

《Sweet Marriage: Smart Cute Wife》

Chapter 94

In the morning, I closed the door to the old man. Whether Gu Nanchen or Xia Jinsheng, I was unhappy.

As soon as he got home, Gu Nanchen went back to work in his study. Xia Jinsheng forced the little guy to study hard. Maintain this state until noon, the little guy said he was hungry, and the cook had already gone back for the festival. Xia Jinsheng cooked noodles for her with the ingredients in the refrigerator.

Two little guys sat at the table and looked at the egg noodles in front of them. Xia Jinsheng's eyes lingered upstairs with a tangled face.

"Mommy, go and see daddy if you want. Don't be shy." The little guy thought he had penetrated Xia Jinsheng's mind. His face was filled with a smile. Two sweet dimples were very popular.

Shy? Xia Yuxiu, which eye can you see that I'm shy?

With the stimulation of her daughter, Xia Jinsheng felt that it was not so difficult to go upstairs to have a look. When he went to the study, he knocked on the door. Gu Nanchen raised his head and looked at her. His eyes silently said two words:

have you got anything to do?

"I cooked noodles. Do you want to eat?" Xia Jinsheng touched his nose, and the moment he looked directly at her was unnatural. It was obviously the old husband and wife, but his heart was pounding.

That's terrible.

"Well, good." After she reminded, Gu Nanchen found that he was really hungry and followed her downstairs.

Xia Jinsheng suddenly stretched out his hand and grabbed his palm. Gu Nanchen continued to ask her with his eyes and waited for the following. She blushed. She should have been brewing $CI\ CuO$ and finally said those words,

"Let's not make trouble."

The soft voice reminds people of the blue sky and white clouds and the warm spring breeze. The one holding his hand was also warm as the good lanolin jade. Gu Nanchen was reluctant to loosen it.

Knowing what she said, Gu Nanchen said after a while, "OK."

A word is worth a thousand words. The two hearts have a sharp look at each other, so it is no longer difficult to be willing to move away from their sight, just because each other's eyes are full of themselves, as if it is difficult to accommodate others except this person.

It's really bad to punish yourself for other people's mistakes. The old man didn't want them to be together. If there was a estrangement because of this incident, he would only call Gu Jun's intention.

It's just a matter of more people celebrating the festival. In fact, it's nothing to think about. They have got the certificate and have their own family. In the final analysis, they still have their own days.

Gu Nanchen bent down in this warm atmosphere, left a kiss at the corner of Xia Jinsheng's mouth, tasted it and held people in his arms, "I'm sorry to worry you."

"It's all right. We are a family. " Xia Jinsheng buried his head in his arms, and the previous grievances dissipated at this moment.

His body stiffened for a moment and soon returned to normal. He just hugged the person in front of him with greater strength. Family, that's a beautiful word.

From the moment they came down, the little guy obviously felt that the atmosphere between the two people had changed, and she couldn't tell why.

Just when they were feeding sweetly, the little guy couldn't help knocking on the table, "Daddy and Mommy, can you think about me as a single dog?"

Ho, I know what a single dog is when I'm young. What the little guy knows is beyond Xia Jinsheng's cognitive range. She doesn't look good. "Xia Yuxiu, honestly, where do you know these crooked ways?"

Xia Jinsheng's anger made her sell Er Chun without hesitation. "Sister er Chun said that everyone was a single dog before marriage. It's wrong to show love in front of a single dog."

"Do you know how to show love?" She was relieved to see that the little guy was still ignorant of these.

"Of course." The little guy nodded, as if unwilling to be looked down upon by her, "my brother often feeds brother Nanfeng for the rest of his life. Sister Erchun said this is show love."

This is really a show of love. Huh? Wait, what did she just hear? Feed Mo Nanfeng for the rest of his life. Are they fake or openly sell corruption?

She swallowed her saliva and her eyes were bare, like finding some great treasure. "What you just said is that my brother and Mo... Hiss for the rest of her life."

Before she finished, Xia Jinsheng found that the soft meat on her waist was pinched by Gu Nanchen. The sullen man didn't control his strength, so she took a breath.

Good. How did you offend the Buddha again?

"Don't be interested in other men in front of me." Gu Nanchen's voice was stuffy and unhappy.

She knew that she was jealous of her feelings. She should have promised to say yes. Suddenly, her brain pumped out, and the words turned to her mouth, "you're not here, can you?"

"You dare!" His eyes stared like a man eating monster in the journey to the West. Especially when he heard the expectation implied in Xia Jinsheng's voice, he pinched her waist

Very good. Xia Jinsheng immediately learned well. The little daughter-in-law bowed her head and promised, "absolutely not."

She has a thief's heart but no thief's courage. That's her type.

The sudden ringing of the door bell interrupted the family's leisurely lunch time. Even if it was a small matter of opening the door, Gu Nanchen couldn't bear to let her tired and went to battle himself.

When the door opened, Gu ya'er, half black faced and half white faced, with blood on her hands, ran out of the Gu family and came here to find her brother.

She stood in the street at a loss and didn't know where to go. Xia Jinsheng's warm smile suddenly appeared in her mind. She didn't hesitate to bother her brother.

"Were you robbed or robbed?" Seeing her at first sight, Gu Nanchen blurted out these words.

Gu ya'er could no longer hold back the familiar voice line of a little dislike and helplessness. The tears that had just been desperately suppressed surged up again and cried sadly: "brother..."

Soft Nuo's helpless voice made Gu Nanchen disarm and surrender and stagger, "OK, come in."

Gu ya'er's tears stopped dramatically. The faucet switch was not as efficient as her. Gu Nanchen didn't hurry in. His eyes fell on his doorbell and frowned, "the doorbell will be cleaned for me in a moment."

"Oh." Gu ya'er was very gentle. Unexpectedly, her second brother didn't care about himself. Instead, he cared about the blood on the doorbell. This turtle hair is a late cancer patient.

"God, what's the matter with your injury?" Xia Jinsheng noticed Gu ya'er's abnormality and stopped eating noodles, so he quickly turned to get his home medical box.

Her sister-in-law was kind to her. Gu ya'er sucked her nose because Xia Jinsheng's words were so moved that she would say the same words as her second brother the next second:

"Ya'er, were you robbed or robbed?"

Gu ya'er: "

Can she take back her previous move? The wicked couple even ganged up with each other. One nostril let out his anger. It didn't think that the robber broke her face with ink in his hand.

"You should be glad that the other party didn't pour sulfuric acid." Xia Jinsheng saw that she had been angrily pointing to the ink on her face and completely misunderstood her meaning.

The communication between the two people was completely different from the same channel. Gu ya'er cried angrily by her IQ and told the whole story, "I was beaten for you, okay?"

Gu Nanchen's tone finally fluctuated, "do you mean the old man beat you like this?"

"Isn't that him?" Thinking of the old man's furious appearance before, Gu ya'er felt a lingering fear. Xia Jinsheng took the water and asked her to wash the things on her face first.

It's not good that the wound was infected, and I don't know how much she was hurt. Xia Jinsheng just touched her forehead. Gu ya'er kept inhaling, "sister-in-law, please be gentle, it hurts."

"OK." Xia Jinsheng treated her wound more carefully. His eyes turned to thoughtful Gu Nanchen, "call a doctor."

Not a professional medical talent, she still cares about Gu ya'er's injury on her head. The latter rushed directly into her arms and shamelessly rubbed her chest, "sister-in-law is very kind. I'll just live here in the future."

"Don't you look back at home?" Xia Jinsheng was deeply surprised, but she didn't want Gu ya'er to faint directly under her eyes the next second. Gu Nanchen picked it up in time, otherwise both of them would fall to the ground.

The doctor stopped calling and directly sent the person to the hospital. The doctor soon found out the cause. The syncope caused by excessive blood loss immediately hung a bottle of glucose for her.

After hanging up the bottle, Gu ya'er said that she would not be hospitalized at all. She must go back with them for the Mid Autumn Festival. However, the other two couldn't help but ask the doctor to make sure there was no serious problem before they reluctantly agreed.

Gu Nanchen cooked the dinner, which was quite different from Xia Jinsheng's. listening to Gu ya'er boasting about him, she was unbalanced, secretly pinched his waist and whispered:

"To be honest, did you sneak to the study class behind my back?"

He has only recently begun to learn to cook. In principle, he won't make such rapid progress. At the beginning, it took him a little half a year to barely learn a little.

Gu Nanchen sandwiched vegetables for her, glanced at her faintly, and opened her thin lips, "talented and intelligent."

Xia Jinsheng, who was hit with four simple words, had no power to fight back. The vegetables in his mouth were particularly choking. He was very talented and hated.

In fact, the genes of family members are very hateful.

After the Mid Autumn Festival, what he did was to enjoy the moon, but Xia Jinsheng really didn't understand. In addition to being round and brighter than usual, what else did the moon mean.

Maybe she was born with no feelings. Let her sing sour poems to the moon. It's better to take out her mobile phone and watch Little Huang Wen.

If it is the latter, she can write thousands of words of long comments, or it is not a problem to extend a same humanities.

"Sister in law, do you eat moon cakes?" Gu ya'er came over with moon cakes and was curious to see her looking down at her mobile phone.

Make me wet and dizzy? A mouthful of moon cake stuck in her throat. What did she just see?

Gu ya'er calmly picked up the water on the table and drank it. Her tone was quiet. "I didn't expect that my sister-in-law was such a person." Just now I saw the plot of meat fragrance overflowing. It really makes people blush.

Xia Jinsheng was not ashamed, but proud. He proudly lit his chin, "what? I've always been such a person! "
