

《Sweet Marriage: Smart Cute Wife》

Chapter 115

Gu Nanchen approached her without saying a word. Xia Jinsheng soon had no way to go. He shrank in the corner of the sofa and shivered, "we can talk about something."

He loosened his tie and smiled. "There's nothing to say between us." He came up and stopped her chattering little mouth.

There is no doubt that Xia Jinsheng was severely taught by Gu Nanchen on the sofa. Afterwards, she was weak and weak.

Feel your body hollowed out.

She also complained in a low voice, but Gu Nanchen accidentally heard it. As a result, she was pressed on the sofa and cleaned up.

On the other hand, because of Wei Qing's appearance, Jing Zhu also agreed not to investigate Liu Ru'an's fault, and the design drawing was exempted.

Liu Ru'an's parents were very grateful, but when they returned to the hospital, what they were waiting for was another suffocating situation——

Liu Ruan, who should have been lying in the hospital bed to rest, somehow appeared on the top floor of the sixth floor. Downstairs, there was a crowd of people watching.

Their hearts suddenly raised to their throat. Liu Ruan's mother burst into tears and shouted to the people on the top floor:

"Ruan, what are you doing? Don't scare mom, come down. "

This commotion also attracted Liu Ru'an's attention. Her eyes without focal length suddenly appeared bright. Liu Ru'an was already a little confused.

She looked at the direction of the two people foolishly, suddenly showed a silly smile, raised her feet and jumped down from the roof.

"Ah! Oh, my God! "

"Jump off a building!"

Liu Ruan's body was like a kite with a broken line. Under the action of gravity, it quickly fell to the ground, with blood flying and skin splashing.

Some people who couldn't dodge recently were splashed on their face, touched the viscosity on their face, lost their voice and screamed and ran away.

The noise of the crowd and the belated siren mixed together, and a blood river flowed out of the ground. Liu Ru'an's body was beyond recognition.

The heavy blow made her mother pass out without raising her breath. My father also lost his voice and was in pain at this time. The most tragic thing was to send a man with white hair to a man with black hair.

How can he be good in the future?

.....

Xia Jinsheng learned that it was the next day that Liu Ru'an committed suicide on the roof of the best hospital in the city, which caused a great sensation. Soon a reporter came to report.

The school was also quickly attacked by rumors, and even a small group appeared privately to oppose Xia Jinsheng.

It is also for this reason that she asked the school for a few days off.

"You didn't cause Liu Ruan's death."

Gu Nanchen opens the door. Xia Jinsheng stuffs himself in the quilt and doesn't want to see anyone. This state has been maintained for three days.

"How do you know that if I hadn't exposed her, she wouldn't jump from a building because she couldn't stand the blow of her classmates." The voice from the quilt was stuffy. Xia Jinsheng walked into a dead end. Because of those rumors, she began to think that she had killed Liu Ru'an.

"Come out." Gu Nanchen realized how dangerous her current idea was. Without a word, she opened her quilt. Xia Jinsheng resisted, but the great power gap made her helpless.

She didn't see the light for a long time, and her eyes didn't adapt. She stared at Gu Nanchen discontentedly, "why? Give me back the quilt. "

"Have you identified yourself as a murderer?" Gu Nanchen's tone was particularly serious, like the police interrogating prisoners.

Xia Jinsheng's whole body was stiff. She was dissatisfied to grab the quilt, but found that she was pulled tightly by him. She had to retort loudly: "how is it possible that she wanted to jump off the building by herself."

"So it's her choice. Just like when she plagiarized, she should be ready to be exposed. Being scolded is also self inflicted, and jumping off a building is also that her psychological tolerance is not enough. "

Xia Jinsheng heard so many words from him for the first time, but every sentence was so reasonable. The boulder that has been pressing in my heart seems to be unloaded at this moment, which is a lot easier.

Yes, she just did what she should do. Does she have to endure the curse of "copying" others?

No matter who it is, they have to pay for their decisions.

"So..." Xia Jinsheng, whose face had just cleared up, suddenly became gloomy again, and his small face wrinkled into a ball, "what am I these days?"

"Silly." He stabbed her mercilessly.

Originally, she thought she had something to worry about. After Gu Nanchen was in a dignified mood, he found that she was depressed about this kind of thing, and immediately couldn't cry or laugh.

Next, when Xia Jinsheng didn't know, he went to communicate with the headmaster, and soon the school came forward to clarify the cause of Liu Ruan's death. And the students who had insulted her were warned, and the small group was forcibly dissolved.

The students were very easy to solve, but it was difficult to appease Liu Ruan's parents. The day after Liu Ru'an was cremated, they thought it was Xia Jinsheng and Junzhu's fault and wanted revenge.

"Miss Xia, those two couples are crying again." Listening to the report from the security guard, Xia Jinsheng had a headache. They knew what he was hiding at home and had been making trouble at the door of the community.

It's not the first time that the heads of households around have complained to Xia Jinsheng about this. The security guard is also embarrassed. It's not easy to offend the family, but the people living nearby are either rich or expensive, which is not easy to provoke. " Let people drive them away and give them a serious warning. If you can't, call the police. " Gu Nanchen ordered that Liu Ruan's parents know best, otherwise this matter can only take legal means. Xia Jinsheng doesn't want to do this, but at present, the alarm is really the best way. Unexpectedly, I don't know what means Gu Nanchen used privately. The couple never came to their place to make trouble again. The little guy is very happy to go to kindergarten normally. However, what she didn't know was that Junzhu company suffered the same treatment. Liu Ru'an's parents cried and screamed in front of the company's gate, and even distorted reports by tabloid reporters who specifically bribed them. As soon as the newspaper came out, the masses who did not know the truth stood on the side of the vulnerable groups. Jing Zhu's company reputation was in a mess and the stock market suffered heavy losses. Jing Zhu was helpless and couldn't make peace with them. A piece of paper took them to court. The second elder was soon sentenced to detention and education by the court. That night, Xia Jinsheng suddenly received a phone call from the police. The person at the other end of the phone said Liu Ruan's parents wanted to see her. " Are you sure they want to see me? " Xia Jinsheng suspected that he had just heard wrong and confirmed it again. In front of the computer, Gu Nanchen suddenly raised his head and asked her who she saw with his eyes. Xia Jinsheng told the truth, but he grabbed the phone and picked it up. " Sorry, we have the right to refuse. Please don't call again. " Then she watched him hang up. It's too fast to react. The mobile phone was thrown back into his hand. Xia Jinsheng smiled at Gu Nanchen and supported his chin. " Are you hiding something from me? " " Yes? " " No? " If not, how do you explain that call just now? He chose not to answer. Xia Jinsheng was angry and bothered him all the time, poking him around. Gu Nanchen grabbed the hand of the troublemaker and looked angrily, " don't make trouble, it's not a big deal. " " Say. " This feeling of being concealed by the lover is not easy. Xia Jinsheng is more serious. Gu Nanchen tells Liu Ruan's parents that Jing Zhu has sued them in court. After listening, she felt bad. They are two elderly people who have been half buried in the loess. Why bother with them. " Are you compassionate again? " Gu Nanchen frowned. In his opinion, Liu Ruan's parents, like their daughter, are now suffering from their own causes. Ignorance of compassion and tolerance may be useful to some people, but in the end, some people will not understand your intentions. " It's not a flood of compassion, okay? " Being taught a lesson by him, Xia Jinsheng couldn't hang on his face. He resisted with a black face and raised his tone several degrees. Gu Nanchen also found this. He didn't want two people to quarrel because of outsiders, and didn't want to compromise, so he turned and walked out of the study. The next day, Xia Jinsheng visited the two people as scheduled. At the moment of seeing them, Liu Ruan's mother was very excited and blurted out several dirty words. She wanted to vent all her humiliation on Xia Jinsheng. Liu Fu, who was next to her, looked on coldly and didn't stop his wife's behavior. In the sound of abuse, Xia Jinsheng frowned and remembered that Gu Nanchen said

yesterday that his compassion was rampant. Oh, she feels extremely ironic. Isn't she a flood of compassion? The ferocious faces of the two people in front of her made her sick. She turned and left with her bag“ Stop. " Liu Ruan's mother grabbed her wrist with one hand, with an unprecedented panic in her tone“ Let go. " Xia Jinsheng stopped, stared at her in disgust, pulled out his hand and took out a paper towel to wipe it, as if he had stuck some disgusting garbage on his hand. The woman was shocked by her aura and took back her hand bitterly, but she looked pitifully at Xia Jinsheng. When she spoke, she was careful and flattering: "Miss Xia, can you please help me talk to Junzhu's boss? We both know we were wrong."“ Yes, yes, let him withdraw the lawsuit and let us go. " It's a skill to change your face so quickly. She is full of ridicule now, and she knows she won't agree. The two will find other ways to pester her. She really disgusted the two people. She just wanted them to leave quickly and promised to go to Jingzhu to intercede, but the condition was that they would never appear in city A. The two agreed excitedly. Jing Zhu didn't have a problem. He quickly withdrew the lawsuit. The two people were released and went back to their hometown swearing. They never appeared in city a again. Xia Jinsheng's life also returned to the normal track. She could go to school again, but Gu Nanchen ignored her.
