

Chapter 1411: don't hit her

She got closer, her hands on his chest, carefully tugging at his clothes. She looked at his expression again. If his expression was slightly wrong, she would immediately leave. It was hard to walk in the snow. She didn't know if she could outrun him. In fact, it seemed like she didn't need to run, Lu Yi wouldn't hit his daughter, and she was his savior.

He didn't move, and nothing had changed.

Yan Huan bit his red lips and moved his body a little. He didn't try to persuade her, but he didn't object either.

And she was even bolder. She stretched her frozen hands into his coat, so warm that she snuggled up to him.

"I'm cold..." she moved closer to him. Her small hands were really cold. She had been like this ever since she lost blood. Her hands and feet were cold.

Lu Yi lowered his head and saw that she was like a kitten. Her small head was leaning against his chest.

She was actually quite short. Of course, it was because of him. He finally moved. His hands moved forward and placed them on her shoulders. One of his hands was also protecting her waist.

At this moment, it was as if an electric current had passed through his fingertips and struck her body directly. Yan Huan pressed his face against his chest, no matter if it was snowing outside or if a knife was being used, at this moment, she did not want to leave.

She lifted her face and stared at him curiously, as if he was a Martian from where fire came from.

Never in her wildest dreams would she have imagined that one day, she would be so close to the man she was most afraid of. Furthermore, he was cold and stiff, yet he was actually so warm.

At this moment, a patch of snow fell under her eyelashes. She blinked gently, and the snow melted. She realized that he was very good-looking. Although he did not look like a gigolo like Lu Qin, he was very magnanimous, this was a real Chinese man. He carried with him the foundation and magnificence of a thousand years. This was also a man of the Lu family. He had the good upbringing of a hundred-year-old family member.

She must be blind. How could she not notice this in the past? It was no wonder that old master Lu valued Lu Yi so much. He had never placed Lu Qin in his eyes because Lu Yi was really very outstanding, in front of him, Lu Qin had been reduced to ashes in just a few steps. One had achieved his goal by lying to women, while the other had gotten close to him. Everyone in the Lu family was in the military, and only he was in politics.

And just like that, snow fell on her face one by one. Her face had always been so pale that it was transparent.

.....

Lu Yi pursed his thin lips and placed his hand on her face. In fact, he could tell just now that she seemed to be sick. Her face was not good, and there was no color in it. Her hands were also very cold.

“Don’t you feel uncomfortable?” He asked Yan Huan. Her hands were so cold. Was she really fine? Didn’t she know how cold it was?

Yan Huan pursed her lips and shook her head. “Uncomfortable, not comfortable.”

Lu Yi’s hand had already moved down to her knees. He then carried her up easily. She was very light and almost did not weigh much. If she was wearing an overcoat, it could not be seen. It was just that she felt a little light, however, with this hug, he finally knew how thin she was. Fortunately, it was winter now, so the clothes could add some volume and weight to her. Otherwise, if it was summer, she might really be blown away by a gust of wind.

“Where are we going?” Chua Yanhuan gnawed on her fingernails. She had never felt so at ease. She was willing to throw her into the river later.

“I’ll sell you.”

Lu Yi continued to walk forward. There were still very few pedestrians on the way.

Yan Huan bit his finger again. His red lips were pursed as well. His eyes suddenly curved, and then a trace of a smile appeared on his face.

“You can’t bear to part with me.”

Lu Yi did not reply. As expected, he could not bear to part with her.

She was so bad. She had heartlessly abandoned him. She had targeted and humiliated him time and time again. He had never abandoned her, let alone now. He did not know how much longer he could hold on. He would not give up on her.., perhaps it would be a long time, perhaps it would be a year or two, perhaps it would be tomorrow, perhaps it would be when she married Lu Qin, and he married Fang Zhu.

Yan Huan stretched out his hand and put it around his neck. He also buried his face in his neck. His body had always been warm, but she was as cold as a salted fish that was about to freeze.

“Lu Yi...” she called his name softly.

“HMM?” Lu Yi replied and continued to walk forward. The snow fell from time to time, and the temperature dropped. He almost felt cold. He did not know if it was because she was too cold.., she took away his body temperature.

Yan Huan tightened his neck again and pressed his face against his neck.

“I like you.”

Lu Yi stopped in his tracks. In that instant, the softest part of his heart was pierced just like that.

His throat tightened. He lowered his head again and saw that she had her long eyelashes closed. Perhaps it was because too much snow had fallen, but she was already soaked through. Her red lips were supposed to be bright, but now they were pitifully pale, almost colorless.

Lu Yi hugged her even tighter, then strode forward. He walked into an apartment. He had bought it here from time to time, and now he could use it.

When he opened the door, the temperature inside instantly warmed up, as if they were in two different worlds. The snowflakes on their bodies also began to fall, melt, and disappear in an instant.

Lu Yi put Yan Huan down, but Yan Huan continued to hug his neck without letting go. His expression was still very pale.

“Take a bath.” He touched Yan Huan’s hand, but it was still very cold.

Yan Huan shook her head. “I don’t have any clothes.” She was a germaphobe. How could she wash without clothes? He couldn’t let her be naked, right?

“I’ll go buy them for you.” Lu Yi pulled his hand away. Why was his face so pale? Compared to her face, he could feel the difference in color. She was so pale that it was unnatural. Was she still sick, why was her face still so pale?

Yan Huan put down her hand and pulled on his sleeve.

“What’s Wrong?” Lu Yi held her hand tightly. At this moment, her hand didn’t seem to have any warmth. It was like snow falling outside. Touching it made it feel cold.

“Will you come back?”

Yan Huan raised her face and asked him carefully.

“Yes.” Lu Yi lowered his head, almost touching her long eyelashes. Was she feeling uneasy or was she afraid of being abandoned? His colorless red lips were pursed gently.

He placed a hand on her face and his fingers touched her red lips gently. There was even some ice in his touch. Her entire body seemed to be covered in ice and there was no place warm.

Chapter 1412: Die For You

He suddenly felt a heat in his lower abdomen, and a desire that he had always had arose.

He stood up straight again. I’m going out, you’re going to take a bath yourself. At this moment, his expression was calm, but only he knew that in that instant, he was in a sorry state.

“Okay.” Yan Huan was very obedient at this moment, just like a very obedient child.

Lu Yi opened the door and walked out. At this time, the wind and snow outside almost covered the sky and earth, slapping his face. It also gradually receded, and his body was burning with heat.

He took out his phone, then found a phone inside and dialed it.

“Yi bin, it’s me, I’m Lu Yi.”

“Oh, it’s You?” He Yi bin was still watching the snow at his home at this time, eating instant noodles. He had no choice. There was no woman at home, and he didn’t know how to cook, so he could only eat happy noodles. He heard that it snowed in many places across the country.

However, the snow in hai city wasn't too heavy. When he woke up the next day, he didn't know if he could build a snowman.

"By the way, where are you?" He Yibin took another sip of instant noodles. Anyway, he was already used to eating instant noodles, "Didn't you want to come for a check-up today? Where are you? I've been waiting for you all day. Why aren't you here?"

"I'm here at the film studio complex."

Lu Yi walked while talking on the phone. He also walked towards the nearest shopping mall.

"Why are you here?" He Yibin didn't think too much about it. Of course, he didn't think about it too much. Sometimes, Lu Yi needed to go on business trips. Moreover, he needed to go on business trips anytime and anywhere. This wasn't the first or second time.

"Don't worry about this first. Let me ask you something."

.....

Lu Yi thought of Yan Huan's current appearance. He didn't know how she did it, but he had never heard of her having such a problem. Even if she fell on her head, she should have recovered.

"You said that a person is very white and thin. Almost all of them have no blood color, and their hands are very cold. What's the reason?"

"Oh..." he yibin thought for a while, "There are a lot of symptoms that can cause this. I haven't seen anyone, so I can't tell you. According to traditional Chinese medicine, the differentiation of symptoms belongs to the category of yang-deficiency and non-warmth of the limbs. According to Western medicine, it is because the circulation of the blood is not good. The biggest possibility is that there is too much blood loss."

"Is it a man or a woman?"

He Yibin took a bite of the noodles and asked again.

"A woman," Lu Yi answered. He dared to put one hand in his pocket. In the heavy snow, his body was still very straight, and he was as tall as a mountain.

"Woman?" He Yibin pushed his bowl of instant noodles forward. "When a woman is on her period, it will also be like this."

"Period?" Lu Yi stopped. She probably didn't have it, but he didn't know whether it was there or not. He didn't ask, and she didn't say.

"Wait!" He Yibin suddenly stood up. "Lu Yi, don't tell me you went there to look for her?"

"Yes," Lu Yi admitted generously. "She's here at the film studio complex."

"Lu Yi," he yibin stretched out his finger. "Do you know what you're doing? He's Your Cousin's wife. I've warned you many times. You can be tempted, but you can't do it."

“She’s not,” Lu Yi knew that Yan Huan was never like that. Lu Qin had never taken her to heart. They didn’t have a marriage certificate, and they weren’t married. They actually didn’t have anything.

He Yibin placed his hands on his waist as he paced back and forth. “Lu Yi, are you so unable to let go of her?”

Lu Yi stood at the entrance of the shopping mall. He was already prepared to enter. As for whether he could not let go of her or not.

He thought that if it were not for these things that had happened, he might have already given up. He would place her in the deepest corner of his heart, morning noodles, and never mention her again for the rest of his life. Perhaps he would marry Fang Zhu., perhaps he would have lived his life like this.

But he would definitely not have anything to do with Yan Huan. Who knew that one night, a woman who thought she was smart and liked to eat his noodles would barge into his world.

After that, everything changed.

He still could not let it go.

“What medicine does she need to take?” Lu Yi started again and asked he Yibin. Yan Huan’s appearance really made him worried. He had never seen a woman so white. That time when she was in Hai City, when he went to take a look., he didn’t know if it was because of a fever or at night, but it wasn’t like this either. Why was it so white this time.

Other than the white people overseas, Yan Huan wasn’t white. She was an oriental, a real oriental. An Oriental couldn’t be so white, or so white to the point of being transparent.

He Yibin stood there in silence for a long time before he sighed. “I don’t know how you guys came up with this fate. Okay, you don’t have to buy her any medicine. She’s anemic.”

Lu Yi stopped and placed his hand on his chest. Suddenly, there was a burning pain.

“Yibin, is there something you haven’t told me?”

“Yes,” he yibin admitted, “We’ve been hiding something from you, and we never thought of telling you. Anyway, it’s like this now. I think you’ve been poisoned. If you want to listen, I’ll tell you. Let’s see how you’re going to be poisoned to death.”

“You were shot in the chest by a bullet back then. You were bleeding profusely and in urgent need of blood. There was no matching blood at the hospital.”

“She was the one who gave me the blood transfusion?”

Lu Yi already understood. There was no need to say anymore.

“Yes.” He Yibin was silent for a while before he continued, “She gave you 1500 C of blood. You have to know that a normal person would lose 15% of their blood in an instant, and their life would be in danger. She was still very thin. At that time, she was only 84 pounds. At that time, she drew so much blood that she almost died. However, your life was good, and so was her life. Both of you did not die, so you said that her face was pale, and her hands and feet had no temperature. It was normal. Although we

later gave her blood, her body was still injured. She needed to rest for half a year or so to almost recover. In addition, she hit her head twice. This injury was compounded by injuries. Let alone half a year, she should be able to recover in two years. Therefore, you don't have to buy dog skin ointment for her to eat. Just let her eat more."

"Also..." he yibin didn't want to persuade him anymore, "Do whatever you want. I Won't Stop You. Lei Qingyi probably won't either. You owe her your life. As for this life, it's your business. You probably don't know," he Yibin confessed, at this point, there was no point in hiding it.

"When she gave you the blood transfusion, she also signed the consent form for the surgery. She was responsible for the amount of blood transfusion, and her life and death were also her own responsibility. If she was not related to Lu Qin, I would be jealous of you. There is still one person in this world who is willing to die for you."

Chapter 1413: you owe her your life

"Lu Yi, tell me, where did you get such good luck? You're not as handsome as I am, you're not as white as I am, you're not as gentle as I am, you're not as romantic as I am, you're not as romantic as I am, how could there be a woman who would die for You?"

The more he spoke, the more jealous he became. His heart was almost twisted.

F * ck, if there was a woman who was willing to do this for him, not to mention making him wait five years, he would have been willing to wait ten years, but it was a pity that there wasn't one.

Among the three of them, Lei Qingyi was single, too tall, and had a poisonous mouth. He wasn't good-looking, and no one wanted him. Lu Yi's status was too high, too hard, too cold, and he couldn't bite down on it. Even if he married that bamboo surnamed Fang in the future., perhaps he didn't have such requirements. He, the Doctor, was too busy, and he didn't want to find a colleague. He wanted to find a wife that he could see when he went home and sleep with his wife at night. But in their line of work., when he returned home, he would hug his blanket. There was an 80% chance that he would have to eat instant noodles by himself. The women in the hospital were busier than men.

So far, he was single.

Lei Qingyi was single.

Lu Yi was not in the past. He was still single.

It was just that he did not know how far Lu Yi and Yan Huan could go. But no matter which step they could take, it was their choice. And because Lu Yi owed Yan Huan his real life.

Lu Yi walked into the shopping mall. The wind and snow outside were still blowing wantonly behind him. The surroundings were also covered in white snow, and the snow was very cold.

His footsteps were a little heavy as he walked forward step by step..

Yan Huan came out of the bathroom and couldn't help but shiver. Although the room was heated, it was still a little cold. She was only wrapped in a towel, but she didn't wear anything underneath.

She stood in front of the mirror and tightened her grip on the towel. Then, she gently released it.

The woman in the mirror was extremely white, as white as milk. It was a pity that she did not have any color. Although her height was not considered too high, her body proportions were very good because she had been dancing since primary school, therefore, her waist was very slender and extremely soft. Also, although her breasts were not big, they were in excellent shape and extremely white.

.....

At this moment, her face was a little hot. She knew that her figure was absolutely good, but at this moment, she did not have any confidence at all.

She just sat there. Because the heater was too warm, her head began to light up bit by bit.

However, she really could not convince herself to change into her underwear and underwear from the pile of clothes that she had changed into. She was slightly obsessed with cleanliness and could not do it.

She glanced at the large bed over there and the blanket on the large bed. She also had some small goosebumps on her body.

She couldn't help but feel the warmth of the blanket. Also, she tightened the towel on her body. She couldn't keep wearing this, right?

When Lu Yi returned, there was some snow on his body again. He took off his coat and saw that Yan Huan had already laid down. She was curled up under the blanket and also curled up into a small ball.

He walked over and stared at her face, which was so white that it was almost transparent.

He stretched out his hand and carefully placed it on her forehead

He thought that she did not care about him.

He thought that she had run away selfishly again.

However, he did not expect that it would be for such a reason. If he yibin had not told him, he might not have known for the rest of his life. So it turned out that she had given so much blood in her body to him, and she.., did not intend to tell him, did she?

Yan Huan woke up at this moment. She turned over and stared at him in a daze. Perhaps she was still a little asleep.

She pulled Lu Yi's hand and placed it on her face. At this moment, Lu Shang also realized that the back of her hand was covered in bruises. There were also numerous needle marks on it.

All the heartache he he had for so many years had been given to her.

All the self-blame he had for so many years had been given to her.

He felt heartache for her acting alone. He felt heartache for her not having Yi Ling.

He felt heartache for her walking on this world alone with great difficulty.

He also felt heartache for her being together with Lu Qin. He hated her even more. How could she be so stupid? Couldn't she see Lu Qin's wolf-like ambition? Couldn't she see that he was lying?

Now, his heart ached even more for her to give him so much blood. She was only 84 pounds, and she was so light, yet she had given him so much blood. and the needle hole on the back of her hand, she hadn't stopped giving him injections from the beginning, had she?

And he blamed himself for these days, but he still wronged her. It was only now that he decided to find her, so that her head had been smashed twice.

"I bought clothes for you."

Then, he took a deep breath. It was so heavy that he couldn't even carry it himself.

He stood up again and picked up the clothes he had bought. Yan Huan hugged the blanket and sat up. Lu Yi saw that she was naked. However, it was a loss for him to be able to train his face to the point where it didn't move at all. Hence, no matter what he saw., he could still maintain his calm.

However, it could not be denied that this woman could easily awaken the demon that had been hiding in his body.

"I'll go out and buy you some food."

Lu Yi finally remembered that they had not eaten. It was better for Yan Huan to keep his face on and not go out. Recently, because of the incident with Lu Qin, almost everyone was in danger, moreover, a few female celebrities who were related to Lu Qin also stood out, denouncing that scumbag Lu.

Lu Qin's popularity had plummeted. This time, he would not be able to clear his name.

If Yan Huan's heart was firm enough

However, he was afraid..

He opened the door and strode out. At this moment, the snowstorm outside could calm him down a little.

Don't think that Yan Huan was feeling good. In fact, not only was she nervous, but she was also unlovable. Especially in front of a man, she was naked. She was really afraid. What if she got naked?

However, she thought about it. The entire nation might have seen her body. She was born in that film, and it was because of that film that she became famous.

Therefore, when she thought about this, she felt a little frustrated and frustrated.

Perhaps in Lu Yi's heart, a woman like her had slept with countless men, so why was she still so hypocritical?

She took the clothes that Lu Yi had bought. There were underwear, pajamas, and warm clothes. Basically, she had bought everything that she could buy. However, she just could not figure out how the grand prosecutor Lu had bought lingerie.

She took the clothes and put them on. The underwear was a little big and could be worn easily. The underwear was even bigger. It could be said that she had simply taken it out. She did not wear it because of her nature. It was the same as not wearing it, however, the pajamas were quite comfortable. It should be silk, and it was very comfortable to wear.

She put her clothes away and probably would go back in a while.

Chapter 1414: wasn't dislike

When Lu Yi returned, he saw Yan Huan sprawled on the bed. She had her little face pressed against the blanket the entire time, as though she was asleep again.

He put down the food and walked over. He saw that her eyes were indeed closed, but he didn't know if she was asleep or not.

"Are you asleep?" He asked.

"No," Yan Huan opened her eyes. "I'm tired." Her eyelashes fluttered. She was indeed sleepy, still very sleepy.

Lu Yi knew that she wasn't lying. He Yibin had said that other than anemia, her body was low in blood sugar and blood pressure, so it was normal for her to be sleepy.

"Get up and eat something first." Lu Yi touched her forehead, afraid that she would have a fever. After all, it was such a cold day, and she had been standing outside for a long time.

Her resistance was really too weak.

Yan Huan shook her head. She did not want to eat.

However, Lu Yi reached out and hugged her.

Yan Huan hugged her chest.

"I'm not wearing underwear..."

Lu Yi was also stunned. "Why? Doesn't it look good?"

"It's not that it's not good." Yan Huan did not know how to discuss a woman's figure with a grown man.

.....

"I'm not that big."

Meanwhile, Lu Yi's gaze stopped at Yan Huan's chest. It really wasn't that big.

"Actually, it's not that small either." Yan Huan hated it the most when others said that her chest was small. It really wasn't small at all. Compared to her figure, she was very well-proportioned. Also, what style was this? It was so ugly.., was it bought for a middle-aged woman?

She was clearly a beautiful young girl.

Lu Yi put her down properly, but Yan Huan still wrapped his neck around her, not letting him go.

"You hug me and I'll eat." She didn't want to sit alone. She was cold, and Lu Yi's body was so warm. It was as if she was leaning against a stove. If she hugged him a little longer now, she didn't know if she would have the chance to hug him again in the future.

Lu Yi had no choice but to sit down and let her sit on his lap. This was the first time he had served a woman like this.

He bought food that was easy to digest. There was porridge, steamed buns, wontons, and the like.

Yan Huan didn't eat too much, just a little bit and she was full.

When Lu Yi still wanted to feed her, she shook her head and stopped eating. She continued to gnaw on her fingers.

Lu Yi lowered his head and looked into her eyes. He pulled her fingers and saw that she had gnawed her nails until they were a little bald. If she continued to gnaw on them, she would definitely bleed.

"Stop gnawing."

"Why aren't you gnawing on this?" Yan Huan was used to gnawing on her fingernails. Otherwise, she would be nervous and uneasy.

"I'm gnawing on my feet."

Lu Yi wasn't joking, and he said it in a serious and matter-of-factly manner. However, it made Yan Huan want to break down and try to persuade him.

Prosecutor Lu's cold joke was quite good, and the reason was quite good.

She still sat in Lu Yi's embrace and pulled his big hand. His palm was very big, and it could rival two of hers. Moreover, it was almost enough to wrap her hand

"When do I leave?" Yan Huan asked him. Actually, they did not leave at all. It was too cold at the filming location. Even if there was air conditioning, even if it was turned on 24 hours a day, it was still cold. And she was afraid of the cold.

"Is it cold there?" Lu Yi thought for a moment before asking her again.

Yan Huan nodded. "Yes, it's cold. It's very cold. Even a wooden bed feels cold."

"Then, isn't it cold when you live there?" No matter how tightly Lu Yi clenched her fingers, it was as though her body temperature had never risen before. With such a low body temperature, even his own could not warm her up, furthermore, she still had to warm up those blankets. In the end, she had to get the blankets to return the temperature to her.

"It's cold." Yan Huan felt extremely aggrieved when she said this.

"It's really cold there. I fall asleep every day due to the cold. When I wake up due to the cold, my arms and legs will hurt from the cold."

Lu Yi hugged her even tighter and placed his chin on top of her head.

"In that case, I won't be going back today."

Yan Huan was actually still a little hesitant. were they going to develop to that stage? wasn't it a little too fast? However, she didn't seem to object.

Yes, she was wrong.

“Alright,” she replied softly and used all her strength to absorb the warmth from his body.

At night, she lay under the soft blanket and fell asleep. Although she knew what might happen, she was still extremely nervous. She was so nervous that she was afraid.

The blanket around her had sunk downwards. The man’s body had a very fragrant shampoo smell. It was peppermint. It was very refreshing and one could feel a refreshing feeling when one smelled it.

Yan Huan tugged at the blanket on her body. Her nervous palms were sweating profusely. Although this was not her first time, and although some people treated these things as if they were eating, she was different.

In reality, she only had Lu Qin as her man. It was just that she had made a mistake. In this lifetime, it was not that she was afraid of not meeting the right person. Instead, when she met the right person, she realized that she no longer had the qualifications, just like that cup of water, what she thought was important might not be needed by others. She remembered others, but others might not remember her. The more she gave, the more others would only take, she did not know how to return the favor.

She did not meet the best of him at the right time, so she could not give him the best of herself.

Her thoughts were complicated, but Lu Yi was lying flat on his back, speechless. The two of them didn’t move at all.

As expected, he still despised her

Yan Huan gently sniffed. This glass heart of hers was really a little fragile now.

The man beside her sighed softly, then stretched out an arm and hugged her petite body in his embrace. Compared to him, she was really very, very small. She wasn’t tall to begin with, and she was also thin.., she was just like a child.

Yan Huan buried his face in his embrace and his hands tightly grabbed the corner of his pajamas.

“I know I’m not good.” Her voice was slightly choked. “My reputation is not good. I’ve filmed that kind of movie before. I’ve also been together with Lu Qin. You’ve always despised me, right?”

However, just as she was about to give up on herself, she felt a wave of hot and humid air approaching her. The man’s lips had already been pressed down, and just like that, they were gently pressed against her almost colorless pink lips.

“I love you...” his voice was not loud, but it carried the sexiness and huskiness of a man.

At that moment, Yan Huan almost burst into tears. She had heard many people say this before, and Lu Qin had always said it as though he was drinking water.

He had said it to her, to Mengni, and to many other women, but none of it was true. None of it was touching.

Lu Yi did not move, he just pressed his lips against hers. Her lips were light and cold, like jelly, almost breaking at the touch.

Chapter 1415: the dream

Yan Huan pressed her hand against his chest. The moist heat instantly moved from her fingers to the tip of her heart. She slightly opened her lips and gently licked his lips. This kind of initiative.., no man would be able to bear it, let alone a man who loved her deeply.

This was a kiss that almost took away all her breath. Her eyelashes fluttered, and small droplets of water rolled down from her eyelashes from time to time. This was the first time she was so fond of being close to a man.

The temperature on his body was very hot, and for the first time, it also took away the coolness from her body.

She thought that something would happen between them, but in the end, nothing happened. Everything was right, everything was just waiting to be unleashed, and she had already felt the change in his body. He clearly wanted to.., he clearly wanted to.

But he just hugged her and gave her the warmth of his body.

She rested her head on his arm and placed one hand on his chest. It was not that they did not know how heavy the position on his chest was to a person, but he gave her the position on his chest.., all of it.

“Do you think it’s not my first time?”She did not want to ask such a question because it hurt.

Lu Yi narrowed his eyes and bit her red lips as if he was punishing her. After that, it was almost as if there was a conflict between them. Men and women were like fire and water.

They could feel the changes in each other’s bodies. He needed her, and she needed him too.

But why did nothing happen.

“Wait until you have nothing to do with Lu Qin.”This was the cut in Lu Yi’s heart, and it was also the bottom line that he couldn’t cross. And this bottom line was guarded by him.

No matter how Yan Huan hid in his embrace, he also hugged his waist tightly. The softness of his chest was pressed against his body. It was practically torture to him. He was a normal man, he was also a normal man. He had his own desires, and some of the torture was almost impossible to love. But in the end, he still hugged her even tighter.

This was the woman he had loved for five years. He loved her more than she had imagined.

.....

Yan Huan pressed her face against his chest so that she could hear the thumping sound of his heart. It was so powerful and also so reassuring.

She sniffled, still feeling inferior.

Lu Yi placed his hand on her face. “Why Are You Crying?”

“I’m not crying.”

Yan Huan's voice was choked up. She was already like this, yet she still insisted that she wasn't crying. When would she be able to give in to such a temper.

"Lu Yi..." she called out Lu Yi's name.

"Mm," Lu Yi replied softly. One of his hands gently patted her shoulder, as though he was coaxing a child.

"Do you know the story of the glass of water?"

"I've read it." Lu Yi suddenly let go of her and sat up as well. Yan Huan immediately felt a chill and instinctively wanted to find that warmth.

When she raised her head, she met Lu Yi's extremely serious expression.

"That's your past. If you want to accept it, I want to accept it too. Lu Yi caressed her face gently as he used his fingers to gently caress her red lips. I accept your past, but you..."

Lu Yi let her sit on his lap so that he could be closer to her. At this moment, his body was extremely tense. He was like a fish out of water, needing her to breathe, however, he never took that step. He respected her, and he respected himself.

"You have to accept it too. It's not my first time either."

Lu Yi was very honest.

Yan Huan was not his first woman. He had been with her before.

"You and Fang Zhu..." Yan Huan felt sour in his heart. He and Fang Zhu had already reached that stage. They had been there a few times. Did they do it every day? Did he hug Fang Zhu like that every night? Did he kiss her like that, he doted on her and did the most intimate things between a man and a woman with her. However, she never knew that she was actually so petty.

Even if she knew that this was before she was gone, she would still be so jealous that she wanted to cry.

"You little vinegar jar," Lu Yi continued to hug her as he lay down, "When I was in university, I had one. She could be considered my first woman. There were a few times in total, but I wasn't too keen on this aspect. Later on, I got a few girlfriends, but things didn't develop to that stage."

"What about Fang Zhu?" Yan Huan was jealous. She was almost dying of jealousy. She was the one who saved his life. Everything about him was hers. His blood was hers, his flesh was hers, and so was his person..., every part of his body was hers.

"Never." Lu Yi hugged her tightly. If this woman continued to move, he would have to take a cold shower. She treated him as a saint, or as a sexual imbecile.

Yan Huan leaned into his arms and fell asleep in satisfaction. She was sleepy and wanted to sleep as well. Her hand gently grabbed the corner of his shirt.

"Lu Yi..."

"Yes, What's Wrong?" Lu Yi caressed her hair gently. His fingers seemed to carry some kind of magic as he comforted her again and again.

“Goodnight,” she murmured softly before falling asleep. She was as quiet as a child.

Lu Yi carefully touched her forehead. “Goodnight, go to sleep. Everything will pass.”

This was the first time Yan Huan slept so soundly and peacefully. It was as if she was in a dream and could not wake up.

Where was this place? She stood in a strange place that seemed familiar. This seemed to be old master Lu’s residence. She had only been there once and already liked it very much. She had also thought about staying here with Lu Qin in the future, this was a good place to live in seclusion. It was far from the city, so it was quiet. However, this was old master Lu’s private territory. On normal days, not to mention her, even Lu Qin did not dare to come over. Old Master Lu’s temper was very bad. He would scold and hit people at any time

She had seen old master Lu beat Lu Qin with her own eyes. Almost all of them were beaten until their skin and flesh were torn open.

From then on, she had given everything to Lu Qin. She could even disregard her own words and face and live with Lu Qin for no reason, and even hurt Lu Yi’s family.

What did she think of herself as? Lu Qin’s wife?

However, everyone in the Lu family thought that Lu Qin had married her. In fact, Lu Qin had never married her. All they had between them was a marriage contract that she had forced him to write, a useless marriage contract.

However, why had she come here.

“Xiao Guang!” Suddenly, she noticed a child running towards him.

She knew this child. He was Xiao Guang’s. However, just as she was about to catch him, the child suddenly passed through her body and ran to the table. He took out a cup from the table, then ran back.

Chapter 1416: his future son

“Xiao Qi...”

She muttered to herself. She did not know why she called him that name.

This child was not Xiao Guang.

Xiao Guang’s eyes could not be seen.

She stepped forward and followed behind the child. The child ran inside, and there were two other children inside. One was a boy who looked exactly like him, and that was... Xiao Guang

There was also a little girl. The little girl had long hair and a small body. She was holding Xiao Guang’s little hand and talking to him.

“Brother.” The little girl reached out her hand to Xiao Qi. “Give brother Xiao Guang some water.”

“Okay.” The boy who was holding the cup sat on the ground and placed the cup in front of Xiao Guang.

“Little brother, drink some water.”

Xiao Guang carefully drank a few mouthfuls and then cracked a smile. Xiao Qi took the cup again and placed it in front of his sister. “Little sister, drink some water.”

The little girl obediently drank a few mouthfuls and then pushed the cup in front of Xiao Qi.

“Big Brother, drink too.”

“Okay.” Xiao Qi then took the cup and drank by himself.

.....

“Big Brother, Xiao Guang needs to Pee.”

Xiao Guang’s eyes were wide open, and his small hands were touching something.

“Big Brother will take you.” Xiao Qi quickly grabbed his little brother’s hand and prepared to take him to the bathroom. He was the big brother, so his little brother’s eyes couldn’t see. His sister was still young, so he had to help his father take care of his little brother and sister.

He carefully held his little brother’s hand. Every few steps he took, he would turn around to look at his sister. He was afraid that his sister would drop him again.

At this time, the little girl was still sitting on the ground, playing with a toy. He didn’t know what she was playing with. Her little face was pink and tender, and it was actually very familiar to Yan Huan.

Yan Huan squatted in front of the little girl,

one of his hands was placed on the little girl’s little face.

She looked very much like her.

“Mommy...” Xun Xun suddenly raised her little face as if she was looking for something?

“What’s Wrong?” At this moment, a large hand reached out and carried the child.

“Pull, pull. Xun Xun seemed to see Mommy. Mommy’s hand even touched Xun Xun’s face.”

“Mommy is sleeping. She Won’t touch your face,” the man’s voice was calm. He carried the child with one hand. He was very tall and similarly, there was an indescribable sense of familiarity.

Yan Huan was just about to raise her head to see his appearance when she was sucked back by a suction force. When she opened her eyes again, the sky was already bright.

“You’re Awake?” A man walked out. He was drying his hair with a towel. A pure white bathrobe was worn on his body, revealing his collarbone which was extremely exquisite and beautiful. There were also his facial features.., although it was not too empty, the lines were extremely beautiful. It had the unique masculinity of a man. This was something that women did not have.

Yan Huan was still in a daze. Suddenly, she seemed to have thought of something. She jumped out of the blanket and jumped down. Lu Yi hurriedly threw down the towel and stretched out his hands to catch her.

He did not want her to throw herself if she jumped.

"I know." Yan Huan stared at Lu Yi's face. She finally knew.

"Know what?" Lu Yi carried her up and asked her to sit properly. He squatted down on the ground and wiped her feet. Then, he helped her put on her slippers and put on her coat.

Yan Huan didn't know how to say this, and whether Lu Yi would believe it or not.

She had wanted to say more, but when she thought about it, it seemed to be nonsense. It seemed to be the case. She could not tell him that she saw your future children in her dream. You will have three children.., two like you, one like her.

Lu Yi stood up and raised his hand to Pat her face.

"Tell me, what did you think of?"

"Nothing much." Yan Huan shook his head and smiled at him. Then, he reached out and hugged his waist, burying his body in his embrace.

"Lu Yi, when are you going back?"

"I'll be back in the afternoon. The plane ticket has already been booked." Lu Yi squatted down, parallel to her gaze.

"I'm going back to deal with Lu Qin's matter. Don't show yourself. Leave this matter to me, okay?"

"Alright," Yan Huan agreed. Since he was going to show himself, Lu Qin would definitely get lost from her side in the future. However, even if Lu Qin didn't exist in this world, the distance between them was still as far as the ends of the Earth, it was so far that she didn't even know how to approach him.

It was impossible for them.

"I'm not afraid." Lu Yi lifted her face and saw that her eyes were already red.

"I will marry you. I will accompany you for the rest of my life."

"Really? Will you marry me?" Yan Huan was still very nervous and afraid. The closer she got, the more afraid she was, because she was afraid of losing him.

"I will. No matter what the people in the outside world think of me," Lu Yi promised again. If it was not for her, he would not have married her for the rest of his life.

"Where are your parents and your grandfather?"

It wasn't like she didn't know how difficult it was to talk to the people of the Lu family, especially old master Lu. Every day, he would say to her, "An actor is heartless."

Although in the end, she shamelessly moved into the Lu family and became half a member of the Lu family, that was also because she, the actor, was a scourge to Lu Qin, not Lu Yi. If it was Lu Yi, she could imagine it, that old man insisted on breaking Lu Yi's legs.

Lu Yi pressed his lips on her forehead. "Remember, I'm the one to marry, not them."

“What if they don’t agree?” Yan Huan pursed her lips. It was not impossible, but it had to be. With her status and her own reputation, it was already very bad. Back then, she had also shot that kind of film, most people would not want to marry an actress like her, let alone a family like the Lu family. It would be strange if they were willing to let Lu Yi marry her.

Even if the Lu family wanted him to marry Fang Zhu, who was like grand mistress extinction, they would not want a woman like her to enter the family. Fang Zhu was ugly, had no taste, and had no taste at all, but.., she was at least from a scholarly family, had both parents, and was a highly educated intellectual. However, she only had a good face, and everything else was incomparable to her

Lu Yi sat down and let her sit on his lap, so that he could be closer to her.

“If they don’t agree, then...” he smiled, but the seriousness in his eyes was thick,

“Then let the Lu family die without any descendants.”

He was loyal to himself.

Whether it was his feelings or his body, it was the same.

If it wasn’t her, then it wouldn’t be anyone else.

Yan Huan sniffled. Don’t be like this in the future. Whether it was real or fake, wouldn’t this make her cry to death? But she really didn’t want to cry anymore. She was almost dehydrated from crying recently.

She hugged Lu Yi’s neck and took the initiative to kiss his thin lips. As their lips touched, it was the kind of emotion that almost gushed out. Their lips and teeth touched and couldn’t stop. Something was going to happen between them.., but the two of them held it in.

Chapter 1417: avoid being bullied

When Yan Huan returned to the set, the snow was still falling. She came back early, and no one had woken up yet. In such weather, not many people would be willing to wake up so early, in addition, there were no scenes to film.

“Miss Yan, you’re back.”

Just as the assistant opened the door, she saw Yan Huan and rushed over.

“What happened to you yesterday? Why didn’t You Come Back?”

“It’s too cold. I don’t want to go back.” Yan Huan rubbed his hands, “Pack up. We’re going out to find a hotel to stay in. Lu Qin and Mengni might need a few more days before they can come over. It’s snowing these few days. It’s too cold here. You can take it, but you can’t.” This was what Yan Huan thought when he returned.

She had a weak resistance now. Others might be able to endure it, but she might not. Hence, she had to take good care of Feng Feng recently. This was also what Lu Yi had requested. She didn’t listen to others, but she had to listen to Lu Yi.

Because Lu Yi wouldn’t harm her.

“Sure.”The assistant hurriedly went back to collect her things. In fact, she had already thought of this. The production team might not turn on for at least ten days to half a month. What were they waiting here for, it was cold and freezing here.

Yan Huan walked into her room. As expected, the moment she entered, it seemed to be very different from the outside world. It was still the same cold. It was still daytime, and she could still endure it. However, when it was night time., it was really going to freeze her to death.

She liked the warmth of Lu Yi’s body. It was very warm, like he was hugging a big stove.

And every time she thought of the two of them sharing a bed, her heart would palpitate slightly. When Lu Yi slept at night, he would always hug her and never let go. He would cover her with the blanket, and when she woke up., he would also wake up and ask her if she wanted to drink water. He had always been paying attention to her, and he had always been taking care of her.

Unlike Lu Qin, when Lu Qin slept at night, he would pull the blanket over his body but would not care about other people. However, she was someone who liked to kick the blanket. She did not know how many times., she always caught a cold because of it.

Therefore, sometimes a man does not love you. He does not care about how many times he says “I love you”to you. Instead, it is in the trivialities of life. Is he caring for you, afraid that you are thirsty, afraid that you are hungry, afraid that you are cold., he’s even more afraid that you’re sick and uncomfortable.

.....

Yan Huan took out his phone and turned it on. Lu Yi was already on the plane, so his phone was turned off. After it was turned off, the chat app was also turned off.

By the time he returned to hai city, it would probably be tomorrow.

The assistant packed her and Yan Huan’s luggage and specifically went to inform the director. The director didn’t object. It was snowing heavily now, so it was impossible to start work. Moreover, the main actors weren’t around, therefore, it did not matter whether they stayed in the hotel or not. Moreover, Yan Huan’s health was not very good, so it was better not to stay here.

It was indeed cold here, especially after the snow had fallen. Even he himself had a runny nose, let alone Yan Huan’s patient. They all knew that Yan Huan was hanging a drip every two to three days.

Therefore, in the afternoon, Yan Huan and his assistant had already checked into a hotel.

The assistant asked her why they didn’t go back to Hai City. It was perfectly fine for them to go back to hai city.

Yes, but there were some things that Yan Huan couldn’t come out now. Lu Qin’s matter was handled by the Lu family. It had nothing to do with her. It was also good to be here. It could save a lot of trouble.

Ye Shuyun glanced at Qin Xiaoyue. Qin Xiaoyue rolled her eyes and stretched out her fingers. She was very satisfied with her nails that she had just finished today.

Ye Shuyun did not like Qin Xiaoyue like this. She wanted to say a few words, but Lu Jin shook his head at her instead.

She did not say anything and went to watch TV instead. As soon as the TV was turned on, it was the commercial that Yan Huan had shot. This commercial had almost flooded the entire internet recently.

“You Like It?” Lu Jin saw that Ye Shuyun’s eyes were fixed on it, so he knew that she liked it.

“Yes, I like it. It can make a woman become so self-reliant.”

Lu Jin knew what his wife was thinking, so he had already prepared for it.

He stood up and took an extremely well-packaged box.

“Here, this is for you.”

Lu Jin placed the thing in his hand in front of Ye Shuyun.

“What is it?” Ye Shuyun took the box. Even though they were an old couple, she was still very excited after receiving the gift.

“Open it and see.”

If Lu Jin didn’t say it, it wouldn’t be a surprise.

And this surprise naturally had to be discovered by himself. If it was given by someone else, then it wouldn’t be called a surprise, right?

“So Mysterious?” Ye Shuyun rolled her eyes at Lu Jin and opened the box. As soon as the box was opened, an image was shown on the TV. It was a set of cosmetics, exactly the same as the one on the TV.

“You will look equally beautiful when you use it.”

When Lu Jin was young, he didn’t know how to coax his wife. As he got older, his mouth became more and more sweet. Moreover, Lu Jin didn’t know how old he was. He was still very handsome and elegant.

“Even if you use it, you will still be ugly.”

Qin Xiaoyue sneered, “It’s just a set. What’s so great about it? When my daughter-in-law comes back, she will bring me ten sets.” This was her endorsement, so it was not easy to get ten sets.

However, Qin Xiaoyue would not admit that she was jealous. In this world, Lu Jin was still alive, but Lu Jing was long dead. How could Lu Jin not be dead? How good would it be if he died., why should she be the only widow while Ye Shuyun’s family was fine? The two of them had to show off their love in front of her all day long.

How could she not love him to death?

Lu Jin’s face immediately darkened. Ye Shuyun put down the makeup box in her hand and patted his hand. “Don’t argue with women. How could a soldier not have this tolerance?”

Lu Jin could only resist the urge to throw Qin Xiaoyue out.

“You’re just too talkative.” Lu Jin felt that this was not a good thing about his wife. She was too tolerant. All these years, he had suffered a lot from Qin Xiaoyue, and it was all thanks to him protecting her, that was why he was not bullied by others, and it was in his own home. If it were not for the fact that Lu Qin was still surnamed Lu, he would have thrown that woman out long ago. His family had raised them for more than ten years, and not only was they raising Qin Xiaoyue.., they also had to raise Qin Xiaoyue’s son and daughter-in-law. In the future, even if they did not meet a grandson, they would still have to raise him.

“I think I need to live for a few more years to prevent you from being bullied by that woman. You have such a temper.”

Chapter 1418: Indecency

He held ye Shuyun’s hand tightly. No matter what, he had to protect his wife. Without him, she would be eaten alive.

“HMPH!” Qin Xiaoyue sneered. However, before she could finish laughing, she heard a cold voice.

“Why? Can’t I come over? This is my son’s place. I Can’t even leave? You still dare to Harrumph? Do you dislike me? If you don’t like me, then get lost.”

Qin Xiaoyue was stunned. She quickly put her hand down and sat upright. If there was anyone Qin Xiaoyue was most afraid of, it would be old master Lu. As long as Old Master Lu said a word.., their entire family would get lost from this place.

Old Master Lu would not give them much face. Lu Jing was not the son he liked to begin with. Lu Qin was not the grandson he liked, and Yan Huan was not the granddaughter-in-law he liked. If there was anyone that old master ye liked the most and loved the most.., whoever gave birth to a great-granddaughter for him would be his grandfather. However, both Lu Yi and Lu Qin were not married. Of course, it was impossible for them to give birth to a child.

Everyone knew that Lu Yi had always loved himself. As for Lu Qin, Qin Xiaoyue would not let her son marry a woman like Yan Huan. Those who could be her daughter-in-law must have a family background, she was not an orphan like Yan Huan who had no parents. However, she had some money. When the money was in her son’s hands in the future, that woman would be useless.

Qin Xiaoyue was not stupid, so it was impossible for her not to know Old Master Lu’s character. She just sat there, her head almost hanging to her feet. She did not even dare to reply.

If she really dared, old master Lu might ask her to get lost in the next second.

And the boss’family might want to get rid of them immediately.

Old Master Lu sat down and looked in the direction of the TV.

“Women have to live like this. They are like parasites every day. What are they going to do?”

“Dad is right.” Ye Shuyun felt the same way, “This woman really needs to live a little stronger. She needs to have her own life and her own circle of life. She’s not like a zombie who only knows how to eat and drink.”

Qin Xiaoyue's face immediately fell.

.....

What did ye Shuyun Mean? What was she doing? was she slapping her in the face? It was obvious that she was eating and drinking from their house. Her son was also surnamed Lu. This was the property of the Lu family, what was wrong with them living here? Yes, what was wrong? What was wrong with this.

Qin Xiaoyue directly picked up the remote control and pressed the table from time to time. The television turned on and off, causing Old Master Lu's old face to darken.

What did she mean by this? Was she dissatisfied with her?

Qin Xiaoyue was still playing with the remote control as if the television was a toy. There was nothing wrong with playing with it. Didn't she still have a family? If it broke, she could just buy another one. Lu Yi wasn't rich.

However, just as she was in high spirits, she saw a photo of her son.

Isn't this my Lu Qin? Qin Xiaoyue had just said something and the remote control in her hand fell to the ground with a bang. After a few photos, it was a dark room, there were sounds coming from time to time. They were all experienced people, so how could they not know what it was?

Ye Shuyun was really embarrassed. She wished she could cover her face. She could just look at this thing. Her husband could be justified, but wasn't her father-in-law here.

She directly pinched Lu Jin. Why did she have to look at this kind of thing? It was really disrespectful for her old age.

Lu Jin was also embarrassed. Even if he wanted to look at it, it was impossible for him to look at it in public.

"It's Lu Qin." Lu Jin took another glance and realized what was wrong?

"Lu Qin?" Ye Shuyun looked up again. Who else could it be but Lu Qin? Also, what was Lu Qin doing? Was He having an affair? and the two big white butts that were exposed.., why did people feel disgusted? Moreover, this was Lu Qin's. There was a birthmark on Lu Qin's buttocks. Other than people close to him, no one else could see the mark on his buttocks.

"Immoral!" Old Master Lu stood up with a shout. He directly picked up the cup on the table and threw it at the television. Lu Jin hurriedly hugged ye Shuyun and used his body to block ye Shuyun, he didn't want to hurt ye Shuyun when the television broke later.

However, the television was still quite sturdy. It didn't break. The water in the cup spilled out. Some splashed onto Lu Jin's clothes, and some splashed onto Qin Xiaoyue's face, qin Xiaoyue screamed in fear as if she was killing a chicken. The TV didn't break, but there was no image in it. Of course, there was no image of Lu Qin's white buttocks, and that kind of vulgar and disgusting image.

"Are you okay?" Lu Jin quickly checked ye Shuyun, afraid that she was scalded by the water.

"I'm fine." Ye Shuyun shook her head. She was also shocked just now. The old man was used to throwing things. He threw whatever he saw and smashed whatever he saw, it was rare for him to smash people, but it was normal for him to smash flowers and plants.

"Go back quickly." Lu Jin quickly helped Ye Shuyun up. "The old man is angry now. If he hasn't calmed down, don't come out."

"What About You?" Ye Shuyun was also worried about her husband. The old man was still angry, but what if he didn't manage to hit Lu Jin's head right away?

"It's okay. I'll be careful." Lu Jin comforted his wife. "Quickly hide. I'm afraid it won't be easy to get over this."

The matter between Lu Qin and Yanhuan was a matter that had to be dealt with first and reported later. Although the old man was unhappy, he didn't feel much about it. At worst, he would scold people for no reason. But this time, it was Lu Qin's fault, the Lu family had always been very loyal to marriage.

The Lu family men could not divorce, and similarly, they could not cheat.

This was more unbearable than marrying Yan Huan.

He was worried that the old man would not be able to hold back and accidentally hurt Ye Shuyun. What should he do?

Lu Jin did not say anything and directly hid Ye Shuyun. When Ye Shuyun wanted to enter the room, Qin Xiaoyue actually wanted to follow her in.

"Sister-in-law, I'll go with you."

Ye Shuyun rolled her eyes on the spot.

"Sister-in-law, that's your son. If you don't give me an explanation, how can I forgive your Lu Qin?"

"What explanation? It's just sleeping with a woman." Although Qin Xiaoyue was afraid. However, she was not at the end of her rope. Anyway, no matter what happened in the end, she could be said to be able to make up for it.

Chapter 1419: I really hope so

Slept with a woman? Ye Shuyun really felt that there was something wrong with Qin Xiaoyue's brain.

"Sister-in-law, it's not a problem of sleeping with a woman. What if Yan Huan sees this?"

"What else can we do?" Qin Xiaoyue pouted. "My Son didn't marry her. This isn't considered cheating, right? Young people are full of vigor. This is normal."

Ye Shuyun turned her head. "What did you say? Lu Qin didn't marry Yan Huan?" If she didn't marry Yan Huan, then what was the point of bringing her back? The only person she could bring back to the Lu family was the person she wanted to marry, like Lu Yi., they had been together with Fang Zhu for a long time, but they had never said that they wanted to live together. Sometimes, when Fang Zhu came over, he would rest in the guest room. What kind of place was the Lu Family? How could they just live

together, at first, they thought that Lu Qin was married to Yan Huan, so old master Lu turned a blind eye to it and let them live in the house. But now, what was Qin Xiaoyue saying? She was not married?

Not Married? who was she lying to? was she lying to old master Lu or to Yan Huan?

Now that such a thing had happened in South Qin, could she just say that she was not married and push it away?

“You don’t need to care about my Lu Qin’s matters. You should take good care of your Lu Yi,” Qin Xiaoyue snorted. “Don’t be a bachelor for the rest of your life. It’s better if you don’t have any children.”

When Ye Shuyun heard this, she was so angry that her chest hurt. She endured it with all her strength and turned around to leave. She was really good. She dared to say that if Lu Jin found out about this, the mother and son would immediately get out.

What Orphans and widowed mothers? They were orphans and widowed mothers. Could it be that Yan Huan was not an orphan? The whole family was eating other people’s food. Now, they were saying that they did not get married and did not marry other people. Why did they take so many things from other people?

Even a fool would know what Lu Qin was trying to do. Only the mother and son could do such an unethical thing.

The old man was really angry, so he didn’t say anything else. The next day, he found out that this matter had caused a storm in the city. Someone even jokingly called and said that they saw Lu Qin’s buttocks, this was really his grandson. This buttocks were exactly the same as when he was young.

Old Master Lu almost smashed his butt into pieces, but he still couldn’t take it. If he couldn’t vent his anger, he could only die.

Lu Yi walked out with big steps. When he saw the pieces on the ground, he only pursed his thin lips.

.....

“Where’s that B * Stard Lu Qin?”

Old Master Lu asked Lu Yi. Didn’t I ask you to look for him? “Why? where is he?”

“He’s still thinking about how to clarify this matter,” Lu Yi raised his eyelids and replied calmly.

“How else can you clarify it?”

Old Master Lu sneered, “Let him marry her.”

Yes, Lu Yi frowned slightly. This seemed to be feasible, so let him marry her.

“Let me marry her?” Lu Qin stood up immediately. “What did you say? Let me marry her?”

Lu Qin widened his eyes. “Yes.” Lu Qin’s manager nodded, “This is the only way to solve this problem. You have to marry Mengni. Otherwise, both of you will be ruined.”

Lu Qin placed his hand on his forehead. If I marry her, how can I marry her?

Yes, how will he marry? If he marries Mengni, then how will things end with Yan Huan?

No, he was currently in a mess, but he did not forget what he had said to Yan Huan back then. In any case, he did not have anything with Yan Huan in the first place, and it was only behind the scenes. Only his family members would know, as long as the Lu family members kept their mouths shut, then nothing would happen. He had originally planned to marry Yan Huan in order to get the money in Yan Huan's hands. Now, Yan Huan would not be able to make it, in that case, Mengni would be a good help. And now, just like what his manager had said, this was the only way.

Either he married Mengni, or he and Mengni would withdraw from the entertainment industry at the same time. He had worked hard for so many years and finally got to where he was today. If he really had to give up just like that, he wouldn't be able to do it, and he wouldn't be willing either.

Moreover, it was just a video. So what? As long as they came openly, who would be able to say anything about them in the end?

However, the problem now was that Yan Huan wouldn't let it go.

Yan Huan's personality had never been soft. That kind of woman would sometimes put her life on the line when filming, even more so than a man. Although she seemed to be indifferent about some things on a daily basis., but if she didn't do well, she would really throw her life away with him.

He believed that Yan Huan could throw her life away, but he couldn't bear to part with his own life. In the future, he would still need the entire Lu family. As for Yan Huan, he absolutely believed that she would throw her life away with him. It would be a life-and-death struggle, in any case, she was alone. He had no family, no friends, and he also had no backer. This kind of person was the most terrifying.

Because she was like a ticking time bomb. You Didn't know when she would explode.

Yan Huan took out his phone. The words were written on his phone again. She thought that she had seen wrongly?

On the streets of Liren.

"Miss Yan, what are you going to do?"The assistant came out of her room. She had just woken up, but she had been eating better recently, so she had gained a lot of weight.

"I'm going out once. You Don't have to worry about me."

Yan Huan had already put on her clothes and was ready to go out. If there were no problems, she might not come back today. It was not easy for her to finally meet him.

He met her every day, but they had already met for seven days.

She did not realize how much she missed Lu Qin in the past, but now she really missed Lu Yi. Her heart ached as she thought about it.

"Oh, Alright."The assistant didn't think too much about it. In any case, Yan Huan used to be like this in the past. She would disappear without saying a word. In fact, Yan Huan liked to wander around aimlessly. After he was tired of wandering around, he would find a place, she would just casually spend the night. Sometimes, she would also spend the night in a library. She might spend the night reading

books. Her personality was like this. At first, she was still worried, but as time passed.., she realized that there was actually nothing to worry about. Yan Huan was not a child. She was already an adult, and she would protect herself well.

“Miss Yan,”the assistant could not help but want to say something.

“Yes, What’s Wrong?”Yan Huan asked the assistant. Why did he sound like he was speaking from the bottom of his heart.

“It’s nothing,”the assistant sighed.

“Actually, I really hope that you’re looking for a man.”

Chapter 1420: I Miss You

Yan Huan’s footsteps halted, almost causing her left foot to step on her right foot.

She hurriedly steadied her body, as though nothing had happened. She gently stroked her long hair, then turned her head back. Her smile was still flawless.

“Why did you say that?”

She felt that she was quite pitiful. The assistant shook her head again. That tone of voice was really quite striking. “Look at how beautiful you are, but why is it that no man loves you?”

Yan Huan touched her face. Actually, she also wanted to know.

Perhaps it was because her face was too beautiful that no one liked her. It was also possible that all men would think that she would one day climb over the wall. In fact, she was the most traditional woman.., however, no one seemed to believe her.

She tightened her clothes again and lowered her head as she walked forward. It had been snowing for nearly half a month. No one knew how long this snow would last. Perhaps everyone was used to it. Every winter.., they would spend their days in the snow.

The pedestrians on the streets were still walking. Those who went to work, those who went to school, and those who played in the human world were also in the human world. Yan Huan tightened her collar. At this moment, she was like the most ordinary woman here, she was also walking in the snow, following the footsteps of others, walking on the road that others had walked for her. In fact, she was still happy, wasn’t she?

She walked forward step by step. The more she walked, the fewer people there were. There was already a footprint on the ground, and it continued to extend forward. That footprint was very big, so it could be calculated, this person’s shoe size was very big. Although there was no one here, she was not afraid at all.

She placed her foot in the huge footprint and walked forward step by step. When she saw the man standing in the snow, he was still there, not moving at all, he was like a living statue.

Yan Huan knew how to walk, but he stopped.

She squatted down and took off her gloves. Then, she picked up the snow. Just like last time, the snow touched her lips. It was cold. It was cold in her mouth, and the tasteless cotton candy melted in her mouth.

She clapped her hands and ran forward. Her feet left a long trail of footprints on the snow. They were almost the same large footprint, and she could no longer tell them apart.

.....

She stood in front of the man and raised her face. She stared at him without blinking.

Lu Yi bent down and stared at her face, but there was still no color on it. His fingers moved to her lips, and it was cold.

“Is the snow that good?”

He asked her, and also put his thin lips on her cold lips, gently caressing them, as if he was trying to send his body temperature to her.

The touch of their lips and the melding of their teeth was something that only a loved one could experience. It was a feeling that made one’s heart beat faster.

His heart moved, his heart trembled.

His heart was also in love.

Lu Yi straightened his body and carried her.

“Did you bring any clothes?”

Yan Huan gnawed on her finger. This time, she did it gently so that she would not finish it before she finished it.

“Aren’t you going to let me go back?” She asked despite knowing the answer. It felt good to not be able to walk on her own. He was the first man to hug her like that. He was also the man who could support her and block her rain.

“What do you think?” Lu Yi asked her back.

Yan Huan’s heart skipped a beat. She closed her eyes and rested her head on his neck.

“I won’t wear it if I don’t bring it with me.”

“You haven’t gotten away yet,” Lu Yi warned Yan Huan. Grand prosecutor Lu’s bottom line could not be broken.

Yan Huan still did not move. However, she gently shook her feet. The snow seemed to be a little smaller, but the snow that fell on her body was still cold and clean. Of course, it was also cold, however, at this moment, she was nestled in this man’s embrace. This was the first time she felt that even if the sky was falling and the Earth was splitting, she was not afraid anymore.

It was still the same apartment. It was still warm and clean. It also carried the unique smell of this man's body, the fresh smell of shaving water, and the faint fragrance of kapok that came from God knows where.

Lu Yi carefully put the woman in his arms down and took off her shoes and socks.

Yan Huan couldn't help but shrink her feet. Although she had to wash her feet every day, she still felt a little dirty.

Lu Qin had never touched her feet because he might find them dirty.

But Lu Yi did not.

"Don't move." Lu Yi placed her feet under the blanket and gently rubbed the acupuncture points on her feet. Yan Huan suddenly felt that her feet were warm. In the past, her hands and feet had always been cold, ever since the other side had given Lu Yi a large amount of blood transfusions, she had never felt comfortable. Sometimes, when she slept until midnight, her hands and feet still did not feel warm.

She sat up and reached out to wrap her arms around Lu Yi's neck.

"You'll spoil me. What if you leave me in the future?" This was the man who treated her the best and doted on her the most in this life. But what if he left one day? She didn't want to live anymore.

"I'll be with you for the rest of your life." Lu Yi hugged her tightly. At this moment, she was as fragile as a child.

She had no one to protect her. She had always been protecting herself.

In fact, he knew that she was sometimes mean because she wanted to protect herself. The person she wanted to protect was actually a woman who felt the most insecure.

Yan Huan lay on his shoulder. She didn't really want to move. She just wanted to be with him for the rest of her life.

After an unknown period of time, she began to feel drowsy. By the time she woke up, it was already night time.

"You're awake." Lu Yi walked over and sat beside her.

Yan Huan turned over and lay on his lap as well.

"Why are you here today? Did you miss me?"

"Yes, I missed you." Lu Yi admitted that he missed her. She was the woman he had loved for five years, a woman he couldn't get even if he wanted to.

He had suppressed his feelings for five years. Not to mention seven days, he could not endure even one day.

Yan Huan sat up and took the initiative to kiss his thin lips.

They were affectionate and affectionate. At this point, they had finally found the right person.

They did not know how much time had passed. Yan Huan pressed his face against his chest. What he liked the most was listening to the sound of his heart beating. Just like that, it seemed like it would last forever, it meant that they would continue like this forever, never to be separated.

Even if the sea dried up, even if the rocks were rotten.

“Are You Hungry?” Lu Yi asked her. It was already this time, so he should be hungry.

“Yes, I’m hungry.” Yan Huan rubbed his stomach. It was flat, so of course he was hungry.

“There’s nothing here. I’ll go out and buy it for you.”
