## Chapter 168

Finally, the clothes were cut into pieces. Gu Nanchen was very angry and began to investigate the matter thoroughly. The surveillance camera only captured a blurred lens, and the rest of the video was cut away.

"What now?" Xia Jinsheng frowned and couldn't ask everyone to do it again. What's more, it was too late.

Ling Siyuan quickly heard the news and domineered, "is this the working attitude of your company? What about my goods? "

"Shut up." Gu Nanchen looked at him discontentedly. Since the cooperation, there have been frequent incidents. He has long wanted to terminate the contract. Although it is a new brand, Gu's basic compensation is only a drop in the bucket. Why should I be so angry.

The quiet needle dropping in the office can be heard. Ling Siyuan also held back that Qu Mingming was the one who couldn't finish it on time. Why did Gu Nanchen always pressure him in terms of momentum? He didn't even have the heart to resist.

After all, the cooperation stopped. Xia Jinsheng was not busy taking the next order. She didn't put down the last damage to her clothes.

On the other side, Ling Qiaoqiao is not calm. She just wanted to break her clothes and let Xia Jinsheng redo it to increase their workload. Unexpectedly, Gu Nanchen had to give up cooperation directly. How could she find an excuse to see him in the future?

She wanted to continue to cooperate with them through her cousin's hand, but Ling Siyuan didn't want to, "let me lose so much money and want to cooperate. How much manpower and material resources did it delay me, do you know?"

"Cousin, can't you continue to give them some time for a few days in my face?"

"No. I know you like Gu Nanchen, but you can't accommodate this matter. Business is business. Besides, I've helped you. "

For the first time, he deliberately didn't give Xia Jinsheng their correct design concept,

which conflicted with what he needed. He stopped after his leisurely time became urgent. Unexpectedly, something happened to them.

Suddenly thought of something, Ling Siyuan looked at Ling Qiaoqiao, "what the clothes were cut won't have anything to do with you?"

"How is that possible?" Ling Qiaoqiao lied easily. Her face was not red and she was out of breath. She fooled Ling Siyuan. Just let him cooperate with Gu Nanchen again. Even if she broke her mouth, she couldn't move.

She was very upset and secretly called the person who had bought the wrongdoer downstairs to teach her a lesson, "how do you do things? The clothes are all broken, and they don't cooperate. "

"Didn't you guide it?" The girl touched the beaten face and was angry. She was still in school, so she was young and energetic. "You're too hard to serve. Anyway, I did it. You have to give me money, or I'll give them the video. "

Instead of being threatened, Ling Qiaoqiao gave her money. When she finally got the video and wanted to go, the figure suddenly broke out and blocked her way.

Chu nianwan, who accidentally passed by the parking lot, listened clearly to the conversation just now. He remembered that Ling Siyuan spread rumors everywhere because of this matter, which damaged the reputation of the company. It turned out that Ling Qiaoqiao was causing trouble. She was angry and robbed the video tape when she wasn't prepared.

"What are you doing? Give it back to me. "

Chu nianwan dodged her and stuffed the videotape into his bag. She saw it and robbed her bag. The two people got entangled. Ling Qiaoqiao worried that she would give it to Gu Nanchen. At that time, she was really finished. She moved harder and harder. As a result, she pushed her with unstable center of gravity and fell back.

A car tried at a slow speed. The driver was so frightened by the sudden scene that he tried to step on the brake. When buffering, he still hit Chu nianwan.

"Read late." Xia Jinsheng was about to pick up the little guy from school. Then he witnessed the scene that Chu nianwan hit the car. Ling Qiaoqiao was scared to death. He didn't want anything and turned around and ran away.

Neglecting to catch up with others, she hurried to see Chu nianwan. There were serious bruises and bruises on her legs. The driver quickly got out of the car to help pick her up and sent her to the hospital.

After tossing and turning for a long time, Chu Nian was transferred to the general ward late. The doctor said her legs were all right. What happened was that her hands were propped up when she crashed and fell to the ground, resulting in dislocation.

So when I saw her again, Chu nianwan had already put heavy plaster on her hands, but she still lay restlessly in bed and got out of bed to find something.

"What are you looking for? I'll take it for you. "

"Well, take out a videotape in your bag."

Xia Jinsheng saw the black video tape at a glance. Chu nianwan asked her to take it back to Gu Nanchen before she understood its usefulness.

She was still in a daze. Chu Nian couldn't help urging, "go quickly. There can't be any delay. The termination of the contract and the receipt of compensation are in the afternoon. "

For a moment, Xia Jinsheng seemed to understand what was inside. No wonder she quarreled so badly with Ling Qiaoqiao just now, and there was no delay. She went out to take a taxi to the place where the contract was signed.

"Mr. Gu, you've read the contract and sign it."

Qin Wenchong Gu Nanchen nodded. He had seen the contract and there was no problem. It was just too humiliating to sign it in this way.

"Wait a minute." Xia Jinsheng pushed the door and burst in. She followed the docile staff behind her. "I think we need to discuss the compensation again. Who should compensate?"

At her insistence, the cut video was played. The picture on the screen was connected with the previous video. A girl who couldn't see her face was frantically cutting clothes. After finishing these, I waited for a while. When someone opened it, Ling Qiaoqiao's figure appeared in the lens. She gave the woman a sum of money. Her eyes suddenly moved to the camera and frowned, "you go and get rid of this." "OK. " The girl's face was also exposed to the light. The girl Xia Jinsheng knew was a senior in their school. She was one of the people who came to the company for internship. It seems that she was bought by Ling Qiaoqiao. Ling Siyuan's face was ugly. He left with his people in dismay. Gu Nanchen unkindly mended his knife against their back, "when shall we discuss compensation?" Sure enough, Ling Siyuan stumbled at her feet. Gu Nanchen hugged her waist, "where did you get the evidence?" "Ah. " Xia Jinsheng thought of something. He suddenly raised his head and hit Gu Nanchen's chin. Normal

saline burst out of his eyes, "how rash?" Xia Jinsheng took his hand to the hospital before he could explain. When he got to the hospital, the ward was really empty and there was no one. If the nurse hadn't told her that the people living here had left, he would feel that his previous experience was a dream "What's the matter with you?" Up to now, Gu Nanchen is still in the dark and doesn't know what she wants to do. Xia Jinsheng told him what she saw today. Hearing that Ling Qiaoqiao pushed Chu nianwan into the car, he was very angry and asked someone to teach her a lesson. With the brilliance of her face, it is estimated that she can't see anyone for more than a month. She has to be safe for a period of time. But Chu nianwan seems to have suddenly evaporated from the world. She can't be found in familiar places, and Gu Nanchen has replaced her work. Xia Jinsheng was hesitating whether to call the police, missing persons and so on. Suddenly, she received the information that she reported safe, so that they don't worry. After that, I will call regularly. The only thing I won't reveal is her address. Slowly, Xia Jinsheng began to get used to it. Moreover, the development of the company's new brands is getting better and better. Many people come to cooperate with her. She is very busy every day and has no time to worry about other people's affairs. The weather has begun to turn cool, a cold rain and a cold. The trees around the villa in the suburbs have begun to fall leaves. Qiao qiuruo knocks at the door with the plaid shirt he bought for Gu Wensheng from the mall. He shut himself in the studio all day again. Since Ann Ruo Ying died, he devoted himself to his paintings. He seldom smiled and didn't say anything every day. He often wanted to shut himself in the room all day. Sometimes even forget to eat. Qiao qiuruo thinks that Gu Wensheng can't live without people. A man in his thirties who doesn't even have basic self-care ability is unreliable, but she likes it "Didn't I say don't disturb me?" Gu Wensheng was very unhappy when he was suddenly broken into his own world. Jing Miao's death reminded him of an Ruoying, and his temper became more and more irritable. For so long, he still couldn't accept that she had died. Qiao qiuruo habitually stooped down to apologize, "sorry, I see it's cold, so I bought you new clothes." "Well, put it somewhere. You can go out." "Oh." Qiao qiuruo was stunned for a moment and looked at him nostalgically. He looked bleak and sounded a little lost, "OK, I'll go out now." Door open, door closed. Gu Wensheng recovered to a person's peace, but he couldn't think of an Ruoying as he did just now. Qiao qiuruo's injured eyes lingered in front of him. My mind is full of her affairs. It's a magic barrier. Gu Wensheng threw down his brush and rubbed his swollen temples. He knew Qiao qiuruo's heart. She thanked him for everything he had done for herself. He is capable and tolerant of his bad temper. But if you don't move, you just don't move. He had to find a time to make it clear to her that Gu Wensheng could not give her the happiness she wanted. He had to let her leave and find another assistant.
