

《Sweet Marriage: Smart Cute Wife》

Chapter 114

"What's the matter?" Xia Jinsheng licked the dry lip flap, so he looked at it. It was hard to avoid getting angry in his heart, and his subordinates retracted their consciousness.

Accidentally recognized that he hurt a little guy. Little rolling took out his hand and complained, "Mommy, you hurt me."

At this time, Xia Jinsheng wanted to seal her mouth. Didn't he see the rain coming?

Suddenly, Gu Nanchen sighed and upset Xia Jinsheng's hair. He asked helplessly: "don't face this kind of thing alone next time."

"You're not here." Xia Jinsheng whispered his explanation. Even if he knew that he was worried about his own safety, he couldn't help being more serious.

Gu Nanchen's strength suddenly increased. She rubbed her scalp numb and regretted that she would not talk back to him.

"I mean, you can find security, you know?"

"Yes." Xia Jinsheng skillfully nodded. The frozen atmosphere began to melt. Gu Nanchen picked up the little guy. She was relieved and followed them.

After returning home, she asked Jing Zhu about it. Only then did she know that Liu Ru'an couldn't afford to pay high compensation and begged him first. Seeing her pity, Jing Zhu promised to let her draw design works of equal value.

Combined with the gossip she heard from her classmates, she also guessed that Liu Ruan, who wanted to design compensation, could not calm down in the gossip of plagiarism.

Nervous has been very painful, and did not dare to tell the family, until a quarrel with my classmates that afternoon a few days ago, I jumped down from the second floor.

"Did her parents embarrass you?" Hearing this, Jing Zhu is inevitably worried. It's

difficult to deal with it.

"Yes, but it has been solved. I'll be educated in the police station tonight and I'm estimated to be released tomorrow. " The two people who got the small lesson should not make anything for the time being. The problem seems to have been solved, but Xia Jinsheng is a kind of unspeakable uneasiness.

Always feel that something is going to happen.

"You've been nervous lately. Have a good rest." Gu Nanchen learned her idea and rubbed her temples to make him loose.

Xia Jinsheng lay comfortably in bed humming. At first, his actions were still regular, and slowly changed his taste.

After his hand slipped and gently kneaded her hip, Xia Jinsheng immediately arched up like a blown cat and hid on the other side of the bed.

"What are you doing?" She pulled the quilt tightly in her hand and looked at him defensively.

Gu Nanchen smiled but didn't speak. He spoke directly with action. Xia Jinsheng, who was pressed under him, was painful and happy. He clearly agreed to let her rest.

The repeated events taught her the same lesson: I would rather believe in ghosts than Gu Nanchen's mouth.

The next day, Liu Ruan's parents were released from the police station. Where had the two domineering people been treated like this.

One night's fear has rubbed away much of their hostility. However, they did not give up. They insisted on giving Xia Jinsheng a lesson.

When you find your old friends, they were still warmly entertained. You can immediately change your face when you hear Gu Nanchen's name and blow them out without saying a word.

Frustrated by an old friend, the couple planned to make their own living, found a copy shop, printed some distorted facts, and prepared to distribute them everywhere to insult Xia Jinsheng's reputation.

As soon as such a leaflet was issued, a group of people in black who didn't know where to drill out robbed their hands and left. The old couple were so frightened that they sat on the ground for a long time.

Liu Ruan's parents just helped each other to stand up. A pair of elegant black leather shoes appeared in their vision. They were the people in black who had just returned.

"My master asked me to tell you that if you are still so stubborn, he can make Liu Ru'an unable to live in the hospital at any time."

Then the man in black left.

The old couple almost cried. Until this moment, they realized what kind of people they had provoked. They regretted it, but it was too late.

They looked at each other, saw helplessness from each other's eyes, and shook their heads. The plan in their hearts had taken shape.

In the Gu family villa half a child, Liu Ruan's parents were introduced into a maze like place by the housekeeper. They never knew that someone could be so rich.

They built their residence into a magnificent palace, and now they are dressed like Grandma Liu who has entered the Grand View Garden. Unspeakable shame.

Xia Jinsheng and Gu Nanchen have been waiting for them in the living room, and the little guy is also present. The last bad memory made her frown when she saw them.

As soon as the two old men saw Xia Jinsheng, they fell on their knees, "please let us go, Ru'an. She's young and not sensible. The family never gave her a pleasant environment, which made her think about money. "

"My daughter, she's not bad in nature. She's just obsessed for a while. Now she's also taught a lesson, hasn't she? If you don't get your painting back, let her go. Our family can't afford so much money. "

Rao is the head of the family. Liu Ruan's father knelt down to a younger generation and wiped his tears.

Xia Jinsheng was so frightened that he jumped up from the sofa and couldn't sit and stand at ease. She pulled the two old men up, but they couldn't afford to let Xia Jinsheng stop investigating and let go of the compensation.

The reason is that her family has a lot of money, not so little money.

She almost laughed angrily, but there was really nothing she could do about these two people. Gu Nanchen didn't have so much patience and was about to call the security guard to bomb people.

At this time, the security guard led another person in. As soon as he saw the figure, Gu Nanchen's face turned black, "how did you come here?"

It was Wei Qing who came. He was wearing the latest fashion of this quarter. He was handsome and charming. All over the body exudes the charm of young men. Xia Jinsheng looked straight.

When Wei Qing showed him the design drawings, she knew it was extraordinary. Now it seems that it is really amazing. Seeing that she looked at other men without blinking, Gu Nanchen's face became darker.

"Cough." He cleared his throat, threatened but politely reminded someone that Xia Jinsheng's body was stiff and immediately consciously took back his sight.

How could this little interaction escape Wei Qing's eyes? At the beginning, some rippling souls suddenly cooled to a low point. He almost forgot that she was already someone else's

"What's the matter with them?" Wei Qing quickly transferred to Liu Ruan's parents who were kneeling on the ground. She was slightly surprised and fell into silence after listening to Xia Jinsheng's explanation.

Liu Ruan's parents, who were kneeling on the ground, felt bad about their heart and face. When a stranger saw this scene, Liu's hot tempered mother almost couldn't control herself and stood up and went out.

"Leave it to me." Wei Qing suddenly said such a sentence, and the eyes of the two people on the ground fell on him one after another.

"Can you stop my daughter from making compensation?"

"If Ann really didn't mean it, he already knew it was wrong."

Obviously, they had pinned their hopes on Wei Qing. The warm greetings made him have no power to resist. He could only touch his nose awkwardly, "I can come forward for you to talk to the person in charge of Junzhu company. How to decide depends on what they mean."

"OK, OK, no problem, please."

With Wei Qing's promise, they got up without being greeted and looked at Wei Qing eagerly. When Wei Qing looked at Xia Jinsheng, she saw her frown and worried.

"Can you do that?"

"Nothing." Wei Qing came forward and habitually wanted to touch her head. He stopped halfway. Gu Nanchen stared at him, with discontent similar to that of male occupied territory.

Xia Jinsheng also noticed his embarrassment, but she was helpless, especially when there was a disturbing hand behind her.

Fortunately, Liu Ru'an's parents were anxious and urged Wei Qing to take them to the person in charge of Junzhu company. As soon as their front feet stepped out of the door, Gu Nanchen crushed Xia Jinsheng on the sofa.

The little guy across the street, who was used to it, shook his head and sighed "the world is getting worse", called the crew. Er Chun recently received a new play for her.

It is a modern detective TV play with Gu Tan's brother.

In the living room, only Xia Jinsheng and Gu Nanchen looked at each other. All his weight was on her, which made her very uncomfortable. She pushed him, "get up and die."

Hearing the speech, Gu Nanchen changed her posture and changed it to that she pressed him, but the two hands holding her waist made her unable to move freely.

"What the hell are you doing?" Xia Jinsheng looked at him speechless. As a result, his eyes like Obsidian crashed into the heart lake, and he forgot to speak for a long time.

I don't know if it's her illusion. I always think his eyes are wronged and make people love... Wait, Gu Nanchen makes people love?

She couldn't help beating a cold cicada and goose bumps fell to the ground.

"Why do you want Wei Qing to help you?" Gu Nanchen pinched her waist discontentedly, and a thin current quickly passed through her body. Xia Jinsheng trembled all over. After being absent-minded for a moment, he glared at him and said, "he said he wanted to help."

"Can't I?" Gu Nanchen said in a muffled voice, listless as if he had been hit. Xia Jinsheng knew she was jealous no matter how dull she was, and turned her eyes silently.

"Let you help. I'm afraid they'll die without a whole body. Then I'll have to go to prison."

When Qin Wen reported to him in the morning, she just heard it. Just thinking about the means behind Gu Nanchen, she felt cold at the bottom of her heart.

There are always some hateful people in the world. It's not worth soiling themselves for these people. She doesn't want Gu Nanchen to do the same. What's more, the other party is just two poor old people.

"You know." This is a statement, but Xia Jinsheng found some means behind him. After all, it's not very honorable.

"That's not." Xia Jinsheng proudly raised his chin. "Next time, remember not to go to the back garden with two men. Generally, this is either hidden or basic."

"Huh?"

A faint syllable instantly made her realize that she accidentally said what she thought. Gu Nanchen looked at her dangerously and smiled, "you seem to have some doubts about my orientation?" "How do you know?" Conditioned reflex blurted out a sentence, which made Xia Jinsheng want to slap himself. Gu Nanchen's eyes were full of wind, frost, rain and snow.
