

Chapter 1541: I want some peace and quiet

“Mm, we are looking for a good girl. She finished eating so quickly.” Yan Huan pinched her daughter’s little face. It was all thanks to her good appetite that she was able to raise her daughter, who weighed less than two catties, to such an age. It was not easy at all, now, her little face was full of meat. She had finally grown up. She did not like to get sick too much. Of course, she had also grown some meat.

Xiao Qi and Xiao Guang had also finished eating. They were all waiting for their mother to praise them.

Yan Huan naturally didn’t hesitate to praise each and every child. After they finished eating, they would go and play by themselves. Adults didn’t need to care too much. Moreover, the three children now had their own ideas. They also had their own small world, and adults couldn’t enter.

Meanwhile, Yan Huan continued to eat her food. She was concerned about the three children, so she did not eat much. There were still some in the kitchen. When Lu Yi returned, there would still be his share.

Zhu Meina then remembered the reason she came. It was to seek comfort. In fact, it could be said that she came to complain and vent her grievances,

“What do you think is going on with Zhu Xianglan and her daughter? Why are their faces cramping up or their brains cramping up? She just couldn’t figure it out. Usually, as long as she said a few more words, they would be able to pierce her hair. But today, no matter how much she stabbed them, they just couldn’t feel the pain?”

Zhu Meina didn’t think that the two of them now treated her like air.

No matter how much she hated them, they would hate her as much as she did.

It was impossible to treat her like air, but there would definitely be hatred. Moreover, it was the kind of hatred that seeped deep into one’s bones. It was impossible for them to turn a blind eye to a living person like her to such an extent. Wasn’t this very strange?

And now, she was afraid that these two women might have some malicious thoughts in their minds again, waiting to scheme against her?

Or was it because she had forgotten about the pain after she had recovered from her scar.

“What did they do to provoke you?” Yan Huan ate another dumpling. It had been a long time since she had eaten a dumpling made by herself. She really liked the taste of this kind of dumpling.

“What else can I do?” Zhu Meina also ate a dumpling. Actually, it was quite delicious. It was much better than the dumpling she made. No, it was the other party’s dumpling that was good. It was just that she didn’t know how to cook it, she cooked a pot of rotten dumpling.

The more Zhu Meina thought about it, the more she felt that something was wrong. Why did she have a bad feeling? Yes, it was this feeling that made her very annoyed, “Do you know that recently, they

actually turned a blind eye to me and ate and drank as usual? We used to hate each other when we looked at each other, and we were also disgusted by each other. But now, they are actually still able to eat. Do you think that they are plotting something?"

"I'm not disgusted with you. It's only because they have some good news."

Yan Huan said indifferently. He picked up another dumpling and placed it in front of him. He ate it mouthful by mouthful. He could not let down such a delicious dumpling. She could not let down her time, of course, she could not let down such good cooking skills and such delicious dumplings.

"Happy occasion, what happy occasion?"

Zhu Meina put down her chopsticks and couldn't be bothered to eat anymore. "Zhu Xianglan is having a second spring, and Su Muran is about to die?"

"No." Yan Huan scooped a bowl of soup for himself and began to sip it.

"Sun Yuhan recently invested in a big drama. Originally, she wanted to take herself to the next level. Of course, she was aiming for this year's Best Actress award. Originally, she was planning to start filming, and she was naturally the female lead in the drama. But now, the female lead was given to Su Muran."

"What?" Zhu Meina stood up with a whoosh, scaring the three children.

"It's fine, it's fine." Zhu Meina quickly flashed a smile at the three children. "You guys continue to play with yourselves. Aunt Meimei is having a fit. She'll be fine in a while."

The three children looked at Zhu Meina suspiciously for a long time, treating Zhu Meina as a monster.

Zhu Meina adjusted her clothes and sat down again.

"Are you kidding?" Zhu Meina asked Yan Huan in disbelief, "They really changed the female lead. This female lead was given to Su Muran. Did they really give it to him?"

"Yes," Yan Huan nodded, "This is not a secret in the industry. Moreover, the storm is quite big. As for how to solve it, that is a matter for the two of them to know about the team. They will make the same statement as they want. They can have hundreds of reasons to perfectly cover up and explain this matter."

"I knew it..." Zhu Meina suddenly slammed the table hard, almost choking Yan Huan. Aunt Gu also quickly took the three children outside to play, to avoid Zhu Meina from being so shocked, it scared the three children until they cried.

Yan Huan took a napkin from the side and gently wiped the corner of his lips, continuing to drink the soup.

Zhu Meina narrowed her eyes as if she knew some unspeakable secret.

"Now I finally know the secret between Sun Yuhan and Su Muran? "Why did Sun Yuhan Snatch Lu Qin away and then kick him away? Why did she allow the unpopular Su Muran to enter her crew and give her the role of the second female lead? After that, her limelight was stolen by more than half. Now, she has given her the role of the first female lead in a TV series that she was paid to shoot."

“Then what do you think is the reason?” Yan Huan was still sipping his soup slowly. He wanted to know what Zhu Meina knew.

“It must be the reason.”

Zhu Meina clenched her fists tightly and smashed the table again. Fortunately, Yan Huan had already picked up the bowl. Otherwise, he might have choked a little later.

“I knew it. It’s like this.” Zhu Meina said this again. Then, she stared at Yan Huan’s eyes seriously. “That Sun Yuhuan and Su Muran definitely have an affair.”

“An Affair?” Yan Huan didn’t quite understand what Zhu Meina meant by an affair.

“They’re faggots.”

Zhu Meina cracked a smile. She felt that spring had come for her. Zhu Xianglan must have never thought that her daughter would actually like a woman. Hahaha., i want to see where the Su family’s old face will go in the future, as well as the ye family’s face.

That Sun Yuhuan was so annoying. If the matter of her falling in love with a woman was announced, not to mention filming, even crossing the street would be shouted at by everyone. Tell me, how could she be so straightforward

At this moment, Yan Huan had already picked up his bowl and walked into his room.

“Hey, Yan Huan, where are you going?”

Zhu Meina also stood up and was about to follow him.

Yan Huan gently turned around, still holding the bowl in one hand. “Don’t come in, I want to be quiet.” After saying that, she turned around, and Zhu Meina could only retract her foot that was about to step out,

Chapter 1542: Revenge or not

She sat back down at the table and ate all her leftover dumplings one by one. She still felt that her guess was right. Those two women must be gay, otherwise, why would they steal other people’s husbands and end up filming together? It was obvious that their relationship was not normal.

The dumplings were delicious, but she didn’t eat them to her heart’s content. She didn’t know if it was because she had other things on her mind or because she was immersed in the excitement of knowing this big secret.

By the time Lu Yi returned, Zhu Meina wouldn’t have anything to play with. She didn’t dare to look at Lu Yi’s face anymore. Of course, she couldn’t play with Xiao Guang anymore either. She just drove her sports car back., then, she would go and disgust Zhu Xianglan and her daughter. In any case, her so-called good mood would disappear one day. She was just waiting for the day when they would be disgusted again.

Lu Yi played with the three children for a while and then ate the dumplings. Only then did he bring the three children back to the Lu family. Grandfather had even specially called to urge them to send the children back, they were used to staying with the children. They spent every day with the children. Without seeing the children today, they were very much thinking that if the children did not come back at night, the three of them might not be able to sleep.

“Say goodbye to Mommy.”

Lu Yi squatted down and adjusted the clothes on the three children before saying to them.

“Goodbye, Mommy.” The three children obediently shook their small hands at their mother while carrying their small school bags on their backs.

Yan Huan also shook her hands at them. The three children were now all grown up and had their own thoughts. Yan Huan really felt that she was starting to get old.

Lu Yi carried Xun Xun while Xiao Qi and Xiao Guang each held onto the corner of their father’s clothes. The car was parked outside and was not far away.

After sending the three children back, Lu Yi found Yan Huan sprawled on the bed. She seemed to be unhappy.

“What’s Wrong?” Lu Yi came over and sat beside her. “Weren’t you fine just now? What’s Wrong? Why are you unhappy?”

“I feel like I’m getting older.” Yan Huan touched her face. She couldn’t accept the fact that she was getting uglier as she got older.

Lu Yi didn’t know whether to laugh or cry.

He stood up and went to the bathroom. Then, he took out a mirror and placed it in front of Yan Huan. “Let’s see if you’re old.”

Yan Huan took the mirror and looked at her face for a long time. HMM, she still didn’t look old. That’s right, she wasn’t Old at all. In fact, she was very young, it was also because she hadn’t basked in the sun all these years that her skin was somewhat transparent. Of course, there weren’t any wrinkles on her face, and it was still fair and clean.

HMM, it seemed to be much stronger than she had imagined.

“Look at me again.” Lu Yi took her hand and put it on his face. “I’m the one who’s old.”

“Are you?” Yan Huan sat up and touched Lu Yi’s face. His bones were very square and her two hands seemed to be touching his face. Her eyes were big and her skin was naturally not as delicate as a woman’s, however, it was very clean. Her beard had always been shaved very clean and there were no large blemishes on her face. There were only scars on her forehead and there were still traces of suturing.

This was because Lu Yi wanted to marry her back then, and he was smashed by Old Lu’s grandfather. Half of the injuries on his body were from his past military service, and the other half were because of her.

“Am I Old?” Lu Yi asked Yan Huan. Actually, he really felt that he was old. He was just afraid that if he was older, Yan Huan would despise him.

“Not old.” Yan Huan hurriedly shook his head. “You are not old at all. You are still as handsome as ever.” A man in his thirties was the most outstanding time in a man’s life. He was mature and steady, and his career was successful.

Lu Yi gently pinched Yan Huan’s face, “My Huanhuan still looks like she’s in her twenties. Believe me, you look like you’re in your twenties when you’re in your thirties, and you look like you’re in your twenties when you’re in your forties. Even if you’re in your seventies or eighties in the future, in My Eyes, you’re still the same person I met when I first met you.”

This could be considered the sweetest words in the world. Who said that Lu Yi didn’t understand romance? If he didn’t, where did all this come from.

It was only when this stiff man loved a woman deeply that he would say these words that could move a woman’s heart. These weren’t sweet words, these were his heartfelt words, this was also his promise.

A man’s words couldn’t be trusted, but Lu Yi’s words could be trusted.

He had been alone for a lifetime for a woman. He had kept her for a lifetime, and she had also paid for his lifetime. However, Yan Huan didn’t know this. That experience felt like a past life, but it also felt like a dream, perhaps even she was a little confused.

She came back early, but Lu Yi came back late.

He thought about it all his life, loved it all his life, loved it all his life, and missed it all his life.

In the end, it was only in exchange for this lifetime of being together. Perhaps they had experienced too many hardships, and perhaps they would have to experience more in the future, but they would never let go of each other.

He really did not want to experience that kind of loss anymore.

In fact, this was pretty good. When Yan Huan woke up at night, she heard the sound of Lu Yi typing on the keyboard. In fact, she did not know where this sentence came from.

This was pretty good. Yes, this was pretty good. There was no hatred, no resentment, and no hatred. Even if she didn’t seek revenge for the rest of her life, she would still be able to live a peaceful and peaceful life with her family. However, would she be satisfied if she didn’t seek revenge?

She wouldn’t. She bore all those grudges very clearly. Everything that was owed to her had to be returned to her, regardless of whether it was Lu Qin or Su Muran.

However, Yan Huan really felt as though she was a disaster. It was as though wherever she went, there would always be a disaster. Not only did she bring it to others, but she also brought it to the children.

Why don’t she give up on revenge? She raised her head and looked at Lu Yi’s profile. At this moment, the light from the computer screen was reflected on his face. He could even see the lines on his skin, his fingers pressed on the keyboard, tapping on it again and again.

Only then did she realize that she had placed too much importance on revenge in the past. Ever since she was reborn, everything had revolved around Su Muran and Lu Qin.

However, she had forgotten that there were actually more important things in this world than these. Those were the people she loved, her husband, her children, and her loved ones.

They were more important than anything else.

Yes, they were more important than anything else.

She still had to take revenge, but it would not be the entirety of her life.

She rubbed her face against the blanket again as if she had suddenly become enlightened. There was a layer of color in her eyes. Finally, with a bang, all of it shattered, and the rest.., was the time she wanted to continue walking.

Chapter 1543: happiness

She wanted to grow old together with Lu Yi, and she also wanted to watch her children grow up day by day. Just like her mother, even when she was old, she was willing to do so because she had grown up, and also because she was sensible.

And she was also like her mother, guarding her children like this, remembering that they grew up safely and healthily under her protection.

“What are you thinking about?” Lu Yi walked over, took the clothes and put them on for Yan Huan. He had been observing her for a very long time. Why? was there something on his mind? Was He in a daze again.

“Nothing.” Yan Huan leaned his head on Lu Yi’s shoulder. “I was just thinking if you would cook noodles for me today. You haven’t cooked noodles for me for a few days.”

Lu Yi was too busy, so the task of cooking noodles fell to Yan Huan in the end. Yan Huan was responsible for cooking and eating, while Lu Yi was responsible for eating and working. She hadn’t eaten Lu Yi’s sour soup noodles for a few days, in this world, only Lu Yi’s noodles would taste like that. The sour soup noodles made by others were not delicious because they were not made by Lu Yi.

“Wait, I’ll make it for you.”

Lu Yi touched Yan Huan’s forehead. That small scar had already scabbed and only left a small scar. Her constitution was very good and these scars would fade after a few days.

So she could eat sour and spicy food.

“I want to eat two poached eggs,” Yan Huan stretched out two fingers and bargained with Lu Yi. If she gave him an egg later, she would put the poached eggs in Lu Yi’s bowl into her own bowl, at that time, she would not give him any.

“Alright.” Lu Yi gently patted her face.

“Alright, I’m going to cook some noodles.” Lu Yi stood up and resigned himself to his fate as Yan Huan’s cook. However, when he reached the door, he could not help but turn his head to look at Yan Huan. He saw that she was picking up her phone to look at it, the corners of her lips curved slightly and a smile flowed out from her eyes. The sharpness that existed in her eyes before seemed to have disappeared in an instant. It was as if something was different, however, he could not tell exactly what was different. In short, there were some things that he could not understand that were changing Yan Huan Bit by bit.

He could not guess and could not guess either.

However, the current Yan Huan was not like the past. In the past, she always had some sharp things around her body. Those things were like thorns, stabbing others at the same time as stabbing herself.., but now, everything seemed to have calmed down.

Lu Yi opened the door and walked out as well. He then went into the kitchen to cook noodles for Yan Huan. The noodles and eggs at home were ready-made, so he didn’t have to worry about not having any noodles to eat today. If there was really nothing to eat.., he might have to go to the place where the chickens were raised and touch two eggs himself.

Yes, the eggs in the house were all produced by his own chickens. He could collect dozens of eggs a day. Even if he was stuffed to death with eggs every day, he would not be able to finish them all.

The chickens ate vegetables grown from the ground and did not use any fodder. There were very few eggs in hai city that could be eaten in such a primitive state. The Lu family had always eaten eggs produced by their own chickens, the vegetables that they ate were all grown by their own families and they were all natural things. These things were all produced in the old Lu father and son’s residence garden.

In the past, there were only vegetables here but there were no chickens. Later, Ye Shuyun said that the three of them had to eat eggs every day. Perhaps the eggs bought outside were not fresh. For the sake of his little grandson, Old Lu.., last year, he raised dozens of chickens. After a few died, the rest were alive. It was no problem for him to collect dozens of eggs every day, now, the three children did not have to worry about eating eggs. Old Master Lu truly doted on his great-grandson and great-granddaughter. In the past, Lu Yi and Lu Qin did not receive such good treatment. They had been raised since young, when Lu Yi was four years old, he was thrown into the Lei family to learn martial arts. If Xiao Qi and Xiao Guang were thrown in, Old Master Lu would be heartbroken.

Just like now, he could actually raise chickens in the Liuyuan Garden. In the past, he thought it was noisy, dirty, and smelly. Now, he despised everything. It could also be because he did not live there anymore. After all, it was not dirty for him to be dirty, smelly was not smelly to him either. He only needed to give the eggs to his three little grandsons to eat. He only needed to raise the children until they were white and fat, as long as they did not get sick.

Therefore, Yan Huan was now eating the eggs produced by himself in the Liuyuan Garden. Every day, Aunt Gu would collect a few eggs there and keep them for themselves to eat. The rest would be sent to the Lu family to be prepared for the children, the three children would eat one steamed egg every morning. This meant that there were three eggs. With the addition of the adults, ten eggs would not be a problem for them

Hence, this chicken was raised correctly.

Lu Yi beat the poached eggs into the pot. Then, he turned down the heat and boiled the poached eggs until the noodles were ready. Only then did he bring the noodles into the room.

Yan Huan had already tidied up the table. She placed her hands on the table. Her slanderous look made Lu Yi not know whether to laugh or cry.

She had already prepared the furniture. was she really that hungry?

He was right. Yan Huan was hungry. She had only eaten a few dumplings today and drank a bowl of soup. She wanted to eat too, but Zhu Meina was too long-winded. She heard Zhu Meina speak., she wanted to fill her stomach. In the end, Zhu Meina said that she would just drink the soup and drink a belly full of soup. By now, she was definitely hungry.

Lu Yi placed the bowl in front of Yan Huan and passed the chopsticks to her.

“Alright, let’s eat.”

Yan Huan took the chopsticks and picked out the poached eggs. Then, she ate the noodles one bite at a time. Finally, she drank the soup. When she finished eating the bowl of noodles, she felt extremely happy.

So she decided.

“What are you thinking about?” Lu Yi saw her smiling face and felt a little amused. “Are you full? Do you want to eat another bowl?”

“No need, I’m full.” Yan Huan touched her stomach. She was already very full, but she was still very full. Her stomach had so much capacity, and she was not a big eater, no matter how much she liked to eat this bowl of noodles, even if another bowl was placed in front of her, she wouldn’t be able to eat it. Even if she wanted to eat it, she had to think about it carefully. What if she became full later?

“I was just thinking.” She looked at the two bowls and smiled in satisfaction. “When I eat this bowl of noodles, I feel very happy. So I feel that I don’t want to call this bowl of noodles sour soup noodles. I want to call it happiness noodles. What do you think?”

Chapter 1544: Thank you for not giving up on her

“Sure, call me whatever you want. As long as you like it, I’ll go wash the dishes. You can play by yourself for a while.”

Lu Yi pinched Yan Huan’s face again. He was actually trying to feel it. He just wanted to know if Yan Huan had gained some weight after eating and drinking so well these days, other people would worry if they had more meat on their bodies, but he would worry if she had less meat on her body.

People said that losing weight was something a woman had to do well in her life. He felt that the most important thing Yan Huan needed to do in her life was not to lose weight, but to gain some weight.

He Yibin said that people might gain weight when they reached middle age. However, Yan Huan did not feel that she would gain weight. When she reached middle age, it would be too late to lose weight.

Lu Yi took two bowls and went out to wash them. Yan Huan hugged her phone and lay down to play. She really could not fall asleep. She slept too much during the day, so she was a little excited at night. It just so happened.., at night, Lu Yi had to work, so he could accompany him. Sometimes, she really felt that Lu Yi was a little too illogical. He didn't sleep all day, so how could he go to work? Even if he went to work.., his work ability was still online, and his IQ was still online. was his thinking normal?

Obviously, what she was worried about couldn't happen. Lu Yi had been like this for a long time. Every year, he was busy for a few months. When he was done.., everything was normal. Of course, everything was online, including his IQ, his thinking, and his ability to work. Everything was online, and nothing had changed.

Right, Yan Huan took a small notebook and began to write something on it.

"What are you writing?" Lu Yi walked in. He had already washed the dishes. As soon as he came back, he found that Yan Huan was working hard. What was she doing? She hadn't written for a long time? Was she prepared to study hard and improve every day?

"I'm writing a recipe."

Yan Huan was still writing very seriously,

Lu Yi walked over and saw Yan Huan writing line by line. Her handwriting was also well-written. It was delicate and elegant, just like her looks. It was very beautiful, and her handwriting was neat and clean. Each stroke was a stroke, they were all square and upright. If her handwriting was like a person's, Yan Huan should have a straightforward personality. In fact, she was indeed very straightforward.

She did not like to beat around the bush, nor did she like to play tricks with others. She was also a woman who would not turn back until she hit a wall.

And at that moment, the paper was written in very neat handwriting.

Monday, dumplings, seaweed, egg flower, and a pancake.

Tuesday, rice. Three dishes and a soup.

Wednesday, noodles, and noodle soup.

Thursday..

This made it to Friday, Saturday and Sunday separately.

"My Recipe?" Lu Yi also sat down. In fact, with a glance, he knew that this was his recipe. Because he had been eating these recently, these dishes and rice had all entered his stomach, of course, he knew.

"Yes." Yan Huan kept changing it. In any case, every meal had to be nutritious. He couldn't eat it carelessly. There had to be dishes and soup.

“Look at it, don’t look at it. What else is bad? I’ll change it again.” Yan Huan handed his recipe to Lu Yi. He was the ultimate beneficiary. These things had to be delivered to his stomach, if he wasn’t satisfied, then the takeout would be ordered for free.

So, he had to like the food.

“Mm, it’s pretty good. I like it very much.” Lu Yi was actually not picky about food in general. Moreover, Yan Huan’s arrangements were very suitable. In the morning, Auntie Gu woke up early in order to prepare breakfast for him, no matter what, he had to eat this breakfast. He did not have the habit of eating breakfast, so not eating breakfast meant that he would be hungry for the whole day. Obviously, after eating.., his mental strength was much better in all aspects. In addition, he would deliver takeout to him every day. It had been the busiest time in the past few years, but he was unexpectedly not hungry once.

It was not because of anything else, but because he had a good wife, a wife who loved him sincerely and loved him dearly.

“Thank you.” Lu Yi sat over and rested his chin on the top of her head.

“I want to thank you.” Yan Huan hugged Lu Yi’s arm and buried her face in it. “Thank you for never abandoning me.” She had heard he yibin say this before, in fact, during the few months she was in deep sleep, she had once experienced two dangerous situations. One of them was when she was put on a ventilator. Back then, he Yibin had asked Lu Yi to give up, but Lu Yi did not.., it was precisely because he had never given up on her that she was able to return. Otherwise, she would not have died in her dreams, but would have died here. And now, she was no longer there.

She could not see her three children, and she could not find Lu Yi either.

Lu Yi gently stroked her hair. At this moment, the two of them were truly in each other’s arms.

Mm, for this lifetime, they would never be separated. For this lifetime, they would never be separated again.

“I’m going to work.” Lu Yi patted her face. You should go to sleep first. I’ll go to sleep after I’m done. It’s been like this recently. The two of them actually did not spend much time together, if Yan Huan had adjusted her biological clock to this state, she would also be sleeping during the day. If she was awake at night, she might not even be able to say a few words to Lu Yi for the rest of the day.

Most likely, she would be sleeping, Lu Yi would be working, she would be awake, and Lu Yi would be at work. Then, Lu Yi would become a working machine, while she would become a watchman’s stone.

“I’m not sleepy yet. I’ll accompany you.” Yan Huan also did not sleep. In any case, she would sleep during the day, so she was not sleepy now. He would talk about it when she was sleepy.

Lu Yi also let her be. The current Yan Huan was like this. Even he was used to it. Yan Huan now had the habit of staying up late. When he was not busy, he would change Yan Huan’s biological clock properly.

Lu Yi took his notebook from the table and took off his shoes. Yan Huan had already automatically set up a small table for him. He even placed two soft pillows on the headboard. Lu Yi had just sat down.., this

posture was not bad. His back did not hurt, and there was some support on his shoulders. Yan Huan lay beside him, and she did not disturb him.

She watched as his fingers moved on the keyboard from time to time. His hand speed was extremely fast, and she knew how fast it was. In any case, he was much faster than her.

As for Lu Yi's work, she really didn't understand.

Their work wasn't just separated by a mountain.

Chapter 1545: protects you

She felt like she was nine mountains away. Even if she were to continue reading for another few decades, she might not know what Lu Yi was busy with, so he was usually busy with his work, she took her phone and found a novel to read. Neither of them bothered the other. She was not tired now, so she continued reading. If she was tired, she would sleep on her own.

When Lu Yi was almost done, he turned around and saw that Yan Huan was already asleep. He was still holding his phone in his hand.

She didn't know when she fell asleep, but she was already fast asleep. Fortunately, she slept well. She had always been a very clean woman. When she was tired, she would always find a place for herself. It was neither noisy nor annoying. This was not like xunxun. Ever since she was young, xunxun had always been very delicate. She had also been doted on by her family. Her entire family doted on her the most. Even her two brothers, who were her age, put her first, therefore, xunxun had a big temper. Although she was very obedient, she could not help but have a small temper. It could already be felt now.

She was a spoiled little princess, and she was spoiled by them.

However, Yan Huan was very pitiful. When she was young, she only had her mother to protect her, and only her mother doted on her. When her mother was no longer around, she could only love and dote on herself. If she still had family., then, she wouldn't have died so tragically in her previous life.

Lu Yi wasn't afraid. He carefully placed his hand on Yan Huan's forehead. No matter what, you will always have me in this life. If someone hurts you, even if I have to risk my life, I will protect you.

Yan Huan was still asleep. She unconsciously moved her body slightly towards Lu Yi. As long as she was next to him, as long as she could smell his scent, as long as he was by her side.

Then she would be able to have a good night's sleep.

Lu Yi kept his notebook properly and placed it on the side. He wanted Yan Huan to have a good night's sleep so that she would not have to sleep until the next day when her neck would hurt.

He also laid down and held her hand. He also fell asleep. At this moment, their breathing also became gentle. In this dark night, they seemed exceptionally harmonious, no sound could be heard from the outside, even the faint sound of the wind.

Lu Yi woke up at seven in the morning. He slept around three in the morning and seven in the morning. As for Yan Huan, she probably woke up around ten in the morning.

Lu Yi carefully sat up, pulled out the blanket, and went to the bathroom to wash up. When he came out, Auntie Gu had already made breakfast and placed it on the table.

In the morning, there were pancakes, stir-fried vegetables, a bowl of herbal porridge, and a bowl of steamed eggs.

The eggs that he collected were good. The color was good, and they were also delicious.

Auntie GU always woke up early. After she cooked, she would go out for a walk and help to grow some vegetables. Here, her body was strange. It was much better than before, and she was also much more energetic, it was no wonder that old master Lu liked to stay here. This place was very nurturing.

Lu Yi took an oil pancake and took a bite. The oil pancake was fried, and it was very delicious with a few side dishes. He drank a bowl of porridge and finally took an oil pancake, he folded the oil pancake in half and put some vegetables in it.

She was ready to eat it on the road. There were a few traffic lights on the road, so it was almost enough.

“Mr. Lu, your taste is good today.”

Auntie Gu saw that Lu Yi had eaten a bit more today, so she was quite gratified. She was worried about this breakfast every day. If she wanted to change the style, she would steam it or roast it, just in case Lu Yi didn't eat well. However., lu Yi was really giving her face today.

“Auntie's cooking is good.”Lu Yi wasn't complimenting her, but it was true. Auntie Gu's cooking was really good. She also knew how to make some Chinese and western dishes. It was mainly because Auntie Gu's heart was here. She treated them as family. When she treated family, she naturally treated them differently from her customers.

With this in mind, the food naturally became much more delicious.

Lu Yi wrapped the pancake in a plastic bag and prepared to go to work with his computer.

Sure enough, just as he had expected, he took out the pancake when the traffic light was red. This time of the morning was not considered the peak period for work, so the traffic flow was too heavy, he had also calculated the time. If it was half an hour later, then he might not have to wait for a few traffic lights. He would have directly blocked a big traffic jam and helped him solve all these problems.

When he drove his car into the procuratorate, people came one after another. At this time, there was still about half an hour before he went to work in the morning. He could be considered the earliest, that was why he could do other things without knowing.

He poured himself a glass of water and put it aside. Then, he started to turn on his computer and prepare for the rest of the day's work. He was busy until noon almost unknowingly.

Yu Bo took out his phone. When he looked at the time, he quickly ran outside. Today, he almost forgot to bring Mr. Lu his food. If he brought it too late, the food would be cold later, how could he eat it?

Fortunately, it was not too late. He was only five minutes late, so he was still in time.

Outsiders were not allowed to enter the procuratorate, so no matter what was delivered, it could only be at the gate of the Procuratorate.

As soon as Yu Bo went out, he found that the delivery man was already waiting there.

He quickly took the food that the delivery man had delivered. He only heaved a sigh of relief when he saw the food outside. The food was really hot.

He did not dare to wait either, so he brought the food to Lu Yi's office

"Mr. Lu, your food is here."

"Thank you." Lu Yi took off his earphones and did not delay his meal. In the past, there might have been ready-made food, but he would not remember it even if he left it here for an entire afternoon, this time, he was serious about his meal.

Yu Bo thought that Mr. Lu finally knew to take care of his body. In fact, what he did not know was that Yan Huan had carefully selected these dishes for Lu Yi. Even the amount of salt had to be added.., the taste of the dishes was also customized according to Lu Yi's taste. Therefore, no matter what, Lu Yi would not let Yan Huan's efforts go to waste. He had to eat these dishes while they were still hot, otherwise, he would be letting down Yan Huan, who was constantly thinking about him. He was letting down Yan Huan, who stayed up working with him every night. He was also letting down Yan Huan, who had suffered so much and finally returned to his side.

Today's dishes were rice. There was a braised ball, a sweet and sour fish, and a stir-fried shredded potato. The soup was tomato and egg soup. The recipe that Yan Huan had given him was based on the recipe every day, the dishes were not repeated. Of course, they were all things that Lu Yi loved to eat.

Chapter 1546: new assistant

Lu Yi really liked to eat the dishes of this house. As he ate, he was still looking at his computer. Unknowingly, he was almost done with the dishes.

At this moment, Yan Huande had already gone outside to pick up two eggs. When she was in Chen village, she fed the chickens every day. It couldn't be said that she was very capable, but it wasn't difficult for her to collect the eggs.

These eggs were used by Lu Yi to cook noodles for them at night. She had to prepare them in advance.

Today, the children couldn't come over. Lu Yi was busy, and she couldn't take care of the three children by herself, so the children couldn't come over recently. The three elders at home would definitely have no problem bringing them along, they were currently in kindergarten during the day, but they would be bringing them home at night. If the children were sent to her, the three elders wouldn't be able to see the children. They couldn't stand it.

And in their hearts, there was nothing more important than the three children in this world.

“Miss Yan, Miss Luo is here.”

Yan Huan came out from the kitchen and was surprised. Why was this pregnant woman here? Why was she running around without taking care of the child properly? Why didn't she take a look at how old she was? She was an old woman giving birth, why wasn't she paying attention?

Rowling hugged her stomach. Yan Huan had been looking at her for a long time. Rowling was also acting like she was prepared to be laughed at by Yan Huan, who asked her to laugh at Yan Huan when he was pregnant? Now that she looked at it, it was time to repay what she had done.

“Have a seat.” Yan Huan pointed at the sofa and asked the pregnant woman to sit down. However, the pregnant woman was a little surprised and did not scold her at all. Furthermore, she was so fat.., she had ruined her image as a strong woman. Did she really have nothing to say?

“How many months has it been?” Yan Huan asked as he looked at Luo Lin's stomach. He had not thought about anything else. What was the point of laughing? There was no need for that. Furthermore, she did not laugh at the pregnant woman.

“It's already been more than six months.” Luo Mo sighed. “There's still three months before he comes out. He's a son.”

“Congratulations.” Yan Huan was really congratulating Luo Lin. No matter how strong a woman was, she had to walk down this path. She didn't want to do anything else but to give some comfort to her family.

“Thank you.” Luo Lin touched her stomach. It was all thanks to you that he was able to come. If it wasn't for you setting us up back then, there might not have been such a coincidence.

Yan Huan picked up the cup on the table and took a sip of the water in it. In fact, it was just plain boiled water. Aunt Gu had said that this water could cure serious diseases sometimes, so she asked her to drink more.

“How is it? Have you thought it over? Are you ready to make a comeback?”

Rowling asked Yan Huan. The outside world only knew that Yan Huan was in a vegetative state. Very few people knew about her awakening. In fact, the fewer people who knew, the better. She should first recuperate in peace.

“I don't have such plans at the moment. Look at me.” Yan Huan pointed at himself. He took a few steps and needed to catch his breath. “Can I still film?”

Rowling shook her head. “Obviously, I can't.”

Apart from having a good face, filming also required a good body. When one stepped on the high ground, it would be windy and snowy. When it snowed, it would be hail. It would be rain or shine. It could be said that one could come and go in the water, the current Yan Huan really couldn't do it.

“Oh right, after I give birth to this child, I might not be able to go to work for a while.” She had already calculated that there were still four months before the child was born. She still had to give birth, take care of her body, and take care of the child, if it was another three years of pregnancy, she wouldn't be able to go back to Linlang's place for a year.

Yan Huan held his chin on the table. "Why? Do you still want to carry the baby to work? Then you can feed it while working." Rowling rolled her eyes, "How is that possible? Yi Ling only came to Linlang's place when Little Thunder was three years old."

"Then this time, you won't just let me see your belly, right?" Yan Huan sized up Rowling. Rowling wouldn't be so childish to show her belly to everyone. Besides, no one would be so stupid, showing her stomach in front of her. No matter how much she showed it, there would always be one in her stomach, unless there were four in her stomach.

Rowling rolled her eyes at Yan Huan. "I would do such a boring thing."

"Maybe." Yan Huan had also done a lot of outrageous things back then. Everyone said that it was three years after being pregnant. No matter how shrewd Rowling was, it was possible that she would become stupid. Not to mention three years, one year was enough for her to suffer.

Rowling rubbed her belly. Now that she had a good temper, she did not want to argue with Yan Huan. She was careful not to spoil her son.

"I came here this time first to see you, and second..." she took out her bag and took out a stack of documents. "I'm preparing to arrange a new assistant for you."

"Whether you're going to make a comeback in the future or not, you'll need an assistant. As for the follow-up problems, you'll need a good assistant to handle them so that you don't have to come out personally."

"Yi Ling and I have carefully selected all of these. You can choose one that's pleasing to the eye. Every one of them is not bad, and they're also very professional and capable. You can choose any one of them yourself. The person you choose will be your assistant. Those who can't be chosen will be assigned to other artists."

Yan Huan took the list and placed it on his lap. Then, he started to pick out the names page by page. They were all rookies. It was likely that Rowling and Yi Ling wanted to give these rookies a chance to show off their skills, after all, both of them were old and they were not qualified for the role of manager. Moreover, even if they were capable, they did not have the mood to do so.

This was because once a woman had a child, her focus would not be on her work. Rowling could imagine the days she would have to live in the future. She was greasy, dirty, and sloppy. She was holding a baby in her arms, she was running around in her pajamas and slippers again. She quickly shook her mind off such a terrifying scene, but it was in a tragic direction. No matter how much she ignored it, no matter how much she tried to escape it., in the end, she would still walk down this path.

Her identity would change from a strong woman to...

The mother of a baby.

She could only wait until she had grown up the baby. Perhaps it would be better, but at the very least, in the recent years, there were some things that she could not do, but she had to give it up to the newbies.

They needed to let go, and the newbies needed opportunities to grow.

Yan Huan turned another page and suddenly smiled. That smile had a thought-provoking meaning. It seemed like a memory, familiar, and also a faint sense of longing and sadness.

“I want this.”

Yan Huan pulled out a resume and placed it in front of Luo Lin. “Do you think this is feasible?”

Chapter 1547: foolish for three years

Rowling took it over and took a look. “This is alright.” Rowling had some impression of this person, “You have good taste too. This was brought up by Yi Ling herself. Her personality is quite good. Although she is a little younger, her work ability isn’t bad. Moreover, her taste is unique. She is decisive and decisive in handling matters. She has also brought up some rookies. They are all good rookies. Although her personality is a little scholarly, she is still very valiant when necessary.”

“Alright, that’s it then. As long as you look pleasing to the eye.” Rowling stood up and rubbed her belly. I understand what you mean. When you want to announce your situation.., i’ll get her to come over.

At this moment, on the information sheet outside, there were two words written. Yes, it was two words, a person’s name.

Jiayi.

This was Yan Huan’s last manager in his previous life. He had followed her for a very long time. If he still had to choose a manager in the future, this would undoubtedly be the best. And no matter how Jiayi felt about Yan Huan.., it didn’t matter how unfamiliar she was. As long as Yan Huan was familiar with her, it would be fine.

Actually, being Yan Huan’s manager was the easiest. Yan Huan was currently in a semi-retired state. He might not be able to shoot a few movies in a year, so he didn’t need to take on a large number of endorsements, however, Yan Huan’s popularity was still there, and her popularity in this life had always been accumulating. It was not like in her previous life, so there were still many advertisers who were fond of her.

As her assistant, she only needed to filter out those that did not need to be filmed and leave behind the endorsements of the big brands.

Moreover, Rowling had also saved up to shoot a good film to replace Yan Huan’s number one film at the box office. How many years had passed? It had been five or six years, but that green record had not been broken until now, not to mention others, even she herself was a little tired of aesthetic appreciation.

Rowling only sat here for a while before she had to go back. She had been out for too long today. He Yibin had already urged her a few times. If she did not go back, he would definitely come over in a while.

“I have to go.” Rowling stood up and hugged her stomach. Sigh, she had to take a few steps to catch her breath. A pregnant woman really could not afford to be hurt.

“Let’s leave after we finish eating.” Yan Huan held Rowling’s hand. “When he yibin gets off work, I’ll come and pick you up. I Won’t be at ease if you go back alone.” The mountain road here wasn’t easy to walk on, people who weren’t used to the road conditions here weren’t easy to drive. As for Rowling, she didn’t know how she got here. It couldn’t be that she drove here by herself, right.

This pregnant woman, it wasn’t easy for her to get pregnant. However, she couldn’t be in any danger.

As for other things, perhaps Rowling didn’t have any other feelings, but when she mentioned the word “Eat”... Rowling directly swallowed her saliva. She was hungry. Actually, she was always hungry just now, but she was too embarrassed to say it out loud.

She was here to see Yan Huan, not to freeload off his food.

“Umm, what’s for dinner?” Rowling asked Yan Huan in a low voice. She felt a little embarrassed.

“Auntie Gu will cook a few dishes for you. Most of the dishes are grown at home.” Yan Huan thought about the fresh vegetables at home. They were quite delicious and did not cause any public harm.

“Oh right, my grandfather has specially set aside a place here to raise chickens. The chickens raised are fed from vegetable leaves. They’re pretty good. You can try them.”

Rowling could not help but swallow another mouthful of water. She quickly nodded and sat down, waiting to eat.

At this time, Aunt Gu was already busy in the kitchen. There was also the help of a sister-in-law who was farming over there. She was also the one who did the usual laundry. It saved Aunt Gu from having to do all this.., she was really too busy.

With the help of others, it was really quick. In just a short while, she had already made a few plates of stir-fried vegetables. They were all vegetarian dishes, and indeed, they were all planted by herself. They could not be eaten in ordinary places.

There was also a stir-fried egg, and a bowl of egg soup with western red color. Yan Huan liked to drink the egg soup with tomatoes the most, while Lu Yi liked to eat scrambled eggs.

However, no matter what kind of dish it was, as long as it was a domestic egg, the taste would be much better than the outside world.

The dishes were served one by one. At first, Rowling was still holding the shelf, but after a while, she couldn’t hold the shelf anymore. She picked up the chopsticks and Wolfed down the food.

“How can this egg be so delicious?” Rowling couldn’t help but pick up another bowl of eggs and put it in her bowl. She liked to eat scrambled eggs since she was young, and it had been the same ever since she was young, she felt that her son was the same as her. He just loved eating scrambled eggs. However, she had eaten scrambled eggs made by many people. The scrambled eggs made by Yan Huan were the best.

“Actually, they’re all the same scrambled eggs.” Yan Huan picked up some eggs and ate them himself, “They’re eggs from chickens raised at home. The vegetables and food they eat may taste better than ordinary eggs. When you’re done, I’ll grab a few more chickens and send them to you.”

Luo Lin's eyes suddenly lit up. Forget it, she didn't need to say anything. Yan Huan already knew what she wanted, "I've collected quite a lot of eggs. When the time comes, ask he Yibin to come over and pick them up. No matter what, he might leave a few for you." Their family couldn't eat that much. There were about 20 eggs a day, but ye Shuyun could eat up to 10, if she ate five, no matter what, she could still leave five or six eggs for Luo Lin.

Moreover, the eggs produced by her own chickens were also original and healthy.

"Thank you, then." Rowling happily ate the eggs again. She had almost finished the plate of scrambled eggs. Of course, even the bowl of tomato and egg soup, Yan Huan only drank a few mouthfuls of it, in the end, it all went into Rowling's stomach.

Yan Huan really did not eat much. Now, she finally knew how much pregnant women had. This was simply too much. She had not even eaten a few chopsticks before the dishes were gone. Then, she looked at Rowling, she still happily took her chopsticks and stuffed all the dishes on the plate into her mouth.

"I've decided!" Rowling suddenly said, giving Yan Huan a big scare.

"What have you decided?"

"One pregnant fool for three years."

Yan Huan returned this sentence to Rowling

"I'm prepared to set up a restaurant here." Rowling patted the table. "The scenery is beautiful, but it's much better than my place. It's also so quiet." Her place had some industrial exhaust, so it would be better to live here., breathing in the fresh air and eating the non-polluted vegetables here, she thought that her baby would definitely grow up well.

Chapter 1548: building a fire

Oh, that seemed to work too. Yan Huan did not object. After all, there were many houses in the garden. It did not matter if she was left alone or not. It all depended on how he yibin would react. Would he agree or object.

When Lu Yi came back from work, he Yibin and his pregnant wife were both sitting on the sofa. When they saw him, they finally heaved a sigh of relief.

"It's good that you're back. Otherwise, I would have gone to look for you." When he Yibin saw Lu Yi, he quickly stood up. "It's good that you're back. I have something to discuss with you."

"What is it?" Lu Yi put his briefcase aside and sat down as well. There was still the sound of vegetables being cut in the kitchen. He knew that he would be able to eat in a while. He was not too hungry, however, it should be time to eat. However, he was surprised. Why did he yibin have the time to come today? What did he want to do?

He Yibin chuckled. In fact, he was a little embarrassed. How could he say this? However, he was so old. It was not easy for him to marry a wife and have a child. For the sake of his wife and child.., what was this face worth?

“Can I stay here for a few months and wait until my Lin Lin gives birth before I go back?”

“Sure.” Lu Yi did not object. Moreover, he also felt that Yan Huan was a little too lonely now. He could find her a partner. It was fine if Luo Lin wanted to stay here. The main reason was that he Yibin was a doctor, there was one person in the family who had a headache and a fever. wasn't he still around.

He Yibin also let out a sigh of relief. He quickly told Luo Lin that they could stay. Actually, regardless of whether Lu Yi agreed or not, he yibin was going to stay. At worst, he would ask his father to beg Old Master Lu, even if they were thick-skinned, they had to stay here. The He family had had a child for so many years. As long as the child could be cured, it was fine if the adults lost face. No matter how important face was, it was not as important as the child.

However, Lu Yi agreed without hesitation. He did not have to take that step. “I'll go and unpack all the luggage in a while. You rest first.”

“We have to eat first.” Rowling's eyes never left the kitchen. Yan Huan was right about this. What did he mean by 'being pregnant for three years'? And now, Rowling was following in the same footsteps.

When the dishes were served, auntie gu asked her sister-in-law to set two tables.

“Why two tables? is one table not enough? There are only four people?” He Yibin's heart was cold. They did not have an infectious disease. It was fine if they split the chopsticks, but why did they have to split two tables? wasn't this too much.

“You'll know in a while.” Yan Huan walked over and helped to tidy up one table. This table belonged to her and Lu Yi, while the other one belonged to Luo Lin and he yibin.

The dishes were also divided into two portions. The two portions were exactly the same. In the evening, there were scrambled eggs, steamed buns, and green vegetables and tofu soup. Although it was called tofu, there were some precious sea seeps added to it, so.., this tofu soup was comparable to sea cucumber soup and fish porridge.

Lu Yi sat down and handed the chopsticks to Yan Huan.

He picked up another portion of the eggs and placed it in front of Yan Huan

Yan Huan smiled and happily ate the eggs.

He Yibin was also smiling. He was prepared to imitate Yan Huan and show off his love for his wife. However, before he could do so, the eggs were gone. His hand that was holding the chopsticks foolishly was still in the air, he finally understood what Yan Huan meant when he said that. You'll know in a while. Yes, you'll know in a while.

At this moment, on the table, Luo Lin was like a tornado. She had eaten all the eggs, finished the porridge, and finished all the dishes. She touched her stomach. Sigh, I'm really full. The taste is really too good, thinking about how she could live here every day and eat these delicious dishes every day, she felt happy everywhere.

He Yibin only reacted after a long time. He lowered his head and looked at the table full of leftovers. There was nothing left. There was only a bowl of porridge and a few steamed buns in front of him, they were his.

He hadn't even shown his love to others when Luo Lin had already eaten all of his love.

Yan Huan picked up a small bun and placed it in front of Lu Yi

Lu Yi took it and took a bite. "Mmm, it tastes pretty good."

"Of course," Yan Huan was still a little proud, "I personally wrapped it up, so it's naturally delicious. There's a lot of water in the meat filling, so the meat is very fresh and tender. The bun also has a thin skin and tender flesh. With the small bun, it won't be a problem to eat more than ten of them in one meal."

Lu Yi was also very respectful. He finished eating all of the little steamed buns. The other couple had meat, steamed buns, eggs, and soup, and he could only stare at the mess with his mouth agape.

Was this because he really ate too much.

So Yan Huan was still smart. She had thought of all of this. That was because Rowling really ate too much. Moreover, as soon as she ate, she would forget everything and only cared about her own stomach.

That was why she had split two tables. How they wanted to eat was their own business. However, it was fine as long as it did not affect their table. Lu Yi had worked for a whole day. He was tired and hungry. A good and nutritious dinner.., this was something that could not be missed.

Yan Huan was still recuperating and her food could not be missed. if she dared to sit at the same table as Rowling, the two of them would probably not be able to eat a mouthful of food.

He Yibin could only eat a few buns. Occasionally, he could even get a bit of charity from Lu Yi's table that the other party did not want to eat or could not finish eating. This treatment was really hard to predict.

However, Luo Lin was now a pregnant woman. Even if she had to finish eating all the dishes on the table, he Yibin was willing and liked it. Even if he was told not to eat it, it was fine.

After he Yibin finished eating, he drove back to the he family home and brought over his and Rowling's luggage. In fact, this place was closer to his hospital.

By the time he finished packing, it was already one or two o'clock in the evening. Rowling had already fallen asleep.

He Yibin then went to the bathroom and took a good shower. In this weather, he was so busy that he was covered in sweat. In fact, he didn't bring much. It was only a few of their clothes and some commonly used medicines, there were also some work materials for Rowling. There were also a few scripts in there. Rowling was prepared to study them when she was free to see if she could pick out a good script and then break that position on the box office rankings, it had been five or six years since linlang had dominated the first position. It should have been surpassed.

He Yibin came out, but found that Rowling has woken up.

Chapter 1549: looking for food

“Why aren’t you sleeping?” He Yibin quickly went over. Was she going to the bathroom.

“Yibin, I’m hungry.” Rowling sighed. She had been like this since she was pregnant. She could eat three or four meals a day.

“I’ll go to the kitchen to find something to eat for you.”

No matter what, he Yi bin would not let Luo Lin Starve. If it did not work out, he would cook something for Luo Lin later.

When he went out, he realized that there was someone in the kitchen. Who Was It? Could it be that they were looking for food like him? It was just that it was in the middle of the night.

When he went over, he was shocked.

“Lu Yi, why are you here?”

“Can’t you tell?” Lu Yi opened the lid of the pot and put the noodles inside. “I’m cooking noodles.”

“Are you eating?” “He Yibin doesn’t believe that Lu Yi would eat noodles in the middle of the night. He has always been very regular in his daily life. When he is not working, he is like a machine. When he sleeps and when he wakes up, these are the rules, and they will not change.

Why, he would also come out in the middle of the night to cook dinner.

“Okay.” Lu Yi continued to cook noodles, and there were poached eggs in the noodles.

“That...” he yibin rubbed his hands, “It’s just right. You should also cook a bowl for my Lin Lin. You know, there’s another one in her stomach. If she doesn’t eat the big one, she has to eat the small one.”

Lu Yi glanced at he yibin

“I didn’t make enough noodles today, so I can only make three bowls.”.

“What do you mean?” He Yibin didn’t seem to understand. What did he mean by only three bowls? Three bowls were definitely enough.

“So, there’s no portion for you.”

Lu Yi had already beaten the poached egg into the pot.

When he yibin heard that there was no portion for him, he felt a little uncomfortable. Forget it, he didn’t have to eat it. He wasn’t hungry anyway. As long as Lin Lin could fill his stomach., he also felt relieved.

He Yibin carefully walked in with the noodles. Initially, he wasn’t hungry, but this sour and spicy noodles was very appetizing. In fact, even he wanted to eat it now.

So fast. Rowling hurriedly sat up, waiting to eat the noodles.

He Yibin gave the chopsticks to Rowling. Before he could say the words "Eat it", Rowling had already grabbed the chopsticks in his hand and started to eat the noodles in a wolf-like manner.

"This noodles is really delicious. Did you cook it?"

Luo Lin had almost finished eating the noodles. She had a surprise today. It turned out that the noodles cooked by he yibin were actually so delicious. How could she not have noticed it before.

"It wasn't me. It was Lu Yi who cooked it."

He Yibin did not take credit for this. "You know, I do know how to cook noodles, but I only know how to cook noodles and make instant noodles." And there would definitely be instant noodles here. Besides, Luo Lin was pregnant. He would not let her eat instant noodles, so he thought, let's see if there's any instant noodles here, then cook her an egg or something, and we'll be able to eat well tomorrow.

In the end, it was good. Lu Yi even cooked noodles. If there was such a bowl of noodles every day, it wasn't that he didn't have to worry about Luo Lin's stomach problems in the future. No matter how her stomach was, it would still be managed by someone.

And he was still happily looking at it, just that he had some slander on these noodles. and seeing that Rowling was eating so well, he decided that in the future, he would definitely learn how to cook noodles from Lu Yi, this way, he could cook for his family's Linlin every day.

Rowling finished the last mouthful of soup. She was really too satisfied. This noodles was really too delicious. Moreover, she had always liked to eat sour and spicy flavors. Now, she liked it even more, especially those that were sour and spicy, it really suited her taste.

After eating the noodles, Luo Lin's stomach was also satisfied. When he Yibin came out, he saw Lu Yi still washing the dishes in the kitchen.

"Why are you thinking about cooking noodles today? What's wrong? Aren't you guys full?"

He Yibin asked Lu Yi. They had eaten a lot. He was the one who had eaten less. He had only managed to fill his stomach with two steamed buns from them. Although he wasn't too hungry now.., there were still some things that he wanted to eat. Since Lu Yi and the others had eaten their fill, they should not be too hungry

"I cook noodles for her every day." Lu Yi took the bowl from he yibin. "If you want to eat, let me know in advance. I will cook a few more bowls." As he spoke, he placed the bowl under the water dragon sand and washed it clean.

"Okay." He Yibin really let out a sigh of relief when he heard this, "I was still worrying about how to solve my Lin Lin's problem of eating in the middle of the night in the future. Then I'll have to trouble you to cook another bowl. No," he stretched out two fingers.

"Two Bowls."

He had just seen Luo Lin eat, and he was already dying of slander.

"Okay," Lu Yi replied. There was nothing to be forced. The noodles were ready-made. In the future, he could cook more noodles and add two more poached eggs. However, he might not have enough eggs..,

therefore, he should raise more chickens. They ate quite a lot of eggs, but the Lu family's eggs were very famous now. Because they were all fed by themselves, there was no public hazard, they tasted better than ordinary eggs. Other than the Lu family eating them themselves, they were also used to give them away.

In their circle, they actually didn't lack anything. What they lacked was this kind of dedication

So, they should raise a few more chickens. In any case, they had raised more than ten or twenty chickens. The vegetables here couldn't be eaten up. They were originally going to fall over, but now they had a good place to go. Moreover, after raising chickens., it also saved a lot of fertilizer. It could be considered killing two birds with one stone. The place where chickens were raised was also a little further away from the main hospital. There was no smell coming from it.

"Oh, right." He Yibin suddenly remembered something. "There's a new batch of machines in the hospital recently. Bring Little Light here tomorrow to take a look. It should be time for his examination."

Little Light looked good now, and his eyes could see things. However, the blood clot in his head was still a very dangerous thing for them. That blood clot had always been there., their hearts would not be able to calm down for even a day

"I got it." Lu Yi washed the bowls and put them away. Then, he came out as well.

He Yibin did not think that he and Lu Yi, two men, would have anything to talk about, so he went back to his room to see Rowling.

When he opened the door, Rowling was fine. She was already asleep, and it seemed much better than before. He did not know whether it was because of the silence here or the water and soil here, but it was very easy for her to fall asleep, she also slept soundly.

The next day, Rowling really felt that she had come to the right place. She used to wake up several times every night, but when she arrived here, she didn't wake up at all, she slept until dawn.

Chapter 1550: was about us

And when she opened her eyes, there was still delicious food waiting for her.

The food that Yan Huan had invited was simply too delicious. In addition to the fact that the ingredients were natural, it was even more delicious. If it wasn't for the fact that the land here wasn't for sale., she wanted to buy a piece of land here, build a few small buildings here, raise chickens, and grow vegetables. This kind of rural life was already impossible to find in Hai City, in total, there weren't many places like this, and staying in the garden was one of the rarest.

It was no wonder that old master Lu treated this place as a treasure. This place was actually a treasure land. If you didn't know, you wouldn't know. As long as you lived here, you would immediately know.

This place not only brought joy to people's bodies, but also nature. Other than nature, there was also health. Who Didn't want to be healthy.

Yan Huan helped Xiao Guang adjust his clothes and touched his little face.

“Xiao Guang, be obedient. We Are All Big Kids Now. You Can’t cry, understand? You have to be brave too.”

“Okay.” Xiao Guang nodded his head vigorously as he promised his mother. Then, he shrunk his little body into his mother’s embrace with a look of longing.

“Mommy, Xiao Guang will definitely be brave,” Xiao Guang clenched his little fists and promised his mother. Of course, he wouldn’t cry either. How could an older child cry? The one who loved to cry was his sister.

“Let’s go.” Lu Yi hugged Xiao Guang from Yan Huan’s embrace. He saw that Xiao Guang had been raised by Ye Shuyun. Recently, he had gained weight and grew taller. He was now as tall as Xiao Qi, his eyes were always clean and bright. His clean little face had the shadow of his father. Of course, he also had the courage and pride of his father.

When they reached the hospital, it was not surprising that he still had to get a little blood drawn.

However, it was good this time. It was just a prick on his finger. It was just a quick prick. Before he felt any pain, he had already recovered, let alone Xiao Guang who was already going to be a brave child.

“Xiao Guang, listen to your uncle. Lie down properly.” He Yibin carefully placed Xiao Guang on a machine.

“Alright, let’s close our eyes. It will be fine in a while. Don’t be afraid.”

He Yibin comforted Xiao Guang. Xiao Guang obediently closed his eyes. His small body was still trembling. However, he was really brave. He did not cry or make a scene.

He Yibin had been looking down at the image displayed on the computer.

The machine stopped, and he went forward to carry Xiao Guang down.

How Brave. He Yibin pinched Xiao Guang’s little face. Let’s go, uncle will send you back to your father.

He opened the door, and sure enough, Lu Yi was standing in the corridor outside. When he saw Xiao Guang come out, he quickly came over and held Xiao Guang in his arms. He was originally tall., hence, the more Xiao Guang appeared, the smaller he was.

Not long after, the results of the examination were out. He Yibin heaved a sigh of relief when he saw the report.

Alright, he relaxed as well. He couldn’t help but pinch Xiao Guang’s tender little face. “Our young man is fine now. He can be like brother in the future. He can run and jump whenever he wants.”

“Look.” He then placed the examination results in front of Lu Yi, “The lumps have all been absorbed. He is fine now. He will be a normal child in the future. No wonder he has grown a little recently. It should be about time.” Xiao Qi was already half a head taller than him, and this half a head., he had finally caught up. This was the child of the Lu family. The people of the Lu family were not short to begin with.

Although they were not as tall as the Lei family, they were not low either. Little Lei was simply too scary. There was nothing he could do about it., who asked the Lei family’s genes to be placed there.

Lu Yi carried his son a little taller and then patted his little head.

“Little Guang is really doing well. He’s finally recovered.”

Little Guang opened his little mouth and smiled. Actually, even he did not know what he was smiling about.

Yan Huan put down the phone and relaxed. Actually, ever since Little Guang went to the hospital, she had been restless and uneasy. She was afraid that Little Guang’s examination results would not be good.

All three children were her babies. She could not bear to part with any of them, and her heart ached for each of them.

“How is it? Are You Alright?” Rowling asked Yan Huan. She was also worried, but she did not dare to ask. Now that she saw how relaxed Yan Huan was, she guessed that he should be fine. Otherwise.., she would not be able to laugh.

“Yes, I’m fine.” Yan Huan let out a sigh of relief. “The results of the examination were very good. The blood clot in Little Guang’s brain is gone. It has been absorbed.”

“That’s good.”

Luo Lin let out a sigh of relief. She was so anxious that she was covered in sweat. She rubbed her stomach, “I also hope that this one of mine will be born earlier. When that time comes, I will be able to relax. I really don’t know how you got pregnant with three of them. This one of mine is a headache. How did these three persist?”

She persevered through just like that.

Actually, if she really had to ask Yan Huan how she persevered, she had actually forgotten about it herself.

When she was pregnant with Xiaoguang and the others, other than worrying about whether her body was able to withstand it, she also had to worry about the health of the children. He Yibin had only allowed her to keep one child because the older the child, the more dangerous it would be, it was the same for her and the children. But she did not. She did not agree.

The children were all hers. They were all her treasures. She could not give up on any of them. Fortunately, she persevered because she had three beautiful and cute children.

Rowling took out a few scripts from the table and placed them in front of her. Alright, now she could read them properly. She had only read a few pages just now. She was thinking about Xiaoguang and her mind was not on them, now, she could finally focus a little more.

She wanted to take advantage of the time when she was free to think about what kind of film they were going to shoot,

however, no matter what point she thought of, it did not seem like there would be such a huge scene before the start. So, in the end, she gritted her teeth.

“Yan Huan, shall we shoot the first two?”

Yan Huan turned around. "You want to shoot the first two?"

"It's not me," Rowling emphasized. "It's us. It's us."

And the so-called us was the original crew, the cinematographer, the production crew, the director, and of course, the actors.

"Can you gather enough people for the original crew?"

Yan Huan asked Rowling. It was not an easy task. If they started preparing for this film now, it would take at least two years to set up. Apart from a large investment, also, if the original cast were to be changed, the quality of the film would be greatly discounted.
