

Sweet Love 4391

Chapter 4391 The Other Side 360

“Let’s not talk about that man for now.” Gong Fan continued, “In this world, other than that man, there seem to be other personalities. We spent a lot of effort dealing with that young man. Facing him, I felt that we didn’t have the strength to fight back at all. Alright, let’s not talk about these two people for now. On the other hand, if you were to encounter a kind personality like Shanshan, would you... be able to do it?”

Youyou fell silent again. He had no way to be sure. If it had been someone with Shanshan’s personality, he would be able to do it.

“So ... what do we do?” Youyou suddenly felt lost.

Gong Fan laughed and shook his head, saying helplessly, “I don’t know either. We can only take it one step at a time. Youyou, we don’t know how many personalities there are in this world. There might be more. However, we can’t even defeat that man alone.”

The boy muttered to himself, “If only Little Yichen were here.”

“Haha! At this point, you finally think Little Yichen is good?”

“Little Yichen is very powerful. I’m sure that he can defeat even such a strong man in just a few moves.”

“Unfortunately, Little Yichen is your brother, not your personality.”

Despite himself, Youyou bowed his head in disappointment.

“Let’s rest for a while. We’ll make plans when day breaks.” Gong Fan lay down beside him.

Through the mottled shadows of the trees, he could see tiny stars flickering in the blurry night.

He raised his hand and pointed to the sky. “Look,” he said to the boy with a smile, “that star is especially small, but especially bright.”

“Although it looks very small to the naked eye, it might be a very large planet.”

“Uh huh. Just that it’s a long way from us.”

“I didn’t expect to see such a beautiful night in a dream like this.”

The boy sighed. “Honestly, the scenery here is great. Too bad there don’t seem to be any islands as beautiful as this in real life.”

When Gong Fan heard this, he suddenly said, “If that’s the case, we can travel the world in our dreams.”

The two little ones clung to each other and began to make small talk.

“I have to invent a Dream Maker.”

“What’s a Dream Maker?”

"If possible, I'd want the Dream Maker to be a pillow that affects brain waves. When people sleep on it, they can have countless dreams as beautiful as they can imagine. They can also see the sights all over the world."

"That's a good idea, but with current scientific methods, it doesn't seem possible."

Youyou said, "That will have to wait until I'm older. Maybe when I'm older I'll actually invent a dream-making machine?"

Gong Fan smiled and patted his head. "Why would you waste your intelligence on such a thing?"

"Why not? It's not like it's crooked or anything. Wouldn't it be nice to invent something wonderful? A lot of people don't like nightmares these days. If there were such a pillow, there would be no more nightmares."

"A pillow like that would be expensive!"

Youyou reacted abruptly. "Why are we having a conversation about something so pointless?"

"You're asking me? You were the one who started the conversation."

Youyou sat up and looked around. "Why don't we explore this place?" he suggested. "We might find something new."

Gong Fan nodded. "Alright, not a bad idea."

The two kids got onto their feet.

Chapter 4392 The Other Side 361

The two kids got onto their feet. They hadn't gone far when they heard a particularly slight movement behind them. Youyou stopped suddenly and turned back warily, sensing that something was following them.

Gong Fan couldn't help but become vigilant when he saw him looking back. "What's wrong?"

"I heard a strange noise."

"How is that possible?!" Gong Fan turned and looked around. "Why didn't I hear it? Could it be your imagination?"

'Didn't you hear it?'

"Uh huh."

Youyou exhaled. "Maybe it's my imagination. Maybe it's the movement under our feet. I misheard."

He started walking again.

They were in a forest, treading on grassy ground. Under their feet was a patch of grass. Even if they were careful, they'd inevitably make a slight rustling sound.

The boy had only taken a few steps when he heard the strange movement behind him again.

He stopped dead in his tracks.

This time, even Gong Fan heard it.

Now that the boy had mentioned it, he was suspicious. He kept an eye out for movement behind them. As they moved forward, it was clear that someone was following them.

“There’s someone...”

Youyou lowered his voice and said to Gong Fan.

Gong Fan nodded as well. “I heard it!”

They spoke softly and had reservations. However, the footsteps that seemed to be following them made them wary.

“What do we do now?” Youyou looked worriedly at Gong Fan.

“I’ll count to three later. Then we’ll make a dash in the southern direction.”

“Are you able to run?”

“It’s okay. I’m fine.”

“Alright then. ”

Gong Fan and Youyou reached out tacitly, and tightly held each other’s hand. They pretended to be calm as they walked forward.

“One...”

“Two...”

“Three!”

The moment Gong Fan announced “three”, the two little guys immediately ran! They sprang into action!

The mysterious figure behind them clearly did not expect them to suddenly run. After being stunned for a moment, it quickly gave chase.

Gong Fan and Youyou were not terribly fast, but their advantage was that they were not tall. They moved through the dense forest without any problem.

In the forest, the tree branches grew low. Gong Fan and Youyou were like agile leopards as they quickly shuttled through the dense forest. Gradually, they ran out of the forest. To their surprise, they saw the familiar manor again!

“We’re back here again!” Youyou panted and said in a defeated tone.

Gong Fan did not have time to catch his breath. He pulled Youyou into the manor.

“Should we split up and distract him?” Youyou made the suggestion.

Gong Fan shook his head. “No, I’ll worry about you!”

“Alright then, let’s move together!” The two little guys ran upstairs one after another. They ran to the highest floor and sprawled on the staircase.

The manor had spiral stairs. Lying on it, one could clearly see the figures walking up from below.

Very soon, that figure entered the manor and followed the footprints to the stairs.

Gong Fan’s heart skipped a beat. He raised his foot to take a look. As expected, his foot was stained with some mud. Mud had gotten stuck to the bottom of his shoes when they were running wildly through in the forest earlier on.

Just as Gong Fan was feeling vexed, the boy exclaimed in surprise, “It’s... it’s him! It’s the man we saw in the hospital!”

Chapter 4393 The Other Side 362

Gong Fan followed his gaze and saw that at the bottom of the building, a man was looking up and had quickly spotted them. Their eyes met. This man who had followed them all the way here was actually the mysterious man who had tried to hunt them down in the hospital!

“It’s him?!”

How could that be? Could this man have pursued them all the way from the hospital?

In the time that Gong Fan and Youyou were stunned, the man had already rushed up the stairs after them.

Gong Fan and Youyou exchanged a glance. There was no time for anything else. They turned around and groped their way through the rooms. Most of the rooms were locked from the inside. Gong Fan and Youyou tried the doors one by one, but soon heard another set of footsteps coming from the end of the corridor.

Youyou looked down the corridor and saw a blurry figure standing at the end.

It was a rather hideous looking girl. She stood at the end of the corridor looking at Gong Fan and Youyou. Immediately after, an extremely sinister smile appeared on her face.

“There they are!”

Gong Fan and Youyou were stunned!

This girl seemed to know them? But they had never seen her before!

At this point, a young man walked over to the girl. And this particular young man was the one who had destroyed Shanshan’s personality!

The girl pointed at Gong Fan and Youyou and ordered arrogantly, “Kill them!”

The young man’s gaze was vicious as he quickly approached the boys.

The girl continued to dance around. “Kill them. Then, we can become one and truly occupy this body! Kill them, kill them!”

“What do we do now?”

They were stuck. Be it backtracking or going forward, they were blocked!

Youyou felt his scalp tingle.

“Here, Youyou!” Gong Fan kicked open the door of a room and pulled the other boy into it.

All the rooms in the manor were latched.

Gong Fan locked the door and kept looking around. He walked to the window and pushed it open. Outside the window, he realized that there was a narrow row of window ledges normally used to hold potted plants for decorative purposes. It might be dangerous for adults, but they could just barely walk along them.

“Youyou, perhaps we can use these window ledges to make our way to another room and avoid them! It’s just that... are you afraid?”

Youyou looked out the window with lingering fear.

They were on a very high floor. If they were to accidentally lose their footing and fall, there’s no telling what would happen.

At this point, the door was kicked open. The boy had no time to think too much!

“Let’s give it a try!”

“Uh huh!”

“Gong Fan, just be very careful.”

“Okay, I’ll walk in front of you.”

Gong Fan crawled out of the window. Youyou followed closely behind him and crawled out as well. The two of them were just able to steady themselves on the narrow window ledge as they carefully advanced towards the other window.

“You see that? There’s a small flower terrace on the floor below. We can jump onto that flower terrace first!” Gong Fan pointed out.

Youyou saw it too. Taking a deep breath, he jumped down. Gong Fan followed closely behind. The two of them had just jumped off the flower bed when they heard the girl’s shrill cry from above. “There they are!”

Gong Fan and the boy looked up, and saw that the girl and the boy had already broken through the door and were leaning out of the window.

Chapter 4394 The Other Side 363

Gong Fan and Youyou looked up, and saw that the girl and the young man had already broken through the door and were leaning out of the window.

"Here, through here!" The two boys threw caution to the wind and slipped themselves through an open window. Youyou took Gong Fan's hand and ran for the door. The moment he opened the door...

Gong Fan suddenly woke up from his dream. When he opened his eyes, he found himself lying on the bed. What greeted his eyes was Alice's flustered expression.

"Youyou? Or is it Gong Fan?"

"I'm awake?!" Gong Fan sat up at once and realized that Alice, Hua Jin, Gong Jie, Romanka, and Little Yichen were not the only ones in the room. Beside the bed, his mother was holding on tightly to Mu Yazhe as she studied the boy nervously.

"I'm... I'm Gong Fan." Gong Fan was still feeling the lingering fear from the nightmare.

In the dream, the few of them were in the midst of a fight. Why did he wake up at this critical moment? Gong Fan was at a loss.

Yun Shishi opened her mouth, and wanted to lean forward to hug him, but because of Alice's earlier warning, she held on tightly to Mu Yazhe's hand and did not move.

After her wound healed, she had rushed over without taking time out to recuperate. She was worried that any later, she'd never see Gong Fan again. Now, although seeing that Gong Fan was safe and sound, she did not dare to heave a sigh of relief, however. She was worried that she would really lose the boy before long.

What complicated emotions!

Yun Shishi sat by the bed and asked, "Are you alright, Gong Fan!"

"Mommy..." Gong Fan's eyes turned red when he saw his mother. He did not expect to see his Yun Shishi and Mu Yazhe again and was greatly emotional. He sniffed and said sadly, "That time, it really wasn't me... It wasn't me. I didn't do anything to hurt you. Even if others don't believe me, you can't not believe me..."

Hearing this was like having a knife pierce her heart. Yun Shishi held the boy's hand tightly and emphasized again, "If Mommy doesn't believe you, why would I still come to see you and accompany you? How can Mommy believe that the Gong Fan I love the most can bear to do anything to hurt me?"

Gong Fan was relieved to hear that. With bloodshot eyes, he snuggled into her arms. Even though her wound had not completely healed, she did not push Gong Fan away. She hugged him tightly, not caring if it hurt her wound.

Alice watched from the side. After hesitating for a while, she had no choice but to interrupt them. "I really don't want to interrupt your warm moment, but I have to ask something. Gong Fan, since you're awake, why don't you tell us what happened in the dream!"

Only then did Gong Fan react. He immediately said nervously, "What should we do? Youyou is in danger!"

"Danger?"

“Do you remember that dangerous young man I told you about before?!”

Alice and Romanka looked at each other and nodded.

“He’s not dead!”

“Not dead?”

“Moreover, there was another girl who appeared with him. They seemed to have a clear goal. They wanted to kill me and Youyou so that they could take over the body. Youyou and I suspect that he stabbed Mommy.”

Alice analyzed, “In other words, he appeared once, but only that time?”

Chapter 4395 The Other Side 364

Alice analyzed, “In other words, he appeared once, but only that time?”

“Probably! This personality is more violent.”

Gong Fan frowned. Actually, it probably had happened more than once.

“What about the other man?”

Romanka mentioned the most crucial point, “No matter how powerful that young man is, he might not be that man’s match!”

Gong Fan shook his head. “Who exactly is that man? What’s his motive? Why has he been following me and Youyou? I don’t know the reason. It’s very mysterious.”

“Has he ever hurt you?”

“No, he didn’t have the chance to.”

Mu Yazhe gently pulled Yun Shishi back and said to her, “Let’s leave the room for now! Alice and this professor will take good care of Gong Fan. We won’t be of much help to the child here.”

“Okay.”

Yun Shishi nodded hesitantly and quietly left the room with her husband.

Seeing this, Gong Jie followed suit.

It seemed inconvenient for Hua Jin to stay as well, so he instructed Lisa to stay instead, and left the room himself.

There was a row of seats outside the room. Yun Shishi was pale-faced as she sat down on one of the chairs. Although her wound had closed up on the surface, the deeper injuries were still in the process of healing. Because they had traveled a long distance to come here, it was inevitable that the physical movements would affect the area of injury.

After getting off the plane, she had insisted on coming over to see the boy despite the jet lag. Mu Yazhe could not dissuade her, so he relented.

“Now that you’ve seen that Youyou and Gong Fan are fine, it’s time to rest!” The man consoled her. She shook her head, however. “I can’t sleep in peace.”

“I’m not going to let you stay if you’re going to be so disobedient.”

She looked up at the man with tears in her eyes, only to see that he was determined not to give in.

“You said you wanted to visit Youyou, so I brought you here. Now that we’ve seen that both Youyou and Gong Fan are safe, I’ll be really upset if you don’t take good care of yourself.”

After their marriage, the two had treated each other with respect and had almost never argued. Mu Yazhe had never been angry with her before, and had always let her do what she wanted. This was the first time she had seen him this angry since they got married.

She immediately begged for mercy. “I know I shouldn’t! Alright, I understand. I’ll sit here for a bit more and then go back to rest!”

Seeing that she was still worried, Gong Jie consoled her. “Sister, I’m here. What are you worried about?”

Yun Shishi hesitated.

He probed, “Are you afraid that you won’t be able to see Youyou or Gong Fan again when you awake?”

Heartbroken, she took a deep breath and nodded. “Yeah.”

“Sister, don’t be afraid.” Gong Jie squatted down in front of her, gently took her hand, and kissed her fingertips.

“There are so many of us watching over him, you have nothing to fear. Are you worried even with me around? Whatever happens, I won’t hide it from you. I’ll tell you immediately. Now, you can sleep in peace, right?”

Yun Shishi nodded reluctantly. “Xiao Jie, no matter what sort of news, you have to inform me immediately, understand?”

Chapter 4396 The Other Side 365

“Got it. Have a restful sleep!” Gong Jie rubbed her head dotingly.

Even though Yun Shishi was his elder sister, this scene would make those who didn’t know better think that he was her elder brother!

She smiled.

After Mu Yazhe and Yun Shishi left, Gong Jie stood guard outside the door.

!!

In the room, Alice spoke frankly. “Gong Fan, from what you’re saying, it doesn’t look good. Let’s adjust the treatment plan!”

Alice and Romanka sat down by the bed one after another and said solemnly, “Now, we ask of you, if you return to that world, to kill that young man and that girl by hook or by crook. Moreover, locate all

the other personalities one by one. If they are bad personalities, do not hesitate to kill them. Don't spare them."

"Okay."

Romanka asked, "Do you remember the manor?"

Gong Fan was stunned for a moment. "Yes."

"That manor is where the other personalities live. When all the personalities are gone, you and Youyou must burn that manor."

"What about the hospital?"

"Professor Romanka and I agree that the hospital is Youyou's spiritual world. You don't have to worry about it."

"In other words, the hospital represents the main personality, and the manor is a place where other personalities are born. If we allow that manor to exist, then..."

"A steady stream of personalities will emerge from the estate."

Gong Fan frowned and immediately realized the seriousness of the matter. He shuddered.

"But I've been in that manor since I was conscious. It's like my home. Why didn't I notice anyone else there at that time?"

Alice clarified, "At that time, you didn't establish a connection with the other personalities. They didn't know you existed, and you didn't know they existed. The reason you can see them now is because Professor Romanka has created the dreamscape through hypnosis, so that all the personalities are gathered and can see each other. Otherwise, you wouldn't even be able to see Youyou."

"In other words, before this, you weren't connected to the other personalities, so you didn't know about each other."

"I see. But why am I the only one who's been discovered by you? They misjudged Youyou as having split personality, didn't they?"

Alice said, "Wrong. These personalities are still immature at this point."

"From now on, that manor will no longer be your home. Your home is this body. You are to become one with Youyou. Everything else is not important, understand?"

Gong Fan nodded seriously.

"Now, do you have any questions?"

"I'm afraid... that even if Youyou and I join forces, we won't be a match for that young man and that other man." Gong Fan had a lingering fear. "They're too powerful."

"Well..." This time, Alice was a little helpless. She looked at Romanka blankly.

Romanka said, "I don't know what to do about this. I'm sorry, there's nothing I can do about this."
Romanka shrugged. "I can't say we'll solve it by force, but we might be able to outwit him."

"Out-wit?"

"In short, think of a way. None of us can do anything about this. We're not in that world, so we can't give a direct opinion."

"Then, I'll try my best!"

Chapter 4397 The Other Side 366

Gong Fan got out of bed and did a checkup on all the indicators. He ate some food to replenish his stamina. Then, Romanka took him to the gym to train.

Because he had been lying in bed a lot recently, Gong Fan's physical fitness had declined. After an hour of training, Gong Fan rested for a while, ate dinner, and then lay back on the bed.

He successfully re-entered the dream.

Gong Fan woke up in that world. When he opened his eyes, he found himself in a room.

!!

Footsteps came and went outside the door. Youyou was by his side, leaning on him tightly. Seeing that he was awake, he finally heaved a sigh of relief.

"What's going on?"

Gong Fan saw that the door and window were locked. As soon as he made a sound, the boy shushed him warily.

"Don't make a sound. They're looking for us outside the door!" Youyou pointed at the door.

Gong Fan immediately nodded. He lowered his voice and told Youyou about Alice's and Romanka's instructions.

The boy's eyes widened in surprise. "Are you nuts? How can the two of us be a match for those two?! Not to mention that man, we wouldn't even be able to defeat that young man alone!"

Gong Fan looked crestfallen. "There's nothing we can do. This is our biggest dilemma at the moment."

Youyou leaned his head back against the wall. "Let me rest for a while."

When Gong Fan had been unconscious, Youyou had helped him down to the first floor. Now he was exhausted.

Fortunately, the young man and the girl had not yet discovered them. If the pair broke through the door, then they would have to jump out of the window and escape. In any case, they were on the first floor and would not be injured if they jumped through the window.

On the other hand, if the pair were to come in through the window instead, then they'd just turn around, open the door and run out.

Except...

Youyou was feeling a little exhausted from being in fear all this time. He rubbed his temples and felt that the two of them were being really cowardly this way.

"If it had been Little Yichen, he would have gone out and killed the two of them."

At this point, Youyou began to envy his brother's strong limbs.

Gong Fan said dejectedly, "Don't mention Little Yichen anymore."

"Hiding here isn't a solution." Youyou suddenly stood up and carefully searched the room.

When Gong Fan saw this, he asked curiously, "What are you looking for?"

"I'm trying to see if there's anything handy that can be used as a weapon. We can't fight him bare-handed, right?"

Gong Fan immediately walked over and picked up the candlestick on the table. "This looks good to me. The bottom of the candlestick is very hard. It's sharp and can be used to attack and defend. It's also easy to grip."

"But there's only this candlestick. If I use it, what will you use?"

Gong Fan looked around and saw a vase on the windowsill. Steeling himself, he picked it up and pouted. "This vase will do. It can also be used for defense."

"... Why am I so worried about you?!" Youyou studied the vase. "It feels so fragile. It doesn't take much to break."

"That's still better than bare hands. I don't feel too confident with nothing in my hands."

"Is there a gun in the manor?"

"I don't know... I don't think so?" Gong Fan was silent for a moment before a thought suddenly struck him. "I remember there's a shotgun hanging on the wall in the living area of my room."

"A shotgun? What shotgun?"

"Like the shotguns used for hunting."

Chapter 4398 The Other Side 367

"Are we far from your room?"

"I've lost my bearings somewhat. I have to go to the hallway to remember the layout."

Youyou took a deep breath. "Okay!"

After confirming that there were no more footsteps outside the door, he mustered his courage and opened the door. There was indeed no one outside. It was probably because they couldn't locate the boys here, so they had gone upstairs to search.

!!

Youyou was a little afraid of this young man. It was not because he was timid, but because the young man's murderous aura was too terrifying!

"I know where we are." Gong Fan recalled, "We need to follow this corridor and turn left to get to my room. The first room at the far end is mine."

Youyou looked around. The empty corridor inevitably gave him a creepy feeling.

"This place always gives me a bad feeling." The boy said to Gong Fan, "Let's head to your room."

"What if the footsteps attract attention?"

Youyou raised an eyebrow. "We can crawl over."

Gong Fan was speechless for a moment. "Can you be more serious?"

"I'm being serious." The boy smiled and gripped his shoulder. "Actually, I'm not so afraid as long as you're here. I have you anyway. I'm not alone."

Gong Fan couldn't help feeling touched, but he didn't show it. Instead, he turned his face away awkwardly, but his eyes narrowed as he grinned subtly.

The two little fellows tiptoed towards Gong Fan's room. They were constantly paying attention to the sounds around them. While being vigilant, they tried their best to lighten their footsteps.

Soon, they arrived at Gong Fan's room.

As soon as he entered the room, his eyes lit up as his gaze fell on the shotgun hanging on the wall!

"There really is a shotgun." Gong Fan was relieved, but he was also a little worried. "I wonder if this gun can be used. I always thought it was just for show."

"Let's give it a try! At least, it looks intimidating to be holding it, right?"

Youyou was the first to step forward. Stepping on a stool, he removed the shotgun from the wall. He fiddled with it but did not understand what was going on.

He wasn't good with firearms, especially guns. He didn't even know how to load or change bullets.

Gong Fan said, "This is a **gun. It doesn't have a long range, but when fired at close range, it's very powerful. The bullets of this gun are scattered widely, and it fires several pellets at once. As long as one or two hit the target, it's enough to cause suffering."

"I heard that being shot at close range by a **gun causes explosive damage."

"Uh huh." Gong Fan said, "I heard from Gong Jie that if one gets shot by a **gun in the head at close range, it would be quite a spectacular sight."

"Oh, it's so heavy."

Gong Fan immediately walked over and took the gun from the boy. He gave it a closer look. There were bullets in the gun, but not many. He checked and found that the bullet was a relatively common 12GA bullet. The gun was indeed quite heavy. Gong Fan even found it quite taxing to carry.

Just as the two little fellows were engrossed in studying the **gun, Gong Fan was the first to sense a murderous aura behind them!

He immediately turned around and saw a figure at the door.

The young man stood at the door. When he saw the two of them, his eyes lit up!

“So there you are!!”

The young man broke into a sinister smile. With a casual attitude, he said, “I’ve been looking for you for long enough.”

Chapter 4399 The Other Side 368

The young man broke into a sinister smile. With a casual attitude, he said, “I’ve been looking for you for a long time.”

Youyou spun around upon hearing his voice. When he saw that it was the young man, he subconsciously extended his arm and shielded Gong Fan behind him, warning, “Don’t come any closer!”

Gong Fan gripped the gun tightly and hurriedly loaded it. He raised the gun and aimed it at the young man! The latter was stunned. He was indeed intimidated. He stood on the spot and did not move forward, but he seemed indifferent.

“I was wondering why you stopped running when you saw me. So you have a gun. However, do you even know how to use it?” He narrowed his eyes and his tone was extremely disdainful. “Do you dare to kill someone with it?”

Youyou could not help shuddering!

Gong Fan gulped and immediately calmed down. “True, we’ve never killed anyone, but if you dare to take a step forward, we can’t care less!”

Youyou questioned the young man, “Who are you, exactly?! What’s your name?!”

“Name?” The young man tilted his head and sneered. “Who do you think we are? We’re just orphans. Names? We don’t have names. Only you have names.”

Youyou was not impressed. “What do you mean? What do you mean, an orphan?”

“We are The Banished. No one cares. Hehe. Isn’t that so?”

Gong Fan’s hand that was holding the gun suddenly trembled. Youyou took a deep breath and felt his scalp tingle. Now, they should not hesitate to shoot the young man. However, confronted by a living person, Gong Fan really did not have the courage to pull the trigger! He felt that this was too cruel! He had never killed anyone before! Forcing him and the other personalities to destroy each other was really too cruel.

Just as he was hesitating, the young man reacted quickly and pounced on Gong Fan like a cheetah. His goal was extremely clear. In fact, Youyou was nearest to him, but he did not lunge at him because Gong Fan had a gun. He naturally had to deal with the number one threat first before dealing with the rest!

Youyou yelped and tried to stop him, but it was too late. The young man pushed Gong Fan to the ground and snatched the gun from him. He had extraordinary strength and it was not something that an ordinary person could withstand! Gong Fan was completely helpless in front of him.

The shotgun fell to the side. Seeing this, Youyou lunged forward recklessly and rolled back with the gun in his arms. He could no longer care about the remaining kindness in his heart and shot the young man in the back!

Bang!

For Youyou, the recoil of the shotgun overwhelmed him. The barrel tilted, and the bullet immediately hit the wall, creating a dent. A layer of dust flew.

Oh no!

Mis-aimed.

Youyou was so frustrated that he wanted to fire again, but he did not know how to load the gun. He was so anxious that he broke out in a cold sweat.

The young man was alarmed. He turned around abruptly and his blood-red eyes instantly fell on the boy.

Without a doubt. This shot had thoroughly enraged him! To him, the boy's shot was obviously a great provocation! Youyou was provoking him!

The young man was about to get up when Gong Fan grabbed his sleeve tightly!

"You are not to hurt him!"

When the young man heard this, he laughed. "I didn't expect you two to be on such close terms! Get lost!"

Chapter 4400 The Other Side 369

When the young man heard this, he laughed. "I didn't expect you two to be on such close terms! Get lost!"

He kicked Gong Fan away and walked towards Youyou.

He was quite sure that the boy did not know how to load or use a gun. Coupled with the speed at which he rushed over, the boy did not even have time to react before he subconsciously made a decision. No matter what, the gun must not end up with him.

Therefore, he tossed the gun far away. In the next second, the young man pounced on him like a wolf or a tiger.

Youyou was pinned to the ground and punched hard in the face.

"Ooooh..." The boy groaned in pain and stared at him in disbelief.

"You..."

BAM! The young man delivered another punch, sparing no effort.

With this punch, the boy felt as though his brain had been knocked out of place. It was so painful that his eyes exploded in agony!

“Why?! Let me ask you, why?!” The young man almost roared. “Why can you guys be loved by everyone while I have to endure loneliness here?! Why am I the one who is abandoned while you are cared for by so many people?! I hate you!”

Gong Fan sat up and was about to get onto his feet when a sense of dizziness washed over him.

His head had been injured to begin with, and when he was thrown to the ground by the young man just now, his wound was hit again, causing him to almost lose his balance.

In a daze, he vaguely saw the unfamiliar girl quietly walk to the door to observe the chaotic scene in the room. When she saw the gun from the corner of her eye, she was stunned for a second. Then she started walking towards it.

No! Gong Fan immediately became vigilant. He could not let such a dangerous weapon fall into her hands! He held his head and staggered towards the girl.

When the girl saw him walking towards her, she screamed and quickly picked up the gun from the ground. However, the gun was not loaded at that point. It seemed that she did not know anything about guns, so she fumbled around anxiously for a long time, not knowing how to load it.

The girl broke out in cold sweat.

Gong Fan stopped her. “Calm down. We’re all the same. Why should we kill each other?!”

The girl’s scarred face was filled with anger. “We’re not the same at all! We’re all orphans. Only by killing you can we become the masters of this body! Otherwise, we can only be at the mercy of others!”

At this thought, the girl became determined.

The young man grabbed Youyou’s neck and barked at her, “Hold the handle of the gun and push forward with the handguard. It’s loaded! Don’t you remember? I taught you!”

Realization dawned on the girl. She pulled the shotgun and loaded it successfully!

“Kill him!” The young man’s voice rang out like a curse.

The girl pointed the gun at Gong Fan. The black muzzle emitted an icy aura. Her finger was on the trigger. The slightest pressure on it and the bullet would shoot out of the muzzle and penetrate his body.

Gong Fan was some distance away from her. Just as the gun was aimed at him, he suddenly retreated!

Bang!

.....

Gong Fan fell backward to the ground. There was an electric spark as the bullet hit the leather sofa behind him, piercing right through it.

The girl pulled the gun and loaded it again. At the same time, a man's intimidating voice came from outside the door. "Stop!"
