

《Sweet Marriage: Smart Cute Wife》

Chapter 152

Because a new role appeared in the little guy's play, and it happened that the reporter was allowed to interview the crew, Xia Jinsheng simply joined the fun with Gu Nanchen and became familiar with the new faces.

Who put her in charge of clothes? The character's temperament is not consistent with the external image.

When I arrived at the scene, I didn't see the little guy. Only one female star was interviewed, with exquisite makeup, small melon seed face and big eyes. Talking in front of the media, confident and beautiful.

She is the heroine of the next unit, song Taose. With a pure and lovely image and well-designed, she is one of the popular female stars at present.

But she always made Xia Jinsheng feel as if she had seen him somewhere. At this time, the little guy came late with a man, "Mommy, you came to see me."

She followed song yuezheng behind her. When she saw her, Xia Jinsheng's eyes lit up. She knew who song Taose looked like.

Isn't it song yuezheng? And both of them are surnamed song. I don't know. I thought they were sisters.

"Why did you pull people over?" Xia Jinsheng squats down and touches Xia Yuxiu's small head. She can see that song yuezheng seems reluctant to come to the set, and she should be in a coffee shop at this time.

It turned out that when the little guy went to buy a cake, he saw a bad looking man threatening song yuezheng with sign language. The latter was very afraid. In a hurry, she asked the bodyguard to drive the man away. She didn't trust him and brought him here.

"What's going on? Are you in any trouble?" Xia Jinsheng also became vigilant. She had a good impression of song yuezheng. It was impossible to watch her in danger.

Song yuezheng waved her hand, followed by a series of sign language movements. Xia Jinsheng couldn't understand what she wanted to express. However, there was no pen and paper around at this time, so she couldn't write it down.

She seemed very eager to leave the card. As soon as she raised her eyes, Song Taose, who was being interviewed, suddenly burst into sight. She immediately became dull and her eyes didn't blink.

"That's Song Taose, the actress of the crew. Do you think she looks like you?" Xia Jinsheng hugged her neck generously. She just looked at Song Taose quietly, and then nodded dully.

Soon the dark tide that covered her eyes surged and returned to her usual. Gu Nanchen, who had not spoken for a long time, looked at the scene quietly. His cold eyes fell on Song Taose and turned back to Song yuezheng, which was complex and obscure.

No one knows what he's thinking.

At the end of the interview, Song Taose automatically stood in front of Xia Jinsheng, no longer shy and beautiful in front of the camera, frowning at her, "are you in charge of my clothes? I like white. I must make my skin white as snow, ethereal as fairy and pure. You know what? "

These words are entirely orders.

Xia Jinsheng can't meet her requirement, because in Er Chun's script, the female owner of the whole story should be dressed in black, clean and handsome.

"I'm afraid you haven't read the script yet?"

"I want you to take care of it." Song Taose glared at her, and being refuted made her unhappy. In fact, she really hasn't read the script. Why was she chosen for this role... There are dark rules in the entertainment industry.

How could Xia Jinsheng let Xia Jinsheng put his authority under his feet when he walked sideways on the set after flattering the one with his beauty?

She raised her hand and hated her face. "Don't talk nonsense. If I let you change it, you can change it."

The pain didn't come as expected. Xia Jinsheng opened his eyes and saw Gu Nanchen's angry face. Well, looking at Song Taose, his voice was filled with ice water, "are you looking for death?"

Song Taose's body trembled and was afraid of the man in front of him. Few people in his Shura aura could stand it.

The director soon noticed the trend here and ran in a panic. At the sight of this posture, his soul was scared. Damn it, Song Taose acted willfully in the crew before, but I didn't expect that she dared to provoke even investors

It's killing itself.

"This is all misunderstanding, misunderstanding." The director smiled and came to round the stage, "harmony makes money. Can you tell me what happened?"

He asked Xia Jinsheng. He's not stupid. Gu Nanchen's love for Xia Jinsheng and the little guy is clear. At present, only she has the right to speak. She directly pulled back his hand and met no resistance.

After saying a few good words, Xia Jinsheng was asked to come according to the previous clothes. He hurriedly took Song Taose away.

Looking at their backs, Xia Jinsheng fell into meditation. "The director seems to have a good relationship with Song Taose." Gu Nanchen didn't speak. Where can a first-line female star be clean? Only Song Yuezheng kept looking at her figure. She was thoughtful. From just now on, her attention was all on Song Taose.

In the rest shed, the director looked at Song Taose who came in, slapped the table heavily, pointed to her and asked, "you're going to kill me, aren't you? Do you know who you just offended? That's the contractor of our play. His wife is in charge of the clothes. "

After a pause and adjusting his breathing, he said again, "do you know the famous Gu group in this city? We can't wait to offer up people as living bodhisattvas. As soon as you come over, you will give orders to others. We can't afford you here. Go away. "

Song Taose didn't think that she would be expelled from the crew because of such a small matter. She just joined the crew in front of the media. If she was driven back now, she would lose face. She could not tell how she was reported. She always bullied the soft and was afraid of the hard. She immediately apologized to the director. He shook his hand and said softly, "director, those who don't know are not guilty, so you'll forgive me. I'm going to apologize to her now. There are a lot of adults in other people. They won't care about me. " Previously, the director said that most of the rush was angry, in order to force Song Taose to apologize. It was much better to see her take the initiative to mention it. Song Taose is wearing a deep V suit today. The career line in front of her chest is at a glance. The director stared at her straight for a long time. He

had to teach her a lesson before, so he kept it. Now he can't bear it“ Baby, come and give me a breath. As long as you don't provoke them, I will make you very popular. ”“ Oh, I hate it. What if someone comes in? ” Song Taose's mouth was shy, but her body was honest. Only in her heart is disgust. Why should she deal with such an old rogue? Suddenly remembered Gu Nanchen. His temperament was detached. Although he was threatened by him at that time, song Taose remembered that it should be a good-looking man. Everything was pleasing to the eye from beginning to end. He is also the president of Gu's group, young and promising, and a man of the hour in the mall. Such a person... It's best to match her. Xia Jinsheng and song yuezheng helped the kids with their modeling on the set. Gu Nanchen took a camera to take pictures of them. In the past, he hated this kind of thing to invade his private life. Now it looks good“ Are you finished? ” Xia Jinsheng stretched out her hand to block the lens and carefully observed that the tip of her ear was pink. She was always photographed. Shyness was inevitable. In particular, the person photographed is still her lover. She is very worried that her beauty in a moment will be presented to Gu Nanchen“ It's not over. ” Gu Nanchen snapped another picture at her. He recently sorted out a photo album, which is mostly the growth records of little guys. I wanted to see Xia Jinsheng's photos when he was a child. I found that there were not many photos, so he wanted to take more photos now. In the future, when they are old, two people will slowly look through these albums around the stove, covered with blankets and two cups of tea. That picture must be very beautiful. When he fell into his imagination, Xia Jinsheng had got up and took the camera to slide. He almost spewed out a mouthful of old blood. There was only one picture of song yuezheng, or a group photo of three people. There were more pictures of the little guy, and the rest were all the same. Every angle is strange. This is not the point. The point is that the angle of Gu Nanchen's photos is very tricky, and the light is not well mastered. So that Gu Nanchen's lens shows her either black like a piece of charcoal or white, so the photos have one thing in common. It's ugly. It's so ugly that it's just different from the reality. Xia Jinsheng doesn't know who the people are without comparing clothes“ What's up? Doesn't it look good? I think it's very good. ” Xia Jinsheng really wanted to paste his face with "ha ha". Now he can understand what happened to the "straight man taking pictures" with deep resentment in his circle of friends. Gu Nanchen's hands that can turn stone into gold are not very good“ I want to see it, too. ” The little guy saw Xia Jinsheng's dishes and became interested. She looked through the camera with the mood of looking at the black photos, and then couldn't stand up with a smile, "Mommy, you're ugly above. I don't even want to go out with you. ”“ No, you're wrong. That's not me. ”“ But the clothes on it are you. ”...” Xia Jinsheng was silent. Sure enough, even his own daughter depended on clothes to identify people. There was no one in his photography skills. The black gas at the scene was getting heavier and heavier. Xia Jinsheng remembered that what she and the little guy had just said was laughing at Gu Nanchen face to face. As soon as he looked at it, he really had a sad smile on his face. Her back bristled and her spine was chilly. Song yuezheng suddenly picked up the camera and made a gesture between Xia Jinsheng and Gu Nanchen. In that way, she asked her to take a picture with her. Suddenly, Xia Jinsheng

looked at her gratefully, walked over and took Gu Nanchen's arm, revealing a white tooth, "eggplant." A total of two photos were taken. One is when Gu Nanchen still has a black face before he reacts. This one is absolutely refueling. Take it to ward off evil spirits. The second picture is two people smiling at the camera at the same time. The background behind is illusory, only the two people in the middle are very clear, handsome men and beautiful women, a perfect match. Xia Jinsheng smashed her mouth. Unexpectedly, she matched Gu Nanchen's temperament very well. She thought she didn't deserve her before. She must have been very funny at that time. He returned the camera to him and said, "go back and develop the photos later." He nodded and handed the things to his men. He didn't need to do this himself. The atmosphere was very harmonious. Xia Jinsheng continued to help the little guy with modeling. At this time, a voice suddenly came in, "do you need milk tea?"
