

# 《Sweet Marriage: Smart Cute Wife》

## Chapter 79

When the ferris wheel rose to the top, the little guy stared at the scenery outside the window with interest, and the whole amusement park had a panoramic view.

Gu Jinsheng was more restless. A pair of big hands held her hand and pulled her up overbearing. Half of her body tilted forward.

Well

There was no time to scream. A soft patch was blocked on the lip. Gu Jinsheng's eyes were enlarged. All the cells above and below his body seemed to be scalded by boiling water.

He... Kissed himself.

Gu Jinsheng only felt that he had lost all his thinking ability and his brain was full of paste. Only this idea was very clear.

"It's so beautiful."

The little guy's low voice called back Gu Jinsheng's mind. In a panic, she pushed away her thoughts, looked at the little guy and opened her mouth to explain, but found that the little guy was not talking about herself at all.

The heart returned to its original position again, but it was restless, staring at his thoughts with resentment, silently condemning his behavior just now.

He didn't mean to admit his mistake at all. His thin lips gently opened and silently spit out a few syllables. Gu Jinsheng suddenly understood his lips:

The ferris wheel rises to the highest point, and kissing couples will be happy all their lives.

This sentence

She once mentioned it to Gu Nianji. It was a long time ago. They had just been together. Gu Jinsheng tried his best to sit on the ferris wheel with him.

After hearing what she said, she laughed at her little girl's mind. I believe these unreliable things have never brought her once.

I didn't expect it to be like this four years later.

After getting off the ferris wheel, they played some projects suitable for little guys, and some troubles were thrown out of the sky. Soon, the sun had risen to the highest position.

"Mommy, I'm hungry."

Not long after she finished her words, Gu Jinsheng gave her a white eye and ate a bunch of marshmallows in her hand. Is it really interesting for a quiet and interesting person to say such words?

"I'm hungry, too."

Gu Jinsheng turned his eyes to the memorial speech, and he just stared at her. At the moment when his eyes were opposite, there seemed to be an invisible current flowing out of his eyes.

She was numb with electricity.

"Then go to dinner." Gu Jinsheng ran away from his eyes and took out his mobile phone Baidu to search nearby restaurants.

After lunch, they drove them home and went back to the company.

As soon as he left the front foot, Gu ya'er arrived at the back foot. If she hadn't looked confused at the car, Gu Jinsheng would have suspected that she had calculated a good time to come to the door.

"Would you like something to drink?" The visitor is a guest. She has no reason not to entertain. Instead, the little guy patted his belly and went back to his room for a nap.

Gu ya'er shook her head and looked at her. Her eyes were full of gossip factors, "you and my brother, you..."

Her action of constantly picking eyebrows and eyes looked a little funny. In fact, Gu Jinsheng did smile mercilessly, "just say if you want to say, are you sorry to tell me? Aunt ya'er, when did you become so introverted? "

Pooh! Is it okay if she expresses it implicitly? Gu ya'er shouted this sentence in her

heart. After a while, she asked, "what's the situation between you and my brother now?"

For a while, the two people were like glue, and for a while, they made a scene like a world war. Looking at it on and off, she, an outsider, was particularly worried.

"That's what you see. We went to the playground today." Gu Jinsheng gave her a white eye.

"What are you going to do later?"

Are you going to go further, or is the relationship stagnant? Or is it so far that we don't communicate with each other?

Thinking of the time when she visited the amusement park like ordinary people today, Gu Jinsheng felt soft. She almost had the answer, but she didn't dare to admit it.

Gu ya'er also guessed what she meant. She was very worried by her hesitation. She couldn't help patting the table and asked angrily:

"What on earth are you worried about? Why can't you say it and solve it together or bear it together? "

As a family, Gu ya'er can feel that Gu Jinsheng is excited. She doesn't want to face her true thoughts. There must be something unknown to hide from everyone.

For example, Gu Jinsheng didn't need to hide any more. He poured out his worries. The latter sighed, "so are you worried that my father would object?"

Don't you need to worry? Gu Jinsheng looked at her incomprehensibly, "did you forget that he didn't admit our business in Gu's old house?"

She was talking about the last family dinner, when he publicly announced that he would only marry her, and the old man was furious.

Gu ya'er was silent. The old man's side is indeed a problem that can't be ignored. It must be solved well. A flash of inspiration flashed in her mind. She looked at Gu Jinsheng eagerly, "well... Can I tell my brother about it?"

"Whatever you want." Gu Jinsheng doesn't believe it at all. If she says no, she won't reveal it at all.

Her little sister-in-law is loyal to her second uncle. More accurately, she is loyal to the benefits given to her every time.

Playing with his fingernails, Gu Jinsheng suddenly wondered what treasures he promised to give her this time.

Knowing her idea, Gu ya'er immediately became vigilant, played Tai Chi with her and bypassed the topic, "do you know? Gu Ge came back with me. "

Hearing the name, Gu Jinsheng was stunned and soon recovered as usual, "what's none of my business?"

She doesn't like Gu Ge, which is known by people around her. Speaking of it, the origin is still a little far-reaching. When she was busy chasing after Gu Ge's memorial speech, Gu Ge didn't less "help" nearby.

Gu Jinsheng still remembers that it's not too late for the gentleman to take revenge. Sooner or later, she has to calculate this account with Gu Ge.

The wonderful expression transformation on Gu Jinsheng's face gave Gu ya'er a bottom in her heart. Even she was very satisfied with the evil smile behind her. "I just remind you to keep my brother in prison and never let Gu Ge succeed."

It's a headache for Gu ya'er to think about close relatives' love or marriage. I don't understand why Gu Ge is such a person in their family who clearly pays attention to ethics.

"Beware of her? Why don't you watch out for me? Uncle and nephew are also very close. " Gu Jinsheng had a deep smile in his eyes.

Gu ya'er was so angry that she wanted to lift the table, "go aside. Are you two still uncles and nephews?"

be rendered speechless.

I really haven't seen a pair of "uncles and nephews" who have had a relationship like them and created such a lovely little guy as Gu Gungun.

Another place--

Gu Ge girl Huaichun stood outside the office door, bit her teeth, raised her feet and went in.

"Cousin." Obviously, it's just two simple syllables, but she called it so ambiguous and sentimental.

However, he was not the only one in today's office. Ling Qiaoqiao, who was dressed up, saw her at a glance. In connection with her charming tone just now, she immediately raised her vigilance.

She is a young lady of the family who has been cultivated by meditation. Your mother instilled in her the concept and means of dealing with men's peach blossoms a long time ago.

Gu Ge's mind, she can see one or two.

"Is Miss Ling there, too? I'm sorry I didn't see it. " Gu Ge's generous and elegant smile is extremely disgusted by Ling Qiaoqiao's appearance.

Thinking that she might be in the same room with the person she likes for a long time, Gu Ge couldn't be happy.

Lingqiaoqiao is not a soft persimmon to be pinched by others. He quietly turned back, "it doesn't matter. It's all a family. There's nothing to care about."

In a word, it not only shows her generosity, but also makes clear her identity in taking care of her family.

"Family?" Gu Ge said with a flat mouth, "Miss Ling's surname is Ling, and my cousin's surname is Gu. How can you two be a family."

No matter what others think, she always firmly believes that Gu Ge's thoughts belong to her alone, but Ling Qiaoqiao's words later gave her a devastating blow:

"Don't you know? The old man decided to get engaged to us next month. We'll get married next month. Then I'll be your cousin. Why aren't I a family? "

After a long silence, Ling Qiaoqiao finally raised her eyes and smiled at him like flowers

"Get out." He said these two words calmly without any emotion. Ling Qiaoqiao thought she was hearing something, but she couldn't believe it. Gu Ge thought he was angry for himself, and his heart was filled with joy.

Who ever thought that both of them intended to pestle as a telegraph pole in the office, looked up impatiently and looked at them coldly, "do you need me to call security?"

A cold and hard attitude, without leaving any kindness.

Both of them were stunned, but they didn't care about these words. Without half a

minute's hesitation, the index finger pressed a fast button to prove that calling security is not just talking.

Ling Qiaoqiao's face turned white and felt that she had been greatly humiliated. The pink lip bit lost its color, and Gu Ge around her had got up and left.

The person who knows current affairs is Junjie. She glanced at Ling Qiaoqiao slightly.

When she went out, Ling Qiaoqiao saw Gu Ge challenge her with a smile. Suddenly, her blood surged up and ran after her on high heels.

"Gu Ge, stop."

Preemptive and aggressive.

Gu Ge turned to meet Ling Qiaoqiao's angry eyebrows and eyes and her raised hand. She screamed bad and raised her hand to block it.

But it was still late. Ling Qiaoqiao slapped her face. The burning pain made the whole face feel burning.

Hiss

"How dare you hit me?" She covered half her face and glared angrily.

Ling Qiaoqiao stepped forward, his chest was pressing, and Gu Ge was unwilling to be forced back. The corners of the former's mouth raised a sneer, "how? It's you, shameless, who feel like robbing my man. "

My man's words strongly stimulated Gu Ge. She wanted to rush up and fight with Ling Qiaoqiao. She didn't like each other and looked at each other, as if she was ready to fight for life and death.

Pop! Pop! Pop! Suddenly there was a crisp slap at the corner of the stairs. For a moment, they forgot their hostility and went to find the sound source.
