

《Sweet Marriage: Smart Cute Wife》

Chapter 85

Being looked at like this by her, Gu Nanchen didn't know what to do, but unconsciously restrained his anger.

Xia Jinsheng looked dignified, but what he thought was another thing, "next time we'd better lock the door."

Thinking that Ling Qiaoqiao and Gu Ge had pushed the door easily before, Xia Jinsheng felt uncomfortable. It was really not good to sleep without locking the door.

He was stunned for a moment and soon recovered as usual. He nodded and got up to get the clothes they were going to wear for a while.

After grooming, Xia Jinsheng went downstairs with Gu Nanchen. Two dark women sat on the sofa in the living room. They were watched by the bodyguard and couldn't move at will.

"Cousin, what do you mean? You did this to me. I'm your cousin. " Recalling Gu Nanchen's angry face just now, he is much more clever.

She stood up and took Gu Nanchen's hand and shook it to the left and right. Xia Jinsheng picked up her eyebrow peak. The more she looked at Gu Ge's hands, the more she felt it was out of the way.

My heart is very upset for no reason.

Gu Nanchen takes a panoramic view of her emotional changes and subtle movements, and takes back his hand to open the distance between himself and Gu Ge.

"I wish I knew you were my cousin."

Gu Ge's delicate face was pale. She knew what Gu Nanchen meant, but she was unwilling, "why can Xia Jinsheng do it? She is your niece! "

"She's not!" Gu Nanchen's tone suddenly rose, overshadowed Gu Ge's roar, and

everyone was stunned.

After a great blow, Gu Ge's body was shaky. Gu Nanchen was serious and didn't look distressed. He shouted: "Gu Ge, you're too much!"

In and out of his house, he didn't take care of the etiquette his family should have, let alone fooling around with Ling Qiaoqiao. He used to indulge her too much.

He turned to Xia Jinsheng and said, "Jinsheng will call your aunt. I'll call the old man."

Why are you calling? Naturally, they asked them to take Gu Ge home and discipline him strictly. Xia Jinsheng obediently takes out his mobile phone. Gu Ge wants to rob it when she sees it, and she hides it.

"Be careful, you have to pay me the original price if you drop your mobile phone." Xia Jinsheng smiled and took the mobile phone away. Gu Ge's eyes were red and wished she could burn a few holes in her body.

In Xia Jinsheng's opinion, Gu Ge has run out of oil and the lamp is dry. No matter how noisy she is, she can't escape the fate of being disciplined.

Gu Ge's parents quickly arrived and angrily took her away. There was no communication with Gu Nanchen in the whole process.

Their daughter likes her cousin. It has always been an unspoken scandal in the family. Now it's such a shame.

Before leaving, Gu Ge shouted, "Gu Nanchen, you can't do this to me. I like you so much. You're still helping Xia Jinsheng. What does she have..."

"Shut up." Gu Ge's father couldn't listen any more. He slapped her in the face with a black face. Does this careless daughter think she's not ashamed enough?

Gu Ge was stunned, his head tilted to one side, and finally settled down.

Without one person, Gu Nanchen's eyes naturally fell on Ling Qiaoqiao, with a calm smile on her face, "I don't know whether Miss Ling went out by herself? Or shall I invite you out? "

"I....." I was still in shock and didn't reply. Gu Nanchen couldn't answer.

She doesn't believe that Gu Nanchen will ask the bodyguards to take her out?

Xia Jinsheng casually pulled out his ears, "did Miss Ling just break into the house?"

What does the law say? "

"You!" Ling Qiaoqiao's blood surged up and jumped up from the sofa. Her bony hand trembled and pointed to Xia Jinsheng. In her eyes, she wanted to swallow life alive.

His faint eye breeze swept over, and the coldness in his eyes made her unconsciously push back a step and angrily retract her hand.

Bei's teeth are unwilling to bite tightly.

Gu Nanchen didn't mean to keep pestering, "Qiao Qiao, your engagement is the meaning of the old man, which has nothing to do with me. Now please leave. "

He glanced at the bodyguards, and they immediately realized that one of them stood in front of Ling Qiaoqiao, stretched out his hand and reached in the direction of the gate, "Miss Ling, please."

How dare you really do this to her! Ling Qiaoqiao felt that she had been greatly humiliated, and her eyes were sharp. "OK, I'm not a tangled person, but I offended me. Don't think it's better for Gu in business!"

She picked up her bag and walked out proudly in high heels.

"This sentence is still returned to Miss Ling." Gu Nanchen behind her suddenly said such a sentence. Ling Qiaoqiao turned her head and shivered at his cloudy eyes.

Cold, with the spirit of killing! Extremely dangerous!

There seemed to be more invisible hands in the air, which grabbed her neck ruthlessly. The sense of terror suffocation spread over her heart, and a cold sweat appeared behind her.

Her calf belly could not stop shaking, and she left like a trembling escape, as if she could fall into an endless abyss if she stayed one more second.

Xia Jinsheng naturally saw this scene. Even she succumbed to Gu Nanchen's Shura aura. She secretly congratulated herself that it was just not her eyes.

He shook his head. Xia Jinsheng felt that Ling Qiaoqiao was stupid enough. Gu Nanchen never accepted the threat from others. If he wanted to manipulate him, he had to take his family and life as a bet.

"What do you think?" Gu Nanchen looked back and saw that she was deep in thought. He put his hand around her shoulder and wrapped her petite body in his arms.

Xia Jinsheng raised his small face, smiled and thumbed up, "second uncle is powerful and domineering. I was almost turned into slag by seconds."

Second uncle?

Hearing that she still called this name, Gu Nanchen couldn't help but say that he leaned down and bit on her lips. Xia Jinsheng noticed that it was too late to stop.

A pain on the lips gradually exploded and hit the sky cover. She covered her mouth in shame and anger and stared at people. Gu Nanchen was very calm on her face, "call me wrong once and I'll bite once."

He licked his lips, some aftertaste of the soft touch just now, and his eyes darkened when he thought of it.

Xia Jinsheng has walked to the kitchen angrily. The little guy wakes up in a moment. She has to make breakfast. After sending the little guy to kindergarten, she also has to go to school.

"What do you eat?" Gu Nanchen came up and put his hands restlessly on her waist with his chin on her shoulder.

"Eat what you do."

She dares to be picky when cooking... Hum! Xia Jinsheng raised her eyes, and the bright smile on her face suddenly froze. The clean wall can be used as a mirror, reflecting their intimate attitude.

Just like the most ordinary couple. Xia Jinsheng was stunned and remembered that he had obtained the certificate with Gu Nanchen. It was normal to live like an ordinary couple.

I never dared to think about it before. The tip of the heart suddenly seems to be smeared with honey, slowly delimited, and the happiness is not true.

"Mommy, I'm so hungry." If you don't see a man, smell his voice first.

Then there was the sound of footsteps kicking downstairs. Xia billowing in brown and yellow bear pajamas appeared in their vision.

Gu Nanchen loosened Xia Jinsheng, came forward to hold the little guy in his arms, pinched her little face, and asked with concern, "did you sleep well last night? "Baby."

The little guy nodded very hard. "The big bed is so comfortable. I like that beautiful room."

What she said was the children's room specially prepared by Gu Nanchen, which followed the little guy's favorite pink. It was filled with all kinds of lovely dolls, which won the little guy's favor.

"Just like it." Gu Nanchen scraped her small nose and smiled at the corners of her mouth. He swept away the haze disturbed by Gu Ge and Ling Qiaoqiao in the morning. "Good, brush your teeth and wash your face first. Mommy is cooking."

"Well, good." She nodded cleverly, got down from Gu Nanchen and ran into the bathroom.

The family had breakfast together and walked out of the door together. This was once a young Xia Jinsheng's dream. Now it has been realized one by one. It's beautiful.

Of course, it would be better if Gu Nanchen was not so shameless.

He drove her to the gate of the college. Originally, his luxurious car was enough, but now he just stayed and refused to go.

Xia Jinsheng wondered and looked up at the watch on his wrist, "isn't it going to work soon? Don't you leave yet? "

He didn't answer, but put his slender index finger on his lips and looked at Xia Jinsheng with a smile. It was all about invitation.

Feelings, this is a kiss!

"Boom", Xia Jinsheng's brain was blank and his face burned. It's too ashamed to leave and kiss in public.

What's more, this is a school. Can't you pay attention to the atmosphere?

"No." She refused mercilessly, grabbed her schoolbag and went to school. Anyway, she was outside the car, and Gu Nanchen couldn't take her in the car.

Therefore, she became more and more confident.

Xia Jinsheng's back is determined to leave. Gu Nanchen knows that he is destined to be disappointed. He closes the window angrily and just blocks his line of sight looking somewhere.

There, a young couple snuggled close together and kissed.

When Gu Nanchen drove back to the company, Qin Wen told him that the old man was waiting for him in the office. He was just slightly surprised and soon looked as usual.

"Dad." As soon as he walked in, a thick document hit himself, and he quickly turned to the side.

The document fell to the ground.

Oh! Dare you hide? The old man's face was even more ugly. He was as black as a layer of grinding that could not be melted. He was furious. "Do you know that the shares of Gu group have fallen several points because of yesterday's incident? Now, how many small media hype you and Xia Jinsheng's uncle and nephew? "

"And Ling Qiaoqiao. The Ling family has terminated its cooperation with us this quarter. The person in charge will arrive in a minute. I see how you can explain to the board of directors!"

The old man was so angry that he didn't stop scolding people. The air pressure in the office suddenly fell to the lowest. Strangers should stay away.

Gu Nanchen calmly looked at the old man and slowly spit out, "don't explain."

When does his private life need to be explained to others?

"I'll solve the company's problems. You don't have to worry." Gu Nanchen said, "you can't trust your son's strength?" The old Jianghu is like old man Gu. He choked and couldn't speak at this moment.
