

Chapter 1511: She would not let go of any of them

She had never said that she was in pain. She had never said that she was in pain.

At this moment, her body had gradually turned cold. Her beautiful big eyes would never open again. She would no longer act coquettishly to Lu Yi and ask for noodles. Even the last bowl of noodles she made, Lu Yi did not eat it, even the last time she wanted to eat noodles, Lu Yi did not manage to make it for her.

She used such a tragic method to leave, leaving everyone heartbroken.

Lu Yi buried her in the garden of detention, so that he could accompany her every day.

Yan Huan not only took away her own life, he also took away a living Lu Yi. As for Lu Qin, he was sentenced to death and executed immediately.

Qin Xiaoyue knelt in front of ye Shuyun and Lu Jin, wanting to beg for her son's life.

"Scram!" Ye Shuyun suddenly seemed to have gone mad as she pounced on Qin Xiaoyue and hit her hard, "It's all your good son. It's all his fault. He caused the death of our Huanhuan and my son. You still want to keep your son alive? Fine, you let Yan Huan come back to life. You let her come back to life. Nine stabs, nine stabs. How could he do that?"

Ye Shuyun tightly clutched the clothes on her chest, "Who doesn't have children? Who isn't a parent? Although she doesn't have parents, she has me as her mother-in-law. I'm the one who has acknowledged her. I haven't treated her well. I haven't even treated her as a daughter yet, and she's gone just like that. My Heart Aches."

Gu Jin tightly hugged ye Shuyun, who was crying uncontrollably. Not to mention ye Shuyun, even his own eyes were red. They didn't even dare to think that the nine blades were originally on his son, but in the end, it was his daughter-in-law who suffered for their son.

Yan Huan died, and Lu Yi did not live on.

Right now, he was just a living corpse.

Lu Qin destroyed himself, Yan Huan, Lu Yi, and the entire Lu family.

Qin Xiaoyue still dared to ask Lu Qin to leave a life. How could she leave a life for him? How could she let him live? If he lived, what about Yan Huan? What about her son?

Lu Qin must die. He must die.

"Big Brother, I beg you..." Qin Xiaoyue was only acting like a mother now. She knelt on the ground, crying and kowtowing. "I beg you, let Lu Qin go. I only have this one son..."

“Get lost!” Lu Jin stretched out his leg and kicked Qin Xiaoyue’s body hard. He also kicked Qin Xiaoyue to the side. He helped ye Shuyun up and said to the servants on the side, “Throw her out. Don’t come to my house in the future. If you let her in, pack up and get lost.”

Lu Jin had never said such harsh words, nor was he so angry, nor was he so unreasonable. And now, this woman, Qin Xiaoyue, didn’t just hurt Lu Jin’s heart, he simply destroyed the entire Lu family.

He really didn’t want to see this woman. He wished he could strangle her to death.

Qin Xiaoyue was like a dog, dragged out just like that, and then thrown heavily outside. But no one would sympathize with her. After all, Yan Huan had died so tragically at that time, moreover, the entire Lu family had drunk sleeping pills. He had only managed to kill Yan Huan in time. If he had succeeded in killing all of them, wouldn’t Lu Jin and ye Shuyun also be killed by him, this included innocent people like them.

Qin Xiaoyue got up from the ground. For the past few days, she had been unable to respond to the ground and the sky and the Earth. Her son was going to be sentenced to death. He was going to die! He was going to die.

At this moment, a man walked over. He was very tall, but his entire body seemed to be covered in a thick layer of ice. No matter how warm the sun was in the sky, it would not be able to melt the ice around him.

“Lu Yi, Lu Yi...”

Qin Xiaoyue quickly crawled over as if she had found her savior in the autograph book. She hugged Lu Yi’s legs tightly as if she was holding onto the last straw.

“I beg you, please let my Lu Qin Go, okay? He is your biological brother. When a woman dies, she can still remarry, but you only have one brother,” Qin Xiaoyue thought very simply, Yan Huan did not have parents to begin with, so no one would stand up for her. No one would pursue the matter. As long as Lu Yi changed his words, everything would be fine, and Lu Qin would not have to die.

In the future, they would learn to be obedient. They knew that they would no longer forget everything about the Lu family. They would stay far away from this place and disappear without a trace.

Lu Yi stopped in his tracks. Then, he turned around and squatted down again. He stared coldly at Qin Xiaoyue’s face.

Qin Xiaoyue could not help but shiver. For some reason, her fingers trembled and she let go as well.

“You want him to live?”

Lu Yi asked Qin Xiaoyue indifferently. At this moment, his black eyes were like cold ice. There was not even a trace of warmth in them. The ink froze on the Xuan paper and instantly turned into ice.

“He’s your younger brother...”

Qin Xiaoyue said ‘your younger brother’ again.

Lu Yi stretched out his hand and placed it on Qin Xiaoyue’s neck before tightening it

“Qin Xiaoyue, I don’t have a younger brother like that, Lu Qin...”he smiled coldly again, “He has to die. And if he dies, I won’t let him have it easy either. Doesn’t he like his identity very much? Doesn’t he like his body very much? I will donate his body to the medical university so that everyone can look at his body every day.”

“No...”

Qin Xiaoyue suddenly screamed,

“Lu Yi, you devil.”

“Yes, you’re right.”Lu Yi released his hand and kicked Qin Xiaoyue aside. He just stood aside coldly and tightened his hands by his side. Otherwise., he was afraid that he couldn’t help but strangle this woman to death.

“He is the Devil.”

“Your son is dead. You Won’t have it easy either.”Lu Yi stopped and looked down at Qin Xiaoyue as if he was looking at a dead dog.

“I have bullied her, schemed against her, and hurt her. I will not let any of them go, especially you.”

After Lu Yi said that, he turned around with force. A cold wind swept across the corner of his clothes as if it had cut through the air. What was broken in the air was actually his heart., it was still in pain.

At night, he opened his eyes and sat up.

Then, he went to the kitchen and made two bowls of noodles as usual before bringing them back to his room.

“Come, let’s eat the noodles.”He placed the noodles on the table and turned around. It seemed like the little woman would happily climb out of the warm blanket and hug his waist, drooling over the two bowls of noodles, it was still better to pick which bowl of noodles had more. In fact, there weren’t too many noodles in both bowls. Lu Yi wouldn’t make too much, but he was afraid that she would be stuffed.

Chapter 1512:

He set the chopsticks and sat down, waiting for her to come over and eat the noodles.

“Is it good?”He asked the air around him.

But no one answered him.

“I knew it. You like it. I’ll give you two poached eggs today.”

He took the chopsticks and picked up some noodles to eat.

“I’ll eat with you.”

He ate the noodles quietly and talked to the chair opposite him.

He put down the bowl, then reached out his hand and put it in the air, as if he wanted to touch her face.

If she were here, she would like to use her face to gently rub his fingers. However, his hand was in the air, but he couldn't touch anything. He couldn't feel the air flowing either.

The bowl of noodles on the other side had already cooled down, but no one ate it.

"Why? Do you not like it anymore?" He put down the bowl in his hand and picked up the other bowl of noodles.

"If you don't want to eat it, then I'll eat it myself. Don't Wait for me to finish it before you regret it."

He took a bite. It was still the same taste of noodles, but the taste had become bitter.

He imitated Yan Huan's actions and took out the poached egg at the bottom. Then, he started eating like that. One was to eat the poached egg, while the other was to use chopsticks to mash it up and mix it into a bowl. After he finished eating the noodles., then, he drank the soup one mouthful at a time.

This was a method of eating noodles that Yan Huan invented himself. She usually liked to eat like this, but she would only eat like this. The soup would have the taste of egg yolk in it. It was very delicious and very fragrant.

As he ate, it became more and more bitter.

He never knew that one day, when he lost Yan Huan, not even a minute or a second would pass. He missed her. He really missed her.

However, she was no longer around. In the future, she could not smile at him or act coquettishly to him. She was also not like a koala that wanted to hug him to sleep. She could not bargain every day. She wanted to eat noodles.

"I promise you. As long as you come back, I will make noodles for you for the rest of your life, Okay?"

"I promise you. As long as you come back, I will obey you in everything, okay?"

"I promise you too. As long as you come back, I will listen to you in everything, Okay?"

However, no one answered, no one agreed, and no one responded either.

Time seemed to be moving slowly. No one knew how much time had passed. Perhaps even Lu Yi did not know how much time had passed. One year, two years, three years, or even longer.

Lu Qin had already been executed.

On the day he was executed, no one saw him, not even Qin Xiaoyue. Qin Xiaoyue could not even take care of herself now, so she did not even see Lu Qin's last face.

Lu Yi kept his word. He donated Lu Qin's body to a Chinese medical school so that Lu Qin could live in the eyes of everyone for the rest of his life. Wasn't this what he wanted? wasn't it what he truly pursued, as his big brother, he naturally had to fulfill his little brother's last wish.

Lu Yi placed a bunch of pink lilies in front of Huan's tombstone. The photo on the tombstone was just as beautiful as before. He gently stroked the photo on the Tombstone, and there was a habitual pain in the corner of his eyes.

"I've come to see you. Look, I've brought your favorite flowers. Pink roses and pink lilies. I know that you've always had the heart of a young girl. Even when you're thirty years old, it'll still be the same, right?"

"I have avenged you." He gently stroked the Tombstone and the photo on it.

"Lu Qin has already paid for your life. Although his death can not be exchanged for anything, and you can not be resurrected, this is the last thing I can do for you. Let those you hate and those you hate be buried with you, okay?"

That night, he picked up the bowl again and placed it in front of him,

"I promised you that I would make a bowl of noodles for you every day. I will never forget what I promised. I promised you that I will accompany you for a lifetime, and I will remember it."

"I promised you that I will not have a girlfriend, and I have not forgotten it."

"I hope that you really returned to that world and live well."

"I also promise you that I will live well... Okay?"

He really lived like this for his entire life. Every day, he would cook a bowl of noodles for Yan Huan to eat. Regardless of whether she could eat it or not, he sent his grandfather away and then his parents away. Very soon, he would also send himself away.

His life was very bitter, but it was also very happy.

He cooked noodles for himself for his entire life. From when he was young, to middle-aged, and then to old age. This year, he was already a white-haired old man, and the picture of his wife on his tombstone was still so young and beautiful.

"I came to see you. I don't know how much longer I can see you. Maybe this is the last time."

"I'm already old, but you're still so beautiful. Look, have I kept my promise? I've accompanied you for a lifetime. I've never married anyone else in my life, and I don't have a girlfriend."

"I've also given you face for a lifetime."

"Maybe you're right. You came back for me, just so that you and I wouldn't have that regret. Although I didn't save you, we've been husband and wife for a few months. I've never felt that I've lost anything in my life."

"Grandpa passed away, and mom and dad lived a good life. They passed away on the same day."

He sat in front of the tombstone and pressed his face against it. "I've lived a good life too. I've eaten a lot, and I've worn a lot. If there's a next life, can I still guard you?"

"I believe that I will do it, just like in this life."

The sky seemed to have darkened. Snowflakes fell from the sky. The Gentle Snowflakes landed on the man's face. He was already old, and his hair was already white, he was also at the end of his life. He would die soon.

In fact, his life had been very bitter.

People said that lovesickness was bitter.

"Pull, pull..."

A small hand was placed on his face. He held it tightly and sat up. He saw a fair and tender little face kneeling in front of him.

He even had some memory disorder.

He seemed to have had a very long dream, and it seemed that he was the person in the dream.

The memories of the two lifetimes were entangled in his brain, and at this time, he was truly awake.

So, this was really a dream, but this kind of dream was too long.

Huanhuan, do you know, I Had a dream. A very, very long dream. In the dream, it seemed that we had returned to our previous life. In the dream, we had only been a couple for a few months. In the dream, I had given you the face of a lifetime.

"Ba Ba..."Xun Xun crawled over and tugged at her father's sleeve. She tilted her little head.

"Ba Ba, Xun Xun is hungry. Big Brother is also hungry."

Lu Yi carried his little daughter up with one hand.

Chapter 1513: turned out to be just a dream

"Let's go. Daddy will take you to eat. We'll go and accompany Mommy later."

He rubbed the space between his brows. He felt that he had slept for too long. He looked as if he had really lived his entire life. That kind of loneliness and loneliness was eroding his heart. In fact, he was still thinking about it. He was still experiencing it.

If his joy really left him, perhaps he would live like he was in a dream. It could also be said that the person he was in his previous life did not laugh in his entire life, and only knew bitterness.

He carried Xun Xun out. Outside, Xiao Qi and Xiao Guang were playing. Perhaps they had some inspiration between them, so Xiao Qi knew what Xiao Guang wanted before anyone else.

"Little brother, sit still,"Xiao Qi said as he held his little brother's hand.

"Okay."Xiao Guang nodded his little head and obediently listened to his brother.

Xiao Qi quickly stood up and ran into the kitchen. She stretched out her little hand and tugged at Auntie GU's sleeve. "Grandma, Little Brother wants to drink water."

“Oh, you want to drink water? It’s all prepared for you.”

Auntie Gu took two milk bottles. One was Xiao Qi’s and the other was Xiao Guang’s

“Thank you, Grandma.” Xiao Qi took the two milk bottles and ran out.

He ran over and sat in front of Xiao Guang. Then, he gave one of the milk bottles to Xiao Guang. “Little brother, drink some water.”

“Thank you, Big Brother.” Xiao Guang used his two little hands to hold the milk bottle. He had always been a very sensible child.

Xiao Qi sat in front of his little brother and drank with him. He was originally a big child and could not drink water from the bottle anymore, but his little sister had to use the bottle. Now, his little brother could not see.

So, he was like his little brother and sister, picking up the bottles that had been thrown away for a long time.

Xiao Guang obediently drank the water. Compared to his big brother, not only was his skinny little body lighter, even his head seemed to be shorter than his big brother’s.

Lu Yi put his daughter down and let her be with her two brothers.

Xun Xun ran over and sat between the two brothers. Xiaoqi even gave the water in her bottle to her sister to drink. Xun Xun drank a few mouthfuls and shook her head, then, she held Xiaoguang’s hand tightly.

They all knew that Xiaoguang could no longer see, so they needed to be more concerned. They also needed to hold Xiaoguang’s hand from time to time. Otherwise, Xiaoguang would fall and he would be in pain.

That was why Xun Xun was so young. She was originally the Little Princess of the family, the most favored child in the family. But now, she was very obedient and gave the most favored position in the family to Xiao Guang.

Lu Yi helped auntie gu bring out the food from the kitchen. The three small bowls were filled with the children’s food.

“Come and eat.”

Auntie Gu said to the three children with a smile.

Xun Xun and Xiao Qi stood up. Of course, one of them held onto Xiao Guang’s little hand and brought him over carefully. All the dangerous things that were in the way of the house were gone. It was very empty now, they were afraid that Xiao Qi would fall.

“Come, let’s eat.” Auntie Gu carried the children one by one on their small chairs. Xiao Guang was carried by Lu Yi. Lu Yi wanted to feed Xiao Guang, but Xiao Qi couldn’t eat it. He couldn’t see it.

There were many types of food in the three small bowls. No matter what kind of food it was, the three children ate it obediently. Even Xun Xun was much more obedient now. In the past, when her mother was around, she didn't eat this or that.

However, ever since something happened at home, her mother fell asleep. Her brother's eyes couldn't see, so Xun Xun had grown up and was more sensible. She wasn't picky about food. Now, she ate whatever was given to her, she didn't like eating meat in the past but now she was eating meat too. It was only because she ate meat that she had grown a little. She finally looked like a three-year-old child. Although she was still a little shorter than her brother, but..., she might have followed her mother and wouldn't grow too tall in the future, but she wouldn't be too short either.

Lu Yi fed Xiao Guang while Xiao Guang only had to open her mouth.

Lu Yi had never thought of letting Xiao Guang eat alone. He was still too young, so he would talk about it when he grew up.

Xun Xun and Xiao Qi both had to finish the food in their small bowls. Otherwise, they wouldn't have anything to eat. This was Lu Yi's rule, and the Lu family couldn't waste food, even if the two of them were still little ones, it would still be the same.

"Grandma, I'm done eating." Xiao Qi obediently put down her small spoon. Sure enough, his small bowl was already empty, and Xun Xun ate a little slower, however, she still held the small spoon and stuffed the rice into her small mouth. She raised her small face from the bowl, and as a result, her small face was filled with rice.

She blinked her big eyes and used the spoon to dig the rice in the bowl. She ate obediently and did not disturb anyone.

In fact, the three children of the Lu family were very obedient. It did not matter if it was little Qi Xiaoguang or Xun Xun. Although they were still very young, they were very obedient. They would do whatever their father said, they did not talk back.

"Are you full?" Lu Yi asked Xiao Guang and then patted Xiao Guang's little head.

"Yes." Xiao Guang nodded her little head. "Ba Ba, Xiao Guang is full."

"What about you two?" Lu Yi asked the other two children.

"Ba Ba, Xiao Qi is full."

Xiao Qi sat upright. She really had the bearing of the eldest son of the Lu family. She was very sensible and always gave way to her younger siblings.

Xun Xun raised her little face, which was covered in rice, from the small bowl.

Because she ate slowly, she had only eaten half a bowl. Of course, she was not full. The three children's appetite was this small. If they ate too much, they would not be able to eat. If they ate too little, they would be hungry.

Xun Xun had only eaten half a bowl. Naturally, she would be hungry.

Lu Yi put down Xiao Guang and let Lu Qi continue to play with the toys with Xiao Guang. Aunt Gu was watching over them, so nothing would happen. He then carried Xun Xun up and let her sit on his lap.

In the past, Xun Xun was fed by adults.

However, something happened to Xiao Guang later, so Xun Xun began to eat by herself.

“Come, Daddy will feed you.”

“Ba Ba, Xun Xun Can Eat.” Xun Xun reached out and took the small spoon, stuffing her small mouth with rice. “Xun Xun has grown up. Xun Xun Can Eat by herself.”

She was a very strong child. When she said she wanted to eat by herself, she wanted to eat by herself.

Lu Yi didn't have a Farhan, so he could only let her eat by herself.

After Xun Xun finished eating, aunt Gu took the plates and other things into the kitchen,

Lu Yi scratched his daughter's face.

“You've really grown up.”

Xun Xun smiled at her father. Her little face looked like her mother's, but it made Lu Yi's heart ache involuntarily. He thought of Yan Huan in his dream.

Chapter 1514: unavoidable suffering

She used to smile like this, but in the end, she died in front of him.

Could it be that his Huanhuan did not have a good ending in these two lives?

In the afternoon, Ye Shuyun came to pick up the three children. After all, there were few people here, only Aunt Lu Yigu was there. They still had to take care of Yanhuan and the three children. They really could not take care of them, ye Shuyun, Lu Jin, and the Lu father and son took care of the three children most of the time.

Lu Jin had already retired. He had worked hard all his life and now, there was nothing to work for. His three grandchildren weren't as important in this world as he was. At home, he and Ye Shuyun took care of the three grandchildren, they wouldn't be at ease if they handed the three children over to someone else. With the three children in such a state, who would be at ease? Therefore, Lu Jin took care of them himself.

With the three elders at home, Lu Yi handed the three children over to his parents to take care of, especially Xiao Guang. He couldn't live without his parents for even a day. As long as he left, he wouldn't be able to take care of himself.

He still needed to learn more things. He needed to learn more things that he might not be able to imagine at the moment. The more he grew up, the greater the pressure would be. The more he grew up, the more he would have to bear.

Actually, Lu Yi really hoped that time could pass a little slower. Xiao Guang could not grow up because the more he grew up, the more painful it would be for him.

But he knew that this was something that Xiao Guang was not allowed to bear for the rest of his life, and they would not be able to help him bear everything.

Lu Yi opened the door and walked in as well.

He sat down and carefully held Yan Huan's hand in his palm.

"I had a dream, a very long dream. At that time, you were only 25 years old. You were still as beautiful as the morning dew. You Were Young, just like you were in your previous life. You entered the Lu family because of Lu Qin. However, everything changed after that because you chose me in the end. However, what didn't change was still your life."

"You died for me. If there's another chance, I won't let you suffer the pain just to save me. For the rest of your life, let me do it, Okay?"

He gently caressed Yan Huan's face. She had suffered so much for him. She had given birth to his children, given him blood transfusions, supported his parents, and bore all the responsibilities for him.

Enough, it was really enough.

If you were tired, sleep well. But remember, remember to wake up.

Lu Yi carefully placed Yan Huan's hand back under the blanket.

At this moment, Yan Huan was already very thin. She was no longer fat. Although he had already taken care of her very carefully, more carefully than anyone else, he had also taken care of her very carefully, but her body was still weakening. She was almost gone. Fortunately, she had managed to survive in the end. Now, her vital signs had stabilized.

However, no one knew when she would wake up.

Perhaps tomorrow, or perhaps for the rest of her life.

Lu Yi stood up and helped Yan Huan roll over. Then, he took a towel and carefully wiped her hands and feet clean.

He sat at the side, reading to her stories and reading to her. This was his one day. He would spend all his time here. At this moment, his gaze stopped on the book in his hand, but he did not notice., yan Huan's finger, which was placed at the side, moved slightly, and then there was no more movement.

"Okay, I got it. I'll Be There Tomorrow." Lu Yi held his phone and was contacting he yibin. Tomorrow, he was going to take Xiao Guang for a checkup. Also, how was the swelling in Xiao Guang's brain?

Every time he thought about the swelling in Xiao Guang's brain, his heart would ache endlessly. The swelling in Xiao Guang's brain was like a ticking time bomb, ready to explode at any moment, the last time he went, he Yibin told him that the situation might not be too good because the lump in light's brain seemed to have grown a little bigger. This was what they were most afraid of because the child

was too young to undergo surgery, and if that lump grew any bigger, it would not only affect light's eyes, but also light's life.

He put down his phone and walked over. He sat in front of Yan Huan and held her hand tightly. Don't be afraid, Xiao Guang will be fine because he is our child, it was us who went through so much trouble to give birth to this child. I promise you, none of our children will be fine.

However, even though he said so, there was no way he could avoid that kind of worry.

The next day, he woke up early in the morning and helped Yan Huan Wash her hands and face. He also helped her wash her hair. After drying her hair, he asked Auntie Gu to take care of her, then, he wanted to bring Xiao Guang to the hospital for a checkup.

Actually, Lu Yi had been taking care of Yan Huan alone for the past few months. Besides himself, he did not trust anyone else in this world because there was no one in this world who loved Yan Huan more than him, there was also no one who understood Yan Huan better than he did.

He would not leave so easily unless it was something serious. He was afraid that someone would hurt her. When he turned around, he made her feel uncomfortable and did not properly wipe her hands and face. He was actually not at ease even if it was Auntie Gu.

He walked out. The weather today was a little gray. It was so dark that his heart seemed to have been suppressed by something. He was really worried.

He carried Xiao Guang up and saw that Xiao Guang still had a pair of big black eyes. The children's eyes were pure and innocent, and it was heartbreaking to look at them. However, what if Xiao Guang's eyes couldn't be seen?

He really hoped that the heavens could be merciful. They had already taken Xiao Guang's eyes, so they didn't want to take his life anymore. He and Yan Huan only had these three children left.

Lu Yi carefully placed Xiao Guang on the child safety seat and placed a doll in his arms. He said, "This is my sister's doll. Xiao Guang, you have to look for a protective doll, understand?"

Xiao Guang hugged the doll with his little hands and obediently agreed.

"Don't worry, Ba Ba. Xiao Guang will take good care of my sister's doll." If not, my sister would cry again.

Yes, crying was the most common thing to do. They were still young, but they knew that they had a crying sister who loved to cry. Since Young, she loved to cry.

And his sister loved dolls the most, so he had to take good care of his sister's doll. Otherwise, his sister would really cry. And in his heart, his sister Xun was a crying baby.

When they arrived at the hospital, Lu Yi carefully carried his son out of the car. Unexpectedly, he met Ye Jianguo and Sun Yuhan in the hospital. Recently, Sun Yuhan had participated in a few reality shows, her popularity had risen a little, but she was a little competitive. She forgot about her own leg and the problem, so she started to treat her leg again.

Chapter 1515: the little blind man

“Oh, the little blind man is here!”

When Sun Yuhan saw little light, she directly mocked him without any courtesy.

“What? The vegetable hasn’t woken up yet, and the little blind man is here alone?”

Lu Yi walked past Sun Yuhan and didn’t greet ye Jianguo even once. Sun Yuhan was so shameless and immoral. What was the reason? It was because of ye Jianguo.

Now, as long as his granddaughter was happy, she could do whatever she wanted. Everything she said was right, even if she was being sarcastic and ridiculing. She was only hurting a three-year-old child.

And Ye Jianguo didn’t care either.

Lu Yi didn’t feel that he could do anything to his grandfather like this.

He could say anything, but they shouldn’t be ridiculing Yan Huan who was in a vegetative state. There was also little light, but he couldn’t attack Sun Yuhan here, he was afraid that he would scare the very timid little light.

Lu Yi lowered his head and saw little light secretly wiping his tears with his little hands. Although he was not young, he still knew, right?

Sun Yuhan’s words still hurt him.

“Don’t be afraid. Daddy will be here. Daddy will protect Little Light.”

Lu Yi touched his son’s little head. And Mommy, Mommy is also here, right?

“En.” Xiao Guang sniffed his little nose, feeling wronged. He buried his little face in his father’s chest, and his little hand clenched into a small fist.

“Pull, pull. Xiao Guang wants to go home and touch mommy’s hand.”

“Alright,” Lu Yi promised his son.

“We’ll go for a checkup first, then Daddy will bring you home to see if Mommy is alright. Our Xiao Guang can sleep with Mommy, and Mommy can protect him.”

“Alright.” Little Light happily nodded his little head. He missed his mommy so much. It had been a long time since he had seen his mommy.

“Then, we have to be brave children.”

Lu Yi said to his son again.

“We’ll need to draw blood later. Little Light’s finger will hurt a little, but don’t be afraid. It’ll only hurt a little.”

“Little Light isn’t afraid.” Little Light clenched his little fists again. He wasn’t afraid. He was a brave child. He had to be brave. He had to grow up so that he could protect his mommy.

Lu Yi carried Little Guang in. As soon as he entered, his embrace became lighter. He Yibin carried Little Guang into his arms.

"It's alright. It's not light at all."

He Yibin pinched Little Guang's little face. "Little Guang, who am I?"

"Uncle He." Little Guang recognized he yibin immediately. He Yibin's voice was very unique. It was very comfortable and gentle. On top of that, there was a medicinal smell on his body all year round, xiao Guang's little nose had always been very sensitive, and he recognized him almost immediately.

"Why are you crying?"

He Yibin used his sleeve to carefully wipe Xiao Guang's tears. wasn't he very brave in the past? Why were his tears falling today.

Xiao Guang sucked on his little nose. He still had those big empty eyes, and it really made the adults' hearts break. This poor child.

"Uncle he, an aunt said that Xiao Guang is blind. Uncle, Xiao Guang isn't blind, right?" Xiao Guang didn't cry in front of his father just now because he was a good child. But in front of he yibin.., he really couldn't bear it.

Could he not be a good child first and wait until tomorrow to be a good child again?

"Who said that?" Bao Yibin's face was red with anger. Who said such vicious words to the child? He was almost angered. Who Did This? How could he say such words to a three-year-old child?

Lu Yi took his son back from he Yibin's arms and patted his back carefully.

"Who said that?" He Yibin was going to find someone to settle the score now. To say such words to a child, he did not have any morals at all.

"No one," Lu Yi carefully coaxed Xiao Guang, but he did not stop him from crying. This child was already strong enough. Let him cry for a while. However, he could not cry in the future because there were still many times when he wanted to cry.

"No One?" He Yibin glared dangerously. "Is it that Sun Yuhan?" The only person he knew who could say such words to his child was Sun Yuhan, only Sun Yuhan dared to say, could say, and would say.

Lu Yi did not say no, nor did he say yes. His silence was already a tacit acknowledgment that it was that Sun Yuhan who shouted.

"I'm waiting for her retribution." He Yibin hugged Xiao Guang again. He was about to become a father himself. If anyone dared to say anything bad about his child, he would definitely fight to the death with someone.

"How's Your Child? Is It Okay?" Lu Yi asked he yibin. It had been a few months. It should be about to be born soon, right?

"It's about to be born. What about three months later?" He Yibin's face lit up when he mentioned his child. We had just checked. It was about four pounds now. It was possible that it would be a little fatty when it was born.

"How many?" Lu Yi patted Xiao Guang's shoulder lightly. The atmosphere was much better when he talked about he Yibin's child. Xiao Guang sucked on his little finger and listened with his big eyes, as if he could understand it. In fact, he did not understand anything, but he knew that uncle he was going to have a little brother.

When he Yibin heard this, he wanted to throw a stethoscope at Lu Yi.

He rolled his eyes at Lu Yi. "Do you think that everyone else is like you, having three children in one lifetime?" Lei Qingyi was a little lei zi, while he himself was in his thirties, it was not easy for him to have a child of his own. Of course, there was only one. He was so proud of one. If there were two, wouldn't he go crazy? If there were three, he would immediately tell the world.

It was a pity that he and Luo Lin were ordinary people. They did not have the fortune to have a few children at once. There was only one of them.

"Is it a boy or a girl?" Lu Yi asked again, then pulled out Xiao Guang's little arm.

He Yibin took the syringe knowingly. He was going to draw Xiao Guang's blood. It hurt just like that. Xiao Guang did not seem to notice it, and of course, he did not cry.

"It's a young man." He Yibin touched light's face. "Light will have a little brother in the future. Remember to protect him."

"Okay." Light nodded vigorously. "Light will protect his little brother."

"Mm, so obedient." He Yibin squinted light's eyes and helped him measure his height and weight.

Even he was a little disheartened when he saw the number.

"Xiao Guang, we didn't grow taller this month. We even lost a pound. Did we not eat properly?"

Xiao Guang shyly hid his little face in his father's arms.

Mm, he had not been very obedient recently. He had not eaten properly.

"We have to eat obediently in the future, okay? Otherwise, we won't grow tall."

He Yibin carefully poked Xiao Guang's little face again. "Uncle's little brother needs your protection. If you don't eat, what if your brother is bullied? So we have to be good and eat more."

Chapter 1516: was shrunk

Xiao Guang thought about it seriously and sucked on his little finger before agreeing to he Yibin's request.

"Uncle he, Xiao Guang will be good and eat more."

“Be Good.” He Yibin asked Lu Yi to carry Xiao Guang and take him to do a brain ct. he wanted to see how the blood clot was doing, if it had grown up, if it had really grown up.., maybe Xiao Guang was going to be hospitalized. He wanted to see if he could still recover from the conservative treatment. If Xiao Guang was really hospitalized, the Lu family would be very busy.

There were already three children at home. There was also the unconscious Yan Huan. Both sides needed someone to take care of them, and neither of them would leave.

When he saw Xiao Guang’s small body in his father’s arms, his heart ached.

This poor child.

Lu Yi carefully placed his son on the machine. As soon as Xiao Guang left his father’s arms, he started to feel uneasy.

“Don’t be afraid.” Lu Yi held his son’s little hand. “Daddy is just by the side. We’ll be fine after this examination. Do you remember what you did before? Don’t be afraid. It’s just like sleeping. It Won’t hurt.”

Xiao Guang bit his little finger and still wanted his daddy to hug him. However, in the end, he still obediently lay on it. Under such circumstances, he was the only one. He was afraid that he wouldn’t be able to hold someone else’s hand, he was also uneasy, so after a while, his little face lost its color. However, he was very brave and didn’t move or cry.

He Yibin was also standing in front of the monitor. He wanted to carefully check how light’s little head was doing. He only hoped that the lump would not grow any bigger. If it grew any bigger, light might lose his life.

The picture on the monitor kept changing.

“Is it here?” The technician quickly pointed to one of the places and asked he Yibin.

“Yes, it is here.” He Yibin was very clear about the location of the lump in Little Guang’s head. Little Guang would come to check on it once a month, and he was the one who handled it every time.

He was very clear about how big the lump was and how much it changed each time.

When he saw the lump today, his brows were knitted together. Lu Yi, who was standing at the side, had a normal expression on his face, but he was sweating profusely.

“Huanhuan, please bless our child, okay? Don’t let him suffer anymore. He’s only three years old. If he has to be loved, let me do it, Okay?”

At that moment, the machine had stopped. Lu Yi quickly went over and hugged Xiao Guang in his arms. The little fella was so scared that he was trembling. Even his face was pale.

“Daddy will take you to eat a hamburger later, okay? Xiao Guang doesn’t like it the most.”

“Okay.” Xiao Guang grabbed his father’s sleeve. His little body couldn’t help but tremble. He was really scared, but he was really a very brave child. Look, he didn’t move at all, he didn’t cry either.

Not long after, Xiao Guang’s examination results came out.

“How is it?” Lu Yi asked he yibin. He hoped that the electricity didn’t change. Otherwise, Xiao Guang might really have to be hospitalized. The Little Guy was now afraid of being hospitalized. He didn’t want to leave home, and he didn’t want to leave his mother, otherwise, he would be so timid that he would cry every day.

He Yibin looked at the examination report in disbelief for a long time. It also made Lu Yi so nervous that his entire body stiffened.

“Xiao Guang, come to uncle for a hug.”

He Yibin carefully hugged Xiao Guang. Although Xiao Guang still wanted to be hugged by his father, he still stretched out his little hand in the end. This time, unexpectedly, Xiao Guang actually stretched out his little hand in the right direction, that was the direction he yibin was currently in.

“Uncle and Xiao Guang will play a game in a while. Xiao Guang, remember to cooperate with uncle obediently. After that, uncle will take you to eat French fries, okay?”

“Ba Ba will take Xiao Guang there.” Xiao Guang raised his little face with a little pride.

He Yibin’s eyes almost shed tears. He was usually very obedient and cute, but if this kind of pride came over him, he would be like his father, who loved to choke people. Just like now., that was not cute at all.

He Yibin let Xiao Guang sit down, then took the small flashlight from his pocket and shone it in front of Xiao Guang for a long time. Xiao Guang quickly used his small hand to cover his eyes.

“What’s wrong? Are you not feeling well?”

“No, no, Xiao Guang doesn’t like it,” Xiao Guang said, his small head twisting from time to time, but he did not want he yibin to shine his eyes.

“What did Xiaoguang See? Tell Uncle,” he yibin squatted down and put Xiaoguang’s little arm down.

“There’s so much light. My Eyes Hurt,” he pouted his little mouth. He just didn’t like the light. Then, he reached out his little hand and let his father carry him

Although the position was a little off, it seemed to be in the direction of his father.

Lu Yi carried his son up, and once Xiao Guang was in his father’s arms, he felt safe. He sucked his thumb as though he was about to fall asleep. Lu Yi took off his clothes and covered Xiao Guang’s body, sure enough, Xiao Guang leaned into his father’s arms and fell asleep obediently.

“Have you noticed anything different about Xiao Guang recently?”

He Yibin had a rough idea of what it meant. He quickly asked Lu Yi, “It should be different.”.

Lu Yi placed his hand on his son’s small shoulder. It was truly inconceivable for such a small child. They would grow from such a small child to someone as tall as him. In the future, they would also become biological children, they would be able to hold up the heavens and the earth.

And if there was any difference, it did seem like there was.,

“Xiao Guang doesn’t like to break glue too much, and he’s only walking by himself.”

He actually didn't care about all this. He always thought that it was because Xiao Guang was familiar with his family, just like an ordinary person. After living in a place for a long time, even with his eyes closed., he could walk out, and Xiao Guang was familiar with the darkness.

"That's right." He Yibin took Xiao Guang's examination report again. "Look." He Yibin placed Xiao Guang's examination report in front of Lu Yi. Although Lu Yi was not a doctor, he had seen this often recently, he could not understand it because it was too abstract, but numbers could.

On the results, there would be the size of the blood clot in Xiao Guang's brain.

"It shrunk?"

Lu Yi took it over in disbelief. "Did it shrink?"

"Yes." He Yi also heaved a sigh of relief. He felt really lucky, "It's much better than we imagined. That lump grew a little bigger last month, and it even scared me. I'm afraid that if it grew any bigger, it would pressure my nerves."

Chapter 1517: she woke up

"Thankfully, this isn't a bad development. Although I don't know what's going to happen now, it's a good thing that the lump is smaller. I feel that Xiao Guang should be able to see some blurry things now. The reason why he didn't fall while walking shouldn't be because he can touch it. I looked at his pupils just now and they were reacting to the light source."

"Will his eyes recover?" Lu Yi lowered his head and placed his big hand on his son's face. Right now, this child was the one he was most worried about. He was actually concerned about Xiao Guang's eyes., he no longer had any hope. He was the one who came for Xiao Guang's every checkup, and every checkup wasn't too optimistic either. He had to be mentally prepared. Xiao Guang might go blind for the rest of his life., it would be the best outcome. If the lump was bigger, Xiao Guang's life would be in danger.

However, he did not expect that one day, Xiao Guang would have the chance to regain his sight.

He only hoped that Xiao Guang could live safely and grow up healthily. The rest was not important.

He Yibin took the checkup report again. "It's hard to say now. We will only know after the next checkup. There are some things in medicine that can not be explained with data and common sense."

Xiao Guang was still young. He would grow up. As for how he would recover in the future, only time would tell.

No matter what, there was still hope, right?

Lu Yi gently touched the child's small face. His son would be fine as long as they still believed in miracles. As long as they never gave up, he believed that he would be fine.

At this moment, in the dark room, Zhu Meina was accepting her fate as she held a towel and helped Yan Huan Dry his hands.

“Say, are we considered rivals in love? “But who would treat a rival in love like this? Right now, I feel that I’m too virtuous. I even have to come over and serve you. Not only do I have to serve you food and drink, I also have to serve you grooming, turning over, and your physiology. I even have to serve you poop and Pee. Yan Huan, ah, Yan Huan, say, do you think that I owe you my life for the rest of my life? But I only owe you one million. Now, can I give you ten million? Oh right, I know that you won’t take it. Your net worth is in the hundreds of millions. How can you care about my one million?”

“So you’re going to use this one million to buy my life?”

“Yanhuan, you’re too wicked.”

Zhu Meina kept complaining, but when it came to taking care of patients, she was very professional. She had been coming here the most frequently these past few days, almost every day, and she came here swaggering under the eyes of the Su family. The SU family was really not a place to live. It was better here, with beautiful scenery and three children

“Tell me, when will your Lu Yi bring Xiao Guang back for me?” “I miss him already. Also, she stretched out her hand and gently poked Yan Huan’s face. However, she had to remember not to leave a mark on it. Otherwise, if Lu Yi finds out, what if he doesn’t let her come back next time?”

It did not matter whether she looked at Yan Huan or not. In any case, she would not die now. It did not matter whether she looked at Lu Yi or not. In any case, she did not like Lu Yi’s face anymore. However, she liked Xiao Guang and she could not bear to part with him. What should she do?

“I knew it was pointless to ask you,” Zhu Meina said seriously as she helped Yan Huan with his personal hygiene.

“Tell me, can your son be my godson?” “I want Xiao Guang. If I die in the future, I’ll have someone to collect my corpse. Don’t donate me to any hospital or school. I’ll be afraid if I’m naked and everyone looks up to me.”

“Okay, if you don’t say anything, I’ll take it as a promise. Xiao Guang will be my son in the future. After I kill everyone in the Su family, the entire Su family will belong to my son.”

“This is also what they owe you. They owe Xiao Guang. It’s just the Su family. It’s enough to pay off the debts they owe.”

“Okay, we’ve made a happy decision.” She reached out and pinched Yan Huan’s face.

“Sigh, your family’s face is really pretty. When you’re not around, should I follow your orders and give myself a makeover? At that time, Xiao Guang will only be able to treat me as her mother. However, don’t worry, I won’t spend your money, sleep with your man, or hit your baby. I only want Xiao Guang. Men are all troublesome things.”

She waved her hand and said, “That’s right. In the future, I don’t need a man. What do I need a man for? A woman like me should be single. In the future, I just need someone to collect my corpse.”

She held the basin and was about to bring it into the bathroom. However, she did not know that the moment she turned around, the unconscious woman opened her eyes, she even reached out to touch her face.

She slowly sat up. Perhaps it was because she had been lying for a long time, but she did not have much strength. She seemed to have lost some control over her body. She placed her hand on her forehead, she also propped up her forehead so that she would not be unable to support her head.

She looked around. It was such a familiar place.

She's back?

In the bathroom, Zhu Meina was still humming a song. To be honest, her singing was really terrible. However, the worse it sounded, the more she liked to sing. The singing was either out of tune or out of tune.

Yan Huan's ears hurt from listening to it. Usually, her ears were very quiet, so she had been sleeping. Perhaps she was afraid that her ears would hurt, but today, it was so noisy that her head was going to hurt.

She touched her back. mm, there was no injury, and it didn't hurt. So that was a dream, right? But... that was too real, and it was too scary.

She really wanted to sleep again, but Zhu Meina was too noisy.

She still wanted her son, and even wanted to make him look like her. She could just dream on.

Zhu Meina only walked out of the bathroom after she had tidied everything up.

When she raised her head, she saw Yan Huan sitting up. It was as if she had seen a ghost, and she could not react for a long time.

She stared at Yan Huan for a long time, then carefully opened the door and ran out. She was still shouting loudly.

"Aunty, there's a ghost, there's a Ghost..."

Aunty Gu hurriedly pushed the door open and saw Yan Huan sitting there. When she saw them enter, she only glanced at them before drooping her eyelashes weakly.

"Auntie, give me some water."

"Oh, okay, okay. I'll bring it over right away." Auntie Gu hurriedly ran back. She went out to pour the water, but she was a little flustered. After a long time, she couldn't find the cup. In the end, she couldn't do anything.., she immediately took a bowl from the kitchen and poured a big bowl of water into it.

Chapter 1518: two women working together

"Thank you." Yan Huan brought the bowl over and drank it one mouthful at a time. However, she really felt that she didn't have much strength, and the bowl was a little heavy. There were a few times when she almost dropped the bowl.

"Do you still want it?"

Aunt Gu asked Yan Huan carefully. Yan Huan shook his head. She didn't want it anymore. She didn't want to drink anymore.

"I want to eat noodles." She leaned her head against the pillow. She wanted to eat a bowl of sour soup noodles and two poached eggs.

"Okay, okay. I'll go make it now." Aunt Gu wiped her hands on her body and ran out, preparing to make a bowl of noodles for Yan Huan. She had slept for so long and hadn't fed her today, no wonder she was hungry.

Only then did Zhu Meina walk over. She carefully moved step by step to Yan Huan's side and stretched out her hand. However, before her hand could reach him, Yan Huan's hand was already faster than hers, he directly grabbed a piece of her cheek.

"It hurts, it hurts..."

Zhu Meina grimaced in pain, but she did not dare to move. She was not afraid of Yan Huan's strength, but she was afraid that she would not be able to hold back her hand. If she used more strength and pinched her face, Lu Yi would go all out against her..., what if he did not treat Xiao Guang as her son?

"You know pain too?" Yan Huan snorted lightly. She did not really want to speak, because she really did not have much strength.

"Didn't you pinch me quite happily just now? A million dollars."

Zhu Meina's face was embarrassed, but her eyes were staring at Yan Huan with some displeasure, "So you've already woken up. Are you playing with me? You even asked me to wash your hands and face for you. Then you asked me to wash your feet. I've never served you so well before. I've already served you well."

"I didn't wake up." Yan Huan let go of her hand. She really didn't have any strength left. She wiped her fingers on the blanket, and this action of hers also provoked Zhu Meina. Zhu Meina was so angry that she almost jumped up.

"Yan Huan, what do you mean? I didn't even dislike you, but you actually dislike me?"

Yan Huan closed his eyes. She didn't want to talk. She was sleepy..,

"Hey, don't sleep." Zhu Meina hurriedly shook Yan Huan's shoulder, "You've already slept for a few months. Haven't you slept enough? Now that you've finally woken up, you really shouldn't sleep anymore. She's afraid that once you sleep, you'll sleep for a few more months or years. What then?"

'you really shouldn't sleep anymore.' Zhu Meina was about to shake Yan Huan until he fell apart.

"Don't shake." Yan Huan pushed Zhu Meina's hand away. "I want to throw up."

Zhu Meina's tears immediately rolled down, "Yan Huan, you heartless person. You actually want to throw up when you see me. I treat you so well. I come to see you every day. I buy two sets of beautiful jewelry and clothes. The pajamas you're wearing right now are mine."

Yan Huan lowered her head and looked at the pajamas she was wearing. She didn't like the rose-colored ones at all. Lu Yi knew her personality very well, so he definitely didn't help her change into these clothes, among the people she recognized, only Zhu Meina had such vulgar preferences. She liked the bright red and green ones, and she liked to show her breasts and legs. She lifted the clothes on her shoulders. The material was very comfortable, however, it was more transparent and was lace. This was indeed Zhu Meina's personal taste.

"This dress was designed by a famous designer. Look how well it suits you." Zhu Meina glanced at Yan Huan's chest, "It's just that you're much thinner now. Your chest can't be propped up anymore. Do you want to get a plastic surgery? No matter how big you want it to be, it can be done. Just like me." She stuck out her chest, she generously admitted that she had plastic surgery. No, it was about her chest. In any case, Yan Huan knew about her from the beginning to the end, so there was no need to hide anything. Otherwise, she would really be a hypocrite.

"Thank you. I didn't think of cutting myself." Yan Huan was afraid when he saw Zhu Meina's two balls. She lowered her head again and touched her waist. She could already feel her bones, so she would know, how Skinny was she now? If she were to use the two balls, would she still be able to walk?

"What's wrong with using a knife?" Zhu Meina didn't seem to mind. "A woman should be more ruthless to herself. If you're not ruthless to yourself, others will be ruthless to you."

Yan Huan didn't want to hear any harsh words from her. She couldn't be ruthless to herself.

"Help me find a conservative outfit."

Yan Huan really didn't have the strength to spare right now. Otherwise, she would have gone to look for it herself. It was impossible for her to say these words to Zhu Meina.

"Is this outfit not good?" Zhu Meina felt that this outfit was pretty good, "Look at how this color matches you. You're as white as a ghost now. The red one just so happens to add some color to your face. And this style, it's so sexy."

Was this called a dress? Yan Huan did not need to think to know that this dress must have grown to her thighs. Zhu Meina was still that big-breasted and brainless woman, thinking that revealing too much was sexy. But, what kind of sexy was that, only she thought that revealing her flesh was sexy.

"A lot of people will come over in a while." Yan Huan gently let out a breath, and also perked up. Then, he said, "And he yibin might also want to give me all kinds of tests."

"Zhu Meina, do you want me to wear this to meet people?"

This kind of clothing could be used as a hobby between husband and wife, but it could not be worn in public. If Zhu Meina wanted to embarrass herself, that was her business. However, Yan Huan did not want others to pull her along.

Zhu Meina just realized that she really could not let Yan Huan wear this kind of clothes, not to mention Yan Huan. Although she was bold and shameless, she could not be admired by a group of people in a while,

she quickly ran to the wardrobe and found a very conservative nightgown for Yan Huan.

Yan Huan changed his clothes with difficulty and was about to lie down. However, Zhu Meina shook her again. "Then, you can't sleep."

"I'm Sleepy." Yan Huan yawned. He was really sleepy.

"You can't sleep. Anyway, you can't sleep." Zhu Meina shook Yan Huan up again. She was worried that if Yan Huan did not sleep well, his hair would turn white when she woke up, by then, her grandson would probably be three years old.

Right, she remembered. "I'll get Lu Yi's notebook for you. Sun Yuhan and Su Muran just shot a movie. It's playing right now, and it seems to be quite popular."

"They?" Yan Huan raised his eyelashes and became a little spirited. Also., "How did these two get together? Logically speaking, these two people should be fighting each other to the death, but they actually cooperated. What, are their brains damaged?"

Su Muran's popularity was very bad, and Sun Yuhan wasn't too good either. However, no matter what, Sun Yuhan was still a little stronger than Su Muran. It was already good that she didn't suppress Su Muran, how could she cooperate with Su Muran? was she slapping her own face?

Chapter 1519: Female and second female

Whether it was in terms of looks or acting skills, SU Muran was much better than Sun Yuhan. Sun Yuhan wouldn't be so stupid as to get such a strong competitor in the middle of her own film, unless her brain was damaged.

"I don't know." Zhu Meina spread her hands. "Anyway, they're filming together. Maybe their brains are damaged."

Zhu Meina quickly ran out after she finished speaking and brought Lu Yi's laptop over. You should know how to use your Lu Yi's laptop, right? I don't know how to use it anyway.

After she finished speaking, she took out her clothes and tidied them up. She then folded them one by one and placed them in the closet. She didn't want to cause too much of a mess. Others would laugh at her, laugh at her, laugh at Lu Yi., of course, they would laugh at her.

Moreover, when Lu Yi left, he was clean and tidy. Now, it was all because of her. Lu Yi's temper had always been bad. What if he lost his temper and didn't let her come? She wouldn't be able to see Xiao Guang.

Yan Huan opened her laptop and placed her finger on the fingerprint lock on the side.

With a click, the laptop was already opened. She actually unconsciously looked at a certain spot on Lu Yi's laptop screen. There was a chat app there. She opened the chat app and there were quite a number of people on it, most of them were real people, which was used by Lu Yi for office use.

She suddenly felt her nose turn sour. She hurriedly closed the chat app, then opened the browser, and found the TV that Zhu Meina was talking about. It was still in continuous broadcast, two episodes a day,

it could be considered a pretty good viewership rating, probably in third place. And for Sun Yuhan, this was probably the best viewership rating since she entered the entertainment industry.

Yan Huan propped her hands on the table and watched the episodes one by one. She was still a little sleepy earlier, but now she didn't feel sleepy anymore. Moreover, she had regained some strength, so she didn't feel weak, and of course, she didn't feel uncomfortable anymore.

Coincidentally, Auntie Gu also cooked a bowl of noodles and brought it in. It was soup noodles, but it wasn't her sour soup noodles. There weren't any fried eggs in it. In fact, she was very clear in her heart, even if there was really a bowl of sour soup noodles in front of her right now, she might not be able to eat it. She had just woken up and her stomach was already very weak. If she dared to eat such a strong taste again, it would definitely hurt her stomach., and she would bear the consequences herself.

She carefully picked up some noodles and ate them. The noodles were cooked very soft. There wasn't much seasoning in it, and she could eat a little bit of salt. Auntie Gu knew very well how to maintain her health.

Therefore, Yan Huan didn't need others to tell her how to eat them. She knew that this was the only way to cook a bowl of such soft noodles.

Yan Huan took the chopsticks, but she was still very weak. She couldn't even pick up the chopsticks. Fortunately, she was able to eat them. She ate the noodles bit by bit and watched the two women in the computer screen, it couldn't be said to be good-looking, but it wasn't too bad either. The cost was fine, but the female lead was a little stupid. The second female lead was better looking than the first female lead, and she was also prettier than the first female lead. She was completely crushed by the second female lead.

It could be clearly seen that the second female lead had signs of suppressing the first female lead. However, she had done enough. She didn't go overboard, but she didn't say that she was merciful.

At the very least, the first female lead didn't have as much of a presence as the second female lead. Of course, the first female lead wasn't as interesting as the second female lead. The comments were all in favor of the second female lead.

The first female lead was Sun Yuhan, and the second female lead was Su Muran.

If Sun Yuhan met Su Muran, she would be instantly killed. If Sun Yuhan met Yan Huan, she would also be instantly killed.

That's right, Yan Huan propped up his face on the table.

Sun Yuhan did not need to get such a person for herself. Not only did she steal her own show, she also suppressed her own glory and made others famous. Was she so kind, or.., was she carrying out some secret with Su Muran.

"What's wrong with them recently?"

Yan Huan asked Zhu Meina, who was playing with her fingers. Zhu Meina had always been in the Su family, so she should know everything about the Su family. No matter what happened in the Su family, at the very least., at first, she couldn't escape Zhu Meina's eyes.

Zhu Meina thought for a moment, then shook her head, “No, they’re perfectly normal. I really want to know what’s going on between Su Muran and Sun Yuhan. However, I can’t enter the set, so I don’t know. Zhu Xianglan isn’t much different from the past. She either stays at home, goes to the beauty salon, or finds friends to drink tea and play mahjong.”

There was really no difference from the past. Zhu Xianglan had always lived like this. She had been like this for the past few decades. If it wasn’t for such a luxurious life, how could she have gone from a peasant girl.., to become a noble lady in an instant. To put it bluntly, it was because the Su family’s money had supported her.

As for Su Muran and Sun Yu Hunan, even if the two of them were in cahoots, Zhu Meina wouldn’t know. Zhu Meina only lived in the Su family, so she couldn’t follow Su Muran all the time, besides, Su Muran wouldn’t let her follow him.

At this moment, Lu Yi was holding his son in one hand and ordering food for the child.

“Xiao Guang, what do you want to eat? Daddy will give you some.”

Xiao Guang bit his little finger. He looked like his mother and it was a habitual action of his mother. The three children knew how to do it. When they were thinking about something, they also liked this kind of small action.

“Xiao Guang will eat whatever he wants to eat.” He couldn’t see, so he didn’t know what to eat. Moreover, he ate very little. His father had forbidden them from eating in the past.

So after eating once or twice, he had forgotten what to eat.

“Little friend, we have a children’s meal here. Do you want to try it? Take a look, it’s this one.” The waiter inside placed a small list in front of Xiao Guang, however, Xiao Guang hid his little face in his father’s arms and ignored him.

Lu Yi pointed at the child’s condom. There was everything inside, including food and drinks.

After a while, all their food was served. Lu Yi carried Xiao Guang with one hand and the tray with the other. He first placed the tray on the table and then let Xiao Guang sit properly, only then did he place a hamburger in Xiao Guang’s small hand.

“Come, let’s eat the hamburger. Be careful, it’s hot.”

Xiao Guang placed the hamburger words on the edge of his little mouth and took a bite obediently. Then, he opened his little mouth and smiled. His pair of big eyes were very bright and beautiful. He didn’t look like an invisible child at all.

Chapter 1520: The Miracle of life

Lu Yi’s phone rang at this moment as well. He took it out from his pocket. Auntie GU from the garden was calling to ask when they would be home for dinner, right?

He placed the phone by his ear.

“Hello, Auntie Gu, it’s me.”

Suddenly, his expression changed, as though something was brewing in the corner of his eyes. Then, bit by bit, he forced himself to endure it.

“Si, I got it. I’ll be back in a while.”

He put down the phone and patted light’s little head. Light was eating all his little faces. His little face was also very beautiful and cute. From time to time, people would whisper about how light’s little face was good-looking and so on.

Yes, Light’s little face was good-looking. His pair of eyes were also very big. They were round and black. When he smiled, he was especially cute. However, no one knew that light was actually a little blind.

“No rush, eat slowly. We’ll go back to see mom later.”

“Okay.”Xiao Guang nodded his little head. He was hugging a hamburger that was even bigger than his little face with his little hands, and he was eating enthusiastically.

“I’m full,”Xiao Guang stretched out his little hand and asked his father to help him wipe his hands.

Lu Yi took out a tissue from his pocket and carefully wiped his little hand and face clean. Then, he picked him up and walked out. He took out his phone again, he called he Yibin.

Yan Huan leaned his back against the pillow behind him as he watched Sun Yuhan and Su Muran’s movie. To be honest, the storyline was a little disappointing. This was also the reason for this movie, the reason why it was ranked third in the viewership ratings was because the script could do it. However, if it was the female lead, it would not be a problem for her to climb to the first place in the viewership ratings.

Sun Yuhan was satisfied with the third place in the viewership ratings. However, she did not know that if she was not in the movie, she might have gotten the first place. She would never admit it, in fact, she was the biggest failure of the movie. Of course, that was not the only failure. There was also the fact that she had gotten Su Mumiao to be a supporting character. However, her success had robbed her of all her scenes.

The door to the room was pushed open from the outside. Yan Huan lifted his face and looked at the man outside, as well as the little child in his arms.

The man walked over with light steps. Then, he stretched out a hand and placed it on her face,

“You’re Awake?”

“Yes, I’m awake. I just woke up.”

Yan Huan gently caressed Lu Yi’s face. “You’ve lost a lot of weight.”

That’s right. Who Wouldn’t lose weight? She had been taking care of him for the past few months without taking off her clothes. Otherwise, it was impossible for her to recover so quickly. She had slept for a few months, and she had always been clean. Even her hair was very clean, the skin on her body

didn't relax, and her muscles didn't atrophy either. These were all the days that he had specially massaged her, and he had never given up on a single day.

She had obviously slept for a few months, but it was as if she had slept for years.

When she opened her eyes again, she felt that it had only been one night.

Lu Yi was still the same old Lu Yi, and he had not changed.

She reached out and hugged Xiao Guang from Lu Yi's arms.

She hugged Xiao Guang tightly, and in her dream, it had always been Xiao Guang pulling on her clothes, saying that he was going to take her home.

Could her Xiao Guang really not see?

She pressed her face against Xiao Guang's face and could not help but cry. Xiao Guang frowned, but he also felt itchy and wanted to use his hands to scratch it, Yan Huan held his little hand tightly.

Xiao Guang's little hand was still small and soft. It was her fault for not protecting Xiao Guang properly.

Xiao Guang's eyes could no longer be seen.

Lu Yi sat down and touched Xiao Guang's face as well, "I brought him for a checkup. Yi Bin said that he's fine now. There was originally a blood clot in his brain, which was left from the car accident. However, that blood clot is a little smaller now. It might be better in the future."

"Don't cry." Lu Yi hugged the mother and son in his arms. "We won't cry. It's good that we're awake. Our family will definitely be fine in the future."

Yan Huan nodded his head with difficulty. Will it be fine. Will it really be fine? In this lifetime, as long as Xiao Guang's eyes weren't good, they would never be fine. As long as the murderer wasn't caught, they would never be fine.

"I'll get Yi Bin to check on you later." Lu Yi carefully carried Xiao Guang. "I'll take him to bed. Auntie Gu will watch over him."

Yan Huan reached out and tugged at Lu Yi's sleeve. Could she leave without Xiao Guang? 'I miss him. She can't bear to part with her Xiao Guang. Xiao Guang can't see her anymore. Without his mother around, he must be very scared.'.

Lu Yi thought for a moment, but he didn't leave. He carefully placed Xiao Guang on the pillow at the side and covered him with the blanket. Xiao Guang would probably sleep until night before she woke up.

Not long after, he yibin came over. He was shocked when he saw Yan Huan's appearance. He had heard from Lu Yi that Yan Huan had woken up, but he had never thought that she would really wake up without any warning, moreover, she was in good spirits. She could even take care of Xiao Guang, which meant that there was no big problem.

This was even more of a miracle than a miracle. She was on the verge of dying a while ago. How did she wake up so quickly?

“How is it? Are you feeling unwell?” He Yibin asked Yan Huan.

Yan Huan raised his arm. “I don’t have much strength. I just want to sleep.”

“This is normal. A normal person wouldn’t be able to take it even if they slept for a few days. Moreover, it’s only a few months. There will be some time for the muscles to become weak and relaxed. It’ll be fine after a few days. It’s just like a person’s illness. They always need to recover slowly.”

When Bao Yibin saw Yan Huan like this, he finally heaved a sigh of relief. Today was really too exciting and unbelievable. First, the blood clot in Xiao Guang’s brain didn’t grow any bigger. Instead, it became smaller, this was already enough to make him happy, and now, Yan Huan was awake again.

Forget it, he could also be at ease as his novice father. He wasn’t afraid that Lu Yi would spend the rest of his life in a vegetative state. Finally, the mountain that had been weighing down on him for a few months was lifted.

He did a series of tests for Yan Huan, but there weren’t any major problems. Everything was fine. As for those who hadn’t recovered yet, they would recover bit by bit in the future. After all, their bodies had suffered a loss. It wouldn’t be easy for them to get better.

However, why did he feel that Yan Huan seemed to have something on her mind? Something that couldn’t be said, something that made people feel a little depressed, something that wasn’t too good.

“Sleep for a while.”

Lu Yi pulled up the quilt for her, and then patted her shoulder.
