

《Sweet Marriage: Smart Cute Wife》

Chapter 190

"What, what's the matter?" Xia Jinsheng was very angry when he looked at him. When he spoke, his voice trembled.

Gu Nanchen angrily clasped her shoulder, "don't you know to pay attention to yourself? Drive everyone away. What if there is danger? "

If he hadn't appeared in time, Xia Jinsheng might have been injured now. Imagine that picture, his heart would ache.

He held Xia Jinsheng tightly in his arms, as if he was afraid of others peeping at his peerless treasure. Xia Jinsheng was choked by him. He thought that what had just worried him, so he forgot to resist.

The police finally had results, and the truth was beyond everyone's expectation. Song Taose didn't put medicine in Song yuezheng's food.

Only that night, the food she gave song yuezheng was just like another food she ate, which finally led to her death.

So song Taose is innocent.

But the scandals of colluding with the director to take nude photos are true. She fell out with the director who had been holding her. Song yuezheng carried the pot for song Taose, so the director's anger shifted to her.

This is why song yuezheng has so many marks of being beaten. That night, the little guy was filming. Song yuezheng saw someone pestering song Taose to help out. As a result, she was beaten.

"It's all over here." After Qin Wen's detailed report, Xia Jinsheng looked straight.

Xiaotuanzi also ate some Xiangke food. It was found early and treated in time, so it was all right. But that night Xia Jinsheng didn't think about whether something would

happen to her, and didn't find any injuries on her.

After all, she is still not well taken care of. She is ashamed of Lu Songhuo.

"You took all your faults on one person again." Gu Nanchen hugged her tightly. Just looking at her low expression, her heart seemed to be pricked by a needle.

"It's also responsible."

He was there that night, and he didn't find it either. If Lu Songhuo wants to blame someone, he is willing to bear all the consequences.

Both of them rushed to admit their mistakes. There was no movement from Lu Songhuo. Qin Wen said that after he found out everything, he went abroad alone without saying hello.

Xia Jinsheng was still worried and called him. There was the sound of waves on the other end of the phone. Lu Songhuo sounded good. He said, "what can I do for you? I'm enjoying the sunshine and the beach. "

“.....”

For a moment, Xia Jinsheng even felt that it was an idiot to worry about him. He and Gu Nanchen blame themselves like a fool, but as the leader, they travel abroad.

Sunshine, beach, bikini. He still won't treat himself badly.

"Sorry." With great courage, Xia Jinsheng finally said his apology. The time stood still for a moment, and then there was a "beep".

He hung up the phone. Xia Jinsheng didn't know whether he was forgiven or still angry.

The director who operated on song yuezheng was also severely punished. Xia Jinsheng revealed all the bad things he had done. He was blocked by this circle and couldn't stay in city a at all. Some say he went abroad, others say he left city a to fool around elsewhere.

The exact whereabouts are unknown.

Song Taose's acting career was ruined. Out of the detention center, the gossip paparazzi reporter followed her all the way from the police station to her home.

To get her to respond to this incident, song Taose said nothing. Her face was gloomy

and ugly. She had a hard time in the detention center for a few days. Because someone had taken extra care of her, she was beaten almost as soon as she went in.

At first, she wanted to use her identity as an actress for some benefits, but her mother brought her bad news. The company wants to terminate the contract with her, and the spokesperson also asks for compensation because he has done something damaging to his image.

It's wonderful to fall from the cloud to the bottom. In just a few days, she has lost a lot of weight. His cheeks are sunken, his eyes are more protruding after cosmetic surgery, and his face is very white. It looks very scary.

Now she just wants to find a place to have a good rest, take a bath and eat. If the scandal comes out, she doesn't care anymore.

One person did the opposite to her. She was Dong Qin, wearing the last nice mink coat and talking to the camera, "everything is framed and maliciously slandered! How could my daughter do such a thing? You are jealous of her. "

After a little reporter reported once, he was bombarded by netizens and scolded. He identified Dong Qin as a psychopath, and then no one paid attention to her.

Late at night, the paparazzi around the downstairs of the rental building finally dispersed. Song Taose dressed up and was ready to go shopping. She has just moved to this shabby little building. There is no food at home.

The shop is open 24 hours. The cashier looked at her with bleary eyes for a while. Suddenly his eyes widened, "are you song peach?"

"Yes." Some fans recognized her before. Song Taose remembered that her current reputation was not what it used to be. He shook his head and denied, "no, I'm not her."

"You're talking nonsense." The cashier stared at her, "you just admitted that you are song peach, I heard you. You go! We don't sell you anything in our store. "

Song Taose is full of inconceivable. The tiger falls flat and the sun is bullied by the dog. A small cashier dares to look down on her.

These days, she has been subjected to all kinds of slander and abuse. She has long endured enough. She has endured her anger to a certain extent. Now she is eager to express it, "why don't you sell me? If I pay, you have to give it to me. "

"Who wants your dirty money? Get out, get out."

The cashier had always hated her so much that now he dared to be righteous. He couldn't help being more angry and threw people out after robbing something.

"You... What bad quality, I want to complain. Complain about your shop and see how you sell. "

The cold wind blew on her face, and she became more and more embarrassed. Several passers-by looked at her curiously. Song Taose was worried about going through what had just happened, and hurriedly covered her face.

I can't buy anything. I have to go home. Passing by an alley, a hand suddenly stretched out in the dark and grabbed her arm tightly.

The cold feeling spread from the arm to the brain. The whole body was cold. Song Taose was very afraid and subconsciously wanted to scream. The man in the dark seemed to have expected that she would behave like this and covered her mouth first.

The pungent smell came into the nasal cavity. She had seen it in some illegal nightclubs. It was a overpowering drug. Thinking became slow and drowsy. Song Taose fainted as soon as he closed his eyes.

There was not only one person in the dark, but others came up and dragged her body into the abyss

Time is a good medicine to cure everything. It's only ten days away. Song Taose disappeared and Lu Songhuo left without saying goodbye, which made people slowly forget some things.

The days continue.

The women's clothing company is going to launch a series of clothing, focusing on red and green colors. This is Xia Jinsheng's idea. She believes that she should design clothes consistent with life when the new year is coming.

"Are you trying to kill me?"

In the towering conference room, Gu ya'er's complaints were heard throughout the room, easing the seriousness and tension of the parliament.

In fact, Xia Jinsheng's meetings are very easy. It's just that Gu Nanchen is more in charge today.

Xia Jinsheng was stunned. Seeing the blue under her eyes, she felt a little sorry. Close to the end of the year, the sharp increase of all the workload is a challenge to the staff.

Some people even live directly in the company, and Xia Jinsheng can't be present at all times for the exam because there are still classes in the college. Half of her work was entrusted to Gu ya'er.

She should have complained.

"You wanted to transfer it yourself." Gu Nanchen took Gu ya'er's uniform with a cold look, "learn more from director Jing, you know?"

"I see." Gu ya'er gave Jing Zhu a resentful look because he was too hard-working. She was defeated by comparison.

Jing Zhu touched her nose and couldn't laugh or cry about Gu ya'er's accusation. He is used to the hardships of this industry, especially the higher the level, the more things he has to do. Otherwise, how can there be a wage income gap.

The meeting was soon dissolved. Xia Jinsheng had to go to school. He didn't even have a chance to catch his breath. Some newcomers to the company were surprised that their immediate boss was still a student.

Moreover, they have only been in contact with this industry for less than two years. In addition to demons, they really can't find a suitable word to describe Xia Jinsheng.

Gu Nanchen sent her to the school gate and gave her a temporary kiss on the forehead. "Don't be too tired. Don't put ya'er's words in your heart just now. She's just spoiled. "

"It's all right. I don't care."

She's telling the truth. The new company has a good momentum. Many people are jealous and secretly make a lot of obstacles. It's enough for her to deal with these every day. She really doesn't have the international time to compete with Gu ya'er's temporary complaints.

After the exam, Xia Jinsheng hurried out of school. Today, the nanny asked for leave. She had to pick up the little guy to the crew in person.

As soon as I stopped a taxi, there was a voice behind me, "are you Xia Jinsheng? Can we talk? "

Xia Jinsheng looked back and saw only a middle-aged man, followed by two tall bodyguards. He wore a pair of wide sunglasses on his face, covering most of his face.

It looks very familiar, as if I've seen it somewhere.

Until he took off his sunglasses, Xia Jinsheng's pupils narrowed. Isn't this the man she saw in the car that picked up Song Taose last time?

"You are..."

On the other hand, in Gu Nanchen's office, Qin Wen didn't leave as usual after handing in the documents. Gu Nanchen raised his head when he found his abnormality. Qin Wen handed another document to him.

"President, the identity of the person my wife asked me to check last time has been found out. He is from the Xia family. "

Hearing this sentence, Gu Nanchen tightened his fist and loosened it for a long time, as if he was restraining something, "I know, you go back first."
