

《Sweet Marriage: Smart Cute Wife》

Chapter 80

"Oh, you two have a big face quarreling in front of my brother's office." Gu ya'er came up from the corner of the stairs with a smile. The image of short hair, pure and lovely appeared in the vision of the other two people.

Unexpectedly, it was her. Ling Qiaoqiao's face was ugly. She had always appeared in the view of Gu's family in the image of a noble and famous lady. Gu ya'er was favored by the old man and Gu Nanchen and was the object she tried to win over.

Now let her see this scene. If it is spread to the old man, her image will be greatly reduced.

"We..."

"We didn't quarrel. Ya'er, you're wrong. I have a good relationship with Qiao Qiao. " Gu Ge smiled and put her hand on Ling Qiaoqiao's shoulder. She looked like a sister,.

Ling Qiaoqiao's smile was stiff. She wanted to take the hand off her shoulder, but Gu ya'er was still there and couldn't help her.

For so many years, Gu Ge's adaptability is still so strong, just like a personal spirit. Gu ya'er squinted lazily and crossed them to find Gu Nanchen.

She doesn't care whether their relationship is good or not, but if they fight here, it won't be good for the company and Gu Nanchen's face.

When the knock on the door sounded, Gu Nanchen scanned a fierce look, thinking that the two people had gone and returned. When he saw Gu Ya as a child, he was surprised.

"Why are you here?" Because it was Gu ya'er, his tone was already unconsciously kind.

She smiled, "I came back from xiaojinsheng and inquired about the news you want to know most. How about it? Is the reward..... "ya'er rubbed her hands. The look of seeing money makes people laugh.

Gu Nanchen patted a document bag on her forehead, "I don't give you enough

reward?"

"I won't dislike many people. The more the better." Gu ya'er patted her chest and thought of Gu Nanchen's promise.

"People's hearts are not enough. Snakes swallow elephants."

The cold words poured a basin of cold water ruthlessly in Gu ya'er's fiery enthusiasm, which was immediately called a penetrating cold. Gu ya'er hung her head and told him what she knew.

Hearing the truth of that year, Gu Nanchen's face was dignified, and the surrounding air became thin and depressed. His invisible big hand held his neck, and a sense of suffocation rushed desperately.

Gu ya'er is like a withered leaf trembling in the autumn wind, for fear of accidentally violating one of his minefields and detonating the whole world.

"Go back first." He opened his mouth first and broke the dull atmosphere. Ya'er was relieved and wanted to run. The people behind him suddenly shouted, "wait."

She stopped her feet in a panic. Her body couldn't balance and coordinate. She almost fell to the ground and mechanically turned to look at her brother. There are only two words in a pair of clear eyes:

Boss, what can I do for you? Just tell me.

"Tell your father, Gu Ge is a little idle recently."

After saying that, Gu Nanchen began to lower his head and deal with his own affairs. He looked very serious in a pile of documents. Gu ya'er was still in a daze and didn't come back.

What the second brother just said... Doesn't mean what she thought? Tell the old man about Gu Ge's recent experience of Gu Nanchen. Gu Ge must... Hey, the picture is so beautiful that she has to imagine it slowly.

"OK, I see." Gu ya'er is basically venting in the same nostril as Gu Nanchen. Naturally, she won't refuse him.

What I have to say, her second brother is serious. He really doesn't pity her.

It is night, the lights are dim, the starry sky is lonely, and the cold is threatening.

Gu Nanchen drove the car downstairs to Xia Jinsheng's house. The lights in the upstairs room were on, but he couldn't see what the people in the room were doing.

At about 21 p.m., Gu Nanchen dialed Xia Jinsheng. The room was very quiet. It was estimated that the little guy had slept.

"Hello?" Xia Jinsheng couldn't figure out why he called himself so late.

"Ya'er told me." Gu Nanchen's voice came out with the hoarse electronic sound, wandering around his ears and making a low noise.

One of her heart was out of order, and her mind was full of ideas that he knew. She was very chaotic and relaxed, and suddenly took off the heavy stone in her heart.

"Yes." Xia Jinsheng bit her lower lip. She didn't know what she could say except this.

After silence, "don't be afraid, I'm there."

His voice has always been cool, but it is particularly warm in his ears, which makes people unconsciously convinced and reassured.

Xia Jinsheng felt that her nose was sour and her eyes were full of tears. At this moment, all her strength faded and her fragility showed.

A low sob came into Gu Nanchen's ear. He clenched his mobile phone, "Xia Jinsheng, are you crying?"

Only more and more obvious cries answered him. Gu Nanchen's whole heart pulled up, "I'm downstairs in your house?"

"What?" Xia Jinsheng suspected that he was too excited. His ears had hallucinations. His body had instinctively opened the door and went downstairs.

He was downstairs, his slender body leaning against the door, as if he were waiting for her.

When she got close, she sniffed and asked, "you're here. Why don't you go up?" Because I cried just now, some nasal sounds are particularly uncomfortable.

Gu Nanchen didn't answer. He hugged her small waist, and the two changed their posture. She was overwhelmed by Gu Nanchen on the car body, as if she had expected long ago. His lips were indeed overwhelming.

Lips and tongues intertwined, body fluid huff and puff. The two people were doing

intimate things, like two little animals licking each other's wounds. Their hearts were the same, and their enthusiasm lit up the stars in the distance.

After the passion, Xia Jinsheng was too ashamed to lift her eyes and struggled to get out of his arms, but she was more tightly bound by him. Her skin wanted to pass the temperature, which made people reluctant to let go.

"Are you going to spend the whole night here?" Xia Jinsheng lost his temper and asked him patiently.

He rubbed Xia Jinsheng's face, buried his head in her neck, and was deeply attached, "it's OK for you to accompany me."

The corners of his mouth twitched uncontrollably. Xia Jinsheng laughed coldly and lovingly touched Gu Nanchen's head, "good, wash and sleep."

Gu Nanchen raised his head and pulled her upstairs after pulling out the car key. Xia Jinsheng was terrified and refused to move forward. "You, what are you doing?"

He suddenly turned his head and grinned. A row of white teeth were emitting a threatening cold light under the cold street lamp. Xia Jinsheng was shocked and his heart beat like thunder. He heard him say, "go back to take a bath and sleep."

Although her original intention is true, why do you think this is always so strange from Gu Nanchen's mouth, and there seems to be some evil meaning?

She couldn't help beating a cold cicada and shivering all over.

So that when Gu Nanchen gave her the clothes, his brain was still in a crash period.

"What are you doing?"

"You go take a bath." His hand stopped in mid air. The other hand grabbed her small clothes and handed them to her. Seeing that his underwear was dragged in his hand, Xia Jinsheng grabbed it without saying a word.

His face turned red with shame. He hurriedly grabbed his pajamas and entered the bathroom. The water from the shower drip on the floor. He couldn't wash away the dry heat on his body.

Intuition told her that something different would happen tonight.

After washing out, Gu Nanchen sat on the chair and looked at her. Xia Jinsheng felt uncomfortable and hurriedly urged him: "go take a bath."

He nodded, got up, fell in her ear and joked, "we can take our time, not in a hurry."

The warm breath hit the ears, and the skin was an attractive crimson, which lured you to pick. Gu Nanchen's eyes were dark.

"Who wants to take your time? I'll go to bed." She turned and was about to go out. Gu Nanchen knew that she wanted to sleep on the sofa. She stretched out her hand to grab her, but she grabbed it early.

He threw himself into the air, and there was a piece of air in his hand. Gu Nanchen helplessly watched her lock the door, and her back disappeared in his field of vision.

He walked into the bathroom and accelerated his bathing action. When he opened the door and went out, Xia Jinsheng lay on the sofa and looked at the ceiling. At the moment he saw him, he suddenly widened his eyes, like a panicked little animal.

A little cute.

This recognition made him a little excited.

Xia Jinsheng tightened the quilt on his body, looked at him warily, and his voice trembled, "what are you doing here?"

"What do you say?" Gu Nanchen quickly took a few steps, overbearing picked up the person and hung in the air. Xia Jinsheng gave a small exclamation. He thought of the little guy sleeping in the room and immediately covered his mouth.

He obviously noticed this, and his behavior became more and more unscrupulous. When he was thrown into the big bed and his body bullied him, Xia Jinsheng finally realized that things were big.

"Let go." She's in a hurry.

"Don't let go." Gu Nanchen said firmly. He put his head on Xia Jinsheng's shoulder and didn't take the next step.

Slowly, Xia Jinsheng relaxed her vigilance. It seems that Gu Nanchen won't do anything tonight. While she was relieved, she felt a little unspeakable loss in her heart.

She pushed the man on her. "Can you go down first?" It's a little hard for the one meter eight tall man to press on her. She still can't escape the nightmare of sleeping with him tonight.

Gu Nanchen really moved, holding one of her hands with a big hand. The seriousness in her eyes quickly overflowed, "consider marrying me. I'll deal with your grandpa."

Her body suddenly froze. Looking at him now, she dodged a little. She subconsciously wanted to avoid this problem.

But Gu Nanchen refused to let her. He grabbed her little mouth and bit hard. Xia Jinsheng inhaled in pain.

"Can't you dare?" Gu Nanchen glared at her fiercely. She dared to say that she immediately swallowed and stripped her life.

Hit that pair of eyes with a burning light, Xia Jinsheng gave a meal, his mind was hot, rushed back, bit him, bared his teeth, "get married, get married, I'm afraid of you!"

After saying this, Gu Nanchen was stunned by the smile raised from the corners of her mouth. Damn it, she was excited.

"May I go back on my word? No, actually, you just heard wrong. " Her brain is confused like a pot of miscellaneous porridge. She doesn't know what she's talking about. The more she wipes, the darker she gets.

"No." Without his objection, Gu Nanchen has covered her, blocked her lips and did whatever she wanted
