

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 192

The sound of the small ball made the two people separate as quickly as they burned themselves. Because of the dim light, no one could see the red glow on Xia Jinsheng's face.

She was almost in public with Gu Nanchen just now. She has always boasted of being an old driver, and her skin is not thick enough.

It's a little cold at night, just blowing away the heat on my face. Xia Jinsheng felt a little cold. There was a heavy coat on his shoulder, and the temperature was just right.

Gu Nanchen naturally finished all this. His face was as calm as water. On the contrary, Xia Jinsheng made a fuss. They are husband and wife. Xia Jinsheng likes this flat and warm coexistence pattern very much.

"You left work early today?"

It's eight o'clock Beijing time. I remember correctly. He has a night shift to work today.

"You said to pick up the little guy and didn't contact me." He left work early, but there was no one at home. I guessed that they might come here.

Xia Jinsheng remembered that the crew had a farewell party. On a whim, she forgot to inform Gu Nanchen.

"This will not be the case." His big hand held the bridge of her nose and soon loosened it.

Xiaotuanzi excitedly took a cut cake to her and was surprised to see Gu Nanchen.

Then he patted his chest and promised, "Daddy, wait a minute, I'll get you one."

Gu Nanchen didn't like sweets and couldn't bear to brush his daughter's kindness. He squatted down and rubbed her head and whispered, "OK."

It seems that Gu Nanchen is worried that he can't eat enough. Xiaotuanzi specially took a large piece. Xia Jinsheng couldn't help laughing at his stiff expression.

"Daddy, every grain is hard. It's shameful to waste food."

Xiaotuanzi solemnly told Gu Nanchen the truth he had learned, so that he could finish all the cake.

This child, father.

The child was already laughing and out of breath. He patted Gu Nanchen's shoulder with a heavy task and a long way to go. His face was paralyzed. "The revolution has not been successful, and comrades still need to work hard. Pooh, ha, ha. "

She couldn't help laughing wildly. Gu Nanchen's face was black and the shadow passed by. Xia Jinsheng only felt that the time in front of her was much darker.

"Well..."

Then she was kissed. Gu Nanchen passed the cake in her mouth, and she... She swallowed it.

The face burned quickly. It was still in the crew. It was seen that there was no face to see people. Especially there was a little guy between them, shyly covering his face.

A pair of black eyes are especially vivid between the middle finger and the ring finger.

It's just bad for children. Fortunately, Gu Nanchen knew enough and soon separated. Otherwise, if we continue to make trouble, we can't escape being locked outside the door.

In order to prevent him from making such a move again, Xia Jinsheng took the initiative to dig up his cake to eat. Such a big man is picky about food.

Even if you are picky about food, you should have done such a shameless thing to cover up your crime. The more he wanted to get angry, Xia Jinsheng skillfully wrapped his hand around the man's soft waist and rotated 360 degrees.

"Well..."

Gu Nanchen groaned, because he had tasted the sweetness before. Xia Jinsheng's little move was like a cat scratching. He was itching in his heart.

Mo Nanfeng didn't know what he saw. When he came over, his face was full of

ambiguous laughter. He held Xiaotuan Zi in his arms. He was very clever.

"You two are also a little more restrained. It's not suitable for children. It's not suitable for children."

"Yes, yes." Little Tuanzi followed, although she didn't know what the kiss just meant.

The blush on mommy's face made her very happy.

When she got home, xiaotuanzi was already asleep. Gu Nanchen took her down. Xia Jinsheng followed them and the family walked in the moonlight.

"By the way, you let Qin Wen find out. His name is Su Qian. His family is rich in city A. Like to do charity, he has a well-known hobby, that is, women. Especially women in the entertainment industry. "

Hearing the name Su Qian from his mouth, Xia Jinsheng was stunned for a second and soon recovered as usual. He quietly listened to Gu Nanchen.

He doesn't laugh, but his voice is very nice. The clear voice is like a mountain spring in a valley. It is pleasant to hear. Each pore expands and trembles happily.

There is a saying on the Internet, "the voice is good, and the ears are pregnant". Xia Jinsheng believes that this sentence can not be used to describe him more appropriately.

She also knew Su Qian better intermittently. She was rich, playful and crazy. Xia Jinsheng remembered what he had seen in the afternoon, but he couldn't see it on the surface.

"He and song Taose also met by chance. Song Taose first colluded with him to expand the road for himself, and the two colluded into a traitor. Except for the transaction, there is no emotional involvement. Song Taose looked for him when he was down, but... "

"Pull X." Xia Jinsheng's masterstroke complemented him. Gu Nanchen's expression was stiff. When he looked at her, there was a thin sullen look between his eyebrows and eyes.

"Well, I turned my face and didn't recognize anyone."

Until she changed a word, Gu Nanchen's face looked much better. Men didn't like her to say some very vulgar words. She thought he was just paying attention to things blindly. If only he could understand it intuitively.

"Is there anything else you forgot to tell me?" She is not interested in Song Taose. If Qin Wen only investigates these things, he will not deliberately mention them to her. Gu Nanchen has nothing to say. Since he was waiting for an opportunity, Xia Jinsheng simply created it for him. Gu Nanchen's exquisite mind and observing deeply felt something vaguely from Xia Jinsheng's expression, "do you know?" "I met Su Qian this afternoon. He asked me if I wanted to see my relatives." Before the words fell, Xia Jinsheng only felt that the hand held by Gu Nanchen suddenly tightened. Gu Nanchen wanted to catch her in case she would slip away from her eyes in the next second "How do you answer?" Blood is thicker than water. Xia Jinsheng's parents are gone, and the blood relationship with other relatives can't be cut. He was not afraid that relatives would come out suddenly and rob Xia Jinsheng with him. He was afraid that she wanted to leave with them "No. My family is here." His head turned to Gu Nanchen's arm. If Gu Nanchen didn't hold a small ball in his arms, Gu Nanchen could hardly control himself and wanted to hold her in his arms and rub her into his own flesh and blood. The sight converged, and Xia Jinsheng was hot all over. All adults, she understood the deep meaning of his eyes, hint, eager and anxious. Her condition is not much better. It seems that she drank some medicine by mistake. There is a clamor of desire inside her body. How does Gu Nanchen feel tonight? How sexy. Coincidentally, they quickened their pace. Gu Nanchen sent the dumpling back to the bedroom, covered the quilt, hurried out and picked up Xia Jinsheng, "I won't let you rest tonight." "With pleasure." Su Qian and Zhao Lei are good brothers. They used to be. Since Su Qian took revenge for his business, he looked down on Zhao Lei more and more and always wanted to kick him away. Zhao Lei's family wealth is half, and his salary is high among people of the same age. Just because he has a hobby of drinking and gambling, he lost all his salary to the casino as soon as he got his hand. Zhao Qingyan, his son, is a good worker. He came back after studying abroad and taking a master's degree. Working in a large hospital in city a, the salary was not low. I just wanted to please my boss, have a relationship, and repay my father's gambling debt. The family life is dry. There is a rich friend. Of course Zhao Lei wants to get something for nothing, but Su Qian is not happy. When he politely wanted to drive him out of the company, Zhao Lei was finally anxious. He dragged on until one day he saw a poster of Xia Jinsheng endorsing clothes. He recognized people at a glance, her niece. She was adopted by Gu family, which was a place to raise people. After knowing that she was with Gu Nanchen, he couldn't calm down. Who is Gu Nanchen? That's the recognized diamond man in the city. Marrying him is equivalent to owning half of Gu's group. How much is that? Just thinking, Zhao Lei's heart couldn't help pounding. As Xia Jinsheng's uncle, he should enjoy peace and happiness with him. But he was not sure what kind of person Gu Nanchen was. The outside world told him that he was amazing. So he thought of Su Qian and asked him to inquire about Xia Jinsheng's intention from the side "Did she really say she didn't want to see us? This rebellious girl used to raise her for nothing, little white eyed wolf." Sitting on the soft sofa, Zhao Lei jumped with anger. As an insider, Su Qian quietly watched his every move. Xia Jinsheng refused to recognize his relatives. It was too wise. If he had

relatives like Zhao Lei, he didn't want to recognize him. Of course, after all, it still maintains the superficial brotherhood. Su Qian's dissatisfaction was just a psychological complaint. He took a sip of tea slowly. "I'm just responsible for conveying her words, but I'm not making it up. If you don't believe it, you can ask ah Xin. " A Xin is a bodyguard around him. Zhao Lei fell into silence. Su Qian had no reason to lie to him. A few days ago, he had a dream of relying on Gu Nanchen's gold mine. Now he told him that Xia Jinsheng didn't want to see him at all. How can this be? The more he thought, the more unbalanced he became. He immediately returned home from Su Qian to discuss with his wife Xia Yun. Xia Yun is a typical market woman. Although the Xia family has been brilliant in the past, she doesn't have the gentle temperament of a lady in a big family in her sister“ Anyway, she is related to us by blood. Now that she has developed, what can we do to help our poor relatives? Isn't her husband a philanthropist? If you have money to donate to the poor, why can't you spend a few on us? We'll find her tomorrow. " After struggling with Gu Nanchen until the early morning, Xia Jinsheng got up very late. Gu Nanchen at the company has asked for leave for her. The little guy was also sent to kindergarten by the nanny. After a few bites of sandwiches, Xia Jinsheng finished dressing up and went to school. At this time, the housekeeper reported: "madam, there are two people who claim to be your relatives outside who want to see you."“ Tut tut tut. " Xia Jinsheng shook his head and sighed that there are more and more tricks played by swindlers these days. "Housekeeper, why are you getting older and more confused? Who is there in my family..."
