

《Sweet Marriage: Smart Cute Wife》

Chapter 150

Because of the little guy, Xia Jinsheng found that she had an unexpected affinity with song yuezheng. The coffee shop was around the corner of the company, so she came here every three or five times to have a coffee. Sometimes she even brought one to her colleagues in the company or classmates in the school.

Even the little guy has become a regular customer of the store, because the environment is elegant, the price is reasonable, and there is a small cake specially for children.

In particular, the Matcha cake firmly grasped the small ball's stomach, just as she still pestered Xia Jinsheng to bring herself here today.

During this time, song yuezheng was more clear about their preferences, and asked with his eyes, "old rules?"

One big and one small nodded together, as if they were already loyal fans of the store. While eating the cake, the guest at the table next to him suddenly exclaimed, "child, you are Xia Yuxiu, aren't you?"

"It must be Xia Yuxiu, little cute. I like you so much."

They soon realized that they had met fans. Or mother level aunt powder. When Xia Jinsheng was still thinking about what to do, the little guy trained by the company had answered with kindness: "you recognize the wrong person, although I also think she is very cute."

Boasting that she doesn't blush, what kind of monster is her daughter? Xia Jinsheng is very pleased that she has really won her true biography.

The two women did not leave, but asked persistently, "so what's your name?"

"My name is xiaotuanzi." The little guy took his nickname and realized that it was too

late. Sure enough, the two people's eyes were bright, as if they lived in the stars.

"You must be Xia Yuxiu. Yes, my aunt gives you sugar."

"Yuxiu's nickname is xiaotuanzi."

It turned out that the signing company not only sold her stage name, but also her nickname was known. But will she be so obedient?

not.

"Actually, my name is dog egg. You're mistaken."

The baby's fat little face was written with solemnity, which immediately made the whole heart and liver numb. The two fans' actions have been much bolder. They made a direct hand and gently pinched the little guy's face. They have automatically ignored the sentence just now. Why are you so cute, dog egg or something.

"Ah, I feel it. It's as tender and smooth as expected."

"It's like an egg that just broke its shell."

It was not enough after touching. The two people exchanged views and feelings with great interest. Looking at some speechless, the two people who obviously look very mature look like a fanatical Star chaser. The excitement of seeing the idol was hard for them. They asked the little guy for an autograph and took a picture with her.

It may be that Xia Jinsheng has lived together for a long time. He doesn't think the little guy is so cute. It may be that he is tired of visual aesthetics. She didn't quite understand their feelings, but she was willing to cooperate.

I didn't expect it to be over.

"Well... Can we take a picture with you?" Inspired by the two people just now, another group of little girls recognized the identity of the little guy and came up to ask for a group photo and signature.

Then, a leisurely afternoon turned into a little guy's personal fan meeting. Although more and more people gathered, it was not crowded, but quite orderly.

The shop owner's wife loves this, because Xia Yuxiu's fans will consciously pack a cup of coffee and take it away after signing, which virtually drives the performance of the shop.

She wanted Xia Yuxiu to come a few more times.

Unexpectedly, the little guy has a lot of fans. He even photographed a long dragon outside the store.

On the street opposite them, Ling Qiaoqiao was shopping with her friends. People around her looked at the situation across the street and shook her hand. "Qiaoqiao, I heard that there was a little star signing across the street. Do you want to have a look?"

When she looked back, her pupils narrowed. Unexpectedly, she saw Xia Jinsheng. Then the little star... Her eyes turned. Ah, it was Xia Yuxiu.

Her hands have been pinched. They are really annoying. She should have had a child with Gu Nanchen, and then their child should be so popular, but why is Xia Jinsheng now?

She ruined everything. It's unforgivable.

When her eyes turned again, she saw Song Yuezheng, who talked with Xia Jinsheng in sign language. Her eyes were dim. She can't do it to Xia Jinsheng, which doesn't mean she can't do it to the people around her.

In dog days, the weather was so hot that people were listless. However, at this time, the air conditioner at home also went on strike. When they came back from the outside, they immediately rushed into the bathroom and had a nice shower.

After lying on the mat blowing the fan, Rao is still so hot and upset. Gu Nanchen came back from the outside and saw two people holding iced watermelon with a dull face.

"You're back. Are you eating melons?" Because it was hot, she refrigerated at least three melons in the refrigerator. Seeing him nod, Xia Jinsheng got up and went to the kitchen to cut the melons and put them on a plate.

Gu Nanchen ate elegantly and didn't like to dig with a spoon with half a watermelon as they did. With a toothpick in his plain white hand, he took a small piece and ate it. The red of watermelon and the pink of lip petal formed an interesting contrast.

Gudong. She swallowed quietly, looked away and thought silently. This man is so pleasant to the eyes when he eats melons. It's really annoying. Without comparison, there would be no harm. Even the value of the small piece in his hand was rising. The little guy suddenly stood up, the melon in his arms rolled in a circle, and the juice spilled all over the floor. "Little bastard, are you going to rebel?" "I can't even hold a melon. I'll beat you carefully." "Mommy, I'm going to play there." She pointed to the TV, in which there was an advertisement with the theme of water park. She also took a

look. There are not only many children's projects in the water park, but also rafting, which is most suitable for parent-child activities in summer“ Let's go there and experience it. ” Xia Jinsheng was about to speak when Gu Nanchen took the lead in robbing her monologue“ OK. ” The little guy raised his hands and feet in favor. However, the plan couldn't catch up with the change. I was ready to start the next day, but I found that the little guy was still filming and couldn't go out freely at all. Especially recently, her role has become more and more important. In this regard, Gu Nanchen and Xia Jinsheng of course chose to leave her and go drifting alone. Before going, Qin Wen had been taken care of by them. Considering Gu Nanchen's cleanliness, even his life jacket was new. They were soon ready to go. At the beginning, it was just a gentle sliding. At the back, with the turbulent water flowing to the lower place, the rubber boat shook uneasily, especially where there was a drop, Xia Jinsheng fell back and couldn't see the front, so he was afraid. The cold water washed the back neck stem, and her body was wet. She didn't dare to let go to wipe her face until she floated to a flat place. Gu Nanchen opposite in the hazy line of sight had a different beauty. He seemed to have a smile in his mouth. His eyes were full of embarrassment. He must be secretly laughing at her“ Are you secretly laughing? ”“ I laughed openly. ” This bastard has the ability to be angry and not pay for his life. Wait, she'll definitely take revenge. Before meeting the drop again, Xia Jinsheng rowed hard to turn the boat. Gu Nanchen was in front, and then experienced the same experience as her just now“ Now we are half a kilo to eight Liang. ” Xia Jinsheng looked at him with a smile. His eyes were shining in the sun. Gu Nanchen just looked up at her. The photographer on the shore just recorded this scene. The painting was so beautiful that even he was shocked. He took a few more pictures of them as if he had found a treasure. These two people were the darling of the camera. There was no dead angle at 360 degrees, and each one was so beautiful. When he accidentally took too many photos, the cameraman didn't notice it. Until the two people's eyes swept at him at the same time, he awkwardly stopped, "you're a good match. You can come and take the photos later." In response to his words, Gu Nanchen chose to forgive him and generously hugged Xia Jinsheng's shoulder for him to shoot. In the picture, two smiling faces are sweet. The joy begets sorrow. For this reason, they didn't grasp the grasp on both sides of the kayak when the water kept sliding down, so the glory was overturned by the water. The current washed away the body, and the surrounding people were in a panic because of their accidents. Some people screamed, called, and went into the water to save them. However, the water flow was too fast, and Xia Jinsheng gradually distanced himself from them. She couldn't stand still at all. She was pushed down by the water, and the water depth behind her was so deep that she couldn't touch the bottom of the water“ I'm a land duck. ” Xia Jinsheng wanted to cry without tears. It was this crash that a stream of water rushed over and choked directly into his mouth. Remembering that someone had soaked her feet upstream, she had a bout of nausea. Do you want to be so bad“ Shut up and don't talk. It'll be all right. ” Gu Nanchen chased after her and finally caught up with her. Her strong arms surrounded her. The two were washed by the water together, and the flow velocity in the lower section became faster and faster. The implementation of his plan to take her ashore

became more and more difficult. One saw that he caught the grass on a large rock, a huge wave suddenly hit, was washed away, and crashed into a sharp stone downstream. Because it is surrounded by many big stones into a small pool, they are just stuck on both sides and no longer drift with the waves“ Is it safe? ” Xia Jinsheng was pale with fear, and her two pink lips were blue and purple with cold. The burning pain behind him reminds him how bad the situation is now, but it's much better than continuing to drift down anyway“ It's safe for the time being. Now wait patiently for help. ” Many people came to play rafting in the hot weather. Soon someone came to save them. After a while, someone came with their original kayak. Sitting on the boat again, Xia Jinsheng grasped it with no distractions this time, and warned himself from the bottom of his heart that show love and die quickly. If it wasn't for Gu Nanchen to take photos, how could she capsize in the gutter?
