

Chapter 1461: gift

She was definitely going to give this necklace today, even if she didn't want to.

Mengni's face was still burning. On one hand, it was because of the pain, and on the other hand, it was because she was humiliated.

She stole a glance at the person sitting opposite her, but the result was that she wasn't so embarrassed. Lu Jin and Ye Shuyun were still eating their food.

Yan Huan and Lu Yi were sitting opposite each other. Lu Yi took a spoon and was feeding her.

Lu Yi fed her a mouthful, and she ate a mouthful. There was a look of disdain on her face, but in the end, no matter how many mouthfuls Lu Yi fed her, she obediently ate them.

Not long after, Ye Shuyun and Lu Jin went back. As for what happened outside, it was none of their business. And those that had nothing to do with them wouldn't go out even if they were beaten to death.

"Eat some more." Lu Yi held a bowl and fed Yan Huan.

"It's not good." Yan Huan shook her head. She didn't like the taste of the fish soup. It had a fishy smell and the smell of Chinese medicine.

"It's specially made for you. You have to finish it."

"Lu Yi, you're feeding a pig." Yan Huan almost gritted her teeth.

"Okay." Lu Yi pinched her puffed up face. "Drink it."

Yan Huan could only obediently drink the soup one mouthful at a time. However, her eyes darted towards Mengni's direction. The two women did not show any signs of weakness to each other. They were so close to fighting over that necklace.

The corners of her lips curled up. It looked like she had really spoiled Qin Xiaoyue. Did she really think that all the women in this world had to be like Yan Huan and agree to her unreasonable requests?

Qin Xiaoyue would give whatever she wanted now. If she didn't give it to her, she would snatch it openly. If she couldn't snatch it, she would steal it. If not, she would just hang it on her neck and mark it with her mark, it would become hers in the future.

However, there was only one Yan Huan in this world. There was only one Yan Huan who had such great tolerance for her. That was only because Yan Huan cared about Lu Qin, so he had to endure it no matter what. However, did Mengni Love Lu Qin?

She might have been in love in the past, but now, she could not tell.

Lu Yi put down the bowl and pulled Yan Huan's hand.

"Let's go back."

Yan Huan held his neck. "Carry me away. I've eaten too much and can't walk." She did not give up on showing her love to others. Of course, it was also for herself. She wanted to remember what she had done, how stupid was Yan Huan in the past? He treated a pig like a treasure.

She, Yan Huan, was a good cabbage. In the end, she was cheated by a pig. Fortunately, she was smart now and had found the right person.

Lu Yi carried her easily and carried her into the room. Meng ni suddenly narrowed her eyes. She could not see Lu Yi's face, but she could see Yan Huan's watch clearly.

Yan Huan smiled, and her eyes turned into two crescent moons. She was still talking to Lu Yi, and at this moment, the light fell on her body, giving her a natural soft glow.

She knew that Yan Huan was Lu Yi's woman. Lu Qin had said it before. In the past, she had thought that Yan Huan was Lu Yi's mistress, but she did not expect him to get married a little earlier than her

Why was it so different when they were both surnamed Lu?

She lowered her head and touched her empty neck. She admitted that her neck was not as thick-skinned as Qin Xiaoyue's. She would say what color she liked, and then she would say that the style was not bad.., in the end, she could not stand Qin Xiaoyue's almost unbearable bombardment. She took off her necklace and gave it to Qin Xiaoyue. Qin Xiaoyue grabbed it and hung it around her neck.

Moreover, she didn't seem to have any intention of returning it to her. In front of so many people, Mengni was too embarrassed to ask for it. She also knew that this necklace must have been a dog beaten by a meat bun. Qin Xiaoyue had no intention of returning it to her, of course, she couldn't ask for it back. Since it was in Qin Xiaoyue's hands, how could she ask for it back? In the end, she could only clench her teeth and leave.

Lu Qin went out again in a few days. It was best for him to film his scenes so that Yan Huan would not have to see it every day. Yan Huan felt disgusted. However, no matter how he filmed it, it seemed that he had stopped there. It had been so long.., he had never been popular again. Other than the time when his white butt had been on the hot searches, the rest of the time, it was still neither hot nor hot. There was nothing much to say.

However, Yan Huan's popularity seemed to have exploded recently.

Her popularity also started to improve after taking on a few commercials. Moreover, it had to be said that her luck started to go smoothly after she left Lu Qin, first, her performance of Si Yu actually allowed her to win this year's Best Supporting Actress award, as well as the most popular female artiste award. Then, she acted as a guest in a small role in a drama.

Although her character was small, she did not have many lines, and she did not have many scenes, she could not resist her good looks. Her appearance in that instant had stunned almost everyone. Therefore, her fame had started to rise again this year, of course, the most important thing was that although she had not made much progress in her filming, she had taken on a few big international advertisements and had earned quite a bit, she had also given her assistant a huge red packet. She was too insensible in the past and didn't know what was good for her. She didn't know that others treated her well, nor did

she know that others were accommodating to her. But now that she knew., she wouldn't make those mistakes again.

As for the New Year gifts, she had naturally bought them. She had asked someone to find them from all over the country. She had brought ye Shuyun a limited-edition coat, and Lu Jin was a famous calligraphy painting, as for Old Master Lu, she had given him a go piece made of Real Jade. Of the three items, this one was the most expensive.

"Chief, look, these are from Miss Yan."

The security guard placed two extremely well-wrapped boxes in front of old master Lu. This was naturally Miss Yan's return. After she had abducted the most outstanding grandson of the old chief, the old chief had resolutely refused to speak to Yan Huan. Fortunately., yan Huan was quite sensible. Every month, she would send gifts to the old chief. In the past, when Yan Huan and Lu Qin were together, she had never said that she would give one to the old chief. It was no wonder that the old chief did not like her, she did not even understand the slightest bit of human affairs.

Therefore, this woman, if she wanted to see who she would marry, she would also have to see who had taught her. Why? When Yan Huan and Lu Qin were together, she only thought about scheming this and that. How would she have the time to bother with the old chief.

The old chief's temper was bad, but the old chief was old. The old people were all lonely. All of them did not know how to come over and coax the old chief. The old chief's temper naturally became worse and worse.

In fact, as long as he coaxed the old chief as if he was a child, his face would naturally not be pulled. He would also become amiable.

Chapter 1462: was his business

"Return it to her."

Old Master Lu was still angry. He was really bold to abduct his grandson. However, in reality, it was not the other party who abducted his grandson. It was him who had personally sold his grandson.

He had used his grandson to pay off his debt. It was the Lu family who owed the other party a husband, so now they had to compensate the other party with a husband. Although it was not good at the beginning and had the intention of forcing the other party to sell, the other party was not doing very well now

Moreover, he knew how to give the gift and how to be flexible. He also knew how to be polite.

"Chief, is it not good to return it?"

The guard had never thought that he would really return it. How could he return it,

"Chief, you really don't want it?"The guard asked again. He was also thinking about how to deal with this thing.

"I don't want it."Old Master Lu really didn't even lift his eyelids once. He said he didn't want it.

“Then...”the guard thought for a moment. “Chief, can you give these to me?”

“Take it, don’t block my eyes.”

Old Master Lu snorted. It was obvious that he treated the things in the guard’s hands as garbage.

The guard carried the two boxes and could only walk to the side in the end. Then, he was ready to open this to see what was inside?

He opened the outer packaging of one of the boxes. Before he could open it, he could smell the smell inside.

Was this roast chicken, or was it just baked out of the pot.

It was still hot. The guard could not help but swallow his saliva. Well, he would eat this later. Anyway, the chief did not want it,

he then opened another box.

Go..

The guard picked up a chess piece. What was this material? Was It made of stone?

“You better be careful.”Without knowing when, Old Master Lu actually rushed out himself and directly snatched the chess piece from the guard’s hand. Then, he carefully put it down.

“This is all made of jade. If you dare to drop one for me, you won’t be able to pay for it even if I sell it to you.”

The guard did not even dare to breathe loudly. Of course, he did not dare to look at the go game anymore. He was afraid that he would look at it one more time. Forget it, even if the jade stone was broken, it would be his fault.

Old Master Lu was very fond of these chess pieces. HMM, the texture was not bad. They were indeed made of jade. Every one of them was quite exquisite and polished very smooth. Even the Go board was made of purple sandalwood, there was a natural fragrance of wood.

Whether it was the chess pieces or the chessboard, they were all very grand and the color was extremely good. If he were to take this to entertain his chess friends in the future, they would definitely be envious of him to death. And now, in his residence garden., it was precisely because of this good go piece that he was lacking. When he placed it under the grape rack outside, when those old things came, he would also let them have a good look of envy and slander. This was a piece made of honest jade., it wasn’t something that people could buy just because they wanted to. He picked up the go box and go.

“Chief, let me do it.”

The guard quickly went forward. This was quite expensive. What if the chief accidentally fell? He was referring to people.

“I’ll do it myself. I’m clumsy. What if I Fall?”Old Master Lu was referring to go.

“Also...” old master Lu turned around. “Later, I’ll send that roast chicken over. Don’t let me know that you stole it to eat. It’s all mine.”

“Chief, didn’t you say you didn’t want it?”

The guard’s face fell. He had thought that he would keep it for himself to eat.

But chief, we can’t be like this. If we say we don’t want it, then we don’t want it. If we say we want it, then we want it again. This is deceiving the public’s feelings, okay.

“I’ve changed my mind now. Can’t I? That roast chicken has my surname. If I want it, then I want it. If I don’t want it, then I’ll throw it away. But I want it now.”

Old Master Lu raised his face. He didn’t feel that there was anything wrong with going back on his words.

“Chief, you can’t eat this.”

The guard hurriedly tried to persuade him again. “The Doctor said you’re three-year-old. You Can’t eat this.”

“I only eat one a year. is that not enough?”

Old Master Lu turned around and glared at the guard. “Don’t think that I don’t know what you want. You just want to eat it yourself.”

“No, no.”

The guard quickly denied it. How could he eat it himself? He just wanted the chief to eat less of it. Wasn’t it for the Chief’s Health? In fact, he was a little selfish. The roast chicken tasted really good. Maybe it was made by the chef. It was like the fragrance of ten miles away. He couldn’t help but swallow his saliva.

He did not know if the bureau chief would be able to give him some to eat later.

At least he had some conscience. Old Master Lu stretched out his hand and tore off a drumstick. Yan Huan had put in so much effort, but it was not enough for this roasted chicken to win old master Lu’s heart.

Every year during the New Year, they would definitely go to Old Master Lu’s place.

In the past, when Yan Huan went during the New Year, he was scolded by Old Master Lu. What heartless actor? He just did not know how many times he had been scolded. However, Yan Yan was not afraid this year, because there were three actors here. If she wanted to be scolded, everyone should be scolded together. In any case, she was not the only one being scolded.

Lu Yi walked over and put his arm around her waist. “Why haven’t you gained any weight? You’ve been raised for so long, but I don’t see you gaining any weight.”

“You don’t like it when I’m like this?” Yan Huan hugged Lu Yi’s neck and practically hung herself on his body.

"It's fine." Lu Yi told her to stand properly so that she wouldn't fall down from joy and sorrow.

"That's Great." Yan Huan deliberately misinterpreted Lu Yi's meaning. Lu Yi allowed her to do as she pleased and never argued with her about this. Of course, sometimes he would argue with her because that was the interest of the couple, however, most of the time, he would give in to her. Who said that Yan Huan wasn't sensible? In fact, she was very sensible.

If you treat her well, of course, she would treat you well.

Of course, there were many times when she took the initiative

Because her heart was in it, because she was thinking about it, because she was thinking about it.

Alright, Lu Yi let Yan Huan sit on the table. This way, their gazes could be more parallel. He was too tall, and she was too short. Therefore, most of the time, he doted on her like a child.

"Tell me, what did you think of just now?"

"Nothing much?" Yan Huan played with the buttons on Lu Yi's shirt, "I was just wondering if your grandfather would scold me again when we went over this time. I don't know if he was scolding me or Lu Qin and the rest, but I feel that the possibility of him scolding me is higher."

"Don't take it to heart." Lu Yi sighed and gently touched her forehead. "Grandfather doesn't have bad intentions. He just doesn't forgive people with his mouth, but he doesn't know how to do things openly and secretly. So compared to many people, he's much more direct."

Chapter 1463: was not even as good as Yan Huan

"I know." Yan Huan knew Old Master Lu's personality. "Otherwise, I wouldn't have sent him so many good things. Just that go piece is already very expensive." Yan Huan bit his nails, it was very expensive.

"Hubby, what if I spend all your money?"

Anyway, she thought that she was using Lu Yi's card.

"I'll earn it after I spend it. I'm honored to let you spend it." Yes, he was honored that his wife could use his card. Of course, Yan Huan was also enjoying the joy of using her husband's card.

She usually had more money than she could spend on endorsements and filming, not to mention the money from selling the gemstones. Actually, she wasn't feeling sorry for him. She just enjoyed using her husband's card. It was absolutely different from using her own card.

Yan Huan rested her head on Lu Yi's shoulder.

"Lu Yi..."

"What's Wrong?" Lu Yi gently stroked her hair. She was fine just now, but she did not like to talk too much.

"I have a headache."

Yan Huan said weakly. She could feel the pain that came from her temples from time to time, causing her to be at a loss for what to do.

Lu Yi placed his hand on Yan Huan's forehead. The temperature didn't seem too high, but it wasn't because she had a fever. When he came back from work last night, he realized that she had kicked the blanket to the side. He was afraid that she would catch a cold, he even made her take some cold medicine to prevent it. What was going on? was she still unable to avoid it?

After a while, Lu Yi opened a drawer at the side. It was filled with medicine, she asked Yan Huan to drink the medicine and let her sleep for a while. Yan Huan had just laid down when he heard someone arguing outside.

She frowned. Why was it so noisy?

Qin Xiaoyue and Mengni were arguing again. How long were they going to argue? Mengni was not her. At that time, she had tolerated Qin Xiaoyue to a point that ordinary people did not understand, maybe it was because she really did not care about some things, so Qin Xiaoyue was pushing her luck. However, Mengni was different. She cared about those external things, so she kept a close eye on her own things, last time, she had lost something. The two women had caused the house to be in chaos. What was lost this time?

Outside, Mengni's patience with Qin Xiaoyue had reached its limit.

"Mom, that's my jewelry. Why did you take it so easily?" Also, why do you keep coming into my room and taking my clothes, "I really can't take it anymore. I'll let it go this time and this time. Recently, I've been going there every day. Isn't it enough to take my necklace? I'll only be satisfied if I strip her naked."

"Did I take it?" Qin Xiaoyue refused to admit it. Of course, she didn't have any face. Did she take it for granted that she took her daughter-in-law's things? Or did Yan Huan really spoil her, it really made her feel that there were some things that she could just take. In any case, even if she took it, she wouldn't be able to do anything to her.

Not to mention Mengni being dissatisfied with this, Qin Xiaoyue was also very dissatisfied with that one. She even said that she was the daughter of a rich family. Promotion My A * s, it was all a scam. What's a daughter of a rich family, just a door.

What's A listed company, just a small store.

What Founding Fathers, OH, the founding Red Army.

The jewelry on her body were all fake. Not to mention the fake ones, the few valuable ones were all rented.

She was not even as good as Yan Huan..,

no matter what, Yan Huan had her own taste. Furthermore, her taste was extremely high. Of course, she was willing to spend money. The reason why she was willing to spend money was also because of her hard work. Secondly, she was extremely lucky, other than taking on a few movies that made a lot of money, she also indirectly invested in a few of them. In the end, the box office earnings were all very good. The money that was allocated to her was also a lot.

There were also the houses that she bought. Some of the houses might have been bought at any time when she first bought them. However, she did not expect that in just a few years, the development of Hai City had also increased her old houses by many times.

She had become a member of the demolition generation. The most important thing was that the national treasure of a certain country was worth hundreds of millions of dollars. By this year, it had already reached 7, UM, US dollars.

Initially, Yan Huan really did not want to sell it, but the people on the other side had no choice but to pester her. After all, it was someone else's national treasure. In the end, she could only sell it and then hand it over to Lu Yi to invest in, the person Lu Yi had found was a stock market genius. In the end, he was really good. 700 million US dollars, and it had been raised to 1.5 billion US dollars.

And it was still USD.

Hence, Yan Huan was now a multi-millionaire and did not care about the money.

As for Mengni, she was different from Yan Huan.

She was older than Yan Huan, but she debuted a little later. Furthermore, she did not have Yan Huan's good luck and acting skills. Otherwise, why would the same movie.., yan Huan, the supporting role, had won an award, but she, the female lead, did not.

Most importantly, she did not buy a national treasure of another country. At that time, she had obtained tens of millions, but in the end, it was exchanged for a hundred times the income. She did not earn as much money as Yan Huan, naturally, she could not spend it like Yan Huan. Of course, the most important thing now was that she was married to Lu Qin, not Lu Yi.

Lu Qin only knew how to take, but Lu Yi had always been giving.

He had given five years, but he had never thought of anything in return. He had even made the decision to accompany the woman who had never known of his existence for the rest of his life.

Only by getting along with her would he know that sometimes missing out on a person was the greatest regret of his life.

With a 'Pa'sound, Mengni threw the pillow on the sofa onto the ground.

"You still want to throw my face?"Qin xiaoyue sneered, "Why don't you take a look at your poor appearance? What did I want back then? She didn't even blink her eyes."

Just as she was about to say something, a cold light shot straight towards her. She looked up and saw that Lu Yi was staring at her. His eyes were also extremely cold.

She humphed in embarrassment and returned to her room.

Old Master had warned them that no one was allowed to reveal anything about Lu Qin and Yan Huan. They were all rotten to the core. If anyone dared to say anything, they would be kicked out of the Lu family.

Lu Qin had abandoned Yan Huan and married a new lover. Yan Huan was now with his cousin. This was a scandal and the Lu family could not tolerate such a scandal. However, such a scandal still happened in the end.

It was not that anyone was too powerful, but from the beginning to the end, the person who understood the most in this world was probably old master Lu.

Lu Yi walked back and gently pushed the door open. Fortunately, he was already asleep.

He walked over and placed his hand on Yan Huan's head. It seemed that the temperature was still normal.

He got up again and took out a thermometer. He put it away for Yan Huan. If he did not have a fever later, it would be fine. If he had a fever, he might need two more injections.

Chapter 1464: This Man loved this woman very much

In the past few months, he had carefully taken care of her, and her body had finally recovered a little. If she were to fall seriously ill again, all his previous efforts might be wasted.

"Don't worry, she'll be fine." Lu Yi gently touched Yan Huan's forehead. Yes, she'll be fine. She'll definitely be fine, and there was no need for another injection.

When the thermometer was taken out, Lu Yi let out a sigh of relief. Fortunately, the temperature was indeed normal and there was no fever.

Yan Huan turned over and opened her eyes.

She sat up and saw Lu Yi sitting on the desk not far away, typing something on the keyboard.

Yan Huan carefully walked over and leaned on his back. She saw that Lu Yi was busy with the matters of the Procuratorate. Those cases seemed to be quite complicated. There were so many words, and she was dizzy from reading them.

She felt that her case was more suitable for reading the script. This kind of thing was too deep for someone with her IQ to understand.

"Do you want to hear it?" Lu Yi asked Yan Huan. "This is the case that I've taken on the most."

Yan Huan thought about it. HMM, since there was nothing to do, she would listen. She might not understand it, but she could still hear it. As long as she could hear it, it was fine. If she didn't understand it, it was fine. In the end, Lu Yi would give her an after-class summary.

"Okay, Listen." She shook her head like a drum.

"Come here." Lu Yi extended his hand to her. He didn't want her to get tired from standing. Her body had just recovered. It was better to pay attention when there was nothing else. He felt that he was going to turn his hair white because of this woman.

Yan Huan ran over happily and sat on Lu Yi's lap to listen to his story.

Actually, this case was about the division of property. Between foster children and their parents, the foster children had always been taking care of the elderly, but the parents and children did not care. In the end, when the elderly left., the foster children and the parents and children began to fight over the elderly's property.

As for how the property was distributed, that was the focus of this case.

Lu Yi's explanation was actually very simple and very straightforward. He did not use too complicated words. Even if he had said it, Yan Huan would not have understood. Yan Huan was not a law student. In fact, she was also a law illiterate in the past, sometimes, she did not even know the traffic rules clearly. She only knew what it meant to wait for a red light when crossing the road. Many of the things that happened later were told to her by Lu Yi as if he was telling her a story. He also gradually cultivated some awareness of the law for Yan Huan. At the very least, she would not suffer a great loss in this area in the future.

For example, if she wanted to sign a contract with a management company, how could she get more benefits for herself? She would not let others take advantage of her ignorance of the law.

Lu Yi said, "Yan Huan, listen. This case might seem a little difficult in the eyes of others. After all, this involves the principles of law and ethics. However, this was not the case for Lu Yi because the thing in his hands..." Was this old man's will, and this will was the most crucial part of this case.

Lu Yi did not tell her how the case was going to be handled. No matter what, the relationship between these two brothers would end from this moment on.

"Let me show you something."

Lu Yi pulled open a drawer and took out a document.

"I'm the one who got this document. Take a look."

Yan Huan took the document and started to flip through it.

This was a document of property ownership. In other words, if something happened to a person, or when the two of them were about to claim their property, everything under the man's name would belong to the woman. On top of that, there were all the properties under the man, they had also been notarized. Among them, there was the man's private property, as well as the monthly income and expenditure. It was also written very clearly. and the amount that the woman kept with the man was not a small amount, it was close to a few billion. Now, it had been invested everywhere. Among them, there were a few large companies that had a lot of monthly income. And this amount of money was enough to maintain the expenses of a large family, it was also enough for a person to lose for a few lifetimes, but there was no end to it.

"What do you think?"

Lu Yi asked Yan Huan.

"I think..."Yan Huan nodded her chin. "This man is very rich."

"Mm, what else?"

Lu Yi asked her.

"This woman is also very rich," Yan Huan expressed her opinion seriously

"Isn't that right?" She asked Lu Yi with a smile.

"And?" Lu Yi asked again.

"And..." Yan Huan thought about it seriously, "This man loves this woman very much. If this man betrays this woman in the future, then he will be leaving with nothing. If something happens to him in the future, everything he has will belong to this woman. He has thought of everything that he can think of. He is trying to think of ways to give this woman the best guarantee for her life. Of course, things change rapidly in the world. Who doesn't know what will happen in the future? But this man has made such a decision now. That proves that this woman is more important to him than himself."

"Tell me, is my analysis correct?"

Yan huanxiao curved her eyes and asked Lu Yi. Her deer-like eyes were always clear and bright. A woman's happiness could be seen from her face. When her Lu Qin was together..., the uglier she was, the more miserable she was. She was bullied every day and it was said that she was born with a voice. Under such negative emotions, how could she be radiant? She would only become uglier the more she lived..., the more she lived, the more she felt the weight of her life. Life was boring..

However, it was different when she met Lu Yi. Lu Yi doted on her very much, treating her like a child. Now, she was becoming more and more beautiful. This was what many of the advertising agencies she had taken on had said.

After all, she was only twenty-five years old, and twenty-five years old was really the peak of a woman's life. After this twenty-five year old, she would never be twenty-five years old again.

Fortunately, she divorced at the age of twenty-five, left the wrong person, and persevered until she was the right person.

Lu Yi gently caressed her face, then touched her forehead. Her temperature was very good, very normal. He himself had become half a doctor, and he had been with her recently. He had been afraid of her every day, so he had trained himself.

"Continue reading," Lu Yi pointed at her and then pointed at the document in her hand.

Sure, Yan Huan flipped through it again. However, when she flipped to the signature at the back, she stopped smiling and wanted to cry.

Because the person who signed this document was none other than Lu Yi.

Lu Yi placed his chin on her chin and said, "This is the best guarantee I can give you. However, don't worry, I will live well and protect you well. I will not let you be bullied by anyone."

Chapter 1465: Kill them

"MHM..." Yan Huan put down the documents in his hands and reached out to hug his waist. They didn't even need to say anything else. There were some things that they knew and understood.

Lu Yi lowered his head and saw that she had fallen asleep again.

“Sleep well.” Lu Yi kissed her forehead and carefully carried her up. He then placed her on the big bed at the side and covered her with the blanket. The medicine should be effective now so she should sleep for a while more.

He then walked over to settle these documents.

Actually, he rarely had time to rest. The four committees for a year and the thirty days in a month were basically all work. If he owed today, he would make up for it tomorrow. If he owed it for a lifetime, he would make up for it in the future. If not in this life., then in the next.

He turned around and glanced at Yan Huan, but no one noticed that his eyes were sparkling with an indescribable complexity.

And there were some things that only he himself knew.

On the 30th day of the Lunar New Year, as usual, they would go to Old Master Lu’s residence for the Lunar New Year. This was a tradition every year. In the past, Yan Huan and Lu Qin would go together, but only for two years, however, none of them were good experiences.

Old Master Lu’s mouth was very vicious. When he scolded, he almost never cared about the other party’s mood. He would scold whatever was unpleasant to hear. Those who had a fragile heart might be scolded to the point of suicide.

Fortunately, Yan Huan had always felt that her skin was thick enough and her heart was strong enough. Therefore, even if she was scolded by Old Master Lu every day, she was already used to it.

Therefore, this time, she was prepared to be scolded.

When she went there, she did not dress up meticulously. She only changed into a set of very festive clothes for the new year. She only put on some light makeup. However, she could not help but have a good face. She also looked like she had bright eyes and white teeth, it was refreshing and natural.

When she came out, she saw Mengni. Regardless of whether it was Mengni or Qin Xiaoyue, both of them had put in a lot of effort into dressing up. Even the jewelry on their bodies were probably the best and the biggest.

On the other hand, ye Shuyun wore a long cheongsam and a coat on the outside. She looked very elegant and luxurious. She was very satisfied with Yan Huan’s appearance today.

If satisfaction was ten points, then Yan Huan’s appearance could be said to be nine and a half points.

This was because Yan Huan did not dress up like he did in previous years. He was afraid that someone would steal the limelight. In the Liuyuan Garden, there were three women who would steal the limelight. She, Qin Xiaoyue., it was still Yan Huan. This year, there was an additional mengni.

This was not a showdown. No matter what, she would always draw her own as if she was a ghost. On the other hand, Yan Huan looked much more pleasing to the eye today. She looked like a young woman, full of vigor and vitality.

Lu Yi tucked the dream by Yan Huan's ear behind her ear. "Are you cold?"

"No." Yan Huan shook her head. She was actually wearing quite a lot because she was thin. If she had been a little fatter, she might have turned into a ball. Lu Yi put on the hat on her head. She was wearing a white hat., she looked like a little rabbit from somewhere, especially her pair of eyes that did not contain any impurities. She was indeed very beautiful.

Yan Huan suddenly felt as if a thorn had pierced her back. When she turned her head, she realized that Lu Qin's pair of gloomy eyes were almost about to open a hole in her back.

Lu Yi placed his hand on Yan Huan's shoulder and his pair of cold eyes warned Lu Qin.

Lu Qin had been afraid of Lu Yi ever since he was young. He could not help but shift his gaze away. However, at that moment, a boundless jealousy rose in his heart. What was there to be jealous about? Even if it was a woman that he did not want, it was impossible for her to become someone else's. This woman could be flirted with as much as she wanted. It was fine if she died, but it was absolutely impossible for her to get better after leaving him, moreover, it was better to live by the side of another man, especially when this man was not someone else but his sworn enemy.

Yan Huan got into Lu Yi's car. Lu Yi had already helped her fasten her seatbelt, and the car was already heading towards the Liu Garden.

Lu Yi had always driven this kind of car, and he had already driven this car for several years. He had never thought of changing it, and Lu Qin's car didn't seem to have changed either.

Every year, Lu Qin would change into a new car, and he would change it in recent years. Perhaps he wanted to let others know that his life was getting better and better.

But this year, it seemed that he was a little unlucky. Not only had he not received a few endorsements recently, but although the movie he made had a very high viewership, the popular one was a supporting actor. His main character was like a gust of wind in the snow, just like that, it blew away, and then it also blew away.

After that, it vanished into thin air.

It did not even allow him to earn much. Although he had gained some fame this year and was also on the hot searches once, such a hot search could be said to be a scandal. There was also his butt that others had seen before.

Although his popularity had risen, he had started to become poor. Today, he could not even afford to exchange for a car.

This was because in the past, Yan Huan had helped him exchange for a car.

And when he heard that Yan Huan had actually sold that piece of royal jewelry for 700 million US dollars, wouldn't that be a few billion US dollars in his hands? Furthermore, with Yan Huan's good luck, the international endorsements were auctioned off one by one, Yan Huan currently had at least four to five billion US dollars in his hands.

If these four to five billion were in his hands now, then he would not have anything he wanted now. He could completely set up his own studio and invest in his own television and television, furthermore, with

Lu Yi's influence over the Sarft, as long as the quality of his films passed the test, as long as they reached the Lunar New Year, National Day, or summer break, no matter which period, they would definitely be a big seller.

However, it was a pity that that B * Tch Yan Huan took the money and gave it to Lu Yi.

He tightly gripped the steering wheel in his hand. The jealousy in his heart had already sprouted into a black net, making it almost impossible for him to turn things around in his life. At this moment, the black car was driving not far away from them.

Suddenly, he clenched his teeth hard, and his eyes started to turn red.

Kill them, kill them, yes, kill them.

He put his foot on the accelerator and suddenly stepped on it, and the car flew out.

"Lu Qin, what are you doing?"

Meng Ni was so scared that her face turned pale, and even Qin Xiaoyue screamed.

This was a mountain road. With such a high speed, if he didn't drive well, people would really die.

Meanwhile, Lu Qin's eyes were still staring at the Black Hummer in front of him.

Yes, they deserved to die, as long as they were killed. Everything in the Lu family was his, and the five billion yuan was also his.

Yan Huan was eating snacks while looking at the scenery. Today, she realized that this road was actually quite easy to walk on.

Chapter 1466: Vixen

However, she suddenly turned her head around, and the snack bag in her hand fell on her leg.

"Lu Yi..."

Her red lips turned pale, and the color on her face quickly faded away. She also instinctively had a bad feeling. This was danger, a kind of intuition for danger.

Lu Yi's face also darkened. He suddenly turned the steering wheel quickly, and also found an empty space to stop the car. In an instant, a car rushed over. If they were to stop a little slower., their car might crash into the guardrail and the car would fall down. In an instant, they would be smashed into pieces and their families would be destroyed. Even their bones might not be found.

With a bang, the car in front crashed into a tree. Fortunately, it crashed into a tree. If it had crashed into the guardrail, the car would have flipped over. Lu Yi unbuckled his seatbelt and reached out to wipe the sweat off Yan Huan's face and forehead. He then said to his father behind him, "I'll go down and take a look."

After he finished speaking, he pulled open the car door and walked out as well.

“Does Lu Qin want us to Die?”

Ye Shuyun was so angry that her chest hurt. She was so scared that she almost stopped breathing. They were not fools who could not see how the incident had happened. Lu Qin’s car had clearly crashed into their car, was he trying to kill their family.

They had raised an ingrate for so long. What was the reason for their tolerance these few years? were they courting death?

Lu Jin also sneered. Then, he gently patted the back of Ye Shuyun’s hand. “It’s okay now. Don’t be afraid. In the future, we should stay away from them. If it doesn’t work, tell them to get lost.”

Just Scram? Was scam enough? She clenched her hand tightly, but why did she feel a sense of uneasiness and sarcasm? It was as if Lu Qin would do something terrible again, and she was instinctively afraid.

She lowered her head in fear. She was afraid that she might be the one who brought these things out, and that it would happen because of her.

Perhaps one day, her existence would be a form of harm to Lu Yi,

not long after, Lu Yi came over with three people following behind him. All three of them were in a sorry state.

Qin Xiaoyue, Mengni, or Lu Qin.

At this moment, Qin Xiaoyue, Mengni, and the third person were so scared that their legs and legs went soft. This was no wonder. They had almost died just now. They had almost fallen to pieces. They had almost, yes, almost fallen to their deaths, they were really going to fall to their deaths.

The two women’s faces were now pale. No matter how thick their makeup was, it could not hide their ghostly white faces. The clothes on their bodies were also wrinkled like pickled vegetables, their hair, which had been carefully taken care of, was now a mess.

Lu Qin was in an even worse situation. His head had also hit the car. Although he was not injured, his face was covered in dust and dirt. He was in a very sorry state. His hair was stuck to his scalp messily, and he was also covered in cold sweat, it had already become a mess.

The car door opened again, and the few of them sat in it. Then, they wept and wailed all the way. There was no one to play with. It was supposed to be the new year, and everyone was happy. In the end, they were so happy that they insisted on making such a scene.

“Lu Qin, how did you drive?”

Lu Jin’s voice didn’t contain any emotion. Now, no one doubted that Lu Jin would directly throw Lu Qin and his family out of the car.

“I’m sorry, Uncle.”

Lu Qinghui had a defeated look on his face. It was obvious that he had not recovered from his earlier fear.

“The brakes on my car suddenly broke.”

Lu Jin’s face was still dark, but he did not ask further because he had no reason to continue asking.

When they reached the entrance of the Liuyuan Garden, they still had lingering fear in their hearts.

When Old Master Lu saw the appearance of Lu Qin’s family of three, his face turned black.

“What do you look like?” He pointed at the three of them with his finger. “Each of you is pulling a long face for me. Are you cursing me to die?”

“Dad, it’s not like that.” Qin Xiaoyue started to cry. She cried until her makeup was almost gone.

“Our car had an accident on the road. You Don’t know, we almost didn’t see you...”

After saying that, Qin Xiaoyue almost burst into tears. She almost fell to the ground and patted her leg. She was still in shock. As soon as Old Master Lu opened his mouth, she would be shocked, however, she felt that old master Lu and his son were not human. They were basically devils. The new year was supposed to be lively, but now it was good. It had become a crying scene

All of them were like actors, and Old Master Lu was the only audience.

Old Master Lu was obviously angry. He patted his chest in a moment, so angry that his chest hurt. Who cried during the New Year? She was still crying, and she was still crying for him.

Qin Xiaoyue was still crying, and the corners of Old Master Lu’s eyes jumped up as he cried.

“Enough!” Old master lu shouted, “I’m not dead yet, and you’re crying. If you don’t want to come, then don’t come. If you don’t want to come, then get lost.”

Qin Xiaoyue didn’t dare to cry anymore. Her tears fell in the air, and her snot flowed in the air. She had put on heavy makeup and wanted to compete with that person, but now there was no makeup on her face, her skin looked old and flabby, especially the green mark under her eyes. She didn’t know why she had stayed up so late, but her eye band had also come down

As for Mengni, she was the kind of person who would die in the light. It was okay for her to put on makeup. She was a beauty, but if she removed her makeup, she would become a passerby, especially the bad skin on her face and the thick pores, the oil on her nose could almost be used to stir-fry eggs, if someone really did not find it disgusting.

Mengni was the kind of person who could not see anyone without makeup. At this moment, she really wanted to cover her face. Although she was not as hoarse as Qin Xiaoyue who cried, how could she be calm, she was almost going to die.

Old Master Lu’s gaze lingered on Mengni’s body for a long time. It was smelly to begin with.

“What are you looking at?” He suddenly glanced at Yan Huan.

“A playboy is heartless, an actor is unintentional, You Vixen.”

Yan Huan turned to look at Lu Yi, and then tugged at Lu Yi’s clothes. “Don’t you think I’m very beautiful?”

“Yes, Pretty.” Lu Yi lowered his head and saw that Yan Huan’s facial features were very exquisite. Under the light makeup, it could be said that his features were like a painting. He was really very pretty, and it was the kind of beauty that people liked at a glance, it was also the kind of beauty that made people comfortable, and it was also the kind of beauty that people could remember at a glance. It was not ostentatious, but it was also piercing.

“Vixen.”

Old Master Lu once again ridiculed Yan Huan.

Chapter 1467: had a feud with a fish

“He’s clearly a rabbit spirit.” Yan Huan pinched the white hat on her head. How cute was that.

“You dare to Talk Back?” Old Master Lu and his son were so fierce that they felt like they were going to kill someone.

“He’s scaring me.” It wasn’t like Yan Huan had spent a day or two with old master Lu. In fact, Old Master Lu’s personality was quite strange. It was good that he had figured it out. He clearly liked this person in his heart, but the more he talked, the more he wanted to throw her out, in the past, the most he would say was an expression of an actress. The actress didn’t mean it, but now he actually added a few more words to her. Could it be that old master Lu didn’t seem to dislike her that much anymore? Besides.., she was his savior. Old Master Lu would never lay a hand on his savior.

“The actress is heartless, but the actress didn’t mean it.”

Old Master Lu repeated what he said. Yan Huan was used to it anyway. There were three actresses in the house, and she wasn’t the only one.

Old Master Lu was so angry that his face was about to turn red. He felt like he was going to die from anger at any moment.

Of course, Yan Huan couldn’t possibly anger old master Lu to death. She tugged at her hat. Lu Yi lowered his head and reached out with an expressionless face. He took off her hat and touched the top of her head to prevent her from catching a cold.

“My hair is messed up,” Yan Huan complained softly. “I’ve been tidying it up for a long time.”

“Then why didn’t you shave it off?”

Old Master Lu immediately replied.

“Then you don’t have to listen or look,” Yan Huan directly retorted old master Lu. In this world, the only person who could talk to old master Lu like this was Yan Huan. Lu Jin and ye Shuyun quickly came over to explain, they were afraid that if the argument became too fierce, Yan Huan would be kicked out. They wouldn’t even be able to think about the new year anymore.

“Dad, she didn’t do it on purpose.”

“Yes, Dad. She hasn’t been well recently, and her temper is a little hot-tempered.”

“Hot-tempered?” Old Master Lu directly yelled at his son. “Is she like this to you guys too?”

“No,” Lu Jin was really an honest man. “She respects us very much.”

Ye Shuyun also added on from the side.

“She’s very good. She even gives me pocket money every month.” Although Ye Shuyun didn’t lack money, this concept was different. This daughter-in-law’s filial piety was completely different from her son’s filial piety.

When Qin Xiaoyue heard that she would give her pocket money every month, she wanted to rip Yan Huan’s face off on the spot.

Back then, when she was her daughter-in-law, she would ask for it every month before she was willing to give it to her. Now, it was a good thing that Ye Shuyun was not short of money and the old master gave her a monthly bonus, Lu Jin and Lu Yi both had their own businesses and they were all given to her to spend. Now, there was Yan Huan. The money of the family of three was in Ye Shuyun’s hands. She could buy as many bags and clothes as she wanted, she could have whatever she wanted with as much jewelry as she wanted, and she could afford as much as she wanted. Unlike her, she could not buy this or that, and her son was unreliable as well. It would be good if he did not ask for money for her, and this fake daughter-in-law of a wealthy family, how much could she earn? She had not acted in any movies or taken any advertisements since she was married. She did not take any roles as an actress. She did not take any advertisements or endorsements. Where would she get the money from, where would she get the money? If she did not have a job, she would have to eat and drink at home every day, even though it was not eating and drinking her food.

But could it be that she had given her son to him and had never thought of showing filial respect to an old man like her?

The more she was jealous of Ye Shuyun, the more she hated her daughter-in-law. She originally thought that she had married a money jar, but in the end, she did not marry a money jar. It was obvious that she had married a poor man.

At this moment, Mengni simply wanted to find a hole to bury herself in. She didn’t have any makeup on her face, so she didn’t dare to see anyone. It was as if everyone was looking at her.., they were laughing at how ugly she was.

She knew that her skin was bad, and it wasn’t good at all. Recently, her skin was a little allergic, so she had to wear makeup even when she was at home. But now, she actually didn’t have any makeup on for such a big occasion, and not having any makeup was like losing the protective film on the outside. All of her embarrassment, all of her ugliness, and all of her shortcomings were also exposed here, under everyone’s eyes, it made her feel uncomfortable, and it also made her feel uneasy. It also made her feel ashamed and inferior. Moreover, this was her first time coming to Old Master Lu’s place, so she didn’t quite understand old master Lu’s personality, regardless of whether it was Qin Xiaoyue.., it wasn’t that Lu Qin didn’t tell her.

Why was Old Master Lu’s character so bad? His mouth was also so vicious.

And it was even more impossible for Qin Xiaoyue and her son to tell her that old master Lu was the kind of old man who was loud but small and very good at shouting.

Of course, he also knew how to hit people, but the men of the Lu family didn't hit women.

Therefore, no matter how much the old master hated Yan Huan and how badly he scolded him, he never hit Yan Huan. Of course, Meng Ni was also exhausted. Old Lu's emotionless and playful words made Meng ni think that old master Lu was scolding her

Everyone in the Lu family looked down on her. She knew that, but she could not scold her like that, right?

The more Mengni thought about it, the sadder she felt. When she was in the car, she was so scared that she almost lost her life. No one comforted her.

Yan Huan was also scared, but Lu Yi never let go of her hand. As for Lu Qin, he didn't even take care of his own mother. How could he take care of her?

Suddenly, she felt extremely wronged. She didn't want to be like this. She didn't want to live like this. She had a bright future, but in the end, who ruined it.

It was Lu Qin. It was Lu Qin.

And she was like Qin Xiaoyue, crying loudly, as if someone was drinking her blood and cutting off her flesh.

Old Master Lu was so angry that the flesh on his face was trembling.

"I'm not dead yet." He slammed the table hard. "If you cry again, go outside and cry."

With grandfather Lu's loud voice, Mengni didn't dare to cry anymore. The tears were still in her eyes, and her snot didn't flow down. She just stood there like a fool.

At this moment, she stood there like a passerby from somewhere. She was as pitiful as she could be, as ordinary as she could be. This was a passerby who was drowned in the crowd, how could she still be able to find any trace of her past glory.

Yan Huan turned to look at Lu Yi.

Lu Yi stretched out his hand to fix her hair. "Are you hungry? I'll go to the kitchen and get you something." They hadn't eaten much in the morning, and now it was time to eat, yan Huan's stomach should be hungry too.

She had a fixed meal time, so she couldn't be hungry. If she was hungry for too long, her stomach would hurt.

Chapter 1468: spoiling the wife

Before Yan Huan could speak, he heard grandfather Lu's roar, "I'm hungry too. Why didn't you ask me?"

The spittle flew towards Yan Huan. Lu Yi placed his hand on Yan Huan's face.

“Grandfather, can you lower your voice?”

Lu Yi helplessly said to old master Lu, “If you lower your voice, we can all hear you. You’re shouting so loudly that your voice is hoarse. When that happens, you’ll suffer again.”

“I was just saying, What’s wrong with being so loud?”

Lu Yi had already covered Yan Huan’s ears. As expected, the more he spoke, the louder his grandfather’s voice would become. This was simply a bloody experience.

Yan Huan also sighed,

actually, she felt that old master Lu wasn’t angry for no reason this time.

At such an old age, he wasn’t easy to get along with to begin with. He also needed to be coaxed by his children and grandchildren. This was the first time he came to visit during the New Year. Originally, everyone was happy and happy, but now, one of them was crying.., the two of them were causing a ruckus..,

they were crying so much that they were not in a good mood.

If they continued crying, the old man might even be angered to the point of having a heart attack later on. Although the old man’s heart was considered quite strong, he could not take it anymore.

The table was already set, and the two nannies at home were already there. The nannies were from the farming families in the back mountain, and they also lived here. Therefore, they would not go back during the New Year. They would wait until the place was tidied up.., only then would they go back. There were still security guards here, but they were also going home for the New Year.

In such a big place, only the old master was left. No matter what, they all felt quite pitiful. It was just that old master Lu’s temper was too strong. According to his words.., even if he died, he would still die here.

Soon, there was a table full of food outside.

Even now, Old Man Lu’s face was still sullen. No, it was his face that was sullen every day. This year, his sullen face was unexpectedly long and fierce. This was also due to the fact that he had just entered.., qin Xiaoyue and Mengni were crying like they were in mourning.

Moreover, when they mentioned that Lu Qin’s car had an accident halfway up the road, there was nothing good about it since the new year had just arrived. Therefore, Old Man Lu’s heart was also uncomfortable. The New Year had not been smooth, so how could it be smooth in the future?

Even when they were eating, it was as if they had eaten explosives. As long as he wanted to pick up a plate of dishes, his chopsticks would go up, and others wouldn’t be able to go up. If anyone dared to go up, he would glare at them to death.

Meanwhile, the others could only eat the dishes in front of them. They didn’t dare to touch the other dishes. No matter how delicious the other dishes were, none of them dared to touch them. Who would dare to touch them, this old man would definitely glare them to death.

Yan Huan raised her face again and looked at the plate of spicy chicken pieces. That looked quite delicious. Could she eat a piece.

She looked at Lu Yi with a gaze that was too obvious.

“You want to eat?” Lu Yi asked Yan Huan.

Yan Huan nodded. She really wanted to eat, but she didn’t dare to pick it up.

Lu Yi stretched out his hand and already picked up a piece of chicken. He placed it in front of Yan Huan. Yan Huan happily picked up her chopsticks and began to eat with satisfaction.

The moment she took a bite, she knew how delicious it was. It was indeed delicious, just very delicious.

Lu Yi saw that Yan Huan liked to eat, so he picked up another piece. Old Master Lu’s face was completely dark. He would occasionally glare at Lu Yi, but Lu Yi also pretended not to see it.

Lu Yi picked up a few more pieces and placed them in front of Yan Huan.

Yan Huan unceremoniously buried her head in her food. Perhaps only she could eat it on the entire table. She had her husband’s affection and her husband’s love. In any case, even if the sky fell, her husband would still be there. What was there to be afraid of.

Lu Yi put down his chopsticks, then stretched out his hand to pick up the plate and placed it in front of Yan Huan.

This was too intrepid, too shameless.

Perhaps now, everyone sitting there would say the same thing.

Such a wife-spoiling maniac was simply rare.

Originally, the two of them were unrelated people. If they were to forcefully gather together, no one would think highly of them. Thinking about it, the two of them would definitely hate each other when they saw each other. In the end, everyone was so shocked that they lost their glasses, if this wasn’t happiness, then what was happiness? What was husband and wife.

Lu Yi scooped some soup and placed it in front of Yan Huan.

“This is too spicy. Remember to drink more soup.”

“Okay.” Yan Huan couldn’t stop eating now. She shook another piece of chicken and placed it next to her mouth.

Old Master Lu’s chopsticks fell on the table, but he didn’t pick it up.

“Lu Yi, the roast chicken cooked by our chef is the best. I want to eat it again tomorrow.”

“Okay, let him roast it for you.” Lu Yi picked up some vegetables for himself and put them in his bowl. Then, he started to eat them one bite at a time.

“I want two.” Yan Huan stretched out two fingers. Yes, two.

“Can you finish it?”

Lu Yi took care of Yan Huan's figure. She still had such a small appetite. Usually, he couldn't even make her eat more. What was going on? He estimated that she would at most eat a little of this chicken. She even wanted two. Could she eat it?

"I'll eat the drumstick." Yan Huan picked up another piece of chicken for herself. Although she was eating it, when she thought of the roast chicken cooked by the chef at home, she was still very slanderous. "It's not like you don't know..." "It took me a lot of time to dig that chef out. I heard that his family's culinary skills were passed down from generation to generation, and the dishes he cooked were the best, especially the roast chicken." After eating it, one's mouth would be filled with a fragrant, tender, smooth, and unsatisfied taste. The aftertaste would be endless, and one would not even know that one would be intoxicated by it. You said it was so tempting, sweet, and delicate, it was also an indescribable, irresistible delicacy. Coupled with the fragrance that Rose slowly, when one's nose fluttered, one would be stimulated by the taste. This taste could absolutely be called a peerless delicacy. One could smell its fragrance without seeing it. "..."

"Especially the layer of crispy skin that was grilled outside. It was smeared with dozens of secret ingredients and swept with some honey. This meat was so tender that it almost melted when it entered the mouth. Moreover, when it was prepared in advance, all the seasonings were put into the chicken. Therefore, every place that was grilled and every piece of meat that entered the mouth would have a wonderful taste. Especially the chicken drumstick. With just a bite, it simply left a lingering fragrance on the lips and teeth."

It was unknown who gulped, but Yan Huan generously picked up a few dishes for herself and put them down.

"Can we each have a drumstick?"

"Sure." Lu Yi wanted to eat it when he heard her say that. "Go back and roast two. We'll eat one and send one to mom and Dad." As for Qin Xiaoyue and Lu Qin, he would roast them himself.

"Okay." Yan Huan smiled. Yes, it was a happy decision.

Although she said so, she didn't slow down the speed of picking up the food. She ate when she should be afraid and drank when she should. Anyway, she was full now. She would have digested it by the time she returned home.

Chapter 1469: was strangely familiar

Old Master Lu's face was still dark as he glared at Yan Huan from time to time. It was as if his eyes were about to pop out of their sockets. How much hatred did he have to have to stare at someone like that.

No one had eaten much this time. Other than Yan Huan and Lu Yi, they probably hadn't eaten their fill. Lu Yi was afraid that Yan Huan would be hungry, so he kept putting food in her bowl. If Yan Huan didn't like food., in the end, he had to put it in his stomach. Therefore, if Yan Huan ate a lot, he naturally ate a lot too.

As for the others, they didn't have such a good taste. When the old master glared at them, who would eat more? However, if the chopsticks touched the plate, the old master would glare at them, this time, they only stared at the Lu father and son. They didn't eat much either.

Even Ye Shuyun and Lu Jin were eating plain rice. They didn't even dare to touch the dishes on the table.

They didn't know where Yan Huan got his courage from. He used to be afraid of Old Master Lu, but he still didn't like to see him. This time, he seemed to have changed his character. He wasn't afraid of anyone anymore, he even dared to challenge old master Lu's dignity.

As for where Yan Huan's courage came from, it was actually that sentence. She was Old Master Lu's savior. Her life was saved by her. Shouldn't she be more polite to her?

Those who owed others were guilty, let alone those who owed their lives.

She had basically eaten all the dishes on the table. Of course, Lu Yi also ate quite a lot.

Lu Yi didn't want Yan Huan to be hungry. Naturally, he had eaten too. If it had been before, he would probably be like most people and wouldn't have eaten much.

Yan Huan sat on the sofa and looked at his big-eyed fish. It's been a long time. Did you guys miss me.

When Meng Ni saw these fish, she felt extremely uncomfortable.

These were the fish that Lu Qin had mentioned. She had seen the photos before.

And these were clearly her fish. How could they be raised by Old Master Lu? Lu Qin had clearly said that if there was a problem with these fish, they should be treated. But if there was a problem, these fish were still alive..., and not a single one was missing.

What did old master Lu mean by this? was he deliberately bullying his own grandson?

Yan Huan turned around and looked at Meng Ni's twisted face. What was going on? Did this fish have a grudge with her? Or was it that Meng Ni was afraid of fish?

You guys... Yan Huan couldn't help but sigh in his heart. What was the point of provoking a female yaksha? He had to be more careful. He had to be careful not to swim too high. He had to be careful that one day he would be caught and boiled into fish soup

Actually, staying in the garden was quite fun.

However, she stood up. For some reason, she seemed to be very familiar with this place. However, she had not been to stay in the garden many times. In fact, it could be said that this was her third time.

Only during the new year would stay in the garden let them in, especially for someone like her who was not very popular with Old Master Lu. It was even more impossible for her to come here often. It was only natural that she was very unfamiliar with this place.

However, she was surprised. How could she be so familiar with this place.

Moreover, she had never walked around this place before, so she completely knew what the layout of this place was like

That was until she walked in front of a door.

In her dream, it seemed to be this door. Yes, it was this door. She remembered the appearance of the door, and she also remembered the direction of the door. In fact, she even remembered that there was a part of the door that had lost its paint. She placed her hand on the door, her finger gently touched it. Sure enough, she touched an uneven area. Here, the paint had fallen off.

Her finger moved up again, and then she placed it on the door handle. She wanted to know what was inside?

Could it be like what she had seen in her dream? There would be a bed, and there would be pink roses. There would be a bunch of them every day. There would also be pink roses with dew, and her finger would lightly touch the petals, there was a faint fragrance.

She gently twisted the doorknob and the door opened.

Just as she was about to push the door open, a hand grabbed her wrist and closed the door.

“Why are you here? Is this place that fun?”

Lu Yi stood in front of Yan Huan. He lowered his head and stared at the distant glow in her eyes. He was starting to lose sight of where the glow was.

He smiled and tucked the hair around Yan Huan’s face behind his ears. “Where do you want to go? I’ll bring you there to take a look.”

“I want to...”Yan Huan suddenly pointed outside, “Is there a greenhouse there? “There’s also a very beautiful forest of ginkgo leaves? “It’s just now that winter has just passed. There aren’t any trees to shade it, nor is it autumn. It’s not like it’s full of golden fruits, so all you can see is a bare ginkgo forest. If it’s in autumn, it must be very beautiful, right?”

“Yes, it’s been planted for quite a few years and it’s grown very well. I’ll bring you here next autumn.”

Lu Yi held Yan Huan’s hand tightly, so tightly that Yan Huan almost felt pain.

Yan Huan blinked her eyes. Her gaze stopped on the door handle. She wanted to hold it a little longer and go in to take a look, but Lu Yi blocked her line of sight.

“Let’s go.”Lu Yi held her hand tightly. Yan Huan thought about it and smiled at him again.

Only then did she hold his hand tightly and leave. She did not know why, but when she turned around again, she glanced at the closed door.

“Huanhuan, Huanhuan...”

“Come back.”

She shook her head abruptly. When she looked up, she found Lu Yi staring straight at her.

“Is my face very dirty?”She touched her own face. Could it be that she accidentally ate some chicken nuggets on her face just now.

"A little." Lu Yi pulled up his sleeve and helped her wipe her face. Yan Huan just let him wipe her face. Her eyes were as clear as the blue sky outside, without any impurities in them.

Her heart was actually very pure. If she met a jerk, she would kill herself.

But if she met someone who loved her, she would die of happiness.

"We're going home." Lu Yi held her hand again and brought her out of the garden. When they came, there were only four of them. When they went back, there were a lot of people in Lu Yi's car.

Lu Qin's family had one more... Old Master Lu.

Old Master Lu raised his chin and snorted. No one knew if he was angry. Also, Yan Huan's gaze stopped on Lu Qin's face.

What happened to his face? Did It Fall?

Lu Qin suddenly raised his head. The hatred in his eyes, coupled with his miserable face, made him look like a devil.

Qin Xiaoyue wanted to cry, but she didn't dare to. As long as she opened her mouth and was about to howl, old master Lu would give her a cold stare. That cold stare was almost as if he was going to skin Qin Xiaoyue alive.

As for Mengni, she just sat there in a daze. No one knew what she was thinking. In short, as long as Old Master Lu was around, the whole family wouldn't have a good time. But if old master Lu was left alone in the garden..., then no one would be able to have a good time during the New Year.

Chapter 1470:

Yan Huan only gradually understood Lu Yi's thoughts after he got together with Lu Yi.

The old man's temper was too hot-tempered, and it wasn't easy to communicate with him. Now that he thought about it, she was actually very insensible in the past. She always contradicted the old man, but at that time, she was a fool, just like a moth, no one told Lu Qin that he couldn't get close to that ball of light, and no one told him to think more about himself.

Only the old man gave her a chicken drumstick to eat as a piece of advice.

In fact, in the end, she was the one who didn't know what was good for her.

So, let's treat it as the Lu family this year. They had been thinking about how to bring old master Lu back for the new year since a long time ago. Because of this, everyone was worried to death and didn't worry until their hair turned white. And in this world, the only people who cared about old master Lu were the Lu family.

The Lu Qin family...,

she could only laugh. How could she not know what the Lu Qin family was thinking? They wished for Old Master Lu to die early, for Lu Jin and ye Shuyun to die, and for Lu Yi to die., from now on, they were the only ones in the Lu family. The house was theirs, and the garden was theirs.

“Grandpa,” Yan Huan turned around and leaned on the back of the car seat.

This sentence made old master Lu’s skin crawl.

“Who’s Your Grandpa? Don’t call me that.”

“Oh...” Yan Huan understood.

“Then what should I call you?” Yan Huan asked fearlessly, “I can’t call you ‘feed’, right?”

This ‘you’ made old master Lu’s face not look so bad.

“HMPH!” Old Master Lu snorted again. He sat alone in the row as if it was true. As for Lu Qin’s mother and son, as well as Mengni, they were about to sit in the trunk.

Lu Jin and ye Shuyun still had to help old master Lu pack his things, so they were still at the Liuyuan Garden. Otherwise, Lu Yi’s car wouldn’t be able to drive back.

“Grandfather, I have prepared a new year gift for you.”

Yan Huan said carefully. Yes, a person had to be thick-skinned. In front of Old Master Lu, she knew that she also needed to be thick-skinned. Fortunately, her skin was thick enough to be comparable to the city wall.

“I don’t want it.” Old Master Lu proudly turned his face to the side,

“No,” Yan Huan sat down again and then picked up a little bear doll in the car.

“Lu Yi, if your grandfather doesn’t want it, I’ll keep it for myself.”

“How dare you?”

Before Lu Yi could reply, old master lu shouted.

He stretched his hand forward.

“Give it to me.”

“Give what?” Yan Huan pretended to be stupid.

“My Things.” Old Master Lu stretched out his finger and poked Yan Huan’s forehead. “Take out my things. New Year’s gift, what you said just now.”

“Here you go.” Yan Huan stuffed the little bear into grandfather Lu’s mouth. How was it? This was a cute gift, right? New Year’s gift.

Half of grandfather Lu’s body was buried in the coffin, and he was holding a doll. This wasn’t playing with him, was it. Originally, he was about to curse, but in the end, he touched something.

This was why he didn't curse or say anything. This time, he was quiet. Of course, he didn't pull a long face.

When they reached the traffic light, Lu Yi parked the car. Then, he took out a glass of water from the side and placed it in front of Yan Huan.

"Take a sip."

Yan Huan hugged the glass and drank. The three people sitting in the trunk didn't even dare to say a word, especially Lu Qin's pig face. Even if he wanted to get out of the car now, he wouldn't have much courage, he had to go out and meet people with this face.

It would be fine if he wasn't recognized, but if he was recognized...

He would have lost all the people in his life.

"Is it good?" Yan Huan pointed outside. It was a huge billboard. This was a poster that she had taken for Hai City for free. Above the Hai River, she was leaning against the railing. Under the illumination of the lights., it was the Sea River.

Hai City welcomes you.

"It looks good." Lu Yi was also looking at the huge billboard. Yan Huan's photo was taken very well. She was the woman who looked extremely comfortable. She was only chosen when her popularity began to rise, therefore, she was the spokesperson for Hai City this year. As the spokesperson, she could at least have another five years or so.

"So Ugly." Grandfather Lu had to argue with them. If he didn't argue with them, what was he supposed to do? Just stare at each other? With who? Lu Qin's family.

"It's fine." Yan Huan didn't care at all. "Beauty is in the eye of the beholder. As long as Lu Yi thinks I'm pretty, it's fine. At the very least, he's always pleasing to the eye when he sees me every day. He's not too miserable to look at."

This was the first time that old master Lu was rendered speechless by someone. Therefore, this Yan Huan really had a personality that could drive people to death. He also had a mouth that could infuriate people to death

Old Master Lu had been the king of the Lu family for many years. Who wouldn't tremble at the sight of him? Yan Huan was the only one who dared to talk back to him. Not only did he dare to talk back to him, he even dared to snatch his plate and vegetables. There was no need to mention this., she had choked him several times along the way. Did she really have to make him so angry that he would die?

"Lu Yi, divorce her immediately."

Old Master Lu and his son immediately shouted at their grandson in anger.

"Grandfather, the Lu family's ancestral teachings say that divorce is not allowed."

Lu Yi said indifferently, and old master Lu seemed to have choked again.

Meng Ni, who was sitting at the back, glanced at Lu Qin. The corner of her colorless lips lifted up a little, and Lu Qin saw it as well. Lu Qin's ferocious face was also filled with disgust.

Meng Ni was still smiling, and it was a very sarcastic smile.

She then looked at Yan Huan, who was sitting in front of her. The car window was slightly opened, and the wind that blew in from the outside blew up Yan Huan's hair from time to time. Her face was extremely fair, and there was practically no blemish on it, even if she was not a good person, she was still extremely beautiful. Most importantly, Meng Ni now knew that some people's smiles were actually infectious. Even Lu Qin's grandfather, who was difficult to say, seemed to like her.

Yan Huan also talked to Lu Yi as if there was no one else around. Sometimes, he chatted with him all over the place. Sometimes, he didn't know what they were talking about. Sometimes, it seemed like they were talking incoherently, however, the two of them chatted very happily.

The car arrived at the entrance of the Lu family home. Lu Yi opened the car door and came out to pick up old master Lu.

"There's no need for you to help me." Old Master Lu was holding a little bear in his arms. Why did it look a little strange and out of place? However, he did not put the little bear down.

Yan Huan also walked out of the car. When the light from the outside fell on her face, her entire skin seemed to be transparent. Under the soft light, it was a flawless white.

"Let's go." Lu Yi held Yan Huan's hand tightly. As for Lu Qin's family, what did they have to do with them? Could it be that they did not even know where they lived.
