

Chapter 1531: I'm Afraid I Won't die from a fall

Huanhuan: "There's no need to change it. I don't know how good it is without you around. I've only had two bowls of soup today. If you were here, I would only have one bowl."

Lu Yi: "Oh, you're full. I won't be eating the noodles tonight."

When Yan Huan heard that the noodles couldn't be eaten, it was a big deal. She had been looking forward to that bowl of noodles the most in the whole day.

She was typing hard on the computer, and her fingers didn't have much strength. Fortunately, she had learned how to type from Lu Yi recently. Her typing skills were pretty good, and she could type a lot of words at once, although she couldn't compare to Lu Yi, she was still much better than the average person.

"If you don't give me noodles, I won't eat anymore in the future."

She pressed enter and clapped her hands.

Soon, Xiao Xi came back.

"Have a good meal in the afternoon. I'll cook noodles for you tonight."

Yan Huan knew that Lu Yi would agree. She put her phone to the side and lay down, preparing to sleep for a while before waking up. This was how she lived her life now, eating and sleeping.

In the end, she hadn't slept for long when someone came in. Moreover, they didn't even knock on the door.

Yan Huan, you're really a pig..

yan Huan touched her forehead and resisted the urge to beat a certain woman to death. It was just that she didn't have much strength and energy right now. Otherwise, she would definitely beat this woman up.

"Zhu Meina, why don't you have any strength at all?"

"I do." Zhu Meina swaggered over and stuck out her breasts again. "Didn't you notice that my breasts have gotten bigger?"

"Really?" Yan Huan couldn't tell if Zhu Meina's breasts had gotten bigger. However, what was the use of getting bigger? Her brain still hadn't grown much.

"Oh Right." Zhu Meina sat down on her butt and kicked off her shoes. It was uncomfortable to wear high heels.

Yan Huan could not understand why Zhu Meina would wear high heels at home. However, that was Zhu Meina's own business. As long as he was willing, no one would care even if she walked on stilts at home.

Zhu Meina deliberately did a breast enlargement exercise. "Didn't you see it?"

"I just saw that your mind is empty again."

Yan Huan impolitely hit Zhu Meina. In any case, she was not smarter. If she was smarter, she would not be seeking comfort from her anymore.

"You're really direct." Zhu Meina directly kicked the table at the side. "Yan Huan, do you think I should buy a bag of rat poison and directly kill the Su Family?"

"This is the stupidest way."

Yan Huan scolded Zhu Meina rudely. "Grow a brain and remember to laugh. Are you putting on such a bitter face for Zhu Xianglan, Su Muran, or Su Qingdong?"

Zhu Meina felt a little nauseous when she heard Su Qingdong's name.

"Don't mention that name to me in the future." She kicked the table again in annoyance. There was nothing good in the family. They really thought that everything was in the past.

"Why not?" She leaned on Yan Huan's shoulder, and the two lumps of flesh on her chest swayed a little. If it was a man, he would feel that he had enjoyed all the pleasures of love, but Yan Huan really felt that it was a little hot for her eyes.

She was too lazy to push him away.

"Can you sue them now? This way, our world will be much quieter, and it will save them from swaying in front of me every day. They really have nothing to fear. People are just like this."

"I always feel that no one knows what I've done wrong, and I always feel that I'll have nothing to worry about in the future."

"I guess..." Zhu Meina smiled like a little fox that had run out of nowhere, "They must have thought that you would never wake up in this lifetime, so they forgot all about you. When you're a noble lady, you're a noble lady. When you're filming, you continue to act. When you're doing business, you're still doing business. When you're recuperating, you're also recuperating. You're really shameless. If I wasn't there, reminding them of something, I felt that their lives would be better. I just don't want him to let them live too well, and if they live well, then I won't Live Well."

"So, what do you think?" No matter how she sat up straight, she would just lie on Yan Huan's bed like this. In any case, she was like this. Usually, she was very careful in the Su family. That place was really not inhabited by people., she also had to worry from time to time that someone would target her and sell her to brother long or brother Hu. Although her threat to the Su family was very successful and the SU family did not dare to do anything to her, she still had to worry, what if someone was really desperate?

"There's no rush." Yan Huan leaned on his pillow and looked at the computer screen. The television drama that had recently been fired up was extremely popular, and there was also the female lead that was known by everyone as the ugliest female lead in history.

"They're in cahoots." Zhu Meina pursed her lips.

Yan Huan agreed with this statement. She really wanted to know what secret the two of them had. However, such a secret was probably hidden to the deepest depths. It was indeed not easy to dig it out. However.., if it was dug out, it might be able to shock the Su and ye families.

Right, Zhu Meina rolled her eyes and propped her head up. "Why don't you tell me why you're in no hurry now? I feel that now is the right time. You've already woken up. They've been complacent for too long."

"No Hurry." Yan Huan was still in no hurry. "They haven't climbed to the highest point yet."

"So..." Zhu Meina didn't understand. Did this have anything to do with the height?

"You can't die from falling too low. Only when you fall too high can you be badly mutilated."

Yan Huan said coldly. Then, he lowered his head and glanced at Zhu Meina. "Help me get a glass of water."

Zhu Meina gave Yan Huan a thumbs up. Yan Huan's status was higher than hers, so she really wasn't Yan Huan's match. Moreover, with people like her thinking about it, the Su family's good days wouldn't be long.

She eagerly ran outside and poured a cup of water for Yan Huan.

"Thank you." Yan Huan took the cup and placed it in his hands, warming himself up.

This sentence of thanks made Zhu Meina's heart feel a little beautiful. Sigh, it wasn't easy to receive a thank you from the best actress Yan Huan. And why did she feel like she was like a little maid by Yan Huan's side.

However, this wasn't something that couldn't be helped

Who asked her to owe Yan Huan a million dollars.

Although she could return Yan Huan 20 million dollars, what was the price of the goods at that time? What was the price of the goods at that time? She was afraid that she would have to be Yan Huan's slave for the rest of her life.

Of course, the price of the goods wasn't the usual price. It was her, Zhu Meina's, worth.

"That..." she pulled at the corner of her clothes in embarrassment. "Yan Huan..."

"En?" Yan Huan raised his eyelids slightly. This was another stupid mistake, right?

Chapter 1532: was a big deal

"I like your Xiao Guang," Zhu Meina said bashfully.

"You're thirty years older than my Xiao Guang. He's twenty and you're fifty." Yan Huan's words were very straightforward. How could it be so painful? "He's thirty and you're sixty. Are you sure you can live to sixty?"

This was a stab in the back. Also, Zhu Meina really didn't mean anything by it. What did Yan Huan understand.

Zhu Meina directly grabbed the cup from Yan Huan's hand and placed it on the table, "Don't worry, even if I was an old cow eating young grass, I wouldn't eat such a young sprout. I also can't afford to eat it. I'm saying that your Xiao Guang should be my godson. The Su family will definitely lose in the future. As for everything in the Su family, I'll give it to my godson. Isn't her goal the Su Family? Otherwise, why would she go back to the Su Family? Could it be that she's going to lose weight for the sake of disgust?"

In the Su family, as long as Zhu Xianglan and her daughter were around, Zhu Meina would never be able to gain any weight. By the time the Su family was in her hands, she would not even have a child in the future, in the future, she could not let Zhu Xianglan donate these assets, right? Although it was good to serve the people, even if she burned the su family and could not leave them to Zhu Xianglan and her daughter, she still could not bear to part with them., people like her were used to being extravagant. Of course, she was forced to be even more stingy by Yan Huan.

She was afraid that she wouldn't have the money to spend, and she was afraid that she would have to eat white noodles every day.

Therefore, the Su family had to have a place to go in the future, and she wanted to leave it to Xiao Guang. Although the Lu family wasn't lacking in anything, she wanted to give everything to Xiao Guang. In the future, Xiao Guang would be a billionaire, she could have whatever she wanted.

"You can have one of your own."Yan Huan was not moved. She had never thought of taking the Su family's assets as her own. Otherwise, she could have used that incident to threaten Su Qingdong, it was possible for her to force the su family to give her half of their assets, but she did not do so because she wanted Su Muran's life. It was Su Qingdong and Zhu Xianglan who were in excruciating pain, not the Su family who used money to crush her to death.

"Give birth? How?"Zhu Meina touched her stomach.

"If you want to give birth, you can."Yan Huan was not as transparent as he said. However, it was extremely simple for a woman to want to give birth. As long as she was willing, she could give birth to anything.

"It's good that you can give birth."Zhu Meina sighed. Then, she looked at Yan Huan, "Yan Huan, you think too simply of Zhu Xianglan. You're too kind. Not only will she do something to Su Qingdong, she'll also do something to me."

Yan Huan had just taken the cup from the table. Her fingers trembled, and the cup trembled as well. Then, she lowered her head and looked at Zhu Meina's lower abdomen. "What did she feed you?"

"I don't know either."Zhu Meina smiled bitterly. "You have to believe in her methods. All these years of Madam Su's life were for nothing. Also, even if she mercifully released me, I would still be at Brother Long's place..."

No one who had not entered brother Long's place would know how cruel it was. They all used their own bodies to earn money, and they did the darkest and most lowly jobs, the bodies of the women there were destroyed, and that included her.

"It can be treated, right? After all, medicine is so advanced these days."

Yan Huan lowered his eyes and his gaze landed on his fingers that were holding the cup. "Yes, it can be treated. It definitely can be treated."

Zhu Meina shook her head, and her shaking had something in it. Yan Huan would understand without thinking too much about it.

Regardless of whether she had checked or not, whether she had checked or not, whether she had treated or not, there were some things that she was well aware of.

"I'm not asking for anything either." Zhu Meina sat down, and her smile was slightly astringent, "I've never been a good person in my life. Back then, I gave up my peaceful life just to squeeze into the rich and powerful family. This wasn't mine to begin with, and it wasn't something I could obtain. Naturally, I would give up something. I didn't know in the past, but now that I know, you know what I'm most afraid of. I'm just afraid that no one will collect my corpse if I die. Then, they will remove my organs one by one and donate my corpse to where. I don't have such a big heart, nor am I that kind. I don't want to make any contributions to mankind. I just want to burn myself down. It's that simple."

"So..." she pulled on Yan Huan's blanket. "I like Xiao Guang. Xiao Guang can be my son. I always feel that Xiao Guang is my son's compensation. You Don't know how similar their smiles are."

In her memories, that child's smile was like Xiao Guang's. It was a ray of sunlight that pierced through the clouds. Even a woman like her was lit up, and it also made her heart soften, she became Kinder.

However, her ray of sunlight was wiped out by the Su family. She had to take revenge.

She looked at Yan Huan expectantly. That small gaze of hers was really like a puppy that no one wanted.

"If Xiao Guang doesn't object..." before Yan Huan could finish his words, Zhu Meina pounced on him. This pounce of puppy love even gave Yan Huan a big fright.

Then, a series of clanging sounds could be heard from inside the room. It even gave Auntie Gu, who was busy in the kitchen, a huge fright. She hurriedly threw down the things in her hands and ran into the room. In the end, when she entered the room., she saw Yan Huan covering his head with his hands. The Cup had also fallen onto the blanket. The water had hit the blanket. Zhu Meina was like a abused little wife, standing there motionlessly.

"I..." Zhu Meina pointed at her own finger. How was she going to explain to others that she had smashed Yan Huan's head into such a state.

"You should go back first," Yan Huan sighed. She didn't want to argue with a woman with big breasts and no brain. However, when Lu Yi returned, she might not be able to avoid scolding her for this injury, the benefits from the bowl of sour soup noodles that night would be gone. It was only the third day of work for Lu Yi, and she had already caused such a big incident for herself.

Yes, it was indeed quite a big incident. She had injured her head. Actually, it wasn't her who did it. It was a brainless woman with big breasts who did it.

"Oh, okay." Zhu Meina looked as if she had received a special pardon. She quickly grabbed her bag and ran out. Right now, she felt her scalp go numb. Fortunately, Lu Yi wasn't here., otherwise, the skin on

her body would also tighten a little. This was fine, but what if she wasn't allowed to come here in the future? Then how would she be able to see her little light.

When Lu Yi returned, he noticed that there was a band-aid on Yan Huan's forehead. He placed his briefcase on the table and walked over, lifting Yan Huan's face with one hand.

Chapter 1533: was seriously injured

"Miss Yan, can you tell me how you ended up like this after working for only three days? It's obvious that you smashed yourself. I don't know how Yan Huan could have done this to himself, HMM?"

"I accidentally fell onto the cabinet." Yan Huan moved his forehead. The injury was quite serious. Not only was it red and swollen, but it was also scratched. It was already pretty good that he ended up like this. At the very least, it looked.., it wasn't that serious. Although it was still a little serious because it was quite painful.

"I'll ask he Yibin to come over later. He hit his head." Lu Yi was a little frightened. After all, there were blood clots in Little Guang's brain. He didn't know if Yan Huan's hit.., would it cause a concussion on his own head.

"There's no need to let him come over, right?" Yan Huan really felt that he was fine. Moreover, she really didn't hit him. She only hit him and hit the table, so it wasn't that serious, of course, he wouldn't hit himself and cause any problems.

Lu Yi wouldn't listen to Yan Huan. Not long after, he yibin came over. In any case, he didn't have any unwillingness. He didn't know if it was because he had a very good temper as a doctor, he never realized that he was unhappy about running over here from time to time.

"Let me take a look." He Yibin carefully tore open the band-aid on Yan Huan's head. Yan Huan frowned in pain. When the band-aid tore the flesh, she instinctively felt the pain.

"The injury is not light." He Yibin looked at Yan Huan's injury. "But it's not serious. Don't worry." He treated Yan Huan's wound again,

"Alright, there's no big problem. This is a knock, so it shouldn't have hit her head." He asked Yan Huan a few more questions, and Yan Huan answered them clearly.

"It's alright." He Yibin also let out a sigh of relief. "Don't worry, there's no big problem. But you can be more careful in the future." He smiled at Yan Huan, "If my Luo Lin finds out that you've injured your own head and that it's because of a matter of pride, I think she'll be so angry that she'll come over and pinch your face. If she's not careful, she might even give birth to a son early."

Every word he yibin said was about his wife and child. He was simply a new generation of child-flaunting maniacs.

"She's going to give birth soon, right?" Yan Huan really felt that nothing was strange. It seemed that not long ago, she had asked Rowling to marry he yibin, but when she opened her eyes again.., rowling's child was about to be born.

“It’s still a few months away.” He Yibin chuckled. However, it was about to be born soon. If my son had given birth prematurely, he might have given birth before the month was up. It was a pity that it was a child.

He Yibin was a little disappointed about this. Based on his and Luo Lin’s age, they might only have one child. Of course, the more children they had, the better. It wasn’t like they couldn’t afford it. His mother didn’t envy other families, however, it was the Lu family that they envied. Many people might be envious. In terms of family background, the people in their circle were generally from good families. Therefore, the more children they had, the better, usually, they could only have one child, unlike the Lu family. Each of them had three children, and each of them was so beautiful and cute. Sometimes, he wanted to take the other family’s children back and raise them.

It was a pity that no one was as lucky as the Lu family. They had three children in one go. They had both children.

Luo Lin was pregnant with a son, which was good. Yan Huan knew that if he Yibin said this, there would definitely be no problem,

in fact, he Yibin wanted a girl, just like Xunxun, a beautiful and cute little girl. However, he also knew that this was an old concept that had been passed down for thousands of years. Whether it was Yi Ling or Luo Lin., it was good to have a son, if they did not want to have another child.

Yan Huan actually wanted to have another child, but she already knew that Lu Yi would not let her have another child. With her body, it would be difficult for her to raise it to its peak, moreover, these three children had almost exhausted all her efforts. Perhaps she could only have the three of them. This was enough.

After he yibin left, Lu Yi checked Yan Huan’s wound again. “Be more careful next time. Don’t bump into it again.”

“I got it. I’ll be careful.” Yan Huan gently stroked her forehead. In fact, she could still feel the slight pain from her wound, but it did not seem to hurt as much as before, moreover, it wasn’t a serious injury to begin with. It was just a small cut, and it wasn’t a stitch. It would be fine in a few days.

“Then, do I still have noodles today?” Yan Huan was still thinking about her noodles.

“You can eat white noodles.” Lu Yi pulled her face. “It’s injured. Don’t eat spicy noodles. Don’t eat sour soup noodles.”

In her heart, Yan Huan cursed Zhu Meina again. She was indeed a brainless woman with big breasts. No matter what, she couldn’t bump into a patient like her. This time, she didn’t have any noodles to eat, she had waited for an entire day just to wait for this bowl of noodles. Unfortunately, she could not eat the sour soup noodles, so she could only eat the white soup noodles. If that bowl of noodles was not sour soup, if it was not sour and spicy., then, there would be a lot less flavor and a lot less flavor of the sour soup noodles. How could it still be noodles.

At night, Yan Huan was asleep while Lu Yi was still busy. When she woke up, Lu Yi was also busy. Although he was very busy, his spirit was very good. It was as if he had entered a certain state.

“What’s Wrong?” Lu Yi turned around and realized that Yan Huan had already woken up. He looked at the time. “It’s already at this time. Do you want to eat white soup noodles?”

When Yan Huan heard white soup noodles, she lost her taste. It was better to drink plain water than to eat white soup noodles.

“I don’t want to eat anymore.” She turned over. This was a tantrum and a silent protest.

Lu Yi stood up and sat next to her. Then, he pulled the blanket over her shoulder. “Bear with it for the next few days. When your injuries are better, I’ll cook some noodles for you, okay?”

“Okay.” Yan Huan returned his gaze and shook his hand. “Go back to your work. I’ll stay here with you.”

Yes, she would stay here with him and let her sit. She was tired, so it was better for her to lie down. Moreover, listening to the sound of Lu Yi typing on the keyboard was actually a form of enjoyment. However, Lu Yi was too busy. When she woke up from a nap, he was still busy.., the lights were always on.

Yan Huan carefully sat up. She gently touched her forehead. If she didn’t touch it, she wouldn’t feel much pain. However, if she touched it, the pain would still be there.

Chapter 1534: snatching a husband with work

Lu Yi was still working, and it was already past two in the evening. In fact, Yan Huan could already imagine that the Procuratorate was a place with a very heavy workload. Even Lu Yi would not be able to do it in a few days, he had completely organized his work there. Moreover, he had not gone there for nearly half a year. The free time he had might take about half a month just to hand over his work. Therefore, it was only natural for him to be busy.

Competing for a husband at the same job, Yan Huan did not know if she had made a loss in this deal or if she had accompanied him. However, she knew that Lu Yi liked this kind of life. Even if it was troublesome, even if it was busy.., this was what he was after. Because this was not someone else. He was Lu Yi, and Lu Yi was a natural-born prosecutor. He was only in his thirties. Yan Huan had never thought that Lu Yi would retire at such a young age, with Lu Yi’s personality, even at Lu Jin’s age, it was impossible for him to retire.

But no matter what, she still liked Lu Yi as a prosecutor, because this was Lu Yi, the one who could walk step by step according to his own ideas, and also the Lu Yi that everyone was envious of and afraid of.

She carefully put on her shoes and stood up. She was not like others, who would feel sleepy if they did not sleep at night. She was sleeping every day now, so after she came, she could not fall asleep. Around two o’clock.., based on Lu Yi’s work situation, he would probably be busy until four or five o’clock. This was a common occurrence in the past.

She carefully pushed open the door and walked out. She had recovered recently and could walk a few more steps. She was not like before, where she would take a few steps and then go to rest.

She walked into the kitchen and began to make noodles. Then, she made hand-rolled noodles for Lu Yi to eat. First of all, she could not make too many things. However, a bowl of noodles could always be made for Lu Yi to eat.

In a short while, she had already made two bowls of noodles. It was lonely to eat noodles alone, and of course, her bowl. She carefully picked up the bowl. The bowl wasn't too heavy, she had almost recovered, so she didn't say anything. She just threw the bowl down. She pushed the door open and was about to enter, but her hands were empty. The two bowls of noodles were already in Lu Yi's hands.

"Why are you thinking about making noodles?" Lu Yi placed the bowl on the table and pulled her hand. He carefully checked her hand. He didn't know if it was scalded or not, but the bowl was still quite hot. How could he bring it back so easily.

Fortunately, his hand was only a little red, so it wasn't a big deal.

"I'll make a bowl of noodles for you too," Yan Huan hugged his waist. She was still tired after standing for so long. You haven't eaten my noodles yet, and she didn't say anything because the noodles she made for Lu Yi., they had all smashed into Lu Qin's head. Regardless of whether it was him or her, both of them had experienced that kind of experience. Lu Yi had never tasted the noodles she made before, and the noodles she made tasted pretty good, especially the noodles she made with her own hands. They were very sinewy and not inferior to those sold outside. All of her strength today was spent on this bowl of handmade noodles, so lu yi definitely had to give her face.

Lu Yi glanced at the two bowls of noodles on the table, and his eyes could not help but turn hot. Yan Huan thought of it, and of course, Lu Yi also thought of it. Yan Huan's last bowl of noodles was the one he missed the most in his previous life, but he did not get to eat it.

"I'm hungry." Yan Huan rubbed her stomach. Actually, she was not that hungry just now. It was probably because she had made these two bowls of noodles. She had used up most of her strength, which was why she was hungry now. Fortunately, she had made a lot of noodles, so it was exactly two bowls.

Moreover, the taste wasn't too strong, so she could eat it. Moreover, she really didn't feel how serious the injury on her head was. It was just a small cut. Really, it didn't hurt much now. So., she could eat the noodles, right.

"Eat it." Lu Yi pinched her face lightly. "You even made the noodles yourself. Don't tell me I have to eat both bowls?"

"You can't finish it." Yan Huan had already impolitely picked up a bowl and was happily eating it.

Lu Yi took the chopsticks and picked up a strand of noodles. Just as he ate it, he knew that it was made by Yan Huan. The noodles were very delicious, and they were equally hard and soft, yan Huan had indeed made a very good bowl of noodles. Compared to his noodles, which had a different flavor, Yan Huan's noodles were a little more delicate. Moreover, there were some fungus in the noodles, as well as eggs and tomatoes, therefore, when paired together, this bowl of noodles looked very good, and the taste was not bad either.

Seeing that Lu Yi liked to eat, Yan Huan thought of cooking some more for him tomorrow.

"I can't finish it." She placed her bowl on the table. Actually, she still wanted to eat. However, it was obvious that Lu Yi was indeed hungry, so he had already eaten more than half of a bowl of noodles.

Only then did Yan Huan remember that the two bowls of noodles she made were both small bowls, and Lu Yi definitely couldn't finish it.

"I'll eat." Lu Yi finished his bowl of noodles in a few mouthfuls. Then, he took the remaining half of Yan Huan's bowl. In the end, he realized that Yan Huan had only eaten a few mouthfuls of noodles and didn't eat anymore.

Lu Yi stretched out his hand and gently touched her face. "Are you really going to let me eat?"

"Yeah." Yan Huan propped up her face on the table. "I'm going to sleep in a while and I'm not hungry now. Go ahead and eat. You'll still be busy for a long time. After you finish eating, you'll have a good job and you'll feel better."

Lu Yi did not say anything. He picked up the bowl and started eating.

Yan Huan laid down and took another look at Lu Yi. Sure enough, Lu Yi was busy again. She fell asleep while his fingers were tapping on the keyboard. This time, she even slept soundly, when she woke up again, it was already past nine in the morning. She touched the position beside her. There wasn't much temperature and it seemed like no one had laid before. She was indeed fighting for her husband at work.

Lu Yi should have not slept the whole night yesterday, but she didn't know that he hadn't eaten in the morning.

She carefully got out of bed and stood up. Well, she was obviously much better today. She opened the door and saw Auntie Gu taking out a bowl of soup from the kitchen.

"Eh, Miss Yan, you're awake just in time. The soup is still warm, you can drink it now."

"Thank you, Aunty." Yan Huan walked over and took a spoon to drink the soup. MMM, it tasted pretty good. She liked to drink this soup, and it was also the kind of taste that she had always liked the most.

"Did Lu Yi Eat Breakfast?" Yan Huan asked Aunty Gu. She knew Lu Yi's habits. If he was too busy, he might not even be able to eat breakfast.

Chapter 1535: underground trade fair

He ate a little, but he was too busy and didn't eat much. As the nanny spoke, she took out the morning silkworms that she had prepared in the kitchen.

Also, the nanny recalled what Lu Yi had said before he left. "Mr. Lu said that he won't be back for lunch for the next few days, so he told Miss Yan not to wait for him. She can just eat by herself."

"I got it." Yan Huan Drank the soup and took a bite of the steamed bun. As she ate, she was still thinking about something.

At noon, Lu Yi was really busy. He even forgot to eat. In fact, he had almost forgotten to drink water, let alone eat. This morning, he had come.., he had almost never stopped.

Just when he was the busiest, his phone rang. He took the phone and put it by his ear.

“Mr. Lu? Here is a takeout for you. Please come and take it.”

Lu Yi raised his eyebrows and could not help but laugh. The only one who could take care of his stomach so well was Yan Huan. At the beginning, when he was busy and Yan Huan went to film.., he did not forget to take care of his stomach. Whether a woman loved you or not, don't just listen to her talk about love. You could only feel it bit by bit in these details.

It was not a vast ocean, but a drop of water penetrating a stone.

Lu Yi took the phone and called Yu Bo.

In a short while, Yu Bo had brought back a very large takeout box for him.

Lu Yi also took off the earphones on his ears. Recently, he had indeed been very busy. Yesterday, he had been busy all night, but he still hadn't finished. If he wasn't so busy.., he wanted to go back and have a meal with Yan Huan.

Lu Yi took the takeout box on the table. He wanted to know what good things Yan Huan had prepared for him.

He opened the takeout box and could not help but smile. So it was dumplings. They were indeed dumplings. They were good, and they were his favorite.

He took out the dumplings from the box and began to eat as he busied himself.

Actually, it was not that Yan Huan insisted on ordering takeout for him. Eating outside was ultimately not as delicious and clean as eating at home. However, Lu Yi's place of work was a little far from the Lu family's, however, it was quite a distance away from the Liuyuan Garden. Regardless of whether it was the Lu family or the Liuyuan Garden, it wasn't suitable to bring food there unless Yan Huan lived in the house he used to live in. However, that house was located in the downtown area, there wasn't such good air as the Liuyuan Garden, nor was it as quiet as the Liuyuan Garden. It was more suitable for patients like her who needed to recuperate.

Therefore, Lu Yi could only rely on take-out to settle his lunch.

As for Yan Huan, she was still the same as before. She slept, recuperated, and watched TV. Then, she talked to the three children on the phone.

“Mummy, you have to recuperate well. Xun Xun will go to see Mummy in a few days,” Xun Xun said to her mother sweetly. Her baby voice was very endearing. Xiao Qi and Xiao Guang spoke less, but they wanted their mother to recuperate well.

The three children knew that their mother was sick, so they could not take care of them. When their mother recovered, they could be with their mother every day.

Xiao Guang also returned to kindergarten. Although he had not been there for a long time, he was a child with a very good adaptability. At first, Ye Shuyun and Lu Jin were still worried and had to watch over the three children every day, they were afraid that Xiao Guang would be bullied. However, he had underestimated the three children. The three children of the Lu family did not play with other children. They were all siblings. Moreover, Lu Qi and Xun Xun kept a close watch on Xiao Guang, if anyone dared to bully Xiao Guang, they would beat them up. Xun Xun was the youngest and usually obedient. She was a soft and cuddly little girl. However, if she was fierce, she could really scare a grown man to tears.

After observing for a few days, they were relieved.

Of course, they also told Yan Huan about this matter because they were afraid that Yan Huan would be worried.

Yan Huan put down her phone. Indeed, she had to take good care of her body. This way, she could accompany her three children every day.

Lu Yi was going to be busy until mid-night. Yan Huan was now thinking things through. She did not want to snatch her husband from her job anymore. She was watering the flowers outside. The sunlight made her face extremely red. She really felt much healthier than before.

At night, Lu Yi was still busy. Yan Huan still went to make two bowls of noodles for him to eat.

“How many more days until you’re done?” When Yan Huan saw that Lu Yi had been suffering from dark circles under his eyes for the past few days, her heart ached for him. How could he be so busy?

“Don’t worry, it’s fine. I’ll be done in a few days. It’ll be fine after I’m done for a while,” Lu Yi comforted Yan Huan and let her go to sleep first.

Yan Huan could only sleep on her own. Lu Yi waited until she fell asleep before he sat back down on the computer and finished his recent work. What he said was true. The Procuratorate had a lot of things to deal with, in addition, there were a few remaining problems and a few large-scale cases that needed to be retried. All of the matters were put together. He wasn’t the only one who was busy. Everyone in the Procuratorate was busy, as for how long he would be busy, he didn’t know. It was likely that he would only be busy until the end of the month.

Yan Huan didn’t ask about his work. It was also possible that he had the heart but was powerless. She didn’t understand it, so she couldn’t help either. The only thing she could help was to prevent Lu Yi from going hungry, hence, she asked Auntie Gu to help Lu Yi make some breakfast in the morning and let him eat before leaving. At noon, she would also send him a takeaway on time for him to eat. At the very least, she didn’t want him to go hungry. At the very least., this half a month was already too tiring. It could no longer be a lack of nutrients.

Therefore, the others had more or less lost a lot of weight. Only Lu Yi was in good spirits. Although, he was the busiest person in the entire procuratorate.

Whenever Zhu Meina came over, she would take advantage of Lu Yi’s absence. She was afraid of Lu Yi. She had injured his wife. Even if she didn’t know that Lu Yi wouldn’t hit her or scold her, that stone face of his., she felt that it was quite scary.

“Underground trade fair?” Yan Huan was a little surprised when he heard what Zhu Meina said. How come she had never heard of an underground trade fair before? She had never encountered one in her two lifetimes.

“Yes, it’s an underground trade fair.” Zhu Meina kicked her shoes and sat cross-legged on Yan Huan’s bed. However, she paid attention this time. She knew that some people would not dare to bump into each other, initially, she was kind-hearted and wanted to express her gratitude. In the end, she was overly grateful. Blood was spilled all of a sudden, and it was Yan Huan’s blood that she saw.

Chapter 1536: Two tickets

“What is this?” Yan Huan was also a little curious. What was inside? Why did Zhu Meina sound so mysterious.

“There are many good things.” As Zhu Meina spoke, her eyes began to shine. I once heard a guest at Brother Long’s place mention that Zhu Meina would not hide anything in front of Yan Huan, there was no need to hide anything either. When she was at her lowest, and Yan Huan was at his most miserable, they had both seen each other. That was why they said that the two of them had a life-and-death relationship. It was actually a life-and-death relationship. In that case, this good thing.., naturally, she had to share it with Yan Huan. She had just received this piece of news and hurriedly came over to share it with Yan Huan. Otherwise, Yan Huan’s alarm wouldn’t have been lifted because of her injuries, she would definitely not come over, because Yan Huan’s injury was caused by her. She felt guilty and was afraid of being chased out.

Yan Huan also roughly understood what the so-called underground trade fair meant from Zhu Meina. In fact, it was an underground trade fair within the borders of Hai City. It was very famous in the world, however, it was very secretive. The timing of the event was uncertain, and most of the people who went to attend it were notified at the last minute. It had been two years since the last underground trade fair.

Yan Huan had never had any information on this before, so she naturally did not know that there was such an underground trade fair in the world. and at such a trade fair.., all the things that could be bought were things that were not on the surface. As for what was inside, Zhu Meina actually did not know either. However, there were things that were prohibited from being traded on the surface, such as antiques, and some smuggled jewelry, wild animals, large-scale jade, and the like. There were even some slave trades that Yan Huan thought were against human ethics.

In fact, this underground trade fair could be said to be a black market trade. It was probably the most famous one, which was the trade of antiques. There was also the very famous slave trade here.

Here, you could use a certain amount of money to buy a living person. There were people of all kinds of looks, skin colors, and different countries. You could also enjoy some unique performances, there were also delicacies that you had never seen or eaten before. However, the tickets were also very expensive.

“I got two tickets.” Zhu Meina took out two tickets from her bag. One was for Yan Huan, and the other was for herself, “It’s very difficult to get these tickets. I had to use a lot of connections to get these two tickets. Look, I treat you well. Of course, you have to be included in the delicious and fun ones.”

“Is it safe?” Yan Huan waved the hot tickets in his hand. The tickets were just a white card with nothing on it. A place like this must be filled with all kinds of people, there were people from the underworld, people from all over the world, and people from all walks of life. With so many people gathered together, the only thing they were afraid of was safety.

“Don’t worry, it’s very safe.” Zhu Meina asked around, “When we go there, we have to wear masks, so no one knows who we are. Moreover, the things we buy are all anonymous transactions. There will be people to deliver the goods for us. They are very good at keeping secrets. Otherwise, no one would dare to participate in this underground trade fair.”

“The date is the first of next month. You should prepare well. Of course...” she looked at Yan Huan for a long time, “It’s best if you eat fatter. We might have to stay there for a day. If you quit halfway, it’ll be difficult for you to enter.”

“I got it.” Yan Huan placed the white card in the drawer as if he didn’t care about it. Zhu Meina pursed her lips, “You have to put the ticket away properly. Otherwise, you won’t be able to enter.” If she handed it over honestly, it would be meaningless.

“Don’t worry, no one is taking anything from me.” Yan Huan was noncommittal about this. The things in the garden would not be lost, and no one could take anything out of the garden, those who entered this morning were all familiar with each other, so naturally, they would not casually take anything from here.

“You must keep it well.” Zhu Meina was worried as she reminded Yan Huan, “This is a ticket that is hard to get. When the ticket is lost, even if you want to fly in, you have to grow a pair of wings first.”

“No, let me help you take it.” Zhu Meina felt that it was safer to keep the ticket in her place. It was somewhat dangerous to keep it in Yan Huan’s place. Thinking back, there was only such a trade fair two years ago, it was uncertain when the next one would be. Would it still be in Hai City? After all, the laws would be more and more complete in the future. Perhaps this kind of underground trade fair would also be closed down. Otherwise, it would not be in their country, they would have to move to another place. At that time, not to mention that it would be difficult to get a ticket, it would be very troublesome to go abroad. If she wanted to participate in it once, she might not have the chance in her lifetime.

However, when her fingers were about to touch the drawer, she met Yan Huan’s cold and clear eyes. This feeling was not like facing Yan Huan, but like Lu Yi was sitting across from her.

This feeling was really too terrible.

She hurriedly moved her hand away. Alright, she did not move, nor did she touch it.

Only then did Yan Huan hold the mouse and click it from time to time. No one knew what he was looking at, but he just ignored Zhu Meina. Zhu Meina pursed her lips, “Then I’ll tell you. You have to keep it well. Oh right, I’ve worked so hard to send it to you. Remember to prepare a meal for me. If you don’t prepare a meal, I won’t go back.”

She liked to eat the dishes cooked by auntie Gu. The taste was much better than the dishes cooked by the Su family’s chef. Moreover, she didn’t have to look at Zhu Xianglan and her daughter’s faces. Every day, she would have a fierce look on her face, they both looked disgusting. Of course, she also believed

that Zhu Xianglan and her daughter would not be able to eat when they saw her. Therefore, they just continued to disgust each other to death every day.

Zhu Xianglan made her feel bad. Of course, she would not make Zhu Xianglan feel good. If she did not disgust Zhu Xianglan and her daughter to death, her name would not be Zhu Meina.

"Tell Auntie if you want to eat or teach anything. I want to sleep for a while." Yan Huan placed the small table on the bed to the side and pulled the quilt aside to sleep.

Zhu Meina winked at Yan Huan's back for a long time. Who Else Could Talk Like You? You either eat or sleep every day, and I don't see you gain much weight. Some people would gain weight even if they drank a mouthful of cold water, but you..., i don't see you gain any weight.

She was F * cking unfair, and it was all because of a woman named Yan Huan.

Chapter 1537: mutual disgust

She stood up. She would rather go outside and chat with auntie gu than look for Yan Huan.

Yan Huan's mouth was really like a knife. It really hurt wherever it cut.

Auntie Gu's cooking was very delicious. Zhu Meina also unceremoniously ordered a few of her favorite dishes. She was prepared to eat her fill here and go back to disgust the two women from the Su family at night.

When Aunt Gu finished cooking, Yan Huan also woke up. When she came out, she saw that the table was filled with dishes while Zhu Meina was eating a drumstick.

Yan Huan walked over and reached out his hand to tear off a drumstick from the roasted chicken. The drumstick in Zhu Meina's hand almost fell to the ground. It was her leg

"Didn't you not eat it?" Zhu Meina really wanted to cry. Didn't this woman not eat meat? Why would she snatch the drumstick from her.

"Did I say that I didn't eat it?"

Yan Huan had never said that he didn't eat drumsticks.

"But didn't you not eat meat?"

"I still eat it occasionally." Yan Huan elegantly tore off the meat on the drumstick. He was unlike Zhu Meina, who ate so poorly and had not eaten for several lifetimes.

Zhu Meina took another bite of the drumstick. The next time she ate, she would definitely hold both drumsticks in her hands and not give one to Yan Huan. She had waited a long time for this roasted chicken, yan Huan was really good. He actually reached out his hand and took away her leg. This was too much.

Yan Huan finished a drumstick and then went to eat other things. However, her appetite was not very good. After eating all these, she was almost full. Half of the dishes were stuffed into her stomach by Zhu Meina.

“You don’t have to work so hard, right?” Yan Huan stared at Zhu Meina’s stomach. “My stomach is about to pop out from eating. Why? Is it still not enough?” Zhu Meina’s appetite was equivalent to three of hers.

Why didn’t she realize that Zhu Meina had such an appetite in the past.

“Do you think I want to?” Zhu Meina took another sip of soup, “I can’t eat when I’m facing Zhu Xianglan and her daughter. I don’t feel any pressure when I’m facing you. My appetite is especially good. If I’m full here, there’s no need to eat when I go back. When that time comes, I’ll sit in front of Zhu Xianglan and her daughter and make them unable to eat.”

Alright, Zhu Meina put down her bowl. Sure enough, she was full, but of course, she was also a little stuffed.

She sat here for a while, then drove her new sports car back to the SU family.

“I’m back,” Zhu Meina shouted at the top of the stairs, then touched Xiao Jia’s face. “I’ll give you something good to eat later.”

“Okay.” Xiao Jia’s eyes lit up. She knew that there would be meat to eat if she followed Zhu Meina.

Zhu Xianglan walked down the stairs and glanced at Zhu Meina with the tip of her nose. It was as if she had gotten something disgusting from somewhere. She didn’t want to look at Zhu Xianglan a second time after looking at her for the first time. After looking at Zhu Xianglan for the second time, she started to feel nauseous, after looking at Zhu Xianglan for the third time, she felt nauseous.

Zhu Meina also returned the gaze. Anyway, they had always looked at each other with disgust. Everyone was used to it, so there was no need to pretend. There was no point in pretending.

Their faces had long been torn apart, and no one liked each other

But coincidentally, Zhu Xianglan could do nothing to Zhu Meina, and Zhu Meina naturally could not let Zhu Xianglan get out. However, Zhu Meina was not in a hurry.

Old Woman, sooner or later, she would ask her to get out of here. She also wanted to let her taste the taste of ruin and the despair of having no way out.

At dinner time, the three women sat together on the ground. It was not surprising that they did not have any harmonious intentions. Usually, there were sparks everywhere and bangs everywhere.

No, this was not sparks. It was clearly a landmine. The slightest touch would cause a bang. No one would be able to have an easy time.

Of course, this kind of situation was played out almost every day. Su Qingdong found it annoying, so he had not eaten with them for a long time. His wife, daughter, and daughter all made him feel ashamed.

It wasn’t his business, but it became his business in the end. To Su Qingdong, this was torture.

Zhu Meina wasn't hungry now, but she liked to sit here and use her face to disgust someone.

She stared at Zhu Xianglan and Su Muran with a faint smile. Su Muran had been eating well, but when she saw Zhu Meina's face with heavy makeup, she lost her taste.

With a bang, she threw the chopsticks away.

"I don't want to eat anymore. It's so disgusting."

Zhu Xianglan didn't feel that she could eat much. She went upstairs to find her daughter.

Zhu Meina wanted this result. She picked up the chopsticks on the table and poked at the dishes on the table. There were so many dishes, but it was a pity that the two stupid women didn't want to eat.

"Xiao Jia, come and eat." Zhu Meina waved at the servant who was standing at the side.

Xiao Jia looked upstairs and then looked at Zhu Meina. She quickly followed and picked up the chopsticks to eat. It was a waste not to eat. Anyway, if she didn't eat it later, it would be poured out. Such a delicious meal., it would be a pity if it was poured out. It would be better to pour it into her stomach.

As she ate, she gave Zhu Meina a thumbs up.

She was not convinced of anyone in this family. She was convinced that Zhu Meina was the only one who could make Su Mumran, who had always been arrogant and had eyes above his head, so angry that he did not want to eat. Only Zhu Meina could do that.

Zhu Meina tidied her hair, and naturally smiled in a relaxed and proud manner.

Today, she had won completely, so she was in a very good mood. HMM, her stomach was also hungry. Anyway, there was no one here that she disliked, so she could eat a few more mouthfuls of rice.

"Mom..." in the room, Su Muran was so angry that she wanted to burn her hair, "Why don't you tell her to get lost? I get annoyed whenever I see her. Tell her to get lost quickly. Hurry up and chase her out and throw her into the Sea River."

Su Muran was so angry that she started to speak recklessly. Meanwhile, Zhu Xianglan quickly covered her mouth.

"Muran, you can't just say that. It's not easy for this matter to be forgotten just like that. You Can't let things get out of hand."

What did she mean by 'forgotten'? Su Muran had never felt that this matter was really forgotten.

"Mom, isn't that woman still out there? That half-dead woman doesn't know when she'll die. Are we going to live our lives like this? What am I, Su Muran? Why Do I have to act on the face of a rotten woman?"

What choice did Zhu Xianglan have? "Muran, if you continue to endure it, she will quickly comfort Su Muran. When there is an opportunity, mom will definitely tell her to get lost."

“But when are you talking about?” Su Muran was so annoyed that she was about to break down. Yes, when, when, when, when, when could she not see that face that she hated?

Chapter 1538: She wanted the female lead

It wasn't easy, but she couldn't see Yan Huan's face anymore. Could it be that Zhu Meina's face was going to continue giving her nightmares every day?

“Very soon, very soon,” Zhu Xianglan promised repeatedly. Yes, very soon, very soon. Very soon, her mother would tell her to get lost.

“Mom, I want the female lead, but that Sun Yuhan is fighting with me. Tell me, what can that ugly freak possibly fight with me for? Who does she think she is?”

Yes, she was not a thing. She was nothing. Zhu Xianglan had never put Sun Yuhan in her eyes. Perhaps others were afraid of her. She was the granddaughter of the Ye family, the most prestigious family in Hai City. But so what., if the airport had belonged to the Su family, the Ye family wouldn't exist now. But now, the airport belonged to the Ye family, and Sun Yuhan was the heir of the Ye family. Just this point alone., sun Yuhan was the woman that many men in Hai City wanted to marry, even if she looked like a pig.

“Mom, can you help me get the female lead in that movie?” Su Muran asked Zhu Xianglan expectantly. She knew that her mother must have a way, right.

“This...” Su Xianglan didn't know how to answer Su Mulan. She couldn't guarantee this, but when she saw the pleading look on Su Mulan's face, she really couldn't make up her mind.

“Okay, mom will give it a try.”

She didn't know if that person was willing to give the good female lead to her daughter, but this was what her daughter wanted. No matter what she did, she had to fight for her daughter.

What else did she have now? She only had one daughter. She could rely on this daughter for the rest of her life.

Su Qingdong had long been unreliable. Other than placing all her heart on Su Muran, who else could she place it on.

Sun Yuhan was wearing her high heels. The heels were higher than before, but they could not be higher than seven centimeters. Therefore, no matter where she was, she was shorter than others. This was not what she liked, however, there was nothing she could do. It was her fault that her legs were still not fully healed. If she wanted to wear higher shoes, she would have to wait for a few more years.

The most annoying thing for her now was receiving a call from Zhu Xianglan. She hated people who threatened her the most. However, she could only allow others to threaten her. She finally understood now., why Zhu Meina could live openly in the Su Family? No matter how much Zhu Xianglan and her mother hated her, they still couldn't chase her out in the end. They even had to keep her under their noses.

Because compared to hating her, they were more afraid that those secrets would be found out by a second person, then a third person, a fourth person, and finally a bunch of people. The result would be that everyone would know.

And when that time came, it would be when they were finished. Of course, she was the same. What she was most afraid of now was that the thing that Zhu Xianglan had in her hands would be found out by others in the end. Then.., she could only die a horrible death.

There would be nothing left of her.

“Why are you looking for me again? Didn’t I say not to look for me in the future?”She threw her bag to the side.

“Zhu Xianglan, you better stop now. Don’t push me too far. Otherwise, when the time comes, we will fight to the death. I will be alone. But are you sure that your su family will be buried with me?”

Zhu Xianglan gently curled the corner of her mouth.

“Miss Sun, don’t say such words. No one wants to die. Of course, it’s the same for you. Our Su family is not as important as your Sun Yuhan’s life. In the future, the entire ye family will be yours. If you really want to fight to the death for your future in the Ye family, then it’s up to you.”

Although Sun Yuhan was currently vicious and merciless, she was still young after all. Perhaps in a few decades, her thoughts would become a little heavier and her methods would become a little more forceful. However, the current her.., after all, she was too young and was not Zhu Xianglan’s match. Zhu Xianglan had already grasped her in her hands with just a few words. Sun Yuhan, who had her soft spot grasped, was high and mighty in front of everyone, she was insufferably arrogant and bossy, but in front of Zhu Xianglan, she had no advantage at all.

And for the first time, Sun Yuhan truly understood. If she was not the granddaughter of the Ye family, if she was not ye Rong’s woman, what else did she have? What else could she be? And what was she?

If she had nothing to do with the Ye family, she was worse than a ghost.

“What do you want?”Sun Yuhan’s words showed that she had already compromised once again. If she had something to say, she would say it. She did not want to waste time here with an old woman like Zhu Xianglan

“My daughter wants the female lead of your new drama.”

Zhu Xianglan went straight to the point and requested.

Sun Yuhan was stunned for a moment, then she sneered, “Zhu Xianglan, what do you think you are? You Dare to ask me for the female lead?”This movie was what she wanted to shoot, it was what she had raised, and it was also what she had invested in. She naturally wanted to be the female lead, now, other people actually wanted to snatch her female lead. Where did this joke come from.

“I don’t think I am what?”Zhu Xianglan’s face had always been too calm. Only her pupils shrunk slightly, reflecting Sun Yuhan’s ordinary face even under heavy makeup.

“The main thing is, what do you think you are?”

When she finished speaking, she saw Sun Yuhan's face had already changed drastically.

Yes, what Zhu Xianglan thought of herself as had nothing to do with others, but what could Sun Yuhan think of herself as? Was she a member of the Ye Family? was she really ye Jianguo's granddaughter, Ye Rong's Daughter?

If she really was, then why was she sitting here now? If she really was, why was she being threatened by Zhu Xianglan here? If she really was, why was she living in fear every day, she was afraid that others would find out that she was faking it. And because of this fakeness, she could not remember what she had done. And because of this fakeness, she had already paid a price that she could not bear, a past that she could not bear.

"You are indeed Shameless." Sun Yuhan put on a fake smile. Her voice was filled with disdain, "Ye Rong treated you so well back then. You were able to go to school and stay in Hai City because of Ye Rong's help. But what did you do? You stole ye Rong's man, you let ye Rong fall into your trap, and now you want my female lead."

"This doesn't seem to have anything to do with you." Zhu Xianglan did not even lift her eyelids. Of course, she was not surprised that Sun Yuhan still knew about those things. Otherwise, how could she treat ye Rong as her daughter, that woman ye Rong., even if she died, it would still make her suffer. However, there was no need to be anxious. Anyway, so what if it was Ye Rong? In the end, she would still be turned into ashes. When she thought of this matter, she felt extremely happy. As for Ye Rong's daughter., she was still in a vegetative state. It was already good enough that she could sleep for a lifetime. However, she was afraid that she would die before she could even sleep for a lifetime.

Chapter 1539: was too tender

Of course, there was also this fake daughter. She would be the best stepping stone for her family's dye-in-the-wood.

Therefore, Ye Rong, your life is worth living. At the very least, you are really good to me. I will remember you. Your Daughter was born to save my dye-in-the-wood. Your fake daughter., is to help my daughter make a comeback and rise to the top.

Sun Yuhan took her bag and stood up. She was afraid that she would not be able to hold it in and directly smash Zhu Xianglan's head with a chair. It would be even better if she died.

However, if she really died, then she would have a way to uncover the past. It seemed that she could not. Not to mention one ye family, even two ye families would not be able to bear the life of one Zhu Xianglan. Otherwise., her eyes suddenly narrowed. At that instant, a killing intent faintly surfaced.

Zhu Xianglan once again picked up the cup on the table and drank slowly. Her voice was also clearly transmitted into Sun Yuhan's ears.

"It is best that you do not think of killing me or anything else. It is impossible for you to have such an opportunity."

Sun Yuhan stopped in her tracks. She felt as if someone had stripped her of her clothes.

“That character...”Zhu Xianglan asked again.

“I can give it to you.”Sun Yuhan turned her head abruptly.

In that instant, if eyes could really be used to kill people, then the current Zhu Xianglan had already died countless times. Once, twice, thrice, or was she cut into one, two, or three pieces.

“But only once.”Sun Yuhan would not be controlled by Zhu Xianglan forever. Otherwise, she would be in a desperate situation, even though she liked to call herself a dog.

“You can rest assured.”Zhu Xianglan put down the cup in her hand. “This is also the only time. Once my daughter’s popularity rises, I naturally won’t need you anymore.”

Sun Yuhan almost spat out a mouthful of blood when she heard this.

What was this? What did this mean.

Was she trying to say that as long as Su Mumu became famous, he would be able to trample her under his feet?

Alright, Alright. She was just waiting for Su Mumu to make a comeback. She did not believe that she, who had countless good resources, could not surpass that half-dead woman. Her husband had been snatched away by her, then, what else could she not snatch.

Zhu Xianglan waited until Sun Yuhan had left before she directly curled the corner of her mouth.

“Little girl, you still want to fight with me? You’re still too young.”

Yes, she was still too young. In this world, the older the wiser.

After she packed her things, she was also prepared to leave. However, Sun Yuhan’s final gaze was a little ironic. What was going on? She still wanted to kill her. With just that little ability, who else did she want to kill?

It was better to grow a little longer. Perhaps she would really grow a decent heart.

However, this Sun Yuhan was indeed powerful. She had actually been the granddaughter of the Ye family for so many years, yet she had not been exposed. This woman really had many tricks up her sleeves. This could only mean that the people of the ye family were too stupid, she could even treat this kind of appearance as her own child.

And when she thought of Yan Huan, who was still unconscious, she felt extremely happy in her heart.

She did not care who was the granddaughter of the Ye family. These were people who had nothing to do with her. As long as she knew that Ye Rong’s daughter was not having an easy time right now, and that she might be about to meet her mother soon, her heart began to feel happy.

Good Death, yes, good death

And now, in her heart, that person called Yan Huan was already a dead person.

Yes, a dead person.

Perhaps in the hearts of many people, she was a vegetable. What was the difference between her and a dead person?

She picked up her bag and swaggered away. However, her footsteps were starting to become a little anxious. She was going to tell her ran ran that she had already gotten the female lead.

“Really?” When Su Mu ran heard that she was going to be the female lead in that movie, she immediately hugged Zhu Xiang Lan. “Mom, thank you. You’re so kind.”

Zhu Xiang Lan gently stroked her daughter’s hair. You’re Mom’s daughter. If mom doesn’t treat you well, who else can she treat? Ran ran, in this world, mom can only rely on you from now on.

And for her daughter, she abandoned everything. She even abandoned her husband. What was she going to do with such a heartless husband? She even got her a mistress to leave at home to disgust the mother and daughter.

Zhu Meina would occasionally show off the new diamond ring on her finger in front of the mother and daughter. She wanted to drive the two women away in anger. She would eat the entire table of food herself, but it was a little strange today.

Su Muran rolled his eyes at most and ate the food on the table as usual. He did not put her in his eyes. As for Zhu Xianglan, she acted as if she did not see her. The two of them ate well, zhu Meina was so angry that she could not swallow it. She did not eat the food, but she was filled with anger.

It had been like this for a few days. In the end, Zhu Meina could not stand it anymore. If this continued, she would starve herself to death. She did not want to find comfort in her heart.

Hence, she drove straight to Yan Huan’s place

Today, her luck was not bad. The three children were there.

“My Little Light.” Zhu Meina directly threw the bag in her hand to the side and was about to hug little light. At this moment, the three children were each sitting on a small stool, obediently sitting in rows, they were watching cartoons on television.

Zhu Meina ran over and hugged little light.

Hello, Aunt Meina. Xiao Guang smiled at Zhu Meina. In an instant, that pretty little face almost melted Zhu Meina’s heart. Zhu Meina kissed Xiao Guang hard. She simply loved him to death.

Of course, the other two did not escape her clutches. She picked up the three children, kissing their little faces and pinching their little arms. However, she still loved Xiao Guang the most. Xiao Guang was a cultured child. He just smiled., he smiled obediently and cutely.

Xiao Qi did not like to smile. He was like Lu Yi, and his temper was like that of his father’s. Not only did they look exactly the same, they were clearly the same.

Xun Xun was delicate and loved to cry. She was still too young and tender, so she did not dare to hug her. If she did not hug her, it would not go well. If she cried, the Lu family would fight to the death with her. Xiao Guang was still the best.

As soon as Auntie Gu came out, she found Zhu Meina playing with the three children. She had a good impression of Zhu Meina. Although she looked a little demonic and did not seem like a good person, she had a good heart, it was obvious that she liked children so much.

If Zhu Meina knew that Auntie Gu had such a high opinion of her, she might really cry. In the past, people said that she was either big-breasted or vain, no one had ever said that she was a good person. What kind of good intentions did she have? Where did she come from? She was just a belly full of idiots.

Chapter 1540: Other People's children

In a short while, Yan Huan had already come out of the kitchen. She brought out a plate, and inside the plate were dumplings the size of Gui Yuan. These dumplings were really well-made, and each one was exquisite and meticulous, they were not stuck together, just like handicrafts,

these were mini dumplings for the children. Zhu Meina ran over and drooled at the dumplings from time to time. "That... I want to eat them too."

"There's something wrapped inside. Let Auntie Gu Cook it for you."

"Sure." Zhu Meina was slurping these dumplings, but she couldn't snatch food from the children. If she did, she would feel her face burning.

When Auntie Gu saw Zhu Meina's slanderous expression, she hurriedly went in and helped Zhu Meina wrap a portion of the dumplings.

Yan Huan, who was outside, couldn't be bothered with her at the moment. She still had to take care of the three children to eat.

Yan Huan divided the dumplings into three small bowls. Then, he adjusted them to a faint taste. He only added some salt and some vinegar. He cut some finely chopped scallions, coriander, and three small bowls of noodles on top, they were all placed exactly the same. Just a glance was enough to make people feel that it was pleasing to the eye. They even wanted to take a bite. The taste would definitely be better.

Such small dumplings could be eaten by adults in just a few bites. They didn't even need to chew. However, children were small. They were small in everything. Even their small mouths were small. These small-sized dumplings were just enough for them to eat, they wouldn't choke on them. Of course, they were big enough to prevent them from swallowing them directly.

After Yan Huan placed the dumplings properly, he placed the small spoon in the bowl so that they could eat and drink soup together.

She stretched out her hand to the three children. "Babies, go wash your hands with Mommy."

Xiao Qi held onto her little brother's little hand, and then her mother held onto one of her little hands. Meanwhile, Xun Xun held onto her mother's other hand. They were very obedient and knew that her mother's illness hadn't recovered yet, so until now..., they were still not allowed to hug them. At home, they would not allow their mother to hug them. Even Xun Xun, who had been the most clingy to her

mother ever since she was young, was now not allowed to be hugged by her mother. She was very well-behaved.

Yan Huan washed the children's hands one by one, then wiped their little hands clean. When he came out, he saw Zhu Meina staring blankly at the three bowls of dumplings in front of the children, there was also a plate of dumplings in front of her, but they were of normal size.

Zhu Meina actually disliked eating dumplings the most. Who asked her to cook a big basin of dumplings for herself at that time? In the end, she had to eat all the dumplings, and she really ate them all. She even had diarrhea for a few days. From then on., she really didn't like eating dumplings anymore. Even now, she didn't really like eating dumplings. They were just small dumplings that slandered the three children.

She thought they were small dumplings. If they were small dumplings, she would be willing to eat them.

"Miss Zhu, the small dumplings are very tiring for Miss Yan to make. She only made so much after making them all morning. These are for the children. If they are for adults, these three bowls are not enough for you to eat."

Auntie Gu was also helpless. She did not understand why Miss Zhu liked to eat small dumplings. When eating big dumplings, the taste was right. Small dumplings did not have much flavor.

Moreover, it was really not enough for an adult to eat. It was really troublesome to wrap these small dumplings. The filling of the dumplings had to be chopped into pieces, and the skin had to be rolled very thin. Otherwise, there would only be skin and no meat. If the skin was too thin., the dumplings were about to be cooked until they were rotten. It was all thanks to Miss Yan that she had worked so hard to make so many small dumplings for the children to eat.

The three children of the Lu family were actually quite beautiful, but they were indeed difficult to raise.

Two families had to worry about one child, and there were still three of them. Each of them had to be taken into consideration, and it was truly hard work.

Yan Huan carried the three children onto the chairs one by one, and then she began to eat the dumplings herself.

The three children still did not know how to use chopsticks, so they only knew how to use spoons. Yan Huan had already tried it, and the dumplings soup was not hot at all. It was just right for the three children to drink.

The three children started eating almost at the same time. They did not look like triplets, but now they looked so similar. They were born in the same womb, and even their movements were in sync. The three small children first drank the soup, then they scooped up the dumplings inside and started eating. The dumplings were really small, and there was just enough room for one on the small spoon.

Xun Xun carefully used her small spoon to produce a dumpling. She placed it by her small mouth and ate it. She took a careful bite. Of course, she also liked to eat these small dumplings, ye Shuyun cooked these small dumplings for the children all day long. They all loved to eat them.

This was actually the first time they had eaten the dumplings made by their mother.

Xun Xun's eyes lit up. She was so happy that she broke into a smile.

"Is it good?" Yan Huan rubbed his daughter's small head and asked her.

"Yes, it's good." Xun Xun's small mouth was filled with food. Her two small faces also bulged out. She was like a small goldfish, very amusing.

Yan Huan looked at Xiao Qi and Xiao Guang again. Xiao Guang raised her small face and smiled at her mother. She found it hard to believe that such pure and beautiful eyes could not see things not long ago. Now, she could finally see things.., she was finally fine.

Yan Huan put down his chopsticks again and touched the heads of his two sons.

"Eat obediently. You Can't leave anything behind. Your mother has wrapped it for a long time."

"Okay," the two boys said in unison. Their faces were exactly the same. It was no wonder that they had been called children of other families by the adults of their respective families ever since they were born.

They were good-looking, smart, and sensible. Of course, they were easy to take care of. How could they be like them? They were only three years old, and they had already started eating by themselves. Moreover, they were eating very well now, and it wasn't like they were sprinkling rice grains, when they were in school, the three of them took care of each other, so they wouldn't starve themselves. Otherwise, she wouldn't be at ease letting the three of them eat in school. She was afraid that they wouldn't be full and would be bullied.

Yan Huan lowered his head again and picked up his chopsticks to eat the dumplings. Zhu Meina didn't like to eat, but there was nothing she could do. Everyone was eating dumplings now, and she couldn't be different from the others. She wanted to eat noodles, right? Compared to noodles.., she would rather eat dumplings. At the very least, there was meat.

And she wanted small dumplings for the three children. Unfortunately, Yan Huan didn't want to make them for her. She couldn't let Yan Huan make dumplings for her either, because she didn't have such a big face.

The three children obediently finished the dumplings in their small bowls. There was no need for adults to say it, and they didn't really like leftovers. Moreover, they were all the ones they liked to eat.

"Mommy, Xunxun has finished eating."

Xunxun put down his small spoon and raised his small face to show off his treasure. He looked as if he was waiting for his mother to praise him. It was as if he was saying, "Look at how obedient I am. Quickly praise me, quickly praise me."
