

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 182

Song Taose's external image is well managed, but everyone in the entertainment industry knows how bad her reputation is. Before, she was so beautiful that it was too late for others to curry favor with her.

Now, unlike in the past, she chose the loser, the people who envy her, and the people she has offended want to rush to poke her disadvantages to the media.

The Internet is full of people. She is involved with the child of a certain company, and what does it have to do with a tour guide.

Just one night, things were brewing to an incredible climax. Song Taose was not nervous at all. Now she wants the more people who black her online, the better.

There are many artists in the circle who are black and red. She wants to be reborn with this power.

The agent looked at the monitoring data on the network and frowned. He was worried all the time. In the dawn, he called the personnel department, "prepare and hold a press conference."

At 9:00 Beijing time, the gate of Tianyuan entertainment was blocked, and the flash kept flashing. The reporters were too excited. I'm kidding. Recently, the entertainment industry has been too quiet. They have been calm for a long time. It's not easy to make such a big scandal.

One by one, they are scrambling for the exclusive news, and a lot of wages and bonuses are waving to them, okay?

"Miss Song, are those photos on the Internet related to you?"

"It has something to do with me."

The air was suddenly quiet for a second. No one thought she would admit it so simply, but it made their high mood more fanatical.

Expose the true face of the old jade girl -- a photo of song Taose admitting ambiguous.

They even figured out the title.

Song Taose looked at their greedy eyes one by one. His heart was disgusting and was about to spit out. There was still a beautiful smile on his face, and tears fell down. "The photo is about me, yes, but the person in the photo is not me."

Ah? It turned out that there was such a show. The reporters were stunned and soon saw Fang Li leading a rebellious girl to the stage, pushing and shoving with a reluctant face.

"This is my sister, song yuezheng. Xiao Zheng, say hello to the media." Song Taose smiled and pulled her, but she opened it with a cold face. She looked disgusted. It was the girl who should rebel.

The media gave full play to the brain tonic function, and made up a similar story: twins' character developed in different directions, their sister was pure and lovely, and their sister formed gangs and did not work properly.

She colluded with men everywhere, and her sister worked hard to clean up the mess for her. Song Taose's image suddenly became tall and bitter, which made people want to hold her in their arms and cherish her.

"Please hold your hands on the photo. She is still young and will be sensible one day." Song Taose bit his lips and trembled all the time. He might kneel down to them at any time.

I can't bear to see people. Especially at this time, song yuezheng suddenly broke away from Fang Li's hand and pushed her to the ground. The media exclaimed and grabbed the camera to take pictures.

Song Taose tried her best to make her look more pitiful but still beautiful. She greeted all their ancestors for eight generations in her heart.

After getting up, he still apologized again and again, "I'm sorry, I didn't teach my sister well..." Song Taose said in tears, covering her lips and worrying to catch up with the person who ran away before.

The media can't find more gossip. They are convinced that song yuezheng is the heroine of indecent photos. Whether she is true or false headlines is enough. What they want is traffic, not the truth.

The live camera sent everything about the press conference for the first time. Xia Jinsheng, walking in front of the TV, gnashed his teeth to deal with the fruit in front of him.

She completely regarded it as song Taose's revenge. She never thought that a person could be so heartless. First, because of her interests, she made friends with song yuezheng, and now let her pretend to be her own.

"Her face is really an iron wall, and yuezheng is also her. Do you know what impact such news reports will have on her?"

On TV, she plays a bad girl song yuezheng. Gu Nanchen looks at the news thoughtfully. Xia Jinsheng suddenly slaps her thigh and asks:

"Does Lu Songhuo know about it?"

Gu Nanchen picked his eyebrows. He's not an Ascaris worm in someone else's stomach. How can he know?

Back in the company, as soon as song Taose entered her lounge, song yuezheng hurriedly greeted her and made a quick gesture. I want to ask her if she's hurt. I'm afraid I was careless and too hard just now.

"Hiss..." Song Taose took a breath. Just now she rubbed her hand on the ground and broke her skin. She gave her agent a color. The latter immediately surrounded and pushed away song yuezheng, "get up, get up, our peach hands are more precious than you. You put such a heavy hand. "

Seeing her injured, song yuezheng felt extremely remorseful and bowed her head like a child who had done something wrong. She wanted to get close but didn't dare to get close.

Song Taose saw that her quail temperament was not grateful but disgusted. Fortunately, she was stupid enough to be bluffed by herself. "Brother Li, don't blame yuezheng. She didn't mean it. I have to thank her well. Sister, shall we have steak? "

The following words were said to song yuezheng. She was really confused by her sister's maintenance. She just remembered that she was embarrassed to eat steak.

She doesn't like it. First, it's bloody. Second, she can't use knives and forks, but she doesn't know that song Taose deliberately wants to eat steak because she knows these two points. She likes to watch song yuezheng make a fool of herself. Lu Songhuo knew it only when he was reminded by his usual good playmate. The other party's eyes were extremely complex, "I didn't expect you to like this kind of person." "Shut up. " Lu Songhuo beat people away without saying a word. Soon his parents were shocked and asked what was going on in the news. Where did he answer? He hesitated and couldn't say clearly. Although the second old man of the Lu family didn't say anything, he had been credulous to the rumor. He was advised to find an honest

girl“ Mom and Dad, I see. Yue Zheng, she's not like that. It's all a misunderstanding. ” He found those so-called indecent photos for the first time, all of which were very hazy. He could only vaguely see the character's appearance, but he was sure that the person in the photo was definitely not song yuezheng, but more like song peach. Combined with today's news, he used his brains to figure out what was going on. After returning to the cabin where he lived with song yuezheng, she hasn't come back yet. Lu Songhuo sent her a message: "where are you now?" Eat steak with peach. " Knowing that she was with song Taose, Lu Songhuo's eyebrows twisted into a knot. Song yuezheng was so kind to her that she gave everything to her. So good that his real boyfriend is jealous. So he didn't like song yuezheng to associate with her sister, especially after investigating and knowing the past. She came back soon. She took a taxi by herself. I wanted to control my temper, but it turned out like this, "what's the matter with that damn press conference?" Song yuezheng bowed her head and listened to the training. She had guessed the result. In his heart, she must have become unbearable“ Why help song Taose take the blame? ” This sentence suddenly sounded above her head. Song yuezheng was happy first, and then his face was ugly. He agitated his clothes uneasily. He found out“ She's so important that you don't even think about my feelings? ” Lu Songhuo is very angry and jealous. Her family is so important in her heart, but song Taose is not worth it at all. She looked at him stupidly. She didn't understand why she just did peach a favor. He would be so angry. Song yuezheng suddenly panicked. She was used to Lu Songhuo's good and was afraid that he would abandon herself. Holding him helplessly, Lu Songhuo didn't feel her helplessness. He broke her hands one by one and left. No, No. Song yuezheng jumped up and hugged him, afraid that people would disappear from his eyes or even never appear again. There was a sudden drop of moisture behind her. Lu Songhuo turned around and held her face. "Did you cry?" She wrote a sentence in his hand: sorry, I was wrong. Lu Songhuo hugged her tightly and choked, "stop it. I'm the wrong person. I shouldn't be so stingy." No, No. Song yuezheng shook her head. In her eyes, Lu Songhuo was the most perfect. Forget who opened the head first, two soft lips touched together, saliva intertwined, silver spilled over the corners of his mouth... The next day, Lu Songhuo quietly went to the set to find song Taose and warned her: "if you make trouble again and involve yuezheng, I will erase you myself." She's just finished her make-up. She looks pale. Why should he teach her a lesson for that mute? What can she do to protect her like this? Song Taose couldn't help thinking that song yuezheng, the two sisters of a mother's compatriots, was inferior to her everywhere. Why could he get Lu Songhuo's care? In terms of his worth, he was also a rich family. If she marries herself, what else can she be a star? How good it is to be a rich wife directly. Why can't such a good thing happen to her? He De, the mute, was the only one... For a moment, song Taose already had a poison plan in her heart. After warning song Taose, Lu Songhuo explained the whole thing to his parents before going to the place where song yuezheng worked for lunch. Then I saw an acquaintance in the cafe, Xia Jinsheng“ It seems that we are worried about you in vain. ” Xia Jinsheng drank coffee and looked at them jokingly. Yesterday, she could see that the news of the press conference was fishy. Naturally, Lu Songhuo could not hide it. I was worried about the

impact on their feelings, but the fact was not as bad as she thought“ We have a good relationship. " Lu Songhuo shamelessly took song yuezheng's shoulder and stole incense and jade on her face. The female staff who worked with song yuezheng screamed and couldn't help wiping a sad tear. Mom, I can't live watching them show their love every day“ Yes, you have a good relationship. " Xia Jinsheng couldn't help rolling his eyes. Who says only women love to show, and men are no exception, okay“ Than you and Gu Nanchen? " Oh, she sneered, and the king despised, "you think beautifully."
