip around Alice's arm when the boy leaped forward and landed a flying kick on the man's elbow.

There was a cracking sound, then the man groaned. The boy grabbed him by the collar and threw him over his shoulder, sending him crashing to the floor.

Chapter 3639: A New Addition (255)

The back of his head collided with the ground. The intense vibration felt like a magnitude 10 earthquake.

"Ahhhhh..." No matter how tough a man was, this pain was intolerable. He cried out in agony.

Little Yichen kicked him several meters away and shouted sternly, "I'll cripple whichever hand that dares to touch them!"

Gong Shaoying snorted. "You think you can go against the Hurricane Group? You're overestimating yourself!"

Little Yichen sneered. "Yes, I overestimated my capabilities! Indeed, I'm just a child and can't do anything to the Hurricane Group, but..." he hissed, "are you going to kill me?"

He was trying to tell the man that in other words, unless the man killed him, he'd never allow the man to lay a finger on someone he wished to protect!

Gong Shaoying was stunned for a moment.

He never thought that a child would say such a thing and have such a strong will! His words were a threat, a provocation, full of contempt and disdain! Indeed, under no circumstances would he lay his hands on his own grandson! Even if Little Yichen looked down on him or despised him, the two of them were related by blood.

However, Gong Shaoying would never allow anyone to challenge his authority! "Take them down and lock them up!"

At his order, more than ten mercenaries behind him came forward and surrounded Alice and Lisa. He did not believe that Little Yichen could defeat so many of his men!

Little Yichen stared at Gong Shaoying icily, but he stood in front of Lisa without hesitation.

The girl immediately pushed him away. "Don't bother about me! I didn't fulfill my duty. This is my punishment!"

"I'll take responsibility for my own actions. I was the one who swapped places with Youyou. If it's anyone's fault, it's mine. It has nothing to do with you!"

"You...!" Lisa stared at him in disbelief. She lowered her voice and questioned him, "Little Yichen, what are you thinking? Are you really going against him?!"

Little Yichen said expressionlessly, "From the moment he made use of Youyou, he was already my enemy. I will not acknowledge him as my grandfather! He can forget about using Youyou to destroy the Mu family! Lisa, you have to remember that he's not your master. Youyou is! Have you forgotten? You were assigned to Youyou by Gong Jie, only Youyou has the power to decide your life and death, no one else can control you!"

For some reason, Lisa was shaken to the core by those words!

"This man is my enemy and Youyou's enemy. Since he's Youyou's enemy, he's also your enemy! Why are you obeying him?! I wouldn't if I were you!"

Gong Shaoying couldn't take it anymore! The grandfather and grandson had turned against each other. The man had never imagined that his own grandson would declare himself to be his enemy! It was heartbreaking. Who would have thought that things would turn out like this!

Humiliated, he suddenly flew into a rage and said bitterly, "Take him down too! Lock him up!"

The mercenary lunged at Little Yichen. Before the boy could react, Lisa, who was behind him, shoved him aside. She reached out and gripped the man's hand tightly. With a sudden twist, she broke the man's elbow!

Gong Shaoying's men encircled them. With their backs against each other, Lisa and Little Yichen worked together seamlessly against the advancing mercenaries and bodyguards!

The girl extended her hand valiantly, and needless to say Little Yichen did not hold himself back!

Chapter 3640: A New Addition (256)

Gong Shaoying never expected that a child would have such a terrifying ability!

Little Yichen and Lisa stood with their backs facing each other in tacit understanding. Confronting their opponents, they were seamless in the coordination of their punches and kicks! An adult weighing over fifty kilograms was sent flying with a kick from Little Yichen, who was less than ten years old.

Sent flying!

Just how terrifyingly strong was the boy's kick? It could actually send an adult flying such a great distance! Gong Shaoying retreated a step back in shock. At that moment, he saw Little Yichen grabbing a man by the collar and throwing him against the cabinet. With a crash, the cabinet fell to the ground!

Under Alice's cover, Little Yichen rushed to Gong Shaoying and grabbed his collar forcefully. He said coldly, "Prepare a boat for me. I want to leave this place!"

"Don't even think about leaving, unless you return Gong Fan to me!"

'Mu Yichen sneered. "I don't know who Gong Fan is. I only have one younger brother, and his name is Yun Tianyou!"

"Unless you kill me." Gong Shaoying raised his chin arrogantly and said in no uncertain terms, "Otherwise, don't even think about leaving this place!"

Mu Yichen narrowed his eyes. At this point, countless armed mercenaries rushed over from behind. There were hundreds of bodyguards stationed at the castle. When they saw this scene, they thought that Mu Yichen had kidnapped Gong Shaoying. They were so shocked that they immediately raised their guns and aimed them at Mu Yichen!

Upon seeing this, Lisa rushed over to protect Mu Yichen. "Don't shoot! This is Old Master's grandson. Don't you dare shoot!"

'The mercenaries did not put their guns away. They would only heed Gong Shaoying's orders. Hence, they ignored everyone else.

Gong Shaoying remained calm and said gruffly, "Put away your guns!"

Only then did the mercenaries put away their guns!

Gong Shaoying lowered his head and exchanged glances with Mu Yichen. He warned the boy, "Give up. You won't be able to leave this place."

"Then let me warn you out of kindness too. It's impossible for you to use Youyou to deal with Shengyu Corporation and my daddy! Our family of five will never be separated!"

"If [managed to erase his memories, I can do the same to you! Let me warn you, if you dare to leave this place, I will erase your memories, just like I did Gong Fan's!"

"L told you, he's not Gong Fan!" Mu Yichen laughed bitterly. "If you are such a person who likes to impose your will on others and manipulate other people's fate, you are not fit to be my grandfather! And even more so, you are not fit to have Mommy acknowledge you as her father!"

Smack!

'Mu Yichen glared at the man as his face was forcefully displaced to the side.

From where she stood, Lisa was stunned.

Gong Shaoying suddenly came into realization as he looked at his own hand. He had lost control of his emotions and slapped the boy hard on the face with this very hand. He hit him!

With this hand, he had hit his own grandson.

For some reason, he had lost control when he heard Mu Yichen's hysterical words! Yun Shishi was the pain that he could not confront. She had drifted out there for so many years, but for that Mu family lad, she now refused to acknowledge him as her father! He was even more unable to understand why the situation had come to the point where his own grandson had turned against him!

He never thought that the situation would end up like this!

How did it come to this?

"You are my grandson!"

Mu Yichen spoke each word firmly and unhurriedly, "From now on, I am not! I will never acknowledge you!"
