

《Sweet Marriage: Smart Cute Wife》

Chapter 92

Xia Jinsheng's personal clothing show has ended, but the audience is still amazed and has not recovered. They realize that the end is marked with obvious aftertaste and reluctance on their faces.

make love!

I don't know who started first. Applause poured in like a tide for a long time.

Standing on the stage, listening to the applause of the people below, Xia Jinsheng was moved by the sincere smile on their faces. What should I do? She felt that she was expanding and her mind was full of confusion.

The only thing she knows is that every cell is full of pleasure factors.

.....

Back backstage, although Selena's face was not very good-looking, she came over and apologized to her, "I'm sorry, in fact, you're excellent. I apologize for what I just said."

China values harmony. Xia Jinsheng smiled kindly, "it doesn't matter. You're excellent, too."

Selena blushed and soon raised her face. The expression was clear, "you have a good eye". Xia Jinsheng couldn't laugh or cry. Unexpectedly, the other party had such a character.

At this time, Selena's eyes suddenly fell on her chest, "I lost to you this time, but... I beat you here."

With that, her chest also trembled in response to the situation. Xia Jinsheng was unprepared and her brain was blank.

Her breasts are bigger than mine. It's a shame!

Now Xia Jinsheng only remembered such a sentence in the sea. She was dizzy. She ground her teeth and showed an action to tear people apart from time to time. It looked

very scary.

When Er Chun walked in with Xia Yuxiu in his arms, he saw such a scene. He looked at each other and felt a deep connection:

It's a pity that he is such a fool.

Seeing Er Chun, Xia Jinsheng subconsciously glanced at her chest. Visually, she was also a B. virtually, she was hurt again.

Big breasts are great. Small breasts are not her fault.

Her eyes were too resentful. Er Chun held the little guy and cut off her eyes. He didn't want to understand what was going on.

Gu Nanchen and Gu ya'er saw the video of that day on the website the next day, especially the scene of Xia Jinsheng's amazing appearance, which Gu Nanchen watched back and forth more than ten times.

During office hours, she wandered openly, but didn't dare to say anything to him. Gu ya'er looked at him, "brother, do you miss my sister-in-law? Chu Yu means when to take it home. "

It has been a long time since he announced his engagement to Jinsheng last time. The old man in the family looked ugly. All the greedy relatives stared at him, but they didn't dare to ask.

After a long time, Chu Yu seemed to be able to accept it. He occasionally mentioned in front of Gu Jun that he would let the two children go back to their home to have a look. From the beginning, he was careful and now he opened his mouth.

Recently, it has been mentioned more and more frequently, because there is Yuxiu. The old man is loose, but he can't lose face now because he said something important at the beginning.

Most of Gu Nanchen guessed that Gu ya'er also came to be a lobbyist. He thought carefully for a long time before answering her, "have a look."

Since he is willing to say so, it is possible that Gu ya'er's face shows a happy face and entangles Gu Nanchen with her arms. "Brother, shall I go to your place for dinner tonight? I want to try my sister-in-law's craft. "

She changed her mouth very naturally. She accepted Xia Jinsheng's promotion from her niece to her sister-in-law and was even glad to see this change. After all, she also

contributed to it.

Xia Jinsheng's craft? Gu Nanchen recalled that she had only cooked a few big meals, and the taste... Make sure you never dare to try the second time after you have tasted it once.

"Brother, how about it?" Gu Nanchen's hesitation makes ya'er unhappy. She really doesn't want to go home to face Chu Yu's face tonight. She can only be coquettish with Gu Nanchen.

"Yes." Gu Nanchen loosened his mouth and just pulled out his hand. Even his own sister, he was not used to such a touch.

When Chu nianwan came in from the outside, he saw Gu ya'er holding Gu Nanchen's arm. He was slightly surprised. The envy in his eyes was something he didn't notice.

That person has always been cold-hearted and rarely has close contact with people, which is frightening. What's more, it's what she can touch as a mere adopted daughter.

No one noticed her delicate mind. After handing in the financial statements, Chu nianwan was supposed to leave quietly, but Gu ya'er suddenly sent out an invitation to rub dinner with her.

The people at the desk buried their heads in the papers and didn't seem to show their reluctance. Chu nianwan nodded bravely.

With Gu Nanchen's special case, they left work early and went to school to pick up Xia Jinsheng in his car. Yuxiu had already asked for leave because there was a play to be shot in the afternoon and was taken to the crew by Er Chun.

When Xia Jinsheng arrived at the school gate, they had not finished class. They sat in the car and waited. Before long, Xia Jinsheng hurried out. Unexpectedly, a beautiful and gentle boy came out.

The boy didn't know what to say, and a smile appeared on Xia Jinsheng's face. Dressed in the same school uniform and with the youth campus as the background, how to see how harmonious and beautiful. People who don't know still think it's a perfect couple.

The temperature in the car is like a cold cellar. Gu ya'er's heart is not good. When he looks at his second brother, he really sees that his face is like black ink. Even if there is no obvious expression on his face, he still makes people feel the man's anger. Gu Nanchen gently buttoned her slender fingers on the steering wheel three times, then neatly untied her seat belt and got off... She put her hands together and secretly prayed for Xia Jinsheng: good luck, dear sister-in-law“ If you have time, we can go to a movie

this weekend. " Ji Chi blushed and handed out his movie ticket. This is a new film released recently. It is a European and American blockbuster with literary and lyric style. Once released, it was highly praised. It is said that the clothes and background music inside are very exquisite. Xia Jinsheng was interested in this script. Just about to accept it, suddenly a good-looking hand took the movie ticket first. A familiar cold voice came over her head: "sorry, she doesn't have time this week and next week, next week and next life. We have a weekend family party." The man like the God lied shamelessly, and the smile on his face made Xia Jinsheng feel different. When do they have a family party? It's obviously someone's shameless excuse, but she's not going to expose it. Since the last time she accidentally bumped into Ji Chi at school, she always ran into him intentionally or unintentionally. Xia Jinsheng knew that the child might be interested in herself. It's not bad to help her block the peach blossom with the help of Gu Nanchen“ That's right. " It's this man again. From the first sight of his appearance, Ji Chi knew each other's identity and felt frustrated. The man in front of him is better than him in any way. Thinking of his shameful thoughts, Ji Chi's classmate slipped away in frustration“ What else are you looking at when you're gone? " Gu Nanchen's hand blocked her sight, thinking that Xia Jinsheng was reluctant to leave Ji Chi, and his heart was depressed. Xia Jinsheng was embarrassed. She was just looking at the scenery. Unexpectedly, it was the direction Ji Chi left, which made Gu Nanchen misunderstand her meaning. The little face raised and smiled like a deceptive goblin in Liaozhaizhiyi. "Were you just jealous?"“ Um. " Gu Nanchen's unexpected generosity admitted that he put his arm around her belt to himself, put his thin lips close to her ear, and said vaguely, "I not only want to be jealous tonight, but also want to eat you." Her body trembled fiercely, stagnated for less than a second, smiled coyly, waved her handkerchief at him, deliberately pinched her throat and said, "ouch, you look dead." Gu Nanchen silently blocked his eyes as if he didn't see anything. Back in the car, Xia Jinsheng accidentally found two other living creatures. He was surprised, "Why are you there?" Three months ago, the two people in the driver's seat were still her aunt. Now, as soon as her identity changed, she became their sister-in-law. It's really embarrassing. If it weren't for her face, she can't wait to turn around and go now, or find a hole to drill. Gu Nanchen didn't give her a chance at all. He closed the door and stepped on the accelerator to the vegetable market. Xia Jinsheng was confused, "what's this?"“ You don't know yet, do you? We'll go to your house for dinner tonight. It's time for you to show your talents. " Gu Yaer patted her on the shoulder, took Chu nianwan down from the car, looked around and thought about what to eat tonight. If doing dark cooking is also a talent, she will do her part, but the point is that it doesn't count! Xia Jinsheng wants to cry without tears. When they don't pay attention, they secretly pinch Gu Nanchen's waist“ Are you trying to make a fool of me? I represent your face, you know? " She deliberately lowered her voice. People who don't know only think they are in intimate communication and deep feelings. The meaning of her words pleased Gu Nanchen. She hugged her waist and felt the beauty of her skin. "It's all right. It's all my family. I have a lot of faces, just throw them away. "“ Shameless. " Xia Jinsheng made a brief comment, broke Gu Nanchen's hand, and sighed in his heart that this person likes this action more and more recently. Deliberately distancing

himself from him, Xia Jinsheng and Gu ya'er walked together. The three women talked and laughed happily. On the other side, Xia Jinsheng rented an apartment before. Wei Qing, who was liberated from the fashion show, rang the doorbell again and again. Finally, a man with bare arms and bleary eyes came out and asked angrily, "who? It's so noisy! " Seeing the visitor, Wei Qing was slightly stunned. The man's slovenly appearance made him unable to help committing an occupational disease. He tried to resist his preaching heart and spoke politely. "Is Xia Jinsheng here?" "Who is that? incognizance. If you're looking for someone who used to live here, she's moved away. " Moved away? When did this happen? Why didn't Xia Jinsheng mention it to him? The man he was looking for was gone, and Wei Qing had to return disappointed.
