

《Sweet Marriage: Smart Cute Wife》

Chapter 116

Gu Nanchen ignored her. At first, Xia Jinsheng thought it was only temporary. It would be good if his anger disappeared, but this state lasted for a week.

So she was not calm. How can this man be so stingy? Man's heart, submarine needle!

Even the little guy asked, "Mommy, is daddy busy recently? Why are you often not at home? "

With a piece of bread in his mouth, Xia Jinsheng said, "maybe his great uncle has come recently."

"What is a great uncle?"

"Children should not ask so many questions." She's trying to look calm, but if the little guy says more, she'll lose all her previous efforts.

Fortunately, after breakfast, the little guy went to school with his schoolbag on his back.

After breakfast, Xia Jinsheng went out to take a bus to school. These two days, Gu Nanchen company was very busy and went out early and returned home late.

She can understand about work, but she hasn't said a word to her this week, which is abnormal.

As soon as she arrived at the school gate, she collided with Ji Chi. She was going to pretend she didn't see her, but the former stopped her.

"I heard about last time. Are you okay?" Ji Chi learned about what happened recently because she went to a singing audition. She was ready to find her as soon as she returned to school.

I didn't expect that the two people would meet at the school gate. Indeed, it was fate to meet thousands of miles away. The fate between them is not shallow, and Ji Chi is secretly happy.

"Nothing." Xia Jinsheng smiled. Although Ji Chi was very warm to her, she could only treat him as an ordinary friend.

Ji Chi obviously also found her potential resistance, so he didn't take it to heart, but silently changed the topic, and they walked into the campus in parallel.

Slowly stop a black Volkswagen on the roadside, the window drops, and the man with sunglasses inside can unexpectedly feel his negative emotions even if he can't see his face.

The person in the car is Gu Nanchen. He takes off his sunglasses and can emit fire in his eyes. He angrily took out his cell phone and dialed a phone.

"What's your bad idea?"

"What's the matter?" There was a lazy voice of Lu Songhuo on the phone. It was a good time to stay in bed at the moment, but he was woken up.

If he had been someone else, he would have blown his hair long ago. It happened that this man was Gu Nanchen.

"I did what you said, and now it gives other men an opportunity." Gu Nanchen gnashed his teeth and said this sentence. He didn't move his eyes until Xia Jinsheng's figure completely disappeared in his vision.

He is just not satisfied with the current situation and hopes Xia Jinsheng will be more active and care about him more. He won't make estrangement because of a stranger. As a result, Lu Songhuo gave him such a bad idea.

She said she would hang her for a period of time to let Xia Jinsheng understand his importance, but this week she was very calm, but he endured until a few points.

After listening to him, Lu Songhuo lost his sleep and murmured, "it's impossible. That's what I read in the book. Only by playing hard to get can I get each other..."

Without giving her the chance to finish her words, Gu Nanchen directly hung up his cell phone and kept twitching at the corners of his mouth.

Sure enough, you shouldn't trust that guy. After all, he doesn't even have a girlfriend. Gu Nanchen felt that he was wrong for the first time.

With unwilling to restart the car and leave here.

Because Liu Ruan's business was boiling before, Jingzhu's company was also affected.

The sales volume of new products in the first quarter was not considerable, but there was no loss.

According to the market survey, the clothes designed by Xia Jinsheng were unexpectedly popular and sold out as soon as they were listed.

This is an honor that other finished products of the same series do not have. According to customers, that dress is comfortable and stylish. It's just that the season is about to change, and these clothes are no longer suitable. You can only wear it next year.

Because of this market survey, Jing Zhu came up with the idea of making an appointment with Xia Jinsheng. He overcame all opinions and found Xia Jinsheng. At that time, Xia Jinsheng just finished school.

"I'll design the main model. Isn't that good?" Even if he had just entered the industry, Xia Jinsheng knew that the main products to be promoted were closely related to the company.

It must represent Jun Zhu. She hasn't graduated from school yet. She's also vague about Jun Zhu's model and concept. Give it to her.

With such a heavy burden on her, Xia Jinsheng suspected that she would die young.

But Jing Zhu didn't think so. He patted her on the shoulder with heavy responsibilities and a long way to go. "You're new. Jun Zhu has followed the traditional model for a long time. It's human instinct to like the new and hate the old. Jun Zhu can only continue to go on if he continues to inject new life. "

She also understands this truth, but... Why is it her? Xia Jinsheng couldn't help but collapse a small face, making it seem that the next second is the end of the world.

He seemed to peep through her inner thoughts and smiled, "because the clothes you designed sold the best this quarter."

Xia Jinsheng seemed to hear a cold joke. He couldn't help shaking his body, and his goose bumps stood up and fell to the ground.

Because of this, she made a hasty decision to design it. Will Jing Zhu, the big boss, be a little too willful?

"Can I refuse?" Knowing that it was impossible, she still wanted to struggle to the death.

Jing Zhu sank his face for a second. He was not angry and said in a cold voice, "I'm

not discussing with you, but ordering you."

He took out the dignity of the big boss. Even if Xia Jinsheng was reluctant, he had to compromise, "OK, I know. I'll try. "

"That's good." Just for a moment, the ice on his face melted away, revealing his sunny smiling face, like the spring breeze blowing his face, lovingly touching her head.

Suddenly, his hand was patted open by another big hand. Gu Nanchen took Xia Jinsheng into his arms and looked at him with a bad face.

Well, I accidentally annoyed a lot of people.

He raised his hand and explained dryly, "misunderstanding, I don't mean anything else."

Gu Nanchen ignored him. With a cold hum, he took Xia Jinsheng's hand and walked next to his car.

The whole thing happened so suddenly that Xia Jinsheng didn't react. People were already sitting in the car, and Jing Zhu in the rearview mirror stayed alone.

Noticing Xia Jinsheng's sight, Gu Nanchen frozen ice residue on his face and said in a muffled voice, "what's the matter? "Reluctant?"

A light sentence made Xia Jinsheng feel like a great enemy in an instant. He stiffened his body, sat upright and squeezed out a smile, "ha ha, how is it possible?"

"I wish I didn't." After saying this, he focused on driving and ignored her.

The air in the car was a little depressed. Xia Jinsheng took a breath and pretended to be careless and asked him, "is the company still busy? You seem to be coming home late recently. "

"Yes." The expression on Gu Nanchen's face slowly loosened. No, she doesn't mind these things.

When Gu Nanchen was secretly happy about this, Xia Jinsheng made a mistake. Huh? So what exactly does that mean?

At this time, her mobile phone suddenly sounded the sound of message prompt.

Lu Songhuo actually sent her a text message. After reading the text message, she was silent and looked at Gu Nanchen's eyes. She was long and didn't know what she was

thinking.

Gu Nanchen had a burning light, which made him uncomfortable.

Xia Jinsheng didn't answer when he got out of the car. He went straight into the house. If the meal was ready, the little guy also sat on the sofa waiting for them to come back.

"Daddy, Mommy." Seeing the two of them coming back together, the little guy was naturally happy. He ran over before he could even wear his shoes.

Xia Jinsheng dodged her and went to wash his hands for dinner. Gu Nanchen held her full. The little guy grew fast and unknowingly weighed a lot.

"Daddy, how do I feel Mommy doesn't care about me?" The little guy frowned, pondered carefully, and felt his beard, which didn't exist at all.

Unexpectedly, the child's mind was so sensitive. He was stunned and said, "it's all right. Your mommy just ignored me."

He meant to say that their father and daughter were in the same situation, but the little guy was unconvinced. He tried his best to please Xia Jinsheng, telling jokes and making a fool of himself.

She also put her favorite dishes into Xia Jinsheng's bowl. Xia Jinsheng was naturally very happy and smiling by her.

Seeing this, the little guy looked at her and asked, "Mommy, do you like me?"

"I like it." Xia Jinsheng didn't blink.

"Well." After getting a satisfactory answer, a little guy received a smiling face and asked Qu Baba to suck his nose. The pathetic milk voice and crying cavity made people unable to resist, "then why did you ignore me just now?"

Xia Jinsheng smiled knowingly, and a mysterious arc appeared at the corner of her mouth. She pinched her lovely nose and spilled a few simple syllables from her lips:

"Hard to get."

Before the words fell, Gu Nanchen made a meal of cooking. When she raised her eyes and looked at Xia Jinsheng, she was just looking at him with staggered eyes.

He saw the smile at the bottom of her eyes at a glance, playful and lovely, like a cunning little fox.

Back in the bedroom, there were only two of them. Gu Nanchen asked her directly if she knew anything. She raised her little face and said two words, "guess."

Gu Nanchen's eyes were dark. Without hesitation, she was ready to print a deep kiss. At this time, Xia Jinsheng hid behind. She actually avoided her closeness.

This perception made him very unhappy. The coldness in the eyes has not yet formed, and a soft thing is suddenly covered on the lips, like a light q-bomb jelly, which makes people can't help sucking it into their mouth.

However, Xia Jinsheng left again and grabbed his tie in front of him. Their eyes were flush.

She stood on tiptoe and vomited heat in his ear. The faint fragrance on her body seduced his sense of smell, like a silent invitation.

The syllable sounded in his ear made him excited, because Xia Jinsheng said vaguely, "is it hard to get?"

Goblin!

Gu Nanchen's mind was hot and his once proud concentration was weak. He grabbed Xia Jinsheng and walked slowly to the big bed.

Xia Jinsheng didn't know what he meant. He relaxed and entered the state. His hands were restless and drew a circle on his chest

So, three hundred rounds of war.
