

Sweet Love 3701

Chapter 3701: A New Addition (317)

Mu Yazhe took a bite and made a face. Yun Shishi was unhappy to see his disdainful expression. "What's wrong? Is it not delicious?"

"It's not as good as Youyou's."

"Lisa, what a pity. Youyou's braised pork used to be the best. It's a pity you came at the wrong time."

Yun Shishi confidently rubbed her palms together. She saw Youyou taking a mouthful of braised pork. The boy finally gave a pertinent evaluation.

"I don't remember the braised pork I made in the past, but Mommy's braised pork is very delicious." He had always been a person of very few words. These words, however, restored Yun Shishi's reputation!

Yun Shishi's eyes sparkled with excitement when she heard that Youyou supported her so much. She felt more confident now!

...

Following dinner, Little Yichen was making his bed when he suddenly thought of Lisa. Curious, he asked Yun Shishi, "Mommy, did you prepare Lisa a room?"

"How would I have time to prepare?" She added, "However, Lisa definitely has a room tonight."

Upon hearing this, Lisa immediately offered, "I can sleep on the sofa too."

"How can you sleep on the sofa? It will be very cold at night." The boy disagreed.

Yun Shishi suggested, "Lisa, would you stay in Yueyao's room?"

"Yueyao's room?"

"Yes, Yueyao is still young. But the room has long been decorated. And who knows when Yueyao might finally move in? So why don't you stay there for now, and when Yueyao grows up, we can arrange another room for her. At least for the next few years, I don't feel at ease letting her stay in such a big room alone."

Yun Shishi brought Lisa to a room on the second floor.

At the time when Yun Shishi was pregnant with Yueyao, Mu Yazhe had personally decorated the princess room. Except that he had obviously overlooked something. There was a long way to go before Yueyao would grow up and sleep in a big room by herself. Hence, this room had been vacant until now. Fortunately, someone would clean it regularly, so it was kept very tidy.

Yun Shishi pushed open the door. Lisa's gaze swept across the room as she stood at the doorway. In that instant, it felt as though her heart gave an awkward squirm!

At a glance, it was a sea of pink. The room was decorated in a simple American style. There was a little white American-style bed with pink bed curtains. Mu Yazhe had thoughtfully chosen a bed with guard rails. The most adorable thing was that it was a loft bed.

There were two levels in total. The lower level was equipped with a desk and a wardrobe. There was a set of stairs that led to the bed on the upper level. The upper level was designed to look like a castle.

Apart from that, there was a computer, cloakroom, a French window, and a beautifully decorated balcony in the room. Nothing was lacking.

The pink walls, pink bed curtains, and pink and white window curtains matched perfectly.

Such a room was huge by Lisa's standard.

At an estimate, it was about 40 square meters and contained an ensuite. The ensuite was outfitted with a circular bathtub. Beside the bathtub, there was a shower area. One could both soak in the bath and take a shower.

Yun Shishi squatted in front of Lisa and asked, "From now on, this room will be yours, okay?"

Lisa blushed and asked shyly, "What about Yueyao?"

"Didn't I say that it's still a long way before Yueyao grows up and has her own room!"

"Alright, thank you Auntie." Lisa thanked her politely and looked around the room, laughing a little...

It was all girly pink, but she didn't like pink that much. Still, she didn't care about colors. Having a bed was good enough.

Her pursuit was that simple...

Chapter 3702 A New Addition (318)

As Yun Shishi took out the bedding from the wardrobe and laid it out for the girl, a thought suddenly occurred to her. She said to Lisa, "I'll take you shopping for clothes tomorrow."

"I'm not fussy about clothes." Lisa was not particular about her attire.

Usually, for Lisa, the tighter her clothes fitted, the better it was. Much of her time was spent wearing a combat vest. Hence when she wasn't on a mission, she would be in the simplest kind of sweatshirt and camouflage pants. The clothes were all purchased according to size. Hence, Lisa's dressing was really haphazard.

"How could you not care about your attire? You can't always dress like a boy, right? Girls should wear dresses and doll themselves up beautifully!"

As Yun Shishi spoke, she straightened the girl's clothes and smiled. "Do you know that Youyou's father dotes on daughters the most? When I was pregnant with Little Sister, he kept hoping for a daughter. Fortunately, it turned out to be a little girl. If it were another boy, he would have been completely disheartened!"

"Isn't it good to have a son?" Lisa said, "I wish I were a boy myself. I'd be stronger and bigger."

"Isn't it good to be a girl?"

“Being a girl is troublesome.” Lisa continued calmly, “Girls are often bullied.”

Yun Shishi was rather taken aback to hear that. “Why would a girl be bullied? A girl should be carefully protected.”

Lisa lowered her head and suddenly stopped talking

Seeing the disappointment on her face, Yun Shishi said helplessly, “I don’t know what you’ve been through in the past, but from now on, since you’re now part of our family, you’re my daughter. In my heart, daughters are all little princesses. They should wear dresses and be dolled up beautifully. If anyone dares to bully you, Little Yichen will be the first to come forward and protect you.”

“He?” Lisa smiled. “He might not be able to defeat me.”

Yun Shishi was speechless.

As Lisa spoke, she clenched her fists slightly. The muscles on her toned arms became distinct.

Her arms were beautifully sculpted. While her muscles were not bulky, they were well-defined and beautifully contoured. Yun Shishi was so surprised that she was at a loss for words. As if possessed, she raised her hand and gently pinched the girl’s triceps. She was shocked. “You look pretty skinny. I didn’t expect you to be so toned...”

The flesh on Lisa’s body was all muscle, without any excess flab or fat. Therefore, even though she looked very lean, in fact, her strength was even more terrifying than that of a grown man’s.

Lisa laughed. “I’ve been training since I was a little girl. All these are a result of the training.”

“Then... you can definitely do many push-ups.”

“I don’t do push-ups. That kind of training is useless to me.”

“Then... what kind of training do you usually do?”

The girl raised an eyebrow and took half a step back. With her left hand behind her back, she nimbly balanced and raised herself with her right arm. It was steady, not even the least bit shaky.

Just as Yun Shishi dropped her jaw in shock, she saw Lisa extend two fingers of her right hand, which was already propping her up. Now, she shifted all of the weight of her body to just her index and middle fingers, as she balanced herself upside down.

Moreover, she was more than just doing a handstand. She started to bend and straighten her arms in succession. Her posture was unbelievably straight.

Then, the girl landed back on the floor and stood to her feet. Nonchalantly, she replied to the woman’s question. “This is the sort of training I usually do.”

Yun Shishi was speechless. What terrifying training. It was no wonder she had such a good figure.

This girl... Was she some sort of monster?

Chapter 3703: A New Addition (319)

By the time Lisa came out of the shower, Yun Shishi had already tidied up the room and added many decorations. She had even laid out the bed for her.

“You’re done showering?” As Yun Shishi tidied up the bedding, she said, “You should be able to keep warm with all these blankets. They are all goose down quilts. I’ve brought you more woolen blankets. It might even get too warm. If you feel hot tonight, just remove them.”

As the woman muttered, Lisa found it extremely heartwarming.

So... this was how having a home felt? She walked to the side of the bed and was at a loss. She said hurriedly, “I’ll tidy up the room myself. It’s getting late. You should go to bed!”

Yun Shishi straightened up and said, “I’ve already tidied up the room. This way, I know what else is missing. I’ll just buy them tomorrow.”

The girl smiled. “I don’t feel that anything’s lacking! Having a bed and a bathroom is more than enough for me!”

“So easily satisfied?” Yun Shishi had brought the pajamas over as well. “However, you might have to make do for tonight and settle with Little Yichen’s pajamas!”

Lisa glanced at the sky-blue pajamas in Yun Shishi’s hands and felt slightly awkward.

“Little Yichen’s pajamas...”

“Don’t worry. It’s all washed and clean. Just put up with it for tonight. You don’t mind, do you?”

It was not that she minded it. It was just that... she was shy about it!

The girl hugged her pajamas tightly and nodded. Just as she was about to change into them, Yun Shishi immediately walked over to draw the curtains. She chided, “Lisa, you’re too bold. You don’t even draw the curtains before changing.”

The girl blinked in confusion.

Yun Shishi was also amused. Perhaps she was making too much of a fuss. Lisa was still a little girl and had grown up in the Hurricane Group. She must have gotten used to interacting with men, so her behavior was as straightforward as a boy’s and did not pay attention to minute details.

However, even if she did not have too much flesh on her, it was better to develop this habit. After all, she was a girl!

Just as Yun Shishi walked out of the room, another thought struck her and she walked back in. She probed, “Lisa..

“Uh huh?”

“Little Yichen said you like bedtime stories, too, huh?”

Stunned, Lisa nodded gently. "I've never had bedtime stories read to me, but I heard from Little Yichen that you always read him bedtime stories."

"Well I'll read you one then." As Yun Shishi spoke, she headed to the study to look for some story books. When she returned, Lisa was lying on the bed with her eyes wide open, as if waiting for something.

She sat down on the edge of the bed and flipped through a few pages. She looked at the first story and asked, "Have you ever heard the story of 'The Little Matchgirl'?"

"No."

"Then let's read this today."

The Little Matchgirl is a classic fairytale. It talks about the tragic fate of a little girl who was selling matches on Christmas Eve. Because she didn't manage to sell a single match, the little girl had nothing to eat for the day. She was cold and hungry. She lit the first match and saw a fragrant roast goose. She lit the second match and saw a beautiful Christmas tree. She lit the third match and saw her long-lost grandmother. Because she wanted her grandmother to stay by her side, she burned the entire bunch of matches.

However, when the matches burned out and everything was gone, the little girl died tragically on Christmas Eve. No one knew about these beautiful scenes she saw in the last moments of her life..

Chapter 3704: A New Addition (320)

Her voice seemed to possess a unique magical power! It was as though the words on the pages were transformed into a vivid dream through Yun Shishi's gentle voice. Lisa fell asleep peacefully with her head on the pillow...

Before Yun Shishi could finish reading the story, she saw that Lisa had fallen asleep. As she reflected on the story once more, she felt that the ending of this fairy tale was too tragic.

She thought about it for a moment, and right there and then, gave the story a new ending. As she straightened the bedding for Lisa, she concluded, "After lighting the last match, the little girl saw her grandmother again. She tentatively reached out, and to her surprise, she caught her grandmother's hand. It was so warm. She said, 'Grandma, I want to be with you.' The light from the match gradually went out, and the little girl leaned against the wall and fell asleep just like that. The next day, people found a frozen little girl curled up in a corner. Everyone felt sorry for her, but in fact, the little girl went to heaven with her grandmother and together, they lived happily forever."

Smack.

The lights went out.

Yun Shishi placed the story book beside the bed, stood up quietly, and left the room.

In the living room, Mu Yazhe, who had just come out of the shower, saw her coming down the stairs. He raised an eyebrow and asked, "Is Lisa asleep?"

"Yes, she's asleep."

"Youyou and Little Yichen are still waiting for you to read them their bedtime stories."

Yun Shishi paused for a moment as she held the drinking glass in her hand. Then she weakly said, "Hey, father of the children."

"Yes? What is it, mother of the children?" "I'll have to trouble you with their bedtime story tonight."

The man raised a brow and said, "Sure."

In the bedroom, Little Yichen was tucked under the blanket, eagerly anticipating Yun Shishi's arrival.

It had been such a long time since the last bedtime story!

He had been missing it for so long.

However, in his anticipation, when Little Yichen saw Mu Yazhe walking into the room with a fairy tale book in his hand. He was stunned and sat up in bed with a jolt. "Daddy, why are you here?"

"Why can't I be?" Mu Yazhe explained calmly, "Your mommy is unwell. I'll read you a bedtime story tonight."

Little Yichen said awlwardly, "I don't want you to read me a bedtime story!" Mu Yazhe snorted. "On what basis? You despise Daddy?"

"Daddy, you don't even know how to read stories! No matter how good a fairy tale is, you'll read it like it's a curse."

Mu Yazhe's voice was so deep that having him read a fairy tale made it seem out of place.

"Since you don't want to hear it, I have to insist." Mu Yazhe sat by the bed and flipped open the storybook. Little Yichen kicked it away in disdain.

The father and son pair started to argue and create a commotion.

Youyou, who was already asleep, was woken up by the din. He reached out and grabbed his brother's face, ravaging it. "Ah! Youyou, what are you doing?!"

"Be quiet!"

When Yun Shishi passed by the room and heard the commotion, she pushed open the door slightly and looked in curiously through the small crack. She saw the father and twin boys throwing pillows at each other, creating a huge scene! Little Yichen, in particular, was so angry that his face turned red from how Mu

Yazhe and Youyou had ganged up together.

"You two are shameless!" "Shameless! Shameless!" "Ahhh..."

"I'll fight you to my death!"

“Pfft.. ”

These three guys!

Mu Yazhe was no better than the kids, being a grown up and messing around this way.

Yun Shishi could not help being amused. She quietly closed the door and returned to her room..

Chapter 3705: A New Addition (321)

The next day, Yun Shishi brought the three little guys to the mall. Apart from some daily necessities, she also wanted to buy some clothes for Lisa.

When Lisa came to them, she did not bring any extra clothing. Even now, she was wearing Little Yichen’s clothes. Little Yichen’s clothes were just the right size for her. Yun Shishi’s clothes were too big and Youyou’s were too small. Yun Shishi had bought many princess dresses for Yueyao, as did Mu Yazhe some time back, however, these were also too small for Lisa. The girl was tall, almost as tall as Little Yichen.

It was the first time Lisa had shopped at a mall. The vast array of counters and various dresses and clothes dazzled her.

Little Yichen suddenly stopped in front of a children’s clothing store.

“Mommy, this shop!”

Yun Shishi and Lisa stopped in their tracks to take a look, but the latter’s face turned red!

“But they are all dresses!”

“They’re rather pretty.”

“Yes, but they don’t suit me.” Lisa had never worn a dress, hence she was a little resistant to the idea.

Yun Shishi grabbed Lisa’s hand and pulled her into the shop. “Come, try it!”

“I...” Before Lisa could protest further, she was nudged along by Yun Shishi.

Youyou and Little Yichen followed closely behind and filed in. Little Yichen was especially enthusiastic about choosing clothes for Lisa.

“This one, this one looks good!”

“And this one! Mommy, look!”

Lisa found herself standing nervously in the middle of the fitting room when someone knocked on the door. “Who is it?” she asked.

“Just me.” It was Youyou’s voice.

She opened the door. The boy stood at the doorway holding a dress out to her.

“Try this.” “This...”

“I picked it out.”

Lisa’s face turned a deeper red, but she did not reject him. She took the dress from him, locked the door, and changed into the dress. However, after changing, she did not dare to open the door and walk out. She kept tugging at the skirt, feeling that its hem wasn’t sitting low enough! She felt a little restrained and seemed to walk rather unnaturally in a dress!

Yun Shishi called out, “Lisa, are you done changing?”

“Uh huh...”

“Come out here then!”

Upon hearing this, Lisa had no choice but to open the door and walk out.

However, as she did so, she vaguely heard a few gasps. For a moment, her scalp turned numb.

“This dress doesn’t suit me...”

As she spoke, she looked up to see the Little Yichen and Yun Shishi staring wide-eyed and amazed at the dress she was wearing. Youyou, however, sat off to the side, not looking surprised. “What’s the matter?”

“You look especially good in this!”

Lisa was tall, so she looked elegant in this dress with its hem sitting past the knee. It suited her very well.

This dress was very simple, but it looked good on her. It had a white shirt top with an aqua blue suspender skirt. It was stylishly minimal, and made her look gentle and beautiful.

Little Yichen circled around her, unable to hide his amazement. “Lisa, I didn’t expect you to look so good in a dress!”

Lisa replied, “Youyou picked this dress for me. I feel that the skirt is too short.”

“Youyou picked it?” Little Yichen turned around and exchanged glances with

Youyou.. Suddenly, he indignantly stuffed the few dresses he was holding into Lisa’s arms and told her, “Try on these ones that I’ve picked! Surely I have better taste than Youyou! You’ll definitely look good in them!”

Chapter 3706 A New Addition (322)

Yun Shishi immediately said, “Hey, hey, two of them were picked by me!” “Whatever Mommy picked is equivalent to what I picked! Lisa, quickly try it.”

Yun Shishi was speechless. She sized up Lisa and Little Yichen, feeling that there was something suspicious going on between them. Little Yichen seemed to be very enthusiastic towards Lisa. Could it be... that this kid was experiencing the first awakenings of love?!

It seemed that there was an affair going on?

Lisa carried the dresses and returned to the fitting room. She didn't take too long to change into a new dress. She opened the door and walked out, but her expression was no longer as unnatural as before. It was as if she was already used to dresses, even if she still felt a little uneasy.

The dress Little Yichen chose was more vibrant. The organza had some pink decorations on it. The skirt was adorned with organza roses, and made her look like she was among a sea of flowers.

The rest of the dress carried no other embellishment. When Lisa wore it, she actually looked like a little princess.

"What do you think?" Little Yichen looked at Yun Shishi expectantly. "I picked this dress. Does it look good?"

Yun Shishi nodded. "Yes. Lisa is a clothes horse. She looks good in anything she puts on."

Youyou said indifferently from where he was standing, "It's too fancy and not as nice as the one I picked."

Little Yichen refused to buy that. "What do you mean it's too fancy? Girls should dress like this! Lisa looks like a princess in it. See how pretty she looks?"

"I don't think so. It's not as nice as the one I picked."

"Narcissist! Anyway, Lisa looks good in anything!"

Lisa grimaced. She felt like laughing. The two of them were bickering over the matter of a dress. One had to give it to them.

"Why don't you try the one I picked?" Yun Shishi smiled. "It's the matching set." "Okay." The girl returned to the fitting room again. When she reappeared this time, even Youyou's expression changed.

It had to be said, given Yun Shishi's years of experience in the fashion industry, her fashion sense was far beyond what the two little guys were capable of! She had selected a dress with Han costume elements. The lavender outer with black trimmings was elegant and ladylike, and made complete with a matte purple mid-dress and white half-skirt. The outfit was poetically classy and noble.

The top featured a classic Chinese collar that matched the belt. The puffy sleeves were adorned with decorative flowers and woven ribbons. Double-embroidered details could be found on the hem, and the belt was embroidered on both sides... It was extraordinarily beautiful.

Even Youyou, who had a fussy eye for detail, could not find a single fault with this Han-style dress that Lisa was wearing.

"It's beautiful."

Little Yichen too, was mesmerized by her. He felt as if she was glowing as she stood there!

"So beautiful..."

Even the service staff could not help marveling, "Your daughter looks so good in this!"

“Yeah! She’s prettier than a child model!”

Lisa started to feel uncomfortable being stared at by so many people. She pinched the corner of her skirt and lowered her head, not daring to look up.

“Lisa, make a turn so that we can have a good look!” Little Yichen urged.

Lisa, however, clutched the hem of her dress and remained motionless.

“Don’t make things difficult for her. Lisa isn’t used to wearing dresses.”

“Not used to wearing dresses?” The service staff was a little surprised. “Such a beautiful girl! It would be a pity if she didn’t wear a dress! I have a daughter who loves wearing dresses and imagining herself to be a little princess!”

“Unfortunately, I’m a son. Now that my daughter is becoming more and more precious, I can only be envious.”

Chapter 3707: A New Addition (323)

Yun Shishi smiled. “That’s right. Nowadays, daughters are more precious.”

Little Yichen was not happy to hear that. “Isn’t it good to have a son? Sons can also be very close to the heart.”

The service staff was amused by Little Yichen’s reaction!

“This must be your son?”

“Yes. See how they look identical – they’re twins!”

“The taller one should be the older brother.”

“They are so cute! They’ve got good genes.”

The service staff suddenly turned to look at Yun Shishi, his eyes flickering.

“I suddenly find you so familiar!”

Yun Shishi raised an eyebrow. Even though she had her sunglasses on, her facial features were visible. Upon closer inspection, a few employees immediately noticed a few things.

“You... Are you Yun Shishi?! The one who acted in ‘Lethal Beauty’!”

“I can’t be wrong! I wasn’t looking closely earlier on, so I didn’t recognize you! I’ve seen quite a few of your works, including ‘Innocence’, ‘Lethal Beauty’, and ‘Limitless Youth’!”

When the people overheard that there was a well-known celebrity around, the other staff who were occupied with other things quickly gathered around.

Yun Shishi was instantly surrounded.

Lisa had never witnessed such a big scene and was so shocked that she stood rooted to the ground. She asked in surprise, “What’s going on?”

“Mommy is a huge celebrity, so?_ she had been identified by someone.”

“A celebrity?”

“As in movies, television dramas___ an actress.”

Lisa still did not understand. She had never watched a movie and basically had no knowledge of the world of entertainment.

Little Yichen asked, “Have you never watched a movie?”

Lisa was puzzled. “What exactly is a movie?”

The boy crossed his arms over his chest and gently rubbed his chin.

Half an hour later, Yun Shishi was standing outside the cinema with the three little guys, holding three movie tickets in her hands. However, as it was not a holiday, there were very few people watching the movie.

“Lisa doesn’t even know what a movie is. I want to take her to a movie.”

Little Yichen leaned against the window and looked at the movie title on the screen as he pondered.

“What should we watch?”

“What sort of movies does Lisa like?” Yun Shishi asked.

Lisa shook her head. “I’m not fussy.”

Of course, Youyou was the least interested. He sat on his seat holding on to the shopping bags and a cup of cola in his hands.

Yun Shishi looked at him and felt gratified. Youyou loved drinking cola. This had never changed.

Little Yichen suddenly asked, “Mommy, didn’t you star in a movie called ‘The Lost Labyrinth’?”

“How about an animated film?”

Yun Shishi added, “There’s a Disney movie recently, and it’s got great reviews!”

“I want to watch ‘The Lost Labyrinth’. Mommy, what sort of role do you play in it?”

Yun Shishi recalled for a moment and replied, “I think this is a suspense thriller. I heard that I even won an award for this film.”

“What sort of award?”

“Best Female Lead.” After a pause, she continued angrily, “Also, I’m not a guest star. I’m one of the main leads. It’s just that I don’t have as many scenes as the male lead.”

“The Lost Labyrinth” was a high-quality suspense thriller. It had to be said that Yun

Shishi was getting better at selecting scripts. This film had won many important awards. Suspense thrillers were few and far between in the country, and the sudden appearance of such a film was groundbreaking and out of everyone's expectation.

All this while, the country had never produced an exceptional suspense thriller film..

Chapter 3708 A New Addition (324)

It turned out that there were also high-quality locally made thriller films. They had good box office sales and good reviews. It was very rare.

In this thriller, Yun Shishi played the female lead role of Yuqing. Her brother was a murder suspect, and she firmly believed that her brother was not a murderer. In the process of solving the mystery with the detective played by Hua Jin, she finally discovered that the real murderer was her twin sister, Yuxi.

In the finale, Yuxi was identified as the murderer. It turned out that a year ago, Yuxi had been subjected to campus violence and was sexually assaulted by several seniors. Unexpectedly, she got pregnant, but she didn't dare to tell anyone about it. Six months later, she had a miscarriage and locked herself in the bathroom. By the time her brother Yuxuan came home with Yuqing, the bathroom had become a bloody scene, with Yuxi lying unconscious in a pool of blood.

With hatred in her heart, Yuxi began her revenge and created this serial murder case. In order to cover up her crime, Yuxuan admitted to the crimes when in reality, the murderer was Yuxi.

However, when the police arrived, Yuqing was handcuffed.

The role she was playing had a split personality...

Yun Shishi was slightly taken aback.

She recalled that when she first accepted this film, she had to act as a dual-personality patient. However, there were not many cases of dual-personality in the world, so she could only figure it out herself. At that point, she did not expect that the person closest to her, her son, was a dual-personality patient.

"Let's watch 'Lost Labyrinth' then!" Little Yichen bought four tickets and they waited to enter the theater.

After the movie started, the four of them entered the cinema. At this time in the afternoon, there were not many people at the movies. In addition, this movie had been screening for more than a month and the box office had taken good returns. Hence, the screening rate had been gradually reduced. In a few days, it would stop screening altogether.

Little Yichen was very excited. After all, he rarely watched movies and rarely saw his mommy's movies on the big screen. Hence, he was full of anticipation for the movie.

The opening scene showed the female lead, Yuqing, shrouded in darkness. She opened her eyes and saw a viscous pool of blood. She turned around and was about to scream when a hand covered her mouth from behind. She fainted.

When she woke up again, she found herself lying on the bed. Her sister, Yuxi, was sitting by the bed. The opening of the story led on to the police receiving a report saying that a corpse had been found, dumped by someone, at the river bank.

A serial murder case gradually unfolded. The plot was interconnected and the scenes were intriguing. There were no additional special effects, but the pace was just right.

Yuqing had amnesia.

A part of her memory palace was often missing.

The one scene Yun Shishi remembered most clearly was when she left the library and returned to her dormitory, only to realize that the sky had suddenly darkened. She was sure that it was in the morning when she left the library. However, when she stood at the dormitory door and looked up again, the sky had suddenly darkened.

She only found out that it was the 10th of September after asking her roommate. However, she remembered that it was the morning of the 7th of September when she was in the library reading the newspapers.

The memory in between was completely missing.

What left the deepest impression on her was that one night, she walked into an alley with a person following behind her. Frightened, she started running, and eventually started a life-and-death struggle with that mysterious person!

Chapter 3709: A New Addition (325)

However, by the time she dashed out of the alley via a small walkway, it was already dusk of the the next day.

Her memories were twisted like a maze.

“What’s going on?” Little Yichen’s curiosity was piqued. “This is like a fantasy film.”

Youyou furrowed his brow but remained silent. He suddenly said, “This is a memory loss.”

Yun Shishi gave him a complicated look. “Do you understand?”

“Uh huh.” Youyou, who did not know the plot of the story, continued, “The role that Mommy is portraying must have split personality.”

She was stunned by what he said!

“The first personality and the second personality don’t know of each other’s existence. Yuqing is not really suffering memory loss, rather, she has no recollection because during that period, her second personality had taken control of her body. Thus, her first personality has got a gap in the memory during that same period. It’s because the other personality had taken over during that time.” After a pause, he

added, "Actually, I'm guessing that Yuqing doesn't have a sister. That twin sister, Yuxi, is her second personality."

"Without Yuxi, Yuqing is the one who was sexually assaulted. The murderer she has been looking for is actually herself. Thus, the persona in her body when she carries out the murders is Yu Xi and she has no conscious knowledge of this. She is not aware of the truth."

Yun Shishi widened her eyes in shock. Halfway through the movie, everyone was led to believe that Yuxi was the real murderer. However, Youyou was able to accurately pinpoint the key twist without any plot hints.

This was because Youyou had a split personality. He understood the subtle relationship between Yuqing and Yuxi. It was an intimate yet hostile coexistence.

At the end of the plot, in the mental hospital, the male lead, Anjie, played by

Hua Jin, came to the ward. Yuqing sat alone at the head of the bed, hugging her knees. He walked into the room, feeling heartbroken as he looked at her.

The story played backwards.

It turned out that Yuxi did not actually exist. Back then, because she was sexually assaulted, the originally cowardly Yuqing developed a second personality, out of the twisted hatred and despair she experienced.

The Yuxi that she thought she saw didn't really exist. During the times that she talked to Yuxi, it was perceived by others as though she was talking to thin air.

Her brother thought that she had been too traumatized and was sick, but it was not because she was sick. It was because Yuqing had always believed that Yuxi

was her sister and that she really existed.

Back then, Yuxi was not the one who was sexually assaulted and had a miscarriage in the bathroom, but herself.

The scene at the beginning of the movie was when she had transformed from her second personality to her first. The dead body that she saw when she woke up, was also killed by her.

At that time, her brother happened to return home. When he saw this scene, he immediately rushed over and knocked her unconscious, and got rid of the corpse.

It was hatred that caused Yuxi to develop a second personality. Eventually Yuqing pulled herself together and killed the second personality. In the illusion, she picked up the dagger and plunged it into Yuxi's chest. Yuxi disappeared. The second personality disappeared.

In the final scene of the movie, Anjie squatted in front of Yuqing and hugged her tenderly.

Lisa was completely immersed in the exciting movie all the way till the end. Yun Shishi and Hua Jin's excellent acting skills captivated and dazzled her, even long after the movie ended..

Chapter 3710: A New Addition (326)

Except, the three little guys looked rather solemn.

Youyou suddenly asked, “Mommy, can the second personality really be killed by the first personality?”.

“...”

“Well...”

Youyou suddenly asked in all earnestness, “Say, if the first Youyou reappears and kills me... will you... will you be really sad?”

Yun Shishi did not know what to say.

“Mommy, will you be heartbroken if I disappeared?”

Would she bear to?

Would she miss him?

At the end of the movie, Yuqing redeemed herself. How should he redeem himself then?

Yun Shishi hugged Youyou tightly as her heart ached for him. She suddenly asked, “Why can’t it coexist like before?”

Lisa tensed up momentarily upon hearing this, but held her tongue.

Youyou looked a little down as the four of them walked out of the cinema.

Having noticed this, Little Yichen immediately said, “I’ll go buy some milk tea. Mommy, wait for me here.”

Then he took Lisa’s hand and walked towards the milk tea shop.

“Little Yichen, why did you pick this movie?” Lisa grumbled as they walked.

Feeling aggrieved, Little Yichen said, “I’ve not watched this movie. I didn’t even know the plot.”

Lisa frowned, her expression grim. “We can’t let this drag on. It’s best to come to a conclusion.”

“How do we do that?” Little Yichen snapped, “Are we going to let Youyou’s two personalities kill each other? That’s too cruel.”

“There’s no other way. Let two personalities coexist? Sooner or later, he will get a mental breakdown.”

“Not necessarily so. In the past, Youyou only had two personalities coexisting, and nothing of that sort happened.”

“Things are different now.” Lisa continued, “In the past, Youyou’s second personality had always been suppressed by the first personality. Now, the second personality has completely taken the lead, and the first personality has been suppressed very badly. The two personalities have never coexisted, and only

one of them has the power to suppress the other. Can you imagine Youyou's two personalities coexisting?"

Little Yichen was stumped. "Maybe, it would really turn out like the movie."

Lisa frowned. "Sooner or later, both personalities will break down. Can you bear to do that?"

Little Yichen was speechless for a moment. Suddenly, he said, "We can't make a decision for Youyou. No matter what decision he makes, I will be behind him." He said to the clerk, "Four cups of pudding cheese milk tea."

Lisa was silent for a moment, looking at Little Yichen's side profile, she said, "Honestly, whether it's the first or second personality, I wish too, that the two personalities can coexist peacefully. However, dual personalities is an extremely rare condition. Currently, there are no targeted treatments. This is a little tricky."

'What about Alice? Does she have no way of curing it either?'

"This is not an ordinary illness, so there's no standard treatment method. Alice is helpless about this problem."

Little Yichen's heart sank when he heard this. "Let's not talk about this for now." Then he took the milk tea from the shop assistant and turned to leave.

Following behind him, a thought suddenly occurred to Lisa. "What if we seal the second personality? We don't have to destroy it."

Yichen suddenly stopped in his tracks.. "What's the difference between sealing it and destroying it?"
