

《Sweet Marriage: Smart Cute Wife》

Chapter 29

"I....." although Gu Jun was very angry, he still had reason in the final analysis.

Ling Qiaoqiao's ugly face next to him also let him know that if this matter is not solved clearly today, it may be difficult for the Ling family to explain.

"Ling girl, you... I'll give you an explanation." Gu Jun made a solemn promise.

Ling Qiaoqiao smiled. The upbringing of a young lady played incisively and vividly at this time, "OK, I'm waiting for uncle Gu's explanation. I also believe that Nanchen is just confused for a while."

You should know that she is the daughter of the Ling family in city B and has the right to inherit the family consortium. In this way, her marriage to the Ling family is beneficial to the Gu family.

The businessman is heavy on profits. Ling Qiaoqiao believes that she will get a satisfactory answer, which is her inherent advantage over Xia Jinsheng.

The old man directly bypassed Gu Nanchen and ordered Xia Jinsheng, "you go to the study with me."

Gu Wensheng pulled Xia Jinsheng's hand and wanted to stop her next action. Xia Jinsheng smiled at him and broke away from Gu Wensheng's involvement. Gu Lingjing spit out his tongue and whispered, "it's okay."

In the past, when she made any mistake, Mr. Gu would call her into the study for routine questioning. At most, she was educated and wouldn't really hit her. Xia Jinsheng has long been used to this.

But when he really began to live in the same room with Gu Jun and stood in the study, Xia Jinsheng couldn't help showing his timidity.

"Grandpa, what's your attitude towards the old man. I'm timid. It's not good to be scared." Xia Jinsheng patted his chest as if it were true.

The old man scoffed and squinted at Xia Jinsheng up and down, "Oh, are you still

timid?" No matter what he thinks, Xia Jinsheng's courage is very fat, so she dares to do whatever she wants and doesn't pay attention to him.

When Gu Jun said this, Xia Jinsheng suddenly became more serious. The index finger poked his thumb at Gu Jun and made a big and small movement. He said sternly, "you see, my courage is only so small."

"You are careful."

I never expected that the old man would suddenly say such a sentence. Xia Jinsheng couldn't help laughing. Did the old man just tell her a cold joke?

Xia Jinsheng doesn't know if it's a cold joke, but she knows it's really cold.

"Jin Sheng, tell me seriously how grandpa treats you?"

She smiled sweetly, "Grandpa naturally treats me like a granddaughter." It's a pity that they are not the real masters and grandchildren after all. Otherwise, how could she like Gu Nanchen at the beginning?

Gu Jun nodded and didn't notice the fleeting loss after Xia Jinsheng finished.

Suddenly turned around, the old man took out a golden bank card from a book in the bookcase and handed it to Xia Jinsheng.

She was somewhat stunned. "Is this?"

The old man deliberately avoided her eyes and turned to the books he collected on weekdays. His calloused fingers rubbed them carefully. After a long silence, he answered Xia Jinsheng's doubts.

"I thought about it. You wanted to move out a few days ago. Then move. Cary has some money. The password is your birthday. If it's not enough, just come to me."

Now Xia Jinsheng can understand the meaning of the old man and let her leave the Gu family and have less contact with Gu Nanchen, so that he can get engaged with Ling Qiaoqiao.

However, whether Gu Nanchen will really be at the mercy of others is still unknown.

Xia Jinsheng and Gu Jun understood this.

It's a good thing that Gu Jun didn't teach himself. He still has money. Although he knows that most of the money is used by Gu Jun to buy out the feelings between her

and Gu Nanchen, Xia Jinsheng doesn't intend to refuse.

She still has rolling. Now the little guy is all she has. Leaving more money around will give her a sense of security. Moreover, if she doesn't accept this card now, the suspicious old man will think that she has no more feelings for Gu Nanchen.

With the card, Xia Jinsheng is ready to go out. From beginning to end, he has a faint smile on his face, but with a sense of alienation.

I don't know why it was clearly the result I wanted, but Gu Jun felt something was wrong. Xia Jinsheng's response was too flat.

And even if she was close to herself, Gu Jun obviously felt that Xia Jinsheng was no longer as straightforward and heartfelt as before.

"Jin Sheng, wait a minute." Mr. Gu called Xia Jinsheng.

Xia Jinsheng turned his head, "Grandpa, do you have anything else to do? Do you want to go back? "

It seemed that it was a little possible. Xia Jinsheng immediately protected the card in her arms and carefully guarded Gu Jun, who she thought might take the card at any time.

Gu Jun took a smoke from the corner of his mouth and felt that what he had just thought was completely nonsense. It was impossible for Xia Jinsheng, such a fool, to defend others.

"It's all right, you go. Find a boyfriend and stay away from Lu Jun. that boy has a bad mind. " In the end, it is the family who have lived together for more than ten years. Even if there are misunderstandings in some aspects, the relationship between them is not false.

Since Gu Jun promised his old friend that he would take good care of Xia Jinsheng, he would do it naturally, so he specially sent someone to turn over the information of Lu Junna boy, even his eight generations of ancestors.

It used to be a big family. Later, the poor discipline of the children created Lu Jun's character. Mr. Gu probably knows the reason why Xia Jinsheng came to cooperate with Lu Jun, but he doesn't want Xia Jinsheng to treat his future casually.

The old man suddenly mentioned Lu Jun. Xia Jinsheng was stunned for a while before he reacted. He soon thought of Lu Jun's sudden mention of non cooperation a few days ago. It is estimated that the old man should be responsible for this.

She didn't know what to say for a moment.

"All right, go out quickly. Otherwise, those little bastards think I should bully you again." Mr. Gu couldn't see that kind of emotional scene. He was worried that Xia Jinsheng would be moved to say something out of tune in a moment. Gu Jun quickly waved his hand to drive people out.

She can't cry or laugh.

As soon as I went out, I just ran into Chu Yu and Gu ya'er who were not at ease to check the situation. Xia Jinsheng secretly hid the bank card and stared at the two people innocently.

"Grandma, sister-in-law. Why are you here? "

"Ask clearly." Seeing that there was nothing unusual on Xia Jinsheng's face, Gu ya'er's heart was put back in place. Everything tonight was too exciting for her.

My brother would do that kind of thing in front of everyone. What's more incredible is that Xia Jinsheng was able to escape from the angry master Gu unharmed.

"Girl Jinsheng, tell Grandma, didn't the old man teach you a lesson? If I teach you a lesson, I'll teach you back." Chu Yu was not at ease. She carefully checked around Xia Jinsheng. Finally, she still asked her own opinions.

Xia Jinsheng immediately deflated his mouth and looked pitiful, "grandma, Grandpa was cruel to me just now. He still wanted to beat me with a whip and drive me out..."

Xia Jinsheng is a good liar.

Chu's grandmother Chu Yu didn't know about it. She thought it was true. She took Xia Jinsheng in her arms to comfort her. It was a heartache. At the same time, Chu Yu's angry molars wanted to roll up her sleeves and rush in to defend Jin Sheng against injustice.

"Good girl, Jin Sheng, stop crying. I'll help you talk to your grandpa. It's too much to be disrespectful and bully the small. "

"Grandpa also said that I'm not as good-looking as Miss Ling. Being alive is also a scum. He asked me to jump down on the fifth floor. Sobbing, grandma, you have to decide for me."

Seeing that Chu Yu was about to go inside, Xia Jinsheng covered his mouth and stole

music. At the same time, he didn't forget to continue adding fuel and vinegar.

The next second, a gloomy voice came from the study--

"Xia Jinsheng, if you talk nonsense again, I'll sew your mouth immediately."

Well, Xia Jinsheng is silent now.

However, this scene was another matter in grandma Chu Yu's eyes. She picked up the chicken feather duster on one side and was about to wave it to Gu Jun, but she stopped in the dark eyes.

"Huh?" Gu Jun snorted. When did his wife start to ride on his head?

Grandma Chu was finally unable to concentrate. She couldn't fight grandpa Gu, an old and crafty fox. She moved the feather duster to one side of the vase, gently swept it and muttered, "Oh, why is this vase so dirty?"

Gu Jun: "

Standing outside the door peeping, Xia Jinsheng was in a mess. Gu ya'er, who had been tempered for a long time, patted Xia Jinsheng on the shoulder and took people downstairs.

"Ling Qiaoqiao has left. Tell me, what's the matter with my brother?" Gu ya'er's hands were behind her, and her eyes were full of gossip.

She knew that she would not escape from the clutches of this unscrupulous sister-in-law. If her curiosity was not satisfied, she would not let herself leave.

Xia Jinsheng was helpless. She only had to make a long story short and talk about something casually. She didn't reveal anything about Xia billowing.

Gu ya'er knew about Jinsheng and her brother. At that time, she envied them that they were golden boys and girls. They made a perfect match. As a result, they suddenly broke up. Gu ya'er knew there must be an inside story, but she didn't think that the inside story was so shocking.

Gu ya'er put her hand on Xia Jinsheng's shoulder and asked, "Jinsheng, I don't know what to say."

"Put it on."

There is no doubt that Xia Jinsheng's two words of lack of smoking won Gu ya'er's

two "sugar fried chestnuts".

"Is it really impossible for you and my brother?" Gu ya'er bit her lips. You know, if Xia Jinsheng insisted, her brother would not care about these family views.

Although Gu's family has been in business for three generations, they are all people who have drunk foreign ink and have an open mind. Gu ya'er can't figure out why she came to his father.

Xia Jinsheng turned his eyes and ignored the strange in his heart. "What do you think? I don't like my second uncle anymore. How could it be possible. No, I said, "what happened to your eyes?"

While she was talking, Gu ya'er did not know what was going on, and suddenly winked at Xia Jinsheng.
