

Chapter 1491: was worth it

Lu Yi hung up the phone. Yan Huan was still asleep. At this moment, his expression was relaxed. It was obvious that he did not feel too bad. When he woke up, there might be some pain, but he would recover soon.

Lu Yi had been sitting there the whole time. He did not eat or drink. He just waited for her without eating or drinking.

Not long after, Lei Qingyi came over and brought a few things with him. These were all things that Lu Yi wanted.

The moment he entered, he could smell that the smell inside was not too good. There was also the smell of blood. His nose was the most sensitive, and these were all on Lu Yi.

Lu Yi was completely dumbfounded. He just sat there in a daze. The clothes on his body were almost covered in blood. His face was filled with all sorts of vicissitudes and miserable looks, as well as his dry and thin lips that had lost all moisture.

He walked in and put his things aside. Then, he came over and patted Lu Yi's shoulder.

"Go and clean yourself up first."

No one paid attention to him.

Lei Qingyi's eyebrows were about to knit together.

"You clean yourself up first, okay?"

He shook Lu Yi's shoulder again, but Lu Yi still didn't move.

Was he stunned or stupid?

"Can you clean yourself up first?" Lei Qingyi covered her nose in disgust. "Didn't you say that she loves cleanliness the most? Look at you now. Are you trying to suffocate her to death?"

"Don't worry. I'll help you guard here. She'll be fine."

Lu Yi stood up and took out his clothes from Lei Qingyi's bag. He walked into the bathroom. There was everything in this ward, and it wasn't his first time staying here, so everything was very familiar.

Lei Qingyi lowered his head and looked at Yan Huan's face. If Yan Huan was sober now, he would definitely give her a thumbs up. This woman was good.

Back then, he really did not think that Lu Yi would marry such a woman. This kind of love was vain and stupid. What was so good about a woman with a good face? She was not even as good as that Fang Zhu. At the very least, her family background was clean, she was also a university teacher and had a good outlook on life. A woman like Yan Huan, if put nicely, was good-looking and ugly. She was just a vase, and she was the kind that looked good but was useless.

But now, he felt that he had indeed slapped himself in the face. That woman, Fang Zhu, was not even worthy of carrying her shoes. What vanity? She did not need to be vain, every year, her income was enough to support a wealthy family. She was not stupid, nor was she stupid. Although this woman's IQ was not high, her EQ was very high. Look at how happy her family was, Lu Yi treated her like a treasure and loved her. It was clear how smart she was.

In addition, she treated Lu Yi's family as her own. This woman was indeed not bad. He had a change of opinion. This time, he really had a change of opinion. He had to write a capital letter of submission for her.

Fortunately, she was fine. When Lei Qingyi came, she had asked he yibin. She did not know how this person was doing. When he Yibin said that when he came, it looked very serious and he had lost too much blood. In fact, it was fine, it was not as serious as they had imagined. It could be said that it was a relatively deep external injury. If it was an external injury, then it would be much lighter.

He was relieved. When Lu Yi came out, the bloody smell on his body had finally disappeared. Lei Qingyi placed a cup in front of him, "Drink. Even if you don't eat, you have to drink some. Don't make yourself ugly. She doesn't want you anymore."

Lu Yi took the cup in Lei Qingyi's hand and drank a cup of water in a few mouthfuls. He then walked over and sat beside Yan Huan. He carefully held her cold hand in his big hand, he just wanted to let her know that he would always be there for her.

"Have you seen my mother?" Lu Yi asked Lei Qingyi. Lei Qingyi came from his family. He should have seen her.

"Yes, I've seen her." Lei Qingyi pulled a chair for herself and sat down, "Your grandfather is there, and your father can't care about anything else. Right now, he can only care about your mother. My mother and my father have also gone over. You Don't have to worry about your mother. She was just scared and fell asleep. As for outside, that Mengni is crazy. She only said that she killed someone, and that she killed someone. Qin Xiaoyue is just foolishly shouting that I didn't kill her from time to time."

"Which one of them couldn't bear the crime of wounding and killing others? This time, they were all quite frightened. Your grandfather's face... Tsk, when Lei Qingyi thought about it, she was a little afraid now. His face was even longer than a horse's. He directly threw both of them into the basement. Even Lu Qin, who had rushed back from the outside, was kicked by your grandfather."

If she couldn't even live well in her own house, who would want to live in this house?

"I feel that after this, your house will really be peaceful."

Lei Qingyi looked at Yan Huan's face, which was almost colorless.

"Her injury is worth it. It's not that I have bad intentions," he sighed, "You don't know. Two women fighting is simply amazing. The murder weapon was just a high-heeled shoe. Later on, Qin Xiaoyue's eyes turned red from the beating and she held the fruit knife as if she was going crazy. She might not have thought of killing anyone, but she just wanted to scare Mengni. She just didn't expect that when your mother happened to come over, Mengni ran to your mother's side. Qin Xiaoyue couldn't keep the fruit

knife in her hand, and that knife was aimed at your mother's chest at that time. According to the angle at that time, your mother might have died on the spot."

"It was Yan Huan who stood in front of your mother, causing the position of the water saber to deviate slightly."

That was why he said that the injury was worth it. If something were to happen to Ye Shuyun, first, Lu Jin would not let Qin Xiaoyue off, and then the Lu family might be finished.

Qin Xiaoyue was also finished. Even Lu Qin, Lu Jin, and Lu Yi would not let her off. He did not know what kind of situation it would end up in. To be honest, he did not want to guess, he did not even want to guess anymore.

However, it was good that she was fine. Yes, it was good that she was fine.

Yan Huan's injuries were not serious. She would be fine when she woke up. He patted Lu Yi's shoulder to comfort him. I will stay here with you today. Lei Qingyi stood up and walked out. In a while, he would go to buy some things and let Lu Yi eat first. Otherwise, based on Lu Yi's current character, he might not eat or drink anymore.

On the other hand, Yan Huan was fine, but he was not.

The door was gently closed. Lu Yi fetched a basin of water and carefully wiped Yan Huan's hands. The very soft towel also wiped the blood stains between her fingers clean, and the bandages wrapped around her shoulders..., blood still oozed out.

Chapter 1492: don't leave

He sat down again and carefully caressed her pale face.

At that moment, no one knew what this man was going through.

It was a painful experience.

"Don't be afraid, it's okay. It'll be fine," Lu Yi said softly. "I'll be with you."

Yan Huan didn't know if she heard him or not, but she moved her hand and held Lu Yi's hand tightly. Then, she let go. It was also because of this small movement that Lu Yi's eyes turned red.

Lei Qingyi walked in again and put all the food he bought aside.

He laid out the food one by one and then sat down to eat. He had been busy all day and had been hungry all day. He was as tired as a dog and hadn't eaten yet.

Lu Yi still sat there without moving, and Lei Qingyi didn't care about him,

Lu Yi was stupid. He didn't eat or drink. If he fell down, who would take care of his wife for him.

Therefore, he could not fall sick. He had to be like a huge mountain, supporting a safe place for his wife and no longer hurting her.

Lu Yi stood up and took the chopsticks. He picked up the bowl and started eating. However, he only ate plain rice and did not even look at the dishes.

After finishing the bowl of rice, he walked over and stared at Yan Huan without blinking. It was as if he was afraid that she would turn into foam and disappear.

He placed Yan Huan's hand on his forehead.

"Huanhuan..."

"Don't go."

Lei Qingyi could not help but roll his eyes. Was Lu Yi cursing his wife to die? This person was clearly fine, how could he leave? Lu Yi's IQ was indeed worrying

He raised his head and looked at the sky outside. It was already dark. He could stay here and not leave today. He took out his phone and walked out. The moment he closed the door, a corner of the curtain was raised, then, Lu Yi's eyes fell on it.

It was also in the eyes of another person.

Yan Huan turned her head and stared blankly at the corner of the curtain. She stood far away, looking at Lu Yi and herself.

Then, she raised her hand that was almost like air.

Was she dead?

Suddenly, her body was forcefully sucked in by something. When she opened her eyes again, she arrived at a place that she was extremely familiar with, a place that she often dreamed of recently.

This was the garden and the door.

She took a step forward but quickly retreated. She had not forgotten the pain that would appear every time she walked.

However, she touched her shoulder. She did not feel anything. There was no injury or pain. Strangely, she did not feel anything. It really did not hurt.

She took another step forward.

To her surprise, she stopped again.

This time, it seemed to be different from other times. She did not feel any yin energy. She took another step forward, two steps, three steps..

However, when she reached the door, there was still no obstruction.

She carefully placed her hand on the door handle and gently twisted it.

The door opened.

The wind from outside blew in and raised a corner of the window inside. The place was very clean, and even the air was the same. There seemed to be no dust.

She smelled the fragrance of a rose. When she walked in, she saw that there was indeed a bunch of pink roses on the cabinet. She did not know if it was just plucked, but there were still water droplets on it.

They were delicate, fresh, and fragrant.

At this moment, there was a person lying on the soft bed. She had never known or seen this person before,

but who was this person.

She took another step forward.

“Huanhuan, don’t go...”

Suddenly, she seemed to hear a voice. It was Lu Yi’s.

“Lu Yi!” She turned around, but there was no one in the room other than Dangdang. No, there was her and that person.

She clenched her hands and took another step forward.

“Huanhuan, don’t go, don’t go...”

The man’s voice was filled with all kinds of pain. This pain made Yan Huan Hug her arm and squat on the ground.

No, no, I’m not going. She suddenly stood up and ran towards the door. This time, she gave up. She didn’t want to see anymore. She didn’t want to see anything.

She was also afraid.

Suddenly, she opened her eyes, and a wave of excruciating pain came from her shoulder.

At this moment, a hand was placed on her face

“Don’t move, don’t struggle. Just be fine like this.”

Yan Huan looked up and saw that it was Lu Yi. Suddenly, her eyes turned red, and tears rolled down without saying a word. They didn’t even need to be prepared. They just rolled and fell.

They were like pearls as they came out of her eyes one by one.

“Don’t cry.” Lu Yi carefully wiped her face. “It’s alright. Don’t be afraid. Trust me. You’ll be fine soon.”

Yan Huan wanted to reach out and hold his hand. However, just as she raised her hand, she felt a pain on her shoulder that almost tore at her skin and flesh. This kind of pain even caused her heart to throb, after a while, instead of tears, she began to sweat.

“I’m in pain...” Yan Huan cried. She was really in pain. How could it be so painful.

The door outside banged. He Yibin hurriedly came in, took the medicine, and gave Yan Huan an injection to relieve the pain.

“You can’t give her too many injections,” he yibin said to Lu Yi. “She still needs to be in pain for a while. People are made of flesh and blood. How can this body not hurt? How can it not hurt?”

“Try Your Best.” Lu Yi carefully wiped Yan Huan’s hands and face with a towel and then put her hands under the blanket.

If it were Lu Yi, he yibin would definitely not give him this medicine. It was a poison. Moreover, as a man, would he be afraid of a little pain.

However, it was not Lu Yi, but Yan Huan. Such a delicate woman, especially in front of Lu Yi, was almost a woman who would break at the touch.

As long as she cried, as long as she shed tears, Lu Yi would completely lose his temper.

The last time she gave Lu Yi blood transfusions, she was clearly stronger than any man.

Therefore, a woman could turn herself into a tomboy, but she could also turn a tomboy into a little princess who could not unscrew the bottle cap. Such a change would depend on which man was by his side.

He really wanted to say to Lu Yi, “Brother, you really have no moral integrity...”

However, if he married a wife in the future, he would also spoil his wife into a little princess, just like Lu Yi.,

not long after, the medicine took effect. Yan Huan fell asleep again, and all the indicators were pretty good. The surgery itself was also very successful, but his body was very weak and had not recovered in the first place., now with such an injury, it would probably take a very long time before he could recover some of his vitality.

Chapter 1493: she was really fine

The next day, Ye Shuyun came over. However, when she saw Yan Huan crying the moment she arrived, she was especially nervous. Her expression changed drastically when she did not move at all.

Yan Huan opened his eyes. In fact, she woke up as soon as there were more people around. She had been sleeping most of the day. In fact, just as he Yibin said, her injuries were not too serious, all the tubes on her body had been removed. She could even go to the bathroom by herself.

He Yibin said that she was still too delicate. If this injury was on Lu Yi, he would not even be in the hospital. He would have gone home long ago.

However, Yan Huan was not Lu Yi. She was Yan Huan. She was a woman who had been spoiled by her husband. If she was not a little more delicate now, could it be that she had to become a woman?

She glanced at Ye Shuyun, who was clearly not in good spirits, and smiled at her.

“Mom, look, I’m fine.”

Ye Shuyun relaxed and her legs went weak. If it weren't for Lu Jin supporting her, she would have fallen to the ground by now.

She was really frightened. When the fruit knife was about to stab her, she didn't have any reaction. She just stared at the tip of the knife foolishly, and then Yan Huan stood in front of her, and just like that, her blood sprayed all over her face and body. Her hands were covered in Yan Huan's blood. And she was really afraid. She was so afraid that she did not know what to do. That Hand of blood, almost as soon as she closed her eyes for the next few days., she would wake up in shock.

Lu Jin said that Yan Huan was fine. Her injuries were not serious. At that time, she had lost so much blood. It was only because the wound was too deep that her internal organs were not hurt. No large blood vessels were injured. Even the post-operation only lasted for about an hour, so she was really fine.

But Ye Shuyun did not believe it. She was afraid that Lu Jin was lying to her. At that time, she had lost so much blood that she almost lost all her blood.

What should she do? Tell her what to do?

Her son did not have a wife, and her son did not have a wife. She would not have any grandchildren in the future.

She had been worried at home for a few days. She did not even dare to see the light, leaving Lu Jin helpless. This was the first time Lu Jin found out that ye Shuyun was so stubborn. No one would believe her, whether it was him, Lu Yi, Lei Qingyi, or he yibin, they were all the same. She did not believe them either.

The only person she could trust now was the living Yan Huan.

After Yan Huan recovered a little, Lu Jin finally brought ye Shuyun over.

However, Ye Shuyun cried the entire way. She said that Lu Jin wanted to bring her to see Yan Huan's last face, right?

Lu Jin's face turned black on the spot. He absolutely could not let his son know about such unlucky words. What last face? She was clearly fine and had been able to eat recently, but her body was a little weak, he slept a little more.

Now That Ye Shuyun finally saw Yan Huan alive, he could finally heave a sigh of relief.

Ye Shuyun ran over. At this time, Yan Huan was already helped to sit up. In fact, she was really fine. Other than the injury on her shoulder, which was a real pain, she was also much better, it wasn't as painful as before.

"Huanhuan, are you alright?"

Ye Shuyun carefully touched Yan Huan's face. "You're fine. Are you really fine?" As she spoke and touched, she almost burst into tears when she felt the warm skin on Yan Huan's body.

"You're fine. That's great, that's great..."

It wasn't the last time, it wasn't a cold tombstone, nor was it a corpse.

It was a living person, a living Yan Huan.

“Mom, I’m fine.” Yan Huan smiled at her. Although his smile was a little small, it was still the same as before. The world reflected in his eyes was still clean and pure.

“It’s good that you’re fine. If you’re fine, then say it.” Ye Shuyun relaxed and also fell to the side.

She fainted again.

Fortunately, he yibin came over to check on her. He said that it was only because she lost control of her emotions. However, this was probably because she was too nervous earlier on, so now that she was relaxed.., all her nerves also relaxed. It was the same ups and downs, great joy and great sorrow. Her spirit could not bear it for a moment.

Ye Shuyun was fine. In fact, she was just asleep. When she woke up, she would slowly recover. The pressure on her body had also disappeared. She believed that she would recover very quickly. At the very least.., she would recover much faster than Yan Huan wanted.

As for Yan Huan, he was so well-fed and treated like a princess. How could he be unhappy? He Yibin had said that he would stay for another two to three days. If there were no major problems.., then she could go home and feed her. As for changing the dressing, she did not have to worry. Wasn’t there doctor he? Doctor he would come and serve her.

Ye Shuyun fell asleep, but Yan Huan did not want to sleep. She also slept most of the time. If this continued, she might really become a pig.

Lu Yi brought a small bowl over.

“The soup made by the nanny at home, drink more.”

“It’s not good,” Yan Huan turned her face away in disgust. She really did not like drinking this. The taste inside was weird, and it mainly smelled like Chinese medicine. What she was most afraid of drinking was Chinese medicine. She actually had some small problems.., lu Yi found a doctor to help her recuperate. She drank two bowls of Chinese medicine every day, and it made her want to throw up. But in the end, even if she threw up, Lu Yi would force it into her mouth. So from then on.., she had always kept a respectful distance from the smell of this medicine. Now, he even wanted her to drink it every day. He drank soup every day, and it was either this or that taste. Why was it that she was the only one who drank the same taste every day.

Lu Yi turned her face over and placed the spoon in front of her. “Drink it.”

Yan Huan widened his eyes, but Lu Yi’s expression was still calm. He did not compromise at all. Anything was fine, and he could agree to anything. Except for this, he could not agree.

For the sake of her body, no matter how bad the soup tasted, he had to drink it. It was fine if he did not drink it, but don’t blame him for being ruthless and pouring it into her mouth.

Yan Huan pursed her lips. She sniffled, and her eyes turned red. She looked like she was about to cry,

“You’re a Skinner.”

Yan Huan pulled Lu Yi's arm and took a bite. However, after another bite, Lu Yi still managed to pour the bowl of especially bad soup into her mouth.

Lu Yi placed the bowl down and helped her tidy up her hair. Recently, he had not done much to tidy up her hair. Now, it did not have much luster. In fact, it was not just her hair.., even Yan Huan herself did not have any luster. Her skin, which used to be as white as porcelain, was now slightly grayish. Her complexion had also changed quite a bit.

Chapter 1494: don't Hurt a single dog

Yan Huan stretched out her arm and wrapped it around his neck.

"Aren't you very touched? You Didn't marry the wrong me, did you?"She smiled. Although her mouth still had that unpleasant taste, she didn't want to argue with him on account of how good-looking he was.

"I've never married the wrong you."Lu Yi kissed her forehead and carefully let her lie down. Of course, he didn't dare to touch her wound. It hurt every time he touched it, and every time it hurt, he would cry.

He gently stroked Yan Huan's hair. Yan Huan rested her head on his lap and pulled his hand to play with it.

"Thank you for saving my mother."

This was what Lu Yi wanted to say to Yan Huan the most. He wanted to thank her for saving ye Ping and also to prevent their family from being destroyed. He still had his mother, his father, and her.

Yan Huan held his hand tightly and placed it on his face, lightly rubbing it.

"I'm someone who doesn't have a mother. I Won't let you be without a mother too."

When her mother wasn't around, what kind of heartache, what kind of pain, what kind of pain, what kind of loneliness... her heart was clearer than anyone else.

Because she was an orphan, she was now an orphan with nothing, so she did not want Lu Yi to be like her

As long as they had a mother, then no matter how old they were, they would still be children. They still had a family, and they were still people who unconditionally treated them well. It was also because she did not have a mother, so.., she would not let Lu Yi have no parents.

She lay on Lu Yi's lap and fell asleep very quickly. However, she was still in a daze. When she opened her eyes and arrived at the door of the room, she placed her hand on the doorknob and twisted the door, the door opened as well. The interior was still the same. The pink roses that were placed on the side seemed to have been replaced with new ones. The reason why she knew that they were new was because the shape of each flower could not be the same, it was like two leaves. It was like two people. No matter how close they were, they could not grow exactly the same unless they were the same person.

She walked forward again. Under the dim light, even the person who was still sleeping there seemed to have never changed. Every time she came over, it was this breathing sound, it was almost at the same frequency as her.

She took a step forward, but in the end, she still took this step back.

And from the beginning to the end, she did not have the courage to take another step forward.

Until she closed the door and opened her eyes, she was still lying on the hospital bed. This was the most clearly she remembered when she woke up.

Sometimes, she would wander between reality and dreams. Sometimes, she would forget herself. Which side was real? Which side was her imagination? Perhaps neither side was real, maybe both sides were fake.

She didn't have the courage to reveal the last layer of secrets. She had a feeling that as long as she revealed the last layer, everything about her, her life, and everything about her would be overturned, she was afraid that such a change would hurt the person she cared about the most.

"What's wrong? What are you thinking about?" A hand rested on her forehead. He had been in here for so long. What was going on? Why was he so lost in thought? Did he not notice anything?

"Nothing?" Yan Huanlou held his neck. Her eyes were parallel to his. Her pink lips were pale, but they were still very beautiful. Especially when she smiled, she was even more likable, Lu Yi finally understood why so many people liked her. When she smiled, her eyes would also smile, making people feel as if they were looking at cotton candy. It was so sweet and soft, even they themselves were melted.

"When can I go home?" Yan Huan leaned her head on Lu Yi's shoulder. I don't want to live here. Although Lu Yi was always here to accompany her and Ye Shuyun came here every day.., she still wants to go home.

"Just bear with it for one more day. I can go home tomorrow."

"Can't you do it today?" Yan Huan didn't want to stay here any longer. She wanted to sleep on a soft bed at home. She didn't have the full feeling here. Moreover, she sometimes wanted to do bad things. What should she do then?

It would be embarrassing to be disturbed by others. Moreover, there were many people who didn't like to knock on the door. For example, Lei Qingyi. Every time she came, it wasn't that she didn't knock on the door, but that she was knocking on it.

Just like now, with a bang, the door opened. As soon as the big guy came in, he saw the couple being intimate with each other. His heart was filled with this and that.

And he really wanted to say, if you want to be intimate, can you go home? A single dog is also a dog. Don't hurt him, okay.

"I have something to tell you." Lei Qingyi's words were obviously directed at Lu Yi. Why would he talk to Yan Huan for no reason? They weren't friends, alright.

"I'll go out for a while." Lu Yi let Yan Huan lie down again and pulled the blanket for her. Yan Huan watched as he closed the door while she grabbed the blanket on her body and fell asleep very quickly.

MMM, she could go home the day after tomorrow. That was great.

Therefore, she had to rest well and try to ensure that everything was fine during the examination the next day. Otherwise, based on Lu Yi's character, she might still have to stay at the doctor's for a few more days.

Lu Yi said that it was one day, so it was one day. He definitely would not let her leave the hospital for another minute. Fortunately, Yan Huan's various examinations were also fine, so Yan Huan could go home. After a few days.., he just had to come to the hospital again and remove the stitches.

However, Yan Huan felt that he was a little disappointing. On the first night he went home, he already had a slight fever, and he Yibin was also in the middle of the night, so he came to serve them again.

"Don't worry, she's fine. You guys let her sleep a little longer." He Yibin stood up and put away his things. He yawned again. He was too tired,

"Also..." he squeezed his sore eyes hard, "I've said it before. Her condition is much better than the last time you were here. I've said it many times already. Let her rest well and she'll recover very quickly. A slight fever is normal. If you keep taking the medicine, it will reduce the injury. Now that she has a slight fever, call me over. Brother, it's the middle of the night. Should I still sleep?"

Lu Yi was only worried about Yan Huan. He placed his hand on her forehead and felt his temperature. As for he Yibin, he was transparent.

Yan Huan's fever subsided after a while. When she woke up in the morning, she was in the best of spirits. Of course, she did not have a fever anymore.

Lu Yi was holding a spoon and feeding fang huan the soup.

Ye Shuyun had personally brewed the soup. No matter how much Yan Huan disliked it, she could not pour out the soup that her mother-in-law had personally brewed. Even if she cried, she had to finish it.

Chapter 1495: promised me that I wouldn't leave

If there was anyone who cared about Yan Huan the most, it would be ye Shuyun.

And now that Ye Shuyun thought about it, all the dissatisfaction she had towards Yan Huan back then was also because Yan Huan took a knife for her this time, and it completely disappeared.

A person only had one life. Only family and lovers would use their own lives to love each other's lives.

Yan Huan saved her not because of anything else, but because she was Lu Yi's mother. She didn't want Lu Yi to lose his mother. If it was someone else, would mengni do it? She wouldn't. Would Fang Zhu do it? She wouldn't do it either.

Only a fool like Yan Huan could use his own life to exchange for someone else's.

Fortunately, she was fine this time. Fortunately, she wasn't too hurt. Otherwise, she wouldn't know how to face her son.

"Eat more." Lu Yi put the spoon in front of Yan Huan again.

But Yan Huan really couldn't eat anymore.

"I don't want to eat anymore, okay?"

Even if she was sick, she couldn't be like this. This wasn't eating, this was feeding a pig. When she thought about it, she stuffed a little into her mouth. There weren't five bowls of soup in her stomach every day, but there were already four bowls.

She could even hear the sound of water in her stomach whenever she moved.

Lu Yi put down the bowl and then took a comb to comb her hair. This was really a good man. Only when one was married would one know. Only when one got along with him would one understand that he wasn't too kind-hearted or good-natured, of course, he didn't have a pretty face, but he used his heart to care about you and liked you.

Those women who didn't like him were really blind.

And such a good bargain was actually taken by her, and she wasn't a very good woman.

Lu Yi helped her comb her hair and helped her lie down. Then, he held her hand and sat down by the side.

"What's Wrong?" Lu Yi held her finger. "Why aren't you talking when you're fine?"

"You still haven't told me why you helped me back then?" Yan Huan recalled Lei Qingyi's words. She was actually a little afraid, afraid of everything, including her fame, it wasn't because she was so lucky, but because there was a man helping her behind her back. She had never known that this person was none other than Lu Yi.

Lu Yi held her finger again.

How should he put it? Yes, how should he put it? He had actually forgotten about it. He only remembered that when he first fell in love with her, he had helped her once from time to time, and then he continued to help her.

Until she got together with Lu Qin.

"You didn't tell me?" Yan Huan really felt that she was too stupid. How could she think that a woman like her, who had fame and no fame, no one, and no backing, could be so smooth-sailing, in the entertainment industry, where people were eaten, she could still survive without any fear. In fact, no one dared to provoke her. She had never thought that someone was helping her behind her back.

Now that she thought about it, why did no one dare to provoke her? It wasn't because of anything else. It was just that she had a strong backing. But what kind of backing did she have? It turned out that in the first few years of her life, she really did have a backer, a backer that even she herself couldn't think of.

However, he had never mentioned it. Was it because he would never tell her if she didn't ask?

“Didn’t you already know? What else do you need me to tell you?” Lu Yi stood up and sat beside her. He then tidied up her hair and carefully covered her with the blanket, “You should sleep for a while more.”

“Okay.” Yan Huan also felt sleepy. Her medicine had the ingredients to help her sleep. The more she slept, the better her recovery would be. In fact, she had already recovered very well. Give her good medicine and good food, naturally, every day was better than the day before.

However, after a while, she opened her eyes again and carefully grabbed his finger.

“If I don’t wake up and I’m still deceived by Lu Qin, when will you give up on me and ignore me?”

Lu Yi didn’t think about this question. When would he really give up and ignore her.

“After I get married,” Lu Yi was telling the truth. No matter what the reason was, he would eventually walk the path of marriage. In the end, no matter how big the place Yan Huan occupied in his heart was.., he would only hide her in a small corner so that he could reminisce about it. He would not interfere in her matters. This was his loyalty to his marriage and also his loyalty to his wife.

“You must always be with me,” Yan Huan hugged his hand as if he was possessive and placed it on his face.

“Okay,” Lu Yi agreed. “But you have to promise me as well.”

“Promise you what?” Yan Huan yawned. She was really tired, so she might not have heard clearly what Lu Yi had said.

Promise Him? Promise him what?

“Promise me that you won’t leave, Won’t leave...”

At this moment, Yan Huan was already asleep, and she had never thought of leaving. She wanted to leave.

Also, why did she want to leave? Why did she want to leave?

The spring scenery outside was rather bright and beautiful, as if it was the arrival of another season. Yan Huan did not feel much pain from her wound. Recently, she felt a little strange, because it seemed like she had never gone to that place again.

She had never dreamed of those three children, nor had she dreamed of that door.

Perhaps she would not go there again in the future, but why did she feel that she could not bear to part with them? The things in her heart almost made her heart ache.

“What’s wrong? What are you thinking about?” Lu Yi walked over and took some clothes from the side to help her put them on.

“Nothing.” Yan Huan smiled at him and rested his head on his shoulder.

“I’m going to remove the stitches in a while. Are You Afraid?”

Lu Yi carefully wrapped her up with his clothes. Yes, Yan Huan was going to go to the hospital to remove the stitches. Regardless of him or Yan Huan, neither of them had seen a wound before. They did not know how big the wound was, what exactly did it look like? After a few stitches, it looked so ferocious.

Yan Huan carefully touched the area under her shoulder. How did the wound end up here? She didn't know if it would leave a scar. What if it did?

However, after thinking about it, she didn't worry too much. Nowadays, medicine was already very advanced. It only left a small scar. Not to mention a small scar, even a big one could be removed.

The person who removed Yan Huan's stitches was a female doctor. He Yibin still had to understand Lu Yi. He did not even dare to accept such a job. There were differences between men and women. To perform surgery was to perform surgery, at that time, he did not think that it was Yan Huan's. He also treated her as an ordinary patient. However, it was not the case now. Since Lu Yi was present, Yan Huan was also conscious. That was why he had found a female doctor. Thinking about it, no man would want his wife to be seen by others.

Chapter 1496: mama goes home together

Moreover, Yan Huan was injured in that area. He had to take off his clothes from the top and bottom of his right shoulder. If he was not careful, he would have seen all of Yan Huan's clothes.

Even if Lu Yi did not care, he himself would feel very awkward. Moreover, with Lu Yi's character, how could he not care about his wife being looked at by other men.

"It's done."The female doctor stood up and carefully helped Yan Huan to pull up his clothes.

Yan Huan's injury had recovered quite well. The wound was not too big, and there would not be too long of a scar in the future. Moreover, looking at his current appearance, there were no scars or other signs of hyperplasia.

He should be able to recover very well.

Only then did Yan Huan heave a sigh of relief. She was an actress. This was a place that was placed in front of others, but she absolutely could not have the slightest scar. Otherwise, she would not be able to wear clothes that revealed her shoulders in the future.

After Yan Huan finished removing the stitches, he yibin came in. Of course, he had also heard about it from the female doctor. He also heaved a sigh of relief. Fortunately, he had been careful at that time. During the surgery, he had also sewn cosmetic wounds on Yan Huan, therefore, Yan Huan's wound had grown quite well. It should not have left too many scars. Moreover, Yan Huan's physique was also slightly better than the average person. When he heard the female doctor say the same thing today, he knew that.., his recovery was better than they had imagined.

"Alright, you can go back now."

He Yibin still had to mention some things to take note of. "Remember, this is the wound that has been removed. It hasn't fully grown back yet. When you go back, don't do any heavy work. It's best if the wound doesn't see water."

“Sure,” Yan Huan agreed readily. Besides, how could she do heavy work? She only ate, slept, and ate. Of course, the wound didn’t see water either. She couldn’t even take a bath.

He Yibin prescribed some medicine for Yan Huan to use. If there was anything wrong, he could just tell him. Fang Huan had been recuperating in the hospital for about ten days, so there was nothing wrong with him.

Thinking about it, as long as she took good care of him after returning home, something would happen.

When they reached home, Ye Shuyun saw how relaxed they were and heaved a sigh of relief.

Fortunately, they should be fine from the looks of it. Moreover, if they were, they wouldn’t have gone home, right?

“Mom, I brought her to rest for a while.” Lu Yi held some things in one hand and held Yan Huan’s hand tightly with the other. Actually, it could be seen that Yan Huan wasn’t feeling too well, she had been lying down recently and hadn’t stood for too long.

This was the first time she had walked so much, so she seemed to be a little sleepy.

“Go ahead, you can eat in a while.” Ye Shuyun also noticed that Yan Huan’s complexion was not too good. She was also worried, but there was nothing she could do, especially since Yan Huan was injured because of her, so she felt more and more uncomfortable.

She could only run to the kitchen and personally prepare more food for Yan Huan so that she could eat more. This way, she could recover faster.

As soon as she entered the room, Lu Yi carried Yan Huan and carefully placed her on the bed. Then, he covered the floor with the blanket.

“What about them?” Yan Huan was a little dizzy when he first arrived at home. He had forgotten about Lu Qin’s family, so he did not ask.

Now that he thought about it, what about those people? Why did they not dare to come out after stabbing someone?

None of them believed that they did not owe Qin Xiaoyue that stab. After Qin Xiaoyue stabbed someone, did she really think that they could continue living a good life in the Lu Family?

“They moved out.”

Yan Huan rubbed his head, feeling uncomfortable. “My head hurts a little.”

Lu Yi placed his hand on Yan Huan’s temple and gently massaged it to let her sleep better.

“Are they willing?” Yan Huan let out a comfortable sigh. This time, she did not feel much pain. She was just a little sleepy and might still need to sleep later.

“Grandfather and father will not allow such a dangerous existence to exist in the house.”

Lu Yi then tucked Yan Huan into the corner of the blanket. “Sleep well and don’t bother about them. I’ll take care of their matters.”

"Alright..." Yan Huan replied softly. Then, she turned over and continued to sleep. Actually, she did not like to lie on her back. There was nothing she could do since she was injured. She could only lie on her back. She could not sleep well either, now, her injuries were finally healed. Although they were not completely healed, it did not affect her from turning over and sleeping.

She hugged the blanket that covered her body. For some reason, she began to feel uneasy from sleeping.

She seemed to have heard the cries of the children, and many of them were crying.

"Mommy, Mommy, I want Mommy..."

The child was crying so hard that his lungs were breaking out. However, no one could comfort him.

Yan Huan clenched his hands again, and his forehead was drenched in sweat.

"Mommy..." at this moment, a small hand reached out and grabbed the corner of her clothes. She lowered her head, only to meet a pair of very dark eyes that did not have any light in them.

"Xiao Guang." She squatted down and carefully hugged Xiao Guang in her arms. Then, she patted his little head. She had not seen Xiao Guang for a very long time.

"Mommy." Xiao Guang used his small hand to touch his mother's face. Then, he pressed his little face against his mother's face. His voice was choked with sobs.

"Uncle he said that Mommy is sick and we won't be able to see Mommy anymore. Xiao Guang kept crying. Mommy, when will you be able to go home? When will you be able to go home? Xiao Guang Misses Mommy."

Yan Huan hugged the little child in his arms tightly. For a moment, she was actually about to say that she wanted to go back with him. But this wasn't her child. This was clearly not her child. She and Lu Yi didn't have a child.

However, this child's facial features were so similar to Lu Yi's. This kind of blood connection could not be wrong.

She stood up and carried Xiao Guang. Suddenly, she wanted to know something. Where did that sharp sadness come from? She walked forward step by step, it was as if she had done many such things. Every time, something seemed to pull her back, but this time, it was not there. She had already arrived.

A door appeared in front of her. It was a door that she had always felt familiar with, but she did not dare to enter.

She placed her hand on the door handle and gently pulled it open.

With a creak, the ray of light was slowly magnified in front of her eyes. She did not see what was inside, but she heard a voice coming from inside.

"Her condition is getting worse. I don't know what is going on either. She was clearly fine a while ago, but recently, be it her heart, lungs, or breathing, she has become much weaker than before. You have to be mentally prepared."

“Is there no other way?” Another man’s voice sounded. It actually made Yan Huan involuntarily feel his heart clench. This voice seemed, yes, it seemed, no, it was too similar.

Chapter 1497: was too passionate

This sounded like Lu Yi’s voice.

Perhaps she could mishear everyone’s voice, but only Lu Yi’s voice could not. She had memorized his voice in her mind, as well as her own soul.

“You should know that there’s no other way. She doesn’t even have consciousness now,” the man sighed again, which was actually familiar to her.

“She might not be able to pass this year. If her body really continues to decay, then...”

He didn’t finish his sentence, but it was obvious what he wanted to say. It didn’t need to be said to know what that meant.

Then what would happen?

What else would happen?

She would die.

She would die.

The door suddenly opened, and two people followed her out. Her body trembled because these two people had actually penetrated her body.

A man in black stood in front of Xiao Guang and reached out to pick her up.

“Why are you here? What if you bump into me?”

The man carefully touched the child’s little face. “Tell Daddy, did you fall somewhere?”

“No.” Xiao Guang shook her little head and pointed forward. “Ba Ba, Xiao Guang brought mummy back.” The place he was pointing at was exactly where Yan Huan was standing. Yan Huan’s body was stiff, she seemed to have noticed that the man’s gaze seemed to be sweeping towards her, but in the end, he still left.

The sound of footsteps could be heard behind her. They had left, right,

she raised her head again. As expected, they had all walked far away.

She turned around and stared blankly into the room.

There was something she wanted, and there was also something she wanted to find. It was also something that she had been searching for all this while.

She lifted her feet and walked forward step by step. Under the dim light, she could smell the fragrance of flowers in the room, but there was also a strong smell of medicine.

There was still a person lying on the big bed inside. The drops of medicine were constantly seeping into the person's blood through the leather tube.

She could not help but touch her arm. For some reason, it felt indescribably cold.

She took another step forward. Every step was extremely difficult.

When she stood on the edge of the bed, the moment she saw the person above... her pupils constricted violently.

"Ah..." she suddenly covered her mouth and could not help but cry out,

"What's wrong? Did you have a nightmare?" At this moment, a warm body hugged her in his arms and carefully protected her.

"It's alright. It'll be fine once you wake up from the dream."

Lu Yi hugged her a little tighter, but he was also careful of her wounds. Although she was almost healed, he was still worried.

Yan Huan reached out and grabbed Lu Yi's sleeve. Her lips were trembling non-stop. She didn't know how to say it, and she didn't know if she should say it or not. In fact., she didn't even know if what she saw was real or fake?

She gently stroked her face. It was clearly smooth and fair, but why was that her? Yes, that her, the other her. That wasn't a woman who looked like her, nor was it someone else. That was her., no matter what, she knew herself, she knew, and she could feel it.

But why did she become like that?

That was her, the person she could not see clearly was her, the person lying there half-dead was her, the person who was already skinny to the point of skin and bones was her, but how could this be, how could this be?

She was clearly alive and well.

She was clearly here, but why was she lying somewhere else?

"Don't be afraid. It's fine. It's fine." Lu Yi gently stroked her hair and comforted her. His voice was very deep and pleasant, like a long-aged red wine. When he spoke, there was a mellow aftertaste, there was a kind of low and deep, but also a kind of low and dark.

This voice..

Yan Huan clutched tightly onto her clothes. At that moment, she did not know why, but she actually wanted to cry so badly?

"Don't be afraid, it's fine." Lu Yi coaxed her like he was coaxing a child. Meanwhile, Yan Huan gradually calmed down.

She thought that it was just like what Lu Yi had said. It was just a dream, just a nightmare. As long as she woke up from the nightmare, everything would be fine.

Yes, it must be a dream, right?

She reached out her hand and placed it in front of her eyes before letting go. Then, she placed her finger next to her lips and took a small bite.

It was painful.

Yes, it was painful. Her fingers were painful. How could the wounds on her body be painful.

“Let’s Go Eat.” Lu Yi walked over, took her clothes, and helped her put them on. “Today, the chef made everything that you like to eat. Eat more.”

Yan Huan put down her fingers and reached out to hug his waist. No matter how she looked at it, she looked a little pitiful.

“Can I eat in the room?”

“Why?” Lu Yi bent down slightly, parallel to her line of sight, “Miss Yan, you can’t be so withdrawn. I remember you used to be very generous, right? You wouldn’t miss the time to eat if you missed anything. What, are you shy now?”

“No,” Yan Huan wanted to cry but no tears came out.

“I don’t want to either.” But she was too passionate. She really couldn’t do it.

“Let’s go. We’re going out. Otherwise, everyone won’t be able to eat.”

Lu Yi helped Yan Huan put on her clothes. Even her hair was tidied up by him.

When Yan Huan came out, he couldn’t help but pause when he saw the three people sitting at the table.

They were clearly smiling at her in a friendly manner, but why did she feel that there was something sinister in their smiles? This feeling was really too terrifying.

Lu Yi shook her hand and brought her to the dining table to sit down.

“Come, Huanhuan, eat this. It’s nourishing. Ye Shuyun has already enthusiastically placed a pile of dishes in front of Yan Huan.

Yan Huan had already eaten a lot, but no matter how she looked at it, she couldn’t find any lack of these dishes,

“Come and eat.” Lu Jin also placed a lot of dishes in front of her.

“Thank you, Dad.” Yan Huan lowered her head and continued to eat. In fact, she still felt that it was better to ignore each other in the past. She could eat whatever she wanted to eat, and she didn’t need to eat whatever she didn’t want to eat. But now., regardless of whether she wanted to eat or not, it was piled up in front of her. Heavens, this wasn’t eating. This was really feeding a pig.

“Eat.” Old Master Lu directly threw a drumstick over.

As for Yan Huan, she looked at the drumstick. Could she say that she was too flattered.

She lowered her head again and accepted her fate as she ate the rice in front of her. She ate until her stomach was full. She had just barely finished eating this rice. But wasn't there still a drumstick? and she had eaten something else.., how could she not eat this drumstick.

The old man had never given the drumstick to anyone else. Perhaps the only person who could make him give up the meat in his mouth was Yan Huan.

Chapter 1498: was in bad shape

He narrowed his eyes. Anyone with eyes could see the warning.

"I want to take this back to eat. I can't bear to eat it now. It's for supper tonight." Yan Huan held the plate in his arms and pretended to be afraid that others would snatch it.

Old Master Lu was satisfied. Then, he ate slowly. Yan Huan really couldn't eat anymore.

When he reached his room, Yan Huan placed the drumstick in front of Lu Yi.

"Help me eat."

Lu Yi took the plate. Yan Huan's heart finally relaxed. She didn't need to eat anymore, right.

However, Lu Yi didn't touch the drumstick. Instead, he put the bowl and drumstick aside,

"Why aren't you eating?" Yan Huan looked at the drumstick and then looked at Lu Yi.

"I'll give you a midnight snack."

Lu Yi's words made Yan Huan cover her chest. She was already so full, could she stop talking about food? She wanted to cry at the mention of food. She was forced to eat so much every day, she was really uncomfortable.

"Let's go, I'll take you out for a walk."

Lu Yi helped Yan Huan put on another set of clothes. Then, he held her hand and took her out for a good walk. If they walked for a while longer and digested faster, they would have a stomach to eat.

She was very thin, so it was better for her to be fat.

If Yan Huan knew what Lu Yi was thinking, he might really cry.

She was an actress. She could only be thin, but she could not be fat. If she became fat, wouldn't she be ruined? which female celebrity was not thin, beautiful, and Immortal? And now, People's aesthetic value was to be thin as beautiful, if she really ate herself into a pig, she would not be able to accept it at first.

After walking for about an hour, she did not want to leave.

"What's Wrong?" Lu Yi stopped. "You don't want to leave anymore?"

"I don't want to." Yan Huan hugged his waist tightly and buried his face in her arms. "I'm sleepy. I want to sleep."

"Alright." Lu Yi touched the top of her head and carried her up. It was so light. It looked like she really needed to eat more.

What actress? She wasn't going to be an actress anymore. It would be great if she could be a carefree woman for the rest of her life.

Yan Huan was about to fall asleep, but she was sensitive enough to notice that there was an unkind gaze staring at her from time to time. That gaze seemed to carry some unspeakable resentment and it also pierced her face.

She opened her eyes and saw Lu Qin standing not far away. He was smiling, but his smile was very cold. At this moment, his smile was as if he was watching a good show.

The corners of his mouth were still lifted, but there was no hint of a smile or warmth in his eyes.

She closed her eyes again and buried her face tightly in Lu Yi's arms.

The sins she had done, she had to bear it herself. It had nothing to do with the others.

And she had already treated Lu Qin and his mother well enough. Otherwise, if she dared to let them return the money they took from her, even if Lu Qin and his mother sold themselves, they would not be able to return the money to her.

However, for some reason, she began to feel uneasy in her heart. An unspeakable uneasiness that also made her worried.

However, this uneasiness did not last long before she fell asleep.

When she opened her eyes again, it was indeed night time.

She reached out to touch the position beside her. There was no one, but there was still some warmth in the blanket. It should be the person who got up. However, where did this person go?

Did he go to the bathroom?

She moved her body to the other side again. The blanket was warm, and there was also the smell of his body. Don't blame her for liking to laze in bed recently. It was only because she never knew..., so the blanket was so comfortable. It made her not want to get out of bed, and she didn't want to get out of bed.

However, she had been here for half a day already. Why wasn't she seeing Lu Yi?

She sat up and was just about to go down when the door opened. Lu Yi walked in from outside with two bowls in his hands.

"Sour soup noodles?" Yan Huan hurriedly removed the blanket and ran over to the table. As expected, there were two bowls of sour soup noodles. She hadn't had good noodles for a long time.

"Your wound has healed. I can let you eat more today."

Lu Yi pulled over a chair and let her sit down. Then, he passed the chopsticks to her.

Yan Huan took the chopsticks and impatiently took a bite. MMM, the taste was too good.

And after she took another bite, she could tell where the taste was different.

There were shredded chicken inside.

Yes, there were shredded chicken inside. Yan Huan could see that there were shredded chicken inside the bowl. There were shredded chicken on every bite of the noodles, and there was also the taste of shredded chicken in every bite of the soup.

At this moment, she felt that this ordinary bowl of noodles had grown taller because there were shredded chicken inside.

“Why are there shredded chicken here?” Yan Huan took a bite in satisfaction. She still needed to take a few more bites from Lu Yi’s bowl.

“I put your drumstick inside,” Lu Yi allowed Yan Huan to eat the noodles in his bowl.

She had been used to this meal for a long time. In fact, ever since she came back, she had been waking up at this time of the night. However, she didn’t say anything. Even if she woke up and slept again, it would take a long time to fall asleep again.

At that time, he knew, but he didn’t mention it. It was because her wounds hadn’t fully healed yet, and she couldn’t eat too heavy a flavor. and this kind of sour soup noodles was originally sour and spicy. He was afraid that it would affect her wound’s healing, and he only made it for her after her wounds had completely healed. It was also the chicken leg that she didn’t eat. Coincidentally, it was also shredded into shreds and he put it into the noodles.

And the taste was indeed very good.

Yan Huan fished out two poached eggs from his bowl. She ate one, crushed the other and put it in the soup. After she finished eating the noodles, she could drink the soup that had the taste of soup and egg yolks.

A bowl of noodles was quickly finished by her, and she ate until her stomach was full. It was very comfortable and very satisfied.

Lu Yi took the bowl to the hard kitchen and washed it. He saw Yan Huan playing games with his notebook. He walked over and closed the notebook.

“Stop playing, it’s time to sleep.”

Yan Huan looked at the time. It was already two o’clock.

Also, what kind of food was she eating, and what kind of food was she eating?

“Is it really not good for me to be like this?”

Yan Huan tugged at Lu Yi’s clothes and asked. Who would eat at this time.

“It’s not good,” Lu Yi couldn’t do anything about her.

“Just half a month. After half a month, change it for me, do you understand?”

Lu Yi's face darkened as he stared seriously into Yan Huan's eyes, "On account of your injury, I'll help you cook this bowl of noodles every night. But it's only for half a month. After half a month, even if you cry to death, I Won't Cook it for you."

Chapter 1499: How is Mr. Lu

"When did I cry?" Yan Huan would never admit that she was so useless that she would cry just because of a bowl of noodles.

However, when she thought about how she still had half a month's time to eat a meal of noodles, she felt really blissful.

"Then..." she tugged at Lu Yi's sleeve again and asked carefully.

"Today's doesn't count, right?"

Her eyes were clear and bright, as if a little girl had made a small mistake. She was filled with both anticipation and worry. Her bargaining skills were quite high, and even a day's time had to be taken into account.

"En, it doesn't count." Lu Yi suddenly smiled, as if the snow had just melted, stunning Yan Huan.

"She's really good-looking." She was a little dumbfounded.

Lu Yi did not feel that his looks were that good. He still paid attention to his ability. However, it was normal for Yan Huan to be good-looking.

Alright, let's go to sleep. He picked Yan Huan up again and carefully placed her under the blanket. Then, he glanced at the scar below her shoulder. She was indeed very good-looking. He Yibin was right.

Her constitution was very good. In addition to the beauty line she used back then, she was recovering very well now. It was like a white line, but it was not too obvious.

As for Yan Huan, she had eaten her fill at night, so she slept very well that night. Moreover, it was almost a dream-free night. She had forgotten to ask Lu Qin why he had come today. However, she did not need to ask to know that he had come to plead for mercy, right?

But was love really that easy to plead for? Everyone had their own bottom line, and they all had their own reverse scale. Qin Xiaoyue was destined not to be forgiven for touching these things.

She only woke up around nine in the morning. Of course, she slept well and was naturally satisfied. She sat up. Lu Yi had already gone to work, and she was the only one who had nothing to do now, she placed her hand on her shoulder. Actually, she couldn't feel the pain anymore. It was as if she had forgotten about it.

Sometimes, it was actually worth it for her to get hurt. At the very least, Lu Qin's family had moved away. No one would be around in front of them anymore to annoy her.

She wanted to sleep for a while more. She was about to lie down again and continue sleeping when her phone rang.

She took the phone and it was from her assistant.

She placed the phone by her ear. Not many people knew about her injury. As for her work, it had been delayed for about a month. Actually, based on the current schedule.., she should be going back to work.

“Miss Yan, are you done yet?”

The assistant asked softly, as if Yan Huan was made of glass. If she wasn't careful, she would have been scared to death by her voice.

“I'm fine.”Yan Huan touched her shoulder again. Actually, she was done. Moreover, she had been getting better recently. If she wasn't, she would have to follow her.

“Then can you take on the endorsement?”

The assistant became even more careful. “There are a few that I need urgently.”

“This...”Yan Huan thought about it. Actually, she didn't really want to accept the endorsement. However, she had already agreed in advance and had already scheduled her schedule. Due to her injury, she had already postponed it for a few days. If she were to delay it again.., it wouldn't be too good.

Her popularity had just risen and her reputation was also improving bit by bit. She didn't want her reputation that she had worked so hard to salvage to be gone just like that.

And it would not be so easy to find it again.

“Alright, I'll make the arrangements right away.”

When the assistant heard Yan Huan's words, she heaved a sigh of relief. As though she was afraid that Yan Huan would go back on his word, she hurriedly contacted the people over there. It was just that she did not really understand Yan Huan.

If she really understood her, she would know that Yan Huan was not a person who did not keep his word. She would definitely do what she had promised, and as long as she agreed now, she would naturally not go back on her word.

Her assistant had already arranged for an endorsement deal for her. It was an advertisement for shampoo. When Yan Huan thought about shampoo, he would think about how she and Yang Keke had fought over that shampoo advertisement not too long ago.

The advertisement that Yang Keke had shot had been broadcasted. She had also seen it. She had to admit that the effect was not bad. Although it was not stunning, it was still passable. It was just that she did not have the desire to get people to buy shampoo, because the quality of her hair was obviously not good, and the washing machine had also been broadcasted.

It was still similar to her looks. Fortunately, it was not stunning enough.

When Lu Yi came back from work in the evening, she told Lu Yi about this matter. Naturally, Lu Yi would not object.

He let her out. She wanted to have her own world and also have her own growth. He was not Lu Qin. He was afraid that she would become famous. He was afraid that her wings would be too strong. He was afraid that she would become too famous. In fact, he was also afraid.

He was afraid that she would be too busy in the future. He did not know where he would rank as her husband.

But in the end, he still let her go.

Because he understood her, because he also supported her.

The next day, Yan Huan woke up early. Lu Yi was the one who sent her there. When she got out of Lu Yi's car, the assistant was still in a daze.

Even now, the assistant was still unable to get used to the fact that Yan Huan had married Lu Yi from Lu Qin.

She originally thought that Yan Huan had married Lu Qin's cousin because he wanted to take revenge on Lu Qin. But now, no matter how she looked at it, it didn't seem like it?

She had a lot of questions to ask, but she didn't dare to.

When Yan Huan saw the look on his assistant's face, he wanted to say that he didn't dare to say it. He was worried for her. How long had she been holding it in? She was afraid that if she held it in for too long, she would suffocate to death.

Her assistant was indeed feeling quite sad. She was afraid that Yan Huan would take another wrong turn and jump into another pit of fire.

Lu Qin was not a good person. She had remembered all the things he had done. If she were to count them, it would be like he had committed a lot of crimes and was unforgivable. Moreover, every single one of them was a scumbag, therefore, it was definitely not too much to call him a scumbag.

However, Yan Huan was currently with Lu Yi.

Why did it seem like there was something wrong with his style.

"Miss Yan, is Mr. Lu treating you well?"

Mr. Lu was how his assistant used to address Lu Yi. However, his assistant used to be quite afraid of this Mr. Lu because he did not like to laugh too much. It was also because of his identity. Not to mention those who were in business, even she was afraid.

She was afraid that one day, he would find out about her. Although she didn't break the law, she was also afraid of being investigated. Who knows, she might not be locked up by him for a few days, it would also make her suffer.

Yan Huan laughed. Then, she pointed at her face. "Do you feel like I'm not living well?"

She asked her assistant if she was having a good time.

Chapter 1500: enemies on a narrow road

In the past, when she and Lu Qin were together, she was dull and lifeless. Of course, she was also a little frustrated. Now that she was like this, could it be that she really couldn't tell?

The assistant sized up Yan Huan for a long time. She and Yan Huan had been living together for a long time. How could she not be able to tell if Yan Huan was doing well or not?

"Mm." She thought about it. The feeling that Miss Yan gave people now was somewhat similar to the past. No, it wasn't too similar. The Yan Huan in the past was a little too sharp-edged, but now, she seemed to be a lot more magnanimous than in the past. Moreover, after being immersed in the past, it was her character that made people feel more and more stable. Faintly, she seemed to have taken on Lu Yi's style.

"Mr. Lu is still good."

The assistant nodded. Yes, Mr. Lu was much better. At the very least, he was supporting Yan Huan and not trying to squeeze him. She now felt that Yan Huan really should marry an outsider.

In that case, she was not afraid that her fame would be too great and she would have to follow her to compete.

The assistant and Yan Huan walked into the filming location. There were already many people inside. Of course, Yan Huan didn't arrive too late. She raised her wrist and looked at her watch. Fortunately., she arrived five minutes earlier than the agreed time.

When she arrived, she received the friendly service of the service staff. It wasn't like the past when she arrived, where no one cared about her. Although she hadn't regained her popularity at her peak., she had only won the Best Supporting Actress award, but now she was the image ambassador of Hai City. Her image was very positive, and she was also very positive. Although it could not compare to her popularity at that time., however, she was more liked by these advertising companies than she was at that time. She had suddenly become the Queen of advertising now.

Of course, she wasn't someone who wouldn't reject anyone. If she wanted to shoot an advertisement for her, apart from her mood, she also had to see if her time allowed it.

And she really didn't have much time now.

She was still listening to the staff member explain to her the requirements for shooting an advertisement when she heard her assistant mutter, 'Why are you here again? It's really a narrow road for enemies.'

Yan Huan turned around to take a look. So it was her. It had been a long time since they last met, Yang Keke.

The assistant snorted. In the past, they were afraid of her, but now they weren't. Why? Did they still want to compete with Miss Yan for the advertisement?

"Did you find them too?" Yan Huan asked the staff member.

“Yes,” the staff member said with a smile. “The advertisement she shot last time wasn’t very effective. We need to reshoot it. If it still doesn’t work, we might have to replace them.”

The assistant was rather straightforward when she said this, but Yan Huan was noncommittal about it, she had seen the advertisement. Of course, she knew that the advertisement was actually quite good, but it wasn’t stunning enough. If she were a manufacturer, she naturally wouldn’t be willing.

Yang Keke naturally also noticed Yan Huan. Of course, she did not smile at her like before. However, her smile could not hide her ridicule and contempt.

Who said that Yan Huan was outdated? He was currently in his heyday. Even when he accepted endorsements to act in magazines, he was extremely lenient. Although he had not filmed many scenes yet, he had accepted many advertisements and filmed many times, at the same time, she had accepted several endorsements from international big names. This was equivalent to a hundred domestic endorsements. Currently, her fame was overseas. Moreover, Yan Huan was only 25 years old, yet she was already so popular, if she continued to be popular, no one knew how popular she would become in the future.

However, based on this trend, it was not difficult for Yan Huan to continue to be popular.

She had her looks, her acting skills, and her background. Although she did not know what Yan Huan’s background was, she could feel that her background must be very strong. Otherwise, she would not have become so popular, she had become popular again, but no one dared to provoke her. There was also no negative news. No matter how careful she was, she would still be caught with some negative news. However, she did not have any negative news at all. There was only one possibility, and that was that her background was too strong, others did not dare to write, and even if they wrote, they did not dare to upload.

She did not understand how salted fish could turn around so easily, and it was still so powerful.

Yan Huan naturally saw her and smiled at her. This smile also made Yang Keke almost spit out a liter of blood. This smile was actually so familiar. Wasn’t this her standard smile? Why was it imitated by Yan Huan.

What did Yan Huan Mean Now? was he mocking her or mocking her.

Although the two of them had met many times, they had never worked together before. They did not interact much. To put it bluntly, even if Yang Keke snatched the other party’s advertisement, she could still be considered an enemy, yet, the two of them were actually still able to meet each other. They were filming an advertisement in the same company. What kind of Fate did they have?

When it was time for makeup, the makeup artist helped Yan Huan comb her hair. “Miss Yan’s hair looks really good.”

“Thank you.” Yan Huan looked at herself in the mirror. Her smile was faint, but it was very good-looking. As expected, good-looking meant that she was taking advantage of others. At first glance, she gave others the impression that she was pretty good.

Moreover, she was very young. As long as such an actress continued on her current path, she would definitely not be too bad. Perhaps very soon, she would be a rising star.

However, speaking of which, it seemed like Yan Huan was a rising star herself.

Her popularity was not bad.

The makeup artist did not apply too much makeup on her face. Yan Huan's skin foundation was very good. After all, she was only a young lady in her twenties. Her entire person was limpid and limpid. Even her eyes were watery, her skin was also very good. Even if she did not apply foundation, the quality of her skin that was so transparent was very pleasing to people. Of course, the makeup artist also liked this kind of female star the most because it was extremely easy to apply makeup. It was also because she did not take off her makeup much, she was also asked to touch up her makeup. The makeup that she touched up was different from the first time.

She was such a clear and beautiful woman. Even if she just stood there casually, she would still be a beautiful vase. Even if she just turned her head and smiled, the advertisement would still be somewhat successful.

As expected, Yan Huan's filming progress was very fast. Almost all of them were completed in one go, perfectly meeting the director's requirements. The director was also very satisfied with this.

However, when it came to Coco Yang, it was clearly not good. This time, she wanted to use a fan to blow up Coco Yang's hair. However, it was only because Coco Yang's hair had been permed and dyed many times, and there were some things applied on it, only then could her hair have a good luster. However, after having this luster, there was a problem.

Because her hair had been smeared with too much oil, she could not blow up her hair. No matter how much she blew, she could not blow up her hair.

In the end, she had no choice but to let her wash her hair again. After washing her hair, she still had to touch up her makeup. However, Yang Keke's face was extremely oily. She was born with a large oily skin, so the oil was quite serious, of course, her makeup didn't last too long.
