

# 《Sweet Marriage: Smart Cute Wife》

## C21 Eventful Autumn

Seeing that the two of them were clearly in the same camp, Xia Jinsheng rolled her eyes craftily, and deliberately avoided answering Gu Wensheng's question.

"Eh, Eldest Uncle, your glowing face today isn't bad, what happy thing did you encounter?"

She did not lie. Although Gu Wensheng wanted to pretend to be angry because he had made the decision, the slight raise of the corner of his mouth revealed his master's feelings.

He couldn't hold it in anymore, and accidentally slipped into Xia Jinsheng's circle. He shamelessly scratched the back of his head, and laughed honestly and honestly: "Finally, my own art exhibition is being held, she's also happy for me, and sent me flowers."

"Tsk tsk." Xia Jinsheng smacked her lips and winked at Gu Wensheng with a playful expression.

Gu Wensheng seemed to have thought of something, and his face flushed, like a little kid who had just opened his heart.

As for who that "she" was, the two of them understood each other tacitly.

Little White seemed dissatisfied that he had been ignored. It pouted its mouth and stomped its feet, just as it was about to use its usual method, its little body was suddenly carried by Xia Jinsheng.

Without holding back at all, he flicked his forehead and said, "lovely kid, you are still too inexperienced to fight me. Go back and cultivate for five hundred years."

The little guy pitifully covered the red spot where he was shot, his eyes glistening with tears, his little mouth curling up and down.

"Ouch!"

Xia Jinsheng suddenly cried out in pain as she touched her forehead that had turned

red. With tears in her eyes, she looked at the mastermind with dissatisfaction as she chided, "Uncle ..."

Ignoring her pitiful gaze, Gu Wensheng carried the little fellow and said to Xia Jinsheng with a long face: "Cultivating for five hundred years, do you think I don't exist?"

The little guy was also a mischievous little girl. Knowing that Gu Wensheng, who was present, couldn't do anything to him, he couldn't help but feel proud.

"I knew uncle was the best."

"Alright, alright, alright. We're rolling around the best."

Watching the two people play tricks speechlessly, Xia Jinsheng calculated in her heart that when Gu Wensheng wasn't around, she would definitely properly establish her prestige in front of the rolling crowd.

With one glance, Gu Wensheng saw through her thoughts and slapped the back of Xia Jinsheng's head with a "Pa" sound.

In a corner that no one noticed, a pair of sinister glowing eyes silently captured all of this. Their eyes were burning with a cold and fierce fire ...

Before returning to the Gu household, Xia Jinsheng specially stayed in the nearby cafe for a long time, waiting for Lu Jun's arrival.

After around half an hour, Lu Jun finally appeared in her field of vision slowly. With just a glance, she wanted to smash Lu Jun to death with a coffee cup.

The reason was because Lu Jun's expression was lazy and his face had an abnormal red color. His hair was extremely messy, not to mention the bright red lipstick on his collar.

Xia Jinsheng who had gone through hundreds of battles held onto her coffee cup with all her might, with her fingertips already turning slightly white. Don't misunderstand that she wasn't jealous, she was purely angry.

"I ..." Xia Jinsheng grimaced in pain, then forced herself not to use such an insult, "Do you have a bit of professionalism? You actually came to see me later on! "

That's right, other than thinking that he was a 'after the fact', the person in front of her could not think of any other reason other than the fact that he was in his current state.

Thinking about it, she even had the heart to tear Lu Jun apart.

Lu Jun unconcernedly picked at his ear, his entire person was still that kind of laziness that comes from experiencing the pinnacle of pleasure. "What are you making such a fuss about? I don't blame you for disturbing my relationship with a beauty. "

If Lu Jun didn't have any other uses for it, Xia Jinsheng would definitely pour the coffee in her hand all over Lu Jun's abominable face.

Rather than arguing with him about such matters, it was better to solve the problem quickly and change the current situation.

"Come, let's go to the mall." Xia Jinsheng made a prompt decision, picked up her bag and dragged Lu Jun out.

Lu Jun's eyes lit up. Was he going to buy him a new set of clothes? With this knowledge, Lu Jun's attitude changed a lot.

In the Gu family's clothes city, Xia Jinsheng only flashed her gold card, and immediately, people rushed over to help them.

After thinking about it, Xia Jinsheng immediately gave the two of them a new set of romantic attire, the handsome man and beautiful woman's attire immediately attracting the attention of the passers-by. Although this effect did not cause much of a commotion in the Gu family, but at least it did have a good effect.

Looking at Gu Nanchen's handsome face that looked like it had been splashed with ink, she felt really good.

Gu Jun only glanced at the two of them, and did not say a word as he continued to read his newspaper.

She led Lu Jun to the sofa and sat down while she slowly approached him and lowered her head to look at him, "Grandfather, I've brought Lu Jun back for dinner."

The old tutor acknowledged with a grunt.

"Grandfather." Seeing that the old man was not paying attention to him, Xia Jinsheng took the initiative to attack. Just as she was about to poke the old man's waist, she was stopped by a single glance from Gu Jun.

The old man squinted at Xia Jinsheng, he could not see what was in his eyes, and Xia Jinsheng smiled embarrassedly, she was extremely obedient.

The corner of Gu Jun's mouth twitched. This girl used such a shameless move every single time, making it impossible for him to defend against her.

The old man coughed and shook the newspaper in his hand as he said slowly, "Speak, what do you want now?"

"I ..." Xia Jinsheng wanted to say something, but stopped. She looked at Lu Jun shyly, and the corner of Gu Jun's mouth twitched a few times. Her expression was stiff.

"Speak." The lordmaster's words were simple and concise, but they carried the force of not allowing anyone to reject them.

She bit her lips, still unable to speak, and cast her "begging for help" gaze towards Lu Jun. Lu Jun immediately understood and stood up to bow towards the old man in a graceful and courteous manner.

"It's like this. I want to live outside with Jin Sheng. After all, we're engaged, do you think?"

With that sentence, a thousand ripples appeared, and Gu Nanchen, who was standing at the side, suddenly slammed his office computer onto the table, creating a loud noise.

Gu Nanchen's entire body was releasing a terrifying cold aura, one word at a time, "Dream on!"

Jin Sheng had a good relationship with his second uncle, this was a matter that everyone knew of. If it was her marriage, he would not be willing to let it go, but Gu Nanchen's reaction was just too extreme.

One could not help but to doubt and then, one's thoughts went awry.

"I heard that second uncle Gu has a good relationship with Cousin Jin Sheng. "second uncle, a man should marry a woman. Cousin Jin Sheng still hasn't married yet ..."

Before that person finished speaking, he couldn't help but shiver.

It was unknown which younger generation of the Gu family this devilish brat wanted to liven up the atmosphere and act good in front of the old gramps. However, he didn't know that it would only make the atmosphere worse.

The dumbstruck nerves of the group of people were attacked once again. The child's parents finally reacted and viciously slapped the child's face until it turned golden.

"Mom ..." He seemed dissatisfied.

"Shut up. Kids can't control their mouths. They deserve a beating." The child's father shakily extended his hand towards the child's face.

After this, the Gu family might not even have this relative anymore. No one could afford to shoulder the consequences like this.

"Stop, I'm not dead yet!"

With Gu Jun's order, the person immediately trembled like a sieve. The old man had already put down the newspaper, revealing a pair of eyes that were neither sad nor happy, making it hard for people to guess what he was thinking.

"I ..." The man racked his brains to make amends.

"Alright, it's none of your business. Just wait here quietly for me."

With that, Gu Jun's gaze did not linger on that man's body, his gaze swept across the people around, each of them holding their breath. Lu Jun, who was not far from him, had already lowered his head, wishing that he could lower the feeling of his existence to the lowest.

A trace of anger flashed past the old man's eyes, he then looked straight at Xia Jinsheng and asked: "Have you thought this through?"

Jin Sheng was stunned for a moment before realizing what the old man was asking him. He nodded without hesitation.

Letting Lu Jun suggest moving out was her decision. Firstly, he could stay far away from the Gu family, and could live a life of leisure and leisure. At the very least, he wouldn't be so depressed when eating, right?

Secondly, she did it for the sake of rolling over. Since Gu Nanchen already knew about it, then there was no longer any need for her to hide it anymore. Letting Gu Wensheng take care of rolling over for her wasn't a long term plan. If she could, she still wanted to take care of him.

She barged into his field of vision with a resolute expression. The old man could only helplessly sigh "an eventful autumn" before preparing to leave with his hands behind his back.

Xia Jinsheng looked at the old man's retreating back with his full power, so did he agree or not?

"Grandfather, I ..." It wasn't easy for Xia Jinsheng to ask the old man, so Xia Jinsheng didn't let it give up halfway. He opened his mouth to call out to Gu Jun, but what he got in return was a sharp gaze from the old man.

"You what you? "You want to be so peaceful to an old man like me?"

"Hmph, just think about it."

Xia Jinsheng was in a mess, what was with her grandfather's haughty attitude?
