

Sweet Wife 1321

Chapter 1321: sincerity

She turned around and returned to her room. She continued to flip through the script page by page.

After flipping through it for a while, she felt that it was a little tiring.

She took out her phone from her pocket and opened the chat app. Yes, he was there. She actually began to believe that no matter when she went online, he would always be there.

“Are You There?”

She typed out these two words out of habit.

Very soon, a message came back.

“Yes.”

It was his style.

It was short, and there was almost no trace of mud or water.

Yan Huan leaned on the table and propped up her face. She looked at the simple profile picture and sighed softly. In the end, she did not say anything.

She had chosen the path herself, so she had to climb down even if she had to crawl.

She placed her phone on the table and took the script. The script was only in her hands for a few days. It was not easy to deal with the characters in the script in these few days.

“I’m going to sleep. Goodnight.” She placed her phone in front of her eyes and looked at her message. She was also waiting for the reply from the other party.

“Good night.”

Yan Huan placed her phone by her ear.

Then, she pulled up the blanket and fell asleep. Her jet lag had almost been adjusted, so she could finally sleep well at night. When she had time, she would chat with Lu Yi. The messages that she sent out.., the person over there basically replied in seconds. And no matter how late her messages were, he would always be there. Every night, he would say a few words, just a few words. It was as if someone cared about her, and she was already very satisfied with that.

Actually, she had never thought that one day she would be able to get along with Lu Yi so well.

In her heart, Lu Yi was the most difficult person to get close to in the Lu family, and he was also the person she was most afraid of. But now, she realized that he was not afraid of him at all. He could even joke around with him, and sometimes his jokes were big, and he did not seem to be angry.

However, it was also possible that he did not know who it was. Otherwise, if he knew that she was Yan Huan, he might not even be willing to chat with her. And she had always believed that Lu Yi hated her..,

even if she was willing to give her a bowl of noodles, it was actually possible that it was because he felt pity for her.

She actually wanted to know if Lu Yi would still pay attention to her in the future if he knew that she was Yan Huan.

She took her phone and took a few photos of herself. Then, she turned them into her profile picture. This might be Yan Huan, right?

After she changed her profile picture, she closed her eyes and took her phone again.

“If one day, you find out that I’m a very stupid person and that I’m not that good, will you hate me?”

The news from the other side was indeed instant.

“No, I’ll sleep...”

Yan Huan then put down her phone happily. She then took a few more pictures of herself with her phone. It was clearly hers every time, but no matter how hard he tried, he couldn’t recognize it.

She then recalled what others had said about Lu Yi’s face blindness. Lu Yi couldn’t remember the faces of women, especially those he didn’t like, so he shouldn’t be able to recognize them. That’s right, face blindness.., if he did not have face blindness, why would he have found master extinction like Zhu Zhu to be his girlfriend? were all the women in the world dead? Anyone he randomly picked out would be prettier than Fang Zhu. They were all more like women than Fang Zhu.

Take her for example. She had such a beautiful face and a good figure.

She instantly felt a little unconvinced. She took off her top and patted her side. She placed one of her hands on her shoulder, revealing half of her shoulder and one side of her collarbone, there was also the butterfly bone at the back. Under the hazy clothes, one could vaguely see her curves. Her chest was big, her waist was thin, and her collarbone was very beautiful. Of course, there was also the butterfly bone at the back, even she herself was intoxicated by such a perfect figure, let alone others.

She turned this photo into her profile picture. It was enough to instantly kill the flat-chested Fang Zhumiao.

Yes, so what if she was an actress? No matter how much an actress she was, she was still better than a master extinction. With such flat breasts, she would not be able to feed the baby even if she gave birth to a baby in the future.

After she had done all this, it was as if she had taken revenge. She pulled the lamp and went to sleep. Of course, she also slept very well. As long as she did not dream of that unfamiliar voice, which she did not know, it was an extremely familiar voice, it was calling her name.

With a snap, she turned off the light. However, it was not as if she did not know that she was in another city at this moment. It was the cool breeze of Hai City. There was a faint trace of moisture mixed with it.

The air in Hai City during the rainy season was just like this. It was humid but also comfortable.

Lu Yi clicked on the photo. He sighed softly and shook his head. He saw that the woman in the photo had changed her profile picture again. This time, she had really become even more fierce.

What was going on? She had changed her profile picture several times in a row. Did she remind him that she was Yan Huan, or did she think that he really could not recognize her.

He turned off the computer and lay down.

He really felt that he had gone crazy. He could even chat with her about these unnutritious issues.

“Be smarter. Don’t be fooled.” He sighed again, turned over, and continued to lie down. However, his eyes had been staring at the top of the computer screen the whole time. No one knew., the light in his eyes seemed to be much softer than usual.

With a bang, he turned off the lights. Not long after, he fell asleep as well.

It was not until there was a ding sound from the computer that he opened his eyes. He half-lay down and took his computer over. He set the computer to automatically alert him as soon as there was any news from the other side, hence, he would usually be the first to see what the other side was saying.

“I have to work today. Wish Me Luck.”

He stretched out his hand and placed his finger on the keyboard. He quickly tapped a few times and typed out the word ‘luck’.

“You’re so insincere?”

The person on the other side still refused to comply.

Lu Yi sat up and pressed his finger on the keyboard. “What do you want?”

Yan Huan bit her finger and shook it. She suddenly couldn’t smile anymore. She actually wanted to make some excessive demands, but she suddenly realized that she missed something very much. She didn’t want to lose it., she was also afraid that she would lose it.

She clenched her fingers and placed them on her phone. Then, she pressed it gently. She didn’t press it too quickly because she wasn’t very good at it. Even her speed was because she had been chatting with him for the past few days, that was why she learned it.

“You have to chat with me for the rest of your life.”

Lu Yi looked at the words on the computer. The corners of his lips seemed to be a little helpless. Maybe it wasn’t indulgence.

“Okay.”

He pressed enter.

Chapter 1322: she was back

Yan Huan hugged his phone and kissed it. However, she realized that there was nothing to be happy about. What was the point of chatting for the rest of her life? In the future, if the other party had a family and children, it would be impossible for them to chat with her for the rest of their lives.

Dreams could be plentiful, but reality was always too harsh.

She bit her red lips hard, almost biting herself in pain. This pain made her somewhat rational, but it also made her more greedy.

She put the phone on her forehead and smashed it hard.

It hurt and woke her up, but she still wanted to say it.

She put the phone on her lap and typed a line of words carefully.

“You can’t have a girlfriend, you can’t get married, you have to stay with me...”

She pressed send, then waited, waiting for the reply from the other side. What if he refused? What if he didn’t want to? Actually, it was normal that he didn’t want to refuse. Maybe he would refuse., or maybe he would make a joke and give her a perfunctory reply. After all, this was the internet, but she still wanted to hear this, even if it was a lie.

Lu Yi looked at the paragraph above the computer in a daze. He seemed to be thinking about something. His finger pressed on it, but he never pressed it down.

He first typed the word ‘sorry’. This was a rejection

However, in the end, he raised his finger, pressed delete, and then typed the word ‘good’.

Then, he entered the car and sent it.

Yan Huan bit her red lips again. She smiled, but tears rolled down the corners of her eyes. Why didn’t she wake up earlier? Why didn’t she see the character of some people earlier. She didn’t know if it was too late, and she didn’t know if she had enough time.

She wanted to know more. When she wasn’t willing to be someone’s stepping stone, would that person still be willing to love her as if her life was his. Was there really someone who loved her as if her life was his?

She didn’t believe what Lu Qin said.

If she was really in danger, she really didn’t believe that Lu Qin would use his own life in exchange for hers.

If there really was a day when a man loved her more than his own life, then she also loved him as much as her life.

She put her phone away and walked out in large strides. Today was her first day of filming. She was Yan Huan. Although she was outdated, and although she hadn’t had a good work in more than two years, she wouldn’t lose to anyone, she would play every role well, no matter if it was a good person or a bad person.

She walked into the dressing room and was surprised to see someone she knew.

It was someone she was very familiar with.

It was her makeup artist Yueran from before. Coincidentally, he was here as well.

Yueran was not too surprised to see her. He placed the dressing box on the table and compared her face.

“You’re finally back.”

“HM?” Yan Huan blinked. “What do you mean, you’re back?”

“Your people are back, and your heart is back.” Yueran took out some foundation and started to apply foundation for Yan Huan, “Look at what you’ve been doing for the past two years. Also, look at that makeup of yours. Who Put It on you? It’s so ugly that it’s unbearable to look at. Also, your acting skills have completely lost your usual standards.”

“You’re so good now. I like your eyes the most. You’re as confident as before. You’re fearless. No matter what’s in front of you, you’ll continue walking. Even if you fall, you’ll still get up with a smile and continue walking.”

“The energetic Yan Huan is still more beautiful. Your Face belongs to everyone, not to any man. Yueran pulled Yan Huan’s face to the front and let her look at herself in the mirror. Do you see? Such beauty is simply the work of God. A man who truly loves you will not allow you to hide your beauty and slowly wither away from the family matters. Instead, he will allow you to become even more beautiful. The place where you want to bloom is the stage. It is the flesh and blood characters that you have created with your heart.”

Yan Huan smiled, but there was something indescribable in her eyes. It was something that had belonged to best actress Yan in the past, something that belonged to her life, something that belonged to her stage, and something that belonged to her life.

Yes, she had returned. She had really returned.

Yueran was right. When Yan Huan was the most beautiful, it was when she had perfectly portrayed every single character. It was the kind of acting that was truly good, acting to the point where there was flesh and blood, acting to the point where it gave birth to a soul., it was so beautiful that people liked it. It was also so beautiful that it made people feel happy. It was also so painful that it made people cry.

This was the character that Yan Huan created. This time, she could finally see it again.

As for this television show, her makeup was very light at the beginning. She was a young girl of eighteen or nineteen years old. When she smiled, she had the simple beauty of that era. She had two big braids, but it did not make people feel that she was rustic, they only felt that the spiritual aura was very strong. Of course, she was also very beautiful.

When Yan Huan came out, everyone on the set was really stunned. They did not know why, but those who knew Yan Huan seemed to have realized that the current Yan Huan seemed to be different in some way

Not long ago, she was still like a perfect doll. But now, she was actually so lively. It was as if a new life had been injected into her. A new soul had also changed little by little. She seemed to have become more and more imposing, even though he was now wearing a coarse cloth maid uniform, standing here, it still made people’s eyes light up. It was also very comfortable.

At this moment, everyone was amazed by Yan Huan's current attire. However, there were two people who did not like it. One of them was Mengni, who was playing Miss Yang. Her heart was very uncomfortable and her entire face could not help but elongate, initially, when she knew that Yan Huan was going to act as the second female lead to act for her, she was extremely happy in her heart. Although Yan Huan had won the Best Actress award in the country, he had not produced any good works in the past few years, moreover, he had also acted in a few supporting roles. All of them were demonic characters and his acting was even more chaotic. If his acting skills were really good, he would not have accepted the role of a servant girl, moreover, Yan Huan was extremely bad at it. Of course, she was also very willing for Yan Huan to act for her. She would definitely be able to suppress Yan Huan from time to time, and she would also need to be stronger than Yan Huan from time to time.

In that case, her reputation would definitely be a little greater. After all, Yan Huan was the first wave, while she was the second wave. She was already about to smash this first wave to death on the beach.

However, she did not expect that Yan Huan's ordinary servant girl clothes would not give off any rustic aura. Instead, they were extremely beautiful and could almost be described as stunning.

Chapter 1323: Good Acting Skills

Yan Huan's face was indeed blessed by the heavens. Acting skills were one aspect, but Yan Huan's face was simply too good-looking. It was also very easy for her to improve. Her face was extremely small, and almost no woman dared to be in the same frame as her, her face was white, her skin was good, and her temperament was excellent. She was one second after another.

A few days ago, Yan Huan was like a flower that was about to wither. There was almost nothing special about her. She was beautiful, but in the entertainment industry, there were still many beautiful people. Therefore, she could only be called beautiful, but she could not be considered the most beautiful.

And now, Yan Huan seemed to have opened up something. In an instant, with every frown and smile, a trace of clear mist appeared in his eyes. It was as if tears were about to drip out of his eyes, it was really hard to forget with just one glance.

Meng ni did not like Yan Huan like this. Of course, there was another one, and that was Lu Qin.

At this moment, Lu Qin's face was gloomy. He didn't like Yan Huan being in the limelight too much. It wasn't because Yan Huan was his woman, but because, no matter where he was, as long as Yan Huan was around.., it was as if all the light spots were on her body, and everyone else also lost their color. It was also because of him that he managed to take away some of the light spots on Yan Huan's body, why was there another one now.

"Alright, we're ready to start shooting now."

The director asked Yan Huan, "Yan Huan, are you ready? Next is your scene."

Yan Huan gestured to the director with an 'o', meaning that she was ready.

"Alright, let's begin."

The director shouted, and all the departments were ready as well. The lighting, setting, and props were all ready.

This scene was young master Bai's return to the manor. Si Yu had gone to deliver him some snacks, and young master Bai had eaten some and given the rest of the snacks to Si Yu. After Si Yu had taken them to the servant's room., what she revealed was a sense of pride and ambition that no one knew about yet.

Young Master Bai was calculating the accounts in the shop when something suddenly sounded from outside.

Young Master Bai put down the brush in his hand. He was dressed in a suit and looked very handsome and handsome. Of course, he was not an ignorant and incompetent profligate young master. The Bai family's business was spread all over Beiping, in this place, the Bai family practically cut off the sale of cloth from all over the place. The mayor of Beiping City was Madam Bai's eldest brother, who was also young master Bai's uncle. How could the government and businessmen not collude with each other, furthermore, because of this kind of relationship, the Bai family's business in Beiping was practically unstoppable. Some people even pulled rickshaws every day. After a day, they paid for the rickshaws, it didn't necessarily mean that they could manage a day's worth of food and clothing.

However, the money in the Bai residence flowed like water. The Bai family lived in a red brick and green brick house. No one dared to imagine how big the house was.

The Masters and Young Masters of the Bai residence were all ordinary people. In bei Ping, no one dared to offend them. Not to mention the master, even the servants in the residence were treated with respect and respect.

Young Master Bai was the only son of the Bai residence's third generation. Madam Bai had only given birth to this son. Ever since young, young master Bai had been taught wholeheartedly. Of course, Young Master Bai was also smart. He had attended school and stayed abroad, he had also done a good business, but he could not be compared to those good-for-nothing young masters.

Young Master Bai was dealing with the account books of the trading firm. When he heard the sound of footsteps, he also lifted his face. First, he saw a pair of green pants and a pair of black cloth shoes. When this person walked in., he knew who it was.

"Si Yu,"the young master did not call out to him. "Why are you here?"He smiled, and then deliberately smiled at the girl who walked in. This girl was about seventeen or eighteen years old. She had pink cheeks and peach cheeks, and her eyes and brows were exquisite, her eyelashes were also very long. They were almost like a flower that was in bloom, and there was a faint fragrance everywhere.

"The old madam asked Si Yu to bring some snacks to the young master."Si Yu placed the snacks on the table. Although she was a servant, her words, actions, and every word she said had the demeanor of a master, naturally, it was also something that the other maids outside could not compare to.

"Young master, have a piece."Si Yu used two fingers to pick up a piece and placed it in front of young master Bai. Her eyes, which were filled with autumn water, blinked for a moment. She looked innocent and innocent, however, there were some things that others could not see inside. Therefore, it was not that pure.

"No need. You can put it down."Young Master Bai did not want to eat any snacks.

Si Yu, on the other hand, pursed her lips and rolled her eyes. “Young master, do you not want to eat anymore? Si Yu, can you change a plate for young master?” She deliberately moved her body closer to young master Bai, young Master Bai could not help but take a small step back because of the young girl’s body fragrance.

Si Yu suddenly smiled. That smile almost dazzled young master Bai’s eyes.

And young master Bai was stunned for a long time.

“Cut.”

The director shouted to stop.

Yan Huan stood up straight. Almost all of the scenes ended in an instant. It was just that she was a little strange. Did she do something wrong? Did she do something wrong, so the director shouted to stop?

“Lu Qin, What’s wrong with you?”

The director suddenly called out Lu Qin’s name.

Lu Qin pursed his lips and did not say a word for a long time.

“You are a young master. How can you be afraid of a servant girl?” The director replayed the scene that he had just shot. No matter how he looked at it, it was not satisfactory. He just felt that this servant girl was acting a little too grandly, moreover, regardless of whether it was her eyes or her actions, she acted flawlessly. Some of her cleverness and scheming could also be seen. This was only the beginning. As long as the servant girl was beautiful, it was fine, yan Huan was naturally very pretty. Her looks and acting skills were perfect.

It was just that Lu Qin’s acting was a little too out of character. No matter what, he was suppressed by the servant girl’s tricks.

Let’s do it again.

The director spoke to the staff beside him.

The second shooting of this scene began.

Yan Huan realized that she was in a state of mind. It was as if her acting skills, which had been accumulated for many years, had exploded. It was as if everything had happened naturally.

When the director began his sentence...

She had completely entered her current state and character. She had also entered an extremely wondrous environment. It was as if she herself had become such a person. She was scheming and was now kind-hearted.., she was only blindly admiring her eldest young master.

Of course, she was also proud at the same time. This was because she was a popular person in front of the old lady and eldest young master. The young master had even taught her how to write.

Her every frown, smile, and every action were almost all in the movie. The director was reluctant to stop her. They had thought that the acting skills of the actress had deteriorated, but it seemed that she was still online.

Chapter 1324: scheming

Of course, this was the type of character that best actress Yan loved to shoot. Who knew what would happen at the end?

And now, everyone's attention was drawn to Yan Huan. Her looks were on the line, and her acting skills were off the charts. From the first scene, she completed almost all of them in one shot. Of course, this also made Lu Qin's face darken.

What was wrong with Yan Huan? He was actually suppressing his scenes and did not cooperate with him

In the past, she had always cooperated with him in acting and helped him raise the limelight of the main character. But today, what was wrong with her? Why was she only thinking about herself, he had already forgotten his lines a few times in the middle.

He sat at the side and watched Yan Huan filming the next scene with a cold face.

And this scene was the time to see Yan Huan's real acting skills.

Good people were easy to act, but bad people were difficult.

After receiving the young master's reward, Si Yu walked into her own room and fixed her hair in front of the mirror. However, her hands that were fixing her hair were slightly lowered, the smile on her face also fell at the sound of two voices coming from outside the door.

"Look at Si Yu. She's obviously a servant girl just like us, but she still treats herself as a lady."

"She doesn't just treat herself as a lady, she's clearly a great-aunt. She's a popular person in front of the old lady and Young Master. I think it won't be long before she really treats herself as a great-aunt."

"Great-aunt? Bah!" Another woman's voice was filled with disdain, "She's just like us. She works for others like a slave. She puts on that ugly face every day. She doesn't even look at her own status. She's just sold in. With that vixen-like face, I think she might as well live in a brothel."

"Xiuru, lower your voice. What if she hears you?"

"I'm still afraid of her. She's just a vixen. I think she'll be skinned sooner or later."

The camera moved to Si Yu again. She was still tidying her hair and using a comb to comb it down. The face in the mirror was still the same, but suddenly, it was as if she had changed into a different person, her eyebrows were slightly raised

There was a hint of viciousness that made people feel a chill.

"Cut." The director hurriedly called for a stop.

He had the technical staff turn on the replay and watch, especially the last scene. Looking at it again, the chilling smile indeed made people's scalps tingle.

That's right, it was that kind of gaze, that kind of expression. It was completely right.

The director was a little excited now. He was originally afraid that Yan Huan would act in Mary Sue's play for too long and his acting skills would be fixed in that mode, so it was not good to act in such a play.

However, it was unexpected. Yan Huan's acting seemed to be much more vivid than her acting in Mary Sue's play. It could even be said to be perfect.

From the beginning, Yan Huan's acting was like a cheat. There were almost no mistakes. When it was time for the second act, she placed her wife's favorite jewelry in Xiuru's cabinet, after being caught, she looked on coldly, and her smile became even colder.

Xiuru had been thrown outside and beaten half to death. She had even been dragged to a place like that to be sold. In the end, Mrs. Bai was too soft-hearted and did not sell her jewelry. Instead, she chased her out of the mansion.

Xiuru looked as if she had been fished out of the water. Her mouth was wide open, and she could not even speak. At this time, human lives were as worthless as grass, especially in the big family of the Bai Mansion. The old lady's rules., those were passed down from the family, and she was not usually harsh towards the servants. However, if someone made a mistake, then the board would fall, and it would not be ambiguous at all. After these dozen boards fell., it was almost as if she had beaten a delicate maid until she was crippled.

This was a pair of feet standing in front of her.

Xiuru reached out her hand and felt in the air for a long time, but she didn't catch anything. What she could see was a pair of black cloth shoes. She looked up again and saw Si Yu looking down at her.

Si Yu squatted down and put the bundle in her hand in Xiuru's arms.

"I saved some money. Take it and go back to your parents. You can still get some money. Then, find a good man to marry."

"Thank you, SIS Siyu."Xiuru hugged the bag and almost broke down and cried.

Siyu patted her shoulder. She was obviously smiling, but when the camera landed on her face, the smile only hung on the corner of her lips. It did not reach her eyes.

The director tightened his grip on the megaphone in his hand. The few stops became nervous. The filming went surprisingly smoothly. If it could continue like this, the scene might be finished early, it could also provide a lot of funding for the production team. It could be used for publicity. Of course, it could also leave more room for production in the later stages.

He could guarantee that the filming process of their film would be very smooth. Firstly, it was because of the theme, and secondly, it was because of Lu Qin. It was not because Lu Qin was amazing, but because of Lu Yi, Lu Yi had some authority over the SARFT. Therefore, this was Lu Qin's film. Naturally, Lu Yi would definitely help. At that time, Lu Qin was the one who initiated this matter. Otherwise., it was impossible for them to let him be the male lead in this film. After all, Lu Qin's acting skills and reputation were still second-rate. However, it was the Lu family who were at a disadvantage, even Yan Huan could be invited to act for him.

However, Lu Qin was too generous. Yan Huan's immersion in the scene was a little too good. Now, it was as if he had switched on a cheat. It was almost as if everything was going smoothly. Now, the part where Yan Huan's acting skills were off the charts was a little superficial, he was also a little inferior to her. In addition to his frequent mistakes, he had become the girl's supporting role. It was almost clear at a glance who was the lead actor.

Another scene began shooting.

Xiuru stumbled away with a bundle in her arms. In the end, she did not realize that a few hooligans had quietly followed her. When Si Yu said that she was a bundle, quite a number of people heard it, there were some things in it.

When Xiuru was chased out, she did not take anything. Now, she only had this bundle in her arms. It was as if her life depended on it, and she would not let go no matter what.

When the two hooligans saw that there was no one around, they snatched the bundle away. How Could Xiuru be willing? Those two hooligans had lived their lives on the edge of a knife. Who cared about Xiuru's life? With a push, they pushed her into the river, xiuru struggled a few times, and her body also sank.

One of the Hooligans opened the bag and rummaged inside for a long time. In the end, there was nothing, and she directly threw the bag on the ground.

Chapter 1325: was fate

"Bah, there's nothing in this bag. Maybe this little girl has all the money on her." Even when the hooligan said that, he would step on the bag a few times. He was thinking about how Xiuru had hidden the money, but he had never thought that.., there might not be any money in this bag at all.

Xiuru's body was only fished out the next day. When it was fished out, it was so soaked that it was deformed.

When Mrs. Bai heard this, she hurriedly fiddled with the Buddhist beads in her hand and chanted Amitabha.

Was Mrs. Bai thinking about Xiuru?

Si Yu placed a cup of tea in front of Mrs. Bai.

Mrs. Bai hummed in acknowledgment. In the end, she was still a little unhappy. Even if she did not kill this person, he still died in the end. Therefore, she could not get away with it.

She was a vegetarian and a Buddhist. How could she feel comfortable carrying a person's life on her back.

"Xiuru must be punished for what she did. However, Mrs. Bai is still too kind." Si Yu sighed as she spoke. Of course, she also noticed Mrs. Bai's expression. When she saw that Mrs. Bai's expression did not change much, she continued speaking.

“Originally, if a servant made a mistake, they would be given thirty slaps. Madam is merciful. She only gave fifteen slaps and chased them out. If it was in another house, they would have been sold to a brothel.”

As expected, when Madam Bai heard these words, her expression relaxed a lot. However, she still felt uncomfortable.

Si Yu carefully helped Mrs. Bai massage her shoulders, while Mrs. Bai continued to fiddle with the Buddha beads in her hands.

“Our madam is the kindest. She chased her out and gave her a way out. Although madam didn’t say it, I know all about it. Didn’t Madam Reward Si Yu with two big oceans? Si Yu knew that the oceans were for Xiuru, but Xiuru didn’t live up to her expectations. As she spoke, she sighed. She was already in such a state. She could have taken the two big oceans back to her parents’ house. Why did she have to walk to the corner?”

Madam Bai raised her eyes and did not say anything. However, the prayer beads in her hands moved even faster.

Mother Xu, who had been by madam Bai’s side for so many years, was also a shrewd person. She immediately understood and quickly interjected.

“This young lady is not afraid. She is just afraid that she has taken the wrong path. It is fortunate that such a person has been chased out of the manor. Otherwise, if she were to cause trouble in the manor, our family would not have suffered such a great loss for no reason. If she were to be indecent and try to cause trouble for young master, what would happen?”

Mrs. Bai closed her eyes. It was only then that the prayer beads in her hands moved slowly.

“Get Someone to take five big bucks and give it to Xiuru’s family. In the end, she’s still someone who stayed in our manor. Even if she made a mistake, she would still lose her daughter.”

“Mrs. Xu is too kind.” Mother Xu Sighed and shot a look at Si Yu.

Si Yu quickly took the five pieces and left.

After Si Yu left, mother Xu carefully patted madam Bai’s shoulder. “I think this Si Yu is really a pleasant person. Although her status is lower, she is magnanimous in handling matters.”

“That’s right.” Madam Bai also sighed, “Otherwise, I wouldn’t have placed her with Zhe’er. It’s also to let him have someone who knows her well. This isn’t a hundred million yuan wife, but it’s feasible to take in an aunt.”

“That’s right.” Mother Xu also thought so, “The Bai family’s incense offerings are all inherited by young master. In the future, young master will have to take in a few more houses. Perhaps young master will immediately be enlightened and be able to give birth to a big, fat grandson for Madam.”

“I’ll have to give birth to a few more.” Madam Bai took a porcelain cup from the side. When she mentioned the matter of grandchildren, her face was filled with a slight smile, “The house is a little too empty. Give birth to a few more. In the future, if there are more members of the Bai family, I will be able to live up to the old master’s death.”

At the mention of Old Master Bai, Mrs. Bai could not help but wipe away her tears. Old Master Bai had passed away early. At that time, Young Master Bai was still young, and it was Mrs. Bai who had supported such a large family business, furthermore, she had raised young master Bai so smartly, and now the Bai family's economy was flourishing. Logically speaking, this child really couldn't be choosy. It was just that he had learned too much, and he had also stayed outside for a period of time, therefore, his thinking was different from theirs. He had asked him to take in an aunt a few times, but he wasn't willing. If he had been willing earlier,. Perhaps she would have been able to hold this grandson in her arms by now.

"Madam, you shouldn't be sad." Mother Xu also wiped away her tears and tried to persuade Madam Bai, "Master also hopes that Madam will be well. In the future, if you give the Bai family more branches and branches and have many children and grandchildren, then madam will have let master down."

"That's right." That was what madam Bai thought. Unfortunately, her son wasn't enlightened. A young and beautiful little girl had already been given to him, but why was he not tempted?

Could it be that Si Yu was not good enough? Otherwise, she would have given her son another servant girl

At this moment, after Si Yu took the five big oceans back, she opened her makeup box and counted the five big oceans in her hand. Then, she took out a few big oceans from her makeup box.

These were all things that she had saved over the past few years. They were neither too much nor too little. It just so happened that they were also five big oceans. Two of them were from yesterday. Mrs. Bai had given them to her. She said that she would give them to Xiuru. Whether she gave them to her or not was only up to her, she put in her five big oceans, and then she took out three of the five oceans that the Madam had given her and put them in her makeup box. Only two of the oceans were still lying on the table.

Don't think that I don't know that you're thinking about young master too. Si Yu looked at herself in the mirror, and the smile on her face slowly turned cold.

Suddenly, the self in the mirror in front of her changed into Xiu Ru.

Si Yu sneered at Xiu Ru in the mirror, and at that moment, her beautiful face turned ferocious.

"You think you can forget about my young master? Young Master is mine, so he can only be mine. Do you really think that I've given you the body that I saved for you? You're really thinking too much. It's true that people die for money, and birds die for food. When you died, you didn't forget to carry such a useless burden. You even said that I would be sold to a brothel in the future. I think that even if you don't die, it's because of your fate."

"I miss you now, but it's a pity that your life isn't worth it. Once you die, you'll be gone."

"Don't worry." Her fingers gently picked up the two pieces of ocean. "Madam gave these to your family. Your Life is only worth these two pieces of ocean. Five pieces. You Don't have such an expensive life."

Si Yu was still smiling. She looked in the mirror again. The face in the mirror was still enchanting, but it was so cold that it was twisted.

Chapter 1326: was asking for money again

“Cut!”The director shouted to stop. At this moment, the sky had already darkened.

At this time, the director was also surprised. Why didn't he feel that the day was over before he could shoot a few scenes.

Yan Huan stood up and yawned. She was a little sleepy and wanted to sleep.

“It's been hard on you.”The director stretched out his hand, probably wanting to Pat Yan Huan's shoulder.

However, when he thought about Yan Huan's reputation in the industry, he realized that he was an arrogant person. His hand was placed in the air, neither up nor down. It was a little awkward.

Yan Huan stretched out his head. “Uncle Director, You Can Pat My Head.”

The director suddenly burst out laughing. Even the staff members at the side were laughing until their stomachs hurt.

The director did not let down his expectations. Touching the head of best actress Yan was like touching a puppy. No matter how one looked at it, it felt a little strange. Even if she did not keep her promise, best actress Yan did not dislike it. She was also smiling, unknowingly, she had also become closer to the people in the production team. They also just found out that other than being cold and aloof, Yan Huan was actually quite easy to get along with in private.

Yan Huan packed up her things and prepared to remove her makeup. She was really too tired. In a while, she would get her assistant to send the food to her room. She would eat before sleeping.

She walked past Lu Qin. There was something dark brewing in Lu Qin's eyes. It was growing crazily, and even his expression was not too good.

Yan Huan did not stop. Of course, he did not look at him. This was what Lu Qin had said himself. He wanted them to keep their distance because he wanted to create a scandal with Mengni.

It was also because best actress Yan was already outdated. The outdated best actress Yan did not seem to be of any use other than supporting Lu Qin and providing him with funding.

Yan Huan finished removing his makeup and returned to his room. He fell asleep almost immediately. Today's filming had gone too smoothly. Almost all of her scenes had been shot within three days. She had used one day to finish shooting three days of scenes, three days of filming had been compressed into one day. There would be no scenes for him the next day, so she could rest for one day.

She placed her phone on the screen and it rang. She took her phone. When she saw the caller ID on it, she didn't like it too much. In fact, she even felt disgusted. She took the phone to her ear

When the phone was connected, she heard Qin Xiaoyue's sharp and thin voice coming from the other end.

Sometimes, it had to be said that when you started to hate someone, everything about her was disgusting. His voice, his appearance, his words, including the air he had breathed.

And Qin Xiaoyue was the first time in a long time that she was so hateful. She hated people who were like flies to her.

In the past, because she was Lu Qin's mother, she had tolerated it. But now, she didn't even want to tolerate her son, let alone her mother.

"Yan Huan, transfer me a million dollars immediately."

A million dollars? Yan Huan looked at the ceiling. The first thing she said was a million dollars. Why didn't she go to heaven?

She was rich and had a lot of one million dollars. But Sorry, she didn't have the obligation to take care of Lu Qin's mother. She didn't even have the obligation to take care of Qin. How low was Yan Huan's value, she had to give her own private money to a man, and this man didn't even give her his marriage. She was shameless enough to ask Lu Qin to sign a marriage contract. Yes, it was a marriage contract. It was a marriage contract that didn't have the law, this was her guarantee to herself, and she had saved it for herself. But now that she thought about it, just how stupid was she?

What was the use of this marriage contract? If Lu Qin didn't admit it, it would be gone. If Lu Qin had taken a fancy to someone else, it wouldn't even be a second marriage, because no one would know that he had been married before, and it was just a verbal marriage.

"Yan Huan, did you hear that?"The voice on the phone became shrill again

"Did you hear that? Transfer Me a million immediately. If you don't transfer me the money, get the hell out of the Lu family."

Yan Huan pursed her lips. It was just as well to get the hell out of the Lu family. In any case, she didn't want to stay in the Lu family anymore. She wasn't a real parasite, yet she still had to be so shameless, living at her uncle's place, eating other people's food and drinking other people's., and even scheming against their entire family behind their backs.

In the past, she had felt that it didn't matter because her heart had also been muddled by lard.

However, all of a sudden, perhaps just for a night, she woke up. Only then did she realize that she had actually done so many shameless things.

Her mother had taught her from a young age that one must stand tall and be down-to-earth. She had been deceived by Lu Qin's flowery words and had forgotten her mother's teachings. She had also forgotten about her own self-respect and self-respect.

Instead, she had protected such a family,

if her uncle's family wasn't doing well, then it wouldn't have been so long ago. She hadn't kicked them out for free. From time to time, she would even mock them. What family., with such a beloved son, Yan Huan felt a little stifled on behalf of Lu Yi's family.

Of course, her face was burning even more.

"I want to see the money in a while. Hurry up and transfer the money to me."

Qin Xiaoyue yelled at the phone again, and then directly hung up. The phone was also beeping. Yan Huan put down the phone, pulled the blanket over her head, and continued to sleep.

However, a while later, her phone rang again. She closed her eyes and finally fell asleep. In the end, she was woken up again. She took the phone over, and when she saw that it was Qin Xiaoyue's phone, she immediately hung up.

How Annoying.

If she wanted money, she would ask her son for it. Wasn't her son Rich? His son had never raised her to be happy. Why didn't she let her husband raise her? In the end, she had to raise her mother-in-law. What kind of logic was this.

If her mother-in-law was good to her, she could raise her. However, this mother-in-law looked at her with eyes but not eyes and nose. When she was about to die from illness, what was this mother-in-law doing? She was sleeping., she even said that she would recover anyway. What right did such a mother-in-law have to ask for money from her? Did she become her own?

However, a call came in a while later. It was so noisy that Yan Huan's fingers were trembling. In a fit of anger, she turned off her phone.

Alright, the entire world was quiet now.

"Knock, knock..."there was a knock on the door from outside.

"Come in."Yan Huan sat up from the bed, thinking that her assistant should have returned. At this time, no one should disturb her.

The moment the door opened, sure enough, it was her assistant. She was carrying a small cardboard box in her hand.

"Miss Yan, I bought the things you wanted for you."

"Is that so?"Yan Huan quickly pulled away the blanket and stepped on the ground. She opened the cardboard box with her assistant. Inside the cardboard box was a small laptop.

"How about this?"Her assistant asked Yan Huan. "It's the latest model. It's very suitable for ladies. It's not big either. You can take it with you."

Chapter 1327:, punishment

?

Yan Huan did not understand these things, but she felt that it looked pretty good.

This was a laptop that she had asked her assistant to buy. When she had nothing to do at night, she could learn it. She did not know if it was difficult, but she did not know how to use these things.

Of course, she did not play it often. She only knew some basic controls, such as turning on and off the phone.

Sometimes, her assistants wondered if Yan Huan came from ancient times. Why was it that everyone knew how to use a computer these days, but she did not? She even learned how to chat on her phone.

In fact, she had really wronged Yan Huan. Yan Huan was a dancer, and there was no computer class in school. Since she was fifteen, she had started to act as a cameo and earn money to support her family. After that, she had been filming all the time, sometimes, she was so busy that she couldn't even take care of her meals. Otherwise, she wouldn't have gone from an unknown cameo to the current best actress Yan. It was because she had been filming day and night for the past few years that she couldn't even get enough sleep, how could she have time to learn about computers? It was only after she married Lu Qin for the past few years that she started to stop filming, so it was also time

However, her focus in the past was first on filming, and then on Lu Qin. She could only escape from it, and only now did she come back to life.

Her assistant could only teach Yan Huan hand-in-hand.

Fortunately, Yan Huan wasn't completely clueless, and it was indeed not that difficult. When night came, she was almost done. At the very least, she could chat with him.

Yan Huan had just opened the chat panel and wanted to show off to that man. She also knew how to play with the computer. In the end, her phone on the table rang,

it was her phone. At this time, it was her private number.

There weren't many people who could call.

She took the phone. It was Lu Qin's number.

She placed the phone by her ear and closed the laptop.

When she put down her phone, her people also stood up. It wasn't anything else but Lu Qin missing her. He wanted her to go out and relieve the pain of lovesickness.

But was this possible?

It wasn't the pain of lovesickness.

It was sarcasm, right?

Yan Huan didn't change his clothes and went directly to the place that Lu Qin mentioned. This didn't feel like a meeting between husband and wife. It felt like an affair.

There was a small corner in the courtyard that was reserved for the production team. No one went there. Even if someone saw it, they would not say anything. They would treat it as if it was a young man talking about love.

"You're here." Lu Qin threw the cigarette in his hand on the ground. His face was covered with a layer of gloom. There was not even a hint of a smile in his eyes.

"En, why did you call me here?" Yan Huan stood in front of him. If it was before, she would have pounced on him. But now, she didn't want to.

“Didn’t you say that it’s best if we don’t meet and that it’s best if no one knows about our relationship? Even eye contact is best. Aren’t you afraid of being found out?”

Lu Qin took out a cigarette from his pocket and lit it up.

“There’s no one here.”

“Oh...”Yan Huan nodded. She didn’t say anything. Of course, she was waiting for him to say something.

“Why did you shoot the scene like that?”

He finally asked. It was obvious that he was blaming and displeased.

“Didn’t I shoot well?”Yan Huan pretended to be stupid. “But the director was quite satisfied with my performance. You know that I haven’t filmed for a long time, so I didn’t have a good grasp of it.”

Just as Lu Qin was about to speak, Yan Huan interrupted him.

“Don’t worry, I’ll try my best to pay attention. You helped me get this role. No matter what happens in it, I won’t fail in acting.”

Lu Qin looked as if he had swallowed a fly. He was very uncomfortable, but his heart was probably even more uncomfortable.

He didn’t know if this was called lifting a rock to smash his own foot.

“What? Did I really do a bad job?”Yan Huan asked worriedly. “That won’t do. I’m going back to read the script.”After she finished speaking, she didn’t wait for Lu Qin to speak before she hurriedly ran back to read the script and the lines. No one knew just how cold the shimmering light in her eyes was when she turned around.

At this moment, Lu Qin had a dark expression on his face. He took out another cigarette and started to smoke.

The only thing that could not be hidden in the dark night was his expression. At this moment, it was as if Frost had formed on his face. The hatred on his face was also directed towards the place where Yan Huan had disappeared. All of it was suppressed by the pressure.

Yan Huan opened the door and walked into his room. However, the moment she entered, her phone rang again. It sounded like a wail of a ghost and a howl of a wolf. She almost dropped her phone.

When she saw the number that jumped up, she coldly frowned and blacklisted the number. In the past, she had always been eager to send money to others, but they had accepted the money just like that, it was as if they were giving her alms.

Now, she wouldn’t. Sorry, she couldn’t afford to serve such a mother-in-law. If Lu Qin wanted to get a divorce, no, if he wanted to break up, it was up to him. To put it bluntly, they hadn’t gotten married yet. She seemed to have mentioned it not long ago, she would give all the assets in her people’s name, including more than a dozen houses, a few cars, and the money in the bank to Lu Zao. However, Lu Qin wanted to register with her, and Lu Qin agreed to it.

However, this matter was never mentioned again. At the moment when Lu Qin agreed, he seemed to be gnashing his teeth in pain. Why was it so hard to marry?

Fine, then she wouldn't marry. She didn't need to marry either.

When she went home, she threw away the guarantee letter. It was a marriage promise. She didn't want it anymore. She couldn't afford a man like this and a mother-in-law like this.

She couldn't afford it either. She hadn't thought about this when she was in the Lu family. However, when she came out and returned to the set, her heart was suddenly enlightened. She was actually unwilling. Why didn't she leave, did she live on without Lu Qin?

She took a long breath and felt that the stifling feeling in her chest was gone.

She turned on the computer. The chat app was still on it, and that person was also on it.

She pressed her fingers on the keyboard and tapped a few times. Although her fingers were a little clumsy, she could still type.

"You're here?"

Lu Yi replied, "Yes, I'm here."

Yan Huan propped up her face and her fingers gently moved the screen.

She bit her lips lightly and it hurt a little. Her fingers, however, did not listen to her commands and typed out a string of characters.

Huanhuan said, "I miss you."

Lu Yi said, "And?"

And what? Yan Huan was stumped. Yes, she typed out a few more words.

Huanhuan: "I want to cheat."

Lu Yi: "I don't want to be a third party."

Yan Huan felt a little uncomfortable. She wanted to turn off the computer, but she couldn't bear to do so.

Chapter 1328: Break Up

Huanhuan: "Then, have you thought about me?"

The person on the other end of the line fell silent and typed a word.

"Yes."

Yan Huan was secretly delighted. It was probably under such circumstances that she dared to say such words. Otherwise, she would not have been so bold.

Huanhuan: "You can't have a girlfriend."

Lu Yi: "Okay."

Only then did Yan Huan turn off the computer in satisfaction. She took the script on the table and started to memorize it. She still had to memorize the lines for tomorrow. She had to crush Lu Qin until he could not turn over. Otherwise, he would have nothing to do., she was not a fool. She did not know that what Lu Qin wanted was for her to make a fool of herself. He wanted her to perform poorly so that he could showcase his excellence.,

was it too much to say that he had stepped on Yan Huan's body to climb up?

However, in the end, he wanted to see if there was anyone willing to step on him

Yan Huan was willing in the past. At that time, because she loved him so much that she had no respect for him, she was willing to lower her head and let him step on her. However, what kind of feelings did he still have for Lu Qin Now?

Even if there was, it was definitely not love. It was him who had used up all of her love.

In the end, all that was left was to open her eyes. She wanted to see just how stupid she was.

In the distance, under the sparse starlight, was the quiet figure of a man. He was looking at the sky, but the focus of his eyes was nowhere to be seen.

His phone on the table rang. He walked over and picked up his phone. The number on it was Fang Zhu's. It wasn't anyone else's, but Fang Zhu's.

"Lu Yi, what's going on? Didn't you say that you're here to celebrate my student's birthday today? Where are you?"The woman on the phone was very loud, if the phone was placed close to the ear, it could almost deafen a person's ear.

"I told you, I have a few meetings coming up."Lu Yi placed the phone on the table. He didn't have to be close to it, so he could hear it no matter how far away he was.

He sat down. There was already a pile of documents on the table that had not been properly processed. He did not lie either. He had indeed been in meetings recently. He had not slept well for half a month.

On the other side, Fang Zhu was so angry that her chest hurt. She had already gotten used to it casually and was also used to being overbearing. Of course, it was also because although Lu Yi's personality was a little cold, he could be said to be completely obedient to her requests, from buying food to delivering food, repairing electricity, plumbing, and water, he could even cook. Occasionally, even if he did not want to eat outside food, he could become half a chef.

It was only natural. Therefore, Lu Yi had clearly gotten used to a certain woman. It was not because he was used to her, but because he was used to her. It also caused her to become more restless and more greedy.

"I'm ordering you to come over right now."Fang Zhu's voice sounded like a bomb on the phone. She had used a very serious word, which was an order. Yes, an order.

Lu Yi flipped through the documents on his desk. "I can't leave."He calculated the time. This trip would take at least two hours. Two hours was very important to him right now, and without these two hours., he didn't realize that he wouldn't be able to finish them at night, but these documents were required early in the morning the next day.

“Lu Yi, let’s break up.”

Fang Zhu’s voice on the other end of the phone became even more irritable, as if Lu Yi had done something heinous.

Lu Yi raised his eyelids and looked at the phone on the table again.

“Lu Yi, did you hear that? We broke up. I’ve had enough of you.”

Fang Zhu’s voice grew louder, piercing his eardrums.

“Alright,” Lu Yi replied indifferently. He did not feel sad or uncomfortable, nor did he feel heartbroken. It was not because of anything, but because he did not love her.

He had thought about breaking up a long time ago, but it was not his idea to break up. He and Fang Zhu were not suitable for each other at all. Even if they got married in the future, it was impossible for them to live together, so.., he had been waiting for Fang Zhu’s break-up, and also for the word ‘break-up’.

This was already the third time. Once, two years ago, and once, a year ago. But in the end, he was the one who gave in. He still wanted to work harder, but now he realized that some things could not be born through hard work, some feelings could not be born through hard work.

He and Fang Zhu would never be able to have love.

So it was good for them to be separated.

The other party had already hung up the call impolitely. Lu Yi took out his laptop and his fingers touched the profile picture.

“I’m single now. Are You Satisfied?”

Yan Huan rolled over and opened her eyes. She rubbed her eyes and sat up. Then, she closed her eyes and searched under the blanket for a long time before she took out her phone.

She pulled her phone out from under the blanket and looked at the time.

HMM, it was already past four o’clock.

Actually, she had insomnia. She slept from around two o’clock yesterday, so it was about four o’clock.

When she woke up at seven o’clock in the morning, she had to put on her makeup and then start filming. Originally, there wouldn’t be any scenes for her tomorrow. However, the director said that her performance had been pretty good recently, so he wanted to shoot some more of her scenes, he hoped to maintain such a good momentum. However, he was afraid that after a short while, her acting skills would slip again. What should he do? In fact, it was impossible for her acting skills to slip so easily.

Her acting skills were steadily improving and would not slip.

She hugged a pillow and sat there helplessly for half a day. As expected, she still did not feel sleepy. Naturally, she did not sleep anymore. She went to the bathroom, brushed her teeth, and washed her face. Then, she came over and sat in front of the computer, she turned on the computer and was very happy because he seemed to be there.

Huanhuan: "Are You There?"

Baiyan Huan realized that the most common thing she said to him was, "Are you there?"?

Every time he replied to her, it was always the same word.

"Are you working overtime again?" Yan Huan placed her feet on the chair. She did not want to do anything else right now. She just wanted to chat with him so that she could clear her mind.

She knew what she could do and what she couldn't.

Lu Yi looked at the document. His fingers didn't even finish typing a few characters. "I've been quite busy recently. I'm very busy."

Yan Huan leaned on the table. She really felt that this man was quite tired.

She typed clumsily,

"Don't be afraid. I'll accompany you. I Can't sleep either."

Lu Yi's fingers paused for a moment. It was as if an extremely soft part of his chest had been hit, and then it actually started to hurt.

Just like that, Yan Huan used her not-too-fast typing speed to start chatting with Lu Yitian from all over the country. She had traveled from north to south, and had also gone to quite a number of countries. Although her academic qualifications were not high., however, her experience was good, so she could know a lot of local customs. It was quite interesting to talk about these things.

Chapter 1329: terrifying acting skills

Huanhuan: "What do you like? I'm here in the film city. There are some ethnic things here that are quite fun. Can I give it to you?"

Lu Yi: "How are you going to give it to me?"

Yan Huan bit her finger. She was so close to giving herself away, but she wasn't too smart to start acting dumb.

Lu Yi didn't expose her. She knew that he was Lu Yi, but she didn't know that he knew who she was?

Around seven o'clock, Yan Huan was done with her makeup. She went to the set to wait for filming. She always came early and only knew how to wait for others. She would never let others wait for her. and her efforts over the past few years., of course, it wasn't in vain.

Therefore, some habits had already been formed. Regardless of her character and her reputation, she was absolutely dedicated to filming.

By the time Lu Qin arrived, Yan Huan had already arrived. She had already memorized the lines for today. When Lu Qin saw Yan Huan like this, a hint of unhappiness flashed across his eyes..

She was in the limelight. Why? Wasn't she afraid that her own popularity would soar while his future husband's popularity would decline?

“Ready, action.”

The director put down his hands. Yan Huan had already turned around. Of course, she was also in the midst of filming. She placed two big bucks on the table, “This was given by our madam. Xiu Ru stole something from the White House. Madam was kind and only gave her a beating to let her return to her maiden home to settle down. In the end, Xiu Ru loved to walk into the alleys where no one was around. I don’t know what she was doing, but when she was discovered early in the morning, she was already dead in the river.”

“The old lady is also thinking of the master and the servant. Although Xiu Shi is no longer a member of our White House, the old lady still gave you two pieces of money. You can take it and properly carry out her funeral.”

Xiu Ru’s mother grabbed the two pieces of money. Xiu Ru’s father’s eyes were red. He was going to fetch his daughter back.

“Fetch her back for what? Don’t you find it unlucky? They’re all dead, and even if they’re brought back, they’ll be buried. Even if you don’t care, someone else will. Xiuru’s mother grabbed onto Xiuru’s father’s sleeve. There are so many children in our family. If one of them can be sold for two big oceans, won’t We All Be Rich? When that wretched girl was eating and drinking in the white mansion, did she think about you, her father, and me, her mother? Did she think about so many younger brothers and sisters?”

“But she’s still my daughter.” Xiuru’s father covered his face. He was a man from a farming family. He was only in his forties, but he already had white hair. There were a bunch of children sitting on the ground. There were at least six of them, all of them were so hungry that their faces were sallow and emaciated.

Xiuru’s mother pursed her lips. Her eyes were filled with disdain.

Si Yu knew about the situation in Xiuru’s family. She was the stepmother, and Xiuru’s mother had died early. Otherwise, xiuru would not have been sold to the Bai family at such a young age. However., it was her luck that she had not been sold to the brothel. Even though she had become a maid, she would not have to worry about food and drink. Furthermore, Mrs. Bai was generous to the servants. As long as she was sweet-talking, she would be more intelligent, she had coaxed the old lady and the people around her well. This way, she could live a very comfortable life in the manor.

It was just that Xiu ru did not have eyes. It was not something that she could think about. She had given up her life. However, she could not blame anyone else. She could only blame herself for blocking her path of rain.

She did not just want to be a great-aunt of the Bai Manor. She wanted to be a proper great-aunt of the Bai Manor. How could she possibly satisfy her with just a great-aunt?

At this moment, a gust of wind blew the hair on her face to both sides. At this moment, there was not even a trace of a smile on her face. Suddenly, she raised a strand of her head and bit the corner of her mouth, it was so cold that it made people feel numb.

Shameless. This was too shameless.

It was clearly five dollars, but she gave two dollars to the other party and still made the other party feel grateful. If she wanted to be shameless, what was there to be shameless about.

“Alright, cut.”The director called for a stop.

“You did well. Take a rest first. We’re filming the next scene.”

The main character, Mengni, was filming miss song when she came back from abroad. They had come back on a luxurious cruise ship. For this round of the game, the production team had invested a lot, they had really flown to the seaside, and only then were they able to shoot these few scenes. Of course, these were all taken back from filming not too long ago. Now, they were going to shoot Miss Song, who was already in Beiping.

As expected, Miss Song had stayed overseas before. She wore a well-fitting dress, and her body exuded a sense of guiding the country. Her eyes, which were naturally fond of smiling, allowed people to sense her emotions. One moment, she was touching this., the next moment, she was looking at that. She was quite fond of the streets of Bei Ping.

While she was having fun, she bumped into young master Bai.

Then, the bastard went with the mung bean. No, he was the Golden Boy and the Jade Girl, and they met each other.

Young Master Bai’s heart, which had been sinking for more than twenty years, finally began to boil. The people he was thinking about were the people he had seen on the streets. Of course, he asked his servants to quickly inquire about them.

The women who were dressed so beautifully and had a bearing could also be counted in Bei Ping. With just one look, one could tell that they were from a noble family. It was also unknown which family’s daughter they were from.

Yan Huan sat at the side. She was holding a glass of water and drinking. In a while, it was her scene again. It was the scene with her young master Bai. They had not filmed such a scene for a long time.

“Yan Huan, it’s your turn.”The director waved at Yan Huan.

Yan Huan stood up. A stylist came over to help her tidy up before she walked up.

“Mother, I want to marry song Lingyue.”

Young Master Bai squatted down beside Mrs. Bai and said.

“Song Lingyue?”Mrs. Bai raised her eyelids. “Why do you want to marry this song Lingyue? Who Is She?”

“Mother, the eldest daughter of the song family’s trading company came back from overseas. Now, she’s a daughter of Beiping.”

“Song family’s trading company?”Mrs. Bai fiddled with the Buddhist beads in her hand, “They’re of equal status. Since you like her, I’ll ask someone to help you ask. If that girl is really good, I’ll make the decision and marry that Miss Song for you.”

“Thank you, Mother.” When young master Bai heard his mother agree, his heart, which had been hanging in the air, relaxed. All these years, he had only been moved by this miss song.

And he wanted to marry her. No matter what kind of person she was, he just wanted to marry her, and he just liked her.

At this moment, no one knew that a person was standing outside and leaving quickly. It was silent, and only her body carried the sweet smell of desserts.

Chapter 1330: vomited

Si Yu placed the plate in her hand on the table. At this moment, her chest was heaving up and down a little. Her face turned from green to white, then from white to green. It was as if something had been snatched away from her just like that, that kind of pain and desire tormented her to death.

The young master was hers. The young master was hers. The young master could only be hers.

She had accompanied the young master since she entered the manor at the age of seven. She always thought that the young master would one day marry her, and she knew that her status was not high enough. She could only be an aunt.

However, she believed that based on the young master’s feelings for her, she would eventually become the young mistress of the Bai family.

However, why was it that the young master was the one who wanted to marry, and also marry the young miss of the song family? The young master could not marry the young miss of the song family, and could not marry.

She lifted her face. Her eyes were also wide open. They were so gloomy that they were somewhat sinister,

this face also fell onto the camera. It also caused everyone’s hearts to involuntarily tighten.

Such good acting skills were really terrifying.

It was fine if tears fell as she wished. Even her expression could change so quickly. This was something that was rare. They felt that the acting skills of the best actress Yan was something that no one present could do, it would be her doing.

Originally, this was a serious drama, a scene of a pair of infatuated men and resentful women. However, for some unknown reason, it was attracted to a supporting role. The main reason was that this drunken actress acted with flesh and blood, but her looks were so beautiful that it made people’s eyes light up, however, her heart was also extremely bad.

In another scene, Si Yu adjusted her clothes and walked over. Then, she placed the snacks in her hands on the table.

Young Master Bai was calculating with one hand while taking notes. His movements were very good-looking. He had both the current fashion and the traditional temperament. He was a businessman, but someone had said that young master could be a Confucian businessman in the future. There was not a hint of the stench of money on his body, but he always made people lose their natural instincts.

Just like the current Si Yu, when Si Yu knew that young master Bai was going to get married and not her, her heart had already been twisted. The servants outside were also waiting to see her make a fool of herself, from time to time, she would mock him openly and secretly. However, Si Yu was currently not having an easy time in the manor. The people in the manor were also used to flattering the higher ones and trampling on the lower ones. In the past, she was not someone who was easy to deal with. Of course, she had offended many people. Now, everyone knew that she would not be able to become a young lady, she did not have the life of a young lady. The eldest young master had married a lady from a wealthy family, so he did not spare Si Yu any embarrassment.

Si Yu had always been serving in young master Zhe's room. Other than the old lady and Young Master in the manor, she did not put anyone else in her eyes. Now that she had lost, there were many people who wanted to pull her pigtailed.

Therefore, no matter what, she could not go on like this. Otherwise, everything that she had worked so hard for would be ruined. When that time came, she would not even know how she died.

Her body trembled, and her face was snow-white. Another drop of cold sweat dripped down from her forehead.

"Si Yu, what's wrong? Are you not feeling well?"

Young Master Bai looked up. When he saw Si Yu like this, he hurriedly stood up. He thought that she was sick, so he asked with concern, "Are you feeling unwell somewhere? Do you want a doctor to come over and take a look?"

Si Yu looked up, her lips trembling. However, tears flowed down her face in such a natural and unpretentious manner. Lu Qin, on the other hand, was stunned. He could not answer for a long time.

He had forgotten that he did not know how to act. His gaze shifted to Yan Huan, asking him to save the situation. Sometimes, they were like this. If Lu Qin forgot his lines, with Yan Huan's ability.., it would not be a problem for him to save the situation.

However, Yan Huan was still crying non-stop. With such complicated emotions, her eyes were almost blurred. Her eyes were crying, her expression was crying.., but her heart suddenly turned cold.

She knew what Lu Qin was waiting for, but she was sorry. This time, she would not help.

She really thought that she had no temper. She really thought that she could lie on the ground. No one was willing to let others step on his shoulders. There was no such a great person in this world. At the very least, Yan Huan himself would not.

Although she loved acting as Mary Sue and White Lotus, she was also selfish.

Lu Qin could not come up with a response for a long time, and Yan Huan did not help him either. It had been half a day, and the time in front of him seemed to have stopped.

"Cut!"The director immediately shouted, "Cut!" .

Yan Huan stood up straight and asked the makeup artist to touch up his makeup. He knew that the tears were for nothing.

The director asked Lu Qin unhappily, "Didn't you perform well in the past? What happened? With such good conditions and such a good opportunity, it was someone else who cried, not you. Why didn't you say anything for a long time?"

"Director, I'm sorry. I forgot my lines," Lu Yi explained, but his face was boiling hot.

What else could the director say? He could only get on the horse himself and be a woman.

"Let me accompany you for a bit. Don't mess up the next scene. It's not you who's crying. It's someone else who's crying. These tears can't be shed just because you want to."

The director was a director. Otherwise, how could he be a good actor? He lowered his body and his gaze changed. Young master, are you going to marry someone else.

That demonic look and that aggrieved face. The director was originally a monkey with a pointy mouth. When he was shy like this, he was like a flower. Lu Qin immediately felt his stomach churn, it was as if he was going to throw up after eating in the morning.

"Young master..." the director let out another coquettish cry.

"Urgh..."

Lu Qin covered his mouth and threw up on the side. As expected, he threw up all his breakfast. Not only did he throw up his breakfast, he might even throw up all his last night's dinner.

At this moment, the air in the set was not circulating. This sour smell made many people uncomfortable.

Obviously, the director was even more uncomfortable. He turned around and walked away. He did not even want to shoot anymore.

Wasn't he disgusted by him? Fine, if he was disgusted, don't look at him.

It seemed that no one could pretend that nothing had happened when they knew that they had made others throw up. This time, the director's impression of Lu Qin was even worse. If it was not for Lu Yi., seeing that he could hire Yan Huan as a supporting role, how could he, Lu Qin, be the male lead? In the end, he was the male lead for him.

As a director, he was really so disgusting that people would vomit whenever they saw him.

The director had obviously misunderstood Lu Qin. Lu Qin really didn't vomit when he saw the director's face, nor was it because the director was pretending to be a woman.
