

《Sweet Marriage: Smart Cute Wife》

Chapter 90

When Gu Nanchen rushed to the hospital with the little guy for the first time, he saw Xia Jinsheng's bandage. His first reaction was anger and heartache, and his second reaction was to laugh.

There was no other reason, because Xia Jinsheng looked really funny now. The bandaged nurse tied several bows on her. Coupled with her extremely resentful expression, it makes people laugh.

Although he tried to restrain himself from laughing, the little guy next to him was different. Holding his stomach and pointing to Xia Jinsheng, he kept laughing, "Mommy, you're so funny."

Chubby, your sister, your whole family is chubby.

Er... It seems that I scolded myself just now. Children's words are not taboo, children's words are not taboo.

"Did your family come? That's nice. " Behind them, Ji Chi's tone was excited and his expression was excited. He looked sincerely happy for Xia Jinsheng.

As soon as he came in, Gu Nanchen's eyes fell on him. He was smiling. Ji Chi's expression froze and couldn't laugh.

The temperature in the ward is a little low. Is the air conditioner on? It's easy to catch a cold in late autumn. He shook his head and didn't think deeply. He went straight to Xia Jinsheng and held out his hand, "here are the clothes you want."

Someone's eyes become colder and colder. Xia Jinsheng wants to cry without tears. Now, it's good to jump into the Yellow River.

Ji Chi touched his nose, looked at the sinking sky outside the window, smiled at Xia Jinsheng, "sorry, I should go back now. I believe you and your sister will take good care of you. Bye."

Your dad? Your sister?

Her hesitant eyes wandered around Gu Nanchen and Xia Yuxiu, making sure that what Ji Chi just said was undoubtedly these two people, but what are the eyes of the teenager? Are the glasses on the bridge of the nose used for decoration?

Your father and your sister!

She also replied with a stiff smile, "sorry, this is my daughter and my... Husband." Xia Jinsheng paused for a long time before squeezing out the word from his throat. When Gu Nanchen heard this sentence, his eyes brightened. His cloudy face turned sunny in an instant.

Ji Chi knew what a misunderstanding he had made. He just didn't know where to put his hands and feet. He didn't know why he was disappointed. He whispered absently, "so you're married..."

It's a license. The wedding ceremony will happen sooner or later. Xia Jinsheng kindly didn't tell him, but Gu Nanchen couldn't help saying, "classmate, if you don't go, you won't catch the last bus."

"Ah?" Ji Chi obviously wandered outside the sky. His brain's thinking ability was not easy to connect, "Oh."

He almost ran away. Gu Nanchen's eyes fell in front of Xia Jinsheng with a sad expression, "now, you should give me a reasonable explanation."

So Xia Jinsheng really gave it to me. He told the whole story in every detail. Gu Nanchen looked at the injury on her face painfully, "do you remember what those people look like?"

She nodded and naturally remembered that because she had studied design, she had also studied painting and sketch in advance. It was no problem to draw those people down.

Gu Nanchen was almost clear. He immediately called him and asked him to find several people to investigate the matter. Assistant Qin was really efficient. When he opened his eyes the next morning, Xia Jinsheng saw several gangsters kneeling in front of her.

Meifeng pick, is this a gangster film? Why doesn't she know when Gu Nanchen began to cultivate power in this regard?

For her naked doubts, Gu Nanchen was very calm and spared words like gold, "money

can make ghosts grind."

Needless to say, Xia Jinsheng knows what's left. She gets out of bed and walks in front of the gangsters who bullied her yesterday. They were beaten miserably before. Now she can't stop shivering and retreats.

Overnight, the identity reversed. Xia Jinsheng smiled. The smile on his face was obviously like an angel, but with the danger of the devil, "we meet again."

Her deep eyes fell on the inch board head, with a sweet smile, which was especially awkward with her swollen face, "do you know what I was thinking yesterday?"

The inch man had long lost his arrogance. His tall body trembled and regretted. He knew that no matter how much benefit he gave himself, lard would not offend the Buddha.

"Sorry, sorry. I have eyes that don't know Taishan and offend this lady. A woman surnamed Gu asked me to do so. "

She squinted. It seemed that she didn't have to work hard. The person in front of her didn't admit it to herself. The woman surnamed Gu said, "what's the name of the woman surnamed Gu?"

"Gu Ge." Before doing this, he also knew each other's identity. Gu Ge, the landlady of the night club, secretly engaged in the flesh business. The important thing is that she is very rich.

When Gu Ge gave himself and his brother a large reward and asked him to help teach Xia Jinsheng a lesson, he was moved. Only when Xia Jinsheng is an adopted daughter who is not valued, who knows that she has the backing of the city's down payment behind her.

Gu Nanchen, the richest man, sneered. His cold eyes were like a peerless sword out of its scabbard, which directly inserted into people's heart, "are you sure it's Gu Ge?"

What a Gu Ge. It seems that she didn't teach her enough lessons last time, so she dared to do such a treacherous thing.

As soon as the boss admitted, no one at the bottom dared to hide and spit out all he knew.

"We are all in your hands now. How dare you hide it? Gu Ge must be right."

"It's her. I've visited her shop. The chicks inside are delicate and tender, and Kung Fu

in bed..." the man smiled obscene, and the expression on his face was very obscene, as if he was aftertaste something.

Gu Nanchen waved his hand and winked at Qin Wen. The latter knew that he was about to take people down. Xia Jinsheng suddenly called him, "wait a minute."

"What can I do for you, madam?" Qin Wen turned around with a respectful attitude.

Madam... Xia Jinsheng froze for a moment, tried to ignore this title, and fell in Qin Wen's ear and whispered a few words in Gu Nanchen's murderous eyes.

The always cold assistant had a suspicious blush in his ears and hesitated to look at his wife, "isn't this not very good?"

"Very good. If something happens, your president is responsible. " Xia Jinsheng patted his chest and promised to pull Gu Nanchen out as a cushion.

Gu Nanchen was curious about what could make Qin Wen feel difficult, but neither of them would say it as if they had agreed.

Inch board head and his party were taken down. Xia Jinsheng's eyes stared at his back. Why did he have an ominous premonition of being calculated to be doomed.

"Enjoy it." The radian of Xia Jinsheng's mouth hasn't dissipated since just now. In fact, she didn't say anything, but just practiced her original idea.

If she wants to do something wrong to her, she can only treat her in her own way. Xia Jinsheng has never been a good fault.

"Honey." Xia Jinsheng, unconventional, took the initiative to hug Gu Nanchen's neck and pulled in the distance. As long as Gu Nanchen slightly lowered his head, he could kiss her lip, "what are you going to do with Gu Ge?"

"What are you going to do?" Gu Nanchen has long understood that the girl's intention is not wine, but the delicious food sent to the door should not be in vain.

He ate Xia Jinsheng's tofu in the hospital as if there were no one else. Xia Jinsheng's smile was almost distorted. Think about relying on him to teach Gu Ge a lesson. OK, bear it!

Bear a knife on the prefix.

"Can I beat her up, too?" Xia Jinsheng saw that her face was swollen like a pig's head in the mirror. If she didn't beat her back several times, it would be hard to dispel her

anger.

Gu Nanchen was silent and seemed to be thinking about the consequences of doing so. Xia Jinsheng became angry and ridiculed him for being quick to talk:

"Well, whatever I like is a lie. I can't do such a small request. If I were Wei Qing... "

Before he finished, the fierce murderous spirit flew over to him. Xia Jinsheng was scared to silence and covered her mouth in panic. Just now she seemed to say something she shouldn't say.

Sure enough, Gu Nanchen's face was as black as charcoal. Xia Jinsheng couldn't stand it. He raised his hand and said, "I'm wrong. I love you most."

Such a dog leg, no ambition. She despised herself.

"Hum." Gu Nanchen snorted, and a tiny radian bloomed at the corners of his mouth. Xia Jinsheng knew it was so.

In the evening, she hurriedly took people to Gu Ge's nest. Qin Wen's information was correct. The nightclub was really vulgar. There were so many beautiful women and their thighs were like forest. The clothes on the waiters were almost transparent and seemed to be naked. She wanted to cover up. I don't know who was luring.

Don't look at me if I'm not polite. Xia Jinsheng congratulated himself while hypnotizing himself. Fortunately, Gu Nanchen and the little guy didn't come here tonight. If they dare to take a look... Hum.

"Here you are, madam." Standing in front of a box, Qin Wen couldn't stop wiping his sweat. Although his president's wife usually didn't adjust, she drove off occasionally. It was the first time she looked so fierce.

And this time he wanted to help beat the person is still Gu's cousin. If the president didn't say that he was carrying Qin Wen, he wouldn't dare to commit such a crime.

Bang!

Xia Jinsheng kicked the door violently, with full marks for posture and handsome. However, the foot that dug a slot hurt to death. Due to the presence of others affecting her temperament, Xia Jinsheng just frowned, and then his eyes fell in the box.

Gu Ge's face on the sofa was disturbed with anger. When he saw Xia Jinsheng, he was surprised at first. He saw the proud color in her eyes after the injury on her face.

Xia Jinsheng silently took this subtle performance into his eyes. Xia Jinsheng pinched his fist. It really has something to do with Gu Ge. Hum!

I didn't expect Ling Qiaoqiao to be there. Needless to say, they are also two guys in collusion. She saw at a glance that the corner was not good, and pulled Gu Ge's sleeve.

Gu Ge didn't care and got up. This was her territory. She saw what Xia Jinsheng dared to do, "who let you come? I'll pay for kicking my door. "

It's best to take your life to accompany her. There's a sinister light in her eyes.

"Compensate?" Xia Jinsheng sneered, his hands hugged his chest on his domineering side. "I didn't want to pay for beating you today. Brothers, give it to me and catch that woman. I'll beat you tonight."

At this moment, Xia Jinsheng turned into a female bandit leader and beat Gu Ge on her territory.
