

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 167

After Jing Miao's funeral, Jing's father and mother did not leave. They directly announced that they had cut off their relationship with Jing Zhu, stripped him of his real power and drove him out of the company.

"Are you sure you want to resign?" Jing Fu, who is now the real manager of the company, sat in the original position of Jing Zhu and looked at Xia Jinsheng with his hands folded.

Her talent is unlimited, and she has brought considerable benefits during her stay with the company. So he wants to keep her. On his wife's side, he will try his best to persuade her.

Unfortunately, Xia Jinsheng had no intention of staying, "sorry, I've decided to go."

The tone is not very good. Xia Jinsheng inevitably brings personal feelings. She really doesn't like the couple, especially what they do to Jing Zhu. Let him take care of Jing Miao and manage the company, but he is happy outside.

Now he has crossed the river and torn down the bridge, breaking the relationship, trampling on Jing Zhu's feelings to nothing.

After leaving the building, Xia Jinsheng felt that the burden on her was lightened. Gu Nanchen had parked his car outside waiting for her.

"Your resignation is over?" Looking at her relaxed face, he could already guess. But there was still some accident. Jing's father didn't take into account the family retention behind her.

"Well, he asked me to stay. But I don't want to. " If she stayed there to work, she had a hunch that Jing Zhu's today would become her tomorrow sooner or later.

She doesn't do wedding clothes for others.

When she had any plans for the next question, Xia Jinsheng was silent. She had considered this question a long time ago, and her idea today was different from before.

She is in her twenties. She is an adult in the society. She must have a stable job income. She can apply for another company. She just feels sorry for Jing Zhu. Especially at the bottom of his life.

"How about you come to my company?"

Huh? Xia Jinsheng looked at him in surprise, and his ears were absolutely right. Yes, yes, it's just not professional.

"I'm going to start a women's brand in the company. I can't find anyone for a while, so I have to use you first."

Just keep being proud. Xia Jinsheng despised her face. It was set up specifically for her, and she refused to admit it. My heart is as sweet as honey, "since you sincerely invited me, I'll reluctantly agree."

If the little guy is here, he will make complaints about his two faces.

While Xia Jinsheng started again, Jing Zhu also slowly began to recover from the blow. Before, she was worried that he would be depressed like Gu Wensheng for a long time.

But he was much stronger than Xia Jinsheng imagined. Even if all the industries under his management were recovered by the second elder of the Jing family, he founded a small company with his savings over the years.

The model of operation and management has a good prospect. But the good times didn't last long. Due to jealousy and the suppression of the Jing family, entrepreneurship was blocked frequently, and some partners suddenly ran away with money. Jingzhu's new company soon collapsed.

Xia Jinsheng, who heard the news, was red with anger. It was clear that the two men in the Jing family wanted to force him to die, and they didn't think of the past feelings at all.

She wanted to help him make a comeback, but Jing Zhu refused. He often locks himself in his room alone.

The second elder of the Jing family did not stop his crazy behavior. After dealing with Jing Zhu, he transferred his anger to Xia Jinsheng and Wen family. Gently and angrily called her and complained, "lying in the trough, are those two old guys old and confused at menopause? Unexpectedly, he used his contacts to make several major clothing companies refuse to cooperate with us. "

The remaining brand companies also have, but take advantage of the fire to raise high

prices. The angry iron lady could not help being angry and abusive.

In the past, they just treated each other coldly, but now they are directly suppressed in the mall.

"Husband, do you just watch me being bullied?" At this time, Xia Jinsheng was too lazy to see them disgust himself, so he ran to the office to find Gu Nanchen for help.

"Can't you solve it yourself?"

Gu Nanchen glanced at her obliquely. At the beginning of the first day, he said he would provide help, but Xia Jinsheng confidently refused him, "it's a piece of cake. Where's your turn. I can. "

She can stretch and shrink. She really can.

"I was young and ignorant." I had expected that he was a master of vengeance. Xia Jinsheng had thought of countermeasures.

"Oh, really?" With a smile in his mouth, he was reluctant to look away. "It happened three days ago."

This guy, Xia Jinsheng pinched his fist and remained unchanged. "Sometimes growth is just a moment, and I suddenly wake up."

Gu Nanchen didn't speak again. Although he joked about Xia Jinsheng, he must help. With his help, the two elders of the Jing family soon became more honest. She realized that power was indeed a good thing.

The company's new brand is slowly on the right track. The registered patent name of the authority is "Sheng". Xia Jinsheng blushed slightly when the business plan came down. Don't be too ashamed to name it from her name.

He also quickly received a big list. After signing the contract, the late signers came late“ This is the boss of our company, Ling Siyuan. " Xia Jinsheng's smile was stiff. In fact, she didn't need to introduce her. Ling Siyuan, Ling Qiaoqiao's cousin. When she found out his identity, she had the idea of leaving, but she couldn't agree with the signing of the contract, so she had to squeeze out a smiling face and continue to cooperate. But he deliberately didn't show up for fear that he would not cooperate? Noting her sight, Ling Siyuan smiled, "Miss Xia, what a coincidence. It's you. "“ Yes, what a coincidence. " Xia Jinsheng didn't see his outstretched hand, "I didn't expect it to be you." Ling Siyuan didn't feel embarrassed. After taking back his hand, the two talked for a while before they separated. Xia Jinsheng went back and mentioned it to Gu Nanchen. He said, "if you're worried about them playing tricks, don't cooperate

now." "How does that work?" She has always firmly believed that work is work, and personal gratitude and resentment belong to personal gratitude and resentment. I just hope Ling Siyuan doesn't play tricks behind his back. This wish has not been realized after all. The problem is estimated to be Ling Qiaoqiao. She doesn't like her and doesn't want to be related to her. Xia Jinsheng sends her assistant to negotiate with her. Before long, the assistant told herself that it had been settled, and all the other party's requirements were recorded. Xia Jinsheng looked at the document filled with requirements and turned it over. It was challenging, but it would not be very difficult. What her staff are short of now is manpower, so Xia Jinsheng thought of the students in the design school, called them to help with the theme design, and paid them accordingly. It seemed that things were going well. On the third day, most of the quantities were completed, but Ling Qiaoqiao came and said to change the design concept, which meant that all their previous efforts were in vain. As a new brand of the company, Xia Jinsheng endured it and did not pay for the design of the employees at his own expense. "If you have any requirements, you can mention them now and finish them all at once. Next time, we can completely terminate our cooperation." She made an appointment with Ling Siyuan alone. She didn't like the one in the mall. She directly opened the skylight and told the truth. Ling Siyuan's apology was not sincere at all. "I'm really sorry this time. The employees at hand are careless." Xia Jinsheng especially wants to pour the hot coffee in his hand on his face. She has poor management. The people at the bottom make mistakes but ask her people to pay. If she doesn't take into account the signed contract, she will leave the table now. Out of the cafe, she just saw the corner. Song Taose didn't know what to say to Song Yuezheng. She just felt that it was wrong. She wanted to go up and have a look. Suddenly someone patted her on the shoulder. "Sister in law." Gu Ya'er's face scared Xia Jinsheng back several steps. When she thought of Song Yuezheng, her figure had disappeared. "Are you looking for someone? Can't you have a little lover behind my brother's back?" Gu Ya'er smiled and didn't look normal, which made Xia Jinsheng angry. After taking a deep breath, she said proudly, "yes, there is more than one little lover. Shall I introduce you?" Gu Ya'er swallowed her saliva and looked a little strange. She had seen it somewhere. "Sister in law, there's something I didn't tell you. Well, I came with my brother and them." Then she stood behind her. Xia Jinsheng turned rigidly and said in his heart: isn't it such a coincidence every time? "Little lover, huh?" The familiar voice line made her almost kneel down and beg for mercy. Hehe smiled. This person clearly knew that she had no little lover at all, but she always looked like she wanted to kill. "In fact, I do." Xia Jinsheng breathed and looked at him blankly. He was sure that what he had just said was from his mouth. He said he also had a little lover? Suddenly the whole body was uncomfortable and his face was gloomy. "Do you need to explain it to me?" "Pooh." The little guy couldn't help laughing, "Daddy's little lover is me." Suddenly, the rain cleared and the dark clouds dissipated. It turned out that they had cheated. Xia Jinsheng had to find Gu Ya'er to vent his anger. When she asked why, she smiled wildly, "persimmons want to find soft pinch." Gu Ya'er ran away while begging for mercy. She accidentally said that she wanted to be an employee of Xia Jinsheng. She was surprised. A person who was not

small in the company suddenly wanted to be low“ What's your plot? " In addition to this, she couldn't think of anything else. Gu ya'er didn't give her a clear answer in the end, but with her joining, Ling Qiaoqiao's small moves began to converge. After the design draft was completed, the fashion could be delivered the next day. It happened that someone tampered with the clothes one night.
