

Chapter 1221: Auntie Mei Mei

The hand picked up the leaves on the ground and placed them in the hands of the sleeping woman. Then, the wind blew her hair behind her ears. "He took good care of you. I see that you're even fatter than the last time I came." "You have to wake up soon, or I don't know what to do next." "It doesn't matter whether you take revenge or not now. Look at Xiao Guang, do you have the heart to do that?" As the woman spoke, she could not help but feel that her nose was sore. She was about to cry. "Sigh, I Can't cry." She raised her face and massaged the corner of her eyes, "When I wake up in the morning, I have more than two hours of makeup. With such beautiful makeup, what if I Cry and ruin it? How ugly is it?" She recalled how she looked without makeup. She really could not see anyone. "You're here." At this moment, a voice came from above her head. It also made Zhu Meina stand up. Not far away, a man walked over with a towel in his hand. "Mm, I'm here to see her." Zhu Meina replied and took a step back to make room for Lu Yi. Lu Yi didn't reply. When he came over and saw the leaves in his wife's hands, he didn't think of throwing them down. His youngest son always thought that his mother liked leaves because his father would bring his mother over every day, therefore, he would pick up leaves for his mother. This was his favorite thing to do recently. Even when his grandmother brought him home, he was not willing. He insisted on being with his mother. Xun Xun, who was the most clingy to his mother in the past, was now very obedient and gave his mother to his little brother. Lu Yi squatted down and carefully wiped his wife's hands and face, wiping the dust off her face. Then, he wiped her fingers clean one by one. Then, he touched her forehead, he felt the warmth of her face. He pulled the blanket up. "Xiao Guang, let's go back." "Okay." Xiao Guang was still lying on the ground. Perhaps he felt safer that way, so he didn't like to walk much anymore. At that moment, a hand reached out and helped Xiao Guang up as well, untying the rope that was tied to his body. "Baby, Guess Who I am?" Zhu Meina touched Xiao Guang's little face and gently patted the soil on his body. Why did it seem like she didn't want it? This poor little thing. "Is it Aunt Meimei?" Xiao Guang reached out his little hand and wanted to touch Zhu Meina. He recognized everything, people, or things. He used his own hands to remember, not his eyes. Now, his hands were her eyes., his body was his eyes. If it was anyone else, Zhu Meina would definitely not let anyone touch her face. It took her two hours to put on makeup, but this was Xiao Guang, a child that was almost the same age as her child. She sometimes wondered if her son was still alive and had grown so tall. He would call his mother and pick up leaves for her like this, even if they were the least valuable and most unwanted. Even if he hurt himself from the fall, he would still give half of the leaves to his mother. Yan Huan had once said that. Her child would definitely not blame her. It was not for anything else but because of that sentence. He loved her. He loved her, this useless mother. He loved her, this irresponsible mother, he loved her, this mother that even he could not protect. "Does Xiao Guang love his mother?" Zhu Meina asked Xiao Guang. "Yes." Xiao Guang tapped his little head hard. "Xiao Guang loves mummy the most. His brother and sister also love mummy. Mummy also loves us." Zhu Meina held Xiao Guang's little hand. Sure enough, his little hand had wiped off a lot of the powder on her face. Even her eye shadow had fallen off. However, she was not angry at all. She carried Xiao Guang up and left. Aunt Meimei will bring you home. "Look, you've wiped Aunt Meimei's powder on your hand." She gently poked Xiao Guang's little face, "Your Aunt Meimei has been in Meimei since early in the morning. She's been beautiful for two hours. Do you know how long two hours is?" Xiao Guang shook his head. He did not have much of a definition of time yet. Zhu Meina pinched his little face again. "It's just that you woke up in the morning, ate your milk, went to kindergarten once, and

then came back. So much time, a lot of it, right?" Zhu Meina smiled, she had been pinching Xiao Guang's little face and playing with it. "Did the bump hurt?" "It didn't hurt." Xiao Guang shook his little head again. Aunt Meimei, Xiao Guang did not hurt at all. "You're so Brave." Zhu Meina kissed Xiao Guang's little face hard. Out of the three children, the one that everyone loved the most was Xun Xun. Because Xun Xun was the youngest, everyone couldn't help but put more time on her, however, Zhu Meina liked Xiao Guang now, and she loved Xiao Guang the most. She was only a three-year-old child. Her life hadn't started yet, but she couldn't see it anymore. What would he do in the future? She placed her chin on Xiao Guang's little head. "Don't be afraid." She felt her nose aching, "Auntie Meimei will take care of you in the future. No matter how others treat you, and Auntie Meimei too." She really thought of Xiao Guang as her son who was no longer around. Xiao Guang was just like her son. He loved to smile, no matter what. His two little faces almost overlapped each other, and it made her heart melt. It melted, warmed, and hurt. Lu Yi, who was in his wheelchair, also heard Zhu Meina talking to Xiao Guang, but he didn't say anything. He pushed Yan Huan into the room. He was going to give her some water and food later. Outside, Zhu Meina placed Xiao Guang's little hand in the basin and helped her with it. She didn't care about her manicure or her priceless necklace and ring. Xiao Guang's little hand touched the bracelet on Zhu Meina's wrist. "You Like This?" Zhu Meina generously took off the little bracelet on her wrist and placed it on Xiao Guang's hand. "Here, take it. Don't eat it. It's not edible." "Okay." Xiao Guang nodded his head obediently. He tightened his grip on the bracelet in his hand. Although he could not see it, he knew that it must be very beautiful. Zhu Meina then asked the nanny for a medicine box. She carefully took a cotton swab to treat the wound on Xiao Guang's forehead. It was not broken, but it was a little red and swollen. The skin of a child was originally tender, this collision was indeed quite serious. "Does it hurt?" Zhu Meina herself was in pain. "It doesn't hurt." Xiao Guang was still playing with his hand. He lifted his little face and didn't look at her, because he didn't know where she was either. Auntie Gu's heart ached when she saw this. This was really a sin. Such a good child. Lu Yi didn't come out. He held onto Yan Huan's arm and carefully massaged her. It was only because he knew that Zhu Meina didn't have any bad intentions. She also truly liked Xiao Guang. A child's preferences towards adults.., he was very sensitive to who liked her and who did not. He was very clear about who liked her.

Chapter 1222: Xiao Guang's gift

It was because she was sincere, and it was because she did not have any other intentions. Otherwise, Zhu Meina would not have been able to take another step into the garden. Zhu Meina played with Xiao Guang for a while. When Xiao Guang fell asleep, she was actually very reluctant to part with him. If it were not for the current situation of the Su family, she would have really wanted to bring Xiao Guang home and raise him. She then touched Xiao Guang's little hand. "Auntie will come to see you in a few days. You must remember, don't forget about Auntie. The most fragrant one is your Meimei Auntie." If it wasn't for the conditions being not good enough.., she still wanted to return to Zhu Xianglan and Su Muran's side and compete with them. In fact, she still wanted to live here and spend every day with Xiao Guang. At the very least, it would save him some injuries. She walked out, and the tears in front of her eyes were forced back again. She brushed her hair and drove the million-dollar sports car back. The air here was so fresh and clean. She still had to return to that foul-smelling place of the Su family. Just thinking about it made her feel a little disgusted. Lu Yi gently opened the door and walked in. He saw Xiao Guang still sleeping quietly in the room. On the big bed, there was a very small him. Since his eyes were no longer good, he did not eat properly. Lu Qi was a little taller than him, and Xun Xun had grown taller recently. He was afraid that in the future, out of the three children.., it couldn't be that Lu Qi was

the tallest, right? At that time, even Xiao Guang would not grow any taller. He carefully placed his hand on his son's small head, only to see that his forehead was still swollen. These injuries, not to mention other people, even he, the father, was used to seeing them. After Xiao Guang's eyes disappeared, he almost fell everywhere, crashing everywhere. Initially, when he fell, he would cry. When he crashed, he would cry too. If it hurt, he would cry. If it didn't hurt, he would cry too. If he was afraid, he would cry even more. However, gradually, he stopped crying. Even if it hurt, he wouldn't cry anymore. It was just like today. His head was swollen from the impact, and he had sustained such a serious injury, but he did not tell this father of his. He placed Xiao Guang's little hand under the blanket, but he realized that his little fist seemed to be holding something. He sat down and carefully pulled Xiao Guang's little hand away. He saw that his little hand was holding nothing but a small bracelet. The bracelet was covered with small diamonds, but of course, they were not made of glass, Lu Yi knew that these were real diamonds. They belonged to Zhu Meina. "What's wrong? Do you want something like Auntie?" Lu Yi took out the bracelet to prevent him from accidentally eating it. "Only little girls like these. Why do you like them too?" He touched his son's little face, then picked him up and placed him at Yan Huan's place. He let Xiao Guang accompany his mother so that Yan Huan could accompany his son. Xiao Guang's little hand touched his mother's hand as well. He hugged his mother's hand and did not know what his little mouth said, but he fell asleep very quickly. Lu Yi did not fall asleep. Instead, he placed the notebook on his lap. It was unknown what he was looking for. From time to time, he would raise his head and look at the mother and son who were snuggling together, he was afraid that Xiao Guang would kick the blanket and catch a cold, which would also catch his mother cold. The weather was already cold, so it was better for no one to get sick. He had only gone out for a few minutes when he heard Xiao Guang crying inside. Lu Yi hurriedly opened the door and walked out. He saw Xiao Bao wiping his tears with his little fists from time to time. The crying sounds from the few stops were all gone. Lu Yi quickly carried his son up and wiped his face with his hands as well. "What's wrong? Tell Daddy, did you have a nightmare?" Little Guang was sobbing from time to time as he stretched out his little hand. "Pull it out. The chain Auntie gave to Little Guang is missing." "Chain?" Lu Yi didn't know what he was talking about at first. "Chain? What chain?" "Xiaoguang kept taking it. The chain is gone." Xiaoguang wiped his tears pitifully from time to time, looking very aggrieved. It was only then that Lu Yi remembered the bracelet he left outside. Could the chain Xiaoguang was talking about be that thing. "Xiaoguang's chain is still there. Daddy will bring it to you." He put Xiaoguang away and let him hold his mother's hand. "Xiaoguang, be good and protect Mommy. Daddy will give Mommy to you first. Daddy will be back soon." "Okay." Xiaoguang nodded his head vigorously. Xiaoguang will protect Mommy." Lu Yi then walked out and opened an unlocked door. He picked up the bracelet from the table. "Chain. I don't understand why Xiaoguang likes this." When he returned, Xiaoguang still maintained his posture. He hugged his mother's hand tightly, as though he could protect his mother as long as he hugged her hand. Yes, he had grown up. He could protect his mother. He wiped his tears. That stubborn look of his resembled his mother. Lu Yi walked over and picked Xiaoguang up. He then handed the bracelet to Xiaoguang. "Look, Daddy helped you get your bracelet back. Our Xiao Guang is so brave. He protected Mommy." He placed the bracelet in Xiao Guang's little hand. "Thank you, Daddy." Xiao Guang sniffed and reached out his little hand for Daddy to hug. No matter how much he tried to help, no matter how precocious he was, no matter how obedient and sensible he was, he was still a three-year-old child. A three-year-old child who couldn't see. "Xiao Guang, why do you want this?" Lu Yi gently patted Xiao Guang's small face. "You're fine. Why are you like Xun Xun? Do you like Shiny Things?" "For Mommy," Xiao Guang groped on the bed. After a while, he touched his mother's hand and clumsily tried to put it on his mother's wrist. Lu Yi suddenly felt his nose

ache, and his eyes hurt as well. "Come, Daddy will help you." He put the bracelet on Yan Huan's wrist. At this moment, Yan Huan's wrist was very thin, but the bracelet matched her skin perfectly, making it look even whiter. He hugged his son with one hand and held Yan Huan's hand tightly with the other. In fact, Yan Huan had always liked these things. She liked exquisite things, and when she saw something she liked, she would buy it for herself. Women loved to look beautiful, and they also liked to dress themselves. Of course, Yan Huan was no exception, she also loved to look beautiful, so she had a lot of jewelry. And every year, he would give her some of the various programs. This year, he didn't seem to have given it to her yet. "It's your birthday soon. I have to pick out a birthday present for you."

Chapter 1223:

Lu Yi shook Yan Huan's hand again, "I'm sorry, I almost forgot your birthday. The necklace and ring that I gave you for your birthday last year were all sold by you. I was thinking if I should give you an indestructible set this year so that you can wear it around your neck every day." He was mumbling to himself. Xiao Guang couldn't understand his father's words, but he lay on his father's shoulder and began to doze off. In fact, he was still asleep. Lu Yi gently patted his son's small shoulder, but his eyes never left Yan Huan. She was an irresponsible wife and an irresponsible mother. "I didn't blame you." Lu Yi gently caressed Yan Huan's face. "It's my fault. It's My Fault." "It's my fault for not taking good care of you." "If you want to blame someone, then blame it on me, right?" At this time, the weather outside seemed to have become even colder. A lot of the few leaves on the trees had been blown off. The back of the mountain was already covered in a rain of ginkgo biloba, that golden autumn yellow., it was so beautiful that it was suffocating. Unfortunately, there were not many people who could appreciate it. This was because not everyone was allowed to enter, and no one else was allowed to enter. The next day, Lu Yi handed Yan Huan over to Aunt Gu to take care of. He then sent Xiao Guang to the Lu family. Xiao Qi and Xun Xun were both very happy to see Xiao Guang. The two of them held Xiao Guang's hand, unwilling to let go. They were afraid that Xiao Guang would fall, they were afraid that Xiao Guang would hurt, and they were also afraid that Xiao Guang would cry. "Let him stay here for a few days. I have some things to do." Lu Yi said to Ye Shuyun. He had to send Yan Huan to the hospital for a routine check-up in the next few days. He did not have time to take care of this little fellow. "Don't worry," ye Shuyun replied. She wanted to laugh, but no matter how she looked at it, she felt that her heart was quite bitter. Her son was bitter, her grandson was bitter, and Yan Huan was also bitter. Their entire family was bitter. How did this perfect home become like this? Lu Yi did not stay at home for long. He walked out and drove away. He went to the jewelry store again and prepared to pick a gift for Yan Huan. Even if she could not see it now, even if she could not feel it now, he still wanted to give it to her. Yan Huan liked this brand of jewelry the most. She liked the exquisite and detailed design, as well as the unique design here. In the past, the after-sales service was not bad, but Lu Yi sometimes wondered., had she stayed at the Chen village for too long and was afraid? So, no matter what, she had to leave a way out for herself. Just like last time, she sold these jewelry., she didn't have to suffer so much. At least, she could eat her fill. At least, she had a place to shelter from the wind and rain. At least, she didn't have to be frozen. "Sir... may I ASK?" At this moment, a female shop assistant walked over and hurriedly greeted Lu Yi. When she saw Lu Yi's face, she was stunned for a moment because she knew Lu Yi. "Hello, Mr. Lu." She greeted Lu Yi with a smile. Lu Yi raised his head and looked at her. "We know each other?" The female shop assistant smiled very awkwardly, and tears silently flowed in her heart. Could it be that she really had a common face. And this "We know each other" was equivalent to "Who are you?" It was really very sad, or extremely sad "I was here the last time Mr. Lu and director Lei came to investigate the case," she

explained. Of course, she did not dare to have any improper thoughts about him. Some things were impossible, and one could dream about it., of course, she could not take it seriously. "I understand." Lu Yi could remember this matter, but he could not remember the person. He looked at the jewelry in the display cabinet again, wondering which one Yan Huan would like? The corner of the female shop assistant's eyes twitched slightly. Such a hard man was like a rock. The person who married him must be uninterested. "May I know what kind of necklace you want and who you want to give it to? I can recommend it for you." She did not dare to think too much about people. She was also thinking about the good results. "For my wife." Lu Yi took a fancy to a necklace and asked her to take it out. This was a relatively delicate necklace. The necklace was very special. The pendant underneath was made of ginkgo leaf. In the middle of the leaf, there was a very deep gemstone with a faint green color. "This is our exclusive design," the shop assistant introduced. "This is a natural green gemstone. It's very rare. Whether it's in terms of luster or other workmanship, it can be said to be the best in our shop." Lu Yi liked this. He felt that Yan Huan also liked it. This was just like the ginkgo forest. It was a pity that Yan Huan had not seen the beautiful ginkgo forest properly. If he wanted to see it., he could only wait until next autumn. Just as Lu Yi was about to settle the bill, a hand reached out. He directly took the chain from the shop assistant's hand. "I want this. Wrap this for me." Then, a woman wearing sunglasses threw the necklace in her hand in front of the shop assistant. She then took off the sunglasses on her face. She raised her face, and it was a carefully drawn face, if she didn't have the makeup on, she wouldn't know how she would look. She only knew that some people, even if they were wearing makeup, wouldn't have much beauty without something called p s, just like this woman, she was a nouveau riche. Her whole body was shining with gold. Almost all of her clothes were made of jewelry, but she lacked a bit of nobility. Of course, she was also very noble. She was made of money. "Cousin, long time no see." Sun Yuhan greeted Lu Yi with a smile. However, she couldn't wear high-heeled shoes because her legs hadn't recovered yet. Therefore, she felt a little uncomfortable, for no reason, she felt that she was shorter than others by more than ten centimeters. She used to wear high-heeled shoes that were close to fifteen centimeters. Of course, she wanted to wear them now, but she couldn't give up her legs just because they were beautiful, she didn't want her legs. "I like this one." Sun Yuhan pointed at the necklace on the counter. "Cousin, you won't fight with me, right?" She was obviously smiling, but it was obvious that this was Hong Guoguo's provocation. "Give me the bag." Sun Yuhan glanced at the silly shop assistant. Why didn't you give me the bag at this time? You Don't want to sell anything, do you? "Miss, this necklace was taken by this gentleman first." The shop assistant had seen people snatch it before, but she had never seen such a shameless person snatch it so brazenly. No matter what, it had to be first come, first served. They were all civilized people, and they were all well-mannered people. Looking at this miss's clothes, she also looked like a rich person. Why didn't she have a proper education? And coming to a place like theirs, they were usually rich and overbearing. Of course, they were all highly-educated guests. While they had money, they also had a certain status, of course, they would not do anything that was very similar to their status.

Chapter 1224: police action

Why was this lady looking at her eyes? She was robbing her. She was robbing the man of her dreams, which made her more used to Sun Yuhan. Sun Yuhan took off her sunglasses again. Then, she stared at the shop assistant. The shop assistant was baffled by her stare. She didn't know what was wrong with her. She touched her hair and adjusted her clothes. Was it because she put on makeup in a hurry just now and only painted one side of her eyes, or could it be that she had drawn one side of her eyebrows

thick and thin, or was it because of something else. The shop assistant and Sun Yuhan stared at each other for a long time. Sun Yuhan narrowed her eyes and was already very unhappy. "You don't know me?" She was a celebrity. Why? was there anyone who didn't know her? The shop assistant was stunned for a long time. Why did this style look like her and Lu Yi just now. Also, she had been sizing up Sun Yuhan for half a day. To be honest, she really didn't know this lady, and she had searched through her memories, but she still couldn't find anything, someone or something that could match Sun Yuhan. So, if she didn't know, she really didn't know. "You really don't know?" Sun Yuhan still couldn't believe that no one could recognize her. The shop assistant still shook her head awkwardly, "I'm sorry, Miss, I really haven't seen you before, and I don't know you." With a slap, Sun Yuhan slammed the table hard, and then accidentally triggered the alarm in the whole shop. Then, the alarm in the shop sounded crazily, the customers in the shop were shocked. At the same time, the alarm went off at Lei Qingyi. In less than five minutes, before anyone could react, the sound of police cars and armed police officers could be heard from outside. Ten minutes later, Lu Yi was holding a chain in his hand. It looked like a lucky grass, smaller than the one before. Of course, it was more expensive. There were also matching earrings, bracelets, and rings, one set was close to five million yuan. However, he didn't care how much money he had. As long as he liked it. That was why rich people could be willful, especially Lu Yi, who had a noble appearance. He was really a rich man. He didn't usually spend money in many places, but if he spent it, he was willing to spend it. As for everything else, it had nothing to do with her. At this moment, he almost isolated himself from everyone. He just stood sideways, which had nothing to do with him. "Tell me, what's Going On?" Lei Qingyi's indifferent gaze swept across all the people in Zaiyang, and finally landed on Sun Yuhan. This stupid woman, if she was not a woman and she was a man, he would have beaten her up so badly that her mother would not be able to recognize her. When the surveillance footage came out, the reason for calling the police was also clear. It was because Sun Yuhan had slapped the table. Yes, it was because of that slap that the alarm in the shop was automatically activated. They deployed dozens of armed police officers and surrounded the entire place. This was no other place. This was a jewelry shop, and it was also the target of the city's key protection. This was also a big tax payer in Hai City. They were all paid by the taxpayers. Therefore, he had deployed so much manpower, spent so much material resources, and spent so much time. In the end, the reason was because Sun Yuhan slapped the table. "Miss Sun, I want to ask, what is the meaning of you slapping the table so hard? Is there anyone who would slap the table so hard in your house?" This was not slapping the table, this was a provocation. This was looking for a fight. "Humph!" Sun Yuhan snorted, obviously not taking it seriously. Of course, she did not put anyone in her eyes. Even though she had deployed so many armed police, they could not beat her Humph. "Tell me, how much do you want?" Sun Yuhan directly took out her wallet and threw it on the table. wasn't it just asking for money? How much did she want? She could clearly say that she could afford it. The blue veins on Lei Qingyi's forehead jumped up with force. He really made up his mind to beat this woman today. What? This was still reasonable. What was wrong with the people of his Sun Family? Could it be that they could be so lawless just because they were surnamed Sun. This was not the ancient times. They lived in a place that talked about law and discipline. The law could not be bought with money, and the law could not be bought with money. This was contempt, contempt for their personality. Lei Qingyi directly picked up Sun Yuhan's wallet and threw it on the ground. "Miss Sun, this matter was not a big deal in the first place. You can say that you did not mean it, or you can say that you were careless. No one will blame you. This world is full of misunderstandings every day. We can also treat these as misunderstandings, and we would rather have such misunderstandings than real criminals. Do you understand?" "If you don't want money, what do

you want?" Sun Yuhan looked at her wallet, which had been thrown on the ground. She felt embarrassed and disdainful. It had been so many years, but she had never been so embarrassed. "Apologize, Miss Sun." Lei Qingyi slammed the table hard, "We need an apology, an apology for our police action today, and an apology for the jewelry store. Do you know how many business deals you have caused a jewelry store to lose today?" "I. . ." Just as Sun Yuhan was about to argue, lei qingyi interrupted her, "Don't tell me that you've come to accompany me with these losses. Yes, your ye family is rich, but can you afford to pay for some things?" "Can you afford to pay for the reputation of this store, the safety of this store, and the fear of all the customers and employees in this store?" "Some things really can not be bought with money. What if it is a timid person who is scared to the point of having a heart attack? What if there is a serious stampede and someone dies? What if the person dies of a higher price than you, Sun Yuhan?" "How do we solve this?" "HM?" Sun Yuhan curled her lips, as if she did not care. "Isn't she fine?" "She's not injured, and she's not dead." Lei Qingyi really wanted to strangle this woman to death. The Ye family was really unlucky to have such a close relative. How could such a mouse ruin the Ye family's wisdom, it was all because of this woman. "Tell me, what's the reason?" Lei Qingyi didn't want to talk to Sun Yuhan anymore. It was a waste of his time to talk to such a brainless person. The female shop assistant looked at her manager and was frightened. She was still sweating after such a long time. "Tell me." Lei Qingyi's voice was a little softer. However, no matter how soft his voice was, he still had a bear-like face. She believed that no woman was not afraid.

Chapter 1225: Who Was She

"Don't worry, this has nothing to do with you," lei qingyi comforted the saleswoman. He just wanted to know how it happened? The saleswoman finally mustered her courage. She looked at Lu Yi and then at Sun Yuhan, who was still arrogant. This was what a novel would say. "Mr. Lu took a fancy to a necklace, and it was snatched away by this young lady." Sun Yuhan rolled her eyes. If she didn't deny it, it meant that she admitted it. "I said that it was Mr. Lu who took a fancy to it, and it needed Mr. Lu's approval. Then this young lady asked if I knew her, and then I said I didn't know her." The Salesgirl was about to cry as she said this. Mr. Lei, I really don't know her. The manager hurried over and asked the salesgirl in a low voice, "You really don't recognize her?" The salesgirl nodded vigorously. She really didn't have any impression of her. In other words, she didn't know her. "Manager, she can't be a customer of our shop, right? Do You Know Her?" The manager looked at Sun Yuhan for a long time and then shook his head honestly, "I don't recognize her either." Lei Qingyi's eyes were twitching at this moment. "You really don't know her?" He pointed at Sun Yuhan. Could it be that because she didn't know her, she had to slam the table and smash the bowls? Who Did Sun Yuhan think she was? Was She Yan Huan? The manager and the female employee looked at each other, then the two of them shook their heads collectively. They didn't know, hadn't seen, and didn't know. "You know Yan Huan, right?" Lei Qingyi asked again. Even Sun Yuhan's livid face didn't look at her. "Of course." When the salesgirl heard Yan Huan's name, her eyes lit up, "I grew up watching her TV series and movies. When I was in high school, I already watched her movies. I'm a fan of her movies. I like her a lot." "I like her too." The manager smiled shyly, "Before she started filming, I had already watched her movies five times. She won glory for us. She was also the only movie in our country that entered the international scene. Moreover, the movies she made all those movies that I didn't like were all rejected. How could every single one of our country's ticket sales be foreign movies?" What she said made Lei Qingyi feel honored. Ling Ling had also participated in the production of this film. Of course, he had not watched it five times. He had brought his entire family with him, there were also family, friends, colleagues, and classmates. He had

even invited his subordinates to watch it. It was no less than ten times. No, it was twenty times. Yan Huan's looks were not much different from those on television. She was the kind of woman who was extremely beautiful without makeup. Moreover, she was easily recognized by others. As for Sun Yuhan, she had heavy makeup on the stage and heavy makeup off the stage. In fact, there was not much difference between them. It should not be that difficult for people to recognize her. "Then..." lei qingyi asked again, "You should be able to recognize Sun Yuhan, right?" Sun Yuhan sat at the side. When she heard her name, she sat up straight and pretended to tidy her long hair. Of course, she was also waiting for others to praise her. "Sun Yuhan?" The salesgirl frowned. "I don't like her, so I don't watch her shoot. If she is as ugly as on TV, I think I can recognize her." The manager also nodded. "It's not good. I don't pay attention to her usually. I probably remember her facial features, but I can't remember them clearly." Lei Qingyi really wanted to run out and laugh at the sky at this moment. This was too funny. However, he was in the middle of a serious matter, so it was really not the time for him to laugh. "What about her? Do you think she looks better than Sun Yuhan?" Lei Qingyi pointed at Sun Yuhan whose face was distorted. The shop assistant glanced at Sun Yuhan and then lowered her head. Was she going to say it or not. She put her hand to her mouth and pretended to cough twice. "The Miss Sun on TV might be a little better looking." This was the truth. Lei Qingyi held her hand tightly to prevent herself from laughing. This meant that the real Sun Yuhan was even uglier. Sun Yuhan slapped the table hard, and only a layer of dust was shaking on her face. Her voice scared the salesgirl so much that she almost drilled into the table. Why did she have to slap the table so often? How could she not? "Let me introduce you," Lei Qingyi pointed at the hot-tempered superstar Sun. "This is the Sun Yuhan you were talking about, Miss Sun." The Salesgirl and the manager were embarrassed. Everyone present was embarrassed. Only Sun Yuhan was still playing with the jewelry in her hand. Just as Sun Yuhan was about to curse out loud, Lu Yi walked over, Lu Yi is actually walked over. "Count this for me, I'll take it," he put the set of jewelry in his hand on the table, and the manager, of course, wanted to focus on the customers, and this set of jewelry was also the most expensive boutique in the shop, of course he can't afford to be negligent. "Mr. Lu, what about the... The Ginkgo Necklace?" The salesgirl asked Lu Yi carefully. She could see that Lu Yi liked the necklace very much. Now that the matter had been blown up, why did he really not want the necklace? "I don't want it." Lu Yi's eyes were always on the table and the jewelry he picked. "My wife doesn't like things that other women have touched." With a slap, another hard slap landed on Sun Yuhan's face. Sun Yuhan took her wallet and turned to leave. Her face was contorted. She didn't even wear sunglasses anymore, and she really didn't believe it, no one in the world could recognize her, Sun Yuhan. She was a celebrity. She was a well-known celebrity. "Director, are we just going to let him go?" The police officer asked Lei Qingyi what they were going to do about the case. "Let him go." Lei Qingyi stood up and leaned her body against the cabinet at the side. She could run away, but she couldn't run away. She could just find someone who was responsible. This matter couldn't be settled so easily, it had caused such a terrible impact, yet she didn't even apologize. Fine, if her granddaughter didn't apologize, her grandfather would still be here. No, it was her grandfather. Lei Qingyi took her phone and called ye Chuji. "Yes, uncle, it's me, I'm Qingyi. I have something to tell you. I'll have to trouble you to tell grandfather ye about this." After ye Chuji heard what Lei Qingyi said, he almost dropped the phone in his hand. The troublemaker was so hateful that he almost ground his teeth. Other than being stupid, what else could he do. He picked up the phone again and directly pulled it back to the ye family. It was impossible for him to go back by himself. No matter what, he could not go back to that family and make himself suffer.

Chapter 1226: He did not care

He was still afraid that one day, he would really be angered to death by that pair of grandfather and grandson. At that time, he would not be able to wait for that stinky brat to return. When that Stinky Brat returned, what he would see would not be his biological father, but the ashes of his biological father. "Let the old man answer the phone." Ye Chuji shouted at the people at home during the live broadcast. "Old Man, it's your call." The nanny picked up the phone and her voice was trembling. Why were all of them so angry? They didn't even call him 'father' anymore, but 'old man' instead, if there were more conflicts, they wouldn't be old men, but old men who wouldn't die. Ye Jianguo walked over. His face was no longer as friendly and wise as before. Instead, there were some things that couldn't be said. It was cold and gloomy, and the flesh at the corners of his eyes grew horizontal, his eyes were full of thorns. Let alone his son, even his old friends did not come to visit him anymore. He did not care. Those people could come or not, but he did not lack them. Ye Jianguo picked up the phone and placed it by his ear. "Dad, Sun Yuhan directly set off the alarm of a jewelry store. The security hall has been mobilized and many special forces have been deployed. It is because others can not recognize her as a star. The influence is very bad now. You think of a way to deal with this. I have been busy recently and have no time to care about these things." "Ye Chuji!" Ye Jianguo's voice was filled with ice beads. However, it was no longer useful to Ye Chuji. Since that woman came back, he had been crushed to death. Now that he was dead, he could do whatever he wanted. "I know." Ye Chuji was too lazy to argue with Ye Jianguo. He was old now and had no energy. "I still have to work to earn money for your granddaughter. She spent 30 million last time. You know that an average family can live a rich life with 30 million. She spent 30 million in a month. Tell me, how much money can she earn? If I don't work hard to earn money for her now, how are you going to support your granddaughter?" Ye Chuji said sarcastically, but he did not give his father any face. Other people did not care about his life or death, so why should he care about other people's lives? was he being too full of himself? He directly hung up the phone. His granddaughter had made a mistake, and he had to deal with it himself. There was no reason for him to follow behind her and clean up her mess every day. What niece? He didn't even want to acknowledge Ye Rong's younger sister anymore. After giving birth to something, the entire family was restless day and night. Could it be that he wanted to destroy the family? Ye Chuji, on the other side, ye Jianguo yelled at the phone again. It also gave the nanny a big scare and she quickly walked as far away as possible. Ye Jianguo was so angry that his entire face was livid. If this was in the past, Ye Chuji would still dare to speak to his father like this. He was not afraid of angering his father to death. But now, he dared to speak ill of ye Jianguo every day. Because he knew that ye Jianguo could not be angered to death now. For the sake of his granddaughter that he had finally found, even if he had to crawl, he would still climb out of the coffin. How could he bear to die. He knew better than anyone else that if one day, his legs kicked off and he was gone, then Sun Yuhan might be behind him after he left. Not to mention Lu Yi, even ye chuji, his biological uncle, could have chased Sun Yu out personally. When that time came, he would be left to fend for himself. Perhaps it would be worse than this. Perhaps, death would be a better outcome than that. Therefore, he could not die. He could not extend his legs, and he could not be angered to death. Otherwise, these people would devour his granddaughter alive. He did not understand why ye Chuji, his own uncle, could not tolerate his own sister's child. That was not someone else's child, but his sister's biological daughter. His sister had been gone for so many years, it was not easy to find his daughter. Why was his heart not so ruthless and heartless. He straightened his back and asked the chauffeur to bring him to the Lei family. Fine, if ye Chuji did not solve it, he would do it himself. When he reached the Lei family, he was already 1.75 meters tall. Little Lei Zi, a primary school student, reluctantly called him great-grandfather before running into his room to play. It had been a long time since ye Jianguo had

seen lei zi in person. He only remembered that when Lei Zi was young, he would often come to his house. During the New Year, he would also receive a lot of red packets, in the past, he had a life-and-death relationship with the deceased old master lei. The two of them had fought together and came from a hail of bullets. Back then, Ye Shuyun and her sister were adopted by the two of them at the same time, even though Old Lei had died early, the relationship between the two families had always been good. During the festive season, Lei Qingyi's family would go over to his place to pay their new year greetings. Therefore, he only met the little lei zi who was still young back then. He almost did not recognize the little lei zi who had grown so tall all of a sudden. If it was not for the fact that he looked like a member of the Lei family, he might not have been able to recognize him. This person was actually little lei zi who had the height of an adult, he was only eight years old now. He might only be in the third year of the second primary school, but he was already so tall. If he continued to grow, could it be that he was going to surpass Lei Qingyi. However, since when did the two families stop moving around? It seemed that it was from the year that Sun Yuhan returned. At first, they were still scattered, but after that, they were almost no longer in contact. Now, ye Jianguo couldn't feel that he was already deserted by everyone. Now, besides Sun Yuhan, who else was willing to be close to him. "Uncle Ye, you're here." Mama Lei hurriedly greeted ye Jianguo, but she was very puzzled. She didn't know why he came this time. Could it be that he was going to do something again? And now, she was afraid., xiao Guang was still at her house. Xiao Guang's eyes couldn't see. What if he bullied a child? How could an adult bully an insensible child? Moreover, he was someone who had lived to such an age. But Ye Jianguo did it. He did it, and almost everyone was frightened. That Was... .. He actually kicked xunxun. He kicked xunxun, who was only two years old at the time. That wasn't anyone else but ye Shuyun's granddaughter. Even if she wasn't his biological daughter, Ye Shuyun still had to call him father. That was Lu Yi's daughter and also his great-granddaughter. Xunxun was the only girl in their family these few days. From the moment she was born, she had been doted on by several families. It wasn't like he didn't know how much they doted on her when she was young. How could she be able to hit the child and kick the child.

Chapter 1227: was up to you

Hence, from then on, she did not dare to bring little lei zi to the Ye family. It was only for a few years before she stopped going. After a few years, the two families would be strangers. There was nothing she could do. She did not want their relationship to end up like this. However, Yi Ling and Yan Huan were raised by the same mother. Yan Huan was equivalent to Yi Ling's biological sister. Ye Jianguo bullied people like this. Even if they were willing to forgive him, they were willing to turn a blind eye to it. They were willing to swallow their anger. Even if it was blood, they would swallow it. However, Yi Ling would not. She hated Sun Yuhan and ye Jianguo. If Lei Qingyi dared to go, she might divorce him for the sake of Yan Huan. With Lei Qingyi's big and stupid looks, which woman would be willing to marry him, it was not easy for her to marry a wife. If she really got divorced, she would have to be a bachelor for the rest of her life. Therefore, Lei Qingyi was completely obedient to her leader. If she said no, she would not go. If he did not go, little lei zi could forget about going. Little Lei Zi's IQ was not bad. He also knew that Grandpa ye had kicked Xunmei to the ground, if he dared to let him go, he would cry with all his might, and it would be a heart-wrenching cry. But when he thought about it, a nearly 1.75 meters tall adult with a child's small face and a child's tender voice., he would sit there and cry while kicking his legs, and his father would beat his butt. That scene, no matter how one looked at it, gave one goosebumps. Therefore, whether it was Yi Ling, Lei Qingyi, or little lei zi, they all didn't have any good expressions toward ye Jianguo. If he wasn't old and an elder., yi Ling would have long gone up to scratch his face.

Lei and Lei were also embarrassed. "Uncle Ye, What's the matter?" When they asked this question, they were scared out of their wits. Their hearts were beating like drums. "I'm here to look for Qingyi." Ye Jianguo's expression had always been extremely ugly. If it was not for his granddaughter, he would have long flung his sleeves and left. However, Ye Chuji did not appear in this matter now, only this old man, Ye Jianguo, had given up his old face to appear. No matter how embarrassing it was, this matter had to be resolved. Otherwise, if word got out, even if he had the ability to cover the sky.., sun Yuhan's reputation was also ruined. She had already been divorced once, and her reputation could not be ruined now. He still wanted to arrange for this granddaughter while he was alive so that he could rest assured if he left in the future. Otherwise, who knew how many people would swallow Sun Yuhan alive. Even his only son couldn't be relied on. Who else could he rely on. Lei's mother hurriedly gave Lei's father a look. Only then did Lei's father react. "Uncle Ye, Wait a moment. I'll call Qingyi back immediately. He's still at work." When Lei's father heard that ye Jianguo was looking for his son, his heart immediately sank. Could it be that he wanted to find trouble with his family's Qingyi? Or was it that he wanted their Qingyi to work for Sun Yuhan. In any case, it was impossible. No matter what he said, their Qingyi could not go. If it was anything else, it would be fine. They would help, but if it was about Sun Yuhan, then they could not agree, they definitely could not agree. "Okay, I got it. I'll be back soon." Lei Qingyi put down the phone and tidied up his desk. He took his things and walked out. When he came out, he took out his phone and called Lu Yi. Lu Yi was helping Yan Huan wipe her hands. He placed the set of jewelry he bought there. He planned to help her buy a set for every holiday in the future. When she woke up, she would be very happy to see it. Lu Yi put down the towel and pressed the speakerphone. He wrung the towel dry and continued to wipe Yan Huan's fingers. Her fingers were very beautiful. It was unlikely that she would freeze her hands this year, in fact, she did not freeze her hands last year. As long as she was properly protected, she would not freeze again after a few years. "Lu Yi, your grandfather went to my house." Lei Qingzhi's somewhat irritable voice came through the phone. "Tell me, why did your grandfather go to my house?" Lu Yi carefully pulled Yan Huan's other hand and placed it on his knee. "About calling the police." Lu Yi raised his eyelids. There was only one reason. "Your uncle doesn't Care?" Lei Qingyi thought it was true. This was the only thing that could make ye Jianguo come. However, wasn't this always done by Ye Chuji. "Uncle Won't care about these things in the future." Lu Yi held the phone further away so that it wouldn't be a hindrance. As long as he could hear it in his ears, it would be fine "Then what do you think I should do?" Lei Qingyi discussed with Lu Yi. He wanted to capture that stupid woman, Sun Yuhan, and lock her up for a few days so that he could tire her out. However, according to ye Jianguo's character.., if he wanted to lock her up, he might as well lock her up. In any case, it was absolutely impossible to lock up his granddaughter. "You'll see for yourself." Lu Yi pressed the button to hang up, then wiped Yan Huan's fingers seriously. "I knew you would find it noisy. Look, it's not noisy anymore, right?" He smiled, then leaned over and kissed her forehead. I'm going to pour the water out, and then I'll come back and read to you, okay? Yan Huan couldn't respond to him, and he took it as a response from her. Lei Qingyi, who was driving, shook her phone and threw it to the side. "Let me see what I can do. How can I see what I can do? That's your grandfather, not my grandfather. But who has a grandfather like that? He's really unlucky." "That's why I say, Lu Yi, you're really unlucky," he said on his own. He realized that he was starting to get crazy. People could never be perfect. Lu Yi was born rich and had an extraordinary IQ, he had never suffered any setbacks since he was young. The fame of a genius had always accompanied his growth. He was the pride of the Lu family. He was the youngest and most promising prosecutor in Hai City, he had handled many big cases that people could not imagine. He had also married Yan Huan, the fifth most beautiful woman in Asia. He

was also a money-making machine. He also had three children. He was definitely a winner in life. "You say you're so good, and you're so happy. It really makes people jealous. So you see, even the heavens are jealous, giving birth to so many things for you." He had been driving all the way and had been mumbling all the way. What else could he do but mumble? could he have been thinking about what he would say to Ye Jianguo later? To be honest, he really didn't want to see ye Jianguo.

Chapter 1228: fell again

Ye Chuji didn't even want to see his father, so how could he see him? And even if he did, he still had to give him a smile. It would be weird if he could smile. He couldn't smile, but he really couldn't smile. He walked in. Just as he reached the door, Mama Lei came over and pointed to the living room, "You have a long face. You have to be careful. Don't say the wrong things. No matter what, you are still an elder. You Can't hit an Elder." "Mom, don't worry. I know what to do." Lei Qingyi was a man in his thirties. He knew what he could do, what he couldn't do, what he could say, and what he couldn't say. "Mom, Where's Xiao Guang?" Lei Qingyi asked Mama Lei in a low voice. Today, Mama Lei had carried Xiao Guang over. They missed Xiao Guang. Right now, their hearts ached for this child, so they wanted to dote on him even more. "Xiao Lei is playing with him. I'll go over to take a look later." Mama Lei was also anxious. Originally, she was playing with the two little ones. Now that ye Jianguo had come, she could only hand Xiao Guang over to Xiao Lei to take care of, however, little lei might be taller than his mother, but he was also taller than her grandmother. However, he was only a child himself. He was also childish. If she really wanted to shout again, so what if he was tall? Her little lei was not even ten years old. Lei Qingyi changed into her shoes and walked in. "Hello, Grandpa Ye." He nodded to ye Jianguo and then stood to the side. He did not sit down. He could call ye Chuji uncle, but ye Jianguo as his grandfather was not needed. He did not even acknowledge Lu Yi, who was he, Lei Qingyi? "I Wonder Why Grandpa Ye Is Here?" He was still smiling, but it was obvious that his skin was smiling. The muscles hidden under his skin had not moved, so this was a typical fake smile. "Sit down." Ye Jianguo glanced at the person standing beside him. He was too tall to see his face. Lei Qingyi also sat down, but of course, she was still smiling. "Yuhan accidentally touched the alarm. What do you plan to do about this?" Ye Jianguo really hit the nail on the head. He did not say any more nonsense and went straight to the point. Alright, Lei Qingyi didn't want to pretend to be polite with him here. They were all sensible people, so they opened the skylight and explained. "Grandpa Ye, this is not a big deal in the first place." He didn't exaggerate, and of course, he didn't suppress the whole thing, "As long as Miss Sun apologizes to the jewelry store and then says sorry, then it's fine. Don't throw money at me again. I'm not short of money." After Lei Qingyi said that, she put on a smile and said nothing else. Meanwhile, ye Jianguo's face was burning. Yes, it was that simple. Just apologize and don't throw money at people. Sun Yuhan must have thrown money at other people many times. However, this time, she didn't throw money at other people, but at Lei Qingyi. No wonder., lei Qingyi refused to let go. Did the Lei family lack money? The Lei family was not the Lu family. They owed the ye family money. To put it bluntly, what was the relationship between the Lei family and the Ye Family? It was equal and mutually beneficial. Back then, when the Ye family's airport was about to be snatched away by the Su family, if the Lei family did not lend a helping hand., the Ye family could still hold on for so long. They could still wait for Yan Huan to help them get through that difficult situation. Of course, there was no need to talk about this. This bridge had already been torn down long ago. What was the point of talking about it? Even so, Lei Qingyi was still smiling. "Grandfather ye just needs Miss Sun to apologize. It's just a misunderstanding. However, Miss Sun's behavior back then had a very bad influence. I'll have to trouble grandfather Ye to persuade her properly. Don't be fine

and always ask if you know her or not.” How could everyone in this world know her? No matter how many scenes they filmed, there were still people who didn’t watch TV. Just like me, I don’t know those celebrities or anything like that. Ye Jianguo couldn’t help but bite his teeth. He didn’t say anything and couldn’t say anything. At this time, a door opened. Then, a child walked out shakily. He stretched out his small hand and touched something from time to time, as if he couldn’t see anything. “Xiao Guang!” Lei Qingyi hurriedly stood up and stepped forward as well. However, he was still one step too late. He saw the child’s small feet kick into a chair at the side and crash onto the ground with a bang, his small head slammed into the ground. “Xiao Guang...” mother lei ran out of the kitchen and was shocked when she saw Xiao Guang fall to the ground. She quickly helped Xiao Guang up and saw that Xiao Guang’s eyes were red and his forehead was swollen. Ever since he couldn’t see, his little head had been knocked flat. One day he hit the cabinet, the next day he hit the table., the day after that, he would hit the floor. “Grandma, Xiao Guang is fine.” Xiao Guang rubbed his eyes and smiled. That pitiful look and a pair of eyes without any light made Mama Lei’s heart break. She couldn’t help but cry as she hugged Xiao Guang. “Grandma, Don’t Cry.” Xiao Guang touched mother Lei’s face and wiped her tears with his small hands, “Xiao Guang doesn’t hurt. Xiao Guang often falls. According to Ba Ba, he will grow up after falling. Xiao Guang needs to grow up quickly so that he can protect mommy with Ba Ba.” Mother Lei cried even harder. At this moment, a hand reached out and hugged Xiaoguang into his arms. “Uncle Lei.” Xiaoguang rubbed his eyes again and buried his little head in Lei Qingyi’s arms. Although he couldn’t see it, he could smell that everyone’s body smelled different, also, Lei Qingguang’s hands were the biggest. So he knew it was uncle Lei’s. “My Xiao Guang is so smart. He knows it’s uncle?” Lei qingyi rubbed Xiao Guang’s little head. It was so small. How could it be so heartbreaking? Sigh, poor child. “Does the fall hurt?” He didn’t dare to touch Xiao Guang’s little forehead. Later, he brought Xiao Guang to he Yibin’s place to have a look. It was already like this. Just now, it was still heavily knocked on the ground. How painful was that? Also., it was good that he did not fall on his head. There were still blood clots in this small head. “It doesn’t hurt.” Light sucked on his small nose. He was a brave young man. “Oh Right, why did you run out? Where is your brother Lei?” Lei Qingyi thought of her unreliable son. Now, she really wanted to pull him and give him a beating. She had already told him to take good care of his younger brother. How could light come out alone? Light was small, and his eyes could not see, was she intentionally causing him to fall? “Brother Lei Lei is sleeping,” Xiao Guang said in a childish voice. Her small voice caused one’s heart to Clench,

Chapter 1229: shifting positions

“Uncle, Xiao Guang needs to Pee.” He tugged at Lei Qingyi’s clothes, almost unable to hold it in any longer. “Alright, Uncle will bring you to Pee.” Lei Qingyi hurriedly brought Xiao Guang to the washroom. Of course, in a moment, little lei’s skin would tighten. He had grown so big, how could he be so useless? He couldn’t even take care of a child., if he didn’t get his butt swollen today, his name wouldn’t be Lei Qingyi. If his aunt saw Xiao Guang smash his head again, how much pain would her heart feel. Mama Lei wiped her tears, her heart couldn’t help but feel sad. “I don’t know who did it. Yan Huan and Xiao Guang are in this state. It’s also because of Xiao Guang’s eyes that he’s blind,” Mama Lei said to Papa Lei. Her voice was practically gnashing her teeth, filled with hatred. “This kind of person will definitely have retribution.” She clenched her hands tightly. She was so angry that she wanted to drink that person’s blood and eat that person’s flesh. Papa Lei Patted Mama Lei’s shoulder, “Yes, how can that kind of person not have retribution? He has done too many bad things and done too much. One day, there will be retribution. Even if he doesn’t get retribution, he will get retribution for his children. This kind of bad

thing will not have a good ending. Even if he dies, he will go to Hell.” Ye Jianguo stood up. He knew that he had nothing to do with this. The Lei family must have forgotten that he was still here? “That kind of person should go to Hell.” Mama Lei said again. “If he has a granddaughter, his granddaughter will become a vegetable.” “If he has a great-grandson, his great-grandson will become blind, and his daughter will be crushed into ashes. He will not be reincarnated.” Ye Jianguo paused for a moment and continued walking forward. Mama Lei still wanted to scold him, but Papa Lei quickly covered her mouth, “Don’t worry about other people’s grandchildren now. First, worry about your grandson’s butt. If his father doesn’t beat you up this time, his father won’t give up.” Mama Lei’s scalp also went numb. She knew that Lei’s father wasn’t trying to scare her. Lei Qingyi was going to take Xiao Guang to the hospital for a check-up later to see if he had really hit his head. That was why the one who hadn’t had a chance to enjoy himself yet was the little lei who was sleeping like a log. But when he came back, the Little Lei’s Butts would definitely be beaten to a pulp. Lei Qingyi beat her son. But no matter how tall his son was, no matter how tall he was, he was still her son. No matter how tall his son was, as long as he made a mistake, he had to remember it. If he didn’t beat him, he wouldn’t remember it. Only by beating him would he be able to remember things. However, Little Lei was really still young. He was still a child. “I think I should send little lei to his sister’s Place?” Papa Lei suggested. In order to prevent his grandson’s butt from being beaten to a pulp by his father, he hurriedly transferred his grandson to Lei Qingyi’s aunt’s place. No matter how angry Lei Qingyi was., it was impossible for him to run to his aunt’s place to beat his son again. He would hide for a period of time as long as he could. When Lei Qingyi’s anger subsided in a few days, he would forget about this matter and talk about it again. “I think that’s all we can do.” Mama Lei sighed. Otherwise, what else could he do? He couldn’t really let his grandson get beaten up. “Dad, Mom, I’ll take Xiao Guang out to the hospital.” Lei Qingyi had already taken out a piece of his own clothes and wrapped Xiao Guang up. His clothes were so big that it wouldn’t be a problem for him to wrap up two Xiao Guang’s. Xiao Guang could play and sleep in them. As if he was carrying a bundle, he directly carried Xiao Guang out with one hand. It was good that he was tall. He had big arms and big hands, so he could carry a child with one hand. But no matter how long his arms and legs were, it was impossible for him to carry his little lei zi. A child that was not even ten years old. To be honest, little lei zi was only five years older than Xiao Qi and Xiao Guang. He was still a primary school student, but he had grown to such a height, other children’s parents could still carry them, but his family’s children had grown to such a state. When Lei Qingyi was in primary school, she was still as young as a mouse. At that time, both Lei and Lei were afraid that she wouldn’t grow any longer. In the future, she would be so skinny and small, but what could they do, perhaps they wouldn’t even be able to give birth to a child. In the end, they didn’t expect that she would start growing after middle school. This made them both sigh in relief. It was good that she could grow. As long as she didn’t become a dwarf in the future, she would be able to marry a wife, in the end, she grew a little too much. When she was in high school, she grew 1.9 meters. After graduating from university, she grew to 1.95 meters. When she wasn’t growing, she was worried sick about lei. She was also worried sick about lei. Her son was originally ugly. In the end, his figure was uncertain. In the future, he definitely wouldn’t be able to get a wife. Looking at Lu Yi, he was good-looking. He was neither tall nor short, but his character wasn’t good, now, the two children didn’t have a wife. It wasn’t easy for someone to fall in love with Lei Qingyi. Lei Qingyi also miraculously married a wife. In less than a year, she gave birth to the Lei family’s Little Leizi. At that time, Lei’s mother was so happy that she wanted to tear her mouth open. In the end, Little Lei, who was still a primary school student, grew to 1.75 meters. He was even scarier than his father. What was going on? Yesterday, Little Lei was still being pampered by the entire family in his arms. In the end,

within a few days, he had grown to become a big boy. However, he was only tall and his voice was still that of a child, his thoughts were also that of a child. One should not think too highly of him, but he loved to cry. He would even sit on the bed and pat his legs to cry. This scene was too intense for them to imagine. Mama Lei hurriedly walked into Little Lei Zi's room and saw that little lei zi was lying on the bed and sleeping. He was also hugging a little silly bear in his arms. His shoes were also scattered all over the place. He looked like a big boy. However, this face was clearly a child's small face. It was meaty. Mama Lei could not help but poke it. This heart was filled with love and love. No matter how tall he was, he was still her little grandson, no matter how tall he was, he was still her little lei zi. Little lei zi rubbed his eyes and sat up as well. "Grandma..." he pouted and continued to sleep with Mama Lei in his arms. His saliva was flowing towards his grandma. "Little Lei Zi..." Mama Lei gently patted his grandson's head. "En..." little lei zi was still very sleepy. He rubbed his eyes and fell asleep again "Grandma will send you to your great-aunt's place later, okay?" "No, Little Thunder refuses. I Won't go." "Little Thunder is at home taking care of his little brother." Mama Thunder Sighed in her heart "Sigh, Little Thunder, you're still taking care of your little brother. This sleep of yours has caused Little Light's little brother to fall. When your father comes back, he will beat your ass up. In the past, when you were still young, Grandma could protect you and stuff you into the wardrobe. But now that you've grown so big, where do you think Grandma Can Hide You? She can only hide you at your great-aunt's place."

Chapter 1230: didn't have time to explain

"Don't talk about your father. When your mother comes back and finds out that you didn't take good care of your younger brother and threw him down, she will also beat you up." "It's just that with your big stature, Grandma is afraid that if people find out about this in the future, they will beat you up." "Grandma, I'm Still Young, I'm still young. As soon as Little Leizi heard that his parents were going to beat up his butt, he quickly covered his butt with one hand and hid in Grandma's arms just like when he was young. When he was young, whenever his father beat him up, he would use this move. Grandma would definitely protect him well and would definitely not let his ass get beaten up. It was just that little lei zi pounced on him., in the end, his unprepared grandma fell to the ground. "Aiya..." Mama Lei immediately cried out in surprise, and a sharp pain came from her arm. When little lei zi saw that his grandmother had fallen, he was so frightened that he began to cry. Outside, Papa Lei was also frightened when he heard this. When he hurriedly came in, he saw Mama Lei sitting on the ground, drenched in cold sweat. Meanwhile, Little Lei Zi, who was as tall as an adult, wiped his nose and tears away. They all knew that little lei zi was just a child. However, the scene in front of them was really too cruel. How could it be that he was crying like a retard. That was why the Lei family couldn't stand it. Everyone knew, knew, and understood, but what they knew and saw was completely different. As long as little lei dared to cry like that. The whole family really wanted to beat him up. This was a retard, like a fool, like a fool. "What's Wrong?" Papa Lei hurriedly wanted to help Mama Lei up. Why was she sweating so much. "My arm hurts." Mama Lei couldn't stand the pain either. Little Lei Zi was still sitting on the ground and crying with his bare feet. He was crying with Snot and tears all over his face. Mama Lei doted on her, and her heart ached for her grandson. She felt that her arm was most likely broken, because she had already heard the cracking sound. When she was pounced on by little lei zi, she had used her arm to support her body, so her arm might really be broken now. "Send little lei zi to his great-aunt's place. This beating is definitely going to happen." Mama Lei said to Papa Lei. No matter what, this beating was definitely less. It might not only hit his butt, but also his flesh. But how could she bear to let her grandson get beaten up. This had nothing to do with him. He was still so young, but he had grown into a

big man. "Okay." Father Lei hurriedly called his sister to come over. They didn't dare to leave now. Little Lei was still at home, so they couldn't leave him crying alone. Not long after, Aunt Lei and Uncle Lei rushed over. When they saw little lei crying like this, they didn't know what to say. "I'll bring him to my place first so that Qingyi won't come back and beat him to death." Mama Lei caressed Little Lei's little face. "Little Lei, don't worry. Grandma will come over to pick you up in a few days." Little Lei turned around and left. Of course, he really didn't know anything. He also didn't know that he had just fallen asleep and caused a bump on Little Guang's head. He also didn't think that he would just pounce.., he broke Grandma's Arm with his pounce. Papa Lei then helped Ye Shuyun to the hospital. Meanwhile, in the hospital, Little Guang had finished his check-up and was now being carried by his grandfather. "Are you okay?" Lu Jin asked he yibin. His heart ached for his grandson the most. Every time he saw his grandson's injury, it was either here or there. As his grandfather, his heart ached. "Don't worry, it's fine." He Yibin rubbed Xiao Guang's little head. "It's just a bump. It'll be fine once the swelling goes down. However, you should be more careful in the future. Don't bump him again. He's still too young." "I got it." Lu Jin picked up his little grandson. "Uncle, I'm sorry." Lei Qingyi really felt very sorry. It was all his fault. He didn't look after Xiao Guang well and dropped Xiao Guang. "It's none of your business." Lu Jin carefully patted his grandson's head. "Xiao Guang's eyes are like this now. He falls everywhere. He falls the most at home." He lowered his head, looking at his grandson's face that resembled his son's, it really made his heart ache. However, no matter how much his heart ached, he couldn't let Xiao Guang's eyes see anything. Xiao Guang had to get used to it. He also had to live a life where his students did not have eyes. He had to fall and grow up as soon as it hurt. This was because his Xiao Guang was destined to fall all his life. Although Lu Jin did not blame Lei Qingyi, Lei Qingyi felt very guilty in her heart. It was all because of that fellow, little lei zi. When he went home, his butt would definitely swell up At this moment, he Yibin's phone rang. He quickly took his phone to his ear. "What did you say?" He couldn't believe his ears. Or did he not hear clearly? "Say it again. Who Is It?" "Okay, I got it." He Yibin put the phone in his pocket and patted Lei Qingyi's shoulder. "Qingyi, come out with me first. Something happened to your mother." Lei Qingyi was stunned and couldn't react for a long time "What did you say?" "What happened to My Mother?" "Something happened to your mother." He Yibin said it again and quickly walked out. Lei Qingyi suddenly looked up and two lines of tears fell down. "Mom, Mom..." He was rolling and crawling as he ran forward. He Yibin pointed at Lei Qingyi who looked like a crazy person. "Uncle Lu, what's wrong with him? Is he crazy? His mom is just a broken bone. Why is he crying like he's in a funeral?" "He's like that. It's not like you don't know that. He's a person who doesn't beat around the bush. Why Don't you explain it clearly?" Lu Jin pressed his grandson's small face into his arms and carried his grandson over to take a look, seeing how slow he yibin was, he knew that Mama Lei would be fine. Only Lei Qingyi was as honest as he was when he was young. "I haven't had the time to say it yet." He Yibin put his stethoscope on his neck and walked faster. When he arrived, he heard Papa Lei Scolding Lei Qingyi. "Why are you crying? Your mother isn't dead yet. Look at how you're crying. You're a good-for-nothing. You even scold Little Lei every day. Look at how good-for-nothing you are. You're already in your thirties, but you're still crying like a fool." "I didn't think..." Lei Qingyi wiped away his tears. With a glare, he saw he yibin walk in and grab he Yibin's clothes. "Do you think you did it on Purpose?"
