

《Sweet Marriage: Smart Cute Wife》

C16 He Really Believed It

In fact, Xia Jinsheng woke up at around four in the afternoon. At that time, the little guy would faintly show signs of waking up as well.

She deliberately lowered her voice, slowing down her movements. After walking out of the room with much difficulty, she called the nanny of the little guy, asking her to help him carry the roll.

After finishing all the complicated matters, Xia Jinsheng went out and took a taxi to return home.

Just as she got off the car and went back to the courtyard of the old house, the phone of "little lover" rang. Xia Jinsheng looked at the screen and laughed.

"Scram, what's wrong?"

Just as she finished her sentence, a voice filled with grievance came out of the phone, mixed with low sobs, "You abandoned me again, liar, big liar!"

She was already used to this kind of unreasonable nonsense. Every time this little guy disliked her, he would use this move on her, and it was especially effective.

"Sweetheart, Mommy will come see you in a few days. "How about it?" Xia Jinsheng placed the phone close to her ear and comforted the rolling emotions with a gentle voice.

"I don't want it. You must be because I'm a product of your one-night stand, so you feel that I'm a disgrace. So, you're prepared to not want me?"

Oh wow, this time Xia Jinsheng finally experienced what it meant to lift a rock and smash her own feet. The little girl was so young, yet her brain hole was so big, it was really ... It was so deep that it was passed down to her.

"How could that be? Sweetheart, Mommy will see you in a few days, okay? Don't you want that pink Barbie doll? Shall we go and buy some next time? "

Mentioning his favorite Barbie, Xia Gun hesitated. After thinking for a while, he

reluctantly replied: "Okay, but you have to hurry."

"Mmm, good girl." Xia Jinsheng excitedly hit out a loud and clear "bo" into his phone, coaxing the little guy to her satisfaction before she hung up the phone. Then, she raised her head and Gu Nanchen's expressionless face appeared in her field of vision.

Ah!" Xia Jinsheng cried out in alarm, patted her chest with lingering fear, and met Gu Nanchen's gaze. It was unknown just how long he had listened for.

"second uncle, since when did you like to disappear like a ghost? You almost scared me to death." The words' scaring people to death 'were indeed true.

Gu Nanchen glanced at Xia Jinsheng indifferently, then folded his hands in front of his chest, "A guilty conscience."

She was rendered speechless by his words. She really did feel a little guilty. Xia Jinsheng thought about it, and felt that something was amiss. Why was it Gu Nanchen's fault for eavesdropping on other people's phone calls, but now it was her fault?

If it was the past, she would have gone to find Gu Nanchen to argue, but now, she truly felt guilty. After going around him, she planned to directly walk in.

"Why didn't you bring that little guy back?"

Gu Nanchen seemed to not allow her to continue escaping, as he spoke these words to her back. His tone was calm and tranquil.

"..."

"What little fellow?"

Just as Xia Jinsheng was hesitating on how to reply, a voice suddenly sounded from between the two of them.

A beautiful figure appeared in Xia Jinsheng's field of vision. The person who came was wearing a light pink to knee dress, and a close-fitting design sketched out a beautiful figure. Her pair of legs that were crystal high heels were thin and white, reflecting a faint luster under the sunlight.

She squinted her eyes, and her pupils contracted, Ling Qiaoqiao, she actually appeared here. Xia Jinsheng thought about the Gu Nanchen behind him. With him here, Ling Qiaoqiao's appearance would not be hard to explain.

"Nan Chen, I've been looking for you for a long time. So you're here." Ling Qiaoqiao laughed, and acted as though she was going to run over and grab Gu Nanchen's arm.

It was a pity that someone was faster than her. Xia Jinsheng skillfully used her own body to block her, separating the two.

"You ..." Ling Qiaoqiao clenched her teeth, her expression brilliant. If it wasn't for the fact that Gu Nanchen was still present, she would definitely teach this arrogant Xia Jinsheng a lesson. She actually dared to pester the man that she has her eyes on.

Xia Jinsheng naturally knew of the little thoughts that were active in her heart, but what could she do about it?

Xia Jinsheng smiled sweetly at Gu Nanchen, her body leaning even closer to him. Xia Jinsheng purposely shouted to provoke Ling Qiaoqiao, "Thank you second uncle for waiting for me to come back.

"What nonsense are you talking about!" Compared to Gu Nanchen's calmness, Ling Qiaoqiao was flustered and exasperated.

"..." Even if he knew that the main reason why Xia Jinsheng would do this was because she was fighting with Ling Qiaoqiao, but ever since he came back, the two of them were rarely this close, which made Gu Nanchen cherish them greatly.

However ... How could he be someone who was casually given to others to use? How could he not collect some interest? Gu Nanchen's movements were always a step ahead of her thoughts and actions, before long, he placed his hand on her back, and continuously moved downwards.
