

Chapter 1601: of course had a way

“This is the airport’s monthly revenue. It’s all here.”

Sun Yuhan did not feel much. The airport’s revenue was not always managed by people. Naturally, she did not need to care about this. Of course, she also did not care. After all, she had taken a lot of shares of the airport, and the shares of the airport., were all given to her by Ye Jianguo. Even if she ate for a few lifetimes, she would not be able to finish it.

And Arnold’s voice continued, “The airport’s monthly income is quite high. Dear, as long as we have this voice, we will have a mountain of gold and silver. We won’t have to worry about food and drink for the rest of our lives.”

“I understand.” Sun Yuhan went forward and rested her head on Arnold’s neck. “As long as you treat me well, I can enjoy it. Naturally, the same goes for you.”

Arnold naturally gave Sun Yuhan a passionate French kiss. The two of them were inseparable. The difference was that it was difficult for him to control himself. Of course, Arnold would not let a woman throw herself into his arms and not enjoy it, just as he was about to do something, he could not help but feel another pain.

He gritted his teeth and gently stroked Sun Yuhan’s hair.

“Darling, let’s talk about business first. I feel that you should know about this matter. I Can’t hide it from you. It’s unfair to you.”

The good news was interrupted, and Sun Yuhan was also somewhat at a loss. No matter what, she felt a little uncomfortable in her heart. However, she was still a woman. She still needed to maintain her basic dignity.

“Speak.” She took the documents again. Although she had them in her hands now, she did not see anything. She only read as much as she could. There might not be a single word.

At that moment, Arnold straightened his face. Of course, his voice could not be more serious.

“Dear, when your uncle left, he made a decision. You probably don’t know about it, right?”

“What decision?” Sun Yuhan was stunned. Why? What did ye Chuji do? Why didn’t she know? Why didn’t anyone tell her?

“It seems that you really don’t know,” Arnold Sighed, “My dear, I really feel sorry for you. How could your uncle do such a thing? You are his niece and his real family, but how could he treat you like this?”

Arnold was almost heartbroken. It was as if he really felt sorry for Sun Yuhan. He felt injustice and heartache.

“What happened?” Sun Yuhan did not know why, but she actually quivered.

It seemed like something had happened, but she did not know anything about it.

“Sigh...” Arnold sighed again. “I didn’t want to say it, but I don’t want you to hide it in your bones. Your Uncle gave the ownership of the airport to your aunt.”

“What did you say?” Sun Yuhan didn’t react at first.

Aunt, where did she get an aunt?

And very soon, her eyes widened. Aunt, could it be her?

“You mean, Ye Shuyun, Lu Yi’s mother.”

In this world, there was no other person who could make her call her aunt, except Ye Shuyun. Although Ye Shuyun wasn’t Ye Jianguo’s biological child, she had a surname of Ye. She was surnamed Ye.

Regardless of whether she was willing to admit it or not, she was her aunt.

Ye Jianguo might not want to admit it, and Sun Yuhan had never wanted to. But regardless of whether they admitted it or not, Ye Chuji did. As long as Ye Chuji was around, Sun Yuhan would have to address Ye Shuyun as aunt.

And what did Arnold say just now? Ye Chuji gave the airport to Ye Shuyun.

Did she hear wrongly? Did she really hear wrongly?

“Arnold, what did you say just now?” She carefully asked again. Could it be that she heard wrongly, or that Arnold said wrongly.

“Your uncle gave the airport to your aunt.”

This time, Arnold said more seriously than ever, “You should know which Department I’m in. Although I’m just in the past, I can get in touch with the internal affairs of the airport. It’s also because of these that I know that the name of the airport is now under your aunt’s name. In the future, no matter how much we earn, it has nothing to do with us.”

Sun Yuhan’s eyes were wide open, but she still didn’t want to believe it.

Ye Chuji was actually so heartless. He sent the Ye family’s things and her things to an unrelated person. She was his biological niece and was related to him by blood.

But what was Ye Shuyun? Other than being adopted by the Ye family, how was she related to the Ye family.

Did she really give it to them?

At this moment, she felt as if her sky was about to collapse. How important was the airport to the Ye Family? It was impossible for her not to know that the Ye family had such a reputation because they had an airport, if the Ye family didn’t have an airport, and the Ye family lost the airport, then the Ye family’s financial revenue wouldn’t be so much. Perhaps, Ye Jianguo was still in the world, and she would be driven out of the Ye family.

She did not know how much Ye Shuyun hated her. She also knew how much Yan Huan hated her.

Then, what should she do? Sun Yuhan hurriedly pulled on Arnold's sleeve. Arnold, tell me, what should we do? If we don't have an airport, how will we live in the future.

"This is what I want to tell you." Arnold sat a little closer and then stared straight into Sun Yuhan's eyes.

"It depends on whether you can bear with it or not. Otherwise, sooner or later, they will chase us out."

Arnold's voice was like hypnosis, causing Sun Yuhan to involuntarily shiver.

To her, the words 'Chase us out' was simply a nightmare. It was the most terrifying nightmare in her life.

"Then tell me, what should we do? I'll listen to you."

She was in a desperate situation and desperately wanted to grab hold of a life-saving straw. She was afraid that the airport did not belong to the Ye family and ye Chuji would not be able to come back. However, Ye Shuyun wanted to take the airport away.., when ye Jianguo was around, she might still have some concerns. But after ye Jianguo died, what would she do? Even if ye Jianguo wanted to give the airport to her, it would be useless.

The airport was not ye Jianguo's people, so it was not up to him to make the decision.

"Of course we have a way..."

Arnold curled his lips. At that moment, his smile revealed a bit of evil, and that evil was actually cold.

Arnold lifted Sun Yuhan's hair, and his fingers gently brushed Sun Yuhan's skin. There was also the breath he sprayed on Sun Yuhan's shoulder, as well as the words he did not spit out, his voice.., all of this shocked, shocked, and scared Sun Yuhan..

"Is this okay?" Sun Yuhan hesitated after hearing it.

"Why? Do you still have feelings for them after they treat you so mercilessly?"

Chapter 1602: the best man in the world

Arnold's finger gently brushed across Sun Yuhan's face. "My dear, I want to be with you for a long time. There are some decisions that we must make."

"I'm not." Sun Yuhan shook her head. She didn't have any feelings for anyone. She had no feelings for anyone. She only loved herself. Back then, she loved Lu Qin wholeheartedly, but she still had to do it.

However, after Lu Qin became a eunuch, she still kicked him away.

Moreover, it was not someone else, but someone from the Lu family.

"Are you confident?" Sun Yuhan asked Arnold, "I don't have any feelings for them. You have to know that this is against the law. If we are caught, we might be sent to prison for a lifetime, and we will also be sent to prison for a lifetime."

"Don't worry," Arnold comforted Sun Yuhan, "I've thought about it for a long time. This is the only way, and it's also the only way to get it done once and for all. As long as we succeed, won't it solve the

problem in your heart? At that time, if the Lu family isn't around, then it'll be easy for you to deal with whoever you want. Moreover..."his voice gently tugged at the end of his sentence, in the end, it broke into the depths of Sun Yuhan's eardrums

"Even if the matter is exposed, don't be afraid. There's still me. I'm the one who did it. It has nothing to do with you."

The Struggle on Sun Yuhan's face finally turned into her heart. Slowly, her heart leaned toward something.

"We didn't lose anything, did we?"

Arnold said again, "In the future, we have enough wealth in our hands. It's enough to make you a world-class rich woman. You Don't have what you want, you can't do what you want, and you don't need to look at other people's faces to act."

And these words regarding the future plan made the struggle on Sun Yuhan's face completely melt. It disappeared, and in the end, it disappeared without a trace.

"Then..."she raised her face and gritted her teeth,

"I'll do as you say."

"Don't worry." Arnold's green eyes were filled with deep affection for Sun Yuhan, "Since you rescued me from that place, I can give up everything for you. Even if I have someone else's blood on my hands, I don't care."

Sun Yuhan could not help but be moved. She hugged Arnold's waist. She really felt that she had met the best man in the world in her lifetime.

Yes, the best man in the world, but how could she be so sure..,

would the best man in the world turn into a wild wolf in the end.

At that moment, Arnold's eyes actually emitted clusters of green light. These green lights were really like the desire and greed of the wolf pack when they saw food.

As well as the flash of pride on his face.

The wind outside blew off a few withered yellow leaves from time to time, and between the withered leaves, it seemed to be the beginning of another autumn. Actually, everyone knew that it was still a little early before autumn, but they didn't know why.., the weather this year seemed to be a little colder than usual.

Yan Huan sat up and hugged her arms. She seemed to have woken up from the cold. The sound of Lu Yi typing on the keyboard could still be heard, and he had a bluetooth earpiece on his ear, perhaps it was because he was too focused, so he did not realize that Yan Huan was already awake.

Yan Huan glanced at the window. She thought that the window had been blown open by the wind, but it was not. The window was shut properly.

She removed the blanket on her body and took the clock from the side. She looked at the time and realized that it was almost one o'clock.

She sighed softly and carefully put on her shoes. She tried her best not to make any noise. She was afraid that she would disturb Lu Yi's work in the room. If he was distracted., he might have to work for an even longer period of time.

Yan Huan couldn't do anything about this because she knew nothing about Lu Yi's work. So what she could do was to make him some food so that he would have the energy to deal with the work below.

In fact, she regretted persuading Lu Yi to go back to the prosecutor's office. Why did she feel like she was competing for her husband for the same job.

However, every time she saw Lu Yi's uniform and the imposing manner of a prosecutor, she knew that she was doing the right thing.

If she loved him, she would support his work.

It was just like how he would never stop her from filming.

Because he knew that she liked it and was willing to..

Yan Huan gently exhaled. At this moment, she was much more energetic. She pushed the door open and also thought about what she could cook for dinner. She had eaten noodles and fried rice many times.

She could cook some dumplings. There were still dumplings that she had made in the fridge. They were made in the afternoon. The dumplings were vegetarian and they were relatively smaller. If she ate them later, it would be easier for her to digest them.

She walked into the kitchen and took out the dumplings from the fridge. She counted them and found that they were enough for both of them to eat. Rowling finally didn't have to eat and drink at her house anymore. She had changed her habits, however, she and Lu Yi did not change. As long as Lu Yi worked overtime, she would definitely eat supper with him. Just like when she was hungry and could not sleep in the past, Lu Yi would also accompany her.

He would accompany her for a long time. She knew that.

She would also accompany him for a long time. He also knew that.

She turned on the fire and waited for the water to boil. Then, she placed the dumplings into the pot. Today, they would eat the sour soup dumplings. The Sour and spicy taste was the most appetizing. In addition, she also fried two very light side dishes, it was not much. There were only two small plates of dishes. In total, there were only a few mouthfuls. It was also used as a side dish, making it appear more diverse.

She carried the two bowls of dumplings in. The dumplings were not cooked too much. They were all small dumplings. There were always ten or so in a bowl. They could eat until they were 60-70% full. With the addition of these two side dishes and the dumplings soup., then she could probably eat until she was 80% full. The most important thing was not to occupy her stomach.

After Yan Huan placed the dumplings properly, she realized that Lu Yi was still busy. Perhaps he was really too attentive and focused, so she didn't notice that she had gone out and returned again.

As expected, she was competing for a husband with her work.

Moreover, it seemed that her work was much more attractive than her wife

She walked over and carefully laid on Lu Yi's shoulder. Lu Yi reached out to take off his bluetooth ears and touched her hand. Her fingers were a little warm. Why, did she sleep well?

Yan Huan hugged his neck. She didn't want to be separated from him for the rest of her life, but she suddenly felt sorry for him. Whether it was in her previous life or in their long dream, she seemed to have left him alone, she lived her life alone.

And she would live well for the rest of her life. She would grow old together with him and never want to be separated from him again.

Chapter 1603: seemed peaceful

Lu Yi could also smell the sour and spicy soup in the room.

"Did you make something delicious?"

"Yes, I made dumplings." Yan Huan stood up again and looked back at the two bowls of dumplings she brought out. "They're both vegetarian dumplings. Let's change the taste today. Do you think they're Delicious?"

Yan Huan pulled Lu Yi over and asked him to sit down. Then, she placed the dumplings in front of him. She touched the rim of the bowl. The bowl was still quite hot, so the dumplings still needed to be put on for a while before they could be eaten, it was still a little hot to eat now.

After waiting for a while, even though it was still a little hot, it was still the most delicious at this time. Especially after drinking a mouthful of soup, the sour and spicy taste was almost enough to subdue one's spirit.

Lu Yi did not notice it just now because he was too focused on his work, so he did not feel very hungry. However, Lu Yi really felt that his stomach was hungry now, in fact, this sour and spicy taste was too good. It was so good that even he couldn't help but swallow his saliva.

Yan Huan's dumplings were quite delicious. He knew and had eaten them before.

However, Yan Huan usually made more dry dumplings, but this was his first time making sour soup dumplings. His family was also used to eating dry dumplings. It had been a long time since he had eaten sour soup dumplings.

Ignoring the taste, he gave full marks to the appearance of the dumplings. They were sprinkled with finely chopped scallions, coriander, and some small shrimps. The soup also had a fresh taste.

He picked up the bowl and drank a mouthful of the soup. In an instant, his spirit was shocked by the delicacy, especially this mouthful. It was sour and spicy, and it was really a little hot, however, he

wanted to drink another mouthful after drinking a mouthful, and before he finished the dumplings, he had already finished half of the bowl of soup.

Fortunately, there weren't many dumplings in Yan Huan's two bowls of dumplings, but there was a lot of soup. Hence, he could still drink a little more, and it wouldn't be a problem.

Lu Yi put down the bowl and saw Yan Huan smiling at him. She placed her hand on the table, and her eyes curved with a smile. It had been a long time since he had seen such a carefree Yan Huan

Yes, such a carefree Yan Huan was the real Yan Huan. It was also the life he wanted Yan Huan to live. The storms outside had nothing to do with her. She only needed to live happily.

Lu Yi stretched out his hand and gently touched her face. As his fingers brushed across her face, he could feel the warmth of her skin

"The dumplings are not bad. You can eat them again tomorrow."

"Sure." Yan Huan's eyes curved into a smile like the most beautiful crescent moon. She was thinking about how to make the dumplings for tomorrow. It was better to make them smaller. If that was the case., it would be more comfortable to eat.

Lu Yi put down the bowl and ate the dumplings in the bowl. The dumplings that Yan Huan made were like ingots. They were very beautiful and small. They could almost be eaten one bite at a time. The dumplings themselves were delicious, with the addition of this kind of appetizing sour soup, people couldn't help but eat a few more.

Lu Yi ate one dumpling, one bite at a time.

There were eggs, leeks, and Xianggu in the filling of the vegetarian dumplings. With a bite, the combination of the taste and the sour soup was indeed very delicious. He ate ten dumplings in one go, and his stomach was only five portions away, his stomach was still a little hungrier than he had imagined.

"Do you want more?" Yan Huan handed her bowl over. She wasn't too hungry, so after eating five, she was full.

"If you can't finish them, you can give them to me."

Lu Yi knew Yan Huan's appetite. She could eat other things, but not dumplings. Although she loved to eat, she couldn't really move around. So no matter what kind of dumplings it was, she could only eat ten at most.

"I've had enough." Yan Huan naturally wouldn't be polite with Lu Yi. If she didn't have enough and Lu Yi didn't have enough, she would cook another serving. After she finished speaking, she picked up her bowl, then, she gave all the dumplings inside to Lu Yi. There were about ten dumplings left, which was definitely enough for Lu Yi to eat.

Lu Yi ate the dumplings, and Yan Huan drank a mouthful of dumpling soup. Then, she took her chopsticks and ate a few mouthfuls of the side dishes on the two small plates. The dishes were quite delicious, and she ate them one bite at a time. She really didn't eat much., however, Lu Yi was so

hungry that he might have to work for a few hours after he finished eating. When that time came, Yan Huan would sleep well on her own.

After eating, Lu Yi adjusted her hair and realized that her eyes were bloodshot. She still hadn't slept well.

"I'll wash the dishes. You should go to sleep."

Yan Huan nodded. She didn't want to fight with Lu Yi. She was really a little tired.

When Lu Yi returned, Yan Huan was indeed asleep, but the blanket wasn't covered properly.

Lu Yi walked over and carefully covered her with the blanket.

"Sleep," he gently patted her shoulder. "When I'm done with my work, I'll be able to accompany you properly." However, even he did not know when he would be done with his work. He could not help but sigh. These tasks., if he was really done with his work, who knew how long it would take.

And why did he feel that these words of his were empty words to Yan Huan.

He would probably need another two or three months to be so busy.

Fortunately, he could still accompany her every day and never separate from her.

Yan Huan slept soundly. As for when she actually fell asleep, she did not know when Lu Yi went to work. She also did not know. She only knew that when she woke up, the sky was already bright, out of habit, she touched the other side of the bed. There was not much temperature, so Lu Yi had already left. He went to work very early. Usually, when she was sleeping soundly, he would have already left. She did not know if he had eaten breakfast., auntie Gu woke up early in the morning in order to make breakfast for Lu Yi.

When she finished washing up, Auntie Gu was busy in the kitchen. Unlike her, Gu was not like her. She slept late at night, so she would fall asleep more in the morning. Auntie Gu woke up early in the morning, so she woke up around six in the morning, when she finished making breakfast, it would be around 6:30, and Lu Yi would go out at around 7:30, so she could eat as well.

In the past, Lu Yi didn't eat breakfast. In order to be in a hurry, he didn't think about eating. But now, he couldn't. No matter what, Yan Huan would definitely not let Lu Yi not eat breakfast.

When she came out, she saw that Auntie Gu had already taken out some things from the kitchen and placed them on the table.

There were some fried dough sticks that auntie gu had made herself. There was also tofu pudding. On top of the tofu pudding, there were a few pieces of fresh green coriander and some chili oil. It looked very delicious.

"Let's eat this today," auntie gu said to Yan Huan with a smile. "Mr. Lu drank two bowls of tofu pudding in the morning. He also ate some fried dough sticks."

As Aunt Gu said this, she placed the bowl on the table and let Yan Huan eat it himself.

Chapter 1604: was an unavoidable program

“Thank you, Aunty.” Yan Huan picked up her chopsticks. When she heard that Lu Yi had eaten, her heart also heaved a sigh of relief. It was good that he had eaten. She was afraid that Lu Yi would not eat because he was too anxious. With his high-intensity work.., if she could not guarantee three meals a day, then how was she going to deal with those heavy tasks? She picked up a small fried dough stick and placed it in her mouth to take a bite. MMM, it tasted pretty good, she also had a big appetite and gave auntie gu face. She even ate a lot of fried dough sticks and two bowls of tofu pudding before she was full.

When she was still thinking about whether she should have another bowl, the door outside rang. Auntie Gu went to open the door, and Rowling had already walked over. Her child had been born, but it was not her turn to have a child, so she went out to work early. As for her figure, it was just like that. She didn't care about it anymore, so why would others care about her? Furthermore, it wasn't too ugly. She just had to get used to it

Yes, she just had to get used to it,

“Come, let's eat together.” Yan Huan pointed to a seat at the side. Auntie Gu had made a lot of tofu pudding today. Auntie Gu said that Lu Yi had already eaten two or three bowls of tofu pudding, and he had also eaten a lot of fried dough sticks.

She also felt that it was not bad. She had also eaten a lot. As for maintaining her figure, she was not afraid even if she gained another ten pounds of meat. Twenty pounds of meat was fine too. When she gained thirty pounds of meat, she would talk about losing weight. However.., it was indeed not an easy thing to make her gain thirty pounds of meat in a short period of time.

Luo Lin naturally did not stand on ceremony and sat down. In a while, Auntie GU had already brought over a bowl of tofu pudding for her to eat. She had made a lot today, so Luo Lin could eat as much as she wanted.

Rowling happily picked up the bowl. She had already eaten a bowl in just a few mouthfuls, and even so, she still could not taste it.

“Auntie, give me a few more bowls.”

How could this bowl be enough? One Bowl could only fit the gaps between her teeth. She had not eaten well last night. She had to make up for what she had eaten yesterday.

Auntie GU had already placed three bowls of tofu pudding on the table. Luo Lin also picked up a fried dough stick and ate it generously. Although it was not considered wolfing it down, the amount of food she ate.., was better than a man's.

Yan Huan drank another mouthful of tofu pudding and already felt so full that he could not eat anymore.

“You go ahead and eat. I'll go out for a walk.” Yan Huan stood up and prepared to go out for a walk. There was a small forest in the Liuyuan garden that was filled with ginkgo trees. Last year, she did not take a good look at the fallen leaves of this ginkgo tree, this year, she could see it. It was just the right time to go over and eat. Rowling waved her hand, indicating that she should go. Right now, her mouth was still stuffed with something and she did not have the time to talk to Yan Huan.

Yan Huan walked out. At this moment, the Sun had just risen and the air was exceptionally fresh. In this place, one could smell the smell of nature everywhere. There would be the smell of soil and the fresh green of the grass, one could even hear the sound of some trees breathing.

She picked up a piece of ginkgo leaf from the ground. Now was not the time for the yellowing. In another month, this place would become a world of gold and silver. When that time came, the scenery would definitely be very beautiful, she turned the ginkgo leaf in her hand, put it on the ground, and walked back. Actually, she wanted to stay here for a while longer, but she had not forgotten that there was still someone at home.

Rowling came over. It was impossible that she was here for a meal. She had abandoned her work and came over to her place because she had something to tell her. Most probably, it was work.

When she returned, Rowling was sitting on the sofa, gently stroking her stomach.

Yan Huan walked over, stretched out his finger and gently poked Rowling's stomach. It was soft and quite fun

"Have you played enough?" Rowling rolled her eyes at Yan Huan, then stretched out her hand and pinched her face. "Yan Huan, this is my stomach, not your toy. Is there anyone like you?"

Yan Huan pulled away from Rowling's hand. I just want to see if you've lost weight. Why is it that you're still the same after so long.

"I feel pretty good." Rowling stood up and twisted her waist. Ever since she gave birth, she had become a yellow-faced old woman. She didn't even pay attention to her own image anymore.

Of course, Yan Huan didn't hit her too much. He didn't want Rowling to get angry and pinch her neck later.

Yan Huan recalled how she looked when she gave birth to three children. If it was possible, she wanted Rowling to be like her. Even if her figure was out of shape, it did not matter. As long as the children were fine, she would feel gratified

Back then, she really did not live up to her expectations. She made Xunsheng so thin and small. At one point, people were worried that she would not be able to survive. But now, she could finally heave a sigh of relief, her xunsheng was no different from other children. She was just as beautiful and cute. She was also safe and healthy. Now, she even had a small cold.

"Yan Huan," Rowling suddenly said, which also brought Yan Huan back to his senses

"Yes, What's Wrong?" Yan Huan was a little distracted just now, so he did not pay attention. What did Rowling say just now?

"Have you thought about what I said just now?" Rowling frowned. With one look, one could tell that she was angry. However, Yan Huan was a little embarrassed because she really didn't pay attention just now.

"Can you say it again? I didn't hear it clearly?" Yan Huan laughed. The best manners for an actor were here. No matter how angry Rowling was, she couldn't be angry at the current Yan Huan, she immediately scolded him.

“There’s a program that you want to participate in.” Rowling flattened the corners of her mouth. This clearly showed that Yan Huan was absent-minded. Could it be that she had really been playing the zither in front of a cow for a long time, and now she wanted to play it again?

“A program?” Yan Huan gently leaned his body back. “Rowling, you know that I don’t like to participate in reality shows.”

“I know.” Rowling also felt a headache coming on, “It was arranged by Yan Hua. You know how popular immortal cloud is now. Other than wanting to watch the show, everyone also wants to know about the lives of the characters in the show. You can refuse to give face to the others, but not this time. This time, Linlang is working with Yan Hua.”

Yan Huan stood on the armrest of the sofa, propping up her face. Actually, when she first heard about this matter from Rowling, she knew that she had to go. Otherwise, Rowling would not have come to her place so early in the morning.

And since she did not add any programs in this area, Rowling naturally knew that she would help her directly reject it.

She did not reject it. Instead, she told her. She knew that it was unavoidable.

However, she felt that Rowling is not finished with some words.

Chapter 1605: she doesn’t want to be a green leaf

“Is there anything else you haven’t told me?” Yan Huan asked directly

“Yes, there is.” Luo Lin didn’t know how to tell Yan Huan. “Sun Yuhan and Su Muran are also participating in the program.”

“I’m just a supporting role, yet I can sit with them. Why? Do you want me to be a green leaf for them?” Yan Huan wasn’t someone who would be a foil to others.

Rowling directly rolled her eyes at Yan Huan, “Yan Huan, can you not be so hypocritical? It’s not like you don’t know who is the most popular person in the entire movie. What do you mean by being a foil to others? You’re such a big flower, yet you’re planted in a pile of leaves. You still have the cheek to say that you’re being a foil to others?”

Yan Huan did not speak, while Rowling’s voice continued.

“This time, you have to go. In any case, it’s only a one-day recording of the program, and it’s just a question and answer session with the host. Also, the last part is to show off your culinary skills. I don’t think you’re afraid of this, right?”

When Yan Huan heard that she was going to show off her culinary skills, she didn’t really reject it. She naturally felt that her culinary skills were pretty good. In the past few years, she had never given up. She had two lifetimes of experience, in addition, she had learned a lot from Auntie Gu, so she was not afraid in this aspect. She was just afraid that she would not be able to run if she was asked to play any games.

“Are you sure that you won’t let me climb a mountain or something?” Yan Huan was still sitting lazily. She really did not have much energy to do those things now. It was mainly because she had slept for a long time, her body’s various functions hadn’t recovered yet.

He Yibin knew her body the best because he yibin was her attending physician, and as he Yibin’s wife, it was impossible for Luo Lin not to know. If it was because of this program that caused her to be injured and delayed the first two shoots.., then don’t blame her.

Luo Lin couldn’t help but roll her eyes again. “Don’t worry. What can be shot and what can’t be shot? I want to know more than you do. At the very least, I won’t wake up in the middle of the night to eat. Be careful that you don’t become fat like a pig.”

Yan Huan was noncommittal about this. If she could become fat like a pig, the first person who would be happy would be Lu Yi. For the past ten years, Lu Yi had been dreaming of making her fat. Even if she died, she would not become fat

As for that show, Yan Huan felt that he did not have much of a choice. Rowling had already come over. She was trying to coax her into filming it.

Alright, as long as she wasn’t allowed to climb mountains and run marathons, it was fine.

This show could be considered a reality show. Yan Huan rarely participated in it. Ever since she debuted, she had only participated in reality shows in the wild. However, something had happened at that time, so ever since then.., she had rejected all dangerous shows.

As long as it wasn’t too dangerous and she had no choice but to participate, she could agree to it.

The recording time for this episode was three days later. Luo Lin roughly told Yan Huan about the filming content of the program. Of course, when the shooting started, there was no rehearsal and the recording was done directly.

When Yan Huan arrived, he was the last one. After she entered, Sun Yuhan and Su Muza’s expressions became even worse. It was possible that their faces were already ugly and uncomfortable. Thinking about it.., in front of their own detestable people, this kind of disgust was enough to make them want to throw up their last meal.

This was the first episode of a weird combination. Although they were on the same production team and were filming the same film, everyone knew that they were not on good terms.

In fact, this episode was the simplest. At the very least, it was much simpler than what Luo Lin had said. In fact, it was filming the three of them for a day’s activities. Of course, they had also prepared simple ingredients for them, if they could turn these ingredients into food, that would be the best. If they couldn’t, they would just have to wait to starve.

As for whether they would starve, that would depend on themselves.

Su Muran had been a rich young lady since she was young. How could she know how to Cook? At most, she would fry an egg for herself. However, even so, she had fried the egg until it was burnt. Moreover, she had also treated the sugar as salt, she still had to eat such disgusting food. In front of so many

people, she even had to hypocritically say that even though it did not look good, the taste was still pretty good.

Pretty good my ass. It was obviously so disgusting that she wanted to vomit. However, from her hypocritical eyes, she did not see any sincerity. Instead, she saw disgust. She was disgusted with her own fried eggs.

As for Sun Yuhan, she was much stronger than Su Muran. No matter what, she had lived alone for a long time. In the past, she had cooked for herself, so her movements were very smooth, she also wanted to show off in front of everyone, so she cooked a lot of dishes. These dishes were all placed on the table. Although the dishes she cooked were not very good-looking., they were still much better than Su Muran's.

As for Yan Huan, she was very simple. She did not want to show off so much, so she directly made dumplings. Dumplings were the easiest to make. She had already made quite a number of them, one by one, and she had also made them for herself, when the host came up to try them, Yan Huan also generously took the dumplings that she had cooked and gave them to the host to eat. She was also very generous and smiled very faintly. Of course, she did not deliberately show off anything, everything was very natural.

The host ate one and found it very delicious.

"Can I eat a few more?" As he spoke, he had already stuffed a few dumplings into his mouth. Actually, everyone could tell from Yan Huan's actions that she often made dumplings, naturally, the dumplings were very delicious.

Even the host liked the taste of the dumplings. In fact, they were very delicious. The taste was not strange and was suitable for common tastes. When the people who ate it were asked to eat it, they would not feel bad.

"Sure, I've made a lot of dumplings. You can eat more if you want." Yan Huan opened the pot and placed the dumplings into the pot to continue cooking.

"Miss Yan seems to cook dumplings often."

The host liked Yan Huan's personality very much. Yan Huan did not have much arrogance. Similarly, she did not have a big-shot temper and was very easy to get along with. In front of the other two, he was a little reserved, he was also a little cautious.

"It's alright. I usually make them." Yan Huan placed another set of dumplings on the table. "My husband and my three children like to eat them."

Only then did the host remember that Yan Huan had already married a long time ago. Moreover, he did not marry someone from the industry. He had also given birth to three children. They were triplets.

"The babies are all grown up, right?" The host sat down and ate the dumplings. They were chatting very happily with each other.

"They are all in kindergarten," and when the three children were mentioned, the gentleness in Yan Huan's eyes seemed to become gentler as well.

Chapter 1606: eating while kneeling

“Miss Yan’s children must be very beautiful.”The host was really excited when he said this. He really wanted to know what Yan Huan’s children looked like.

Many people were very curious about the appearance of Yan Huan’s three children. However, Yan Huan had never released a positive photo of the children. Of course, even if someone saw it., they did not dare to take a wild photo of the three children of the Lu family. After that, they would post the photos of the three children on the internet. At that time, everyone would know about it.

“In the eyes of parents, children are cute. Of course, my children are the same.”Yan Huan sat down and ate the dumplings in her bowl. She was not pretentious, nor did she eat less on purpose, she was the same at home as she was now. Moreover, her eating habits were not too bad. She did not eat quickly, but she could feel that she was eating very happily.

“Miss Yan, can I take a look at the photos of the children?”The host suddenly asked. Of course, he smiled again, “You can also refuse. This is not a request from the program team. It’s just that I’m very curious about the appearance of the three children. I can also guarantee that I won’t tell anyone.”

Although the host was joking, his tone was very serious.

Thinking about it, everyone should have such a curiosity. After all, Yan Huan had really hidden the three children too well. Well, it had also aroused the curiosity of too many people

Although everyone knew that curiosity killed the cat.

However, this was a person’s emotion born from birth. This wouldn’t change.

“Sure.”Yan Huan took out his phone and took out pictures of the three children. He showed them to the host, who also took Yan Huan’s phone, his eyes were glued to the pictures on his phone.

They were indeed three children. The two boys looked exactly the same. They had thick eyebrows and big eyes. They looked cute and attractive. There was also a little girl with long hair. She was smiling, there were also two very beautiful dimples. Her little face was very beautiful. The host was thinking that if this child wanted to be a child star, then her resources would be very huge. Because her mother was not someone else, but Yan Huan.

“She looks like you,”the host returned the phone to Yan Huan. Although this sentence was simple, it indirectly revealed the child’s looks. If she looked like Yan Huan, then the child must not be ugly.

Yan Huan only smiled and did not reply. Her daughter naturally looked like her. It was not bad that she looked like her father. In any case, Lu Yi was not ugly. Among the three children, Xun Xun was the most beautiful. However, that did not mean that., xiao Qi and Xiao Guang were ugly. It could only be said that Xun Xun was a soft and cuddly little girl. That was why she was a little special.

Yan Huan lowered his head again and ate the dumplings. Of course, the host was not stupid. He did not keep the topic on Yan Huan’s children. He could tell that Yan Huan did not like to talk too much about his children. It was no wonder., this should be the reason why Yan Huan was not willing to expose his child to the media.

The host also shifted the topic to immortal cloud and asked Yan Huan why he wanted to play the role of Madam Hua. In fact, there were many roles that were suitable for her. It was good that Madam Hua was colorful, the conflict between the characters was very distinct and prominent, but there were too few scenes. With Yan Huan's seniority, not to mention the second female lead, even the first female lead could do it. It was impossible for him to lower himself, she had to act as an unknown female lead.

"I'm already a woman." Yan Huan still smiled elegantly. "I don't have that much energy to spend on the set every day."

The host was amused by Yan Huan's words. "Miss Yan looks very young."

Yan Huan smiled brightly at the camera again. Sure enough, no matter how one looked at her face, it was as if time had frozen. Now that she compared the 20-year-old photo with the current one, she did not feel old at all, she only felt that the aura on her body was getting better and better. Moreover, she also had the dignified and natural aura of a lady from a wealthy family. She did not look like an actress, but a noble lady. This was what had seeped into her bones, it was also because of the clarity and grace that time had given her. She did not make a fuss, and she also did not have the arrogance that she had in the past.

This was perhaps the true growth of a woman, and it was also the most correct path a woman had chosen.

It was not because she was outstanding in her career, but because she had a husband who loved her, who always treated her the same, as well as children who continued her life.

After the host finished interviewing Yan Huan, she went to Sun Yuhan's place. Sun Yuhan had already cooked more than ten dishes. Although she did not look too good, it could be seen that she was deliberately showing off.

The host took a bite. Actually, she did not feel that it was very delicious. It was just the food cooked by ordinary family members. Moreover, there were some dishes that were too salty.

Actually, the food cooked by Sun Yuhan was not considered to be bad. It was just that ever since she arrived at the Ye family, she had not touched it herself. There were a lot of people serving her at home. Moreover, there were so many big meals outside., she could eat whatever she wanted. Every day, she would eat delicacies from the mountains and seas, chicken, duck, and fish. When the time came, she would have forgotten about her own food.

Although she had not forgotten how to cook, she had given birth to a lot of them. Therefore, she was somewhat uncertain about how much salt should be added to these meals. Therefore, looking at the menu, it was considered acceptable., however, if she ate them, she would actually suffer. Even so, the host clearly wanted to cry, but in the end, she could only swallow the tears into her stomach. Otherwise, what else could she do, was she trying to ruin Sun Yuhan's show in public?

Sun Yuhan also picked up her chopsticks and ate. However, after eating, she realized that something was wrong. She glanced at the host and could not eat. The host kept winking at her, they were in the middle of a live broadcast. No matter what, they had to finish the dishes even if they were crying. Moreover, they were made by themselves.

Sun Yuhan couldn't be ignorant. She could only bite the bullet and talk to the host while eating the dishes made by the clam. The host was already in tears, was there anything more disgusting.

After a while, he wanted to slap his own mouth.

When Su Mulan placed his fried eggs in front of the host, the host really wanted to cry.

Could he not torture people like this? He could accept that it was disgusting, but could he not have diarrhea?

He already felt that his stomach was uncomfortable, as if it was turning over something. However, in the end, he still ate the fried eggs professionally. As for Su Mulan, who was eating with him.., his expression was as ugly as it could be. Because it was really disgusting, it was even more difficult to swallow.

However, in the end, they all knelt down and ate it up.

Chapter 1607: was in trouble

At this moment, the host really missed the dumplings made by Huanhuan. Although it was simple, the taste was the best and also the safest. He would have to go to the hospital in a while to prescribe some anti-diarrhea medicine for himself, he felt that this was a sign that he was going to have diarrhea. He turned around and looked at Su Muran's face. Su Muran seemed to be a little absent-minded. It was obvious that his expression was not too good. Could it be that he was going to have diarrhea as well, yan Huan, on the other hand, was very natural. She was still smiling faintly. No one knew what she had thought of, but her eyes were smiling as well.

She was almost thirty years old, but regardless of whether it was her appearance or her spirit, she was still the same as when she had lost twenty. She was as clean and clear as ever.

The charm of the best actress Yan did not only lie in her face, but also her heart that had never changed from the beginning to the end

The people in the prosecutor's office were still as busy as they were yesterday. For some reason, there had been a lot of things going on recently, to the point where people were unable to handle it. They had been busy for at least three months now, however, it seemed like work was still going to come crashing down on them. It was also going to crush the blood of these people. The flesh of these people was completely flattened and collapsed.

Yu Bo knocked on Lu Yi's office door. His eyes turned green. He was not the only one who was like this. Most people were like this too. They were busy day and night, even an iron man could not stand it. He really wanted to die.

"Mr. Lu, there's a registered letter for you." Yu Bo placed a letter on Lu Yi's desk. He could not help but look at the letter on the desk. The registered letter was still unsigned. He did not know who wrote it.

However, this was not the first time that it had been sent to them. It was unknown how many anonymous letters there were, so everyone was used to it. Only a few were written to Lu Yi alone.

Lu Yi took the letter. There did not seem to be many things in it. It was just a thin piece of paper.

As for Yu Bo, he rubbed his eyes. Sigh, he continued to go back to work. It was really difficult to be a public servant of the people. They suffered and suffered like this every day. He did not know when it would end.

Lu Yi put the letter down and busied himself with other things. After an unknown amount of time, he closed his eyes. When he got off work in the afternoon, he also went to the cubicle to take a nap, otherwise, he wouldn't have much energy at night.

When he opened his eyes, he picked up the anonymous letter on the side. This was for him, but it was very surprising. The direct signature was his name.

He placed the letter in front of him and opened it. The more he read, the darker and heavier his expression became. He folded the letter, tore it into pieces, and threw it into the trash can at the side, his eyes, which were originally sleepy, were now full of blood, but there was still a sense of clarity in them.

"Mr. Lu, your meal is here."

Yu Bo sent Lu Yi's food over. He was envious that Lu Yi could eat delicious food every day, unlike them, who had to go to the cafeteria to eat by themselves. Although the food in the cafeteria was not too bad., compared to the food outside, it was actually quite bad.

It was no wonder that Lu Yi had more work than them, was busier than them, and handled more things than them. It was also more complicated, but his spirit was always better than theirs. He was obviously fed with delicious food and drinks.

It was a day of variety. Of course, he knew what prosecutor Lu ate. It was simply a combination of color, smell, and taste. Of course, it also cost a lot of money.

Yu Bo put down the food and found that Lu Yi's expression was not very good. Of course, he did not dare to ask any more questions, so he quickly walked out. He did not want to be scolded by Lu Yi later and then be implicated again.

Of course, Lu Yi wouldn't beat people up, but that was cold and profiteering. It was more terrifying than violence

After Yu Bo left, Lu Yi turned around and looked at the bowl on the table. He took the bowl over and opened it. Today, he was eating dumplings,

surprisingly, this time, he didn't eat while he was dealing with work. Instead, he turned on the computer and found the program that Yan Huan was going to record today. Yan Huan was still eating dumplings.

Lu Yi also picked up a dumpling and put it to his mouth. "Actually, it's still not as delicious as the dumplings you made."

"It's okay. I can eat again when I go back. I just don't know how long I can eat for. However, don't be afraid. I will protect you. It doesn't matter if there is a Lu family in this world or if there is a Lu Yi."

Lu Yi picked up another dumpling and put it to his mouth. Just like that, he ate one dumpling after another until the bowl of dumplings reached the bottom. Then, he picked up the bowl and drank up all

the soup in the bowl, he threw the lunch box into the trash can and turned on the computer. He was busy with something.

His fingers were on the keyboard the whole time. He didn't know what he was remembering, but his gaze was very quiet. It was so quiet that it was almost silent.

"What did you say?" Old Master Lu stood up in disbelief. His sudden voice scared Xunxun, who was playing with the doll. Xunxun threw the doll and ran over, he also hugged old master Lu's legs.

"Great-grandfather is not angry. Xunxun helped great-grandfather beat up the bad guys."

Old Master Lu and his son had a bad temper. They liked to yell at people. In the past, they were like bombs. No one dared to provoke him. He was famous for his bad temper. It was only after he had three great-grandsons that he slowly became peaceful, however, until now, many people were afraid of him. They were afraid that one day, his temper would flare up again. He would scold, hit, and Whip people, at that time, he almost did not beat his own grandson to death.

However, he doted on Xunxun very much. Xunxun was protected by him. Usually, he could not bear to scold anyone. If anyone dared to scold his little granddaughter, he would fight to the death with them.

Therefore, Xunxun was most unafraid of old master Lu.

Old Master Lu carried his little great-granddaughter and touched her little face. He saw that Xunxun's little face was beautiful and good-looking. She also had two beautiful dimples. She was the Lu family's most beautiful child, she was also his only great-granddaughter. He had to protect her no matter what. He could not die yet. He had to live until he was a hundred years old.

At the very least, he could not let his little Xun be bullied. She was born with less than two kilograms. It was not easy for her to grow so big. If she was really bullied, he would not feel at ease even if he died in the future, he was also sorry for the ancestors of the Lu family.

Chapter 1608:

He smiled at Xunxun, his loving face turning into an old chrysanthemum

"Great-grandfather's Little Xunxun, go play with your brother. Great-grandfather will take you out for a good meal later, okay?"

"Okay." Xunxun was very obedient. Her feet stepped on the ground, she picked up her doll and went to play with her brother. The housekeeper also knew that the Lu family had important matters to discuss, she quickly took the three children to the room inside and closed the door, leaving the outside to Lu Yi and his family.

Lu Jin only reacted after a long time.

"Lu Yi, are you serious?"

How was this possible? Don't blame Old Master Lu for not believing it. Even Lu Jin couldn't believe it.

No matter how bad the relationship between the two families was, ye Jianguo couldn't destroy the Lu family. Destroying everything in the Lu family was also destroying the hundred-year-old foundation of the Lu family. Not to mention the Lu family's gratitude to the Ye family., ye Chuji still acknowledged ye Shuyun as his sister. What was wrong with the Ye family now? Could it be that they really didn't know what was going on and wanted to force the Lu family to their deaths?

If this was true, then ye Jianguo would have destroyed the entire Lu family.

He used loopholes to evade taxes and even suppressed the goods at the airport, causing a large number of goods to be lost. The value of those goods was not 100 to 2000, nor was it 1000 to 2000, but billions, or even tens of billions.

Not to mention the Lu family, even if it was the Lu family and the Ye family, they would not be able to fill this hole. They might still have to go bankrupt, and they would not leave any traces in Hai City, even if the Lu family was willing to disappear in exchange for a lifetime of peace, but the Ye family, the Ye family had already done everything they could, and they would not be willing to drown in such a flood

That was because they were doomed. That was why the Ye family had pushed everything onto them, right?

Ye Jianguo was too shameless. Old Master Lu was so angry that his chest hurt. But even so, he knew that he could not die of anger. He was not ye Jianguo., back then, he was so close to dying of anger. He still had to protect his family, and he had to protect the three-year-old little Xun Xun. No matter what, he would not let others bully his Xun Xun.

He would not let Xunxun live in poverty and debt for the rest of her life. He would not let the children of his family suffer a little. They were the hope of the entire Lu family, and everything to the entire Lu family.

"Lu Yi, what are you going to do?" "Lu Jin asked his son what he was going to do. Now, that was what he wanted to know the most. This was not a small matter. Even if they had to give up everything in the Lu family, it would still be irreparable. Their family could not afford such a change. No, no, no family could afford it."

"I will divorce Huanhuan," Lu Yi said faintly. This was what he thought about for a long time before he came up with this idea. It was the only way to ensure that they could escape.

"I will give the child to Huanhuan," Lu Yi said again. The corner of his eye was cut until it hurt. There was also the garden. That was the Lu family's biggest trump card. However, even with such a trump card., they could not withstand such a sudden change.

"Those antiques are also for them." Lu Jin's heart ached when he thought of the antiques that he had saved with great difficulty. Now, let alone antiques, even if there were many antiques, it was impossible to sell them at a marked price, there was also no time for them to deal with these things. These things were only suitable for collection, but not for sale. Moreover, if others knew that the Lu family had so many antiques., it might not be good for their situation, and it would make things worse.

"I got it." Lu Yi stood up and went to deal with this matter. He had to release Yan Huan in good condition. He could not let her get involved in such a scandal.

“I’ll go find that Old Thing, Ye Jianguo.” Old Master Lu stood up and went to argue with ye Jianguo. Why should the Lu family be the scapegoat for the Ye family’s matter? Wasn’t this a fatal blow to the Lu Family? How did the Lu family let down the ye family? Back then, the Ye family was suppressed by the Su family because of the airport. They were almost wiped out in Hai City. Who helped the ye family to rise up? Who dug ye Xinyu out from the earthquake, it was fine if they destroyed Yan Huan’s bridge after crossing the river. They didn’t expect the ye family to remember the Lu family’s kindness. However, they couldn’t push the Lu family to their death. And now, the Ye family was pushing the Lu family to their death, they wouldn’t give up until the Lu family was destroyed. They weren’t willing to give up, were they?

Grandfather Lu directly called ye Jianguo. In a short while, he slammed the phone down. That old B * Stard ye Jianguo actually went missing. He said that he wasn’t feeling well and needed to recuperate for a month, fine, he would go and recuperate. Didn’t he care about Sun Yuhan’s granddaughter the most? Then he would kill his granddaughter. He would wait for him to come back and collect his granddaughter’s corpse.

Lu Jin looked at his son and his head swelled up. He didn’t know what to do. If ye Shuyun found out about this, what would she do? How would she live?

When Yan Huan returned, he was in a good mood. The recording of today’s show was unexpectedly smooth. Moreover, she was quite satisfied with her performance. She didn’t know that there were no fans in the circle, but she knew..., as long as she did not embarrass herself.

However, when she reached home, she was surprised. It seemed that something was not right. The house was very quiet. It was too quiet. She took out her phone and looked at the time. Lu Yi should be back by now, at this time, he was usually in the living room. Could it be that he had returned to his room today? or could it be that he was finally done with his work and had fallen asleep.

She carefully pushed open the door. There was no one inside, and the quilt was folded neatly. Lu Yi did not come back, nor was he in the room. Then, where did he go? She searched the study room again.

Strange, where was he?

She took out her cell phone, but no one answered after calling for a long time.

She called back to the Lu family again. It was the nanny from the Lu family who answered the phone, saying that Lu Yi was not there. As for where Lu Yi was, they did not know either. Yan Huan tried calling the prosecutor’s office again, there was still no reply.

What was going on? Yan Huan started to have a bad feeling in her heart.

She sat on the sofa and placed her feet on it. Then, she hugged her legs and didn’t dare to return to her room. Today, she was the only one here. She was afraid.

When she returned, it was past eight o’clock. She waited until around ten o’clock, but Lu Yi still didn’t come back. She kept calling Lu Yi. At first, she could hear the phone ringing, but later on, it was turned off, it was unknown whether it was because her phone was turned off or because she had called too many times, causing the phone to run out of battery.

Chapter 1609: Farewell Dinner

It was midnight, and she hadn't eaten. She hadn't eaten anything, and she couldn't eat either. It was during the recording of the program that she ate the dumplings that she made, but for the rest of the time., she hadn't eaten anything at all.

Her stomach was rumbling with hunger, but she didn't want to move, nor did she want to eat. That night, she sat on the sofa and slept through the night, but Lu Yi didn't come back.

It wasn't until dawn that she heard a noise from the other side of the door. She sat up abruptly and stared at the door.

The door opened and a man walked in. His body seemed to carry a bit of dust, but also a bit of coldness, and a bit of dust that wouldn't normally appear.

"Lu Yi..." Yan Huan ran over without shoes. She quickly stretched out her hand and hugged the man's waist.

"Where did you go? Why Can't I find you anywhere? What do you think I should do if you were lost? What do you think I should do?"

At this moment, her heart was filled with a little discomfort. It was almost as if she was excited that she had regained what she had lost.

Fortunately, he was not lost. Fortunately, he was back.

Lu Yi lowered his head. His fingers by his side were tightly clenched. However, he was not like his usual self, who would coax her and comfort her.

A woman's intuition was very accurate. Yan Huan might have sensed something as well. Although not many people knew about this matter, Yan Huan seemed to have really sensed it.

She felt uneasy and she also felt danger.

I have something to tell you. Lu Yi held back the complicated emotions in his eyes. There were some things that he still had to say. There were also some things that he had to make a decision on. They really did not have much time left.

This matter could be exposed at any time

Yan Huan was a public figure. If this matter was exposed, he might not be able to protect her at all. Furthermore, with his status, knowing the law and breaking the law, this wasn't a small matter. If he wasn't careful., his entire family would be destroyed.

Therefore, he had to make arrangements for her. There were still three children. He couldn't let the three children bear the burden that they couldn't bear. They were still young, and they didn't need to bear the burden of the Lu family., the Lu family would just let the three men carry it.

Yan Huan did not understand what Lu Yi wanted to say to her, but she still obediently followed behind Lu Yi. However, she clearly felt that she would not like what Lu Yi was going to say next.

“Sit.” Lu Yi let Yan Huan sit down. It seemed that he was a little distant, so far away that Yan Huan could not feel the warmth of his body.

Lu Yi took his briefcase and took out a page of things from it. He placed it in front of Yan Huan as well. You can sign these

Yan Huan lowered her head. She didn't understand what Lu Yi wanted her to sign,

she took those things and flipped through them. When she flipped through a page, she directly threw them at Lu Yi.

“Lu Yi, are you crazy?” She had thought about what Lu Yi would say to her. It was bad, it was good, it was something she could accept, or it was something she couldn't accept. Never in her wildest dreams did she expect that Lu Yi would actually let her sign it, it was a divorce agreement.

Lu Yi wanted to divorce her. Lu Yi dared to say divorce to her.

He actually wanted to divorce her.

This was impossible.

How was this possible

This was a fake Lu Yi, right?

Lu Yi picked up the divorce agreement from the ground and placed it in front of Yan Huan. I've already signed it. You just need to sign it. No matter how he sat down, he was still sitting in front of Yan Huan. Nothing could be seen on his face. His true feelings were unclear, and his true intentions could not be seen, much less his feelings, only that complicated look was present in his eyes, and there was an indescribable heaviness.

“The three children are all for you, and the garden is also for you. From now on, you are the owner of this place, and I won't touch a single bit of it.”

“Sign it.” Lu Yi then pointed at the document on the table, “If there's anything that you don't agree with, you can still bring up your own conditions. Tell me what you want, and I'll agree to it.”

Yan Huan took a pen from the side and scribbled a few words on it

Lu Yi heaved a sigh of relief, but at the same time, he felt an indescribable sense of loss.

It was great that she had signed it.

It was great that she had signed it.

He took the divorce agreement that Yan Huan had signed. On the top line was the name that he had already signed, while the bottom line was signed by Yan Huan.

When he saw that row of words, he only pursed his lips tightly, and there was even less space left.

It was not Yan Huan's name on the top row, but the other two words — dream on.

Alright, Lu Yi still understood his wife. They had been husband and wife for ten years, how could he not understand her? How could he not understand her? To get her to agree to a divorce, was it really more difficult than ascending to the heavens.

And in front of Yan Huan, he could not even come up with an excuse. No matter what kind of excuse Yan Huan had, it would not make sense. Of course, it could not be used as a reason for him to get a divorce, because she was not someone else, she was Yan Huan.

They had two lifetimes. He knew Yan Huan well enough. Of course, Yan Huan also knew him well enough.

He took out his briefcase and took out a stack of documents.

He placed it on the table.

Yan Huan picked up the stack of documents and took a look at it. Then, he tried to tear it open from the middle. However, the mulberry paper was too thick and she didn't have the strength to do so, so she tore it up and down for a long time, the paper was still the same, and nothing had been torn.

Yan Huan threw the stack of divorce papers on the ground.

"I want to eat noodles." She sat down angrily and felt her stomach ache from hunger.

"I'll Cook for you."

Lu Yi stood up and habitually looked after Yan Huan's stomach. However, when he came out, he realized that he had forgotten why he came back. He came back to divorce Yan Huan, but now, he still wanted to cook noodles for her, but there was nothing he could do about it.

He was not having an affair. If he was going to have an affair, Yan Huan would be the first to not believe it.

If he was going to have an affair, he would have done it long ago. He would not have waited until now. He was so pressed down by his work that he did not even have time for himself. How could he have an affair again.

He walked into the kitchen and quickly took out two bowls of sour soup noodles.

The noodles were ready-made and were left behind by Auntie Gu in the afternoon. The rest didn't require much effort, and he actually didn't know much. He only knew how to cook noodles.

He placed the noodles in front of Yan Huan.

"Eat it. This is our farewell meal."

Yan Huan glanced at him and only snorted at his words of farewell meal. Then, he continued to eat the noodles in the bowl. The noodles still had the same taste as before, and nothing else had changed. Under the noodles., there were two poached eggs. They were both hers. She would eat one and put the other in the soup. In the end, she ate all of them, including the noodles and the soup.

Chapter 1610: Let's get a divorce too

Yan Huan ate her meal slowly, one of her feet occasionally stepping on the divorce agreement on the ground. Lu Yi was really awesome. He even dared to prepare a divorce agreement for her, and he didn't just prepare a single one., he even prepared a dozen of them.

She finished the last bowl of noodle soup and stood up. One of her feet also stepped on the table, just like a female ruffian.

"Speak."

Yan Huan asked Lu Yi indifferently

"Say What?" Lu Yi frowned.

"That..." Yan Huan pointed at the divorce papers that flew everywhere. "I want to know the reason. The reason that came out of your mouth." A woman from the Lu family could not be divorced after marrying, even if it was in her previous life., with Lu Yi and Fang Zhu's marriage, even if they did not even have children, they had never thought of divorce. They had been husband and wife for their entire lives, let alone her.

They had to sacrifice two lives of loneliness in order to spend the rest of their lives together. They still had three three-year-old children, and their children were so young. How could he get a divorce? If he dared to say the word 'divorce'., no matter if it was old master Lu or Lu Jin, they would definitely break his legs.

Lu Yi picked up the dishes on the table, turned around and prepared to wash the dishes. Once he washed the dishes, he never came back. Yan Huan only heard the sound of a car outside

He left.

Yan Huan picked up the divorce papers from the ground. On each of them, there was Lu Yi's signature. wasn't he very busy? wasn't he so busy that he couldn't even eat? She had spent so much effort., she had Auntie Gu prepare breakfast for him every day, and at night, she had to wake up specially to cook for him. She still had to eat in the middle of the night. Could it be that she wanted to sign a stack of divorce papers for her.

She picked up the divorce papers one by one and put them in a drawer.

Maybe they would be useful in the future.

"Okay, if you don't tell me, I won't ask anyone else."

Although she didn't know the reason why Lu Yi arranged the marriage with him, it was definitely not simple.

Did something happen to him, or did something happen to the Lu Family?

She hugged a pillow in her arms. She didn't feel sleepy at all. In fact, she already felt that something had happened. Lu Yi wouldn't divorce her, no matter how big the difficulties were, and the only thing that could make him decide to divorce her was something that he couldn't solve.

But what was it that he couldn't solve.

Yan Huan could not figure it out.

She sat like this for the entire night and thought of countless possibilities. But no matter how many possibilities there were, she could not come up with one. The next morning, when the sun rose, she changed into a new set of clothes, then, with a pair of panda eyes, she prepared to go to the Lu family.

"Miss Yan, where are you going?"

Auntie Gu came out of the kitchen. What was going on today? Lu Yi didn't come out to eat, so did Yan Huan Not Eat?

"I'm going out for a while." Yan Huan was about to leave, but she turned back and left with two buns. She was going to eat as she walked, or else her blood sugar would be low.

After saying that, she ran out with a bun in her mouth and one in her hand. She didn't take good care of herself.

What was there to take care of? She was about to become an abandoned woman. If she continued to take care of herself, she would really be abandoned.

There were a few cars in the garden. Lu Yi was afraid that the cars would break down at times, so he bought a few more cars and placed them here. Yan Huan got into her car, opened the accelerator, and drove the car to the Lu family.

She drove very quickly and drove the car to the Lu family's door. She pressed the doorbell, and the housekeeper came to open the door.

Yan Huan had just entered, and she didn't even change her shoes.

"Father, mother, grandfather..."

The few of them were there. Lu Jin and Lu Lao looked strange, but ye Shuyun was the most surprised. Why was Yan Huan Here

"Eh, Huanhuan, why are you here?" Ye Shuyun quickly stood up. The children were still in school. She thought that Yan Huan was here to pick up the three children. wasn't it always Lu Yi who brought them away, why did Yan Huan come directly today? Moreover, he didn't look too good.

"Mom, Lu Yi is going to divorce me." Yan Huan felt wronged when he saw ye Shuyun. Although she knew that she wouldn't divorce Lu Yi, these words from Lu Yi's mouth., still made her feel uncomfortable.

She never thought that one day, Lu Yi would actually ask for a divorce from her.

"What?" Ye Shuyun could not believe her ears and what she just heard.

"What did you say?"

"Mom, Lu Yi wants to divorce me," Yan Huan repeated again.

Ye Shuyun suddenly looked at Lu Jin. "Is your son's brain stuck in the door?"

The corner of Lu Jin's eyes twitched. If that was the case, then his brain had also been damaged by the door.

"I was the one who agreed to their divorce." Old Master Lu stood up and turned around to leave. His waist was originally very straight, but he did not know when it actually bent. At this moment.., they seemed to really feel that old master Lu was really old.

Yan Huan glanced at Ye Shuyun, while ye Shuyun glanced at Lu Jin.

"Lu Jin, what's going on with you guys?"

"Nothing." Lu Jin stood up and sighed. He was worried that there were some things that he couldn't say, so he decided to do it this way. It was better to choose the day instead of the day.

"Shuyun, let's get a divorce too."

Ye Shuyun didn't react for a long time.

"Lu Jin..." ye Shuyun suddenly called out Lu Jin's name. Then, she rolled up her sleeves and pinched Lu Jin's neck with her hands.

"Lu Jin, you ungrateful thing. I've followed you since I was 17 years old. I've given my youth to you because I wanted to bear children for you. Tell me, where did you find a wild woman for me?"

Yan Huan gently pressed her hand on her temple as she listened to ye Shuyun scolding Lu Jin. Why did she feel that if Lu Yi came back later, she might turn from a lady to a shrew.

It was not that they did not want to be a lady, but some men were trying to force them to become shrews.

Just as Lu Jin was unable to defend himself, a loud noise came from outside.

"Dad, Dad, come out, come out..."

It was Qin Xiaoyue.

Ye Shuyun quickly tidied her hair. She was causing a ruckus with Lu Jin, and that was a matter between the two of them. It had nothing to do with others, and she could not lose her identity in front of Qin Xiaoyue.

"Dad, come out."

Qin Xiaoyue yelled at the moment she came in, which was a little annoying.

Lu Qin followed behind Qin Xiaoyue.
