

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 137

The soul was gone. The sticky feeling on her face made her scalp numb and tremble. Her brain had completely lost her ability to think. Tears have flowed out.

"Go away, asshole. You stay away from me. "

Mom, she won't die here today, will she? Fear enveloped the whole heart. Her hand trembled and grabbed the stick on one side. When she was about to hit the dog, a voice appeared like timely rain:

"What are you doing?"

A man and a dog looked at the sound source at the same time. Wei Qing was wrapped in a bathrobe, a large wheat colored chest was exposed to the air, and the water droplets on the hair fell along the neck along the skin texture, and finally drowned below the vest line

The air was a little dry and hot, and the gentle gulp of saliva. The Alaskan dog has run to Wei Qing's side and rubbed happily. It was not until Wei Qing's eyes swept towards her that Wen Ya remembered how shameful he had been.

Her face burned quickly, ignoring the rest. She covered her face and ran outside. Wei Qing was surprised.

Lu Songhuo officially signed a cooperation treaty with gentle son, which was widely reported by the media. Therefore, they also held a party to invite insiders to attend.

The day before the party, Gu Nanchen was also going to take Xia Jinsheng out to buy a new dress. Jing Zhu and Wei Qing sent the clothes.

Embarrassed, looking at putting on the clothes sent, she specially asked Gu Nanchen's opinion, "whose clothes are good to wear?"

"What do you say?" When he said this, his eyes were cold and cold. Can freeze a hot heart into ice residue.

Needless to say, she knew it must have been sent by Jing Zhu, because he sent the new

clothes made by the company this quarter. It's also good to publicize them in front of rich businessmen as a spokesman. Moreover, Jing Zhu not only gave her and Gu Nanchen clothes.

Even the little guy's clothes include green and white cheongsam with similar styles and patterns, but her clothes are small. I can see that he is very attentive.

When the family arrived at the scene, they really surprised the whole audience, and the lights of the media kept shining around them. In the crowd, a line of sight was particularly hot, with poisonous light in his eyes.

It seemed that Xia Jinsheng looked into the crowd and saw only a vicious man looking at himself. Dexterous, it's her. If she hadn't seen it now, she would have forgotten that there was such a person.

I didn't intend to pay attention to her. Unexpectedly, she took the initiative to come up, not because of Xia Jinsheng, but because of Gu Nanchen.

At the moment of seeing Gu Nanchen, Xia Jinsheng clearly saw the excited wolf light from her eyes. She wanted to take this man for herself. She said, "Nanchen, haven't seen you for a long time. Have you missed me lately? I've been thinking about you. "

Say such explicit and ambiguous words when she doesn't exist? Xia Jinsheng took his arm and pulled the man to his side. He overbearing and directly announced the ownership. The fake smile on his face was impeccable, "Miss Ling, what did you just ask my husband? The wind was too strong for me to hear. "

In particular, she bit the pronunciation of "my husband", and Ling Qiaoqiao was as pale as earth. From beginning to end, Gu Nanchen didn't say a word, and his eyes stayed on Xia Jinsheng. As for Ling Qiaoqiao... He never thought she existed.

My mommy is bullied. How can the little guy sit and wait to die? She stood up, clutching her small mouth and giggling, "Mommy, did you forget to replace your eyes when you went out? It's a great shame to think that daddy likes such an aunt. "

Hearing the previous sentence, Xia Jinsheng wanted to clean up the small ball well. Xia Jinsheng decided to reward her baby daughter with a big meal when she got home. Successive setbacks make Ling Qiaoqiao look very ugly, especially some noble celebrities have been secretly teasing her.

Holding a fist, she reluctantly clenched her teeth and left, with a poisonous light in her cold eyes. The person she saw shivered and consciously left her far away.

The annoying guy finally left. Xia Jinsheng couldn't help but breathe a sigh of relief.

When he raised his eyes, he saw Gu Nanchen looking at him with a silent smile, and his anger surged up.

Laugh! Laugh! Laugh! It's all because he smiles so well that he attracts bees and butterflies. What does a man look so good for? I don't know how many rival lovers she got. She quietly stretched out her evil hand and pinched the soft meat on Gu Nanchen's waist.

Sure enough, the next second he smiled with a taste of forbearance.

"I said, your relationship is good enough. Don't show up in front of my single dog. " Lu Songhuo's smiling voice appeared behind them, and then he came out in a neat black suit with a gentle son.

Xia Jinsheng's mouth is flat and flat. He doesn't think so. Seeing the people around him, he knows that gentle son is his girlfriend tonight. He is alone and doesn't exist.

He just appeared. Wei Qing and Jing Zhu appeared as if they had made an appointment at the same time, like the butterfly effect. Wei Qing's eyes fell on her clothes, and she was in a gloomy mood.

After looking carefully, I found that it was the new model of Junzhu company. I understood it, but I was still a little lost at the bottom of my heart.

The opposite is Jing Zhu, who has touched his chin and commented solemnly: "yes, it's better than I expected."

For this workaholic, Xia Jinsheng always can't afford to make complaints about how to exploit his employees' immediate superior for the company's greater benefits. Gu Nanchen's unexpected expressionless face handed Jing Zhu a note with a string of numbers on it.

With her 5:00 vision, Xia Jinsheng saw the number clearly. Isn't it her bank card number? After all, after so long and tacit understanding, she understood what he meant at once.

He and the little guy put on Junzhu's clothes, which is a movable type sign. The endorsement fee... Is naturally necessary, because Gu Nanchen's worth is there after all.

Jing Zhu was speechless. He didn't have a heart to heart connection with Gu Nanchen, but he could understand the two rude words "money" at the back of the note, and the corners of his mouth couldn't help twitching. The man in front of us is so rich that he still cares about everything.

Sure enough, the richer people are, the more stingy they are.

He completely forgot that he was also one of the disgusting rich people.

There is Gu Nanchen, a human cornucopia around him. Sure enough, he is welcome everywhere. Many people come to flatter and deal with him. Xia Jinsheng always doesn't like the business set and hides away with the little guy.

In the corner, she accidentally saw gentleness. Her eyes kept moving around. It seemed that she was looking for someone. She had no superfluous curiosity and took some snacks to eat with the little guy.

Ling Qiaoqiao came over unkindly and accidentally spilled red wine on her skirt when she passed by. "Oh, I'm so sorry. I didn't hold my hand firmly."

She pretended to take out a paper towel to wipe it for Xia Jinsheng. Unfortunately, no one ate her set. Xia Jinsheng skillfully avoided it and cleaned it up by herself. It's not realistic to change clothes. I didn't know if it had any impact on Junzhu's endorsement.

"Shaking so much is a seizure?" Xiaotuanzi smiled. Only those who knew her knew that she was not happy. Her small lips closed in a straight line, and her two small hands broke the spoon tightly.

Seems to have used the plastic spoon as someone to vent. Ling Qiaoqiao pretended to wipe Xia Jinsheng. She didn't look good. She was preached by the little boy twice. This feeling, super bad!

She was just a child. She dared to choke. She really didn't know how to live or die. Ling Qiaoqiao sneered in her heart, but her face changed to an aggrieved look. "How can you say that, child? My sister didn't mean it. "

Xiaotuanzi didn't buy her account at all, but also got goose bumps all over by her "sister", and exaggerated rubbed his arms, "sister? Who is your sister? Aunt, you look older than my father. "

"Pooh." Xia Jinsheng couldn't help laughing. The little group dared to say anything. Although Ling Qiaoqiao was the same generation as Gu Nanchen, she was still younger than him. As a result, the little guy actually poked her age so hard.

Although most of it is true.

"Xia Jinsheng, is this your tutor?" Ling Qiaoqiao's voice was sharp, and the eyes around him focused for a moment. "What kind of children do you teach? No three, no four, no education."

No matter how good tempered Rao was, Xia Jinsheng was already angry when he was scolded by people poking his spine in front of him. His black and white eyes were angry and cold.

"How do I teach children? Do you need your advice?" Gu Nanchen's cold voice line suddenly came in, and Ling Qiaoqiao trembled when he heard the words without temperature.

From what he said just now, people have extracted a lot of useful news. For example, Gu Nanchen is actually taking care of his children. The frightening president of Gu's group is actually a wet father in private.

This alone is enough for them to amuse themselves after dinner. Of course, the premise is that you have the courage and are not afraid to offend Gu Nanchen.

Ling Qiaoqiao didn't expect that a sentence that didn't mean to show off his mouth and tongue would touch his scales. She was flustered and didn't know where to look.

"Get out."

Two thin lips spit out this simple syllable directly. When he says this word, Lu Songhuo, who has always known him well, has informed the security guard. Ling Qiaoqiao was thrown out of the banquet venue and wanted to swear angrily.

But there are still cameras and passers-by around, and she can't do what she wants to do.

Gu Nanchen took off his coat and covered Xia Jinsheng. He just covered the stain just now and showed his love again. Lu Songhuo suddenly felt that his wattage was too bright and a little lonely.

Somehow in my mind, I thought of the sentence, "spring is coming, and it's mating season.". He must have seen too much in the animal world.

"Next time, don't let all animals in. What if you bite people?" After Xia Jinsheng's problem was solved, Gu Nanchen began to ask Lu Songhuo for punishment slowly.

animal? Lu Songhuo was stunned for a long time before he found that he was talking about Ling Qiaoqiao, which was subtle and indescribable. He looked at Gu Nanchen in a complicated way. He still remembered that Ling Qiaoqiao had liked him for several years, but in his eyes, it was an animal... Oh, no, little animal.

For a moment, he suddenly began to feel distressed and angry. Ling Qiaoqiao came

and fell in love with such an unreliable person. It's sad, too.

"Goblin." Xia Jinsheng suddenly called out his nickname, which he hadn't called for a long time. He took back his wandering thoughts and looked at her puzzled, "what's the matter?"

"Cough." She was suddenly unnatural and her eyes ran around until Gu Nanchen slapped Lu Songhuo on the forehead impolitely. Her speech was a voice that everyone could hear——

"The door of your pants is open." Suddenly, his eyes swept towards him at the meeting. Lu Songhuo covered his crotch in panic. He felt like being raped by the collective, which made him want to cry without tears. He just felt chilly all over, just like standing in front of everyone without wearing anything. Xia Jinsheng and Gu Nanchen have bent over with laughter. Lu Song is angry and gnashing his teeth. He wants to break up with them. However, because of this, I can't escape becoming famous in the circle.
