

**Chapter 1581: was ready to leave**

Sun Yuhan suddenly thought of something. Her palms were also sweating. She sat up, carefully put on her shoes, and then walked out.

What she did not know was that at that moment, Arnold opened his eyes. Facing the direction of the door, he suddenly smiled, and that smile actually reflected in his eyes. It was somewhat strange.

Sun Yuhan closed the door and was also in another room. She rummaged left and right to find a key. Then, she opened a drawer. Then, from the drawer, she rummaged for a cell phone. Only then did she turn on the phone.

In the end, not long after she turned on the phone, a text message came. The text message was from Ye Chuji. When she saw the contents of the text message, the sweat on her palms became even more, initially, her heart was slightly relieved, but now, there was nothing.

That woman actually woke up. She actually woke up. And this matter, no one actually knew. Even ye Jianguo did not know.

What were they trying to do? were they trying to scheme against her? were they trying to get her to get lost.

Fine, she sneered in her heart. You guys want me to get lost, but I'm not going to get lost. I want to see which one of us gets lost.

She held her phone in front of her eyes and sent a message over.

"Dad, I'm at the bus terminal now. Dad, something happened to me. Come find me. But remember, as long as you come alone, if you tell anyone about this, I won't go back in the future. Remember, Dad, you're the only one. Don't sue my cousin. Don't tell anyone."

Then she pressed the send button.

She didn't know if it would work, but she wanted to give it a try. With Ye Chuji's personality, she felt that he would most likely succeed. The person ye Chuji didn't want to trouble right now was Lu Yi, and he had too much to apologize to the Lu family, therefore, if he could solve the matter himself, he wouldn't tell anyone else. And this matter happened to be not a difficult matter, so he had to solve it himself.

She pressed the button to turn off the phone again.

"Uncle, don't blame me. Who Do you think you are? If you were like grandfather, you would always be obedient to me. I would definitely treat you as my biological father. However, you just love to find trouble with me."

"Uncle, I am your biological niece. How can I be a traitor? So, uncle, you can't blame me. If you want to blame someone, blame yourself. Just Like Ye Xinyu, you all like to threaten me. Then, you have to know the consequences of threatening me."

Ye Chuji was sleeping when he suddenly heard the sound of a text message on his phone. At this moment, he sat up and took out his own phone. It was late at night and he was sending him a message, could it be that Little Brat Ye Xinyu? And that Little Brat didn't know anything else. He just liked to send him a message in the middle of the night. However, according to the time, it didn't seem right.

It hadn't been a month yet, so it shouldn't be ye Xinyu's.

But when he opened his phone and saw the number on it, he couldn't even curse.

It really was that little brat who sent it.

And when he saw the string of words on it again, his face turned green with anger.

"Do you still think I have the face to look for your cousin? Do you know how miserable you've made him? Ye Xinyu, when did you become so thick-skinned? Did you really think that your father would dare to look for him?"

He threw his phone aside and did not sleep anymore. He could not fall asleep now either. He did not know what had happened to ye Xinyu outside. Although they had been fighting since they were young and he did not have any good words to say, he was still his son no matter what.

He only had one son in his entire life. He was willing to let him die, let alone let him go.

However, before he left, he had to deal with the matters here. The Ye family's biggest trump card was none other than the private airport of the Ye family, this was also the thing that supported all the income sources of the Ye family.

It was only an airport, and it was enough to support the ye family, one of the best in Hai City.

And after he left, he didn't know when he would be able to return. He was a person who did things with his own thoughts and considerations. Therefore, he had to think deeply about some things.

After all, there was an unsafe Sun Yuhan in the family. With this Sun Yuhan, he had to think more about it. He also had to guard against something. Finally, he thought about it, he directly wrote the largest share of the Ye family's airport under ye Shuyun's name.

In fact, it did not matter who the share was under. After all, he wanted to give the airport to his three children in the future. He could not help but know ye Xinyu's character, he was not a businessman, and he did not think about how promising his son would be in the end. As long as he did not starve to death after he was gone, it would be fine.

The Ye family would be in his hands, and he did not know how they would be defeated in the end. Therefore, he had long thought about the final destination of the airport. However, no matter who had the airport in their hands, it could not be related to Sun Yuhan.

When he was doing this, he had done it without anyone knowing. No one knew that the final ownership of the airport was in the hands of Ye Shuyun.

The operation of the airport had been automated over the past few years. Therefore, even if he was out for a month or two, the airport would not collapse. Moreover, when he saw that brat..., he would

definitely drag him back. Even if he had broken his leg, he would bring him back. After he returned, he would kowtow and apologize to his cousin.

After ye Chuji had made all these arrangements, he left without telling anyone. Most people also thought that he had gone on a business trip, so a day or two was nothing. Ten Days or half a month was nothing, at first, his secretary could still contact him, but after a long time, even ye Chuji's phone could not be reached. However, they did not think that he would go missing because he had said that the places he went to.., some places did not have a communication signal, so it was normal that they could not contact him.

Of course, Sun Yuhan was the happiest after ye Chuji left. As she had expected, Ye Chuji had gone out. Of course, if he went out, he would not be able to return in the future. The entire ye family was now hers.

She was proudly filming and doing a show. Originally, she was going to debut with Arnold. However, after ye Chuji revealed her trump card, she knew that she was not the only one who knew about the Arnold that she bought with 250 million, many people also knew what kind of identity Arnold had and how many identities she had created for him. No matter how impeccable they were, they were all fake. She could not do something that would ruin her future.

#### **Chapter 1582: brave child**

"Darling, I know." Arnold was very understanding. "I know that my identity will bring shame to you, so it doesn't matter whether I can debut or not. You just need to know that I'm by your side."

Arnold was still affectionate, and Sun Yuhan was instantly mesmerized by him. Especially his pair of lake-green eyes, which almost drowned her.

"I'm just a little bored. If only I had something to do, that would be great."

Arnold sighed as if he had said it unintentionally. However, Sun Yuhan began to feel sorry in her heart. It was as if she had done something wrong, and now she was anxious to make up for it.

"Then..." she thought for a moment, "You can work at the Ye family's Airport?"

"Can I?"

Arnold's eyes lit up, but then they dimmed again, "I seem to be quite useless. I Can't Help You."

"I believe that you can definitely do it." Sun Yu shouted but she absolutely believed in Arnold. As long as Arnold wanted to do it well, he could definitely do it well. Even if he couldn't do it, it didn't matter. Don't forget.., in the future, this airport would belong to her alone, which was her and his. Of course, he could go in.

"Thank you, my dear." Arnold's lips landed on her forehead. "When I come back at night, I will be very grateful to you."

That sentence of gratitude also made Sun Yu Han's entire body almost go soft. Of course, she also wanted to know how grateful Arnold would be to her. If it wasn't for the fact that it was time for her to participate in the program., she really wanted to enjoy the gratitude Arnold spoke of in advance.

And in order to please Arnold, she directly ranked Arnold in an important department. It was also the place where she came into contact with the Ye family's airport, which was the core. Ye Jianguo didn't care too much about her. If she had something to do, she could just directly report ye Jianguo's name and settle it, at other times, ye Jianguo didn't care about anything. Therefore, now that Ye Chuji wasn't around, as expected, she was the biggest person in the Ye family.

Arnold was arranged to go in. Although many high-level managers were not convinced, this was how old a kid was. He had no experience, ability, and no ability, so how could he be able to sit in such a high position.

Yes, he did not need any qualifications, and he did not need any real ability. He only needed to serve miss sun well. As long as he had the ability to make a living off her, no matter how capable he was, he would not be able to compete with her, most importantly, she also took it for granted to earn a living from her. She did not even want any of her honorific words. However, no one had the status of Arnold, if one day he really knew, then he should understand what honorific words were. Honorific words were worthless to Arnold. What did he want to do with Honorific Words? Since he was young, he only wanted one thing, and that was money.

Even if it was women's money, it was also obtained through his own hard work. He waited on a woman day and night. Could it be that this was not work, it was not a sacrifice, therefore, he did not feel that there was anything wrong with what he did.

The Lu family actually knew more or less about the matters over at the Ye family's side. However, the Lu family would not interfere. The relationship between the two families was quite weak. To put it bluntly, they were no different from strangers now.

Now, the two families were living their own lives. They did not owe each other anything and had nothing to do with each other.

Ye Shuyun supervised the three children every day. Sometimes, they were all in a mess, so how could they have time to worry about other things? So, even if the Ye family was in a mess because of Ah Shenuo and Sun Yuhan., it was still their own business.

Each person had their own path to walk, and each person had their own life to live. In fact, this kind of dullness was not often a good thing for them. In fact, the people of the Lu family did not want anything grand, they only wanted dullness.

And now, what they wanted most was for their three children to grow up safely.

Today, it was time for the three children to have their bodies examined. The three little ones did not even drink water early in the morning. They had to go to the hospital to have their blood tested. The whole family had gone, and Yan Huan had gone too, the main reason was that the little girl was full of mischievousness. She had to have her mother, otherwise, she would die crying for them.

Grandfather Lu couldn't hold it in at first. No matter what, he absolutely couldn't offend his great-granddaughter.

Yan Huan also felt sorry for her daughter, so she followed her to the hospital. Moreover, she also needed to undergo a check-up to see if her body had already recovered. If she had recovered well.., there was no need to worry anymore in the future.

Yan Huan stretched out her arm. Some of her blood had already been drawn. Look at how good a mother she was. She had made a good sample for her child.

"Come, it's your turn." Yan Huan carried Xun Xun. She was the first person. When they came, they had already agreed.

"Xun Xun is a big girl. She has to be an incomparably brave child. She's a good child. A good child can't be afraid of drawing blood. Her mother has already drawn blood. Xun Xun also has to draw blood, right?"

Xunxun was still quite afraid, but in the end, she bit her little lips. As expected, she bravely stretched out her little arm.

When the blood was drawn, although her eyes were still brimming with tears, she did not cry out loud. Ye Shuyun's heart ached as she took her granddaughter and coaxed her for a long time. Only then did she become obedient.

Yan Huan hugged Xiao Qi again. Xiao Qi was very brave to begin with. He gave his little arm to his mother. That little arm was so small and tender that it almost broke when it was broken. However, they believed in their mother, therefore, they would do whatever their mother asked them to do. Of course, they were also very brave children.

Xiao Guang was smiling. This child loved to smile recently. When Xiao Guang was blind, he would have his blood drawn every few days. Therefore, he was somewhat used to it and was not afraid of it.

When Xiao Guang's blood was drawn, everyone heaved a sigh of relief. They still had to go for other examinations. Xiao Guang had to do more examinations, such as a CT scan of his brain.

At home, they only felt that Xiao Guang had grown taller. However, they did not know how much he had grown. After this physical examination, they finally knew. Not only had Xiao Guang grown taller, even Xiao Qi had grown taller. Therefore.., xiao Guang had grown very fast. He had not grown at all. Even his weight was lighter than the last time.

Ye Shuyun's heart ached. She had been feeding him so carefully every day. She was afraid that she would lose weight if she ate less.

"Grandma, Xun Xun did not drink grandma this morning. He has lost weight."

Xun Xun really knew how to comfort ye Shuyun. Ye Shuyun did not know whether to laugh or cry when she heard this.

**Chapter 1583: came out**

“Yes, we lost weight because Xun Xun didn’t drink grandma. Let Grandpa Give You Grandma to drink later, Okay?”

She just remembered that it was rare for the three children to not eat. They didn’t cry or make a fuss.

Lu Jin quickly took out the bottle from his body. He had always kept it warm in the thermal bag. It was still warm now, so he could drink it.

Ye Shuyun took it and tested the temperature. Then, she handed the bottle to Xun Xun. Xun Xun happily took her bottle and sat in her grandmother’s arms to drink it, Lu Jin took out a cup and gave it to Xiao Qi. Xiao Qi didn’t use the bottle anymore. He used a cup. This child was a little too precocious. Xiao Guang was fine. He used a cup initially, but after the accident, he started using a bottle, now, he also used a milk bottle. He could be considered to have three milk babies.

When Lu Yi carried Xiao Guang out, Xiao Guang rubbed his eyes. He was about to fall asleep.

Lu Jin took out Xiao Guang’s milk bottle again. He also took Xiao Guang into his arms.

“How is it? Are You Alright?”

Lu Jin asked his son. He wanted to know the results of Xiao Guang’s examination. Ever since he arrived here, he had been in a mess. He was afraid that there was still something wrong with Xiao Guang, so what should he do?

“The results will be out in a while.”

Lu Yi handed the three children over to Ye Shuyun to look after. In a while, he still had to go check on Yan Huan.

After he entered, Yan Huan was still undergoing her examination. Her examination was more troublesome. Other than the basic physical examination, she also needed a series of muscle reactions to know.., how much had she recovered to and what kind of recovery she needed to undergo. For example, if she was filming, would she be able to endure such a large amount of activity.

“It’s pretty good.”The doctor looked at the results of Yan Huan’s examination, “Miss Yan has recovered very well recently. She’s already about the same as an ordinary person. She can perform light exercise. However, if she wants to become famous, it’s best to wait for a few more months. This way, it’s safer.”

“Thank you, I understand.”When Yan Huan heard that she had almost recovered, she heaved a sigh of relief. Fortunately, she had really recovered a little. The meals she had eaten for the past few months had not been in vain.

Lu Yi tidied Yan Huan’s clothes. “Let’s go. The children are still waiting for us.”

“Alright.”Yan Huan stood up and held Lu Yi’s hand tightly. However, when they came out, they met a rather unexpected person. When that person saw her, he was first stunned before he finally snorted, he also hugged the arm of the man beside him as though he possessed her.

That man’s gaze fell on Yan Huan for a moment as though he was a little surprised. His pair of lake-green eyes seemed to be fluctuating from time to time. Yan Huan felt as though his eyes had gone crazy, other people might feel that these green eyes were beautiful, but she felt that they were ugly, like a wolf.

“You’re really lucky. Even a car can’t kill you?” Sun Yuhan flipped her long hair and looked at Yan Huan with regret.

“You’re so ugly, but you didn’t die. How Can I Die?” Yan Huan replied bluntly. His ugly words directly stabbed Sun Yuhan’s heart. Even the flesh on her face was trembling.

Yan Huan was quite good at scolding people now. She didn’t know who she learned this from. In any case, wherever it hurt, she would poke it. Just like in her previous life, she liked to poke Fang Zhu. It also made Fang Zhu so angry that he wanted to vomit blood, however, there was nothing he could do about it.

“Let’s go.” Sun Yuhan pulled Arnold and left. However, Arnold’s eyes were still on Yan Huan. His lake-green eyes also slightly raised, as if there were a few ripples appearing.

Yan Huan touched her hair.

Was this guy’s brain fried? Why was he making eye contact with her? She didn’t like foreigners.

When she raised her face to look at Lu Yi, she realized that there seemed to be a deeper look on Lu Yi’s face.

“Let’s go.” Lu Yi touched her face. “You’re still too thin. Eat more when we get home.”

“Don’t worry, I’ll definitely eat well and gain weight every day.” Yan Huan tightened her grip on her arm. That serious look of hers made Lu Yi somewhat amused.

Lu Yi pinched her arm again. This small arm was broken with just a break, and it really didn’t have any muscles. When she was a female soldier, she could still feel some muscles, but in the past few years, it had always been full of twists and turns, now, as long as there was a little flesh, he was already very satisfied. There was no need to talk about the insides of the muscles. Lean meat was fine too, but she didn’t have it. This was what made him most helpless.

They waited for a while longer, and the results of the three children’s tests came out. They were all very good and there was no problem. Even Xiao Guang’s head did not have any blood clots. This made them feel at ease, the safety of the three children was also Ye Shuyun’s greatest comfort. And now, she did not mention anything. She just wanted her three grandsons to eat well and grow up safely.

As for the three children of the Lu family, they grew more and more successful as they grew older. Their bodies were also much better than when they were young. Even Xun Xun, who loved to get sick the most, was now a very healthy little girl.

Ye Shuyun brought the three children home. The old man was still waiting at home. They were not in a hurry, and the old man was also in a hurry. He did not even stay in the residence garden anymore, just so that he could see his three grandsons every day, he had been gone for too long, and the old man had urged him several times.

Lu Yi and Yan Huan naturally continued to live in the garden. They lived a peaceful life and could be considered to be enjoying themselves.

“You might be going out of the mountain?” Rowling placed the things in her hands on the table.

“Yes, going out of the mountain? What Mountain?” Yan Huan was puzzled. What Mountain did they want her to go out of?

“Yan Hua’s movie is about to start shooting.”

“Which one?” Yan Huan did not react in time. Which movie did she not have to shoot? It had been a long time since she had shot a movie.

“The one where you were her mother. Now, it has changed its name to Xian Yun. It has already received various approvals. It will depend on whether you want to shoot it or not.”

“What do you think?” Yan Huan asked Luo Lin. Actually, that drama was almost having a hard time giving birth. Although it was Yan Hua’s big drama in the past few years, there were quite a few accidents in between, it was also because of this that it had been shelved until now.

This drama had always been controversial. That was why it was already popular before it was broadcast. There were really not many of them. And this was the biggest IP drama in recent years.

“Shoot it.” Rowling naturally wanted to shoot it happily, “Anyway, you’re just a guest star, and you don’t have many scenes. Just treat it as a good training for your acting skills, and then lay a good foundation for our first two scenes. This is just an appetizer. When the main meal arrives, don’t let your stomach get too small and you won’t be able to eat. Besides, I think this is just right for you.”

#### **Chapter 1584: giving birth**

Rowling was envious of Yan Huan’s figure. How could he not be fat? He even ate so much. Lu Yi treated her like a pig and fed her, but she couldn’t get fat. But she herself.., she pinched the flesh on her face. This time, it was as if she had a hand full of oil.

She only had one, but he had three.

There really was no comparison, so there was no harm. And she was really hurt by Yan Huan.

“I want to eat fried noodles.” Rowling touched her stomach. This was the first time she had eaten, and she was hungry again.

“I’ll go and make it for you.” Yan Huan stood up, resigned to his fate. She did not argue with the pregnant woman, and she also let the pregnant woman have it. After all, the noodles were cooked, and she herself also wanted to eat it.

The fried noodles were ready-made, and the dishes were prepared. They were originally reserved for the evening meal, but after this meal, Auntie Gu would prepare another serving for them to eat at night.

In a short while, she had already made three servings of noodles. She gave one to Luo Lin, asking her to eat it herself, and another to Lu Yi, who was busy at the moment. As expected, Lu Yi was a workaholic, even on weekends.., even if he wasn’t working, his work would still crush him to death. Fortunately, he was Lu Yi and not someone else. Otherwise, he might really be crushed by a pile of work until he became a lunatic.

“Why are you eating at this time?” Lu Yi did not stand on ceremony as he took the chopsticks and started eating. Although he had eaten just now, he was already hungry and the noodles that Yan Huan had made were very delicious, therefore, he could not stop eating.

“The pregnant woman wants to eat,” Yan Huan gave Lu Yi a helpless look. “Alright, you can eat. I’ll come back later to clean up the plates. I’ll go and watch that pregnant woman again.”

When Yan Huan came out, Luo Lin’s portion was already half-eaten. She was very fast. Of course, her appetite was getting better and better day by day, but it seemed to have been absorbed by the small one in her stomach.

He Yibin said that the child in Rowling’s stomach was at least eight pounds, which was considered normal weight. Since he Yibin said that it was fine, then it was definitely fine. If Rowling wanted to eat, then let her eat

When Yan Huan was pregnant, she had not eaten properly. She could not eat too much, so pregnant women could eat whatever they wanted. They could also let go of their stomachs to eat. However, she had little land.., she had to starve herself.

So now, she would cook whatever Rowling wanted to eat. She would not cook. There was also Auntie Gu. No matter what, she had never let Rowling starve. Yan Huan had come hungry at that time. He understood very well.., when a pregnant woman was hungry, she had to suffer. Not only did she have to suffer, she had to suffer the child as well. Therefore, it was better to be able to eat than to not be able to eat.

Yan Huan took out her portion from the kitchen. Her portion was much smaller and she ate it mouthful by mouthful. Compared to Rowling who was Wolfing it down, she was clearly much more refined.

Rowling ate her fill. She rubbed her stomach and carefully leaned her back back. She was living such a life right now. When she gave birth to this little one, everything would be fine, then she wouldn’t have to work so hard.

Yan Huan carefully opened the door but didn’t disturb Lu Yi. He knew that he was busy every day. If she disturbed him, his train of thought would probably be cut off. Then, he would have to spend a certain amount of time to start all over again.

She had just picked up the plate from the table when she heard Rowling’s shrill cry from outside. The plate that she was holding also fell onto the table. Fortunately, the plate didn’t shatter, however, Rowling’s scream outside was getting louder and louder, and it was getting more and more painful.

Yan Huan hurriedly opened the door, and even Lu Yi followed him out.

He saw Rowling hugging her stomach. Her face was also pale, and her forehead was sweating profusely.

Yan Huan tugged at Lu Yi’s sleeve. “Is there poison in my face? is her food poisoned?” She was shocked. It would be fine if they were poisoned, but Rowling was a pregnant woman.

“No,” Lu Yi comforted as he patted Yan Huan’s face to calm her down. “She looks like she’s about to give birth.”

"I'm about to give birth..." Rowling struggled to open her eyes. She was the one who had been pregnant for three years, not Yan Huan.

"You guys have to send me to the hospital, Aiyo..." her stomach started to hurt again. She had never experienced such pain in her life. It was killing her, it was as if someone was tearing her stomach apart.

It was really too painful.

It was so painful that she wanted to roll around. However, her stomach was too big. She was afraid that if she really rolled around, the child in her stomach would be crushed to death

Yan Huan hurriedly ran over, but when she saw Rowling's expression, she was afraid.

"Can you carry it away?"

"Go and get her a blanket," Lu Yi said to Yan Huan. "You don't have to take the things. He Yibin has already left them with him. He has already prepared the things needed for the birth of the child."

After he said that, he bent down and carried Rowling up. Lu Yi's strength was really strong. The current Rowling was at least 70 kilograms, and he really carried her up, but it was indeed a little strenuous.

Yan Huan hurriedly took out a blanket from his room. He also grabbed Lu Yi's phone. At the very least, he had to contact he yibin along the way. Once Rowling went over, she was about to enter the delivery room. She was in so much pain

"You must endure it." Yan Huan took the blanket and covered Rowling's stomach. "You must not give birth in the car. I Won't help you deliver the baby."

Rowling did not even have the strength to roll her eyes.

She wanted to give birth too, but she had to be able to give birth. During the prenatal checkup, the doctor had already warned her not to give birth naturally. The baby was too big. It was impossible to give birth naturally. She could only cut the baby out.

She suddenly grabbed Yan Huan's arm. Yan Huan felt pain, but he did not pull it out. Instead, he continued to comfort her and talked about how she had given birth to three children, actually, she did not have much strength when she gave birth to three children. The three children had tortured her to the point that she was on the verge of breaking down.

When she gave birth, she had also dissected them. However, she did not feel anything and it did not hurt. In fact, it was a little painful after giving birth. However, looking at those three beautiful little fellows, she really felt that she could endure any amount of pain.

"Is it really not painful?"

Luo Lin grabbed Yan Huan's arm again. "You can't lie to me. Yan Huan, you're an honest person. He Yibin also gave me pain-free treatment. It's not like he has given birth before. How would he know that it doesn't hurt? I'm clearly in excruciating pain."

**Chapter 1585: Little Fatty He**

“Don’t worry, you won’t die from the pain.”Yan Huan was indeed an honest person.

“You’ll just be in so much pain that you wish you were dead.”

Luo Lin froze for a moment before she started to cry out loud. As she cried, she scolded he Yibin.

Lu Yi had no choice but to turn up the volume of the music on the car. Otherwise, if others did not know, they would think that there was a murder in the car.

However, no matter how loud the music was, it was not as loud as Rowling’s voice.

Lu Yi stopped the car. Behind him, a traffic police officer had already asked him to stop.

He opened the car window, and as soon as the traffic police came over, they heard screams from inside again and again.

The police officer saluted to Lu Yi. “Sir, may I ask, What’s wrong with your car? Why is it screaming like this?”

“It’s a pregnant woman giving birth.”Lu Yi opened the window behind him. Luo Lin was pregnant and her face was completely white.

“Drive, drive quickly. I’m in so much pain. D \* MN he yibin. It’s all his fault. It’s all his fault. He just needed to plant it and it’s over. He even wants me to give birth to him. What Sin Have I committed? Why should I give birth to your child...”

The traffic police officer was also a little embarrassed from being scolded. He saluted Lu Yi and said, “Don’t worry, I’ll clear the way for you.”

With that, he got on his motorcycle and set off the alarm. As expected, with the police cars in the way, they sped up a lot.

Luo Lin was in so much pain that she couldn’t do anything about it, but she couldn’t give birth. She wanted to give birth to the child on the motorcycle, but it only hurt, and she couldn’t give birth. The child was so big, even if she was exhausted to death., it was impossible for her to give birth to the child.

The police car in front was honking from time to time. It had to be said that the overall quality of the people of hai city was very high. When they encountered the police car, they would make way for both sides, which also made Lu Yi’s car drive faster, there was almost no traffic jam.

When they arrived at the hospital, Rowling was about to faint from the pain. She was also in so much pain that she was covered in sweat. Even her clothes were almost soaked through.

When he Yibin saw Lu Yi’s car coming over, he quickly pushed the ambulance out and sent Rowling to the operating theater. He had prepared everything and was just waiting for Rowling to come over.

Rowling was in so much pain that she could not take it anymore. She did not have any strength left. Anyway, she had been dissected, so nothing would happen to her. After Rowling got into the ambulance, she was still conscious. Although he was in pain, he did not faint from the pain.

“Thank you,”Lu Yi nodded at the traffic policeman and said sincerely.

“This is what we should do,” the traffic policeman saluted again, but when he saw Yan Huan standing beside Lu Yi, he was stunned.

“Yan Huan, are you Yan Huan?”

Yan Huan smiled at him and leaned on Lu Yi. “Thank you.”

“You’re welcome.” The traffic policeman touched his head in embarrassment. This was the first time he had met his idol. Although Yan Huan had not appeared on screen for a long time, she did not seem to have changed at all.

“That...” the traffic policeman was embarrassed. “Can I take a photo with you?”

“Sure.” Yan Huan walked over and stood together with the traffic policeman. The traffic policeman took out his cell phone and took a photo of the two of them. Yan Huan had lived for so many years, but she was still as beautiful as ever, they were both alike. No matter which angle she was from, she looked very beautiful in the photo. Even though she had never put on makeup before, her skin foundation was quite good. Her skin was tender and tender, and she did not have any wrinkles.

“Let’s go.” Lu Yi held Yan Huan’s hand. They still wanted to see Luo Lin.

“Okay.” Yan Huan was also worried about Luo Lin. He did not know how Luo Lin was doing. Although they knew that they did not need to worry and he Yibin had already arranged everything, they could not help but feel worried.

Rowling’s birth was also somewhat inexplicable. Originally, there was still nearly a month before the due date, but now it was already early. However, the child was already so old. Even if it was born, it should be fine.

At this moment, Rowling was already in the operating theater. If he yibin was not the chief surgeon, he might not even be able to hold the scalpel now. He stood nervously to the side, his hands were trembling.

“Don’t worry, it’s fine.”

He Yibin hurriedly held Rowling’s hand tightly. It was the chief surgeon who helped you with the surgery. Both you and the child will be fine.

Rowling had also calmed down. After the anesthetic was administered, she was no longer in so much pain. She also felt less irritable. However, the pain was still too severe, and she did not have much strength left, however, she did have the strength to blink her eyes.

The chief had already performed over a thousand surgeries like this, so he easily took the child out of Rowling’s stomach.

“TSK, this child is really big.”

The chief was shocked to death. It was indeed quite big, and this child had yet to be born at full term. If it was at full term, this child would grow much bigger. The child’s hair would be very black, and his eyes would be tightly shut, his skin was not wrinkled like the other children. Instead, it had grown, and his skin was very red. Such a red child would definitely be a white and fat child in the future.

“Doctor he, come, cut the umbilical cord for your son.”

The director quickly said to He Yibin.

He Yibin walked over. The hand holding the scissors was trembling, but he still cut the umbilical cord for his son personally. After a while, that kid let out a loud cry. The entire hospital could hear his voice.

The midwife quickly took the child to clean up. However, when she weighed the child, even the midwife was stunned.

“Good boy, this child has already reached nine kilograms and one tael. This is the same amount as the Lu family’s triplets?”

Fatty he still clenched his small fists and waved his small arms and legs from time to time. He felt wronged.

“I think this child doesn’t need to be kept in an incubator anymore. Her body is too healthy.”

The director also smiled. “That’s right. This is such a healthy child.”

At this moment, when Luo Lin heard that she had given birth, she felt relieved. She had finally given birth to this child. It had not been easy for her.

Outside, Yan Huanyi heard he yibin say that Luo Lin had given birth to a child that weighed nine kilograms and one tael. He was a little dumbfounded. “She raised the child to such an age?”

“It’s all thanks to you.” Lu Yi also heaved a sigh of relief. This child was so old because of the meal that Luo Lin wanted to eat in the middle of the night. She had been in the Liuyuan Garden for more than two months. When did they not have good food and drinks to serve them, without her meal, she would not have been able to eat much even if she ate so much. In the end, it was all absorbed by the child. How could this child not be old.

“Let’s go. We are no longer needed here.”

### **Chapter 1586:**

Lu Yi had already seen that the he family’s parents had come over. Also, when Luo Lin’s parents received the news, they had also come over. Now, there was really no need for the two of them, outsiders.

Lu Yi pulled open Yan Huan’s sleeve. Yan Huan wanted to block it, but she did not have the time. She saw that her arms were all bruised.

“I’m fine. It doesn’t hurt.”

Yan Huan shook her head at Lu Yi. “Actually, it really doesn’t hurt. If you don’t touch it, you’ll be fine.”

“I’ll go back and rub some medicinal wine on you.” Lu Yi put Yan Huan’s sleeve up. His face was a little gloomy. It wasn’t good. After all, he didn’t want Yan Huan to get hurt the most.

“Okay,” Yan Huan agreed and held Lu Yi’s big hand tightly.

She turned around and saw that the he and Luo Families’ parents had arrived. He Yibin was smiling like a fool. Even father he couldn’t put down his grandson.

Yan Huan actually wanted to see the baby, but there were too many people. She would come back in a few days.

Right, she should keep all the eggs in the house. The eggs of her own chickens were much better than those sold outside.

Yan Huan only met the little fatty from the He family on the fifth day.

He was a very cute child with a chubby little face. After growing for a few days, he seemed to have gained weight again. He also ate a lot. Other newborns only ate a little at a time, however, this child was born with twice the amount of food as other children. The taste was good, and so was the appearance. The child's body was very healthy, and all the examinations were also very healthy. Even the chief physician said that.., when Luo Lin was pregnant, she was taken care of too well. It could be seen from the child. Otherwise, it would not have been possible to give birth to such a healthy child.

Yan Huan carefully poked the little fatty's little face. The Little Fatty's little mouth twitched, and then he spat out some milk bubbles. It was really cute, especially this little face. It felt like it was about to fall off.

Because it was he Yibin's child, and he was born so fat, this child could not be ignored. Today, he came to take a look, and tomorrow, he would take a look. Even many of the family members wanted to know, what exactly did this nine-pound child look like? Until they saw the child, they wanted to know how to raise this five or six-pound child. It was not because of the weight difference, the most important thing was the quality of the body.

He Yibin was too healthy. He could eat and sleep. On the first day, he opened his eyes. He loved to wave his little fists, knocking here and there.

Luo Lin stayed in the hospital for a few days before she went back. Then, she began a month of confinement. The little fatty followed his mother home, but she couldn't snatch the little fatty away, even he yibin had not touched him many times. Papa he and Mama he had been looking forward to their grandson for so many years. Papa Luo and Mama Luo had also been waiting for their grandson for so many years. In the end, all they wanted was to move to the he family, the two elders were also very happy. The house was lively, and they could watch the little fatty every day. When the little fatty went to sleep, Mama Luo's mama he thought about how to cook and eat. Meanwhile, Papa Luo and Papa He.., the two of them watched TV, played chess, and then talked about their grandchildren.

As for Rowling, she realized that she had become stinky and couldn't even see people anymore.

"He Yibin." Rowling pulled he Yibin's sleeve. "I want to eat Yan Huan's fried noodles."

How could he yibin answer and agree? That was Yan Huan, not their maid.

"I want to eat Yan Huan's noodles." Rowling wanted to eat Yan Huan's noodles now.

"Okay." He Yibin stood up. "I'll put my old face on the line and let her cook noodles for you."

He Yibin had no choice but to call Yan Huan.

"Come and get it later." Yan Huan looked at the time. It was almost 10 o'clock. What kind of rice was Rowling eating? But since he Yibin said so, she would go and cook the noodles first.

In the end, Rowling was still important now. No matter what, this child was already fed milk. If the milk was not good, she would have to eat milk powder. and milk powder would not be good for the child.

When she finished frying a pot of noodles, he yibin came over. And when he smelled the smell of the fried noodles, not only did Rowling want to eat it, even he Yibin did the same. The fried noodles that Yan Huan made., the taste was indeed very special. An ordinary person could not cook it this way. Even Lu Yi's fried noodles did not taste right.

He packed half a pot of noodles back and left some for Yan Huan and Lu Yi. He did not stop for too long. The noodles could not be left for too long. He had to eat it when he went back. Moreover, he calculated the distance and arrived home in about half an hour, the noodles should still be very hot.

When he yibin took the noodles back, Rowling hurriedly sat up to eat the noodles. It was not as if Jiechen did not let her eat less or wear less. Why? She had never seen her eat anything so delicious.

Actually, Rowling herself could not say what she wanted to ask Rowling. It was probably because she remembered the taste of Yan Huan's fried noodles. Hence, she thought of this taste. It was the taste of Yan Huan's fried noodles, the rest could not be replaced. It was not that her family had never made fried noodles for her. In fact, she had always eaten it and liked it very much. However, Rowling was determined to eat Yan Huan's fried noodles, she had to eat Yan Huan's personally cooked noodles.

After this meal, there was no next meal. What should she do?

"I'll Bring It For You Tomorrow, Alright?" What else could he yibin do? Right now, the child's mother was more important. She was a great contributor to their family. Not to mention bringing her noodles every day., he was willing to make him kneel and wash her feet every day.

Their old he family now had a future. Wherever he went, he could straighten his back.

So now, no matter what kind of request Luo Lin made, he would agree, and he would definitely agree.

However, he had to explain this matter to Lu Yi first.

Yan Huan would cook a meal at night, mainly because of Lu Yi's current job. It would probably be between 10 and 11 o'clock. The hospital also saw that he yibin had recently become a father, therefore, he was free at night, so he did not have to work at night now. He could help his wife bring the food back every day.

"Sure, come and get it."

Lu Yi could agree to this. Yan Huan only had to do more. She was used to it now. There would be a lot left over every day, and the two of them would not be able to finish it, they could bring all of it back to he yibin.

He Yibin saw that Lu Yi had agreed, and he finally let out a sigh of relief. He opened the door. He was going to take a look at his fat son, but the room was full. He could not even squeeze in front of it

**Chapter 1587: did not have that many missing persons**

Forget it, he'd better go back to accompany his wife.

Yan Huan took a thermal lunch box. There was also an egg soup in it, and on top of it was egg fried rice. There was already an entire lunch box, which was enough for three people to eat, so no matter what.., no matter how big Rowling's stomach was, she should be able to eat it.

"Thank you." He Yibin took the lunchbox. It was quite heavy as he weighed it. He knew that there was quite a lot of food in it. He was actually quite embarrassed to come here at this time every day,

"It's okay." Yan Huan smiled at him.

"We won't be able to finish it if you don't come. You came just in time to help us solve these problems."

"I still have to say thank you." This was what he Yibin said the most. Although the couple said so, he still had to say thank you.

After he yibin left, Yan Huan also let out a sigh of relief. She came out of the kitchen with two plates in her hands. Then, she brought the plates into the room. These were her and Lu Yi's dishes.

Lu Yi walked over and pulled Yan Huan's arm. Then, he rolled up her sleeve. The purplish-green color on her arm could still be seen.

"You don't plan to tell them?"

Lu Yi put down her sleeve again. That woman, Rowling, was really strong. She should stay away from her in the future.

"No need. It doesn't hurt." Yan Huan didn't want to make others feel uncomfortable. She took a spoon and ate a mouthful of fried rice. Then, she smiled and gently knocked Lu Yi's shoulder with her head, "What's wrong? She scratched me. Don't tell me you want to scratch her as well?"

"Of course not." Lu Yi took the spoon and placed it in front of Yan Huan. "Alright, eat up."

Yan Huan happily ate the rice.

"Oh right," she suddenly thought of something. "Why hasn't uncle come over for a long time?" Actually, she had heard ye Shuyun mention it today. She said that ye Chuji had not come over to visit the three children for a long time, in the past, he would go over to visit the three children for at most half a month. It had been more than a month and no one had answered his calls. This was a little abnormal. There was a saying that went well: abnormal must be evil.

Recently, he had not paid attention to these things. "I'll go and ask him tomorrow."

Lu Yi also felt that it was a little strange. His uncle had not looked for him for a long time and ye Xinyu should have sent him a message. Every time ye Xinyu sent a message, Ye Chuji would definitely show it to them.

This time, it was indeed strange.

"Eat first." Lu Yi straightened Yan Huan's little face a little. "Don't let your imagination run wild. Let's finish your food first."

“Got it.” Yan Huan did not think about anything at first. He picked up the spoon and ate the fried rice on the plate one bite at a time.

The next day, Lu Yi called ye Chuji’s private number, but it was indeed unreachable. His phone was also turned off, so he called ye Chuji’s secretary.

“What, he went abroad?”

“Yes,” the secretary answered Lu Yi,

“Mr. Ye went abroad half a month ago.”

“He didn’t say anything?” Lu Yi gently tapped his fingers on the table. How did he go abroad when he was fine?

“Mr. Ye didn’t say anything. He just mentioned that there was a meeting over there. Maybe he’ll be there for a longer time, and the reception over there isn’t good, so his phone won’t have any reception.”

Lu Yi put down his cell phone. If that was the case, there didn’t seem to be anything wrong with it. It wasn’t that Ye Chuji had never gone on such a business trip before. Sometimes, he would go on a business trip for about half a month, at most, he would go on a business trip for about two months. Moreover, when he left, he had already explained everything. Therefore, there should be nothing wrong.

However, Lu Yi always felt that something was wrong with this matter, but he didn’t know what the problem was. For a moment, even he was a little uncertain.

He told this matter to Lei Qingyi. Lei Qingyi thought about it, “I feel that you’re thinking too much. It’s normal for uncle to go on a business trip. It’s not like he hasn’t gone on a business trip before. It’s only been less than half a month now. Maybe he’ll be back tomorrow. You see, he didn’t tell us, so he feels that this matter isn’t a big deal and doesn’t need us to know.”

Lei Qingyi just felt that Lu Yi was making too much of a fuss over nothing.

How could something bad happen during a normal business trip? Was Lu Yi suffering from paranoia because of Yan Huan and ye Xinyu’s disappearance? Did he feel that everyone else was trying to harm them?

“Think about it. How can there be so many kidnappings and disappearances in this world? Moreover, Ye Chuji isn’t Ye Xinyu. If he knew that he was in danger, he would still go alone. He’s not a fool. He clearly knows that his meat bun is going to beat the dog and he won’t be coming back. How could he possibly go out?”

“Perhaps that’s the case.” Lu Yi did not say anything more and first put the matter aside.

What he did not know was that the ye family was not as peaceful as he had imagined.

Arnold had already made a lot of money for himself through the incident at the airport. Of course, no one knew about this. He coaxed Sun Yuhan every day and used Sun Yuhan’s name.., slowly, he held all the finances of the Ye family airport in his hands. Although ye Chuji had arranged everything, he did not

know that there was still Ye Jianguo. As long as Ye Jianguo stood on Sun Yuhan's side., then, Sun Yuhan would be in charge of the airport.

Of course, Sun Yuhan would not manage this place. She was not the material to do business. Even if those things were placed in front of her, she would not be able to understand them. What she could understand was probably how much money she had earned, she really did not know anything else.

All she knew was to be an actress and show off her charm. Then, she would laugh foolishly at the camera. She could not do anything else. She might have forgotten how to count the money now.

When director Yan's Xian Yun started shooting, he also invited the original crew over. Once again, the camera started. Director Yan had already chosen a good auspicious day. After three incense sticks were burned, Xian Yun started shooting, the first part of the shoot was always there, and now it was only for the second part. Originally, director Yan really did not want Sun Yuhan. He really felt that Sun Yuhan was a scourge, and it was the kind of scourge where a rat harmed a pot of soup, however, he could not change roles at the last minute. If he changed roles, all the scenes might have to be reshot. Starting from the beginning was not as easy as he had imagined.

Therefore, he gritted his teeth in the end and left Sun Yuhan behind. However, there was still something that comforted him. There was another person whom he had thought he could not get. He had also come.

Sun Yuhan glanced at Su Muran. "I really don't want to film with you."

"The same goes for me." Su Muran looked at himself in the mirror. "If I Were you, I wouldn't want this female lead."

### **Chapter 1588: is not for you, and I Won't let you take advantage of me**

"Could it be that I don't want the female lead, and you want to take advantage of me?"

Sun Yuhan sneered, "Even if I spoil this play, I won't give you the female lead."

"Oh, suit yourself."

Su Muran didn't have much feelings for the female lead and the second female lead. Anyway, this female lead was said to be the female lead, but in fact, she didn't have as many scenes as the second female lead. It was also because she was outstanding.

As long as it was not that woman Yan Huan, she would not put anyone in her eyes. Recently, her popularity had increased very quickly. As long as this movie was filmed well, she believed that she would definitely return to her prime.

Although she could not be compared to Yan Huan, yes, who could be compared to that woman.

Even if Yan Huan died, the things that she left behind were like a thorn, stabbing fiercely into her heart and pressing on her head. Yan Huan still firmly occupied the first place in the box office ranking.

Therefore, if she wanted to surpass Yan Huan, she could only take the number one spot on the box office ranking.

She had heard that the first two scenes would be re-filmed, and Linlang would publicly choose a role. If she could be chosen, she would be able to win.

As for Sun Yuhan, to be honest, she really did not feel any pressure towards Sun Yuhan at all. That woman was simply an idiot. Even she felt insulted for taking her as an opponent.

She was ugly and her acting skills were terrible. She was only close to the Ye family. If there was no Ye family, he wanted to see how Sun Yuhan would survive?

With such a face, she still had to challenge the female lead. Could it be that she did not know what others called her? The ugliest female lead in history. Such a title was practically an insult, she could still proudly continue to be the female lead.

Therefore, she definitely would not snatch Sun Yuhan as the female lead. She even wanted her to be the female lead because if she became the female lead, then she would be famous as the second female lead.

Which second female lead would be more beautiful than the female lead?

Therefore, it was actually very advantageous to act with Sun Yuhan. Who asked Sun Yuhan to have an ugly face? And this ugly face, no matter how soft it was, no matter how refined it was, it could not be compared to her natural beauty.

Of course, her mother still had some tricks up her sleeve. She could actually snatch food from Sun Yuhan's mouth. However, Su Muran adjusted his sleeve. Her mother never told her what method she used.., this made her somewhat unwilling.

And no matter how much she asked, she could not get an answer.

This was the thing that made her the most frustrated. She clearly had a weakness, so why didn't she make good use of it? Even Zhu Meina only had a small weakness.., in the end, she could toy with the entire SU family.

When he thought of Zhu Meina, Su Muran felt a wave of frustration in his heart.

The three women she hated the most in her life, Yan Huan was first, Zhu Meina was second, and the third was Sun Yuhan.

She tugged at her clothes until she saw her own ferocious face in the mirror. Only then did she let go of her clothes and gently caressed the fold on her body.

That's right, why did she forget to ask director Yan about who had hired whom for that role? That Madam Hua, the one who wanted her and Sun Yuhan to call 'mother'.

Even though this was filming, she wanted to be someone else's daughter for no reason. Forget it, it was just filming anyway. It didn't matter as long as it wasn't Yan Huan, that woman.

However, Su Mulan was very clear in his heart that the flower lady in the original novel was extremely beautiful. However, this was only a good novel. All kinds of rhetoric methods were used to the extreme. As for reality.., how could he find such a beauty that could topple nations and cities? At most, he could only find some ordinary ones.

After all, this flower lady was only a small supporting role. She didn't have many scenes in total.

She looked at the mirror and brushed her hair. However, her eyes narrowed dangerously and her fingers gripped her wrist tightly. Her wrist was even slightly aching.

Sun Yuhan, that idiot.

She really did not know why director Yan still wanted to use her. was he trying to get everyone killed?

Yes, director Yan obviously did not want to use Sun Yuhan. Many people did not want to use her. However, the Ye family was the biggest investor in this drama. This was a surprise landing in his drama. No matter how famous he was as a director, he had to compromise on this.

Although Sun Yuhan was a little ugly, it could still be considered to be similar to the original novel. The female lead in the original novel had an average appearance. However, it was not that she was not good-looking, but that she was good-looking.

Was Sun Yuhan good-looking? Why had Su Muran never felt this way before.

And the opening ceremony was about to begin. She had to perform well.

Meanwhile, in director Yan's office, Yan Hua kept nodding her head as she listened to the voice on the phone.

"Alright, I got it. You Don't have to come. There's no scene for you yet. I'll inform you when it's time to shoot."

"Alright, you don't have to thank me. I should be the one thanking you. You might have to support the show for this movie. Alright, I Won't talk to you anymore. You should take good care of the children. Oh right, when are you going to bring the children over for me to take a look? I haven't seen your three children yet."

"Alright, it's a deal then."

Yan Hua looked pretty good. After the phone call, he seemed to be in good spirits. He was no longer depressed like before. Ever since his accident the last time, he had not been feeling much better. Actually, everyone knew that.., his illness had nothing to do with his body. He was just suppressing things in his heart. The originally good movie had already been prepared for several years. It could be said that it had been honed every ten years. In the end, it had not been brought out yet.., yan Hua could still feel good after being struck by a bolt of lightning.

If not for the fact that everything was in place, Yan Hua might have been depressed for the rest of his life. This film was what he had always wanted, and it was also what he had always liked, of course, it was also what he had always wanted.

So when the film could be shot, he immediately felt better. Of course, his spirit was also getting better day by day, and his body was also recovering without medicine.

How could he be sick? He was still angry.

And now, Yan Hua was in good spirits. Although there were some small interludes, it did not affect the overall situation.

Moreover, it did not seem like there were no benefits after stopping for so long. At the very least, that Sun Yuhan's acting skills seemed to have improved a little. Although it was still a little exaggerated, it was still eye-catching. As for the other Su Muran., she had also improved. Her acting skills were a lot more natural. If he could say that she could surpass Yan Huan, he felt that it was difficult.

Some things required comprehension ability. It was obvious that Su Muran lacked such comprehension ability and also lacked a kind of spirituality. Therefore, her achievements were a little higher than others, but higher., things that surpassed her ability, she could not have.

### **Chapter 1589: a proud child**

Yan Hua hummed a tune that was out of tune. He was indeed in a good mood.

He had everything he needed, but all he needed was a little help.

He was naturally very confident in the films he had made, especially this one. After ten years of sharpening the sword, as long as the sword was unsheathed, it would definitely be a sharp blade.

At this moment, in the garden of remnants, Yan Huan was holding a spoon and carefully feeding xunxun the medicine.

"Baby, be good. Let's take the medicine. It's not bitter at all."

Xunxun stared at her mother for a long time with her big black pearl-like eyes. Then, she used her small hands to hold the small cup and obediently drank the medicine. Such a young child was most afraid of taking medicine. There were three children in the family., they were most afraid of getting sick. If one of them got sick, it was very easy to cross-infect the other two. Hence, Xunxun was sent here. Her two brothers were not sick at the moment. Only she had poor resistance.

"I didn't lie to You, did I? Is it not bitter?" Yan Huan reached out to touch her daughter's little face. She still had a slight fever, but it was stronger than before. He Yibin said that xunxun only had a cold, it would be fine as long as she took the medicine.

Xunxun shook her head and reached out her little hand for her mother to carry.

Yan Huan carried her daughter. Xunxun was very light, not at all disadvantageous. She was about the same age as a two-year-old child. She was light and soft, and she was also a little spoiled.

"Mommy, when Will Xun Xun stop being sick?"

Xun Xun spoke in a weak voice. Her little face was still a little pale.

“She’ll be fine in a while. We’ll be fine after a nap.” Yan Huan coaxed her daughter and also gently stroked her hair. This little spoiled girl was letting her imagination run wild again. Why was she always so narrow-minded.

Xunxun rested her little head on her mother’s shoulder. Not long after, she fell asleep as well. She was still ill and was not in good spirits. Whenever this little girl fell ill, it would cause the entire family to be in chaos, she hoped that this time, it would be a little lighter. She would be fine after taking the medicine.

She carried xunxun as she walked from time to time, but she did not put her down. Xunxun actually did not have much of a sense of security. When she was young, Yan Huan, who was her mother, did not spend much time with her daughter. She was made to go missing by someone, furthermore, she was made to be in a vegetative state. She might not be able to wake up for the rest of her life.

The ones she felt the most sorry for were these three children.

And she would not abandon her three children in the future. These three children were her babies. She could not bear to part with them.

The door outside was pushed open. Lu Yi put down his things and walked over with big strides.

“Are you feeling better?” As he spoke, he reached out to hug his daughter. The little girl was about to recover, but in the end, she turned out to be really good. This little brain of hers was too smart. She ran into the fridge to steal some ice cream, the two older brothers had given in to her, and all the ice cream had been eaten by her alone. Now that she was feeling better, she had a fever. Fortunately, there weren’t many in the fridge. There was only one. Fortunately.., her little belly was fine as well.

“It’s better now.” Yan Huan touched her daughter’s small forehead. “When will she grow up? It’s So Little, and it makes me worry every day.”

“She’s still young, there’s no rush.”

Lu Yi hugged his daughter with one hand and placed his hand on her small forehead. “It seems that her fever has subsided. We’ll observe her for another day today. If she doesn’t have a fever again, she won’t need to go to the hospital.”

Lu Yi brought his work home today because he was afraid that Yan Huan would be alone at home. If the Little Lass’s illness worsened, she would be in a mess. If the little lass cried, she would also cry.

They continued to watch over Xun Xun until around ten o’clock. Xun Xun had been sleeping obediently the entire time. After drinking milk at around eight o’clock, she fell asleep and did not wake up. Moreover, her body temperature was very normal and her complexion was normal, it looked like she was fine. She should be sent to the Lu family tomorrow. Yan Huan was about to start filming, so if he was busy, he might not be able to take care of her.

“I’ll go make some food for her.”

Yan Huan stood up. She was so hungry that he yibin would not come over to fetch food for his wife today because xunxun was around. She had completely forgotten about this matter, she might have to guard this little lass for the entire night.

Lu Yi walked over and sat by the bed as well. He wanted to guard his daughter.

“You go ahead. I’ll take good care of her.” He placed his hand on his daughter’s forehead. The temperature had always been quite normal and there was nothing wrong with it. The baby was very well-behaved and she was doing her best.

Only then did Yan Huan walk out.

She wasn’t in the mood to do anything. There was still fried noodles at home, so she just needed to make some

When she brought the fried noodles back, there was an accident. The little girl actually woke up.

“Why are you awake?” Yan Huan put down the plate and went to look at her daughter.

Xun Xun stretched out her little arm for her mother to hug.

“Mommy, Xun Xun is hungry.”

Yan Huan touched her forehead again. It seemed like she had recovered. She was full of energy. She had not been very energetic today, but now she was feeling better.

“Mommy...” Xun Xun tugged at Yan Huan’s sleeve. “Xun Xun wants to eat noodles.”

“Sure.” Yan Huan was glad that she could not find any chili today, so there was no chili in the two plates of noodles. She could give some to this little fellow.

Yan Huan let Lu Yi carry her daughter and took a small bowl from the kitchen. She picked some noodles and eggs from the small bowl and cut the noodles into small pieces so that she could eat them with a spoon.

Xun Xun liked to eat by herself and didn’t like to be fed by others. The children of the Lu family were all like this. As for how Yan Huan was like when she was young, she had forgotten about it. It seemed that she had always liked to be fed by adults, however, the temperaments of these three children were like those of the Lu family.

Moreover, she felt that this was also good. Her family’s children could be pampered, but they definitely could not be raised until they were useless. In any case, they could not be raised like Lu Qin, who could not differentiate between four limbs and five grains.

They had to wash their own small clothes, eat their own meals, and also wear their own clothes.

“Alright, let’s eat.” Yan Huan placed the small bowl and spoon in front of Xun Xun.

She then shaved her daughter’s small face

“Let’s eat the noodles.”

“Thank you, Mother.” Xun Xun was a very polite child. Look, how well their child was taught.

Xun Xun had already picked up the small spoon and started eating the noodles.

“Mama, the noodles are very delicious.” Xun Xun took a bite, but she was probably really hungry. Hence, she also felt that the noodles were too delicious. Spoonfuls after spoonfuls were stuffed into her small

mouth. In just a short while., she had already finished her small bowl of noodles. Of course, she was also full. How big was her small stomach? It was impossible for her to eat much.

“Still want to eat?”Yan Huan asked his daughter.

### **Chapter 1590: how could it be her**

Xun Xun shook her little head vigorously. “Xun Xun is full.”She rubbed her fat belly. Perhaps she was still embarrassed, so she hurriedly pulled down her little clothes, she also wanted to cover her bulging belly.

This little spoiled brat finally knew how to Love Beauty. and her little actions really made Yan Huan not know whether to laugh or cry.

At night, the family of three fell asleep. However, Xun Xun opened her eyes and moved her little body. The moment she woke up, Yan Huan knew.

Yan Huan placed her finger on her lips.

“Shh, Baby, Let’s be good. Daddy has been working for a whole day. He is very tired. He wants to earn money for Xun Xun and her three older brothers’ milk powder.”

Xun Xun also put her little finger to her mouth and continued to sleep next to her mother. As expected, she was a very good child. She understood what her mother said.

Yan Huan placed her hand on her daughter’s forehead again. The temperature was normal and she should be fine. She hugged her daughter’s fragrant and soft body and fell asleep not long after. When Lu Yi woke up., she had also woken up.,

“It’s fine, you can sleep.”Lu Yi pressed on Yan Huan’s shoulder. “I’ll take the little girl to the toilet. Otherwise, she might wet the bed.”

Meanwhile, Xun Xun was rubbing her eyes. In a daze, her father carried her into the toilet. When she came out later, she fell asleep again. Lu Yi carefully put his daughter down and took out his phone, he called the prosecutor’s office and asked for a day off. Xunxun would only be sent back in the afternoon. Yan Huan could not take care of her alone.

After all, Yan Huan’s body was not fully recovered and her energy was limited.

Yan Huan woke up at eight o’clock. Lu Yi was still there while xunxun was still asleep.

“Why aren’t you going to work?”Yan Huan sat up and was still a little sleepy. She spent the night playing with the little girl. The little girl was really tiring. She was so energetic in the middle of the night that she could not bear it, but didn’t Ye Shuyun say that she was very obedient? Sleeping with her two brothers, the three of them were very obedient, very obedient, and very likable.

“It’s the same when I take my work home.”Lu Yi walked over and draped a coat over her. “If you’re sleepy, sleep a little more. I’ll be here today.”

Yan Huan yawned. She was still not very energetic.

She could only lie down again. Lu Yi covered her with the blanket and carefully placed his hand on her daughter's forehead. The Little Lass was also well now. She slept so well that her little face was flushed red. MMM, she looked like her mother.

Xunxun obediently fell asleep with her mother. She was tired from playing yesterday, so she would sleep very late today.

Yan Huan slept for another two hours. She only woke up when it was almost ten o'clock. However, Xunxun was still sleeping.

She went to wash her face. When she came back, the little girl had woken up and was about to drink milk.

"I'll send her back first. They're all anxious over there." Lu Yi carried his daughter in his arms. Xunxun carried her little schoolbag and held a doll in her arms. She obediently stretched out her little hand and shook it at her mother.

"Goodbye, Mummy."

"Goodbye." Yan Huan also waved her hand at her daughter. However, she felt rather sad in her heart. The child was already old and had already gotten used to her own life. It seemed that she did not need her as a mother anymore.

She walked into the room and took the revised Xianyun script and started flipping through it.

It had been a long time since she had acted. However, she should still be able to grasp this role well. Right now, she just wanted to know what kind of expression those two women would have when they saw her. Why was it that now.., she was actually quite happy.

If others were to sprinkle sand in her eyes, she would definitely stab them in the heart.

Three women, enemies of each other, yet they still wanted to act together. That would definitely be very lively, right?

Meanwhile, Xianyun had already started filming and was speeding up the filming. Because the filming schedule was very tight, and it was in the form of continuous filming. It was filmed and broadcast at the same time, and the first few episodes had already been filmed, it was already ready to be broadcasted.

It was just strange.

The others did not say anything first. Madam Hua was being acted by Yan Huan while Yan Huan was still half-dead. If this was broadcasted, then who would madam Hua Let Act? Just as they were still discussing.., su Muran was cutting her nails when suddenly, with a whoosh, she stood up as well. This was because she actually saw a very familiar figure. This figure was not only familiar to her.., it was even eye-catching.

After waiting for a while, a woman walked in. At this moment, the costumes she was wearing were extremely expensive. They were stacked on top of each other, making her look arrogant and elegant. It was not only Su Muran.., even Sun Yuhan looked as if she had eaten a fly. Everyone was stunned for a long time and did not say anything.

Why was it her?

Yes, why was it her?

Wasn't she in a vegetative state?

Wasn't she going to die?

The two of them thought back and forth. Their faces were either turning green or red. It was as if they had undergone many changes.

Sun Yuhan was slightly better. She was still mentally prepared. After all, she had seen Yan Huan wake up before. Surprisingly, Yan Huan was filming and acting as Madam Hua.

As for Su Muran, she was shocked from head to toe. Even her spirit was about to collapse.

Yan Huan suddenly smiled. That smile pricked the hearts and eyes of the two women at the same time.

Of course, Yan Huan was very satisfied with their current expressions. Although she could not take revenge now, it did not mean that she had to let them go. Of course, she was willing to give them a little pain from time to time.

"Get ready to shoot."

Director Yan gave the order and Yan Huan lifted her clothes and sat down. She closed her eyes. At that moment, almost all the light fell on her body. Every step she took was like a demoness.

For a woman like this, not to mention a man, even a woman would go crazy.

Moreover, whether it was Sun Yuhan or Su Mumiao, both of them had to call her... mother.

That kind of feeling and style was something that many people could not imagine.

Yan Huan was clearly older than the two of them in the drama, but this mother was too beautiful and too young. This was not what made Su Muran and Sun Yuhan the most uncomfortable

It was also because these two women had a guilty conscience to begin with,

whether it was Sun Yuhan or Su Muran, it was the same.

"Grandfather..." Sun Yuhan returned to the Ye family and hurriedly went to look for ye Jianguo. Initially, she had not taken Yan Huan's awakening to heart, but now that she had actually stolen the scene with her, that was a problem.
