

Chapter 1331: why wasn't he given any scenes

It was really because the food he ate yesterday wasn't very good. Perhaps it was because his stomach had been damaged. He had been feeling unwell the whole day, and the result was that he couldn't throw up at any time, he had to throw up in front of the director when the director was giving him some scenes.

Was he complaining about the director's disgusting appearance?

Actually, the director was not very good-looking, but it was not to the point of being disgusting. At most, he was just a little wretched. However, he was a good person. When he smiled, no one would find him annoying.

At the very least, Yan Huan liked this director.

Lu Qin had thrown up in front of the director this time around. It was likely that the director would hold a grudge against him for a while. It would be strange if the director would treat him well.

Lu Qin's stomach had been damaged from eating, so he vomited and defecated. There was nothing he could do about it, but in the end, he still had to put on water.

When there were fewer people, Yan Huan finally knew her identity. She felt like she wanted to take a look at him, but of course, she would never admit it. She was really there to watch a joke, and Lu Qin did not have any jokes for her to see.

She walked in and saw Lu Qin lying there. He was completely exhausted. He was pulled so badly. She heard that he had already pulled more than ten times a day. He was severely dehydrated. If he was still not well the next day.., he would be sent to the hospital.

"You still know how to look at me?"

Lu Qin sneered. "I thought you wanted me to die."

"I didn't." Yan Huan acted like a little wife, "You were the one who said that we shouldn't meet in private. You were the one who said that you wanted to create rumors with Mengni and told me not to get involved. You were the one who said that I shouldn't do this and that I shouldn't do this. Lu Qin, what's the matter? I did as you said. Do you have any objections? What are you not satisfied with?"

Lu Qin was already weak to begin with, and after being hit by Yan Huan, he instantly felt his head buzzing. He was almost angered to death by Yan Huan.

He forcefully took a deep breath.

Fine, he didn't say anything.

"Why didn't you give me a supporting role?"

"A supporting role?" Yan Huan blinked her eyes. "You didn't tell me?"

Her face was filled with confusion. Really, did you? Did you say it? Did you not say it?

"I gave you a look." No matter how hard Lu Qin tried to hold it in, he felt that the blood on his body was flowing towards his head. There was also something on his chest. He was still holding it in. He was still enduring.., he was afraid that he would be unable to hold it in and spit out this mouthful of blood. "...he directly spat it onto Yan Huan's face.

Yan Huan shook his head with a righteous expression. "Are you talking about the scene where we played opposite each other?" She pretended to think for a moment before continuing to explain, "It's not like you don't know that I was crying at that time. My tears were flowing profusely. These were real tears and not eye drops. At that time, I couldn't see anything and I didn't see your expression. I only saw your eyelids blinking from time to time. I thought that there was wax at the corner of Your Eyes..."

Lu Qin rolled his eyes in anger. It was possible that he could no longer hold back the gloominess in his chest. "You..."

Yan Huan also shut her mouth and did not say anything else. She knew what it meant to know when to stop. This was enough for now. If she said too much, it would become intentional. She did not want this intentional. Of course, she also did not want Lu Yi to know that she did it on purpose.

Although it was obvious that she did it on purpose, her excuse was impeccable.

"Then I'll go back first. I don't want to be seen by others later and affect your image. Then you have to be careful. Don't eat carelessly anymore." She still had to be concerned about it before it was too late. Otherwise, it would really not make sense.

When she came out, Lu Qin's head was still heavy and his legs were still dripping. Even a breath could kill him.

If he had known that Yan Huan would be like this, he wouldn't have let her come over in the first place. At that time, he had thought that she would act for him. But now, all of them had gone to act for Yan Huan. Even he himself had gone.

At that time, Yan Huan was unwilling to come no matter what. It was him who had threatened and enticed her to come over. Alright, now that she had come over, she had actually snatched everything away. And now, he wanted to know.., was this what it meant to lift a stone and hit one's own foot.

He closed his eyes and gradually calmed his breathing. What he wanted to do now was not to think about these things. Instead, he wanted to make his body recover. This was just the beginning, if he continued like this, he might be replaced.

And he, Lu Qin, could not afford to lose face like this. If he was really replaced, it would be a kind of destruction to his current popularity.

Just as he closed his eyes, not long after, he heard his phone, which was placed on the side, ring.

He picked up the phone. It was Qin Xiaoyue Calling. At this time, he did not even want to hear his own voice, let alone Qin Xiaoyue.

"Mom, what's the matter?"

Lu Qin put the phone to his ear. The drip was flowing into his blood vessels bit by bit. The coldness seeped into his blood vessels, and even his whole body became cold. It was so cold that he couldn't bear it.

"Lu Qin..."Qin Xiaoyue almost roared on the phone.

"Look at what kind of woman you're looking for. She won't pick up my calls? I've called her so many times. She's really bold. She doesn't even take me, her mother-in-law seriously."

"She won't pick up your calls?"Lu Qin narrowed his eyes. He knew his mother's character. It was not a small matter that could make Yan Huan not dare to pick up her calls.

"Yes, she's not picking up my calls,"qin xiaoyue scolded Yan Huan profusely. She even greeted his ancestors.

Lu Qin was a little annoyed by the noise. He did not have the strength to hold his phone right now, so he directly pressed the speakerphone and threw the phone to the side. Qin Xiaoyue's shrieking voice could be heard from the phone.

"I just asked her to give me a million yuan, but she refused to answer my calls and said she didn't have it, Ha..."Qin Xiaoyue smiled coldly, "She didn't even have a million yuan. Who Are you kidding? All of her jewelry is worth millions of Yuan. Now it's only a million yuan. She can even knock on the door like this. If I'm Old in the future, will she want to throw me on the Road?"

"Mom, didn't I say it before?"The more Lu Qin listened, the tighter his eyebrows became.

"Don't keep asking her for money. I have use for all of her money."

"Why not?"Qin Xiaoyue asked her son. All of her money was now yours. "I'm your mother. Is there anything wrong with asking for your money?"

"Wait until she transfers the money to my account first. Now her money is not mine. It's all in her hands."

"She hasn't transferred it yet?"Qin Xiaoyue was displeased when she heard this.

"You've spent so much time on her, but he still hasn't given you the money. How Do You Do Things?"

"Mom, she's not stupid."Lu Qin sat up with difficulty. Thinking about it, he felt very uncomfortable.

Chapter 1332: She had heard

"The condition for her to give me the money is that I want to get the marriage certificate from her."

"What?"Qin Xiaoyue's voice immediately became louder. "She wants you to get the marriage certificate. How can that be?"

"Yes, that's not possible."Lu Qin didn't hide anything from Qin Xiaoyue, "I only borrowed her reputation, the resources she has, and the money she has. It's probably hundreds of millions. That's all she can bring me now. After i become famous, she won't be of any use anymore. My wife, Lu Qin, can't be a woman from such a background."

“Then what are you going to do?” Qin Xiaoyue was relieved when she heard her son say that. She would never want a woman like Yan Huan, who only had a good face. No matter what her daughter-in-law was like., she could not be worse than her boss’s daughter-in-law.

At the very least, her daughter-in-law was much better than her boss in terms of family background. In her heart, Yan Huan had never caught her eye. She only took a fancy to the jewelry on her body and the money.

Meanwhile, Lu Qin only saw her status and all kinds of resources. They were all scheming, but in the end, they were only scheming about those worldly possessions. They had never thought of wanting her.

“I’ll tell her.” No matter how Lu Qin closed his eyes, he still felt dizzy, “Mom, don’t worry. I Won’t sell myself to her. She doesn’t have the qualifications yet. She will listen to me. As long as I say it, she will listen.”

He was already calculating in his heart how to get Yan Huan’s final resources and blow up her last drop of blood. Based on the current situation, Yan Huan’s resources., perhaps he could still use some more time. However, he had to first ask for the money. It was just a certificate. This certificate, he could just casually get a fake one. In any case, with Yan Huan’s stupidity., it was impossible for him to discover anything.

Yan Huan was indeed very smart in other areas, but when it came to love, he was stubborn. So as long as he put on a good show, she would obediently transfer all her assets to his name.

He did not know that the person he wanted to scheme against happened to be outside the door. He had also heard everything that he and Qin Xiaoyue had just said. The room had originally been pushed open by a small gap, it also slowly closed.

Yan Huan turned around. He returned the same way he had returned.

She had only wanted to say a few more words to Lu Qin. In the end, she heard that he was on the phone inside, so she did not want to disturb him. She just needed to go in by herself. In the end, it was an accident, she had heard something that she had never thought about and never knew about.

She could tell that Lu Qin did not love her. She could tell that his eyes would sometimes show some cynicism and he had given it to her. And Qin Xiaoyue had never treated her as a daughter-in-law. She had treated her as a lump of gold.

A lump of gold that could scrape out gold.

It was still a lump of gold now. There were even gold bars that could be smashed out. Slowly, more and more of them were smashed out. It was gold dust. After that, it was silver. Of course, compared to gold, silver was not as attractive, of course, it was not that there was so much silver that it was not edible. It was just that it was tasteless to eat.

When the last layer of silver on the top layer was also emptied out, it became an iron block. Then, it might be like a shot put, and it would be thrown out directly. There would be no heartache.

From the lumps of gold to the iron block, it was the property in Yan Huan’s hands

Yan Huan walked back to her room. She lay on the bed and hugged her pillow in her arms. She might have thought about Lu Qin pursuing her, but there might be some who liked her. Although there might be some motives., but she did not think that his so-called motive was actually so unrepresentable. It was also something that she could not bear.

She hugged the blanket tightly, and an unspeakable pain was pressing down on her heart.

So it turned out that after losing her mother and her sister, Yi Ling.

They were bullying her just like that.

They were bullying her because she did not have a mother and did not have any relatives, right.

Lu Qin and her mother were really close to squeezing the last bit of blood out of her body.

Fortunately, yes, fortunately..

Yan Huan wiped away her tears. She didn't cry. It wasn't worth crying over this kind of man. Anyway, she didn't love him anymore, so what was there to cry about.

Fortunately, she didn't lose much.

Fortunately, she hadn't given up on herself.

Fortunately, the money that made Lu Qin miss her was still with her.

Fortunately, she hadn't given up on filming.

Fortunately, she didn't love him anymore.

Fortunately, she did not have the heart to not save Old Master Lu or Lu Jin.

However, she was still in pain and sad. She still wanted to cry because she had been cheated miserably.

She was the only one here. She only cried once. She only cried once for that jerk. After that, she would stop crying and would not cry again.

She followed along and ate nothing. She did not want to eat, and when she opened her eyes again, it was already one or two in the middle of the night. She took out her phone, and the light from the phone shone on her face, ying Bai's eyes were red and swollen.

She opened the chat app.

He was still there.

"Are You There?"

It was still the usual question

"What do you think?"The reply from the other side was still quick.

She finally added a few more words.

Yan Huan Lay Down Flat and kicked the quilt again. Her feet were also placed on the quilt, as if she was kicking the face of a certain Qin beast. She trampled him to death and kicked him to death. She even

wanted to swindle all of her wealth and then kick her away. How could it be so cheap? Did she think that all of her money was blown down by the strong wind.

Her money did not come from the wind, nor did it come from the rain. Her money was also earned by her blood, tears, and sweat. She was the one who wore ice-cold water in winter and cotton-padded clothes in summer. She worked hard to earn it.

Every single cent of the money was her hard work. It was impossible for her to give it to others for free.

Yan Huan turned over and curled her body. Then, she placed her phone in front of her eyes.

“What if I become homeless in the future?”

She asked Lu Yi. Of course, he knew that the other party was Lu Yi, but Lu Yi did not know who she was.

When she returned this time, she was no longer prepared to feign civility with those hypocrites. They wanted to scheme and let them scheme for themselves. It was fine to scheme against anyone, but she did not want to participate anymore.

She wanted to stay far away from the Lu family. She would never go back and never see the Lu family again.

But why was it that she was a little reluctant to part with him.

There was already a string of words on the phone, and she repeatedly muttered softly.

“There’s no home. Come and find me.”

Chapter 1333: was going to plot against her for the rest of her life

Yan Huan didn’t reply, nor did she agree. She still had to arrange some matters. She had to leave the Lu family in the same way she did. When she left, it was aboveboard. When she left, it was the same.

Although she was alone, she wouldn’t let herself lose face.

No matter what, all of this was not her fault. She was the victim. She could not give two years of her life to Lu Qin for free. If she did not come back, how could she let herself down.

And some people still had to plot against her for the rest of her life. They had to dream big dreams,

and she would let his dreams be dreams that he could not dream of in this lifetime. It would also be the worst hand he had ever played.

The next day, when filming began again, Lu Qin’s face was still as pale as ever. He was not in good spirits and had been pulled to the point of dehydration. Both of his legs were weak. It was indeed not easy for him to be able to stand up now, however, standing was still standing, but he might not be able to continue filming.

Meanwhile, Young Master Bai and Si Yu’s scene had skipped this part first. Now, they were going to act as Mrs. Bai transferring Si Yu to the kitchen to busy herself with her son’s marriage. This was also the right thing to do, after all, who would dare not be willing to have a young and beautiful servant girl by their husband’s side? Moreover, this servant girl also had some respect for her husband.

Therefore, Si Yu, who had initially been doted on by Lady Bai and young master, had her status plummet in an instant. Moreover, the people in the manor were all good and good. In the past, when she had the ability, others could still call her Miss Si Yu, but now, even her name was no longer called. And after a while, perhaps even her people would be forgotten by young master.

Especially men, who were always in love with each other.

And this scene was the one where Si Yu was sent to the kitchen.

Of course, this scene required the actors' thinking and acting skills to jump very quickly. Moreover, the changes in their eyes were also very numerous.

Yan Huan had actually thought about this scene a few days ago, so she also knew how to act. She naturally had a certain amount of experience in her heart. If it was this scene, she would not be afraid.

"Get ready to begin."

The director shouted for the start. He also followed in front of the camera. At this moment, the camera's lens had always been on Yan Huan.

It was the same two long braids. It was the same gray clothes that had not changed at all. At this moment, there seemed to be a trace of dust on this face. It was as if there was something extra on it, but no one could understand it.

Si Yu walked into the house, and the smile on her face naturally began to move.

"Madam, I'm here to bring you some soup. The people in the kitchen took a few hours to brew it. The soup has been boiled to a white color, but it's still fresh."

As she spoke, she took out the soup from the plate and placed it in front of Madam Bai. Madam Bai glanced at the soup and quietly picked it up.

Si Yu stood to the side, waiting for Madam Bai's praise. The taste of the chicken soup was indeed good. Si Yu could guarantee that it would be extremely delicious. Of course, it also suited Madam Bai's taste.

Mrs. Bai's favorite drink was this bowl of chicken soup.

And every time Mrs. Bai finished it, if it tasted good, she would reward her from time to time. Therefore, all the good things on her were given by Mrs. Bai, even the exquisite desserts made in the kitchen were eaten quite a bit. Although she wasn't a proper master, her life was actually similar to that of a master, it would be great if she had another identity. Yes, it would be great if she had another identity.

Even if it was her aunt.

As she stood at the side, the expression on her face kept changing. Sometimes she sighed, sometimes she was sad, and sometimes she wanted to say something but stopped. In just a few minutes, every time the camera zoomed in, she had a different expression, even if the camera was not on her, her eyes, her face, and her hands were all full of drama.

"Si Yu, how old are you?"

Mrs. Bai put the chicken soup in her hand on the table. She raised her eyes and glanced at Si Yu.

“Mrs. Bai, I’m eighteen.”

Si Yu lowered her head, but her hands kept tugging at the hem of her clothes. She was a little nervous, a little expectant, and perhaps something else.

“You’re already eighteen?”

Mrs. Bai sighed. “Time really flies. I remember when you came to the manor, you were just a little girl who only knew how to cry. Now, you’ve grown into a big girl.”

Si Yu smiled obsequiously.

Actually, she had almost forgotten everything that happened before she came to the manor. She had been in the manor since she was five years old. It seemed that something had happened to her family. Her parents had no choice. They could not support a family, so they sold her. After they sold her, they finally received some money so that the family could have a full meal. Thinking about it, she really sold her at a very cheap price.

Her drizzle was only worth the money for a full meal.

When she was young, she looked good. Although her face was yellow and she was thin, it could be seen that when she grew up, she was a beautiful woman. When her mother in the brothel took a fancy to her, she wanted to buy her away, later, Mrs. Bai met her. Seeing that she was pitiful, she finally bought her back. At that time, the young master was only about eight years old. The young master actually liked her very much. He held her hand and called her little sister. He even asked Mrs. Bai to give birth to such a beautiful little sister for him.

Unfortunately, master Bai had passed away not too long ago. Young Master Bai did not understand. He thought that his father had passed away and would return soon, just like the shopkeepers in the shop. After going out for a year and a half, he would return, he would return. Only when he grew up did he realize that his father had gone out and would never return.

However, he did not know that. He only saw that other people had a younger sister who was very fond of them, so he had always treated Si Yu as a younger sister. Therefore, he had always treated si yu extremely well in the Bai family.

In the blink of an eye, Qing Xian Yu had really grown up. However, Mrs. Bai mocked herself.

She was old, and she had to start preparing for the future of the Bai family.

No matter how much she liked Si Yu, she was still a servant, not a member of the family. Even though she had grown up by her side, not to mention growing up with young master Bai, even if she was just a step away from acknowledging an adopted daughter., to say that she had sacrificed herself meant that she had really sacrificed herself.

She would not allow any danger to remain by her son’s side, and Si Yu was a danger.

“Si Yu, you know that young master is about to get married, right?”

Mrs. Bai asked Si Yu, but her eyes were sizing si yu up.

Si Yu's expression changed, but in the end, she still pretended not to care and smiled,

"I know. It's been spread throughout the manor. Si Yu is also happy for young master. Young master is really going to get married."

Chapter 1334: Love in a bottle

"Sigh, you child." Mrs. Bai glanced at Si Yu, "Actually, I like you too. I originally wanted to make you young master's aunt, but I'm afraid the song family won't be able to tolerate you, so I'll let you suffer first. First, you'll stay in the kitchen. Once young master is married and it's a foregone conclusion, I'll get yours back. Do you think it's a good idea?"

"Alright, I will listen to Madam," Si Yu said as she continued to smile humbly. However, at the instant she lowered her eyes, a tear was squeezed out from the corner of her eye, as well as the corner of her mouth, the resentment that she felt finally seemed to have disappeared. Just like that, amidst her laughter and resentment, she only managed to catch a glimpse of it. However, it quickly disappeared.

She walked out with a bowl in her hand. She was still smiling. However, the moment the door closed, the smile on her face had yet to fade. Tears began to roll down her face. However, she was clearly still smiling, her smile also began to carry a kind of hatred.

Before the camera stopped, it was the same expression as hers.

It was a perfect expression that could be said to have erupted with acting skills.

Such an expression was too professional, even the director couldn't help but shout.

Because at this moment, Yan Huan's face was actually kneaded into a pitiful and hateful expression. It was both pitiful and terrifying. She combined all of her expressions into one feeling. Coupled with her face that was already extremely beautiful, this scene., perhaps many people wouldn't be able to forget it, including the director himself.

"Cut." After the word "Cut," Yan Huan stretched her waist. Alright, today's work was done for the day. Could she eat now.

Her eyes lit up as she realized something. Her movements were still frozen in place, but everyone was looking at her. It was as if there was a trumpet flower growing out of her head.

"That..." she pinched the corner of her sleeve in embarrassment. "Can I Go Eat Now? Or do I have to continue filming?"

"Eat, of course you can eat," the director quickly said. Everyone scattered to eat. What Yan Huan had shown to others today was another side of her. The other side was almost different from her usual side, also, she could be said to have amazing acting skills.

In fact, even Yan Huan did not know where her acting skills came from. It seemed that her acting skills had improved by quite a bit. Moreover, she had also perfected it. Could it be that she had become so angry because of Lu Qin and his mother, therefore, even her acting skills had improved. She was also puzzled by this.

Two boxes of lunch came from the assistant's box. One was hers and the other was Yan Huan's.

Yan Huan opened the box and gave all the meat inside to her assistant

The assistant smiled bitterly and gave the food in her lunch box to Yan Huan. Yan Huan was a picky eater, so they always ate like this. Yan Huan ate the food while her assistant..

Ate the meat.

Yan Huan picked up the lunchbox and started eating. When she raised her head, she saw Lu Qin sitting with the director and talking to him from time to time. As expected of Lu Qin, he was able to bend and bend.

He could be a big man, but he could also be a little slut. If he could even appear sexually, then what else could he not betray.

As expected, it didn't take long before the director's gloomy expression started to show signs of clearing up. He even started to treat Lu Qin better. Hence, Yan Huan had to admit that he was tricked by Lu Qin's face and mouth, it seemed to be within reason.

However, what was real in this world? Even feelings could be deceived. Oh right, she seemed to have deceived someone as well. She had deceived Ji Yi and even teased him every day.

She poked at the food inside and couldn't eat anymore.

If she was still the Yan Huan from before, before she met Lu Qin, the Clean Yan Huan, she could have loved someone regardless of her identity. But now, she didn't have any qualifications.., even if she ended up with Lu Qin, her body would always be branded with the scent that belonged to Lu Qin.

Suddenly, she thought of the love in the glass bottle.

The glass was originally filled with water. She met sponge, who knew to take, but did not know how to return. Later, she went to the cactus. What she valued the most, but others did not need. When she met Mr. Rock Candy.., this was what she wanted the most.

But she already had no water.

She did not meet the right person at the right time.

She did not leave the best of herself to the right person.

"Miss Yan, What's Wrong?"The assistant saw Yan Huan suddenly cry and was shocked. This was already a drama, how could she still cry?

"Nothing, I was just blinded by the wind."She hurriedly wiped her tears away and continued eating.

Suddenly, she heard a voice that sounded like the sound of Buddha.

"The filming of the opposite movie is starting."

The assistant mumbled as she ate.

And the sound of Buddha..

Yan Huan seemed to have heard a sentence that echoed in the air. It was also a sentence that instantly made her heart ache.

I wish that when I obtain Bodhi in my next life, my body will be as clear as glass, my inner and outer body will be clear, and there will be no blemishes

I wish to meet you.

She put down the food, took her things, and left.

“What’s wrong? Aren’t you going to eat?”The assistant asked Yan Huan. “I haven’t even eaten a few nips. Why aren’t you eating?”

“Mm, I don’t want to eat anymore.”Yan Huan stuffed her phone into her pocket and walked to her lounge. There shouldn’t be any scenes for her in the afternoon, so she had nothing to do, she didn’t want to watch other people’s scenes today, especially the love scenes between Lu Qin and Mengni.

She wasn’t afraid that her heart would ache when she saw them, but she was afraid that she would feel disgusted when she saw them. Just like Lu Qin, she vomited all the food from the previous night.

She closed the door, sat down at the computer, and turned on the computer.

At a glance, she saw the profile picture that was still online.

Huanhuan: “Are You There?”

Lu Yi: “Why do you always like to ask such questions?”

Huanhuan: “I’m afraid that you won’t be there.”

Lu Yi: “I’ll be there.”

Huanhuan: “You can’t trust a man’s words.”

Lu Yi: “I have nothing to say.”

Yan Huan suddenly smiled. It was as though she could feel the helplessness in his heart, as though he was going crazy.

Her fingers gently swiped across the computer screen. You’ve never heard of a bottle of love.

Lu Yi: “A bottle of Love?”

Huanhuan: “Yeah, have you seen it?”

Lu Yi: “I’m not in the romance department, I’m in the Computer Department.”

Yan Huan: “I have nothing to say.”

Lu Yi put down the pen in his hand, then brought the laptop in front of him and typed a few words on the internet.

Love of the bottle, what is love of the bottle.

Chapter 1335: breakup fee

He pressed enter, and he really found it. And when he finished reading it, he knew what a bottle of love was.

Because he didn't meet the right person at the right time.

When he wanted to get close, there was no way.

Because there was no beginning..

Lu Yi opened the chat app again, his fingers gently stroking the beautiful portrait on it.

Regardless of whether she had met him in the beginning or not, don't make yourself suffer.

As for his words, Yan Huan didn't know.

Yan Huan lay in front of the table, her fingers holding the mouse from time to time. She seemed to be waiting for something, and also seemed to be reading something. However, to her disappointment, the other side never gave her an answer.

Yes, she understood. There was no need to answer.

Just when she decided to leave, she didn't want to see anyone with the surname Lu in the future. She also didn't want to be together with anyone with the surname Lu in the future. Whether it was this person with the surname Lu, that person with the surname Lu, or countless people with the surname Lu, she hated them all.

However, although she said that she hated them, she still couldn't hate someone with the surname Lu.

Yan Huan turned off his computer and took a script from the side to flip through it. Only when her profile picture was destroyed did Lu Yi regain his senses. He then opened the web page again, that bottle of love.

He seemed to have understood it. It was as if a bottle had turned into Yan Huan.

And this was truly the most beautiful bottle he had ever seen.

Yes, Yan Huan was an extremely beautiful bottle. Even if she was useless, even if she was placed at home, she would still be a beautiful vase. However, Yan Huan was not a vase. In the past, when she put it together, she was even more desperate than a man, now, she was even dumber than a fool.

The phone that he placed at the side rang. He took the phone and when he saw the number on it, he could not help but purse his lips slightly. A storm started to fall in his dark eyes.

It was Fang Zhu's.

He placed the phone by his ear.

"Lu Yi, come out to the Haijiang Hotel."

There was only one sentence and nothing else. Lu Yi did not ask and neither did Fang Zhu. She hung up the phone.

Lu Yi put his phone in his pocket and turned around to leave.

When he reached the door, he heard the computer ring again. He turned his head and saw a photo of a woman on the chat app, she had almost curled up into a ball. Her hands were covering her face and her facial features could not be seen clearly. However, it could be seen that she had extremely long eyelashes and an extremely good figure. There were also a pair of slender long legs that were exposed. There were also extremely good legs. However, this action was a little pitiful. No matter how one looked at it, it was like a kitten that had been abandoned.

He sighed and sat down again.

His fingers also quickly tapped on it.

“Abandoned by someone?”

Yan Huan raised her eyelids. With just this sentence, she felt her glass-like heart ache.

“Mm, no one wants me anymore. Do you want to pick me up and bring me home?”

Lu Yi’s fingers lightly paused on the keyboard and lightly pressed it.

“Okay...”

But there was nothing else.

Yan Huan held his phone in his arms, still maintaining the same gesture. Lu Yi looked at his watch and then strode out.

Some things should be resolved.

He just wanted to be loyal to his heart. Even if he couldn’t get anything, he wasn’t willing to lie to anything.

The car stopped at the entrance of Hai Shi Hotel. From Afar, he could already see Fang Zhu standing on the ground. In fact, she was very easy to recognize. She was wearing a black suit that didn’t change a single speck of dust. There was almost no color, her hair had been combed meticulously. There wasn’t even a single strand of hair. There wasn’t any jewelry on her body. The only piece of jewelry was probably a watch on her wrist.

She stood in front of the fountain. She wasn’t charming or graceful. There wasn’t even any curve on her body. Although she was wearing a suit, there wasn’t any flesh on her chest.

Everyone knew that teacher Fang had a flat chest.

Lu Yi walked over and stood beside her.

“You’re looking for me?”

Fang Zhu turned around and wrapped her arms around her chest. The black glasses on her face covered most of her face. Under the light and shadow, she couldn’t feel much warmth, there was only an unspeakable unkind look on her face.

“Yes, I’m Looking for you.” Fang Zhu was still hugging her arm in anger. Then, she pointed at the box of things on the ground, “These are the things you gave me back then. I didn’t move an inch and placed all

of them here. Also..."she opened her bag again and took out a piece of paper and placed it in front of Lu Yi, "This is the bill for the two of us being together. Of course, there's also my youth loss fee. Fang Zhu ran her fingers through her hair. Lu Yi, don't blame me for being realistic. Although I was the one who proposed the breakup, I have to say that I've been at a disadvantage with you for the past three years. You Don't object to this, right?"

"Of course..."she ran her fingers through her hair again. "You can also bargain with me. This is just the number I requested."

Before she could finish her sentence, there was a sound from her phone. She took out her phone. It was an old-fashioned phone. It was easy for her to use, so she did not think of changing it again. Besides., she was not an overly fashionable woman. As long as she could use it, it was enough.

She put her phone forward and saw that there was an additional text message in the phone. She opened the text message and saw a message on it. It said that five million had been transferred into her bank card.

Lu Yi did not bargain and directly said that he had transferred five million to her.

However, when she saw the five million yuan, she was actually not happy. It was clearly a request, but when Lu Yi really transferred it to her, she felt as if she had been insulted.

She stuffed her phone into her bag and strode back.

Lu Yi squatted down and picked up the things on the ground. He did not even look at them. In the past few years, he had given quite a number of things to Fang Zhu. He was not very good at giving gifts. He would buy whatever Fang Zhu wanted, he didn't even calculate how much he had spent.

He put these things in the car. Actually, he didn't want them. He only wanted to take them away because he didn't want to litter.

When he reached home, he walked out and took out the box of things from the trunk. He walked to the trash can and with a raise of his hand, he threw all these things in.

When he walked back to his room, the computer screen had automatically turned black.

He first threw the car keys here, then walked over, sat in front of the computer, and turned on the computer.

She was still there.

Yes, she was still there.

Yan Huan was still there.

Chapter 1336: I like you

Actually, Yan Huan had just woken up. She was holding her phone and staring at the profile picture in a daze. There was actually nothing good about it, but she just felt that it was pretty good and pleasing to the eye.

It wasn't until the profile picture on the other side suddenly lit up that she calmed down.

Yan Huan knew that he was either back or had used his computer.

She thought for a moment and placed her phone between her lips before typing a string of words.

Huanhuan: "Are You There?"

Lu Yi: "Can you change it?"

Huanhuan: "No."

Lu Yi: "Suit yourself."

Yan Huan suddenly smiled. She did not know why, but she was in an extremely good mood.

She pulled a corner of the blanket and bit the corner of her mouth.

"I. . ." She only typed one word before she seemed to be unable to type out the rest. She placed her finger bone on it and moved it away. After hesitating for a long time, she finally added a few words on her hand.

"I miss you."

Lu Yi's fingers on the table suddenly clenched. His heart felt as though it was being teased by a small claw.

"I'm not going to be the third party."

Yan rolled on her bed

"I'm not going to be the third party either."

Yan Huan had long decided to leave Lu Jun. . In the future, she would be able to fly anywhere she wanted, and she would no longer be anyone's subordinate. She was free, but she still lost her most important self.

And even so, she was still willing to believe in love. She still wanted to love.

Actually, she had never thought of anything lasting. It was possible that her relationship with Lu Yi wouldn't last forever. He didn't even know who she was. If he knew, he might even scold her for being promiscuous and unscrupulous.

She instantly felt a little dejected. Behind every lie, there would be more lies.

Yan Huan sat up and put her phone to the side. Then, she climbed down from the bed and sat down at the computer. She turned on the computer and switched the phone to the computer.

She felt that she couldn't say it with her phone. Perhaps the computer was still better.

She stared at the profile picture for a long time. Her fingers pressed on the keyboard for a long time, but she didn't move.

"Hello..."

She never called his name because they had never used their own names. Her name was Huanhuan, and his name was Lu Yi. She knew, but he might not necessarily know who she was.

“En.”

She said ‘Hey’, and the other side said ‘Grace’. was this the so-called saying that no one would be at a disadvantage? No one would be at a disadvantage. She said a word, and he replied with a word. She would not be at a disadvantage, and he would not be at a disadvantage either, she did not know if that man had such a personality, or if he was stingy to begin with.

Yan Huan leaned on the table, then raised her wrist and began to type word by word.

“Hey, I like you.”

Lu Yi’s heart suddenly tightened. The hand that he placed on his chest actually trembled slightly.

“I like you too.”He pressed enter.

Actually, he didn’t tell her that he had liked her for a long time. So long that even she herself believed it, and he didn’t believe it either.

“I’m very good-looking, do you believe it?”Yan Huan continued typing. Even she herself didn’t know that there would actually be a day when she could still be a pure-hearted girl, so don’t date someone online here, actually, it was not an online relationship because she knew who he was and what he looked like. However, he did not know, so she was not at a disadvantage. In fact, he was quite at a disadvantage.

It could not be said. In his heart, that thousand-flirtatious woman was just a stingy uncle.

Although she did not look up to the stingy uncle at all and was still a peerless beauty, well, she did not know that she was absolutely not peerless. However, her face was truly good-looking and her figure was also good. This was also why she was in the entertainment industry, the most prideful asset was that she didn’t cherish herself. Back then, she had been deceived by someone and made some unsightly films. This had also become a stain that she would never be able to wash away for the rest of her life. If she was given another chance., even if it was just a few more years of supporting roles and a few more years of supporting roles, no matter how hard it was, she dared not be afraid. She only hoped that she could be upright and upright for the rest of her life, raising her head and puffing out her chest, and being a down-to-earth person.

Lu Yi tapped on the keyboard,

“Whatever you say.”

Yan Huan put her feet down again, then placed them in the air and gently swayed them.

He did not fall for the trap at all, nor did he fall for it at all. His answer was always impeccable. It was just that he did not know what kind of emotions she could force out of him. However, this seemed to be a little difficult., that man was a rock, he had no emotions.

She moved her face closer to the computer and looked at the camera on the computer. Should she take a look? However, when she touched her face, it seemed that her face could not be seen by others.

She pulled open the drawer and took out a mirror from inside. She looked at her face for half a day.

She looked at Yan Huan again.

She couldn't possibly turn into someone else.

How about wearing a mask? Wouldn't that be silly?

She would still be wearing a veil. It would be too pretentious.

But why? She really wanted to see him.

But in the end, she resisted it.

She could flirt with him and pretend that she didn't know. If she hadn't forgotten her current status, she would still be a married woman. In the hearts of the Lu family, in their eyes, she was still Lu Qin's woman.

And right now, she didn't want to cheat on her husband.

There were some reasons she understood. Even if she didn't have anything to do with the Lu family, even if she wanted to leave, she had to leave openly and openly. No matter how she chose this path, she had to swallow as much grievances as she could.

She shut off the computer and walked to the small wooden bed. She sat down and took the script that she had always kept in her hands. Tomorrow should be the scene of Miss Song entering the mansion.

This Meng Ni was a new movie star. She had not been in the entertainment industry for a long time, but her popularity had risen very quickly. It was mainly because she had a recognizable face, moreover, she had acted in a few youth idol dramas, which had made her famous in one shot.

However, to Yan Huan, she had never really admired a few people. The person she admired the most was the movie star who had been popular in the past, Liang Chen. It was a pity that they had never had the chance to work together, when she had already become famous and could spar with Liang Chen on acting skills, Liang Chen had actually retired. Perhaps it was because of Yan Huan and Baiyan that she could say that it was a pity.

As for Meng Ni, to be honest, Yan Huan had never taken her seriously.

Why should he take her seriously.

Meng Ni was 26 years old and she was 25 years old. Other than being born into a better family, Meng Ni was not as beautiful as her. Her acting skills were not as good as hers, and she did not become famous as early as her. Of course, in terms of acting skills, Yan Huan had always been confident in his own acting skills.

Therefore, she had never been worried about tomorrow's shoot.

She didn't like to suppress other people's scenes, mainly because she had grown up. Perhaps after the incident with Lu Qin, her heart had started to have some unspeakable considerations. If she didn't provoke her..., she didn't want to provoke other people in the future.

Chapter 1337: opponent

Right now, she just wanted to act well and bring back the fame she had lost, so that she could live a good life on her own.

Well, there was still him.

Even if this avatar was to accompany her for the rest of her life, she was willing.

She put the script aside and lay down. She also picked up her cell phone. He was actually still there. She put her cell phone next to her pillow. She wasn't worried about whether it would be irradiated or not. In this day and age, how could there be no radiation? They were all used to it.

Maybe the lives of their generation were very short.

She fell asleep in a daze. When she opened her eyes again, it was around five o'clock in the morning. It was almost time for her biological clock. She didn't sleep either. She was going to the set in a while.

She went to wash her face and brush her teeth. Then, she sat back on the bed, took out her phone, and opened the sky-removing panel. Why was he still there? Did he not eat or sleep, no matter when she opened this, she could see that he was always there and had never left.

She propped up her face with one hand and thought for a moment. Then, she took out a photo from her phone photo album and sent it to him.

"I'll give you a picture of a beautiful woman. She's my favorite actress."

Yet, she shamelessly praised herself without feeling her face burn at all.

Of course, she liked herself. If she didn't like herself, how could she like others.

After sending the photo, she put her phone to the side and put on her clothes. Then, she prepared to find Yueran to put on her makeup and get ready for the shoot.

Lu Yi opened his eyes and his phone followed. He took the phone and saw that it was a message from her. It was a picture of a big movie that Yan Huan had shot in the past. It was indeed very beautiful and magnanimous.

No matter what her reputation was, she was indeed very beautiful. In the entertainment circle where there were as many beautiful women as the clouds, she was a very outstanding figure. She was also the kind of beauty that almost all men and women had.

Lu Yi raised his head, not giving her an answer to this question.

Of course, Yan Huan did not specifically wait for Lu Yi to reply to her message. She was already in the dressing room.

"You're in good spirits. Yueran likes the current Yan Huan. I feel that your condition is getting better and better every day. I've also heard that your acting skills have amazed them."

"You've beautified mine." Yan Huan treated his own as a small flower, and a small flower needed green leaves.

“You’re naturally beautiful.”Yueran had already quickly put on makeup for Yan Huan. Yan Huan was already good-looking, and there weren’t any major flaws on his face. His skin foundation was even better, so it was very easy for him to put on makeup and eat less makeup, especially since she was still young, she wasn’t afraid of high-definition cameras. With this smile, her skin was extremely transparent and enviable.

“It’s done.”Yueran helped Yan Huan tidy up his hair.

“Thank you.”Yan Huan stood up and looked at himself in the mirror for a long time. She also felt that she was pretty pretty. She was so beautiful.

Her mood today was even better. Presumably, the shoot would be successful.

Yan Huan walked to the set and found a place for herself to sit down. She was also discussing with the director about how to shoot the scene. She was not blindly following the director’s instructions, she would tell the director about her understanding of the character. After that, the two of them would discuss how to make the character more flesh and blood, more realistic, and more plump.

Therefore, the directors who had worked with Yan Huantong were usually very happy.

Because no matter what kind of argument they had, it was not because of anything else, but because they wanted to shoot a good scene, even if it was to shoot a certain scene tirelessly, it was all because they were doing the same thing with all their heart.

When Yan Huantong reached the point where the director’s discussion was turning white, Mengni came over. The white dress she was wearing was very eye-catching, and it was indeed very exquisite. In addition, the dress itself was very beautiful, therefore, when she arrived, her eyes lit up.

The director stood up and once again discussed the plot with Meng Ni.

However, Meng Ni did not know where her confidence came from, but she also felt that she could act well. Thus, she was smiling on the surface, but there was an additional hint of impatience in her eyes.

Yan Huan had initially treated this person as one of his opponents. After all, she was the second female lead, while he was the first female lead. From the looks of it now, this opponent did not seem to be very qualified.

“Alright,”the director clapped his hands. “All departments, start preparing.”

Yan Huan had already stood up. This wasn’t her scene, so she just sat at the side and watched others act.

And because she had been together with Lu Qin, she had rarely set foot on the set again. Although she had acted a few times, it was all for Lu Qin’s supporting role, and she had accompanied him to audition time and time again, she had even forcefully suppressed her acting skills. She had also been fighting with Qin Xiaoyue all this time. She had also been wholeheartedly playing with Lu Yi’s family. She had wasted everything, so she did not know., so when had there been so many rookies in the entertainment industry? She had almost been slapped to death.

She propped up her face and leaned against the chair behind her, watching the scene of Lu Qin and Mengni.

Handsome men and beautiful women were always pleasing to the eye, and they always took advantage of each other.

It had to be said that Lu Qin's looks were good. She had to admit this. Otherwise, she wouldn't have been so loyal to Lu Qin among so many men who were pursuing her.

Lu Qin's wooing and sweet-talking were one thing, but his looks were another.

If he was as ugly as a pig, she wouldn't have looked at him.

Moreover, this Mengni was indeed very beautiful. Her words and actions were like those of a lady from a noble family. It was no wonder that she could be so popular. She had the external conditions, her family background, and her acting skills.

Therefore, whether it was in terms of hardware or software, for such a person, to be honest, her popularity was extremely normal,

that was, she changed her direction and sat down, stretching her legs a little longer.

Some of her acting skills were too pretentious. There was no soul, no flesh. Although it didn't seem like she was memorizing lines, it lacked some spirit.

This wasn't what she said, nor was she intentionally belittling others to elevate herself. One could tell just by looking at the director's expression. The director seemed to have noticed something as well. He kept pulling a long face until he couldn't help but shout for it to stop.

Then, he told Mengni to act more naturally. Don't do too many actions, and don't be in a hurry to express yourself. Although this was acting, acting was also a part of life.

And acting was something that could really be understood without words.

A little less was hard, and a little more was acting.

Chapter 1338: was injured

And now, Meng Ni had made such a mistake. It couldn't be said that it wasn't bad. It could only be said that it was a characteristic of a person. As for Yan Yun's acting skills, she liked to act out the body and soul of a character, so sometimes, she felt that after acting out a role, she was about to become a lunatic.

The camera zoomed in again. At this time, it was already a joyous occasion in the Bai residence.

This was the day of the marriage of the young master of the Bai residence. It had been a long time since there had been such a big event in the residence. From the main house to a small servant's room, from the old lady, the young master, the front yard, to their kitchen., all sorts of joyous characters were plastered all over the place.

There were also quite a number of old mothers in the residence who were sitting together and cutting the joyous characters. They were also chatting and laughing as they cut the characters.

If one were to talk about the Bai mansion, it would really be a joyous occasion.

The old lady was very happy today, so everyone gave them a large sum of money. This was a large sum of money. It was more than a year's salary for them.

Si Yu touched her waist. She squatted on the ground and was washing the dishes. There was already a pile of bowls in front of her. No, it was a mountain of bowls.

She wiped the sweat off her head. She really wanted to rest for a while. In the end, a leg stretched out and kicked her back. Her entire body was sprawled on the ground, and her hands were propped up, when the camera zoomed in, it was her pale face. There was no sadness or joy. There was nothing. Only the curve of the corner of her lips increased, followed by clarity,

there was also blood flowing out from her palm..

The director hurriedly wanted to stop her, but Yan Huan did not move. Her body trembled slightly. Then, she stood up and sat down. Then, she retracted her feet, under her long eyelashes, there was still a kind of tranquility that came before the storm. She placed her hand in the basin. It was that blood-red halo that had almost dyed her eyes red..

“Cut.”

The director hurriedly called for a stop, and he ran over first.

“How is it? Are You Alright?”

He squatted down himself, his face full of anxiety, and the medical staff at the side also came over.

“I’m fine.”Yan Huan stretched out her hand. There was already a bloody cut on her palm, and blood was oozing out,

when the doctor wanted to treat her wound, Yan Huan shook her head and moved her hand away.

“What’s Wrong?”The director was about to cry. “Great Aunt, we didn’t have any scenes of bleeding.”The scene just now didn’t scare him to death. There was clearly no scene in the script. One look and you could tell that her hand was really injured.

“My phone.”Yan Huan asked for her phone. Her assistant hurriedly ran over and placed her phone in front of Yan Huan. Yan Huan took the phone and took a few pictures of her bleeding hand.

“It’s not easy to get a lucky draw. I have to leave a little souvenir.”

As she said this, she did not care about her injury at all. She was still happily taking pictures of herself. Initially, everyone was worried about this, in the end, they didn’t know whether to laugh or cry because of her unreasonable personality.

“Mm, before we get better, let’s just take pictures of our faces and not clap our hands, Okay?”

Yan Huan raised her hand that was wrapped like a dumpling. “If we must clap our hands, we must find a stand-in that looks as good as mine.”

She didn’t ask for much, so the director hurriedly agreed. This also made the atmosphere on set as relaxed as before, and it didn’t affect the others because of Yan Huan’s sudden injury.

This also made the director feel that Yan Huan, this actor, was really too dedicated.

The scene that had just been shot was also very perfect. Whether it was the eyes, the feeling, or the movements, they were all perfectly in place. As for the rest, there was not much to do with Yan Huan. It was about time for Lu Qin's Mengni to show off her love for him. She was superfluous. As for her injury, Lu Qin probably did not take it to heart, just now, everyone had come over, but only Lu Qin seemed to deliberately keep a certain distance from her. He didn't even pay attention to this place and only accompanied Mengni. It was unknown what the two of them were talking about.

The director gave her a day off, letting her have a good rest for this pig trotter of hers.

Yan Huan actually didn't want to shoot anymore, so he wasn't in the mood to shoot anymore. It was just right, since there were no scenes to shoot. From the afternoon to the next day, or even the day after, she would be acting. This was also the main storyline for the male lead and female lead, it was also their normal role. No matter what, she was only the second female lead and not the female lead.

Now, she would give the female lead a chance to increase her presence and popularity. As for Yan Huan's scenes, if the female lead and male lead were to shoot slowly, it would take her a week. This was because this was the time when the love between the female lead and male lead would sublimate, they still needed to shoot a series of scenes.

She wanted to see how they were doing. If there was enough time, she might have to return to Hai City once. She wanted to take out some things.

That was, she looked at her pig ladder. At this moment, the pain in her palm was a little heavy. It was not fake.

In fact, it was a little painful.

She returned to her room. She did not have time to watch others show off their love.

It had nothing to do with love or emotions. Her hand was just a little sore and she wanted to rest for a while.

She closed the door and locked herself in. Everyone knew that she was injured. After all, her injuries were not light. They were all injected with anesthetics and stitches.

Almost all of them were injured to the bone. She did not know if she needed a tetanus shot. The Doctor said that it was not necessary for the time being. If she had a fever, it was possible that she would be given a shot. The doctor only gave her some medicine and she had already taken it, now, she did not feel that anything was wrong. She just felt a little pain.

She lay down and took the phone with one hand. If she used one hand, she could not even type. The phone also had a handwriting function. It could still be used.

She was now an unloved person. That so-called man of hers was still filming with other women. In his heart, she believed that the person beside him was much more important than the outdated Yan Huan.

She placed her phone on the small table. The assistant had bought the small table for her. This way, it was easier to read the script. However, she felt that it was easier to flip through the phone.

She pressed the phone lightly and the phone was unlocked. The most thing on her phone was the chat app. She had never seen anything else that she cared about so much.

He seemed to be there, and his profile picture was lit up.

She sent another two words over..

“Are You There?”

If her guess was right, the message that she received from the other side would definitely be that one.

“Yes.”

Chapter 1339: She loved him so much

As expected, after she replied in a second, there was only one word,

it was very simple, very straightforward, and did not leave the mud and water in the slightest.

Yan Huan tapped on her phone and found the photo she took of her own hand. She did not look carefully at how she had fallen back then. When the Doctor was treating her wound, she had also turned her head away, hence, she only knew how serious her injuries were after looking at the photos.

Actually, it was very serious.

The doctor had told her to rest and it would be best for her to stop filming for the next few days. She didn't believe it, but now that she looked at the hideous wounds again, she was a little afraid of herself.

It was a two-inch-long wound. The flesh on both sides had turned over, and blood was flowing all over the floor. She had only felt pain at that time, but she had never thought that it would be so serious, at the time, she had thought that it was just a slight cut on the skin.

It was no wonder that she needed stitches. She was still a little short of a tetanus shot.

She pressed her phone and sent a picture of her claws over.

It was sent back to her very quickly.

Lu Yi: “How did you get hurt?”

Huanhuan: “I was kicked by someone.”

And when she said that, why did she feel like a pitiful little girl? She was still being abused, but she had been kicked by someone. She had really been kicked.., it was just that she accidentally cut her hand on the broken bowl, and the wound was a little big.

But now, it was wrapped up. She couldn't see it, except for the slight pain.

They didn't talk for a long time. Yan Huan looked at his claws, then started playing with his phone. After flipping through the news for a while, he fell asleep.

She had always been like this when she was chatting with him. Lu Yi was not a talkative person, and neither was she when she was with him. Hence, every time she said a few words, it would become the thing she looked forward to the most before she went to sleep. It was also something that she had to

do, however, she did not dare to go too deep into it. She was just like a normal friend. Sometimes, she would say a few words, and sometimes, she would say a few words.

That night, Yan Huan did not touch his phone again. It was only because she was really in too much pain. One of her hands seemed to be swollen, and even half of her arm was not hers.

The doctor came over to take a look, but he did not give her a needle. She did not have a fever, and it only hurt. However, such a big wound would not hurt anyone. It would be fine as long as it hurt. She would be fine the next day.

Lu Qin did not come over to see her. He did not even give her a call or a text message. It was unknown if he was taking revenge on her for not acting for him. Instead, he appeared at the same time as Mengni.

And right now, there were also people who took photos of the two of them dating on the Internet. Even the clothes they wore and what they ate today were all taken as a couple's outfits.

Yan Huan sat in front of the computer. It was really convenient now. She didn't need to listen to what others said. She knew what she wanted to know and saw what she wanted to see.

However, her heart was indeed cold. As expected, she was dead.

It was not that her heart was as still as water. It was that her heart was as still as water. It was even colder. Her heart was as still as water.

Lu Qin did not explain anything to her. It was just like a long time ago. Every time he created a scandal, he would not explain it to her.

It was nothing more than tying someone up and putting on a show. After that, it would be a new film that would benefit the two of them the most. However, if it was a film that was filmed and used such a method to promote it, Yan Huan would not like it, of course, he would also be disdainful.

However, Lu Qin was very loyal to these things. Only now did she know just how selfish Lu Qin was. He made the woman called Yan Huan, who loved her, suffer from time to time.

She was also certain that that woman would not leave him. That woman valued his life more than her own.

If that woman left him, she would die.

However, he seemed to have forgotten that it was okay to lose anyone in this world. It did not matter to lose anyone.

One day, the sea would wither and the rocks would rot. What kind of feelings could last in this world.

Yan Huan had thought about it. In fact, the so-called love that she spoke of was because she was too lonely at that time. She was alone, so she wanted family. She wanted love, so she loved Lu Qin.

But Lu Qin did not love her.

And this kind of deception made her even more disgusted than rejection.

The next day, she woke up late and did not put on her makeup. When she came out, she happened to see Lu Qin. Lu Qin only glanced at her, but he was polite as if he was helping a stranger. He was like a white lotus, his entire body was emitting a faint fragrance. It was fine from afar, but it was not good from up close.

Yan Huan was also smiling at him, but the smile did not reach his eyes.

Men were indeed heartless.

Lu Qin turned around and left. He might have wanted to say something, but when he saw so many people in front of him, he also walked towards the set with an air of elegance.

He thought that since she loved him so much, she would definitely understand him.

He thought that since she could not leave him, it was just a publicity stunt. He had already explained it to her clearly.

When he had the money in his hands, when he had all the resources that he wanted in his hands, he would be completely free.

When he thought of this, his heart couldn't help but relax, and even his breathing became smooth.

Then, he took large strides forward,

he didn't know that Yan Huan's gaze at him at this moment actually contained traces of disdain.

Yan Huan went over to watch Lu Qin's Mengni's scene. It had to be said that the two of them cooperated well. It was just that Mengni's acting skills were a little more creative, and it was probably their first time working together, therefore, they did not have a good understanding of each other. Although they were already working hard, it was normal for them to shoot a few times in one scene.

Yan Huan discussed with the director. Due to the injury on her hand, she could not film for the time being, so she wanted to go home once. If it was fast, she could go home for a day. If it was slow, she could go home for three days.

The director thought about it and calculated the recent mistakes between Lu Qin and Mengni. If they added up, they could give Yan Huan a week off. However, a week was too much, who knew if it was something else. Therefore, he was generous and gave Yan Huan a three-day holiday.

Yan Huan put away her notebook and a few clothes. She wanted to return to Hai City. She wanted to take back her indenture and what belonged to her. She would not leave a single thing for Lu Qin and his mother. This time, she could not take it, she would choose another opportunity to take it.

After scheming against her so miserably, she would still leave something for them. It was more like she left them with hatred.

She did not bring her assistant with her. She bought a plane ticket and went back. Of course, she did not tell Lu Qin that apart from filming, Lu Qin also wanted to use Mengni's fame to ruthlessly make a name for himself in the entertainment industry, he ruthlessly made a wave of his presence.

Chapter 1340: was back

As for Yan Huan herself, after she became famous, she had never liked this kind of thing. She also wouldn't tie up sales with others. It didn't matter if they called her virtuous or stupid. This was her bottom line.

Other than the unsightly movie she made before she became famous, she had used her own hard work to climb up step by step all these years.

That one mistake back then was probably going to make her suffer a lifetime of criticism and ridicule, and she had to admit it herself.

Because that was a stain that she couldn't wash away.

The plane landed at the airport in Hai City as scheduled. She put on her sunglasses and, like an ordinary person, took a taxi outside the airport and then returned to the Lu family.

In the past, she had never felt anything when she was here and back. But now, when she stepped into the airport, her face turned red and she felt ashamed.

They took over the magpie's nest, but it was only right that they were shameless.

It was fine that Lu Qin and her mother were shameless, but she was also shameless.

Her mother had said it before

No matter how poor they were or how bitter their lives were, there were some things that could not be forgotten or done.

Her mother had said that one should never forget one's roots

However, not only had she forgotten her roots, but she had also forgotten her basic shame as well.

She pulled her suitcase and walked in. Her head was very low, and when she entered, a man brushed past her. Her footsteps paused for a moment before she continued walking. She still had her head lowered, but she already knew who he was.

The footsteps by her ears also gradually faded away, as if they had never appeared before.

Yan Huan suddenly turned his head back and saw a straight figure that had already walked far away. He was still wearing the uniform of a prosecutor. It was pure white and clean, with epaulets on his shoulders and buttons on his sleeves, there were no creases on the hem of his clothes. The first detail was that he had a unique identity and aura. It was an integrity that could not be tarnished.

She moved her red lips, but her heart ached a little,

only now did she know that there were some people that she would never forget in her lifetime. There were also some people that she would never be able to meet in her lifetime. She could not even touch them.

She turned around again and walked into her room with her suitcase in one hand. She put the suitcase aside and closed the door. Then, she locked the door and walked into the safe at the side, she squatted down and took out the key from her neck. Then, she turned the password. The things in this safe were all her personal things, and the things inside were also very important, no matter how greedy Lu Qinlie

and her son were, they did not dare to set their sights on this safe. Whether it was the key, fingerprints, or the password, as long as there was a mistake, they would call the police, of course, there was also the first face recognition.

With a click, the safe was opened. Yan Huan opened the safe and sat on the ground. He took out the things inside. There were several sets of jewelry inside, all very valuable. There was also a blue gemstone, yi Ling had gotten this for her from God knows where. In the past, she did not know what it was, but she felt that it was beautiful. Later on, she found out that it was a national treasure of a certain country. However, it was in her hands. Yi Ling said., this was about tens of millions. She did not know how much the current market price was, but it was not less than a few hundred million. It might be even more.

There were also some real estate and the like. These were all her properties in various parts of the country. The most expensive one was the ownership of a small island. At that time, she had bought it from others for fun, but now it had been developed, it seemed that there were also some natural mines and the like. Although there was no profit yet, there should be more in the future.

She had indeed earned quite a lot over the past few years. In particular, she had made a lot of money by filming a few movies, so she had been given a bigger share of the money. Later, Yi Ling used this money to invest, it almost doubled.

She did not have much money in the bank, and the most expensive ones were all here. The money in the bank was almost given to Lu Qin and his mother. The money that was later received was the money from selling the house.

She put these down and took out a piece of paper from inside. This was the same piece of paper that she had carefully put away and put inside.

She opened the piece of paper and placed it on her lap

Lu Qin was willing to marry Yan Huan using this marriage contract as proof.

Marriage contract, losing. Yan Huan really felt that this was a slap to her face. She was fantasizing. She actually forced Lu Qin to sign some marriage contract. She thought that as long as she had this piece of paper, she would be able to get it and be promised something.

It was very normal for legal couples to split and reconcile, let alone such a useless piece of paper. There was Lu Qin's signature and his handprint on it.

These things that made her feel safe were now humiliating and mocking her.

She stood up and took the piece of paper that she had painstakingly kept for two years in front of the fish tank. Even the big-eyed bubble fish seemed to be smiling at her as they opened and closed their mouths.

You guys think I'm too stupid, don't you. She pointed at the fish in front of the fish tank, then placed the piece of paper in the air, shook it, and let go of it. The piece of paper also landed lightly in the fish tank. The group of fish probably thought that there was something good in it., they surrounded it and began to tear at the piece of paper. When the piece of paper fell into the water, even the words on it started to blur.

However, her vision also started to blur.

Yan Huan used the back of her hand to wipe away her tears

Why are you crying? What's there to cry about? En, don't cry, Don't cry. She lowered her head again and carefully placed the things that she took out from the safe into her suitcase, the safe was already empty. She wouldn't leave anything for Lu Qin and his mother. It was a pity. The things that she had given to Lu Qin and his mother for nothing, her jewelry, her money, and the years that she had spent with Lu Qin., as well as her clean body...

Right, Lu Qin was her first and only man.

Perhaps others thought that she had been molested many times, but in reality, she was not. She was very smart and knew how to protect herself, so she kept herself clean until she met Lu Qin.,

however, she did not expect that she would still meet a scumbag. She did not say anything else, but she did not lose out. It was worth it to use those things to meet a scumbag's ambition and ugliness.

This was the only thing that was a joke in her heart. It was also a hack.

She stuffed the suitcase under the bed, then took off her shoes. She then kicked the shoes under the bed.

She got on her big bed and pulled the quilt to cover herself. The quilt was fine and there was no strange smell. The nanny she cared for was pretty good. She helped her clean up every day, she must have suttanned the quilt.
