

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 170

"You've been coming all the time. Do you have anything to tell me?"

Xia Jinsheng and Lu Songhuo get together for coffee. Song yuezheng opposite them suddenly hands them a note.

It's not that she is careless, but that they appear in the coffee shop too often recently, and basically stare at her strangely every time they come. Exquisite mind, such as she can't think of its purpose.

I can only guess if they have something to help themselves, but they are embarrassed to speak.

Seeing these words, Xia Jinsheng glanced at Lu Songhuo angrily. He was out of control. He pulled her over three times a day before Song yuezheng suspected him.

Thinking about what excuse to use, Lu Songhuo grabbed the paper and brush in her hand, brushed and wrote a line of words, and solemnly handed it to song yuezheng.

There was a suspicious blush on his face.

Xia Jinsheng was not the only one curious about what he wrote. Song yuezheng glanced at the note and looked up at Lu Songhuo.

The smile in the other party's eyes, the face is visible to the naked eye... Red. Looking at the note, he bit his lip, squeezed the note into a ball, held it in his hand, and ran away with a tray.

This action, how to look, how shy.

Xia Jinsheng became more and more curious about what he wrote. The smile on the corner of his mouth grew bigger and bigger, and quickly spread to the back of his head.

"What did you write?"

"I asked her to help fill in the spouse column of my household register."

Xia Jinsheng not only covered his lips with a "wow" sound, but also proposed? So romantic.

Mingming is so flirtatious that he even wants her to help. He won't deliberately show his love to her, will he? With his stomach full of bad water is not impossible.

Suspicious.

"Did you say she said yes or yes?"

Song yuezheng's departure made Lu Songhuo feel at a loss. For a moment, she couldn't figure out her attitude. She said that she was not sure to promise.

"This....." Xia Jinsheng thought about how to avoid hurting him. "Should....."

At least there was no face-to-face rejection. When Xia Jinsheng returned to the company, Gu Nanchen also came back from Gu's old house.

From his mouth, Xia Jinsheng knew that the old man thought Gu Wensheng had never thought about getting married. He was worried that he liked someone he shouldn't like. As a result, he found out that he had been married.

"What about the follow-up?" Xia Jinsheng twitched at the corners of his mouth, just as Gu Nanchen said that people who shouldn't like gnash their teeth.

She knew that this person was not Qiao qiuruo, but her. Said she had to pretend to have something to do with Gu Wensheng.

Unexpectedly, she found out the dusty past of an ruojing.

Worried that the old man would take this to stimulate Gu Wensheng, Xia Jinsheng was anxious to know the follow-up, "did you say how to deal with this matter?"

"Although they were together, the old man didn't recognize that marriage, and now she's gone. Dad is still arranging a blind date for big brother. "

Gu Nanchen crossed his hands and his face was full of helplessness. He also knew that Gu Jun's move undoubtedly pushed Gu Wensheng further.

It's only a short year, but it's really chilling for him to marry another before his bones

are cold. What's more, he doesn't recognize an ruojing as his daughter-in-law.

So Gu Wensheng almost broke up with him. If he hadn't stopped them, they would have almost dissolved their father son relationship.

"What does big brother have to do with her assistant?" What he cares about is this. The old man also asked him this question in private.

Gu Wensheng, who did not want to date and said he did not want to be close to any woman, left Qiao qiuruo alone in his private villa.

In order to prevent the accident, I'm afraid that the old man will attack Qiao qiuruo at that time.

Suddenly understood the meaning of his words, Xia Jinsheng fell into silence. She probably knew a little about their relationship.

When he was first sent to Gu Wensheng when he was a child, Qiao qiuruo was already with him. She remembered that she was very kind to her eldest brother and did her best.

She didn't understand that it was like until she grew up, but Gu Wensheng only had an Ruoying in his mind except painting. Is there Qiao qiuruo's position in his heart

He may not know it himself.

"Forget it, don't think about it." Gu Nanchen put his cool long finger between her eyebrows and gently rubbed it to help her stretch the wrinkled radian.

It's Gu Wensheng's own business. He doesn't want Xia Jinsheng to interfere too much.

Talking to him about Lu Songhuo's alternative courtship, her tone revealed her envy, "look at how romantic people are. You are completely forced to buy and sell."

Complaining about his previous bullying and no romantic courtship, he was completely abducted and threatened. He didn't have to blow in front of his grandson when he was old.

"You regret it?" Gu Nanchen's eyes were burning. The light in his eyes left Xia Jinsheng nowhere to hide. He suddenly became overbearing. "It's no use regretting."

In this regard, Xia Jinsheng turned his eyes directly. If regret is useful, regret drugs in the world should be out of stock.

Moreover, her body and mind are all lost on this man. What can she do except disarm and surrender?

Without saying anything more, she went back to work. Although Gu Nanchen didn't say anything, he quietly took it to heart.

By the time she arrived, Gu ya'er had already started working. At the beginning, Xia Jinsheng was worried that she was forced by Gu Nanchen to agree. Only after contacting her these days did she find that she really loved new fashion.

Sometimes after designing the drawings, Gu ya'er will come excitedly and ask her to take the ready-made clothes for her to try on first.

Xia Jinsheng is naturally disrespectful as a free model.

"Sister in law, you are back. Did the second brother tell you everything? "

"About big brother?" Her worried face made Xia Jinsheng frown again. It didn't seem as simple as Gu Nanchen said.

She nodded. "Didn't the second brother tell you that the eldest brother has been locked up by the old man?"

And this? Xia Jinsheng opens her eyes wide. It seems that Gu Nanchen has concealed a lot from her.

Gu ya'er's face I knew it was like this.

She told Xia Jinsheng what she saw again, and there was basically no deviation from what Gu Nanchen said.

Except that he didn't tell her that Gu Wensheng was locked up by Gu Jun, he probably didn't want her to intervene.

"Well, it's all right. Let him remain locked up. " Xia Jinsheng calmly sat back to her position, and Gu ya'er looked at her strangely.

Hearing this news, shouldn't Xia Jinsheng be in a hurry to save Gu Wensheng? How do you feel relieved?

The mood on her face was so easy to read that Xia Jinsheng sighed. She was not cold-blooded, but really felt that it was good for the old man to lock Gu Wensheng up.

That guy is basically a waste of life. He had to drive Qiao qiuruo away some time ago.

It would be more worrying if he was left alone.

In the old house, at least dressing and eating don't worry about being taken care of.

On the other hand, without their knowledge, Qiao qiuruo came to the door of the old house alone. She heard that she was Gu Wensheng's assistant. After asking Gu Jun for instructions, the housekeeper said nothing to let her in.

She had to stand outside the door and wait.

"Master, she still won't leave." The housekeeper is a kind-hearted man. He can't bear to see her. A girl's house has been waiting in the sun.

So he said to Gu Jun, and immediately got his severe eye knife. The housekeeper shrunk his body, looked at his nose, his nose and his heart, and said nothing.

At home, Gu Jun practiced calligraphy most. Just like now, every pen and ink are drawn, and the tip of Langhao's pen quietly rubs with rice paper.

The sun outside the window gradually rose to the highest point, burning people. From here, there was a dark shadow standing at the gate outside the yard.

Suddenly, a dark shadow flashed past the window, followed by a loud noise, like the sound of something hitting the ground heavily.

The old man's pen meal immediately added a black spot on the paper and rendered a large area. Ignoring these, he hurried to the window and saw Gu Wensheng, who should have been locked upstairs by him, smiling and waving to him.

Inverse son, unexpectedly jumped from a building. I knew even the windows were sealed.

With a snap, the precious brush in his hand broke into two sections. The housekeeper kept silent and tried to reduce his sense of existence.

Gu Jun was even more angry and didn't fight, "what are you waiting for? Get that bastard back for me. "

"Yes."

The housekeeper did it at once. As for whether he could catch up or not, he had to say something else.

Gu Wensheng ran all the way to the parking lot. When he got in the car, he began to

step on the accelerator and rushed out all the way. The housekeeper and others who were late were powerless and could only watch him leave.

"She, why is she here?"

Before leaving the gate, Gu Wensheng saw that he was standing shaky in the sun. He accelerated his speed and drifted around her before stopping, "come on."

Seeing him, Qiao qiuruo couldn't help but be overjoyed. Just about to come forward, he fell down in front of him. Fortunately, Gu Wensheng got off the bus and caught her firmly in time.

"Are you okay? Wake up. "

Her pale face made Gu Wensheng's heart pick up, troubled by an uncomfortable sense of suffocation. There's no time to think deeply.

It is urgent to take people on the bus and drive to the direction of the hospital.

The housekeeper went back and reported the situation to Gu Jun. the old man wanted to cut the desk in half from the middle. The angry voice shook the whole building three times:

"What are you talking about? The villain took the woman away? Go and get me all the information about the little assistant at once. "

He thought Gu Wensheng had feelings for Qiao qiuruo. In order not to let annoying things happen, he immediately asked someone to check Qiao qiuruo's information.

Gu Jun has been cruel to Qiao qiuruo. If she can't take the initiative to leave, she can only force him to obey. He will never allow Qiao qiuruo to become a stumbling block to Xia Jinsheng's family.

In the ward, Qiao qiuruo soon woke up. She smiled when she found Gu Wensheng beside her.

After handing her a glass of water, Gu Wensheng sat down next to her. "Your foot wound has healed, hasn't it?"

Otherwise, she could not have appeared in the old house and stood so straight. Gu Wensheng realized that her feet might have healed before, but he kept it from him. Qiao qiuruo's heart clicked, and his men consciously clenched the sheet. Gu Wensheng turned and sighed, "now that it's OK, let's leave quickly. I don't need an assistant. " She knew that once her foot injury was cured, Gu Wensheng might drive her away. I

didn't expect it to be so fast.
