

《Sweet Marriage: Smart Cute Wife》

Chapter 197

"What's the meaning of such a design? It's ugly. Take it down and do it again. "

Gu Ge lost his temper and beat back the things that are not easy for people at the bottom.

"You..." the criticized person looked angry. She had shown Xia Jinsheng this design before. Unlike Gu Ge, a layman, she was very satisfied. It also tells a lot of deficiencies and needs to be improved, and it is clear about the concept and soul of design.

When she stayed up late to fix it, now she told her she couldn't. This is not a question, or what?

"What are you doing? Get out and do it again. " When Gu Ge saw that she had been there, he thought it was Xia Jinsheng's people who couldn't move by themselves. He was even more angry.

Without saying a word, he directly smashed the document on the face. The sharp edges and corners just scratched a red mark on the girl's face, and the badly scratched place was also broken.

"You..." Xia Jinsheng never gave her such embarrassment. The huge gap was unacceptable for the moment.

"What are you staring at? Hurry! If you don't want to do it, you can go away. "

The girl frowned, thought of the high salary and finally endured it, but she knew that her next job would never be easier with Gu Ge.

"Manager, please verify the statement of this month sent by the finance department." The assistant miss who came in looked at the girl sympathetically and sent the documents up tremblingly.

Gu Ge was busy fiddling with her nails. She didn't have time to pay attention to her. She pointed her finger and said, "put it there and go down."

Soon after the door was closed, it was pushed open again. Gu Ge was so annoyed that she could start running a bar, but these professional things were very obscure and boring.

But at this time, someone didn't have eyes and provoked her at this juncture. Gu Ge frowned unhappily, raised his eyes and saw Ling Qiaoqiao coming in wearing a beige plaid skirt.

"Why are you here?"

The weasel paid new year's greetings to the chicken, but it was not kind. Gu Ge doesn't know the purpose of Ling Qiaoqiao's coming. The latter has looked carefully at the office, "you're a good place. What you robbed from others is different."

It's not like praising her at all. Of course, Gu Ge doesn't pay attention to her at all, "say it, what's the matter?"

"You said Mr. Gu would react if he knew you were behind the scenes?"

Gu Ge's eyebrows are twisted into a knot. Ling Qiaoqiao is threatening her. Unfortunately, she doesn't like being threatened.

Eager to tear up her face, Gu Ge calmed down, "empty mouth, do you have any evidence?"

"Of course. Do you think your means of provoking the relationship between Xia Jinsheng and Gu ya'er are really so clean?" Ling Qiaoqiao provoked a sneer, and the hand clasping the corner of the table revealed her guilt.

On the surface, it's plain, "how can you sit here and have fun if I don't help you?"

"According to you, I should thank you?" Gu Ge is not a brainless person. He quickly starts to guess Ling Qiaoqiao's intention from panic.

She didn't expose it directly, but came to discuss it. Unless it's a request to cooperate with her, it's not impossible for two people to cooperate.

Thinking of this, Gu Ge immediately piled up a fake smile on her face and tried to win her over, "if you want to expose it, it doesn't matter to go to the old man, but you think clearly. You helped Xia Jinsheng return to the company and the woman who took Gu Nanchen away. "

Gu Nanchen has always been a thorn in Ling Qiaoqiao's heart. He can't pull it out or swallow it.

"Don't worry, we are on the same front." Ling Qiaoqiao said so, in fact, it is also because she has no so-called evidence at all.

Gu Ge has an opportunity to be guilty of a thief.

.....

"You don't know that Gu Ge's tail is almost up in the sky since he replaced you." Gu ya'er took the opportunity to complain to Xia Jinsheng by phone. She used to think that her sister-in-law was used to picking on others.

After comparing Gu Ge's actions, Gu ya'er never felt Xia Jinsheng so amiable. When Xia Jinsheng was on duty in the company, she had a lot of work every day, but it was not a bother. It's almost done with little effort.

But instead of Gu Ge, she didn't know anything. She still likes to dictate and act according to her personal preferences. She is completely blind.

The original design was redone by her. As a result, the customer was dissatisfied and had to rework again, which was time-consuming and laborious.

"Sister in law, when will you be back? I miss you so much. "

On the other side of the campus Boulevard, Xia Jinsheng held his mobile phone and had no idea, "I can't change the old man's punishment."

Words bring a trace of grievance.

Gu ya'er also thought that her father had done it immorally. She sniffed and asked in a low voice, "shall I help you talk about it? Beg for mercy? "

Perhaps out of guilt for her biological mother, Gu Jun always dotes on her and almost responds to her requests, which also leads Chu Yu to regard her as a thorn in the eye and a thorn in the flesh.

She actually understood all this, but pretended not to understand. Now hastily put forward, some worry will hurt Xia Jinsheng's self-esteem.

But I didn't see Xia Jinsheng turn his eyes silently, "don't go quickly, do you want me to beg you?"

"Huh? How did you... "The huge contrast made her unable to respond. How could it be? It was completely different from what she imagined. She thought her sister-in-law

would refuse.

Xia Jinsheng probably guessed the meaning, "do you think I'm really indifferent? Go quickly and solve my problem to ensure a lot of rewards. "

She was just content with the status quo on the surface, but she was still holding a breath in her heart, whether to Gu Laozi or Gu Ge“ Sheng "is her painstaking effort, which is no different from her second child. She doesn't trust Gu Ge to take care of it.

From the information ya'er has given her these days, even if she doesn't do it, she will kill herself sooner or later.

Not surprisingly, within a few days, Gu Ge poked out a big basket. Because she was dissatisfied with a designer, she kept asking people to redraw and maliciously torture people. As a result, the man was angry and sued her, and the partner was very dissatisfied and sued her because she failed to deliver the results.

Because of the double lawsuits, she was in court every day, the company was unattended, accumulated the next pair of mistakes, and no one was willing to help her because of her bad style during her tenure.

Gu ya'er took the opportunity to go on a business trip. Jing Zhu was ill at home, and the company became a mess.

When the board of directors convened again, there was a lot of complaints. Some people said that they would simply ban the new brand, but it was rejected as soon as someone spoke“ The benefits of "Sheng" are obvious to all, and no one is willing to take this mutton cake.

"Why don't you call Xia Jinsheng back? Isn't her previous performance very good?" The speaker was a young man who came with his father. He read the company's statements and heard about the previous managers.

As soon as this remark came out, the meeting room was embarrassed except Gu Nanchen. A few days ago, they also targeted Xia Jinsheng, and now they want her to help.

A bunch of old guys can't save face.

Gu Nanchen looked at his nose and heart, and leisurely turned his pen to appreciate the reaction of this group of people.

The old man knew he had no face, so he didn't attend the meeting. His confidants in the board of directors would still tell him about it, and Chu Yu was listening.

Flat mouth, "is it retribution? Why do you always dislike others' Jinsheng when you say you're okay? The marriage certificate was obtained and the child was born. You still want my son to divorce and marry again? Who will Xiaotuan talk to then? "

"Of course it's my family's seed. Xia Jinsheng, dare she take it away?"

"Why didn't she dare? Besides, are you sure you can keep that little guy's heart? "

After he kicked Xia Jinsheng out of the company, she accidentally leaked her mouth, and then the little guy never called again. How cute the little dumpling who is one with his mother.

"If you can't stay, you have to stay. Look at what Xia Jinsheng did? When she said something, she instigated my granddaughter, who was spoiled by her. "

Chu Yu was completely shocked. Unexpectedly, he still had such prejudice.

"Do you think Jin Sheng instigated it behind his back?"

Mr. Gu snorted dully, and the words "otherwise" were clearly written on his face.

Chu Yu was helpless and explained to him again and again that Xu was too embarrassed. Gu Jun fell into silence. It takes a process for a stubborn person to recognize his mistakes.

But she believes that the whole process will not be long.

On the other hand, Xia Jinsheng soon got the news. Gu Nanchen told her.

"Do you have any plans to come back now?"

"Well, come back tomorrow." Less than a week after she left, Xia Jinsheng began to feel that today's days seemed too leisurely.

It's really frustrating to be driven out, but she's reluctant to create a brand. Now it's time to need her.

"Whatever you want, don't hurt yourself."

"Yes."

Before going back, Xia Jinsheng felt that she had something to do, so it wasn't long before she came to Jingzhu's hospital.

The door of the ward was not closed. A small girl in a beige windbreaker was cutting fruit for him. For a moment, Xia Jinsheng found a familiar feeling in her.

For example, she is very much like Jing Miao, especially when she smiles. Jing Zhu has been looking at her, but he is more calm than Xia Jinsheng's surprise.

"This is..."

Isn't he looking for a substitute like Jing Miao? Xia Jinsheng's mind was full of wildness. Before thinking deeply about Jing Zhu, she stopped her, "accident, just take care of my nurse."

"My name is Song Ci. I'm a student of Medical School of B University." Xu is what Jing Zhu has done before. She is used to Xia Jinsheng looking for someone's shadow from herself.

"Hello."

Xia Jinsheng simply said hello to people. Song Ci knew they had something to talk about, so he stepped back.

The door closes.

Her eyes at Jingzhu are complex and indescribable. She despises, despises and sympathizes... Jingzhu is hairy in her heart. Behind her, she is like a dense swarm of small insects crawling, and her hair is cold.

"You seem to have a leisurely life in the hospital. What serious illness did you have?" "Cough." Jing Zhu touched his nose and looked away. In fact, he pretended to be ill here for absenteeism. When Gu Ge was convinced of the seriousness and authenticity, he called a nurse. Unexpectedly, Song Ci would be so like Xiaomiao. For this reason, he is more reluctant to go to the company. Now Xia Jinsheng came, he knew that the hard and happy days had finally come to an end.
