

Chapter 1701: she was not a criminal

Bullsh * T! Sun Yuhan cursed out loud in anger. She was just an orphan without parents. If there was no Lu family, if there was no Lu Yi, what would Yan Huan Be? She seemed to have forgotten that if there was no ye family.., what would she, Sun Yuhan, be?

She still did not know which corner she was in. Every day, she rented a house next to the toilet, guarded a job that cost several thousand yuan. Every day, she was a woman who wanted nothing more than to split every penny into two.

And now, she could have all of this. Frankly speaking, it was not because she was very capable. She was also not very capable. She also did not have any ability. All she had was the identity of the Ye family's granddaughter. Other than that, she was nothing to Yan Huan, she was nothing to Yan Huan.

Sun Yuhan went to the hospital again. Today, she had to do all kinds of tests to make sure that her leg was okay.

When she finished these tests, she was still a little worried.

"Doctor, is my leg okay?" She asked worriedly, afraid that the Doctor would say that it was not good, or not good, or not good. She could not bear such a result.

The doctor smiled very amiably and comforted Sun Yuhan.

"Miss Sun, please don't worry. Your bones are still growing."

Sun Yuhan was not satisfied with this answer. What did 'growing' mean? Did It mean that she had not grown well?

"Can I Walk in the future?" She was not worried about anything else, but whether she could still walk in the future. Of course, she had asked the right question, so she could know her real condition.

The Doctor was actually a little hesitant.

"Naturally, I can walk."

That was good. Sun Yuhan pushed the wheelchair and was about to go back. She did not want to hear anything else. She only needed to know that she could walk. She did not care about anything else. Moreover, if she could walk, then everything would be fine. It was not like her leg had not been injured before. In the end, it was still fine. She could run and jump, and she could also wear high heels. These doctors liked to exaggerate.

She pushed the wheelchair out. The most annoying thing right now was the hospital. The more she stayed, the more annoyed she became.

"You push me back," she said to the nurse behind her in a bad mood. The nurse hurriedly pushed the wheelchair, ready to send Sun Yuhan back.

When she reached the entrance of the hospital, Sun Yuhan did not want to go back. Going back to that place was just like a cage. She did not want to live that kind of life. She wanted to film, she wanted to become famous.., she trampled everyone under her feet, but now, she couldn't even step on the ground.

The Nurse pushed Sun Yuhan along, followed by a few bodyguards. These were all found by Ye Jianguo for Sun Yuhan. Because that Arnold hadn't been caught yet, ye Jianguo was afraid that his granddaughter would be in danger, so, he found a few bodyguards to protect Sun Yuhan.

"Alright, let's stay here. I want to walk around here for a while."

Sun Yuhan was very annoyed, especially with the results of the examination just now. Although the Doctor said that she could walk, she always felt that there was something strange about it. As a result, she was a little frustrated now, even the bodyguards behind her felt a little disgusted.

"Let them stay at the side, don't follow me,"Sun Yuhan said irritably. She followed them all day long. Why was she acting like a crazy person? Even if she went to the first room, people would treat her as a monster. Her legs were like this, now, she was bringing a bunch of people. If they were not monsters, then what were they?

"Miss, the old man found them for you. He said that he would let them follow you no matter what,"the nurse said in a low voice. The more she spoke, the lower her voice became. The more she spoke, the Uglier Sun Yuhan's expression became.

"Let them go."

Sun Yuhan had such a rebellious mentality. She knew that the nurse had good intentions, but what annoyed her the most right now was such good intentions. She did not need such good intentions.

She wanted to be alone. Could She? She did not want to see those zombie-faced bodyguards. She wanted to breathe some free air. Could she not treat her as a strange criminal?

She wasn't a criminal, she was just a cripple.

"Miss, this isn't good. The Nurse is still a little worried. This is grandpa..."

"Okay, don't mention My Grandpa,"Sun Yuhan interrupted the nurse impatiently, "My Grandpa isn't here right now, and there are so many people here. Don't tell me I'll lose him. I don't believe that that person is still here in broad daylight."

"Miss, it's better to let them follow us,"the nurse advised earnestly. The old man had said that he must make the bodyguards follow Sun Yuhan closely, before that person was caught, they absolutely could not let their guard down. They had not forgotten what happened in the hospital the last time. Sun Yuhan was almost strangled to death by that Arnold

"Let them go."Sun Yuhan held the hand on her leg tightly. "Didn't you hear that? Or are you deaf? If you don't understand human language, then get lost."

Sun Yuhan's words at this moment were quite rude, and of course, it was also very hurtful. The nurses immediately felt a little wronged. She had not done anything wrong, so how could she scold her like

that, to Sun Yuhan, she was just a nurse. The money that her family had given her was to buy her as a servant. Why did they have to give her respect.

What a joke.

You should stay with them. I don't want to see you. Sun Yuhan's temper was really bad now. She didn't want to see those bodyguards, nor did she want to see the nurses. She didn't want to see anything. She just wanted to stay well, okay?

"Miss, the old man has ordered..."

"Get lost!" Sun Yuhan was directly annoyed, and her words hurt. She directly scolded the nurse.

The nurse had no choice but to let go of the wheelchair. Sun Yuhan pushed her wheelchair and walked forward. The nurse didn't dare to leave Sun Yuhan too far, and she always followed behind her, however, Sun Yuhan seemed to know that she was there as well. Therefore, she also moved the wheelchair to a place where there were fewer people. She did not put her safety in her heart at all. or could it be that she had never thought that.., arnold would be so bold as to really appear here.

After finally shaking off those people, Sun Yuhan felt that her breathing had become smoother. Of course, her temper was not as bad as before

Sun Yuhan did not feel that she had done anything wrong. Yes, she had not done anything wrong. She had never done anything wrong in the first place.

She was just a servant who earned money from their family.

Just as she stopped, her wheelchair started to move again. She was pushed from behind.

"Did you understand what I Said? Are you really deaf? I told you to SCRAM. Do you really want me to say it a few more times?"

Sun Yuhan's mouth was filled with venom. The words she said were hurtful to some people.

Chapter 1702: Something must have happened

Although it was said to be the work of a servant or serving others, everyone had their own words. No One's heart was made of stone. But now, Sun Yuhan wanted nothing more than to.., to stab a knife into everyone's heart. She had already become like this. How could she let others have a good time.

If she didn't have a good time, of course, others wouldn't have a good time either.

The wheelchair was still pushed forward, and Sun Yuhan felt like she was talking to a cow.

Didn't you hear what I Said? Sun Yuhan suddenly turned her head, but her eyes met with a pair of cold eyes like a wolf's.

She suddenly widened her eyes and opened her mouth. Before she could scream, she felt a pain in her neck. In the end, the only thing she remembered was that pair of terrifying green eyes.

Just like a wild wolf, those green eyes were full of thorns and icy light..

A gentle breeze blew over. It seemed that there was a wheelchair parked here not long ago. However, after a few seconds, there was nothing left except for two rows of wheel marks on the ground, there was also a leaf gently falling from the tree..

“When will it be ready?” Outside, Bai Zhi asked Yan Huan, “Your meat has been chopped for a long time.”

“Yeah, I’m so hungry too...” Zhu Meina lay listlessly on the sofa. She was not afraid that she would not flatten her breasts.

If Yan Huan knew what she was thinking, he would have snorted. How could her breasts be flat? Those breasts were not real. Even if they were pressed, they would not be flattened.

Yan Huan was inside, using a knife to chop the meat. This meat had to be cut by hand. Using a machine to cut it was not good at all. It had to be cut by hand. Only then would the meat be tenacious, of course, the fried meatballs were also delicious.

After the two women had eaten that kind of meatball once, they were actually like Lu Yi. They were addicted and had to make her make it for them. Even if there was no food, it was fine. But this meatball.., she had to make it for them to eat.

Alright, I’ll make it. It just so happens that Lu Yi can eat it when he comes back.

Of course, she only wanted Lu Yi to eat it. As for the two women outside, she wasn’t in the mood to make meatballs specifically for them. She wasn’t their personal chef.

“You can’t eat hot tofu in a hurry.” She picked up the kitchen knife again, chopping, chopping, chopping..

When the phone in her pocket rang, she took it out.

It was Lu Yi’s.

What’s wrong? Calling her now? Did he miss her.

Yes, she knew he must miss her.

“Hello...” she put the phone to her ear. Of course, her other hand was busy too.

“Huanhuan, where are you?”

Lu Yi’s voice sounded a little off. was he anxious or something?

“I’m at home.” Yan Huan put down the hand that was chopping meat, “I’m making meatballs for you. Zhu Meina just happened to be here. She’s trying to make a living tonight. I’ve made a lot of dishes today, including the fried meatballs that I like the most. Oh right, there’s also sweet and sour fish. It’s your favorite too. What else do you want to eat? I’ll make it for you.”

“En, that’s all. Don’t go out. I’ll go back immediately.”

“Okay,” Yan Huan agreed readily. Of course, she wouldn’t go out either. if she dared to go out. Zhu Meina was the first to be unwilling. Moreover, they had everything at home. There was meat, fish, and

even chickens that were ready-made. They were slaughtered on the spot. Of course, the vegetables they ate were all grown in their own homes, so they really didn't need to buy anything?

For other condiments, such as soy sauce and vinegar, they bought them by the box. They used very few of them, so they really didn't lack anything.

After all, Liuyuan wasn't like other places. As long as you went out, you could see large shopping malls and supermarkets. Although Liuyuan wasn't considered isolated from the world, if you really had to queue for something to buy.., that would also be quite troublesome. It would take at least half an hour's journey.

Yan Huan once again put his phone back into his pocket, then continued to chop meat with a knife.

As for the two women outside, forget it. She really felt that they weren't women. They were simply kitchen killers. Zhu Meina didn't mention it anymore. In any case, she had seen it for herself. It had been so long.., she didn't seem to have much strength. It was still the same. As long as she entered the kitchen, she would either break the plates or the bowls. How many bowls would she break.

As for Bai Zhi, she had never thought that a bodyguard could wear an apron and cook in the kitchen.

Yes, Bai Zhi didn't know how to do it. She didn't know how to do it at all.

As Yan Huan's thoughts ran wild, he also busied himself in the kitchen. When Auntie Gu returned, he went to the ground to pick some vegetables. He also collected some eggs. They were all natural and fresh.

The vegetables were freshly picked, and the eggs were only laid today by the chicken.

There were no other ingredients that were fresher than this. That was why Yan Huan sometimes thought that the reason why her body had recovered so well was probably because there was almost no pollution in the air, furthermore, she was eating these fresh ingredients. Even if she did not want to recover, it was impossible.

With Aunt Gu's help, it would be much faster. Aunt Gu would cook fish and chicken nuggets while Yan Huan would eat fried meatballs. As for the other dishes, they were all prepared in advance and cut up. It would take about an hour, they were almost out.

When the sound of a door was heard from outside, Yan Huan knew that Lu Yi had returned.

Lu Yi had said that he would be back in a short while. If he counted the time, it would only be around an hour.

The moment Lu Yi entered, he noticed Yan Huan holding a plate and even let him take a look at it. The center of the plate was none other than his favorite kind of meatball. Actually, this kind of meatball was not easy to make, firstly, he had to chop the meat by hand. Initially, Yan Huan was very tired from learning, but later on, he slowly got used to it. Now, he was not too tired either because the meatball was made purely by hand, that was why the meatballs she made were extremely delicious.

When Lu Yi saw that Yan Huan was here, he indeed heaved a sigh of relief. It was good that he was fine.

“What’s Wrong?” Yan Huan also sensed that something was wrong with Lu Yi. Don’t forget, they were husband and wife. Lu Yi knew how she felt, and she could also guess what was on Lu Yi’s mind.

Something must have happened. Otherwise, it was impossible for Lu Yi to come back now. He had always been very disciplined, and it wasn’t time to get off work yet. According to the time, it wasn’t time to get off work yet, he was leaving early, and these things weren’t things that Lu Yi would do.

Therefore, she felt that it was strange.

Lu Yi walked over and took out a ball from the plate and put it in his mouth.

Chapter 1703: could not be found

“There have been a lot of things recently. Don’t go out.” Lu Yi stared at Yan Huan’s eyes seriously. “Remember, don’t go out.”

Yan Huan blinked her eyes.

“I rarely go out.” Yes, she had really rarely gone out recently and had almost closed her door. “Did something happen outside?”

“Yes, something happened,” Lu Yi did not hide it from Yan Huan.

“Sun Yuhan disappeared again.”

“Disappeared?” Why did Yan Huan feel that these three words were somewhat ironic.

How could she disappear? She had become a cripple, and she couldn’t even leave. How could she disappear? She was in a wheelchair. Could it be that she could go on a trip just like that?

Although Sun Yuhan was a little willful, willfulness was also a basic condition for her to be willful. For example, a healthy body. But did Sun Yuhan have it now?

With her leg that was in a cast.

And with her skill in pushing a wheelchair, she could be compared to a normal person.

“Was it made by Arnold?” Yan Huan put down the plate and gently bit her red lips. Other than this person, she couldn’t think of a second person who would take Sun Yuhan away.

“It should be.” Lu Yi gently stroked Yan Huan’s hair. “Arnold once appeared in the hospital and almost choked Sun Yuhan to death.”

“This time, it should be done by him too.”

When Lu Yi learned the news of Sun Yuhan’s disappearance, the first thing he thought of was Yan Huan’s safety.

Fortunately, she was fine. Fortunately, she was still here.

“In the future, no matter what that woman says, you can’t go out, understand?”

"Don't worry, I know." Yan Huan naturally wouldn't go out. It was an accident that happened once. If she did it twice, it would be called stupidity. She had suffered a great loss in the past. This time, no matter what.., she wouldn't suffer this loss again.

"Alright." Yan Huan held onto Lu Yi's arm. "Let's eat first."

"Alright." Lu Yi was indeed relieved. However, he could forget about taking a leave of absence for the next few days. He was still worried about Yan Huan. He wasn't afraid of Ten Thousand, but he was afraid of ten thousand. If Yan Huan was soft-hearted at that time.., he might be cheated again.

The table was already filled with dishes. There was meat, fish, and eggs. The dishes made by Yan Huan were all very beautiful. Of course, the taste was also quite good.

The three children all liked to eat her cooking. Sometimes, if she encountered a delicious dish, she would put in a lot of effort to learn it, so she had to learn it one by one, this was how she became the person she was now.

Practice makes perfect. She often went into the kitchen, so the dishes she made became more and more delicious.

After eating, Zhu Meina left. She didn't need to be sent back and forth anyway. She had been back and forth many times. She was used to this road. Bai Zhi still worked and rested the same way. He wasn't in his own room, he just stayed in the living room. He wasn't too talkative, but he could endure the loneliness.

As for Lu Yi, he brought his work home to do. He was afraid that the previous events would happen again.

Sun Yuhan, this woman, was capable of doing anything. Who knew what he would do to deceive Yan Huan.

And he had really guessed right. There were some tricks that could be used just once. However, there were some people who had nothing to do and had to use the same trick again and again.

"Yan Huan, do you really not want to know who knocked you into a vegetative state and your son into a blind man?" Sun Yuhan's voice sounded like a ghost on the phone, as if she had something here, it was a roasted chicken that smelled delicious. Everyone wanted to go over and take a bite.

"Do you really not want to know? As long as you come over, I'll tell you."

This was a great temptation, but Lu Yi did not feel that this temptation was very tempting. From Sun Yuhan's mouth, nine out of ten sentences were false, and the other sentence was half-true and half-false. No one knew whether it was true or false?

And at that moment, he was holding Yan Huan's phone.

"Sun Yuhan, was it Arnold who took you away?"

Sun Yuhan was stunned on the other side. How was it him? She secretly glanced at Arnold. She was afraid and hateful. She also had tears and a nose. Fortunately, she was not stupid, and she did not say who the person on the other end of the phone was?

He had already guessed that it was like last time. What do you think we should do?

Sun Yuhan spoke to Arnold, and her relatives and friends also let Lu Yi know. Lu Yi was much more useful than Yan Huan. He would definitely be able to save her, right?

Wasn't he very capable?

Arnold was a stubborn man who had changed too much. Just like how he insisted on capturing Sun Yuhan, he also insisted on looking for Yan Huan. If one were to ask him why, in fact, even gong himself did not know.

This was the thought of being too sick. If he wanted to do this, he wanted to do it.

Other than these two things, he did not want to do anything. He did not want to see anyone.

This was his greed. It was the persistence that was engraved in his soul.

Therefore, he wanted to capture Sun Yuhan. He wanted to torture Sun Yuhan, but he also wanted to find Yan Huan.

Sun Yuhan bit her red lips. Her bottom was wet because she had peed on her pants. With her like this, it was impossible for her to move, and it was also impossible for someone to help her solve it. She wanted to go home. She had to go home, this Arnold was already a madman. He was a madman. He was a madman.

And everything he did now was because of Yan Huan.

"Sun Yuhan, in about two hours, think of a way to call back. We'll try to find your location. Remember, be smarter. Don't make yourself stupid."

Lu Yi put down Yan Huan's phone and took his own. He dialed Lei Qingyi's number. Lei Qingyi was still struggling because she wanted to find Sun Yuhan, ye Jianguo was sitting at the Safety Hall. If he couldn't find her, he wouldn't leave. If there was no news, he wouldn't leave either. As for ye Jianguo's actions, Lei Qingyi was really helpless. It wasn't like he was the one who lost her, did he have to stare at him like that? Moreover, even if he was looking for her, wouldn't it take a certain amount of time? Looking for her wasn't just a matter of words. As long as he said he was looking for her, he would be able to find her immediately.

Then he wouldn't be missing, but he would be out having fun.

Ye Xinyu had been missing for so long. Why hadn't he seen ye Jianguo so anxious? He wasn't willing to give up after finding someone.

A person's heart was indeed biased, so it was normal for him to be biased. However, it was impossible for him to be so biased.

He didn't care about his own biological grandson, but he poured his heart and soul into the biological granddaughter of another person. He gave her whatever she wanted. He didn't even have a moral bottom line.

Chapter 1704: was missed

And now, how could he not be overwhelmed? He only had a tiny clue, yet he wanted to find her, or he needed to find her overnight. He was not a god, so how could he find her?

Moreover, it had not even been 24 hours. Perhaps she had really gone somewhere to play or buy things. Others might not, but to Sun Yuhan, there was nothing in the world that could stop her from shopping.

However, ye Jianguo was now firmly convinced that his granddaughter had gone missing, or had been kidnapped by that Arnold. Therefore, now he had to make the entire security hall go out to look for her.

Look for her? Alright, look for her. The problem was how he was going to look for her, and where he was going to look for her. Even if he really wanted to look for her, he had to at least have a clue.

And now, his only clue was Arnold, but he couldn't even find Arnold, so how was he going to look for Sun Yuhan, who had been captured by Arnold.

Wasn't this forcing him? This was completely unreasonable.

At this moment, his cell phone, which he had put aside, rang. He hurriedly picked up the cell phone and put it beside his ear.

"Alright then. Come over quickly. I'll prepare it right away."

Lei Qingyi quickly hung up the phone to alert the various departments. They immediately searched for the specific location and coordinates of a phone.

Not long after, Lu Yi arrived. He also saw ye Jianguo, but he did not greet him. Even if he did, he would not give him a good look, so what was the difference between greeting him or not? Yes, what was the difference between telling him?

Did they say anything?

Lei Qingyi asked Lu Yi. They were basically ready now. They were just waiting for the call. As long as they found the place, they could save him. Actually, letting Yan Huan Go was the best way, however, Lu Yi could not let his wife take such a risk for Sun Yuhan. Moreover, why would yan huan use him as bait? Was Sun Yuhan a friend?

No.

Was she a relative?

Even less so.

As for what she was, she was simply a hateful woman. Yan Huan wanted her to get as far away from him as possible. He wanted to use his own danger to save her, not to mention that Yan Huan did not agree.., first of all, Lu Yi would not agree.

About an hour later, the phone in Lu Yi's hand rang. When Lu Yi picked up the call, Lei Qingyi and the others began to search for these radio waves. The other side of the phone was rambling on and on, pretending to be pitiful at one time, at another time, it was a threat. As expected, they had filmed a movie. Putting everything else aside, there was absolutely no problem with singing, chanting, and

beating. At this time, Arnold's mind might not be on this matter, so he would not think too much about it, he wouldn't have thought that the other party was using the phone to check their information.

Until a staff member made a hand gesture to lei qingyi. This hand gesture meant that they had found the place. Yes, they had found it.

"Stay there and don't leave. We'll go over immediately," Lu Yi lowered his voice so that others wouldn't hear him.

Then, he hung up the phone. Lei Qingyi nodded at him and was about to go over to the landlord.

On the other side, Sun Yuhan hung up the phone. "She doesn't believe what I said. She Won't come."

"Then don't even think about it." Arnold's current appearance was like a green-eyed evil spirit that had crawled out of Hell. That pair of eyes was really too terrifying. It was so terrifying that Sun Yuhan could not help but shudder.

If you give me a chance, I will definitely let her come over.

Sun Yuhan begged herself. If she could kneel, she would have already knelt down for Arnold.

Arnold narrowed his eyes, and unintentionally, he actually discovered something else in Sun Yuhan's eyes. It seemed to be relaxation, relief, or complacency.

And these things were not fear, nor was it fear.

Sun Yuhan knew how to act. She acted on television, and she acted in life. Regardless of which kind of show, she had a fatal flaw, which was that there was no hope in her eyes.

"What are you hiding from me?" The color in Arnold's eyes also became heavy.

"Nothing. What could I be hiding from you?" Sun Yuhan hurriedly explained, but the more she explained, the more guilty she became. The more guilty she was, the more beads of sweat appeared on her forehead.

When Arnold saw her like this, he knew that Sun Yuhan must have done something behind his back. For example, he suddenly remembered that Sun Yuhan wanted to make two phone calls. And when she put down the phone, she clearly didn't come, however, she heaved a sigh of relief.

Arnold stood up and directly opened the door. Then, he pushed Sun Yuhan out. At that moment, Sun Yuhan was tied to the wheelchair. Even her mouth was stuffed with a ball of cloth.

"Wu Wu... Wu..."

She kept shaking her head and looked behind her. Why didn't anyone come? What were they eating? Why couldn't they even do such a small thing? Why were they still acting like policemen.

While she was blaming others, she didn't think about how things had turned out this way. It was all her own fault. She had exposed the pride in her heart too early, she had also felt that she had been saved too early, which was why Arnold had become suspicious.

Arnold directly stuffed her in the car, and then drove the car to another place overnight.

Sun Yuhan was like a pile of goods that were randomly stuffed in the car. She was not muffled, but also tied up. The sound of her funeral was completely blocked by the car.

Not long after the car drove, Ah Nuo had already discovered a very deliberate group of cars driving towards the place where he had just been

Ah Nuo sneered. It would not be so easy to catch him.

As soon as Ah Nuo had left, Lei Qingyi had arrived almost immediately. However, when he arrived with his people, he did not know that Ah Nuo's car had already left their sight. By the time they arrived.., the building was already empty.

The moment Lei Qingyi entered and saw the empty house inside, he was so angry that his eyes turned red. He was so angry that his heart ached.

He placed his hand on his waist. He had gone through so much trouble in the middle of the night, yet he had come back empty-handed. It seemed that he had gone through so much trouble for nothing.

"Chief, what should we do now?"The policeman at the side hurriedly asked Lei Puyi.

"What else can we do? Chase them. They shouldn't have gone far."

One person might be able to walk easily, but if they were to bring along a cripple in a wheelchair, they definitely wouldn't be able to run far.

However, they had chased for a very long time, but they hadn't seen the two people. Lei Qingyi knew that this operation had completely gone awry. She didn't know how that hateful Arnold knew.., he had directly taken them away, and they were just one step away. Yes, perhaps just one step away, and they would be able to catch them.

Chapter 1705: how could there be a her in this world

When he went back, it was already midnight, and he hadn't eaten or rested for a day. He just wanted to take a nap.

However, he heard a bang. He suddenly shivered and stood up as well. What happened? Was there an earthquake?

It wasn't an earthquake. It was ye Jianguo. To them, Ye Jianguo was much scarier than an earthquake.

"Ye..."

Lei Qingyi didn't have time to speak.

Ye Jianguo interrupted him.

"Lei Qingyi, Where's my granddaughter? Didn't you go to look for my granddaughter? I'm asking you, where's my granddaughter?"

"I'm sorry, Old Ye. When we went there, we didn't see anyone. Maybe..."he wanted to explain, but it seemed that ye Jianguo didn't want to hear his explanation, nor did he want to hear any reason.

“Lei Qingyi, I want to know why you are so useless. How can you still sit in the position of director of the Safety Hall? If you can’t find anyone, then I think you should abdicate and give up your position.”

These words were really unpleasant to hear.

And now Lei Qingyi finally understood why even ye Chuji hated ye Jianguo. He really knew how to talk. Whatever was unpleasant to hear, he would say it. Whatever poked people’s heart, he would also say it, the veins on lei qingyi’s forehead were throbbing wildly, but in the end, he endured it.

“This is not outside of our guarantee. We can do our best. But please rest assured, Old Ye, we will definitely step up our investigation.”

Ye Jianguo directly snorted, his face full of contempt.

“With just you?”

Lei Qingyi held it in again. Yes, he held it in.

Lei Qingyi knew that she couldn’t sleep today. He probably had to stay up all night to check the surveillance footage of these few areas, to see if he could find any clues. That Arnold was more troublesome than he had imagined, he was also more troublesome. It was no wonder that they couldn’t catch such a troublesome person. Could it be that this person also knew psychological warfare and could predict what they would do next, so they avoided him perfectly.

“Knock, Knock...”

There was a knock on the door from outside

“Please come in.”

Lei Qingyi pinched the space between his brows. He was tired and hungry. He was really suffering.

The door opened and Lu Yi walked in with a lunchbox in his hand.

Lei qingyi suddenly swallowed his saliva.

“Is it for me?”

“Yes, Huanhuan made it. I brought some back for you.”

Lu Yi opened the lunchbox and the food inside came out with the aroma of rice. Yan Huan’s fried noodles, mushroom soup, a seafood porridge, and the pancakes that he made were all very delicious.

When he returned, he happened to see Yan Huan busy in the kitchen, so he asked her to make an extra serving and sent it over to Lei Qingyi. He also knew that Lei Qingyi had not eaten for a day, so she was definitely hungry.

And tomorrow, he might not be able to rest. Sun Yuhan had not been found, so how could ye Jianguo let him off? However, even that Arnold could be considered a character, so he was really not that easy to deal with. Otherwise., the current Lei Qingyi would not have such a headache.

Lei Qingyi took the chopsticks and started eating. He was really too hungry. In the end, after just one bite, his eyes widened to a terrifying extent. Heavens, how could it be so delicious., it was also possible

that it was because he was too hungry. Therefore, he really felt that this was the best fried noodles he had ever eaten. There were also meatballs inside. This was what was truly called “Crispy on the outside but tender on the inside.” One bite.., it was so fragrant that he wanted to bite off his tongue.

“Oh right, where did you buy this? Why Is It So Delicious?”

Lei Qingyi picked up another meatball and put it in his mouth.

Lu Yi sat at the side and watched Lei Qingyi eat.

“These meatballs were something that Huanhuan learned from others in that small city. It’s a skill that others don’t pass down. Also, the seafood congee you drank was also from that place. It’s a specialty of that place.”

Lei Qingyi couldn’t help but swallow his saliva. He hurriedly took the congee and began to eat it. This congee didn’t seem to have any special features on the outside. It looked like an ordinary bowl of plain congee. However, after a spoonful of it was eaten.., he knew that this congee had some ingredients in it. It was all good stuff. There were shrimp, eggs, fish, and peanuts. The taste of this congee was so good that he couldn’t bear to eat it.

TSK, such delicious porridge. Yes, how could it be so delicious.

He was too hungry and ate quickly. After eating such a big bowl of porridge, he had also finished the fried noodles. However, he still felt a little short. He had been here for a whole day, and in that one day.., he hadn’t eaten much, so this was really not enough. Others needed bowls, but he needed a washbasin.

Lei Qingyi touched her stomach and wiped her mouth with her hand.

“Your Grandpa is really...”

He didn’t want to say anymore. “Do you know what he said?” After eating, Lei Qingyi was in the mood to settle old scores, “Just because I didn’t find his granddaughter back, he scolded me for not being worthy of being the head of the security department. He even asked me how I became the head of the Security Department.”

“I became the head of the security department after so many years of hard work. Who Dares to deny me?”

Lei Qingyi was really angry. “He is really an old fool. I really hope that I will never find Sun Yuhan in my life. My granddaughter is a disaster, and my grandfather is even more so.”

As long as there was no Sun Yuhan, that evil person, everything would be fine. The weather was fine, the sky was clear, the ground was flat, and the sky was bright. Everyone was fine.

“Tell me, how did a Sun Yuhan appear in this world? “She messed up everyone’s world. This rat didn’t just ruin a pot of soup, he ruined years of our soup.”

Lu Yi actually wanted to ask this question, but who could answer him?

Yes, how could there be a Sun Yuhan in this world? Why would there be a Sun Yuhan? If there was no Sun Yuhan, then how good would it be? If there was no Sun Yuhan, then their lives would probably be peaceful forever.

If there was no Sun Yuhan.

But how could there be no Sun Yuhan in this world?

Perhaps this was what others said was fated. He would lose his memory in the flood and bring back a Sun Yuhan. And Sun Yuhan just happened to be ye Rong's daughter. This might be what they owed ye Rong, so now, they were asked to pay back these past favors.

All of them had to pay back.

But what Sun Yuhan owed them, how was she going to pay it back? who was going to pay it back? Sun Yuhan's children? However, Lu Yi was really ridiculous. Ye Jianguo wanted to find a high-class family for his granddaughter, he also wanted to find a man who could let Sun Yuhan continue living like a princess. However, would it be so easy? With Sun Yuhan's reputation, who would want it? Who would dare to want it.

Chapter 1706: clues

However, it was possible that someone would really want it.

Lei Qingyi shook his head and sat in front of the computer.

Lu Yi also walked over. He was considered an expert in this area and had a special talent in computer science, so it was not too difficult for him to help him with these things.

The two of them worked for another night, but even after a night, there did not seem to be any progress.

At this moment, it was almost dawn outside. The Sun broke through the clouds and also rose. This was the beginning of the day. However, Lei Qingyi wanted to say good night with the Sun. He was really too tired and too sleepy, he wanted to sleep, but he couldn't sleep. This kind of life would only end once and for all.

Director, someone is looking for you outside.

The person at the door had just said something, and it gave Lei Qingyi a big scare. He was so shocked that his sleepiness disappeared in an instant. He hurriedly stood up. When he turned around, he saw that Lu Yi was still busy in front of his laptop. Lei Qingyi really wanted Lu Yi's laptop, but he couldn't buy it. If he could buy it.., he would definitely get a few more for himself to go home. He didn't find it tiring to carry it around every day. It wasn't tiring, it wasn't tiring, it wasn't tiring at all.

"Auntie Gu, Why is it you?" Lei Qingyi yawned and saw auntie gu carrying a large pile of things over.

"Yes, I'm here to bring you some food. Miss Yan made this herself and asked me to bring it over. Mr. Lu didn't allow Miss Yan to go out, so Miss Fang only asked me to bring it over."

When Lei Qingyi heard that there was food, she perked up. It was just the right time. He was hungry. He had already digested the food he had eaten yesterday and was in need of food. However, it was only six o'clock. He didn't know if there was any outside, most importantly, no one wanted to go out now. Everyone had been tired all day. How long would it take before they could find a place to sell breakfast? He didn't know if it was good or not?

Lei Qingyi quickly tidied up the table.

Auntie Gu put down the things she had brought.

"This is Miss Yan's Fried Pancake. It has a lot of calories, so you'll be hungry if you eat it. There's also eight treasures spinach. You can eat it together with the pancake. There's also seafood porridge. I took a lot this time, so you and Mr. Lu can eat two big bowls each."

"Miss Yan said Mr. Lei ate a lot. She was afraid that you'd eat all the food, so it's Mr. Lu's turn."

Lei Qingyi's mouth twitched in an awkward angle. Yes, he ate a lot, but he wouldn't really eat everything and not leave it for his brother, right?

At the very least, he could eat noodles, and his brother could still drink soup.

Auntie Gu took out all the food inside. The two lunch boxes were filled to the brim. This was enough for four people. Even if lei qingyi could eat, he could still eat three for him, right, she just hoped that the three of them could really eat enough and leave some soup for Lu Yi to drink.

"Auntie, we might still need to be here for lunch. Can you ask Yan Huan to make something for us too? The fried noodles and the meatball from yesterday were pretty good."

Lei Qingyi looked at the meal and wanted to make sure the next meal was ready.

"Mr. Lei, you really know what you're talking about."

Auntie GU said with a smile, "The fried noodles cooked by our miss yan are the best, especially the meatball that she fried. It was an ancient recipe used by other families to earn money. Miss Yan also got her hands on it. Miss Yan fried a lot of meatballs. Mr. Lei is a person who knows how to eat."

"Of course." Lei Qingyi had always known how to eat. Moreover, he personally liked to go to places that did not reveal anything because the food there was the most authentic, this allowed him to dig out many good places and even bring out delicious food.

He could definitely eat meat and of course, there would be good food to eat. This was something he could guarantee with a pat on his chest.

Meanwhile, he had already picked up his bowl and started drinking the porridge. Auntie Gu could even stand by the side and wait for them to finish eating before taking the lunchbox away. Otherwise, when they arrived at noon, what would they need to bring over? Was it a large iron basin?

Lu Yi also closed his notebook and picked up an oil pancake before eating it.

The oil pancake that Yan Huan Fried was really very delicious. Coupled with the dishes that she cooked, it was even more delicious. Also, this bowl of seafood porridge was also very good. After they were full, they still had to be busy.

Lei Qingyi really finished all three servings of rice. He rubbed his stomach. Why was he still a little hungry? It was impossible not to eat today. He had eaten so much all at once., he still did not feel full.

Aunt Gu then took the lunchbox over. However, she admired lei qingyi's appetite. It was really a loss to eat three people's food alone..

His family was not poor because of him.

Of course, no matter how much the Lei family was, they would not be poor because of Lei Qingyi. Lei Qingyi could eat ten people's meals, not to mention three people's meals. Even if he could eat twenty people's meals, it would not be a problem, as long as his stomach had such a large capacity, the Lei family would naturally be able to support him.

After Lu Yi finished eating, he took his notebook over and placed it on the table.

'this time, I'll have to trouble you again.'Lei Qingyi really felt that she had let Lu Yi down. However, there was no other way. There was really no other way. There was no one here who was more familiar with these things than Lu Yi, lu Yi was a computer genius. They needed to check a large number of surveillance cameras, so they really needed Lu Yi. Also, the person who was lost was Sun Yuhan, so no matter what., they had to find the person as soon as possible.

Otherwise, ye Jianguo would definitely eat their food.

Lu Yi didn't really want to talk. He just wanted to find the person quickly, not only for Sun Yuhan, but also for Yan Huan. As long as that person was there, Yan Huan wouldn't feel safe for a day.

That was a terrifying man. His terror didn't lie in how powerful he was, but in his instinctive reaction to human's subconscious actions. or to put it more simply, he could smell danger., that was why no one had caught him for such a long time, because he wasn't easy to catch.

As for whether Sun Yuhan was alive or dead, Lu Yi didn't care at all.

"Take a look at this."

Lu Yi handed the things he found to Lei Qingyi. In the picture, Lu showed a car, which had been sold to a man. The man was wearing sunglasses and didn't like to talk much. When he spoke, his tone was a little strange. This car happened to be on the road with me last night.

Lei Qingyi put down the pile of documents in his hand and hurriedly stood up. He was about to get someone to check the car, and they successfully found the car,

Chapter 1707: ran away

However, when they went over, they did indeed see this car. It was just as Lu Yi had said, they had bumped into this car before.

However, the problem was that the night they were one step away, Arnold had already left with Sun Yuhan. Perhaps it was just as they were worried, that person had an instinct for danger.

Of course, it was this instinct that allowed him to run again and again. Up until now, no one had ever caught him. Fortunately, he only had Sun Yuhan as a hostage. If it was someone else, such as a country's leader, they would have used this method of avoiding him, they might really not be able to find her in their entire lives.

This was the most terrifying opponent, and it was an opponent that did not want to meet with you. Such an opponent really made people helpless, and they were even at their wits' end.

This was because you had no idea where he was right now. He might be a few miles away from you, or he might be right under your nose.

Lu Yi seemed to have slowly figured out some of Arnold's ways of thinking. For a few days in a row, he had almost succeeded a few times. Lei Qingyi thought that he might really be about to catch him, and he believed that.., he would definitely succeed.

Now, they were just a little off. As long as they worked harder, as long as Lu Yi's hand speed was a little faster.

Until they really caught that man again.

Lei Qingyi finally heaved a sigh of relief. They had finally caught him. Although they had only caught Arnold now, as long as the person was caught, Sun Yuhan would be found.

Coincidentally, Auntie Gu came over.

"I can finally have a good meal." At this moment, Lei Qingyi really wanted to hug Auntie Gu and cry. He was really miserable. He had been as tired as a dog for the past few days.

He had been investigating cases day and night. If not for Auntie Gu bringing them three meals a day, he might not only have died of exhaustion, but he might also have starved to death.

Auntie Gu brought over a few lunchboxes. Every time, she needed a few to be enough to eat. Lei Qingyi's appetite was really too big. The bigger ones were a little scary. Moreover, he had been quite tired recently, so he ate even more.

Yan Huan had to cook for about five people to feed him and Lu Yi. Lu Yi still ate the same amount, but Lei Qingyi couldn't. He needed to eat for four people to fill his stomach.

There were already five servings of fried noodles on the table. There was everything in the fried noodles, including shrimp, scrambled eggs, green peppers, and so on. In short, there was really everything. There was also Lei Qingyi's favorite meatball.

Lu Yi ate the fried noodles while drinking the mushroom soup that Yan Huan made. Actually, it was not only lei qingyi, but even he also let out a sigh of relief.

It was good that he had caught him.

This person was indeed not that easy to deal with. Actually, it was a fluke that he could catch him. Of course, it was Arnold's misfortune that he was caught. It was Arnold's carelessness, and it was also Lu Yi's fluke. It was really just a little bit.., and this was enough to determine the outcome of the match.

Yan Huan's noodles were getting better and better. Lei Qingyi was practically crying as he ate these noodles. There were three plates that were all his. How happy would he be.

It was just a pity that his lingling didn't know how to cook.

However, it didn't matter even if she didn't know how to cook. He still had a lingling who loved his family. It was impossible for every woman in this world to be Yan Huan. She had everything. Of course, all kinds of suffering.., were more common than ordinary people

However, it was also because of the suffering that she had experienced that she had everything she had now. She only hoped that her suffering would be less in the future and that she wouldn't have to suffer like an ordinary person anymore, she just wanted to live a peaceful life like this.

Lei Qingyi carried another plate over. Even though he was hungry, he still liked to eat.

Fortunately, no one had seen Lei Qingyi's eating manners. Otherwise, they might really have to give him a pig's eating manner.

The two of them were already relieved and were doing their own things. Just as they were about to leave, Lei Qingyi received a call from one of her subordinates,

"What did you say?"

"He ran away?"

Lei Qingyi immediately shouted.

"How could he have run away? How could you let him run away?"

"He ran away when he went to the toilet."

Lei Qingyi really wanted to smash his phone. Did they know how hard it was to catch this person? They had sent out more than ten times before they finally caught him.

It would not be so easy to catch him once again since he was already on alert.

Lei Qingyi paced up and down in his office from time to time, and his tone was fierce, "Didn't I tell you not to let him go? No matter what he does, you have to keep an eye on him. How could you guys lose him?"

"Don't give me any more excuses. Lei Qingyi roared again. Why would I listen to your excuses? If I were a human, a human, or a criminal, it would not be your apologies, not your apologies."

Go and look for him

He was so angry that he felt his lungs hurt. He walked from time to time and held his phone tightly.

At this moment, he felt a very uncomfortable feeling in his heart.

That was, it was over.

Yes, it was over.

He had worked so hard to capture that person. For many days, he did not sleep or rest. He ate and slept here every day. There was also Lu Yi. He guarded that person every day and competed with him in terms of intelligence and courage, he had practically thrown his vacation aside, afraid that he would miss out on something.

They finally managed to capture that person. They could finally breathe a sigh of relief and throw this mess out.

But what exactly did these bastards do? They actually told him that they had lost the person, that they had lost the person when they went to the toilet. They even asked him to go to the toilet. Couldn't they just let him pee on the car and poop on the car?

These bunch of things that couldn't accomplish anything but could still do more harm than good.

Lu Yi placed his hand on his temple. His expression wasn't too good either. This was even more tiring than fighting a lawsuit. If he was always this tense, then whether it was his spirit or his body., he was about to fall apart.

Moreover, he suddenly relaxed. He didn't want to return to the situation back then.

This was why Lu Yi was so tired. His mind had been spinning at a high speed for the past few days. He had not slept or rested for a few days. Now that he was fine, he had to do it all over again.

This time, it might not be easy to find him. Lu Yi opened his notebook. I have to think carefully. Where will he go?

It was indeed a headache to face such a person. That person's sensitivity to danger was really too strong.

It was easy to capture him once, but it was really difficult to capture him a second time. This time around, Lu Yi also did not know where he would be?

Chapter 1708: was temporarily closed

"Where do you think he is now?" Lei Qingyi asked Lu Yi, "You're not the best at guessing a person's thoughts. If you were that man now, where would you go? You'd also have to bring a woman with crippled legs and a wheelchair. If they want to live, they can't not eat, drink, and sleep, right? He still has to solve his most basic physiological needs. Eat, drink, and sleep."

So, he wanted to hear Lu Yi's thoughts. Where would that person hide now?

"If I were him..." Lu Yi placed his hand on his knee and gently tapped it.

"I won't be coming out anytime soon. At the very least, I won't be coming out for a few days. I'll find a safe place to hide. I Won't move around carelessly until the alarm is lifted."

Lei Qingyi nodded. That was what I was thinking, but this would also be our most difficult time.

Lu Yi stood up and picked up his notebook as well.

“Where are you going?” Lei Qingyi saw Lu Yi packing up and was about to leave. No matter if he was going to help him or not, what was he going to do? Was he going to capture him or not.

“I’ve said it before. He won’t be coming out anytime soon. It’s useless for us to stay here.”

Lu Yi had already packed his notebook in his bag and was preparing to leave. “I’ll come back in a few days.”

Lei Qingyi had his face slung across his shoulder. He wanted to go back too. Even though they knew that person wouldn’t be coming out anytime soon. However, as the director of the Safety Hall, he still had to stay here and give everyone a good lesson. Hence, he wiped his face. He still had to eat and live here. The most important thing was that Lu Yi wasn’t around, so they wouldn’t send him food. What should he do with his food? Who should he look for to settle it? Could it be that he really wanted to eat instant noodles and water for a few days? Could it be.., he really wanted to live like this.

“Do you want to think about staying here first?” Lei Qingyi followed. He didn’t want Lu Yi to leave anyway. “I think you might as well not leave. Maybe you’ll get inspired later?”

“Do you think I’m writing a book?” Lu Yi turned around and asked Lei Qingyi.

“If you want inspiration, then get it. We Lu family can’t come up with any inspiration.”

After Lu Yi said that, he strode out while Lei Qingyi tugged at the corner of his sleeve. What he wanted to say was, could he still send him a bowl of rice in the future? If he didn’t care about him in the future, then what would he eat?

But before he could blurt out his words, Lu Yi had already left.

Lei Qingyi could only get someone to buy him a box of instant noodles and prepare to soak it for dinner. In fact, everyone was like that now. Who didn’t eat instant noodles every day.

Looking at the buckets and buckets of instant noodles, Lei Qingyi really felt like crying but no tears came out.

Recently, he had gotten used to eating big fish, but all of a sudden, he could only eat instant noodles. Wasn’t the difference a little too big.

However, no matter how much he disliked it and how much he felt like he didn’t want to eat it, he still made two buckets of instant noodles for himself in the end. Before he could finish it, someone outside told him that Ye Jianguo was here.

Why was he here?

Lei Qingyi put down his chopsticks, adjusted his clothes, opened the door, and walked out. He still had the smell of instant noodles on him, but even if it was like this, he still wanted to eat it now, he only hoped. After Ye Jianguo finished speaking, he could leave immediately. His noodles were cooked and he hadn’t eaten yet.

“Elder Ye, you’re here.” He hurried over to greet him. Of course, he also wanted to give him a smile, but the smile on his face was stiff and ugly.

“I heard that you found that person?”

Ye Jianguo stared straight at Lei Qingyi, and Lei Qingyi felt that there was a trace of disdain in ye Jianguo’s gaze.

He didn’t like this kind of gaze, but in the end, he still had to put on a smile to others.

“We did catch that person, but that person was really too cunning. He actually let him escape.”

“Escaped?” Ye Jianguo narrowed his eyes. The expression on his face was definitely a fake smile.

“Yes, he escaped.” Lei Qingyi still braced himself, but he felt that his face was a little hot. Those things that were not there, even he could not look at them well. Now, he had to put on a smile for others, being despised by others, he, Lei Qingyi, did not owe the ye family anything.

“You only have this little use and you even became the director of the Safety Hall. If I Were you, I would immediately take off this shirt and leave. If I didn’t step into this safety hall, you still have the face to tell me that you ran away. Look at how useless you are. If I Were you, I would have covered my face and left by myself.”

As expected, ye Jianguo’s words became more and more unpleasant. Of course, he wasn’t polite to Lei Qingyi at all.

Lei Qingyi had never been humiliated like this in his entire life. Even his father had never scolded him like this. Why should he, Ye Jianguo, scold him like this? That’s right, why?

Just because he was old and his surname was ye. It wasn’t because he had any ability or family matters. Just because of the ‘Ye’ character, even if it wasn’t for ye Jianguo’s face., however, Ye Chuji still had to give him some face.

Therefore, he endured it. Moreover, this was the safety hall, his territory. If he were to directly quarrel with ye Jianguo like this, could it be that he still had a reputation?

Therefore, he could only endure it. He endured it with all his might, but he also gritted his teeth and endured it.

When he waited until ye Jianguo finished scolding and was ready to take a break, he hurriedly promised.

“Old Ye, please rest assured. We will definitely catch that person and rescue Miss Sun as soon as possible.”

“Time?”

Ye Jianguo asked faintly with the same disdainful face. It was obvious that he did not believe it, and it was impossible for him to believe it.

“What Time?”

Lei Qingyi was so angry that she could not wrap her head around it.

“How long do you give me to save my granddaughter?”

Ye Jianguo directly asked lei qingyi, “I don’t care what method you have, no matter how many people you send out, no matter how many problems you encounter, what I want now is the result. Yes, I only want the result...” “I only want my granddaughter to come back safe and sound.”.

“This...”Lei Qingyi couldn’t give him a specific time. This suspect was different from the others. He was a very strange guy. Lu Yi had said that this man was specially trained by others, his thinking was different from ordinary people, and he was also quite smart. His IQ was also very high, and he was on par with Lu Yi.

It was very difficult to keep up with his pace.

They used five days to hold on to his temper, but because of a momentary mistake, they had to start over, and they admitted to such a mistake.

Chapter 1709: had been invited to investigate the case

However, just as he had said, this person was too smart. It was difficult for ordinary people to follow his thinking patterns. Therefore, it was completely understandable and completely forgivable for him to escape in the middle of the matter.

As for time, to be honest, how could he give him time.

They were now looking for a needle in a haystack. He didn’t even know when he would be able to fish out this needle. How could he give ye Jianguo a specific time.

“Say, time, how many days?”Ye Jianguo ignored Lei Qingyi’s silence. He only wanted time, and nothing else was reasonable to him. Right now, all reason was nonsense to him.

“I’m sorry, Old Ye. I really can’t guarantee this time.”

Lei Qingyi could give ye Jianguo any time, but he couldn’t guarantee this time, so in the end, he still couldn’t agree. It was already very difficult to capture this person, so if he wanted to know his whereabouts., it was easier said than done.

Even Lu Yi, who knew that man the best, had gone back. Because that man was resting and resting, and his brain was in closed-door cultivation, it was impossible for them to move and find anything?

“You can’t Give Me Time?”Ye Jianguo was not angry, but in Lei Wangqingyi’s eyes, the calmer he was now, the more it made people feel like a blizzard was coming. It could be a violent storm in a moment, lightning flashed and thunder rumbled.

And he was so big and heavy, who knew if he could bear it.

But he still had to stiffen his hair and answer the question ye Jianguo asked just now.

“Yes, Old Ye, we really can’t give you a specific time now, but please believe that Miss Sun will be fine.”Yes, Sun Yuhan will be fine, and that Arnold won’t do anything to her, and he wouldn’t take her life. Otherwise, she would have died long ago, and she wouldn’t have lived until now.

“Believe? How can I believe you?” At this time, ye Jianguo said almost every word as if there were ice shards in it, “How many days have passed? We can’t even find the person. Even if we found him, he would still be able to escape. How much tax does our ye family have to pay in a year to have the good-for-nothings like you in the Safety Hall?”

Lei Qingyi’s entire face changed.

“Old Ye, we are the police, but we are not immortals. That Arnold is not an ordinary person. He is the best at...”

“Enough!” Ye Jianguo did not want to listen to this and directly interrupted lei qingyi’s words. This is the explanation you gave me. You praised a criminal so highly, but your useless., in the end, it was all because of how amazing it was to become a criminal.

This time, Lei Qingyi didn’t argue back or argue with ye Jianguo. Now, he finally knew ye Jianguo’s unreasonable pestering and unreasonable behavior. He also finally knew where Sun Yuhan’s self-righteousness came from, and where did she learn to be selfish.

This was really a grandfather-grandson relationship. Yes, it was really a grandfather-grandson relationship. This kind of selfish personality was given to Sun Yuhan by ye Jianguo.

It was no wonder that ye Jianguo loved this granddaughter so much. It was not because of anything else, but because Sun Yuhan was just like him.

They were both self-righteous and unreasonable.

They were also selfish and immoral.

Ye Jianguo stood up. The contempt in his eyes made lei qingyi so angry that her chest hurt. If it were anyone else, he would have already punched them. If he did not punch them hard, his surname would not be lei.

Why did he work so hard? Why didn’t he find a granddaughter for him? Why did he make others take the blame for her? Why did he make others work hard for her? Why did he make others suffer for her.

Sun Yuhan, her skin was really thick. Could it be compared to the city wall?

However, Lei Qingyi felt that the city wall and the skin of the grandfather and grandson combined could be peeled off and used to make bulletproof vests.

As for ye Jianguo, Lei Qingyi thought that he was going to leave. He almost clapped his hands to welcome him. Hurry up and leave. If he didn’t leave, who would he be? If he didn’t leave, he wouldn’t be able to eat his bowl of instant noodles. However, it was still soaked there.

In the end, Ye Jianguo just stood there and closed the door. Then, the door opened and two people walked over.

“Hello, Mr. Lei.”

One of the men with a crew cut extended his hand to Lei Qingyi.

Lei Qingyi was puzzled. Where did this come from.

However, out of courtesy, he handed his hand over.

“Hello, May I know who you are...”

It seemed that he had never seen these two people before. Of course, he had no impression of these two people. Then, who were they and what did they do.

“We are here to help you solve this kidnapping case.”

“Kidnapping case?” Lei Qingyi understood what he meant. “You Mean Sun Yuhan’s case?”

“Yes, it’s Miss Sun’s case. Old Mr. Ye has entrusted an Ziquan to us. Please cooperate with us in the Safety Hall and save the hostage as soon as possible. After all, if Miss Sun is not rescued, the danger will only increase.”

Now, it was Lei Qingyi who was smiling with a fake smile. Oh, where did this come from? It sounded so nice. A commission. Yes, it was a commission. This clearly meant that they were useless. They said that their safety hall was useless. In the end, they couldn’t even find a woman, even the culprit couldn’t be looked after, so they had to change the person in the middle.

This bridge had not been repaired yet, and they were ready to tear it down.

Their entire safety hall had been working non-stop for several days on this matter. Could it be that the Lord did not contribute? Even if there was no shi, there was still Ganoderma. Just like that, they denied everything that they had done. Even their non-sleep and non-rest for the past few days had become a joke. There was also Lei Qingyi, the safety chief. This face was really slapped hard.

Alright, the Ye family was rich. If the Ye family could afford to hire others, then so be it. Whether it was domestic or foreign, they would welcome them. From today onwards, their safety hall would be open for business and no longer serve them.

Let them look for whoever wanted to look for them.

Lei Qingyi personally handed all the information about Sun Yuhan’s case to these people. The leader of the group was called Gu Yuan, who was the leader of these people.

“I wonder if we can borrow your Safety Hall’s Place?”

Gu Yuan was asking Lei Qingyi, but his eyes were filled with certainty.

Lei Qingyi pursed his lips. This was something that had already been decided. was there a need to ask him?

Didn’t they just say that they had to get the people from the Safety Hall to cooperate?

Fine, they cooperated. They did their best to cooperate. All they did was provide an office space. What was the Big Deal? If they didn’t cooperate, they would say that Lei Qingyi was using his official position to get revenge, even if he didn’t jump into the Yellow River, he wouldn’t be able to clear his name.

Chapter 1710: He quit

Ah, if he really wanted to use the public office to take revenge, Would Sun Yuhan still be alive until now? They were not as shameless as ye Jianguo and his grandson, and even hated Sun Yuhan's Yan Huan so much, in the end, he still chose to save Sun Yuhan. Otherwise, Sun Yuhan would already be a short-lived ghost, not to mention her long and short legs.

In a while, the entire security hall stopped working. They were watching people coming in and out. They also carried a few large machines, almost filling up the office.

"I also feel that there is no need for foundation." Gu Yuan shook his head. "It was something that could be found in a few days. It seems to be a waste of talent to do this."

Was he saying that he was too powerful, or was he saying that Lei Qingyi and the others were too useless? They actually searched for so many days, but in the end, they still couldn't save them. However, if this matter were to fall into their hands., perhaps in less than three days, no, one day, they would be able to capture the criminals. Of course, the more obvious it was that they, the people of the Safety Hall, took the people's tax revenue, but didn't do anything beneficial to the people, there was still such a useless department. What was it that they wanted to do. They might as well get rid of it as soon as possible and get lost. They would save the People's wages and not do anything serious.

Although Gu Yuan did not say it so directly, which part of his meaning was not like this? Not to mention Lei Qingyi, who was the most overthinking, even everyone in the security department had seen it and realized it

Good, Lei Qingyi still had a fake smile on his face. He wanted to see how many days they had used to capture such an intelligent criminal. One day, no, he gave them three days, no, five days., they had five days. If they could capture this Arnold within five days, no, find him, he would immediately resign. He would no longer be the director of the Safety Hall. He would go home to look after the children, he would go home to be a gigolo and let his wife take care of him. That should be fine, right?

Meanwhile, Gu Yuan had already led his subordinates to busy development,

as for the people in the Safety Hall, without Sun Yuhan's case, they did not know how relaxed they would be. Everyone could finally relax and do what they had to do.

Lei Qingyi placed the bucket of instant noodles on the table into the garbage bag. He carried it with one hand and took his clothes with the other before leaving. Why didn't he leave? Yes, why didn't he leave? He had already gotten off work. He had to go back to eat, his two bowls of instant noodles were all mixed together. Now, they had become a pile. Even if he was a pig, he wouldn't be able to eat such a meal.

When he came out, he took another look at the tightly shut office door. It was as if he had dug up a large piece of his territory. This wasn't digging up territory, this was insulting Lei Qingyi's ability to do things.

Well, investigate well. I'll see you tomorrow.

There were so many of them but they could not find out. He really did not believe that the people ye Jianguo had hired had three heads and six arms. They could find out just like that.

However, it was also possible that they really had three heads and six arms. Otherwise, how could they be so full of confidence? How high did they have to raise their heads to be able to say such a full sentence.

He just hoped that it wasn't full but overflowing.

Lei Qingyi strode out and casually threw the trash in his hand into the trash can. He got into his car and was so tired that his eyelids were fighting and his eyes were covered in a layer of gray, this was obvious. He hadn't slept well for many days and he had become a national treasure. He squeezed his eyes and opened the car, preparing to go to Lu Yi's Liuyuan. Liuyuan was a little closer to this place and it was just right., he also had something to tell Lu Yi. Of course, these were just some excuses. In fact, what he wanted the most was not to eat the food that Yan Huan cooked. Why did it suit his taste so much.

No, it was right about Lu Yi's taste, and of course, it was also right about him. He and Lu Yi were cousins, and their hobbies were naturally the same. Whatever Lu Yi liked to eat, he was not far from it.

This was not just right. He could also mingle with them for a meal.

Lei Qingyi had found so many excuses for himself, all for the sake of getting a meal. This was not begging for food, but he did not want this face anymore

He pinched the space between his eyebrows. He was really too sleepy. Even his eyes were extremely dry now, and there was not even a bit of moisture left. And when he thought about it again, he was still in his own territory, Gu Yuan, who was an expert in handling cases, was taking over their cases. He did not feel aggrieved.

He did not want to handle Sun Yuhan's case. However, he did not want to be taken away by others. It was a completely different concept. One was his will, and the other was saying., how incompetent he was.

Lei Qingyi's reputation for his entire life had been ruined by such a sentence of incompetence. Not to mention him, even if it was someone else, they wouldn't be able to withstand such an insult.

The more Lei Qingyi thought about it, the angrier he became. He was angry, and the more sober he was. Of course, after he woke up, his stomach was probably even hungrier. He drove the car into the Liuyuan Garden and looked at the time, it was only about three o'clock now. Lu Yi's family ate around six o'clock, so he could sleep for a while. When he woke up, he could eat directly. He was tired, hungry, sleepy, and in a bad mood.

"Mr. Lei is here."

Aunt Gu opened the door and saw Lei Qingyi's big face. Lei Qingyi looked listless and green-eyed. He was practically a cat. However, when their Mr. Lu came back., it was about the same. He had rested for the whole morning, and now he was a little more energetic.

However, when she went to deliver food to them, she saw that they were in better spirits than ordinary people. However, when they came back home, they were not in good spirits.

Sigh, no matter how powerful they were, they were still human. No matter how strong their bodies were, they still had to be carried.

“Auntie Gu, Can you give me a room first? I’m too tired. I need to sleep for a while.” Lei Qingyi took off her shoes and did not find any slippers to wear. She directly stepped on the floor with her big foot, because there were three children, whether it was the Lu family or the Liu Garden, they were all covered with a thick layer of carpet. Even if the children fell, they would not feel any pain. It was extremely comfortable to step on it.

“Yes, yes.” Auntie Gu hurriedly brought lei qingyi to the guest room. Lei Qingyi did not even want to take a shower, even though he had not been in the water for a few days, he did not know how dirty it was, but he still wanted to sleep. He threw himself onto the bed, his feet almost sticking out of the bed. Auntie Gu was puzzled by his height. Could it be.., were the beds in Lei Qingyi’s house custom-made?
