

《Sweet Marriage: Smart Cute Wife》

Chapter 81

"Mommy, where did you go early on Sunday morning?"

There is a child voice of dissatisfaction from the little guy on the phone. If you don't explain clearly, you won't stop.

Xia Jinsheng glanced at the elegant man in front of her. The other party also looked at her and smiled to indicate that she was free, so she lied without changing her face, "I'm at school. It's inconvenient to answer the phone."

She does have classes in her design studies, but in the afternoon.

"Oh, really?" There was a deep distrust in the little guy's voice, "then come out."

What does that mean?

Her eyes stared round for a moment. Did the little guy go to her school?

"Now? It's not convenient for me. " Xia Jinsheng apologized and smiled at the person opposite.

The other party didn't mean to condemn, smiled friendly, pointed her slender fingers at the glass door, and her eyes moved along. In a moment, she saw the little guy outside the door and a big guy behind her.

In order to show his sense of existence, rolling waved to her. Gu Nanchen's fingers clasped on the glass. After a few clear sounds, he spit out two words silently.

Come out.

Xia Jinsheng trembled fiercely all over, and the cells all over made a noise, all explaining the same fact: it's over!

Her inaction finally annoyed Gu Nanchen. He stormed in, took her hand and dragged her outside.

The little guy who followed in didn't hurry out. He sat in Xia Jinsheng's original

position and drank two drinks before slowly saying to the person opposite:

"That's my father and Mommy. It's immoral to destroy our family happiness."

When the childish voice said these words, it immediately caused a commotion in the huge quiet cafe. Pointing eyes came over and looked at the man in suit opposite her.

Having achieved his goal, the little guy got up and ran out.

Gu Nanchen walked very fast. Xia Jinsheng stumbled and wanted him to speak slowly, because his breath was too frightening at the moment.

On her calm face was the calm before the storm. She had no doubt that a huge wave might overturn her at any time.

Being roughly stuffed into the co pilot's seat, Xia Jinsheng bit his lower lip and looked at him. Weakly, he said, "can I explain?"

His tall body blocked the door and cast a shadow. His vision suddenly darkened, which made people afraid, "he said."

"Grandpa asked me to have a blind date." Xia Jinsheng swallowed her saliva carefully. The last press conference dinner failed to give her a blind date, so the old man forced her to go on a blind date again.

She's a victim, too. Hello! Xia Jinsheng roared in his heart.

"Yes." Gu Nanchen nodded, but suddenly violently pinched her chin and bit her lips.

Hiss! This man is a dog, isn't he?

Mingming explained the reason but was bitten. Xia Jinsheng felt wronged like a dog of 200 kg.

Her painful tears are splashing. Gu Nanchen's lips have been evacuated. The action of rubbing her thumb against the corners of her lips is extremely evil, "I don't know how to refuse next time... Hum."

A humming word cooled Xia Jinsheng's back and stiffened his body. At this time, his brain pumped out and tilted his head and smiled, "it doesn't work every time I refuse you."

Hiss, murderous!

"Huh?"

A simple word made her heart tremble fiercely. Xia Jinsheng wanted to slap herself. What is a curse from the mouth? That's it, okay?

Gu Nanchen's eyes become more and more dangerous. Xia Jinsheng shrinks and tries to reduce his sense of existence. Fortunately, the little guy has followed up at this time.

One big and one small look at each other. Gu Nanchen turns around and sits in the driver's seat. Xia Gungun also wears his short legs to fasten his seat belt in the back seat.

The car started and went out.

As if it had been arranged, Xia Jinsheng had a premonition that she had been hidden from the drum.

"Where are we going?"

"Get a license."

The two simple and concise words instantly broke all Xia Jinsheng's thinking nerves. Do you want to get the certificate? What the hell is that?

The little guy in the back seat grinned, happier than getting what he wanted most.

Xia Jinsheng tried to organize his own language. Finally, he reluctantly gave a reason intermittently, "it's not urgent to get the certificate... I, my certificate is still at home."

Yes, you can't register for marriage without your ID card, can you?

As soon as her voice fell, a transparent bag with large and small certificates appeared in front of her. Xia Jinsheng successfully saw Gu Nanchen, who was determined to get a smile, along with the hand holding the bag.

How could he have these things of his own? Her eyes swept towards summer. The little guy seemed to have expected this scene, blowing an out of tune whistle and pretending to see the scenery.

Oh, these two!

"OK, you can get a license or get married." Up to now, Xia Jinsheng simply gave up resistance, held his chest with both hands and put forward his requirements with his legs crossed. "However, the whole process must be low-key. The fewer people know,

the better. Take a form. "

She was stunned when she entered the state so soon. Gu Nanchen hooked her lips. Xia Jinsheng was always beyond his expectation.

Such cooperation has saved him a lot of effort, but keep a low profile and take a form? Does not exist.

Half an hour later, Xia Jinsheng stood in the sun with a small red book. She didn't think about it for a long time. Is she married now?

The photos of two people on the marriage certificate silently prove this fact. Can she regret it now?

Yes, regret! Xia Jinsheng's broken nerve was finally connected. He clenched Xiao hongben and was about to rush to the Civil Affairs Bureau. Gu Nanchen grabbed her wrist quickly, "where are you going?"

His low voice was as warm as the breeze, and the smile on his face was better than the scorching sun behind him. Xia Jinsheng trembled fiercely and blurted out his words completely deviated from his original meaning:

"It's like taking a roller coaster. I haven't recovered yet. I'll go in and aftertaste... Ha ha."

Looking at Gu Nanchen's increasingly heavy face, Xia Jinsheng's voice became smaller and smaller, and his smile was very stiff.

Gu Nanchen didn't care about these. He picked up the noisy little guy and stuffed her into the car. This time he went home.

When getting off the bus, Qin Wen stood respectfully in their apartment building and waited for a long time. The little guy didn't accidentally run over and let him take himself away.

As for Xia Jinsheng, Gu Nanchen carried him back to the upstairs bedroom. Facing the man who took off his clothes, Xia Jinsheng finally realized that something was wrong and protected his chest with his hands, "what do you want?"

"What do you say?" Gu Nanchen took off his last shirt and put it on the chair, revealing his flawless upper body. The strong chest muscle exercise is just right, and each texture of his lean waist and abdomen contains infinite explosive power.

Rao has seen it many times. Xia Jinsheng is still inevitably bewitched by the male sex

in front of him. For a moment, he forgot his purpose and swallowed his saliva.

"Do you want to touch it?" Gu Nanchen showed a smile, like a bad fox leading to the abyss step by step. Behind him, there seemed to be a fat tail swaying.

Think! Xia Jinsheng almost left the saliva on the ground, but reason defeated fantasy. She quickly shook her head, "don't want to!"

With a firm tone and erratic eyes, Gu Nanchen was deeply attached to each other's upper body. Without a word, he hugged Xia Jinsheng's small waist.

Pull up her hand and put it on yourself, gently exhale in Xia Jinsheng's ear, and continue to deceive, "do what you want to do..."

Ow, Ow! Xia Jinsheng immediately felt the blood of the wolf boiling and his eyes glowing. Before he could take action, he suddenly whirled around and was thrown down on the bed.

"Hey, hey! It shouldn't be like this! "

"Shh, that's it." Gu Nanchen nibbled at her earlobe, dressed in coarse clothes, quickly took the initiative and ignited everywhere.

.....

The room remained warm after the passion. Xia Jinsheng looked at the flawless white ceiling and was stunned. It was too... Shame to publicize sex in the daytime.

The water in the bathroom is splashing. After a while, Gu Nanchen comes out of it, and the water drops on the ends of his hair will not fall.

"Get up and have something to eat." He spoke softly, leaned down and kissed her forehead. The smooth skin could hardly see pores, and the thin fluff made people itch.

get up? Xia Jinsheng's face immediately changed. She gnashed her teeth and twisted most of her face. Her words were light. Now she wanted to be crushed by a big truck, and her joints were sore and soft.

Where else can you move?

Gu Nanchen seemed to understand her embarrassment. His big palm covered her waist. Xia Jinsheng immediately stiffened and his voice trembled, "asshole, what do you want?"

If you do it again, it's a small thing to break your waist, and it's a big thing to lose your life.

Knowing that she misunderstood her meaning, Gu Nanchen immediately threw a white eye, "it's just a massage. What do you think?"

She choked and couldn't speak. Gu Nanchen paused and suddenly hooked her lips, "or are you looking forward to it?"

"Expect a ghost!" Xia Jinsheng blew her hair. If she hadn't been inconvenient, she wanted to roll up her sleeves and talk about it with her actions.

Although Gu Nanchen didn't continue to talk, his eyes revealed the message of "I know, I know", and Xia Jinsheng was very angry.

However, he really didn't have to choose his massage technique. Xia Jinsheng, who had sore muscles, soon felt much more comfortable after he rubbed it, and hummed loudly.

The shallow groan was another meaning in his ears. Gu Nanchen's eyes were dark. If Xia Jinsheng's body didn't allow it, he really wanted to return to the gentle village.

"I have asked ya'er to prepare for the investment." After a long time, he broke the silence and said such a sentence.

If he hadn't mentioned it, Xia Jinsheng would have forgotten his original intention to get the license with him. Since the paid entry into the crew has been completed, she couldn't help but be relieved, "well, I know, thank you."

Who knows, as soon as she finished speaking, the air suddenly condensed, and the little cold continued to spread outward. She trembled at the tip of her heart, raised her head and saw Gu Nanchen's deep face.

What's the matter? Wasn't it okay just now?
