

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 177

In the morning, Xia Jinsheng was awakened by the urgent information prompt. Don't mention the sour taste. Her whole body seemed to have been torn down and rebuilt, and she was sore.

Thirty is like a wolf and forty is like a tiger. According to Gu Nanchen's tossing method, she will die in bed sooner or later.

The news came from Song yuezheng: "can I accept him? But I'm a little worried. He's too good for me. "

Xia Jinsheng refused to be stuffed with dog blood early in the morning. After such a long time, song yuezheng actually mentioned this matter. She thought that Lu Songhuo had already won people at one fell swoop.

It turned out that she looked too high at Lu Songhuo. So Xia Jinsheng began to edit the text message and painstakingly persuaded song yuezheng to follow her inner thoughts.

After pouring her heart chicken soup bowl by bowl, song yuezheng finally loosened. She decided to try with him.

Xia Jinsheng couldn't help but show her old aunt's smile. My family has children and finally grow up. When I was happy, I didn't pay attention to propriety, and suddenly there was an acute dull pain in my waist.

Damn it, move your waist.

Gu Nanchen pushed the door in and saw her hand on her back waist. She leaned forward and touched the bridge of her nose. "I was bad last night. I'll rub it for you."

"Big brother." Xia Jinsheng raised his eyes bitterly, tears hazy, "I am flashing my waist."

Hearing the speech, Gu Nanchen didn't dare to move, so he had to find a private doctor first.

To this end, Xia Jinsheng had to lie in bed for a few days to rest. In order to avoid

hurting her waist again, Gu Nanchen directly brought the food to feed her.

"Come on, open your mouth."

The porridge was sent to him after he blew it cold, but Xia Jinsheng couldn't say how uncomfortable it was to have someone feed when it was so big.

"Don't be awkward, eat quickly."

The tone is gentle and outrageous. It's completely a way to coax children. The tender eyes accidentally bewitched Xia Jinsheng and unknowingly opened his mouth.

After she took a bite, Gu Nanchen hooked her nose and boasted, "good boy, have another bite." This picture successfully hooks up Xia Jinsheng's memories of taking care of the little guy when he was a child.

When she was a child, xiaotuanzi was very bad. Every meal was a protracted war. Xia Jinsheng tried his best to coax her and deceive her. Now Gu Nanchen has completely used these tricks on her.

"I'm not that delicate, okay?" Xia Jinsheng stared at him, "you will spoil me."

Gu Nanchen was surprised. She had looked away. She was a little worried that she would be reluctant to leave after she was used to his kindness.

If one day Gu Nanchen abandons her, I'm afraid she doesn't know what to do then. He suddenly pressed his big hand on his head. Gu Nanchen rubbed her hair and said frankly, "you don't think enough about how to spoil you."

She was silent, as if she had knocked over a bottle of honey.

After being cut by Chu nianwan, Gu Ge, lying on the hospital bed, is full of resentment. The injury on her back is still aching. She won't let Chu nianwan go.

On Monday, Xia Jinsheng was ready to go to the ground. The doctor prescribed two doses of medicine for her. She couldn't get away with something, so she had to deliver it in a few days. She thought that she would pick it up by herself if she had nothing to do.

She ran into Chu nianwan at the gate of the hospital. Her face was not good-looking, her eyes were blue, and her eyes were full of blood. Xia Jinsheng didn't know what to say, but she glared fiercely.

The eyes are fierce and aggressive. She was frightened. She seemed to climb a

poisonous snake and spit out red letters faintly. It was cool.

"You should be happy now?"

After saying such a sentence without a head, Chu nianwan directly staggered with her. Xia Jinsheng was about to leave and suddenly stopped. Why didn't you come to the hospital at this time? And she remembered that Gu ya'er vaguely mentioned to her that Gu Ge's was hospitalized here.

She won't be... Coldly climb up behind her. Even if it's just a guess, Xia Jinsheng can't allow any carelessness to follow her quietly.

In front of the VIP ward, Chu nianwan really stopped, opened the door and walked in. Xia Jinsheng asked the passing little nurse, "is that Gu Ge in the ward in front? I'm her family. "

"Yes, Miss Gu is recovering in our hospital."

Listen, let them be alone, that's OK. Just then, a cry for help came from the ward, "help, I killed someone."

Xia Jinsheng rushed in without delay, and the cold fruit knife was aimed at Gu Ge who fell trembling in the corner. This aimless stab went on, Gu Ge was either blind or disfigured. The situation is not optimistic.

"Stop, don't fool around." Xia Jinsheng stepped forward to stop her, which stimulated Chu nianwan to speed up her action.

"Ah, I don't want to die."

Gu Ge's embarrassed cry rang through the whole ward. The expected pain did not come. The tip of the knife was less than a centimeter away from her eyeball.

She was so frightened that she didn't even dare to blink. Xia Jinsheng pushed Chu nianwan away, angrily yelled at Gu Ge: "what are you doing, waiting to die? Run. "

The latter woke up like the beginning of a dream and crawled aside. Just now, the little nurse heard the movement, and the instrument in her hand crashed to the ground, screaming and running to find someone.

The good thing was destroyed. Chu nianwan almost transferred all his anger to Xia Jinsheng. Her hand holding the knife tightened. She saw this little action in her eyes.

Her eyebrows twisted into a knot. Xia Jinsheng only felt that she was too sick and

crazy. She didn't flinch. She grabbed her knife, raised her hand and slapped her.

The crisp slap sound blindfolded Chu nianwan. He covered half of his hot face unbelievably. His mood was like a powder keg.

"You're crazy. You dare to hit me. Why do you do that?"

Xia Jinsheng looked at her unreasonably, didn't bother to talk more, and handed her the fruit knife again, "OK, whatever you want. Prison and nothing are waiting for you."

Anyway, Gu Ge is almost far away now. If he wants to catch up, he may not be able to catch up. Xia Jinsheng is relieved to hold his waist and take a breath to leave.

Ma Dan, the range of motion was too large just now. Now my back hurts to death.

After she left, Chu nianwan fell most things in the house, but there was no other extreme behavior.

Gu Nanchen knows that he threw it all to the old man to clean up the mess and scolded Xia Jinsheng for not having a good rest at home.

"I saved your sister, can't you praise me?"

She was lying in bed humming. If she wasn't there, Chu nianwan might be bad for Gu Ge. Once something happens, it will only hurt both sides.

Gu Nanchen gently massaged her. She was angry that she pretended to be a hero, and thanked her for her great help. The words turned to her mouth, "that's also your sister."

"...." she was also a rival in love. Xia Jinsheng silently added in her heart that she was so great to save the rival in love.

Time flies, and soon it's time for Gu Wensheng and Chu nianwan to get engaged.

Although their union was an accident, Gu Wensheng and Chu nianwan were at least the eldest son of Gu's family and an adopted daughter for many years.

The old man has a good face. How can he treat them badly in the pomp of the wedding? He wants to hold an engagement banquet. Naturally, the more grand it is, the better. The best hotels and first-class services come from adults who are either rich or expensive. There are also Lu Songhuo and Song Yuezheng familiar to Xia Jinsheng.

Song Yuezheng's relationship with Lu Songhuo has developed rapidly since he agreed

to communicate with him. He has met his parents. The second old man of the Lu family didn't like it at first. Later, he got along with Song Yuezheng more and more, and gradually recognized the daughter-in-law.

Don't you bring people out to the wedding banquet? Doesn't it make it clear to declare sovereignty?

"When will you get married and buy us a wedding drink?" Xia Jinsheng smiled and teased the pair of men and women in front of him.

Song Yuezheng was so ashamed that she hid in Lu Songhuo's arms that she didn't dare to see anyone. Lu Songhuo directly moved Gu Nanchen for help, and the two looked at each other. The former's eyes are full of resentment, called: can't you take care of your wife?

No, my pet.

He put his hand around Xia Jinsheng's waist, deliberately provoked Lu Songhuo, dared to show his love in front of him, and was able to deceive people to get a marriage certificate.

In the room of lightning and flint, the two most watched protagonists at the engagement banquet finally appeared.

Their clothes were cut by an international tailor invited by Gu Jun at a high price. The two people had exquisite appearance. Now they naturally became the focus of the crowd like immortals.

In front of outsiders, Gu Wensheng and Chu Nianwan both acted to maintain the apparent peace. People who didn't know thought they were really a loving couple.

Only after careful observation can we find that the two people seem to be separated, and Gu Wensheng is even more absent-minded.

"Brother, what's going on? Why do I think something's wrong? "

"Yes." Gu Nanchen nodded. There was something wrong with their marriage. Sticking to etiquette will ruin future happiness.

They are not such people, just because sorrow is no greater than heart death.

Gu Wensheng thinks that after an Ruoying leaves, his parents want him to get married, so do it. It doesn't matter who the object is. Chu Nianwan hopes to die for Gu Nanchen.

In the twinkling of an eye, the couple went to their table to toast. Because they were acquaintances, they could put down their fake smile for the time being.

"You should be happy?"

Chu Nian, who was charming in a red dress, said the same words to Xia Jinsheng at the door of the hospital that day. Until now, she tasted the profound meaning.

When she was engaged to Gu Wensheng, Chu nianwan thought that the happiest winner in life was her. There was no rival in love behind her.

"What can I be happy about?" Xia Jinsheng's mouth was flat. Chu nianwan looked at her in amazement and only heard her say, "it's like you can marry my man without engagement today. We've received a certificate and our relationship is protected by the law."

The words were straightforward enough and the tone was choking. Song yuezheng was still worried that Chu Nian's party would not be stimulated. When they rioted, she smiled brightly, "I will beat you in the next life."

Xia Jinsheng picked her eyebrows and was not surprised by her reaction. Holding Gu Nanchen's hand, she inadvertently tightened it a lot.

There were other guests who needed a toast, and Chu Nian didn't stay long, concentrating on the normal sugar coated war.

Compared with the bright look on her face, Gu Wensheng is depressed. He kept thinking about meeting that man that day. Not knowing each other's identity, Gu Wensheng could not let him take him away. At this time, Qiao qiuruo in his arms woke up. Asked whether to stay or follow the man, Qiao qiuruo chose the second without hesitation. Looking at the empty embrace, Gu Wensheng was speechless loneliness.
