### Chapter 4031: A Perfect Match (227)

Youyou rebuked him, then patted his head and snorted. "Did you take good care of Mommy and Little Sister while I was gone?"

"Of course! Whether you're here or not, I'll take good care of Mommy and Yueyao." His expression suddenly froze as a thought struck him. He hesitated for a moment, then asked tentatively, "Now that you're back, you won't leave us again, will you, Youyou?"

The boy's expression was calm as he shook his head. "Not anymore."

"Really?!" For some reason, Little Yichen was not happy to hear this response. He hesitated. He wanted to say something, but stopped himself.

Youyou laughed. "If you want to ask something, just ask. There's no need to be so secretive."

"You're back, but what about ... him?" Little Yichen looked troubled.

Although he only used the word "he", Youyou understood who Little Yichen was referring to. He raised his eyebrows and asked, "Are you hoping to have him come back?"

"... If he comes back, are you going to leave us again?"

Youyou did not answer, there was only dead silence. It was like a silent choice question. Youyou sat on the swing and began to swing gently using the tips of his toes.

Little Yichen stood silently to one side with a complex expression. He didn't understand why he felt strangely cold and alone now that the other Youyou was gone. It was as if something was missing from his life, and his heart had become empty.

The boy said faintly, "Do you know split personality?"

"Yes, I do. Mommy mentioned it to me, Youyou. You've always had two personalities, right? You and Gong Fan."

"I have two personalities. For a long time, I slept. I thought I would probably sleep forever, but he woke me up." The boy's voice was as soft as the breeze. "He said that whether it was Mommy, Daddy, Yueyao, or you... all of you needed me, not him. He wasn't needed, so he decided to leave."

"Leave?" Little Yichen, however, did not understand what "leave" meant in this case. Was it a temporary departure? Or... leave permanently? Never to return!

"Once he leaves, he won't come back."

"Well then..." Little Yichen was especially upset.

He looked at Youyou and asked worriedly, "Is he gone?"

Youyou countered, "Do you wish for him to stay?"

“I wish for both to stay.”

“What if we can only keep one?”

Suddenly stunned into silence, Little Yichen lowered his head in desolation and sighed. “I have no right to decide that.”

It was too cruel. The Youyou of either personality was his brother. One gave warmth. One made his heart ache.

Actually, the other Youyou was not annoying. Although he came across emotionless and ruthless, underneath the cold shell, he had a gentle heart.

If only one could stay... Such a choice questions was too cruel. However, as his uncle had said, it would be cruel to Youyou if the two personalities were not allowed to merge.

Little Yichen was reluctant to make a such a cruel choice if only one could stay.

“If he leaves, will he never come back again?”

#### **Chapter 4032: The Other Side 1 (Gong Fan’s Story)**

Youyou did not answer him directly. He kept his head down, as though he was thinking of something.

Little Yichen immediately said, “Don’t get me wrong... I’m just a little reluctant to let him go, that’s all.”

“Uh huh.” The boy nodded silently. “I don’t want him to go, either...” he said truthfully.

Little Yichen’s heart ached at that, and he joined his brother on the swing. He sat down slowly, holding on to the suspension ropes, and fell into deep thought.

After a long silence, Little Yichen asked hesitantly, “What’s that world like?”

What was the world of Gong Fan like?

At the end of the day, Gong Fan was just an ordinary child. It was difficult for him to understand what the dual personality world was like.

He was very curious.

“When I was young, I felt that I wasn’t the only one in this body.” It was an invaluable moment that Youyou opened his heart to Little Yichen. This was also the most important door.

In the past, it had never been opened to Little Yichen, or anyone else, for that matter. Because he felt like an outlier, an abnormal child. He didn’t want anyone to know that he was abnormal, especially not his brother, Little Yichen.

Little Yichen was too dazzling a character. From the day he was born, Little Yichen was destined to be superior to him. At least, the boy had a healthy body, and it made him envious. It was supposed to be blissful not to have to stay in that place drenched in antiseptic and watch on as other people’s children run and jump and play happily, right?

Little Yichen's smile was like sunshine. When he smiled, his dimples were adorable. Most of all, the boy was authentic and transparent. At least when he smiled, it was with genuine happiness, not forced happiness.

Whereas, at a child's most innocent age, Youyou had already learned when to pretend to laugh and when to cry. Sometimes, he would force a smile even though he was in a bad mood.

Especially when he was subject to Yun Na's and Li Qin's bullying. He'd been so aggrieved, but he'd forced himself to smile and say it didn't hurt, that he wasn't afraid, that it didn't matter.

At some point, he started to realize that there seemed to be another Youyou in his body. Youyou had always believed that this boy was the aggressor, and therefore had always suppressed him. He had not been to his world because he had never known that he had one.

It felt intriguing to have two personalities inhabiting one body.

"The memories of the two of us are interlinked. All that happened when he was this body, I didn't know. And all that happened when I was this body, he didn't know. So ..."

Youyou's lips suddenly trembled.

"That's why I didn't know about him tossing Yun Na and Li Qin overboard until later. And even then, I didn't have a complete understanding of it, only a vague feeling that he had something to do with it."

Little Yichen looked startled.

"He didn't know right from wrong. All he knew was that he had to get rid of whatever he didn't like, and carefully protect whatever he liked." The boy smiled faintly. "But there's something we share in common. He... loves Mommy, too."

"..."

"I had my first communication with him when I was six."

## **Chapter 4033: The Other Side 2**

"I had my first communication with him when I was six."

"Communication?"

The boy nodded. "It's not the kind of face-to-face communication you imagine. It's a very, very vague communicatio

ngting jumped for a long time before Sze Lingyun rained on her parade?a little. "Ah... I can't be sure of things just yet. After all, I haven't confirmed that I'm Zhou Hua's daughter, and we haven't confirmed whether Incle and Zhou Hua have that kind of relationship yet."

"We have! Listen up..." Wu Pingting explained anxiously. "Yesterday, you heard from my grandfather that Uncle didn't get married and have children, and instead adopted that ingrate Wu Zongxu, was

because he loved this girl, the girl who saved him in the valley. Even though he never said why he was so?obsessed with that girl, if that girl was your mother, you can probably guess why. Even though they only had one night, Uncle and your mother did it. After that, Uncle was rescued by Grandpa, and your mother disappeared. Your mother probably went back and realized that she was pregnant with you. And my uncle is a loyal and monogamous man, so he never remarried.”

With that, Wu Pingting looked at Nangong Nuannuan excitedly and asked, “Nuannuan, don’t you think my sister looks very much like a member of my family? You haven’t met my Uncle, but you should have met my aunt. Both of them inherited my grandmother’s looks and look very similar. Don’t you think that Sis looks very similar to my aunt?”

Nangong Nuannuan nodded. “Yes, very similar! Senior Sister and her mother’s auras are very similar, but they only look about half-alike. I wanted to say it when the two of you met yesterday. but I think that Senior Sister and your aunt look really similar.”

“Right, right!” Wu Pingting looked at Sze Lingyun proudly, “Sis, since Nuannuan says so, you must be our Wu family’s child! Let’s go, let’s go! Let’s go home! I want to make everyone in the family take a DNA test with you.”

After saying that, Wu Pingting took out her phone and made a call.

Little Yichen frowned, gathering his thoughts. “I see. He’s the one who created the glories of Lezhi Holdings and proposed Project Deva Eye, wasn’t he?”

“Uh huh.” Youyou nodded. “He and I alternate sometimes. Swaps happen very quickly. Maybe in the blink of an eye, he and I would have switched places. That’s why my memory fragments have gaps in them.”

“What kind of gaps?”

Youyou tried to recall and then said, “I remember one time, I was going to school. I clearly remember going out in the morning, but when I opened my eyes, Mommy was standing in front of me. When I looked at the horizon, it was already dusk.”

“What do you mean?” The boy was creeped out.

### **Chapter 4034: The Other Side 3**

The boy turned and said earnestly, “In other words, he’d been there since I left the house in the morning. When I returned to this body, it was after school in the evening. The memory of what happened in between was no longer there. My memory was of the morning, then in the blink of an eye, it was evening. I had no idea what had happened in between.”

And then...

“Then I’d feel very tired, completely exhausted, and I’d want to sleep. Sometimes, when there is a personality swap, my heart would follow the overload. I’d feel awful...”

Little Yichen suddenly shuddered. Just imagining this scene was scary. Forgetting one's memories was the worst thing.

One of the reasons people are superior to other animals is because of the composition of their memories. Whether it's reading or working, memory is integral.

Like a loyal dog, even if its master had abused it, it will mostly forget this memory.

But people don't. People will always remember. It's etched into the depth of their minds. When one's memory goes missing, one can't do anything right. Besides, it will be especially painful. When there's a personality swap, the memories don't interconnect. Then, life too, becomes fragmented and especially painful.

It was no wonder Alice had said that the boy's body simply couldn't handle two personalities. Because the constant swapping of two personalities was an extremely painful thing in itself.

Youyou took a deep breath and said faintly, "By the time I discovered that such memory fragments were caused by the swapping of my personalities, I was no longer able to suppress that situation. In fact, if treatment had been available at that time, perhaps it would not have been so serious. Perhaps it was also because I was constantly suppressing him that..."

He felt a headache coming on.

"He seems very rebellious. The more I try to control him, the more rebellious and perverse he is. He wants to take control of me, and even thinks that he is the first personality."

Little Yichen said, "Actually, I used to think you were scary. Because you were like a little angel in Mommy's presence, but with me, you were so cold and strange and sharp-tongued. But when I think about it, you weren't really you back then. It was just the other Youyou manifesting himself. But he didn't hurt anyone. Where Li Qin or Yun Na are concerned, I'd have dealt with them too, if I were you. Except maybe... his methods were more extreme, but that doesn't mean he was evil."

Youyou nodded and replied, "Well, now I'm relieved. And I don't think 'he' is evil."

Little Yichen suddenly said, "Do you believe in telepathy between twins, Youyou?"

That suggestion surprised the boy. "You seem to have mentioned that to me before."

Reading on Mybo xno vel. com ,Please!

"Uh huh. Before I met you, I didn't know you existed, but I'd often dream of you. In my dreams, I'd put myself in your shoes. I thought it was a little incredible, but the scenes were so real that it was almost unbelievable."

"There are many things in this world that cannot be explained with the science we know."

Little Yichen smiled. "Uh huh. I kept dreaming about you, and I mentioned it to Daddy. Only, he didn't really believe it, because, back then, he didn't know you were alive."

“Yes. I kept dreaming about you. I mentioned it to Daddy, but he didn’t really believe me. At the time, he didn’t know you were alive until later. Daddy told me that when we were born, you were weak and had stopped breathing before help arrived. By the time aid arrived, you weren’t breathing. They only took me with them, because they didn’t expect you to still be alive.”

Youyou only kept his head down but said nothing.

Suddenly concerned, Little Yichen asked, “So... is ‘he’ really gone?”

Youyou said nothing, but took a deep breath and looked up at him. His clear eyes began to fill with a rolling thick, dark fog that rolled over and over. It was demonic and frightening.

He didn’t say anything, but just sitting there on the swing, exuding an aura that made it impossible to confront, Little Yichen was inexplicably alarmed.

It was him...

Youyou did not say a word, but that invisible aura made the boy realize that the person in front of him was not the angel, but the little devil, Gong Fan.

“You seem very keen for me to leave.”

His tone made Little Yichen even more certain that Gong Fan had not left!

Little Yichen was pleasantly surprised. The boy did not know how to hide it, so much so that the emotion was extremely clear in his eyes. “You’re still here, Gong Fan. You haven’t left!” He was so excited that he hugged Youyou tightly! “I really thought you’d left. I’m glad you didn’t...”

Gong Fan widened his eyes in surprise. He hadn’t expected Little Yichen to look so excited to see that he was still occupying this body. He had even imagined the desolate disappointment that would be reflected in Little Yichen’s eyes upon finding out that he had not left.

But unexpectedly...

He felt rather awkward to have Little Yichen hugging him so tightly, hence he pushed the boy away slightly. There was a hint of unnatural embarrassment in his eyes.

“What... are you doing?”

“Er... I’m just... really happy!” Little Yichen realized that he had been too excited and immediately withdrew his hand. He straightened his collar a little, embarrassed too.

Although Gong Fan was staring at him coldly, his chest felt inexplicably hot, as if it had been scorched by magma. “Happy?” He snorted. “What’s there to be happy about? I haven’t left, I’m still occupying this body. Aren’t you upset by that?”

Little Yichen laughed. “Why would I be upset? Both of you make up my brother. I like you both equally. I can’t bear to see anyone go, neither you nor him.”

Gong Fan’s eyes suddenly flashed, but he didn’t say anything. He turned his face away.

Little Yichen said in a surprised tone, "But just a moment ago it was 'Youyou'. Why did you swap all of a sudden?"

"He's tired." At the mention of Youyou, Gong Fan's expression inexplicably softened and there was no longer hostility in his eyes.

"Tired?"

"Uh huh." Gong Fan said indifferently, "He's been asleep for too long and hasn't adapted to this body yet, so..." He didn't know how else to explain the process.

Little Yichen seemed to have clarified his thoughts. Could it be that the two personalities, Youyou and Gong Fan, had reached a tacit understanding? Every personality needed to rest. So, while this personality rested, another personality would manifest through the body to become "Yun Tianyou." When Youyou was resting, Gong Fan would come out. If Gong Fan got tired, would Youyou return?

He should... that should be the correct understanding!

## **Chapter 4036: The Other Side 5**

When Youyou was resting, Gong Fan would come out. If Gong Fan got tired, would Youyou return?

He should... that should be the correct understanding!

Little Yichen didn't ask any questions. It seemed that Gong Fan was also in a bad state.

Leaning back in the swing with his head bowed, he told his brother, "Leave me alone."

At that moment, he was on the phone while standing in front of the window. He spotted her running in and gave her not more than a side glance. He quickly moved his gaze towards the outside of the window and continued his serious conversation on the phone. 4

He acted as if picking her up from prison was nothing more than a matter of convenience.

Zhong Nuannuan finally felt relief in her heart when she once again saw this man, who was as tall as a pine tree and as noble as the gods. 9

There was a sudden pain in her heart that flooded into her eyes. If she had not done all she could to keep them under control, her tears would have fallen again.

"Nuannuan, how are you doing? You've been in prison for a month. Did anyone bully you? Are you hurt anywhere? Tell mum and I'll make sure to settle everything for you!" 1

"Nuannuan is my daughter. There is no way that the daughter of Zhong Kuijun would be so weak. Just look at Nuannuan's healthy face, she is in the pink of health. One look at her and anyone can see how well she is doing! Hahahaha... My girl, the Zhou family has withdrawn their suit against you. You have been pronounced not guilty for murder. Your dad is here to take you out of prison. Are you feeling happy?" 4

Zhong Nuannuan's sight was suddenly blocked as her father, Zhong Kuijun and mother, Jiang Shuwan, stood in front of her. One of them took her left hand and the other held her right. They were concerned over her as they kept asking about her wellbeing.

In the middle of the room, her older sister, Zhong Qianqian, whom they shared the same father but had different mothers, stood not far from where Chi Yang was. Her body was a little slighted and from where Zhong Nuannuan was standing, it looked as if they were standing side by side. 5

She worried that if she were to walk over and push open the door, she would find that it was the nanny cooking, not the boy. She didn't dare, couldn't bear, to face the sense of loss.

Little Yichen walked to the kitchen door and pushed it open. Sure enough, Youyou was standing in front of the oven, carefully removing the Orleans wings. By now, the boy had grown so much taller that he no longer needed to step on a small stool to cook.

Setting the tray aside, he looked in the direction of the door. When he saw that it was his brother, a gentle smile broke across his face. "You're finally up?"

"Youyou..." Little Yichen had barely gotten the word out when he heard urgent footsteps behind him.

Yun Shishi's mind went blank. She came to the kitchen entrance and stared at the boy standing by the oven with his gloves on. Tears welled up in her eyes.

"You..."

When the boy saw her, he calmly removed his gloves and turned to her with a tender expression.

"Mommy, it's time to eat!"

Mommy... His tone alone brought a sense of warmth that she had not felt for a long time!

It was him... It had to be him!

He... That little angel, the first light of her life, had finally returned to her!

"Youyou..." She threw herself at the boy and pulled him into her arms, hugging him tight!

"It's... it's you. It's really you!"

### **Chapter 4037: The Other Side 6**

"It's you!" Her eyes widened as she tried to get a better look at the child in front of her. Hastily, she wiped the corners of her eyes and forced back the tears. She couldn't swallow the lump in her throat.

Yun Shishi hugged him tightly, as if she were afraid that in the next second, the boy would turn into a wisp of smoke and disappear from her sight!

The boy sighed in exasperation at that and gently stroked her hair. "Mommy still cries so much."

"Is it really you, Youyou?" She pursed her lips together to stifle a sob. "Mommy isn't dreaming, am I?"

Youyou looked at her with much fondness. "If Mommy is not quite awake yet, you could go back to bed and continue lying there. I'll wake you up when dinner is ready."

When she heard this, her tears started flowing. From this alone, she could almost conclude that the child in her arms was not Gong Fan, but Youyou... Only Youyou would speak to her in such an indulgent tone.

She was strangely moved. She hugged the boy tightly, speechless for a moment, because the moment she opened her mouth, only broken sobs escaped.

She had felt this way once before. She remembered when they were younger, one of Yun Na's sisters visited and took her favorite doll without her consent.

When she came home from school, she couldn't find the doll. She thought she'd misplaced it somehow, until the little girl came to the house to visit again. She looked on helplessly at the doll that the child held in her arms. Now she knew. She hadn't misplaced it. This child had taken it. There and then, she said nothing, but after the girl was gone, she started crying.

Li Qin then chided Yun Na. It was only later that Yun Shishi learned, the girl had initially wanted Yun Na's doll. Naturally, she couldn't bear to part with her own toy, so she shoved Yun Shishi's doll into her arms.

Yun Shishi was sad for a long time after that. Later on, during her birthday, Yun Yecheng secretly tucked a gift box under Yun Shishi's bed. That night, when she went to bed, she found a note clipped to her diary. On it, Yun Yecheng wrote: *A present for you under the bed.*

She found a box under the bed and pulled it out. Opening it, she realized that her father had secretly bought her a doll behind Li Qin's back. This doll was exactly the same as the one that had been stolen from her.

Holding this "lost and found" doll, she began to cry. She wasn't sad or happy, but just strangely emotional. One could say that she had mixed feelings.

Now as she held Youyou, she had the same feeling.

The boy caressed her face and gently wiped away her tears with both hands. In spite of himself, his eyes reddened.

Reading on Mybo xno vel. com ,Please!

"Mommy, I'm sorry... I've kept you waiting..." As soon as he said it, his eyes turned even redder, but he was still smiling. Except that when he smiled, his eyes narrowed, and his tears spilled over.

Yun Shishi couldn't stop her tears. No matter how he tried to wipe them away, they continued to flow, like a chain of pearls with its string cut. She did the same for him too, wiping his tears away.

As the mother and son pair wiped each other's tears, they cried and laughed at the same time.

Little Yichen stood there, feeling both envious and relieved. Relieved that mother and son were finally reunited.

## Chapter 4038: The Other Side 7

As the mother and son pair wiped each other's tears, they cried and laughed at the same time.

Little Yichen stood there, feeling both envious and relieved. Relieved that mother and son were finally reunited.

Luo Anning looked at the crazy crowd and her footsteps paused for a moment. Rong Yan held her waist tightly with one hand to prevent her from being knocked. Seeing her hesitation, he lowered his head and moved closer to her ear, "Aren't you very interested? Let's give it a try."

Looking at the crowd that was getting crazier and crazier, Luo Anning bit her lip and shook her head, "... I don't think so."

Didn't he not like to be crowded with others?

There were so many people. Even if he wouldn't be bumped, there would inevitably be physical contact at such a close distance. Could he bear it?

After considering all these, Luo Anning was a little disappointed and decided to return to the villa. Just as she was about to turn around and walk back, her waist suddenly tightened and the man used force to hold her.

"Don't worry, no one will bump into you. I'm here." The man's deep and magnetic voice was like a treasured vintage wine. It was so mellow and seductive.

It was a little sexy and a little seductive.

Especially that sentence, with me here, it was worth a thousand words.

"... But you don't like to be crowded..." Luo Anning hadn't finished her troubled words when her lips were blocked by a slender index finger.

In the man's deep and phoenix-like eyes was a deep smile and... doting?

Before she could ask again, he raised his hand and snapped his fingers. Not long after, Xu Zhiyuan and the bodyguard immediately appeared behind the two of them.

"Young Master Rong, Young Madam, Good evening!" They greeted in unison.

Their voices were not low, but they were still drowned out by the cheers and cheers of the crowd.

Luo Anning turned around to look at the person who had just arrived. She opened her mouth slightly in surprise. Xu Zhiyuan and his bodyguards were all wearing ordinary casual clothes. The black and strict black suit that they wore during the day had long disappeared.

As for the bodyguards in black, they had changed out of their heavy black suits and put on ordinary clothes that were no different from ordinary people. The frightening sense of strictness had been greatly reduced!

Luo Anning could not help but sigh. "People really rely on their clothes and horses... different clothes make people have different temperaments."

Xu Zhiyuan coughed. Young madam, are you praising or belittling me?

"All of you follow me. Just don't let anyone get close." After giving the order, Rong Yan held his wife and walked into the crowd.

The bodyguard led the way, and Xu Zhiyuan followed closely behind the two of them.

With the strong body of the man in black leading the way, it was indeed much smoother. The two of them came to the long table filled with beer. At this time, the host gave the order and announced the official start of the beer competition.

alities, but, as a rule, split personalities were supposed to be independent of each other and unaware of each other's existence. However the boy was vaguely aware of it.

Yun Shishi recalled the analysis made by a professor that it could be because the boy's sixth sense was particularly acute. Before this, the boy's primary personality had been vaguely aware of the presence of another self. The second personality, on the other hand, had never known the existence of the first. However, after Alice's hypnosis, she had created a fantasy world.

#### **Chapter 4039: The Other Side 8**

Yun Shishi recalled the analysis made by a professor that it could be because the boy's sixth sense was particularly acute.

Before this, the boy's primary personality had been vaguely aware of the presence of another self. The second personality, on the other hand, had never known the existence of the first. However, after Alice's hypnosis, she had created a fantasy world. In this illusory space, the two personalities finally met.

At that moment, the second personality finally discovered the existence of the first personality.

At that time, Gong Fan's personality also understood that if he wanted to outlaw Youyou, he had to become the primary personality. But he did not know that the first personality could not be destroyed.

After Youyou had fallen asleep, he took over and outlawed the primary personality. As a result, when he was around Yun Shishi, especially when he accidentally found her staring into space while holding Youyou's old photos, he felt his heart ache. It seemed he had done something unforgivable. It was as if something beautiful and pure had been destroyed.

For a long time, he'd harbored an indelible guilt. When he grew closer to Yun Shishi, that guilt tormented him all the time. However, Yun Shishi did not resent Gong Fan at all. She understood deeply that both Youyou and Gong Fan were part of this life. Gong Fan wasn't unforgivable. In the past, even when he was not the primary personality, he had silently protected her.

After Alice's hypnosis, despite the loss of all his previous memories, the feelings he had for Yun Shishi gave rise to a bond, throughout the time they spent together, that was difficult to sever.

Yun Shishi did not show favoritism. It was just that at the time, she had thought that the boy who had once been as beautiful as a crystal would probably never return to her. That was why she felt so unbearably sad. Now that he had come back to her, how could she not be excited?

In her excitement, she could only cry. The boy felt another pang of sadness as she continued to cry.

“Mommy, I’m back now, am I not? Don’t cry, okay?”

Yun Shishi nodded, but the tears continued to fall.

The more she cried, the more heartbroken he became. He took a deep, shuddering breath. “It’s all right then. Just cry...”

It wasn’t a crime to cry. Gently wiping away her tears, the boy sighed again. “It’s just that if you cry too much, you’re bound to get swollen eyes. It wouldn’t look pretty.”

Yun Shishi laughed through her tears when she heard this. “Who cares about looking pretty?” Choking on her tears, she threw her arms around the boy’s neck. “My Youyou’s back. Who cares about my eyes being swollen?” She asked again, “Will you suddenly disappear again one of these days?”

The boy laughed at that. “No. I’ll never disappear...”

Reading on Mybo xn o v el. com ,Please!

“Really?!” Yun Shishi was skeptical, though.

Of course, she had also heard Gong Shaoying mention that the main personality of a split personality would never disappear. But that didn’t stop her from worrying. She was always worried that tomorrow, or the day after, or maybe the day after, the boy would suddenly disappear again and be replaced by Gong Fan...

Highly amused, Youyou said, “Don’t worry, Mommy. I won’t leave you again. Never. Don’t worry about it, okay?”

Yun Shishi nodded, and was suddenly struck by another thought.

## **Chapter 4040: The Other Side 9**

Yun Shishi nodded, as another thought suddenly struck her. She looked at him and ventured, “What about... ‘him’?”

“Mmmm?”

“Previously. Alice said your personality had been destroyed. I kept thinking...” She steadied her own emotions again and said sadly, “I thought you’d never come back, that was why...”

“‘He’ isn’t dead. He’s still here, but ... I don’t know when he’ll be back.” The boy added, “But I’m sure Mommy will see him again.”

Yun Shishi was relieved to hear that, but something else worried her.

“The both of you... coexist?”

“Uh huh.”

“But ... your body won’t be able to hold up this way, will it?” Youyou did not answer the question directly, for even he did not know how long the coexistence of two personalities would last.

“Mommy, don’t worry about this. Even if you worried about it, there’s nothing you can do.”

She said nothing more.

...

Shengyu Group.

Mu Yazhe was in the CEO’s office, looking through his notebook, but his eyes were blank. It was hard to tell what he was thinking. For some reason, he had been feeling inexplicably uneasy since yesterday.

His cell phone suddenly rang. He picked it up. It was Yun Shishi. He was surprised. She would not normally call while he was at work, unless there was a special situation. Either she had run into something tricky, or...

He didn’t want to make any guesses and asked anxiously, “What is it, Shishi?”

Reading on Mybo xn o v el. com ,Please!

“Are you ... coming back for lunch?”

“Why? What’s the matter?” Usually, he would eat at the office, but now that she suddenly asked him if he would be home for lunch, he became even more suspicious that something had happened.

“It’s nothing much. If you’re free, why don’t you come back and have lunch with me?”

He arched his brow at her brisk tone, and felt more settled somewhat. “Alright, since Madam has extended an invitation, I see no reason for me not to go home?”

“Hmph, have you been sneaking peeks at my script? Why are you sounding so much like someone from the ancient times?”

Mu Yazhe smiled gently at her. “You’ve been carrying your script with you everywhere you go ever since you took on the show. Of course I have to take a look at the script to see why it fascinates you so much!”

“I knew it!” Yun Shishi snorted and immediately said, “Okay, no more jokes. Come home soon. Youyou has a surprise for you.”

“Youyou?”

“Shhh, it’s a secret.” She quickly hung up, probably worried about revealing too much.

Mu Yazhe put the phone away, closed his notebook, and immediately stood up. As he walked to the door, he ran into Lu Jinyu. The man was looking for him.

“What’s for lunch today, Boss?”

Mu Yazhe glanced at him and replied, "You're on your own for lunch."

Lu Jinyu sized him up suspiciously. "Why? Aren't you coming with me?"

"No."

"Do you have an appointment with someone?" Lu Jinyu made a show of sniffing in the air. "Yo, who is our boss meeting for lunch? There's an affair going on. I have to report to Sister-in-law."

"Sure. I'm going home for lunch. Go ahead and make your report!"

Lu Jinyu loved to snitch. He would tell Yun Shishi every detail about Mu Yazhe's movements.

"What? Going home for lunch?"

It was unprecedented. One had to know that Mu Yazhe was a busy man who would often settle his lunch casually.
