Sweet Revenge My Sweet Life With You! Chapter 19
"Rose"

Ayami created a dummy account with the name "Rose", which she picked randomly and searched the trio's account.

She opened a software called ISpy, which she installed last night on the USB. It was used to look at the chats or messages of other people secretly.

Then she typed on the keyboard and fiddled with the computer like an expert, before she finally found their group chat.

She entered the group like a spectator, not visible to the trio as she could only do something simple as this. Ayami looked at their message log.

All of them have are not using their real names and their codenames were based on animals.

Chicken, Pig, and Bunny. It was hard identifying which is which, so Ayami had no choice but to chat.

<Rose entered the group. Say hi to Rose!>

Rose: Hello?

Ayami typed in a hello. One by one, messages started to pop out.

Pig: Huh? Who is this?

Chicken: Who invited this person?

Bunny: Definitely not me!

Chicken: Kick them out.

Pig: Roger that, milady.

Bunny: 'Kay Pig, u do it.

Rose: Kicking me out? Unfortunately, you won't be able to do it~
????□????????□

Pig: Huh? What the—

Pig: She's right! What the hell is going on.

Rose: *Laughing GIF*

Chicken: Who are you?

"Hmm… Guess it's time." Ayami mumbled to herself as she clicked the mouse with a smile on her face.

Then Ayami sent out a picture of Liana Faker bullying one of her classmates.

Bunny: What!

Bunny: Where did you get that? Who are you?

The next thing she sent was Noxus inhaling drugs with his friends.

Pig: B*stard! If I ever found out your identity your dead!

Pig: Delete that!

Pig: If you don't, I'll find you and make sure your life is a living hell.

Rose: Ohh~ Scary~ ????????????

Since there Celine couldn't find any dirt on Hailey, Ayami could only send the picture she took last night, where all three of them were smoking.

It was stated in the rules of the academy that students are strictly prohibited from smoking. So they might get suspended for a month or worse get expelled. In Noxus case, he might go to jail.

Rose: I see…

: So Pig is Noxus Mole, Bunny is Liana Faker and the last one, Chicken, is definitely Hailey Pierrot.

Chicken: How did you know that was us?

Rose: Because I can see everything~

: Look out, because I might be behind you~

:????????????

But what Ayami wanted to type was: "Uh… Because you're stupid?"

It was pretty stupid of them to indirectly reveal themselves. Well, they were panicking, so they were not in their right minds.

Chicken: …

Chicken: Just who are you and what do you want from us?

Rose: Eh? Asking my objectives already? But I have more stuff I wanted to show you guys. Oh, well, I guess I'll tell you what I want after I send your dirty laundry.

Ayami sent a link that will lead them to a download page. There they needed to download before they can view the file. Of course, Ayami added a trojan horse that would be able to bypass the firewall, though incomplete as Ayami created it in a hurry, so it can only track their IP while also stealing some of their data.

It would be nice if she could completely hack their computers, but this will do for now. She doubt that there was anything useful about the Coiling Snake Gang.

Ping!

Ping!

Ping!

That sound indicated that all three of them have downloaded the file. Ayami smiled wickedly. She could quickly see the trio's location.

The two girls was in the dorm, while the other one was inside a gambling den so early in the morning.

On the other chatroom, where only Hailey and Liana were there.

Liana: Hailey, What do we do?

: I knew it was a bad idea to join that gang!

: Now what? My parents will disown me if they found out.

Hailey: Calm down, Liana.

: I'll find a way out of this.

: That person is probably just want money or something.

Liana: What about Noxus?

Hailey: Leave that useless guy out.

<Rose joined the chat. Say hi to Rose!>

Rose: Leaving me out?

: Bad people!

: Hmm… My, my~ What's this? ????????????

: Betraying your friends left and right?

: Hailey, you're truly evil. I like it~

On the other chats, were Hailey and Noxus chatting with each other leaving Liana out. Hailey wasn't planning on helping the two to begin with. They returned back to their group chat.

Pig: Hailey, what the hell!?

Bunny: You… I trusted you, how could you do this?

Chicken: Rose, is this your objective? To tear us apart?

Rose: Not quite~ Hihihi~

Chicken: Do you think this is a joke?

: We were doing just fine and you suddenly entered and destroyed our bonds!

Rose: …

: Check the forums.

Ayami smiled as she checked the forums. Written on the very top, was an article featuring delinquent students.

It was the picture of the three, but their faces was blurred.

Iamthegreatimmortal9999: Woah! Someone is actually brave to defy the academy rules.

Flowerbloominginthevalley: Lolololol! They're dead, like, so dead dead!

Nerd_Glasses: Anyone wondering who they are?

69696969: Seggs

FunnyDude127: Popcorn, porcorn! Anyone?

Rin_no_1_Fan: The academy is probably investigating it right now. The academy would probably set an example using them.

…

Behind the computer, Hailey suddenly felt like her strength left her whole body as she stared at the computer screen, face ashen. It felt like her soul had left her.

Her face was so white like a paper and her lips were blue, like she had seen a ghost. Her hands trembled as she stared at the forum.

The same thing happened to the other two.

Everything is crumbling. Just like that, their future is gone!

Ping!

Just then, a notification popped out in front of their computers.

1 new message unread.

Rose: Now then, are you ready to follow my command?
