

### Chapter 1741: Xunxun likes Pretty Boys

Qin Xiaoyue was about to scream when Lu Qin's body froze. He had also noticed Lu Yi, who had been standing there for some time, and how much he had heard just now?

At this moment, regardless of whether it was Qin Xiaoyue or Lu Qin, for the first time, they actually felt embarrassed about being caught.

The two of them felt guilty and embarrassed. They didn't dare to stay any longer and ran away dejectedly. However, it was impossible for them to give up such a big piece of fat meat like the Lu family. To Qin Xiaoyue and her son, the Lu family., right now, it was fat meat. It was everything that they could live in peace in the future.

Especially Qin Xiaoyue. She had fought with Ye Shuyun for her entire life. If she lost to Ye Shuyun now, she would rather die.

And a person like her who loved her life, how could she die? How could she really not want the Lu family as a piece of fat meat.

This was only the beginning. Anyway, Qin Xiaoyue and Lu Qin were thick-skinned. No matter how shameless they were, they still had to eat and live in the Lu family.

Lu Yi stared at the backs of the two people indifferently. At that moment, darkness spread in his eyes. It was also absolute darkness. There was also a kind of hatred that was almost ice-cold.

He had been so busy recently that he had almost forgotten about Lu Qin.

However, it was not too late to think about it now. Lu Qin did not seem to be cruel enough to him.

He turned around and strode towards the Lu family.

"Ba Ba..."just as the door opened, a small pink butterfly flew in front of him.

He picked up his daughter with one hand. Only Xun Xun loved to wear pink. She said that pink was like a little princess. Yes, it was a little princess. It was his little princess.

"Tuoba's clothes are so beautiful."Xun Xun cupped her little face and showed her dimples to her father.

"In the future, Xun Xun will also wear this, okay?"Lu Yi rubbed his daughter's soft hair. She could be anything she wanted in the future, even if it was rice worm. After all, she was the only little princess in the Lu family.

"Okay,"xunxun nodded her little head vigorously in agreement. In the future, she must be like her father and dress up so beautifully.

"Are You Hungry?"Xunxun was really a good child. She was also a considerate little cotton-padded jacket. She touched her father's stomach, and her voice was still soft and soft, "Xunxun left some dumplings for me to eat. If I eat them, my stomach won't be hungry anymore."

Xun Xun pointed at the table and raised her little face to say to Lu Yi.

Among the three children, Xun Xun actually loved Lu Yi the most. Of course, she was also the least afraid of Lu Yi. After all, she had been carried by Lu Yi since she was young. Lu Yi carried his daughter and walked over. He saw Xun Xun's small bowl, there was still a small half bowl of dumplings left

"Why, is she not eating?"

This small bowl was Xun Xun's appetite. She could usually only eat so much. The children had formed a habit of eating a small bowl of dumplings one by one. They would finish it on their own. There was so much left today?

"She's not eating. She said she left it for Daddy."

Lu Jin's heart was sour as he said this. He fed the others. "Grandpa is here too. Why didn't you leave one for Grandpa?"

Old Master Lu coughed dryly. His voice was also quite sour.

He still echoed Lu Jin. "Why didn't you leave one for Grandpa Zeng?" What was so good about Lu Yi? He didn't even know how to smile. Could it be that because he looked like a gigolo, he was looking for love, but was Lu Yi's face that pale?

And he wasn't bad either. People said that his spirit and energy were better than Lu Jin's as a son. Back then, he was also the most famous handsome man. He was no worse than Lu Yi now.

Lu Jin thought the same in his heart. He even compared his face to Lu Yi's.

Other than being young, how could Lu Yi compare to a middle-aged handsome uncle like him.

But why did Xun Xun like Lu Yi so much? She wanted to keep all the good things for Lu Yi, but she never thought of him as her grandfather. It seemed that he couldn't let Xun See Lu Yi more in the future, he also needed to make more sense of his presence in front of Xun Xun.

Of course, Old Master Lu also had the same thoughts. He even said that the two of them were not father and son, so how could they not be father and Son? Even the things they did were the same, and their thoughts were the same.

Lu Yi took his daughter to wash her hands. When he returned, he fed his daughter two dumplings. Xun Xun's small stomach was already full, and her great-grandfather took her out to show off.

As for Xiao Qi and Xiao Guang, he was going to send them to the Lei family later.

The men of the Lu family had to grow up no matter how delicate they were. If they suffered now, they would be able to stand tall in the future. They could not be taught to be good-for-nothings. Therefore, when the two boys were three years old., in addition to receiving an elite education, he had to practice ancient martial arts. Ancient martial arts were particular about the right time, the right place, and the right people. Therefore, it was very good for the child's physical development. Therefore, Xiao Qi and Xiao Guang grew up very quickly, not only were they half a size taller than the average child, but their IQ was also clearly similar to their father's.

As for Xun Xun, the entire family spoiled her a little, so she did not feel as outstanding as her two older brothers. However, Xun Xun's memory was particularly good, and this was why she was most similar to her father.

Sometimes, Yan Huan was worried that Xun Xun might be as stupid as she was. Only her memory was similar to Lu Yi's, especially when it came to numbers. She was similar to Lu Yi and had a natural sense of sensitivity, therefore, her family's little xunxun would not be lost. She could accurately state the phone numbers of everyone in the family.

The next day, Lu Yi and Yan Huan were not around. Lu Yi went to work while Yan Huan returned to the garden. The children's clothing store was about to open. This store was designed for her three children, therefore, she did not need to prepare anything. She hired two children's clothing designers with high salaries. Their jobs were not too many. They only needed to design ten sets of sample clothes every season.

Of course, the first to try on these samples were her three children.

Yan Huan didn't think of using this shop to earn money. It was fine for her to keep this shop. The three children grew up too quickly, especially Xiao Qi and Xiao Guang. Almost every half a year, the clothes would become small, she also needed to buy new ones. It was fine for Xun Xun, but she wasn't like her two brothers who grew up so quickly. She was just an ordinary little girl, the same height as girls of the same age. Her IQ was also developing very normally, if it was based on the growth rate of her two brothers, she would obviously grow much slower.

At the beginning, everyone was still worried about Xun Xun, because she had grown too slowly. It was only now that she had regained her normal height. However, Xiao Qi and Xiao Guang had grown too fast.

On the other hand, Yan Huan was worried that Xiao Qi and Xiao Guang would not grow up to be like Xiao Lei Zi, and they would not have their childhood any longer.

Thinking of how Xiao Lei Zi was beaten by Lao Zi every day, Yan Huan wanted to wipe his tears of sympathy.

### **Chapter 1742: hallucination**

It was true. Little Lei Zi was still young. He was only tall, but his mind was still that of a primary school student.

After Yan Huan rested for a few days, he was also a little better. She had placed her focus on the three children and the children's clothing store, so naturally, she did not know that Qin Xiaoyue and Lu Qin had to acknowledge their ancestors and return to their ancestors. Every two days, there would be a small disturbance., every three days, there would be a big disturbance. Old Master Lu was so annoyed that he almost killed someone.

Back then, he had left so heartlessly and unintentionally, but now, he wanted to return. What he could not bear to part with was not his family, but the glory and wealth of this lineage. and in their eyes, everything that the Lu family had now., was their greed and greed.

There was also the eight billion. Perhaps others might not know, but how could Lu Qin and his son not know? Eight billion was more than enough. They did not want anything else. They just wanted to split it from the middle. The Lu family only had the eldest and the second, initially, Qin Xiaoyue felt that they should split it more because the Liuyuan garden was now under Yan Huan's name. Lu Yi was also the eldest son. Moreover, Yan Huan also had a gem that made money like flowing water, as well as the Ye family's shares in the airport, just these alone were enough for the eldest son and his family to have food and drink for the rest of their lives. Even if they didn't have that four billion, they were still famous soldiers in Hai City. However, their second son was different, their second branch was just her and Lu Qin now. They were both orphans and widowed. In the future, they would have to rely on this money to survive.

Qin Xiaoyue also shamelessly requested in front of Old Master Lu. The second branch had to take at least five billion of this money. Old Master had given the Liuyuan Garden to Yan Huan, to Yan Huan.., wasn't that the same as giving it to the eldest brother's family? However, the family assets had to be divided equally, right?

Old Master Lu was shocked by Qin Xiaoyue's shamelessness. Why? Did Other People's excellence become the reason for their pity.

He had an evil heart and only knew how to go astray. In the end, he had to blame others for living a better life than them. The family assets earned by others also became an excuse for their failure.

Old Master Lu had lived his whole life and had seen all kinds of people and experienced all kinds of things. However, it was the first time he had seen someone as Shameless as Lu Qin and his mother. Moreover, it was someone from the Lu family.

This time, he was determined to never acknowledge Qin Xiaoyue and Lu Qin. How heartless they were in the past was how ruthless Old Master Lu was this time.

He, Lu Yuanyang, had never let anyone down in his life.

He had already shown mercy to Lu Qin and his mother, and Lu Qin and his mother had no idea where they got their face from. They were still thinking about the eight billion, ah, eight billion.

The eight billion was the Lu family's life-saving money back then. It was their Lu family's fate that caused it to appear. The money did not belong to him, Lu Yuanyang. He, Lu Yuanyang, did not have that much. If he had.., he would not have decided to bear all of this in the first place. He would not have let Lu Yi divorce Yan Huan. He would not have let Xun Xun lose her great-grandfather, grandfather, and father at such a young age. He had decided to protect Yan Huan and his three children.

The money did not belong to him, Lu Yuanyang. It belonged to Yan Huan, Lu Yi, and his three children. It was also the eldest son's. It had nothing to do with the second son's family.

Old Master Lu was really fed up with Qin Xiaoyue's incessant pestering. In the end, he decided to give the entire Lu family to Lu Jin. He only left behind a few things for his three grandchildren to use when they got married in the future, they were also the most valuable things in his hands.

When Qin Xiaoyue heard this news, she fainted from anger on the spot.

She was also talking about how the old master was so biased. She had been in the Lu family for so many years. Even if she didn't have any merits, she still had to work hard. Why was the old master trying to force them to their deaths?

This family property was given to the eldest brother's family. What about their family? What about her? What about Lu Qin?

Lu Qin was annoyed by Qin Xiaoyue's crying. He slammed the door and opened a drawer. He took out a cigarette and began to smoke.

He narrowed his eyes and as the smoke passed, not long after, even his eyes became confused. After swallowing the smoke, his mind felt empty again, this also caused him to feel a little drowsy. After a while, his entire body became quiet. He had also forgotten many things. Suddenly, a smile appeared on his face.

As though he was standing in a hallucination, he actually stepped onto the international stage. After which, he held a small golden man in his hand. The surrounding people were congratulating him.

He, Lu Qin, had finally reached this step.

He had finally gotten what he wanted.

However, all of a sudden, a large foot stepped over and crushed the trophy. At the same time, his head was crushed. He saw people passing by in front of his eyes. Some of them were familiar with him, while some were unfamiliar with him. One foot after another.., all of them stepped on his head, causing his head to instantly become a bloody mess.

All of a sudden, he opened his eyes. He also held in a breath of air until he let out a long breath. However, his clothes were already drenched.

What had happened recently.

He did not understand. He opened the drawer and took out a cigarette. In the past, when he smoked this, he did not feel anything. At most, he felt happy. However, recently, this feeling seemed to have changed.

Although this feeling was too wonderful, so wonderful that he was unable to extricate himself, after the wonderful feeling, there was a terrifying emptiness and loneliness. What he could not stop was his growing greed, he was greedy for this kind of cigarette and this kind of feeling.

He lit another cigarette and smoked again and again. Wherever the smoke passed, his eyes gradually turned green. There were also more and more feminine things on his body. Even his Adam's apple seemed to be about to disappear.

Now, no one asked him to act. How could he act like this? He was pretending to be a man or a woman. He even said that he was acting as a eunuch or Dongfang Bubai. Now, almost everyone knew that he had become a eunuch.

In this circle, there was no secret manual that could be hidden. No one knew who told this story. Lu Qin, who had been the favored son of heaven, had actually become a person who was pitied by others, a pitiful person who was ridiculed by others, and a pitiful person who had no gender.

He smoked the cigarette in his hand again. The entire room was filled with smoke, and then there was his mystery..

This time, he had gotten a pretty good one. He would probably only want these next time, or else he would have to try something else..

He was still smoking, while Qin Xiaoyue continued to curse outside. Gradually, he couldn't hear anything and couldn't think of anything. Even his mind went blank.

Yes, it was blank. Everything was blank. Everything was also a blank life.

### **Chapter 1743: was really good**

As for what he had become, not to mention others, even Qin Xiaoyue did not care about it. Qin Xiaoyue's current focus was not on the Lu family's assets. She could not see or imagine anything else, of course, she did not want to do it. She even ignored what her son had become.

At this moment, all she could think of was that old master Lu wasn't willing to see them. She had to think of other ways.

She had temporarily stopped for a few days, and the Ye family was the same. As for the Su family, without Zhu Xianglan and her daughter, everything seemed to have become quiet and low-key, it was so quiet that it made people think that the Su family was going to disappear again.

In the Ye family's airport, a middle-aged man strode out. His face was obviously tired. He looked around but couldn't find anyone. Instead, he lost his ID, it took him a long time to make up for it. He didn't know what was going on. He didn't have such a thing when he went out in the past. It almost made him forget about coming back.

"Did anything happen recently?"

Ye Chuji asked the driver.

The driver did not know if he should say it or not. What happened in the Ye family could really drive a normal person crazy. Now That Ye Chuji had not gone crazy, one could see how strong his endurance was, in any case, he felt that if it were an ordinary person, they would have already gone crazy. They would either be crazy to death or completely crazy.

"What's wrong? Is There Something Wrong?"Ye Chuji opened his eyes and sat up straight. He narrowed his eyes dangerously. The way the driver was acting, and the fact that he wanted to say something but hesitated, it was obvious that something had happened, he didn't say much either.

"There are some things,"the driver said as he drove. This matter had been concealed very seriously. The people present at the time had kept their mouths shut, so many people didn't know. However.., the driver was originally an internal member of the Ye family. Of course, he knew, and he knew it very clearly.

"Not long after Mr. Ye went out, Miss Sun was kidnapped."

“Oh...”Ye Chuji didn’t feel anything. “Why? Is she dead?”

“No.”The driver almost choked on his own saliva.

Such a cold sentence and such a ruthless sentence showed how much ye Chuji hated Sun Yuhan. In fact, not to mention ye Chuji, even the driver did not like Sun Yuhan at all. Moreover, this was the ye Chuji who had been persecuted for so long. It was already a blessing that he did not die of anger.

Who would have such a niece who would deliberately harm their uncle? Then, no one knew how many lifetimes of sins they had committed, causing their house to be in chaos. The Good Ye family was going to be ruined by this niece.

The More Ye Chuji listened, the more unsightly his expression became,

he clenched his hands that were placed on his legs. Almost at this moment, he had the urge to pull open the car door and kill himself.

Ha... he laughed coldly. An indescribable sorrow rose in his heart. He knew it, he knew it. For the sake of that granddaughter, for Ye Rong’s daughter, he, Ye Jianguo, was really shameless, he actually cursed his own son to get into a car accident in order to trick Lu Yi away and then use someone else’s granddaughter as bait for his granddaughter.

“Mr. Ye, you have to be careful.”The chauffeur’s words were really unpleasant to say, and he had kept them in his heart for a very long time. Of course, he was also really worried about ye Chuji.

“I heard that at that time, Miss Sun was mentally deranged and killed everyone. However, it seems that the person she wanted to kill at that time was not that man, but Miss Yan. Miss Sun might really be mentally deranged, so you have to be careful.”

She was mentally deranged? Ye Chuji would never believe that Sun Yuhan would be mentally deranged.

She could not be more normal.

Ye Rong, Oh Ye Rong, Ye Chuji really felt that Ye Rong was the scourge of the family. It was not easy for us to raise you up to this age. We have always taken care of you since you were young. You grew up on my back, and you were doted on by Shuyun, the elder sister, you were loved by your mother and grew up, but you said, ‘What did you do? What did you do?’You ran away from home and made your mother miss you to death. The daughter you gave birth to made my Xinyu unwilling to return home even now, we still don’t know where she is. It’s fine that you caused the ye family to be uneasy, but you still have to be afraid of Shuyun. You harmed us, and your daughter still wants to harm Shuyun’s children and me.

Ye Rong, what do we owe you? Can’t you torture us like this?

If he had known that this day would come, he would have strangled ye Rong to death when she was young. It was also to save her from giving birth to such a disgusting thing like Sun Yuhan. If he did not want to harm everyone, he would not have been happy, did he want to cause their families to be destroyed?

And his eyes suddenly opened. In that instant, they were filled with hatred.

He hated. Yes, he hated. He hated ye Jianguo and hated ye Rong. Of course, he hated Sun Yuhan, the troublemaker. and the person he hated the most was ye Rong. He really wished that he could dig ye Rong's ashes out from the ground, then, he would crush her bones and scatter her ashes.

The driver sighed softly and did not say anything else. He also felt a little heartache for ye Chuji. A good family was originally waiting for Ye Xinyu to marry and have children. Then, they would inherit the family business, just like the Lu family. Although there would be storms from time to time, after the storm passed, one could see the color red. It was just that the current ye family.

It was really not a place for people to stay.

As long as Sun Yuhan was there, the Ye family would not be able to have peace. That Sun Yuhan simply came with a disaster. Perhaps she only existed to destroy the entire ye family, however, ye Jianguo just had to protect her.

Clearly, the things that she had done were enough to kill her a thousand times or even ten thousand times. However, she was still alive and well until now.

No, it wasn't that good.

She still received her retribution. In the future, even if she could walk, she would become a cripple. Sun Yuhan was probably the only person in the world who didn't know what happened to her leg.

That was great. Even the driver let out a sigh of relief. Yes, that was great. In the future, she wouldn't have to see such an ugly female lead on TV anymore. Even her eyes wouldn't have to suffer.

"Mr. Ye, where are you going first?"The driver stopped the car. They had been driving for a long time, but ye Chuji had never mentioned that his destination was only on the streets of Hai City. He was going around in circles.

It was not a solution to keep going around like this. They had to have a destination first.

"Let's go back to the airport first."Ye Chuji closed his eyes again. His entire body was filled with powerlessness and exhaustion.

In fact, the driver felt that what ye Chuji wanted now was not to go to the airport, but to rest and eat.

#### **Chapter 1744: was about to move**

But in the end, he still sent ye Chuji to the airport. Perhaps to Ye Chuji, the airport was the only place that could return his peace. It was not the ye family's chaotic place., nor was it the Lu family's place that made him feel so guilty that he could not catch his breath.

He sat in his office and had already taken the airport's latest report and read it. Although he was very tired, and although he was also very sleepy, his mind was still focused. Only the light coming in from the machine outside the window., in the end, it fell on his white hair.

He was not even sixty years old, but his hair was already white.

He took out his phone and opened it. There had been no news of ye Xinyu for a long time. Ever since ye Xinyu asked him to save him, he had not received any news from his son.

“Brat, where are you now? You have to tell your father. If you don’t tell him, how will he find you? If anything happens to you, what will your father do?”

Yes, what would his father do? Let him die before his father died?

“Your uncle is back.” Lei Qingyi had come to stay at the garden to make a living. Now that she came here every day, his mother would no longer have to worry about his food. It was wonderful, wasn’t it?

Moreover, he could eat well here. He had given him instructions. When he worked every day, even his working ability was much better than before.

“En, uncle is back?” Lu Yi didn’t receive any news. “He didn’t tell me?”

“Of course he won’t.” Lei Qingyi directly picked up a ball and placed it in his basin. People used bowls, but he used a basin. Even so, he still had to worry about whether this basin was enough for him to eat?

“Your uncle isn’t Ye Jianguo, nor is he Sun Yuhan. He has a conscience and face. This kind of thing has happened more than once or twice. If it were me, I wouldn’t have the face to see you guys. We were originally a good family, but it was destroyed by Sun Yuhan. Why is that woman so haunting?”

He picked up another ball for himself and put it in his mouth. When he raised his head, he felt some prickles on his back. As a result, his eyes met with Lu Yi’s dark eyes, they were almost completely devoid of warmth.

Why was he looking at him like that? Lei Qingyi continued to eat his own ball. In the end, when he picked up his chopsticks and was about to pick up another ball, he realized that the ball was gone. There wasn’t a single ball left. The plate was empty.

How could there be no more? Lei Qingyi hadn’t eaten enough yet, and now he finally understood where Lu Yi’s hateful gaze came from. So he had eaten up the ball, but he couldn’t be blamed for that, could he, if he put it here, he wouldn’t just eat it up. It was made for people to eat, right?

Moreover, he hadn’t eaten much yet, and the plate was empty. So, he really couldn’t be blamed. If he had to blame, he should blame Yan Huan for cooking too little. It was just not enough to fill the gaps between his teeth.

Moreover, there were so many dishes. It wasn’t like there weren’t enough to eat.

However, he seemed to have forgotten that from the moment he sat at this table, his goal wasn’t anything else. wasn’t it the Plate of Meatballs on the table? His mouth was so big, and he could eat so much. Not to mention one plate, even two plates should be empty by now.

It had to be said that this meatball was really delicious. Moreover, it was suitable for both young and old. Only Yan Huan knew how to make it. Not only did the adults like it, but the three children also liked it very much. Every time they came, they had to eat the meatball made by their mother.

Of course, Lei Qingyi also liked to eat it. He also liked to eat it very much. Almost all of them had gone mad. Of course, this was not a strange thing. One had to know that in that small restaurant with the

fried meatball.., there were countless people who went there every day because of the fame. Moreover, the line was getting longer and longer. Just the line would sometimes take about an hour before they could eat it.

It was not easy for Yan Huan to learn this. After the old man found out that his son had sold the recipe, he was almost angered to death. His son also knew that he was afraid. In the future, such things.., of course, he would not do it again.

Fortunately, Yan Huan was only making it for his family and not for business. Otherwise, that old man might really be angered to death.

The delicacy of this meatball was naturally not something that ordinary people could resist. A person as delicious as Lei Qingyi would naturally not let go of this dish.

Could he make some more? Lei Qingyi had not eaten enough meatballs, so whatever dish he ate now was no longer fragrant. Moreover, how could this small plate be enough to eat.

Lu Yi picked up some food from his bowl and prepared to go back to his room to eat. He really did not want to sit together with Lei Qingyi and admire his pig-like eating style the entire time.

He opened the door and was surprised to find that there was a meatball on the table and some meatballs on the plate of morning noodles. There weren't many, about a dozen of them.

Yan Huan really understood him. She had prepared everything in advance for him. She knew that as long as Lei Qingyi was around, the chances of Lu Yi being able to eat would be greatly reduced. That was why she had secretly left a portion for Lu Yi.

Lu Yi sat down, picked up a meatball, and started eating. He then placed his notebook on the table and continued to handle his work while eating. His vacation was not over yet, as long as there weren't too big cases, he could stay at home for a few days. When the vacation was over, he could then talk about work.

Moreover, the Procuratorate was going to move to a new place. The new procuratorate was interesting. It was on the side of the road on Liuyuan Mountain. By next year, he would be able to move there. In other words.., next year, he would be able to eat at home every day. Of course, if he was too busy, Auntie Gu would be able to bring him food while walking. If he were to walk, it would only be a short distance, he would be able to walk for about ten minutes. If he were to drive, it would be even faster.

In the future, it would be quite convenient for him. However, it would be more troublesome for other people because this place was a little far from the commercial district of Hai City. In the past, he would need to get up half an hour earlier to go to work, otherwise, he would really be late.

However, that was already next year. This year, he would at least need to stay in the old procuratorate for another half a year.

Yan Huan was currently outside eating with Bai Zhi. Both of them ate very little. After eating, Yan Huan still needed to find Bai Zhi to learn some martial arts. The first two scenes were about to begin, she needed to do all these preparations in advance to the best of her ability.

#### **Chapter 1745: parent-child activities**

Bai Zhi wasn't very talkative, but his kung fu was very impressive. Even Lu Yi admitted this point. Of course, Yan Huan never thought that she would train herself to be a martial arts master, she just wanted to make her movements more natural and more professional. Also, if she was filming, she would suffer fewer injuries.

Of course, Bai Zhi was the best target. Only now did Yan Huan know that Bai Zhi had actually stayed in the army before. It was because his skills were extremely good. After he retired from the army, he became a bodyguard. Yan Huan could be considered half a soldier, so she felt a sense of familiarity towards Bai Zhi, she also felt a certain sense of familiarity towards him.

Every day, he would cook for her with good food and drinks. He wanted to fatten Bai Zhi by a whole circle. However, it just so happened that everyone was about to gain weight. Only Yan Huan did not gain any weight.

Bai Zhi looked at Yan Huan for a long time. In fact, he also wanted to know what this woman's body structure was like. Why did she feel that compared to Yan Huan, she was already middle-aged.

Yes, middle-aged. Yan Huan's age was slightly older than Bai Zhi's.

Yan Huan was thirty years old, but Bai Zhi was only twenty-five years old. However, Bai Zhi felt that he was in his thirties. No, he was slightly older, slightly older, and even more middle-aged. His face was also filled with hardships, however, Yan Huan's face was indeed a little heaven-defying.

"What are you looking at?"

Yan Huan looked up and realized that the way Bai Zhi looked at her was a little strange. It didn't seem like he was looking at a person, but a demon from somewhere.

And the current Yan Huan seemed to be a demon herself.

The kind that was too demon-like.

"I'm thinking, how did your daughter spend her days in kindergarten?" Bai Zhi was still eating slowly.

"She looks like you. She should be the most beautiful child in kindergarten, right?"

"I don't know." Yan Huan shook her head. She really didn't know. She was just sitting in the car and could only look but couldn't appear. This was the helplessness of being a celebrity, therefore, she had only seen this kindergarten from afar. Most of the time, it was ye Shuyun and Lu Yi who went to pick up the three children.

However, even though it was said that Xun Xun was the most beautiful child in the kindergarten, Yan Huan was very confident. As for what Xun Xun's life was like in the kindergarten, she really didn't know.

She would secretly take a look at it another day.

At this time, perhaps it was because of the change in her state of mind. It was as if she had forgotten all the unhappiness, disappointments, and unhappy things. What she wanted to remember was actually the sun in March, and the grass was soaring.

As for what Xun Xun's life was like in the kindergarten, the adults might not even know. The kindergarten itself was not far from the Lu family. It was a private bilingual noble kindergarten. It was a small kindergarten, and the tuition fees were very high, however, for rich people, they would not care about this little bit of money. As long as the children could fill their small stomachs, their temperaments would be better, and they would be able to meet more other children, that was what the parents wanted the most. As for whether they could learn or not, many people did not care. The main reason was that these children were too young.

The oldest of them was around five years old, while the youngest was only two and a half years old. Xunxun and Xiao Qi Xiaoguang were also considered the youngest children. Next year, there would be children even younger than them going in.

Each and every little child sat obediently on a small stool, listening to the teacher's lecture.

"Hello, children." The teacher's facial features had become very lively. He even had a small baby face, so he was very liked by the children, "We have a parent-child program tomorrow. Remember to ask your mother to come. Remember, as long as the mother is not a grandmother or a father, do you understand?"

"I understand," the children below said in unison.

Xun Xun sat in a row with her two older brothers. She glanced at her eldest brother and then at her second brother. Then, she extended her small hand to her two older brothers. Her small hand was also pulled up by her two older brothers.

"Lu Wei, Lu Qi, Lu Guang, you don't have a mother, right?"

A child came over. The three siblings were having a good time. It was a little abrupt and annoying to interrupt them. However, the children did not have such big thoughts, of course, they did not have many thoughts. They just said whatever came to their minds.

This little boy had always thought that Xiao Qi Xiaoguang and Xun Xun were motherless children because the children at school had never seen the mother of the Lu Qi siblings. Every time, it was the grandmother and the nanny who picked them up, or it was the father who picked them up.

There were only ten children in the class, and he saw them every day. Therefore, he had seen the mothers of the other children, but the mother of the triplets had never appeared.

He had asked his mother, and his mother had said that they definitely did not have a mother.

So the little boy was certain that Lu Qi and the others did not have a mother.

Even if they had a sister, so what? They were children without a mother.

Children without a mother were the most pitiful.

Children without a mother were like grass. Children without a mother were not wanted, and then they had to have a stepmother and beat them.

Lu Qi took his brother and sister's little hands and left. They were going to do handicrafts. The three children did not talk to others, nor did they care about others. Usually, the three of them played together, even if there were children who wanted to talk to Xun Xun, they could not.

Xun Xun was the most clingy and delicate child at home. She did not like to walk when she went out, but in school, she was an aloof little princess.

She only played with her two brothers and didn't really like to talk to other children. The three siblings were the strangest existence in the kindergarten. There weren't even twins in the kindergarten, in the end, there was a triplet.

When the little boy saw that Xiao Qi and the other two ignored him, he immediately felt wronged. However, he quickly perked up and told the other children that Lu Qi and the others didn't have a mother. Their mother was gone, they would soon have a stepmother.

At that time, the stepmother would not give them food and would also beat them.

No one knew who spread this news. When the teacher found out, he was also shocked.

How could this be good? The other person's mother had died.

There was no smoke without fire. Why did the teacher feel as if he had done something wrong.

She just remembered that she had never seen Lu Qi and the other two's mothers. They were all picked up by Grandma and Dad. Their mothers had never been here before. It couldn't be that they didn't have a mother, right.

She quickly went to look for Lu Qi and the other two siblings. She also wanted to comfort these three poor little souls.

#### **Chapter 1746: they didn't have a mother**

The teacher found the three children in the handicraft workshop. They were all sitting there obediently, playing with their handicrafts. They were all very serious and didn't like to talk much.

The teacher thought that their little hearts had been hurt, so she felt very uncomfortable.

She quickly walked over and sat opposite them.

"Lu Qi, Lu Guang, and Lu Wei." She called out the names of the three children.

The three children raised their little faces at the same time. The two boys looked almost exactly the same, but their younger sisters looked different. Perhaps they looked like their mothers, but they didn't look like them anymore., the teacher still felt that the three children really did sometimes see that there were some similarities. No, there were still many similarities. They didn't look like each other, but it felt like they were very similar. They were the kind of children who had good parenting, at such a young age, each of them had very good family education. Of course, they were also very precocious. They were also the most obedient and obedient children in the entire kindergarten.

"For tomorrow's parent-child program, you can ask Grandma to come."

The teacher smiled and said to the three children. Moreover, the grandmothers of the three children were very young. It would be fine if they said that they were mothers, but if they said that they were second-borns, then no one would doubt them.

“Mummy will come.”

Xun Xun wrinkled his little nose. “The teacher said that if mummy comes, then mummy will come.”

Xun Xun was very insistent on this point. If other people’s mothers would come, then their mothers would come too.

“En, mummy will come,” Lu Qi enunciated each word clearly.

Lu Guang continued to play with the handicraft in his hands. He smiled at the teacher, and his eyes turned into small crescent moons. This made the teacher’s heart skip a beat. How exactly did they give birth?

The teacher tried to talk to them for a long time. He said that they could ask Grandma to come, and Grandma could come too. However, the three siblings were very stubborn. They said that they would ask their mother to come, so they asked their mother to come, there was no room for discussion.

They wanted to participate in the parent-child activities. Yan Huan held his phone and leaned against the pillow. His eyes were a little sleepy. She had just fallen asleep when she received a call from ye Shuyun. She said that she wanted to participate in the children’s parent-child activities the next day, she said that the teacher had said that as long as the mother didn’t want the grandmother.

“What’s Wrong?” Lu Yi walked over and saw Yan Huan thinking about something.

He sat down and put his arm around Yan Huan’s shoulder. “What are you thinking about?”

“Xiao Qi and the others are going to do the parent-child activities tomorrow.”

Yan Huan leaned against Lu Yi’s leg. She was lazy and didn’t want to move.

“Let Mommy Go.” Lu Yi knew Yan Huan’s concerns. It wasn’t that Yan Huan wasn’t willing to pick up and send the children, nor was it that she wasn’t willing to participate in the children’s activities. It was just that she wanted the children to., live like normal children, and not receive all kinds of attention because of having a celebrity mother. Therefore, other than their own relatives and friends, not many people knew what the three children looked like, even in kindergarten, other than the director, no one really knew that the three children were Yan Huan’s children. In other words, they were the second generation of stars that many people missed.

However, Yan Huan still liked to call her children the third generation of stars. With old master Lu around, they would definitely become soldiers in the future. Even Xun Xun would probably become a female soldier in the future, it all depended on whether old master Lu was ruthless enough to let his precious great-granddaughter suffer.

Right now, Yan Huan was wondering if she really wanted to go. She wanted to let others know that the children had a mother like her.

Suddenly, she smiled.

“I’ll go. One day, I’ll still have to go. It’s not like I’m ashamed of myself. Moreover, no matter what, they’ll still have to be exposed in the future. I believe that the three children will still grow up obediently. They won’t grow crooked just because of this star mother.”

Lu Yi gently stroked Yan Huan’s hair. Then, she would go.

Yan Huan actually really wanted to go. It was because of the conversation she had with Bai Zhi not long ago. For example, Ye Shuyun knew what the three children were like in kindergarten, and Lu Yi knew, she was the only one who didn’t know.

She had already missed out on a lot of the children’s time, and she didn’t want to miss it in the future.

Moreover, it wasn’t like she was really shameful.

Who Was She? She was Yan Huan. She was an international movie queen, and she was not inferior to others.

The next day, Ye Shuyun personally sent the children to school.

Many parents had arrived. Mao Xiaoqian was a little boy, which meant that Lu Qi and the others did not have a mother. As soon as he saw the triplets, he pointed at them and shouted.

“Mommy, look, that’s Lu Qi, Lu Guang, and Lu Wei. They don’t have a mother.”

Ye Shuyun’s face immediately darkened when she heard this.

Was he cursing her daughter-in-law to die?

The Little Boy’s mother did not feel that her son was wrong. Her son was telling the truth, so what was wrong with telling the truth?

“Lu Qi, look, this is my mother.” Mao Xiaoqian raised his chin provocatively at Lu Qi. He looked exactly like his mother.

“Hello, Auntie.” Lu Qi was very polite. He held his brother’s and sister’s small hands and stood there. Two of them looked exactly the same, but the other one was too beautiful, she really was the most beautiful child in the entire kindergarten.

Although no parent would think that their child was ugly, no matter how ugly, it was still their own, but they had to admit that she gave birth to a good child.

One of the women was different. She was about forty years old and her figure was a little chubby. Her complexion was not too good. She held her daughter’s little hand and was the only one who did not discuss it. He lowered his head, he saw that his daughter’s little face was pink and tender. She was getting cuter and cuter. She squatted down in front of her daughter and hugged her daughter lovingly. The little girl also smiled shyly at her mother.

“Mommy, do Lu Qi and the others really not have a Mommy?”

She asked her mother softly.

“Of course they have a mommy. Otherwise, where would they come from? They are the same as you, born from a Mommy.”

“Then why do they have three and I only have one?”The little girl pursed her lips. “Xiaomei also wants a brother.”

“Because your mother doesn’t have the ability.”The woman gently rubbed her daughter’s hair.

Her gaze fell on the three children, and finally stopped on the face of the little girl in the middle. She looked very similar to that person. HMM, Lu, if there were no accidents., then it really was them.

“Children, is your mother here yet?”

The teacher clapped his hands and asked the children sitting below.

“Teacher, my mother is here.”The most arrogant Mao Xiaoqian raised his little hand the highest.

“Teacher, my mother is the most beautiful of all the mothers.”

### **Chapter 1747: acquaintance**

Mao Xiaoqian’s mother also smiled. Of course, she was also very satisfied with her appearance. If she said that she was the most beautiful mother here, she naturally deserved it.

Many people had said it before. In fact, she should be a celebrity. A celebrity might not be as good-looking as her. However, a celebrity could put on makeup and dress up. Of course, most of them relied on retouching pictures.

Perhaps even Yan Huan was like that. He was the fifth most beautiful woman in Asia. She felt that he might not be as good-looking as her after removing his makeup.

“Teacher, teacher...”Mao Xiaoqian raised his hand again.

“What is it, Mao Xiaoqian? Is there anything else?”The teacher asked with a smile.

“Yes.”The little boy stretched out his finger and pointed at the Lu siblings.

“Lu Qi, Lu Guang, and Lu Wei’s mother aren’t here. They don’t have a mother.”

When he said this, the teacher was extremely embarrassed. The parents of the other children couldn’t help but look at the three children. The three children who looked alike were still standing there, all of them pursed their lips. They didn’t sit or speak.

Just as the teacher did not know how to dismount, a sports car stopped outside the kindergarten.

Most of the children in this school were from wealthy families. Naturally, they knew what was good for them. This car was not cheap. Who Was It? It was such a big show.

When the car door opened, a pair of feet came down first. Unlike other parents who insisted on wearing high heels, they were afraid of being dwarfed by others by a few centimeters. This woman was a pair of flat shoes, but the shoes were very beautiful. When she walked out, it seemed that everyone could

smell a faint fragrance of flowers. She was also wearing very simple clothes, she was wearing a white shirt with a pair of black pants underneath. Her waist was slim and her legs were long. The shirt was also loosely tucked into her pants. Her hair that reached her shoulders was very black, and it was not dyed, however, it was surprisingly beautiful.

“Mommy...”

Xun Xun let go of her two brothers’ hands and ran towards her mother.

Yan Huan squatted down and touched her daughter’s little face. Then, she beckoned to Lu Qi and the others. Lu Qi also held his little brother’s little hand and ran over. Then, he held his mother’s hand.

“I’m sorry. There was a traffic jam on the road. I’m late.”

Yan Huan stood up, and there was a hint of apology in her tone.

“No, it’s fine. We haven’t started yet.”The teacher began to stutter.

This, this isn’t..

Yan Huan took off her sunglasses and smiled again. However, she could clearly hear the sound of a gasp.

Was This... Yan Huan?

Yan Huan’s line of sight stopped. To her surprise, she saw an acquaintance.

She brought her three children over as well.

Meanwhile, Mao Xiaoqian’s mother could not help but tense up. She thought that Yan Huan was looking for her because she was walking in the direction that she was currently standing at.

Did she also feel that her looks were not bad, so she was trying to poach her into the film industry?

However, she was really thinking too much. Yan Huan was indeed walking in her direction, but he had already walked past her. He did not even stop for half a step as he walked in front of Xiao Mei’s mother.

“You’re here too.”

Yan Huan smiled as he greeted this woman. Indeed, he had never thought that he would meet her here.

This was not anyone else, but the wife of the mayor of Hai City. As a public figure of Hai City, she was the first to donate whenever something happened. Naturally, she had met this madam Gao several times, although the two of them had not spoken much, they were not strangers.

“Yeah, what a coincidence.”Madam Gao stroked her daughter’s soft hair, “When I saw these three children and knew that their surname was Lu, one of them looked very similar to you, I knew that it might be your child. Why, were you sent here because they were secretly photographed?”

“That’s right.”Yan Huan shook the children’s small hands. “They’re still young. I just want them to live their childhood well. My fame is sometimes not a help, but a tiring one.”

“Me too.”Madam Gao was deeply moved by this. She lowered her head and introduced Yan Huan to her daughter. “Xiaomei, call me Auntie Yan.”

“Hello, Auntie Yan.” Xiaomei obediently greeted Yan Huan.

“So Obedient.” Yan Huan caressed Xiaomei’s little face. “She looks like you.”

“That’s right.” Madam Gao Sighed. “I only gave birth to her when I was forty years old. She’s the only child I have in my life.”

“You’re so good. You gave birth to three children at once, and you’re so obedient and cute. My Xiaomei often mentions triplets, saying that they’re the smartest children in their kindergarten.”

“Children are very well-behaved and very smart,” Yan Huan said with a smile. Of course, she also really felt that other children were stupid. People paid the price for being smart, because smart people did not have a childhood.

And she only knew when she became a mother. It turned out that for a mother, children were all they had. It was just like how Gao Fu, who was almost forty years old, gave birth to this child with all his might, she had almost lost her life, so this was the reason why her body was not in good health.

The two of them chatted as if there was no one else around, but no one dared to disturb them. Even the teacher stood there and did not dare to interrupt.

Yan Huan touched his forehead in embarrassment. “I forgot. I didn’t come here to chat. Can I treat you to a cup of tea some other day? When the time comes, we can continue the conversation.”

“Of course. As long as you don’t mind me disturbing you.” Madam Gao also smiled. She had a good impression of Yan Huan. Yan Huan was a well-known philanthropist in Hai City. Of course, he had also won a lot of glory for Hai City, moreover, their children would be students in the same school in the future. If nothing unexpected happened, they might have to grow up. Her gaze also turned to Lu Qi and Lu Guang, these were Yan Huan’s triplets. The two little fellows looked exactly the same. She knew that the Lu family had a very good family style. Moreover, no matter what the reason was, the men of the Lu family could not divorce, even if the other party was infertile, it was the same.

Moreover, the Lu family would have two brothers. She did not have to worry about them cutting off the family line or anything like that. She was just afraid that Xiao Mei would be like her in the future. If she could not give birth, she would have to risk her life. If that happened, her body would be small. What would she do if she lost her life?

She liked the two children of the Lu family. With the family style of the Lu family, it was unlikely that the two children would grow crooked.

Only then did the teacher come to her senses. She was truly frightened. She was truly frightened.

She never thought that the mother of the triplets would be Yan Huan. It was no wonder. Yan Huan never sent the children. If he dared to do so, would it cause a traffic jam?

**Chapter 1748: two dishes**

What she was about to say next actually sounded a little incoherent. This time, the parents and children would cook a dish together and then let the children eat together, of course, they could also cook two dishes together.

"Let's do it together," Yan Huan said to Madam Gao.

"Sure." Madam Gao also smiled, but in her heart, she heaved a sigh of relief.

She knew that Yan Huan was helping her. She really didn't know how to cook.

"Babies, what do you want to eat?" Yan Huan asked the three children. She would cook whatever they wanted to eat. The kindergarten provided a lot of ingredients. As expected of a first-class kindergarten, she was willing to give up this capital.

"To make meatballs," Xun Xun tugged at the corner of her mother's shirt and said in a childish voice, "Xun Xun wants to eat the meatballs made by Mama."

Xiao Qi and Xiao Guang also nodded. They agreed with their sister's idea. As long as their sister liked it, they had no objections.

"Okay, this is one dish. What about the other one? Xiao Mei, what do you think?" Yan Huan bent down again and asked the shy Xiao Mei. This child's personality was too shy, and she was very timid, she had always been hiding behind her mother.

When Xun Xun was young, she was also timid. But later on, she became more courageous. Actually, it was because she had two older brothers. It didn't matter if she made a mistake. Anyway, she had two older brothers to carry her.

"Xiaomei, what do you like to eat? Auntie will cook for you. Auntie will cook a lot of delicious food."

"Really?" Xiaomei's eyes lit up. Then, she raised her head to look at her mother.

Can She Do It?

"Tell me, what do you want to eat?" Madam Gao stroked her daughter's hair again. "Your Auntie Yan is as famous as her acting skills, and her cooking skills."

"How can it be so good?" Yan Huan was a little embarrassed by the praise. Actually, she wasn't that good. It was just that she had made too much, so she was used to it

Xiao Mei bit her little finger and thought for a while. "Auntie, can you make sweet meat for Xiao Mei to eat?"

"Sure," Yan Nan agreed readily. She pinched Xiao Mei's little face again. "Auntie will make sweet meat for you to eat."

Wasn't this kind of sweet meat sweet and sour pork? She knew how to do that. The three children at home also liked to eat it. Originally, she could have made fish for them to eat, but at home, they were fed by adults, so she was afraid that they would eat the fish bones, although she would carefully pick out the fish bones, she was still afraid that there were so many children here, so it was better to forget about it. She would not eat fish, but eat meat instead.

The kindergarten had spent a lot of effort this time. They had prepared several stoves, one for each parent, and most of them were a group of parents. There were also a few parents who probably did not know anything, they stood there, not knowing what to do.

Meanwhile, Yan Huan was already busy. Yan Huan's three children, along with Xiaomei and the others, were squatting on the ground, picking up vegetables. Lu Qi had been patiently teaching Xiaomei how to pick vegetables, Xiaomei's small hands might have been a little clumsy at first, but she learned it in a while.

When Yan Huan was chopping the pork, she handed the knife to Madam Gao. Madam Gao didn't know how to cook, but this wasn't difficult for her.

Madam Gao was also very grateful to Yan Huan. Yan Huan was clearly doing this so that she wouldn't be too embarrassed here. When she looked at the few parents who were flustered, she was truly grateful to be able to meet Yan Huan here. Otherwise.., perhaps she would have become one of those embarrassing parents. She couldn't afford to embarrass herself.

However, this time around, she really had to learn how to cook. Looking at the actions of Yan Huan's three children, it was obvious that they would help their mother from time to time. Meanwhile, her little Mei also had a serious expression on her face, this was indeed a very good opportunity for a parent-child exchange. In the future, she would have to study hard and prepare a table full of delicious dishes for her little mei. Moreover, there would be more such parent-child activities in the future, it was impossible for her to have such good luck every time. Yan Huan could help her.

When Yan Huan was frying the meatballs, Madam Gao would protect the four children so that they would not be splashed by the oil. Moreover, Yan Huan would fry these meatballs bigger than usual because the children were too small, she was afraid that the children would accidentally choke and swallow the whole meatball. Hence, when it was bigger, they could eat it without worry. At that time, it would split into two from the middle and become a semicircle meatball, it would be even easier.

The process of frying the ball was Yan Huan's, and the cutting of the ball was done by madam Gao.

This was very simple. It would be done by cutting it from the middle. There was no technical content, and it would be fine even if the cut was off or off.

"Auntie, is this delicious?" Xiao Mei placed her little paws on the table and stood on her tiptoes as if she was hungry.

Yan Huan took a ball and cut it into four pieces. He gave each of the children a small piece.

Whether it was delicious or not was not something that could be asked. It was something that they had to eat for themselves.

No matter how much others talked about it, it was impossible to know whether it was delicious or not. Only after you ate it yourself would you know what it tasted like.

Xiaomei ate it carefully. Just as she took a bite, her eyes curved and she smiled.

"Auntie, this is really delicious."

“Then eat more later.” Yan Huan pinched Xiaomei’s little face again. “You have to give me more face. You have to eat up all your food, Okay?”

“Okay.” Xiaomei nodded her little head vigorously. “Don’t worry, Auntie. Xiaomei will eat more food and vegetables.”

After Yan Huan finished making the meatballs, he made sweet and sour pork tenderloin again and even cooked a corn soup. Her three children loved to drink it. Actually, whether other children liked it or not was none of her business, she would only cook it for her own children.

When Yan Huan brought out the dishes he had prepared, there were also parents who had prepared their own dishes one after another.

However, from the looks of it, Yan Huan’s dishes were still the best. Of course, there was no need to mention that they were also extremely delicious. As for the black dishes that some parents had prepared, it was fine. It was likely that no one was willing to give their children that kind of food, it was better to avoid giving the children diarrhea.

The kindergarten teachers brought out small bowls of rice one by one. Inside were small bowls of rice.

The rice was for the children to eat. They had to eat by themselves now. The teachers would distribute the food to the children and they would eat by themselves. As for the parents, they would have a table of the kindergarten’s food, it was also to let them understand the food in the kindergarten. This would make the parents believe that their kindergarten had always done the best in feeding their children.

The children eat their own small bowl of food, each one is obedient.

#### **Chapter 1749: Yanhuan’s nightmare**

The little ones buried their heads in their food. Xun Xun turned her head and saw that Xiaomei had finished all the meatballs and meat in her bowl. She thought for a moment, then, she placed all the meatballs and meat in her bowl into Xiaomei’s bowl.

Xiaomei raised her little face and smiled shyly. Then, she lowered her head and ate the rice in her bowl.

“This is for you, Brother.” Lu Guang gave all the food in his bowl to his younger sister, while Lu Qi gave his own rice to his younger brother. He could eat the rice himself.

However, it was also quite fragrant for him to eat the rice.

“Are all the children in your family like this?” Madam Gao asked Yan Huan in surprise. Now, most of the children in the family were the same. A bunch of people were spoiling, pampering, and doting on them.

And these children didn’t know how to let others do whatever they wanted. They didn’t seem like they had siblings. They all knew how to give the best food to the smaller ones.

“They’ve always been like this.” Yan Huan’s children had always been like this since they were young. Lu Qi had taken care of his younger brother and sister since they were young, and Lu Guang liked his sister. If he had anything good to offer., he would first hold his sister’s little mouth tight.

“Actually, I really want to give birth to another one.” Madam Gao was really envious. Even at her age, her body wouldn’t be able to give birth. In the end, she would only have one daughter.

Perhaps many people thought this way. A child was indeed too lonely. In the future, if adults like them weren’t around, then only the child would be left. If she was like Lu Wei and had two older brothers., at the very least, if a girl were to get married in the future, she would still have two older brothers to support her.

And now that older brothers loved their younger sister so much, no one would dare to bully her in the future.

Therefore, Madam Gao also made a note of this matter.

Of course, after Yan Huan came once, no one dared to say that they were children without a mother. Of course, they had a mother, and their mother was the most beautiful mother. However, because their mother was too famous, she rarely appeared.

As for Mao Xiaoqian, he, and his mother, this time, they were also upstaged by others. For a moment, they could not accept it

In the past, she thought that Yan Huan was just so-so. Even if he removed his makeup, he would not look as good as her. In the end, he slapped her in the face this time. Who would have thought that the mother of the triplets was Yan Huan, yan Huan was as beautiful as he was on TV. He hadn’t changed his makeup, but his skin was much better than the average person’s.

Mao Xiaoqian didn’t dare to say that Lu Qi and the others didn’t have a mother anymore. They clearly had a mother, and her mother was here. She even cooked a good dish. He had eaten the dishes made by Lu Qi’s mother, but they were very delicious. They were much better than the dishes made by his mother.

Lu Qi and the others were still in kindergarten, but they had changed from a three-person group to a four-person group. Xiao Mei had been unwilling to talk to others, and Lu Qi and the others were the same, now that Xiao Mei had been added, there was nothing strange about it.

After Mrs. Gao went back, she told Mayor Gao about her thoughts and worries.

Mayor Gao thought about it and agreed. The Lu family was indeed a good family with a strong family tradition. Both Lu Jin and Lu Yi were famous for doting on their wives.

Their children should be about the same. Most importantly, the Lu family had many children. Their children might not be as serious as other families thought.

In fact, it wasn’t just Madam Gao who was afraid. Even mayor Gao himself was a little worried.

It was mainly because of his own path of seeking children. He was too strong, and it was too long. Only Madam Gao herself knew how much pain she had suffered along the way. In the end, she had suffered a lot, and in the end, she had given birth to such a daughter.

Perhaps it was because they were selfish and really didn’t want their daughter to suffer like this anymore.

However, it was too early to talk about this now. They were only three-year-old children, and there were still more than twenty years to go.

Relationships should be cultivated from a young age, and Mrs. Gao had already decided. From now on, she would be looking after her son-in-law. In the future, Xiao Mei's school would follow the Lu family. She didn't believe that.., this childhood sweetheart hadn't had any feelings at all.

Of course, if she really didn't have any feelings in the end, she might force someone else to marry her daughter, or force her daughter to marry someone else. She could only say that she would start preparing from now on.

As for whether she could really reach that step in the future, that would depend on fate.

Just as mayor Gao had said, after all, there were still twenty years left. Who knew how the vicissitudes of life would change in twenty years.

Of course, Yan Huan did not think so much. She felt that she was still a child. Well, in front of Lu Yi, she was just a child. She was only thirty years old now, and many people at her age had not married yet, she also did not have children. Moreover, she was so fond of beauty. How could she accept that her son was about to marry his daughter-in-law and she was about to become a grandmother.

She would really cry if that happened.

And inexplicably, she really had a dream at night. She dreamed of a young version of Lu Yi, but with one look, she knew that it was not Lu Yi. How could she not know her own husband?

But who was this person who looked so similar to Lu Yi? Could it be another brother of Lu Yi, a separated twin brother? But she had never heard that Lu Yi had a twin brother, and such a young person was just like when she first met Lu Yi. No, it was younger than when he first met Lu Yi. And no matter how she looked at it, it was somewhat familiar.

"Mom, this is your grandson."

The young version of Lu Yi placed a baby that was still sucking milk in her arms, and she received the child as if she was receiving a bomb.

Her... grandson..

She suddenly turned her head and saw a mirror, and in the mirror, her face was actually reflected.

Who was that woman with white hair and a face full of wrinkles..

When Lu Yi entered, he realized that Yan Huan seemed to be crying. She seemed to be crying so hard that her heart was breaking.

Lu Yi was really frightened. He hurriedly pushed the door open and walked in.

"What's Wrong?" He sat down and gently patted Yan Huan's shoulder. "You're fine. Why Are You Crying?"

"Lu Yi, I had a dream..." Yan Huan choked. She thought of that dream and her heart felt terrible. She had never felt so terrible before.

“What Dream?” When Lu Yi heard that it was just a nightmare, he heaved a sigh of relief. It turned out that it was a nightmare. “It’s fine. Once you wake up from the dream, everything will be fine.”

“It won’t happen. It will happen.”

Yan Huan clenched her hands tightly. The expression on her face was frantic.

Lu Yi was stunned for a moment. What was going on? Could it be that she had foreseen something bad?

### **Chapter 1750: had to be prepared**

Yan Huan still wanted to cry. She wanted to cry her heart out.

“Is there a mudslide somewhere?” Lu Yi asked.

Yan Huan continued to shake her head. She was really going to cry. Lu Yi did not understand her at all. They did not have any psychological connection.

“Then, is Haijiang going to flood again?” Lu Yi guessed again.

Yan Huan Lay on the pillow, crying so hard that she was about to die.

“What’s going on?” Lu Yi placed his hand on Yan Huan’s shoulder. He was so upset by her crying that he wanted to kill her. She was fine, but what strange dream did she have that made her cry like this.

Yan Huan was sobbing, telling him intermittently what nightmare she had. Lu Yi was dumbfounded. He didn’t know whether to laugh or cry.

She was only thirty years old now. Liangchen was still acting as a young girl when he was thirty-two years old. If Yan Huan were in the entertainment industry now, he would be a very young female star. It was the prime time, she could still create another peak as long as she was willing.

Also, how could she age so easily? There were still twenty years left before the three children grew up. If the children were not up to expectations, just like him, they would only give birth to grandchildren when they were in their thirties.

Then they would have to wait another thirty years. One thirty years, at least several generations of people would age. Moreover, thirty years later, it was possible that time would pass very, very slowly, just like what they were doing now. They would also age very, very slowly, moreover, he felt that Yan Huan would not change much when she was sixty years old. Her facial features were there, and they could withstand the wind and rain. They were also able to withstand the passage of time. How could she age so easily, her hair turned white and her face was full of wrinkles.

Yan Huan had been lost for a long time because of this dream. Lu Yi could not do anything to her.

Birth, aging, illness, and death were a part of the journey that humans had to complete. Ever since they were born, this was their fated fate. The beginning of fate was birth, and the end was death.

This was the law of time, and it was also their fate.

Everyone knew how to take advantage of time, and Yan Huan was no exception.

Fortunately, they had a little guest in their house recently, so Yan Huan wouldn't continue to have nightmares.

This little guest was none other than Xiaomei. Madam Gao often brought Xiaomei over. She learned to cook from Yan Huan while Xiaomei played with the triplets. After a while, the two became familiar with each other.

Xiaomei was a shy little girl. When she first came, she would hide behind her mother. However, as time passed, she became more daring. She would even go with Xun Xun to the fields to pluck vegetables, her body was covered in mud and dirt. However, the two little girls were very happy. The three children of the Lu family had very strange temperaments. They did not like to get too close to other children, thus, they had always been playing by themselves. It was just the three of them. Now that there was an additional Xiaomei, they seemed to like it and accepted it even more.

Especially xunxun. She did not have a playmate like her. Xiaomei was the same age as her. She could play house with Xiaomei, which her brothers did not like, she could also bring Xiaomei to wear her mother's high heels secretly, and she could even use her mother's cosmetics to apply on her face.

When the two of them were together, they could feel that their temperaments had become much more lively. However, Yan Huan found that his cosmetics had been damaged by the two little girls, and he felt a kind of speechless heartache.

Sigh, let's Buy More.

Otherwise, what else could he say

This was his biological mother, his biological mother.

As for Madam Gao, she often brought Xiao Mei over. Moreover, the way she looked at Lu Qi and Lu Guang, there was a hint of contemplation in each of her eyes,

perhaps Yan Huan himself had not realized it, and of course, he had not thought in that direction. However, Lu Yi knew what madam Gao meant.

She was probably looking after her son-in-law. It was no wonder that Yan Huan would have such a dream. Yan Huan had said that her dream might have some sort of warning function, but it had been a long time since he had done so, it was also possible that she had already passed the age of twenty-eight, so her past life had nothing to do with her. It was also impossible for her to know what would happen in the future, much less what would happen to her?

However, it had to be said that her dream might indeed have some warning meaning.

For example, Yan Huan did not know that she was inviting a wolf into the house. Because someone had taken a fancy to her son, her son might be kidnapped by others to be her son-in-law.

Of course, Lu Yi could not tell Yan Huan about this. Yan Huan's nerves had been quite fine recently. If he were to tell her, she might soon have a daughter-in-law. He thought that Yan Huan would definitely cry to death for him.

So, it was better not to tell him.

Who knew what would happen in the future? Yan Huan did not know, and Lu Yi did not know either. Because they had deviated from the fate of their previous lives. This life was their new beginning, a beginning they didn't know. As for how they would go in the future, only they would know it step by step.

These days were peaceful and peaceful, so much so that Yan Huan had forgotten many things, including the hurt of being far away from her. She also wanted to live a peaceful and smooth life like this, every day, she could eat delicious food, bask in the Sun, and wait for Lu Yi to move to a new workplace. This way, it would be much more convenient for Lu Yi to go to and from work in the future, there was no longer a need to drive for such a long time every day. The lunch at noon could only be settled at the prosecutor's office

However, they still needed time to wait.

And they actually had a lot of time.

And in this way, most people wouldn't be able to feel the passage of time, which was why they wouldn't think that time was like sand at the fingertips. If you weren't careful, it would have already passed through the gaps between your fingers.

There were still some people who were waiting for time, and also some people, but they didn't know if they could wait in the end or if they could wait until the end.

"Any news recently?" Lu Yi asked Lei Qingyi.

"No," lei qingyi sighed. "We've been searching for so long, but there's no news at all. Actually, I feel..."

Lei Qingyi didn't want to say this, but just because she didn't want to say it didn't mean that things wouldn't happen. Not wanting to say it didn't mean that this was the result.

"I think we have to be mentally prepared."

Lu Yi understood what lei qingyi meant. That meant that ye Xinyu might not be found, or he might have already been killed. Neither of these two was what they wanted, it wasn't something they could accept either.

"Should we tell your uncle?" Lei Qingyi asked Lu Yi. They all knew about this matter. The possibility of not being able to find him was very high. However, after persisting for so long, they were still unwilling to give up.
