

Sweet Wife 1761

### **Chapter 1761: best actress Yan's children's clothing store**

And in that instant, Yan Huan really had the heart to die.

At night, whenever Yan Huan saw Lu Yi's serious face, she wanted to break up with him.

But in reality, she couldn't beat him.

And Lu Yi could reluctantly comply with her in everything, except for one thing: he had to eat meat, and there was no room for negotiation.

Yan Huan had been living a good life, and it was also a good time for her to be free. However, she had been completely destroyed by a month's worth of meat, or completely destroyed.

Yan Huan had already decided that after this month passed, she would eat vegetables every day, and there would be no meat stars in her rice. She would let Lu Yi have a taste of the bitter days of eating vegetables.

Just as her days were in dire straits, the children's clothing store had two designers who wanted to show their designs to Yan Huan.

Yan Huan was finally diverted some attention.

They sent over a lot of designs. Yan Huan was an outsider and she had never been in the industry before. She only felt that they were pretty. She just wanted to let her daughter grow up from Little Xiaomei, she did not need to go to the mall to look for clothes. In the future, as long as Xun Xun wanted to wear new clothes, she could go straight to the store to get them. Furthermore, every season, Xun Xun would be the first to wear the new clothes in the store.

Everyone in the Lu family knew that she wanted to open a children's clothing store. In fact, she had wanted to open it for a long time. However, it was because of this or that that she had been delayed until now. Now, she could finally open the store, as for Old Master Lu, he was naturally very supportive of her opening a children's clothing store. As long as it was for the good of his little great-granddaughter, he would agree to it a hundred times. He would even give all his private money to Yan Huan, he would ask Yan Huan to open a bigger store. At that time, his family would have little Xun, and he could buy as many clothes as he wanted.

Of course, Yan Huan had never thought of opening a private children's clothing store for his daughter. It was actually not impossible for her to own all the clothes in the store. However, she could not do that.

Xun Xun was still young, and she needed a normal environment to grow up in. She couldn't just wear her clothes once and then throw them away.

The Lu family's conditions were good, but they couldn't waste them like this.

Xun Xun's clothes had always been washed and then worn. The clothes she threw away in the end weren't because she didn't like them anymore, but because they were too small. Wasn't she growing? She was growing fast, so the clothes were also growing fast.

After the two designers finished making the ready-made clothes, they took them over and showed them to Yan Huan. Yan Huan especially liked this kind of small skirt, and it was not too complicated. The color was also very refreshing, it was not the kind of bright red and bright green.

She liked both of these clothes, so she did not ask them to make new ones. These two designers were the private designers of the children's clothing store, and the clothes in the store were also made by them, there was a small clothing studio inside, and there were only a few people. However, if they only cared about this store, it was completely enough.

Yan Huan didn't care too much about these things. She specifically hired a store manager with rich experience to handle this matter completely, while she herself became a hands-off manager.

The profits and losses of the store didn't matter. She never thought of using this store to make money. The money earned in the store would be used to replenish the employees inside. If she lost money, she could just make up for it herself.

The early stages of the work had already been pretty much arranged. The location was a shop that faced the street at the bottom of Linlang building. It had already been renovated and was in a very bright color. There was also a small playground, it was all for the children to play with. The clothes that were sold now were clothes for three to five-year-old children. They were not for sale even if they were slightly older.

The style of the clothes here would continue to change as Yan Huan and the other two children grew up. Of course, if the children really grew up and did not need it anymore, then they could talk about other things.

After all, the shop hadn't opened yet, so even Yan Nan didn't know what would happen in the future?

Yan Huan's children's clothing shop was called treasure house. Every piece of clothing in the shop was the original designs of the two designers. They used the best materials, the best teachers, and many of them were completed by hand, of course, the prices were also high. But even so, this children's clothing shop that Yan Huan had personally invested in and opened by himself had a very good business. Many people knew about it, this was a children's clothing store that best actress Yan had specially opened for her three children. So no matter how expensive the clothes inside were, they would always follow the trend and buy one for their children.

Moreover, Yan Huan's friends in the circle would also come over to buy clothes.

Of course, even the mayor's wife had bought several sets for her daughter here.

There were more and more people here, and the daily turnover was also increasing day by day.

Not long after, this children's clothing store actually became famous, and after it became famous, it also led to the store's business.

And because it was said that there might be many celebrities here, some people even saw Liangchen bring his daughter over last time. The little girl looked like her mother, and she looked very beautiful. At that time, everyone present said that.., they had seen Liangchen's daughter, but they had not seen her. They had all started to beat their chests and stomp their feet. Why did they not meet her? That was why the business of this shop had inexplicably become popular,

yan Huan's original intention was not to think about how much business this children's clothing shop would have. She had originally planned to give money to the three children to wear until they grew up, so she was also prepared to lose money. And she had even prepared the capital.., she was going to pour it into the store.

In the end, the store actually made a lot of money. This was something that she did not expect.

On the contrary, those she knew, whether in the industry or outside, all liked to buy children's clothing from her place. Therefore, some people said that it was very easy to see celebrities in that house, so the business was surprisingly good. At the very least.., they could afford to support the designers and the shop assistants.

"Mama, I want a new skirt."Xun Xun tugged at her mother's sleeve and shook it from time to time. Her big black and white eyes blinked from time to time, and her baby voice was like a bamboo shoot after a rain, it was almost like the whole heart of a person who was about to melt.

The little girl was very fond of beauty. Now, she was more and more fond of beauty. She knew that she had to pick out clothes to wear every morning, and she would not wear anything that was not beautiful even if she was beaten to death.

Yan Ji dressed his daughter up very beautifully and fashionably. When Ye Shuyun brought Xun Xun out, she was practically turning her head 100% . She was afraid that someone would carry her little xun away on the spot.

The little girl was originally beautiful. She was soft and cute, and she had a mother who knew how to wear clothes. How could she not be beautiful? The little girl was like an oversized doll, almost everyone liked her.

## **Chapter 1762:**

"Let's go, Mommy will bring the baby to buy new clothes."Yan Huan bent down and picked up her daughter, carrying her outside. Coincidentally, the store had recently designed a few new clothes for the little girl to try on, her daughter was just like her, born with a love for smugness.

However, she wasn't as smugness as xunxun. She didn't know if it was her mother who spoiled her like this, but it wasn't the case either. She was reminded of the two brothers at home.

Xiao Qi and Xiao Guang often brought clothes there, but these two didn't have much interest in clothes. However, they liked toys. Toys were far more attractive to them than clothes, moreover, if they had time now, they would focus on their studies. They even had less time to play. Naturally, they didn't like the matter of trying on clothes at all.

Yan Huan felt that his son was about to be uprooted from his childhood.

However, the two of them just happened to like that kind of life. They liked to study, and they were willing to learn. This might be the genes of the Lu family. Ordinary people like Yan Huan would not understand.

Forget it, as long as they were willing, it would be fine. Fortunately, there was little Xun Xun. She was a normal child. She was a little naive and a little silly. Of course, she was not that mature. When there was nothing to do.., she would even be schemed against by Yan Huan, her mother.

She carried Xun Xun into the shop. When the shop assistant saw that it was Yan Huan, she hurriedly let Yan Huan enter the innermost part of the shop. Then, she brought over a lot of clothes. They were all new designs that had recently been put on and had not been hung up yet. In other words.., little Xun was the first person to wear them.

“Is this one good?”Fang Huan squatted in front of his daughter and asked the smugly little girl.

“It looks good.”The little girl nodded her little head forcefully and did not take off her little skirt after putting it on.

“Then we’ll take this one, Alright?”Yan Huan continued to discuss with her daughter. She doted on her daughter and also wanted to place all the good things in front of her. However, she still had some sense of propriety, she would not spoil her daughter to the point where she wanted everything.

There were many clothes here, but she could only wear one and not keep all the clothes for herself.

“Alright,”Xun Xun obediently agreed. She stretched out her small hand and hugged her mother’s leg. As expected, she only wanted this one and didn’t even look at the rest.

Yan Huan carried her daughter and prepared to bring her home. However, just as she got into the car, she heard her cell phone ring.

“Baby, help mommy take out her phone.”Yan Huan fastened his seatbelt as he spoke to Xun Xun. Xun Xun was very smart now and could do many things. Oh right, she could be a bystander now.

Xun Xun hugged her mother’s bag and unzipped it. She took out her mother’s phone and placed it in front of her mother.

“So Obedient.”Yan Huan kissed her daughter’s little face and took the phone. However, when she saw the caller ID, she couldn’t help but frown. Why was it him?

She hung up the phone. She didn’t feel that there was a need for her to answer the call.

The two families had already fallen out with each other. What was going on? They were going to do something good again, and the Ye family couldn’t be trusted. Sun Yuhan and ye Jianguo were the same.

Yes, this was a call from ye Jianguo, and she still did not understand why ye Jianguo was calling her? Ye Shuyun had dealings with the ye family, so she and the Ye family had even less to do with ye Jianguo. She was not raised by ye Jianguo, nor was she taught by Ye Jianguo, nor had she received any favor from the Ye family, she also did not owe him, ye Jianguo. She did not understand why ye Jianguo was calling her. Could it be that he still wanted to chat with her.

But they didn't seem to have anything to talk about.

Just as she was about to drive away, her phone rang again.

Xun Xun used her two small hands to pick up the phone and placed it in front of her mother. Her small face was chubby and extremely cute.

Yan Huan took her phone again. Why was it ye Jianguo's.

She pressed the hang-up button again and threw the phone to the side.

In the end, she drove all the way and this person called all the way.

In the end, she took the phone. She was going to turn it off, but when she thought about it in the end, with ye Jianguo's character, he wouldn't give up easily until he reached his goal.

She pressed the answer button and then put the phone to her ear.

"Old Ye, what do you want to Do? I don't think we have anything to talk about, right?"

"I don't want to talk too much with you either, but there are some things that we have to resolve. From now on, we won't interfere in each other's business."

Yan Huan didn't want to hear it, but the voice on the other side continued.

"Don't worry, I Won't do anything to you. I don't have the ability to take your life now. If I Touch You, My Yuhan won't have a good time either. If you're worried, you can ask someone else to follow you."

Yan Huan still didn't want to go over.

"What, you still want to think about it?"Ye Jianguo sneered. "Who are you going to ask? Lu Yi, Ye Shuyun, Lu Jin, or Lu Yuanyang? Who Do you want them to come?"

"So how pathetic is your life?"

Yan Huan mocked ye Jianguo bluntly.

To be able to make people live to such an extent and make everyone turn their backs on him, even her own son and grandson didn't want to acknowledge him as their grandfather. Wasn't that pathetic?

She threw her phone aside and was about to drive home when she remembered that Ye Shuyun had once said that some of her things were still left in the Ye family, but now that her relationship with the Ye family had become like this., she did not think of taking it back.

Forget it, let's go once. She turned the car around and drove towards the place that she had agreed to with ye Jianguo.

However, the more she drove, the more remote the car became, and the more deserted it became.

She really didn't understand. It was one thing for ye Jianguo to ask her to meet him, but why did he have to meet her in such a deserted place? Or could it be that the things he said were shameful, but no matter how shameful they were, they wouldn't be here?

After stopping the car, Yan Huan didn't really want to go. It was also because the ye family had dug too many holes for her in the past few times. Just as she was about to reverse the car, her phone rang again. She picked up the phone. As expected, it was still ye Jianguo's.

"What, Yan Huan? Are you still afraid that I'll eat you up at my age?"

The voice on the other end was very cold and piercing.

Yan Huan gripped the steering wheel in her hand tightly. She had the urge to turn around and leave, but in the end, she still drove the car forward. She thought that perhaps ye Jianguo was the same as Old Master Lu, he had the hobby of building a house on top of a mountain, although she had never seen it before in her two lives.

### **Chapter 1763: was fooled**

However, not seeing it did not mean that it did not exist. Not seeing it did not mean that ye Jianguo did not like it in the past. Now, he had no plans.

The car drove forward for about ten minutes. As expected, she really found a small house. It was all relatively simple and crude. However, would anyone live here? Yan Huan expressed her doubts. There were no shops in this place, not even a neighbor. However, other people did not like it. Perhaps ye Jianguo liked to stay in such a place.

In any case, he had always been too much. He was not a normal person to begin with.

Yan Huan opened the car door and carried Xun Xun Out. Xun Xun did not like this place very much, so she turned her little face away. She was not too happy. If it was not for her mother, she would have been crying nonstop.

"Can we go home later? Mommy will buy you a big doll to play with," Yan Huan coaxed her daughter and pinched her little face.

"Okay," Xun Xun obediently agreed and leaned her little head on her mother's shoulder. However, it was obvious that she was still unhappy. Otherwise, when she arrived at a new place.., she would definitely say a lot of words to her mother in a baby voice.

Yan Huan pushed open a door. It was filled with the smell of dust.

She hurriedly stepped out. Her delicate eyebrows were tightly knitted together at this moment. There was no one living here. Yes, there was definitely no one living here. Otherwise, there wouldn't be such a heavy dust smell.

However, before she could react, a series of messy footsteps suddenly came from behind. Yan Huan was stunned. Why did she feel that there was something wrong with these sounds? This was the sixth sense of danger that she was born with, alright, she knew it. She had been deceived again. It was one thing for her to be deceived by the little one, but it was another for her to be deceived by an old one. She should not have trusted ye. Yet, she still believed him. Just how low was her IQ, how stupid was a person.

She hurriedly carried her daughter to a corner. Then, Xun Xun put her down and let her hide in a small corner. There was a small cabinet here, and there was an empty space beside the small cabinet, she could hide from a child, but an adult could not.

She placed her finger to her lips. "Baby, come and play no games with Mommy, okay?"

Xun Xun nodded her little head and placed her little finger to her lips as well.

"Then if Mommy doesn't let you speak, we can't talk. If mommy doesn't let you come out, you can't come out, okay?"

The voices in her ears grew louder and louder as they got closer and closer to her. Yan Huan looked at her surroundings. At this moment, this was the only place she could hide. Without knowing who was outside, she did not dare to bring Xun Xun around.

And now, this feeling of danger made her feel even more intense.

"Baby, you have to hide well." Yan Huan smiled as he spoke to his daughter. After which, she took off her clothes and wrapped her daughter up. She then pulled the cabinet outside and stuffed Xun Xun's small body inside. Remember, we are playing a game. Don't move and don't come out, understand?

Xun Xun nodded her little head vigorously and hid her little body inside. This was mommy playing a game with her. Was she touching a cat.

Then, she would definitely hide well and not come out.

Yan Huan stood up again and wanted to find something that could be used for self-defense. However, a few extremely tall and muscular men had already barged into the door.

She sized them up without batting an eyelid. She was also thinking about how confident she was in winning. She had some skills and it would not be a problem for her to defeat a few ordinary men. However, these people were obviously not ordinary, she might not be able to defeat them. Although she had improved a lot recently, be it Bai Zhi or Lu Yi, they had both taught her a lot. She should be a little stronger than before. Furthermore, she had been forced to eat meat for half a month recently, therefore, she felt that her strength seemed to be much stronger than before. It was no longer the same as the past few times. She could do whatever she wanted in the past few times. However, she had not forgotten that Xun Xun was still here. She did not dare to imagine what would happen to Xun Xun if she was captured by these people?

What she wanted to know now was what Ye Jianguo wanted to do. If she was still stupid enough to not know that she had fallen into a trap, then her two lives would have been wasted.

However, she still trusted others too much. There was no one in this world who would truly be a sheep. When necessary, they would turn into wolves and bite off her small neck.

Even if Ye Jianguo said that he wouldn't lie and sounded nice, would he really not lie? How could she have forgotten that Ye Jianguo didn't even have morals? How could he still be honest.

And she stood in front of the cabinet without leaving a trace. She didn't dare to let anyone know that Xun Xun was still here. She was very glad that she had hidden Xun Xun inside. Otherwise, she didn't dare to imagine.., what if these people hurt her little Xun Xun?

“What are you doing?” She grabbed her fingers by her side and didn’t dare to move.

Those men didn’t speak, and then there was another sound outside, like, like... The Sound of wheels. No, that was the sound of a wheelchair, a wheelchair. There was no mistake. Old Master Lu’s legs were clearly fine before, but the side is like sitting in a wheelchair, wheelchair sliding on the wooden floor above, is such a sound, zhining zhining zhining..

Not long after, a woman in a wheelchair pushed her wheelchair over.

“It’s You?” Yan Huan was not surprised at all.

Actually, there was nothing to be surprised about. It was very obvious. It was very easy to guess, wasn’t it?

She did not have many enemies. Even if she could be called an enemy, there were only a few. Those who were related to the ye family, and those who could make ye Jianguo ask her out, were all in a wheelchair. There was not only one person.

Sun Yuhan.

“Yes, it’s me.” Sun Yuhan covered her mouth and giggled. However, one could always see a malevolent expression on her face. “Miss Yan, you’re not the least bit surprised,” she said, then, she stretched out her hand and gently clapped it.

“I admire Miss Yan’s willpower. Under such circumstances, you can still be so calm. In this aspect, you’re more like a member of the Ye family than I am.” When she said this, no one noticed that her eyes flashed, however, only she herself knew what flashed past.

“What do you want to Do?” Yan Huan clenched her fingers tightly behind her back. At this moment, she was not as calm as she had imagined. No, she was not calm. She was nervous. She was worried. She was afraid, she was also afraid. This time was different from the last time. It was different from the last time when Su Qingdong wanted to kill her because at that time, she was alone. However, this time, she secretly moved toward the cabinet, it also blocked the line of sight of these people.

#### **Chapter 1764: She would rather die**

Sun Yuhan touched her leg. Although she could still feel it, her bones had grown back, and everything was normal, she was already crippled. She would no longer be able to wear high heels, and she would no longer be able to act in movies, everything she had was ruined because of Yan Huan.

“What do I want to Do?” Her eyes were bloodshot, and she looked like a wolf. “Yan Huan, why are you asking me what I want to Do? Of course I want you to die.” She gritted her teeth, the hatred almost tore at her internal organs, causing her to feel pain as if she had been displaced.

“If you had saved me earlier, I wouldn’t be like this. I have lost a leg now, and I will have to follow the wheel for the rest of my life. Everything I have will be ruined.”

“You say...” she suddenly stood up. Only one of her feet was on the ground, while the other was still in the air. Her leg was five centimeters shorter than the other, she, Sun Yuhan, had become a cripple.

“Why?” She smiled coldly. “Why are you still alive? Your husband has a husband, children, and reputation, but what about me? What do I have?” She clutched the clothes on her chest tightly, every time she questioned, her heart would hurt a little.

She actually had nothing. What did she have? Everything she had now was all a lie.

Everyone was clearly an orphan. On what basis was Yanhuan Hui a member of the Ye family, a daughter of Ye Rong, and she was just shamelessly taking her place.

It was not easy for her to reach this step, but in the end, she ended up in such a way. How could she be willing? How could she be willing.

Clearly, she could have saved her. Clearly, she could have saved her earlier. But she didn't save her. She didn't save her. She wanted to watch her die. She wanted to cripple her.

“Why should I Save You?” Yan Huan really felt that Sun Yuhan had gone crazy. She was just like ye Jianguo. Not only was she crazy, but she was also completely unreasonable.

“I went back to look for you out of kindness, but you wanted to drive away and ended up crippling yourself. Now You're blaming me. What is my relationship with you? Why should I be responsible for half of your leg?”

She was not related to the ye family in the first place. Initially, she had spent so much money and set up so many schemes to pull the ye family back from the Su family's scheme. It was not to let the Ye family come over and be ingrates on her, if she had known earlier, she would have let the Su family eat the ye family. Then, she would have saved herself from saving these ungrateful people. Now, they were biting her back.

“Why didn't you save me?” Sun Yuhan suddenly roared. One of her legs trembled again and she fell onto the wheelchair. The pain from her legs could tell her that in the rest of her life.., what was she going to face?

Crippled, crippled, long and short legs, unable to walk.

And all of this was because of Yan Huan. It was all Yan Huan's fault. They were all B \* tches, all B \* tches. Of course, when she finished Yan Huan Off, Lu Yi wouldn't be far away.

“Haha...” she suddenly laughed. Then, she raised her finger and pointed at the people beside her.

“Why are you still standing there? Go.”

Today, not only did she want Yan Huan's life, but she also wanted Yan Huan's reputation to be ruined. The Lu family was reviled by the people of the world, and Lu Yi would never be able to raise his head again in this lifetime.

Remember, after the fun, kill her.

Sun Yuhan's thin lips opened and closed, and her words were extremely vicious. She pushed her wheelchair and sat at the side, as if she was watching a show. In a while, she would properly enjoy Yan Huan's crazy screams and struggles, she wanted to personally watch Yan Huan being stripped naked and

then humiliated to death by a few men. Even if he died, he would have to bear such a name for the rest of his life. There was also the Lu family, Lu Yi, and those three little bastards.

A few men stepped forward, and all of them revealed disgusting expressions. Their eyes were like a disgusting insect, crawling towards Yan Huan's body.

A man's hand had just stepped forward when Yan Huan directly lifted his leg and kicked out forcefully. Before the man could react, he immediately let out a blood-curdling scream. Yan Huan's kick did not contain the slightest bit of water.., she used 100% of her strength. The instant her foot kicked out, she could practically feel the sound of bones cracking

This bone was definitely broken.

When the others saw this, they swarmed forward. Yan Huan took a step back, but she was still standing in front of the cabinet. At this moment, she was like a madman, fighting with a few men.

Her fists and feet had no eyes. Originally, these few men might have thought that they had met a soft girl, but in the end, it wasn't a soft girl, but a female madman who was especially good at fighting.

The few of them were also beaten until their eyes turned red. They had completely forgotten about the other things as their fists smashed into Yan Huan's body one after another.

A person's foot had kicked her waist. That kind of piercing pain caused Yan Huan to almost stop breathing. Before long, her face was swollen, the corners of her mouth were also broken, and her eyes were no longer visible.

However, she still acted like a lunatic. Even though she was fighting with a few men, she did not let go of them. Either her bones were broken, or she was humiliated to death. She would rather break all the bones in her body, she did not want to end up like that. If that was the case, she would rather die.

She was beaten until she retreated step by step, and her back hit the cabinet. Her heart was shocked, and she hurriedly straightened her body. No matter what, she did not touch the cabinet behind her. If the cabinet fell, what would happen to Xun Xun?

At this moment, she had already been beaten until she had no room to retaliate. However, now that she was risking her life, she was also extremely ruthless. For a moment, these men did not manage to take advantage of her. Although.., she was still the one who was injured the most, these men were not having an easy time either.

Suddenly, her gaze met with the Smiling Sun Yuhan who was gloating at her misfortune. The smile on Sun Yuhan's face also froze there. Suddenly, her pupils constricted, she saw Yan Huan actually rely on his petite and nimble body to pounce on her

With a bang, the wheelchair fell, and Sun Yuhan was pressed to the ground by Yan Huan. She screamed from time to time, and large beads of cold sweat appeared on her forehead. Her legs, her legs..

The few men were also shocked and hurriedly came over to pull Yan Huan. However, Yan Huan was pulling Sun Yuhan's hair with all his might, and it seemed as though a piece of Sun Yuhan's scalp had been torn off, as long as these people dared to touch her, she would pull Sun Yuhan's hair forcefully. This caused Sun Yuchen to let out a series of shrieks.

Suddenly, there was a loud bang.

### **Chapter 1765: finding the person**

Yan Huan felt a sudden pain on her head, and a thick red fog appeared on her hands and face. She wanted to pull the fog away, but she felt that her eyes were getting heavier and heavier. She suddenly turned around, and the last thing she knew.., it was Xun Xun, who was hiding behind the cabinet. She happened to poke her little head out, and her eyes were filled with fear and terror. She shook her head at her daughter.

Xun Xun hurriedly retracted her little head. Only then did Yan Huan heave a sigh of relief. However, she also fell heavily to the ground. At this moment, more and more blood flowed out from her head, the entire room was filled with the thick stench of blood.

“Go, go. Send me to the hospital. Hurry up.”

Sun Yuhan screamed again. One of her legs was so painful that she could not even speak. As for whether Yan Huan was dead or alive, she could not care about it now. She could only care about herself now. Why was her leg in so much pain, could it be that she was going to break it? Could it be that she was going to amputate it? Could it be that she would really be crippled in the future?

The few men hurriedly carried Sun Yuhan and ran out in a flurry. What was left behind was Yan Huan’s weak breathing and the thick stench of blood in the room.

“Xunxun, come here. Come to Mommy.”

Yan Huan extended his hand to his daughter. At this moment, she felt that her head was in a lot of pain. Not only was her entire body in pain, it was also cold. It was so cold that there was almost no warmth. She was shivering from the cold. She wanted to sleep.., however, in the end, she used all her strength to pinch her palm. She was also using this kind of pain to wake herself up. However, she was still in pain. It was so painful that even breathing was painful.

Xunxun ran over from the corner of the wall.

“Mummy...” she pounced into Yan Huan’s embrace. However, Yan Huan was almost unable to breathe after being knocked by her.

She took out her phone from her body, and her eyes flickered. She almost couldn’t focus, and she couldn’t move her fingers.

“Baby, can you find Daddy’s phone?”

She tried her best to ask Xun Xun to wake herself up. She couldn’t faint, and it was impossible for her to faint now. If she fainted, what would she do? What Would Xun Xun Do?

“En.” Xunxun lifted her little head from her mother’s embrace and sniffled. She took her mother’s phone and pressed her little finger on it. The phone was unlocked.

Xunxun often played with her mother's phone. Like Xiao Qi Xiaoguang, she was very sensitive to numbers. This was very similar to her father. She flipped through it for a while and found her father's phone number, this was because she often used her mother's phone to call her father. She might not be able to read, but she remembered the looks of those numbers.

Yan Huan struggled to open her eyes. It was Lu Yi's phone number. There was no mistake.

"Baby..."she placed her hand on her daughter's little face, but even her voice sounded weak.

"Don't be afraid. Give Daddy a call. Mommy needs to sleep for a while. Remember, don't hang up the phone. This way, you can hear Daddy's voice. Wait for Daddy to Come Pick Us Up, okay?"

"Okay."Xun Xun nodded obediently. Then, she used her little finger to press on the phone for a long time. She called the number on the phone until Lu Yi's voice came faintly from the other end, only then did Yan Huan close her eyes.

At this moment, she was very cold. It was almost as if she was in the Chen family village. She was wearing a thin set of clothes as she walked through the snow. Step by step, she saw a vast expanse of white in front of her. And she., could not find her way home.

Xunxun used her two little hands to pick up the phone.

"Ba Ba, I'm Xunxun."

The little girl hid her small body in her mother's embrace, sobbing from time to time.

"Ba Ba, Mommy is asleep. Mommy asked Daddy to come pick up xunxun. Ba Ba, xunxun is afraid that someone is beating Mommy..."as she spoke, her tears continued to fall.

"Xunxun, be good. Don't hang up the phone. Daddy will be here soon."Lu Yi quickly stood up, took the phone and walked out. His voice continued.

"Xun Xun has grown up. Remember to protect Mommy. Don't let anyone get close to Mommy, okay?"

"Okay."Xun Xun nodded vigorously in agreement. She used her little hand to pull the clothes that her mother had draped over her body. Then, like a blanket, she draped it over her mother's body. However, she still felt that the draping was not good enough, she crawled around again. Then, she sat next to her mother. Her eyes were fixed on the door. Her little face was also extremely stubborn. She had to listen to Ba Ba's words. She had to take care of her mother. She had to protect her mother. She had grown up, she was a big child now.

"I found it."He Yibin quickly turned the steering wheel. Fortunately, Yan Huan's phone had a GPS system. Otherwise, it would have taken them a lot of effort to find her current location.

He drove the car very quickly. Lu Yi clenched his fists tightly. The veins on the back of his hands were also throbbing violently. He knew that something had happened to Yan Huan. Otherwise, she would not have let Xunxun make the call, she would not have left Xunxun alone.

Xunxun said that she had fallen asleep, but that was impossible. Only Xunxun had fallen asleep, and Yan Huan was watching over her. There was no mother who would sleep alone and not care about her daughter.

The car drove very fast, and the more it drove, the more Lei Qingyi felt that it was strange.

“What is she doing here? This place doesn’t have a village or a store. It’s just a desolate wilderness. Why did she bring Xunxun here for no reason? Is she enjoying the wind and sand?”

Lu Yi did not answer. He only shifted his gaze outside, his entire body exuding an indescribable coldness.

Alright, Lei Qingyi did not say anything. He stepped on the accelerator again and drove the car even faster.

That was Yan Huan’s car.

Lei Qingyi hurriedly stopped the car. He saw Yan Huan’s car parked not far away. There was no mistake about it. It was Yan Huan’s car because he had personally modified it not long ago, he might be mistaken about other things, but he definitely would not be mistaken about this car.

Lu Yi opened the car door and strode forward while Lei Qingyi hurriedly followed.

“It’s there.” Lei Qingyi pointed ahead. There was only one house in front that seemed to have not been occupied for a long time, and the location was correct.

After they walked in, they were greeted by a thick smell of blood. Lei Qingyi was stunned, and he had a bad feeling in his heart.

The moment Lu Yi walked in, he saw Little Xun Xun and... Yan Huan sitting on the ground.

“Huanhuan...” he hurriedly ran over and raised Yan Huan’s head. He saw that Yan Huan’s face was covered in blood, but fortunately, the blood was no longer flowing. He hurriedly took off his clothes, he draped them over Yan Huan’s body.

### **Chapter 1766: her skills were not bad**

Lei Qingyi came over as well. She picked up Xun Xun and pressed her head into her arms.

“Xun Xun is not afraid. Mom is just asleep. When she wakes up, she will play with Xun Xun.”

Xun Xun grabbed Lei Qingyi’s clothes and her long eyelashes trembled. She closed her eyes and fell asleep in Lei Qingyi’s arms.

Not long after, the car arrived at the hospital.

Xunxun was fine. She was not injured at all. It was just that her child was frightened and only wanted her father to carry her. No one wanted her. As for Yan Huan, her injuries looked a little heavy on the surface, but it was still fine.., there were many soft tissue contusions on her body and a large hole in her head. Her ribs were slightly fractured, but it was not too serious. These injuries were obviously caused by someone hitting her. There were also injuries on her head.., this was caused by someone hitting her with a heavy object. Fortunately, there might have been a problem with the angle of the impact, but it only caused a bloody hole in her head. There weren’t any other major problems, and there weren’t any concussions, there weren’t any head injuries, nor were there any internal bleeding. Therefore, Yan Huan’s life was really very good this time.

However, to be honest, these injuries weren't light either. Even the superficial wounds were enough to cause her pain. There were also bloody holes on her head. This time, it wasn't easy for her to keep the long hair on her shoulders, another pair of scissors had been cut clean.

When Yan Huan woke up, it was already midnight. She opened her eyes and her entire body was in pain. It was still very, very painful, especially her head. It was almost as if it was about to split open.

She instinctively raised her hand and wanted to touch her head. However, a hand came up and grabbed her hand.

"Don't move, there's an injury."

It was Lu Yi's voice.

Yan Huan slowly put down her hand. She didn't lose her memory, so of course, she still remembered what happened. She knew that he would come, and he would definitely come, just like before.

He had never broken an appointment with her, and it was the same this time.

After much effort, she opened her eyes again and saw Lu Yi sitting by the bedside. He hadn't changed his clothes, and he was still wearing the clothes of a prosecutor. His hair was a little messy, and his beard was sticking out a little, it was obvious that he had not rested for a long time.

"Where's Xun Xun?"

Yan Huan asked Lu Yi in a hoarse voice

"She's fine." Lu Yi tidied Yan Huan's hair and pulled up the blanket for her, "She's at Mom's place with her two older brothers. The Little Lass was scared but she's fine. She just misses mom and keeps looking for her."

Yan Huan heaved a sigh of relief when she heard that her daughter was fine. She was afraid that Xun Xun would get into trouble and that those people would return. What would happen to her Xun Xun then?

"Can I drink water?" Yan Huan licked her dry lips. Her throat was about to burst with smoke and she only wanted to drink water at this moment. She did not want to think about anything else.

"Wait a moment."

Lu Yi stood up and walked out. When he entered, he was already holding a cup in his hand. He carefully helped Yan Huan up and placed the cup in front of her.

"Drink it. But slowly. The wound on your head has just been stitched up. There are also some small bone fractures on your ribs. Don't move now."

Yan Huan carefully held the cup with one hand and sipped. Oh, it's only a fracture. It's not broken. That's great. She really had some feelings. Back then, she had been hit so heavily, but it was only a small fracture and not broken, it could be considered as letting her off easy. As for the man whose hand bone was kicked by her, it was likely that he really had a fracture.

However, her head was still in a lot of pain.

"I didn't bump into any problems, right?" Yan Huan pointed at her own head. Did she have a concussion or brain injury after being hit like that. There were no blood clots in her brain. She knew that it was very serious. The brain was the most delicate organ in the human body, and it could not tolerate even a little damage.

"I'm fine." Lu Yi carefully tidied up her messy hair. "It's just that my hair was cut short. There's a hole in my head and some blood has flowed out. But there's no big problem?"

That was fine. Yan Huan really didn't feel much about whether her hair was still there. It didn't matter if it was long or short, her hair was still alive and valuable. It didn't matter even if she shaved it all bald. There was an item called a wig in this world. When she bought a few more, they would change like a hat.

She suddenly turned her face away, but there was another pain on her head. A big hand was placed on her forehead, gently smoothing the creases that appeared on her forehead.

It was really too painful.

"Don't move. There's a hole in your head." Lu Yi's voice sounded somewhat helpless. In fact, he was quite helpless. He was a good person, and he did not offend anyone. Yet, he was beaten to such a state.., and his bones were broken, and his head was pierced.

Yan Huan pursed her lips. This aggrieved look was just like Little Xun Xun's. Lu Yi simply didn't have the strength to resist.

"Speak, what's going on?"

Lu Yi sat at the side. Although his voice was soft, the things inside were ice shards.

How could she be beaten up again? She had only left the house once today, and she was already heavily injured. Was she a troublemaker? How did she get injured everywhere.

This kind of technique, this kind of method... this was not a lesson, but a beating to death.

"It was done by Sun Yuhan," Yan Huan said faintly. She slightly closed her long eyelashes. In her hazy vision, she saw that the needle at the side had pierced into the back of her hand. And that icy cold liquid.., was dripping into her blood vessels bit by bit.

Lu Yi's dark eyes suddenly darkened again. His entire body had a very irritable feeling. Yan Huan smiled again. Her smile was sarcastic, but at the same time, it was also weak.

Ye Jianguo lied to me. He said that he wanted to resolve the past, so I went. In the end, I trusted the wrong person again. Sure enough, Lu Yuhan was not a good person, and neither was ye Jianguo.., they were really born to be a pair of grandfather and grandson. They were equally shameless and equally shameless.

"I will seek justice for you." Lu Yi held Yan Huan's other hand tightly. His entire face seemed to have turned into frost. He wouldn't let some people off. This time, he definitely wouldn't.

"Don't worry." Yan Huan held Lu Yi's big hand tightly. "I didn't suffer any losses either. I beat Sun Yuhan up. I beat her half to death."

Lu Yi carefully touched the bandage on Yan Huan's head.

"You're satisfied just because you beat her half to death?"

"What else?" Yan Huan felt that her head was alright. Although there was a big hole in it and her ribs were broken, she did not let the other party gain any advantages.

"His skills are really bad." Lu Yi was regretting it now. He had really indulged Yan Huan too much in the past.

### **Chapter 1767: he beats up women**

"I'm pretty good at it."

Yan Huan was not satisfied with this point. If she was not good at it, she would be lying here right now. If she were to die, she would be bleeding. She did not let the other party off easily.

"You still say 'good'?"

Lu Yi pointed at her head.

"Alright, Can You Hurt Yourself?"

"There are a few of them," Yan Huan retorted indignantly. She had fought many of them one-on-one. She must be very powerful.

"I can fight ten of them." Lu Yi was poking at Yan Huan's face.

"I will get Bai Zhi to come back as soon as possible. The next time you meet him, beat him to death. If you kill him, I will be there."

"I got it." Yan Huan raised her hand and wanted to touch her own wound. She always felt uncomfortable and her mind was numb. However, she still wanted to touch her own wound.

Lu Yi hurriedly pulled her hand down,

"You still want to touch it? Do you think it's not painful enough?"

"I just want to touch it. My hand is a little itchy."

Lu Yi placed Yan Huan on the wall by the side.

"What are you doing?" Yan Huan did not understand what kind of action this was. Did he want her to compare her skin to the wall? She admitted defeat. She really was not as white as the wall.

"Isn't my hand itchy?" Lu Yi still pressed her paw against the wall.

"If your hand is itchy, scratch the Wall for me."

Yan Huan, "..."

Lu Yi's face was really dark at this moment. Yan Huan really wanted to hug her head and hide under the bed. She had never seen Lu Yi blush at her before. No, even he had a dark expression on his face now.

“Yan Huan...”

He was coming. His name was attached to his first name. He was very angry now. He was so angry that he wanted to strangle her to death.

“En, I’m listening.”

Yan Huan lowered her base and played with her fingers.

This time, it was her fault. She knew that some people could not be trusted, some people were untrustworthy, and some places were dangerous. She still had to go, not to mention bringing Xun Xun with her, what if something happened to Xun Xun? What if something happened to her? What if something happened to both her and Xun Xun?

That was why she would admit her mistakes now, repent, repent, and accept any punishment.

As long as it wasn’t too serious.

Also, could she not hit him?

Lu Yi stretched out his hand, and Yan Huan hurriedly covered her head.

“Yan Huan, do you think I’ll hit you?”

Lu Yi’s cold voice seemed to have been pricked.

“Why wouldn’t I?” Yan Huan mumbled, “Everyone is so angry that they don’t have a rational day.”

“Have I ever hit a woman?” Lu Yi asked Yan Huan.

“Yes,” Yan Huan knew. “You’ve hit a woman.”

“I’ve hit?” How could Lu Yi not remember hitting a woman? which woman had he hit?

“You’ve hit Sun Yuhan.”

Yan Huan reminded him.

“That’s not a person.” Lu Yi frowned slightly. “That’s trash.” Yes, in Lu Yi’s eyes, that was not a woman. That was trash. That was a pile of trash.

“You’re really not going to hit me?” Yan Huan pointed at his head. “You can’t hit me. I’m still injured.”

Lu Yi looked at him with a sullen face. Then, he tidied up the messy hair on her head. Wasn’t it a pity to cut her hair?

Yan Huan really wanted to grab her hair now, but she didn’t have the guts to do so when she saw Lu Yi here in the end.

She was going to film anyway, and she still had to wear a wig. It was just right to cut it so that it could be styled.

She didn’t regret it. She really didn’t regret it at all.

Her face was good-looking, and she could control all kinds of hairstyles. No matter how ugly her hairstyle was, it would still look very good on her.

"I want revenge." Yan Huan had not forgotten who had beaten her up so badly?

"Recover from your injuries first, then we'll talk about revenge." Lu Yi covered Yan Huan with the blanket. "You still want revenge with such an image? Give me another month's worth of meat."

Yan Huan's body stiffened for a moment. It couldn't be, asking her to eat meat for another month? How was this possible? She had already eaten meat for half a month and she wanted to die from eating it.

She still wanted to eat it?

"Can you..."

"There's no room for discussion," Lu Yi interrupted her indifferently.

"I don't..."

"Two months."

"I..."

"Three months."

Yan Zai hurriedly shut her mouth and swallowed her saliva. Alright, don't add anymore, really don't add anymore. If she were to add any more, wouldn't it be half a year? A year? Then she might as well starve to death.

And now, she really didn't dare to argue with Lu Yi. This time, it was her fault. She admitted her mistake.

Lu Yi saw that Yan Huan had finally fallen asleep. Only then did he gently pull the blanket up and down her chin. He saw that her complexion wasn't too good, and she was also a little haggard. This time, it was fine, but the top of her head was a little more serious, she had lost some blood. The bones in her body weren't too serious, and her internal organs weren't too big of a deal. If something really happened, what should he do?

Why did he always make himself look so pathetic?

He stood up. Some people were really bold this time. Why didn't they remember the lesson they received from the distinguished guests last time?

Did he have to give her another beating to learn his lesson.

As for Su Yuhan, she was lying in the hospital again. Her short leg was fine, but her long leg was fractured again. Fortunately, it was just an ordinary fracture, but her bones were broken, even the doctor had moved and wanted to cut both of Sun Yuhan's legs into the same length. However, that was just a thought. In fact, it didn't really work.

If they were really short, first, Sun Yuhan would be a lot shorter, and her body would be longer, and her legs would be shorter. Moreover, her long leg wasn't that long yet, therefore, she only did ordinary orthopedic surgery to fix the bones.

And Now, Sun Yuhan could sit in a wheelchair freely. She could also sit on the wheelchair. In a few months'time, she would no longer need to use her long and short legs to walk.

However, this was a disaster for Sun Yuhan. She originally had a long and short leg. Now that the leg that was supposed to be fine was broken, could she still walk in the future? Could she still wear high heels?

Not to mention wearing high heels, she couldn't even walk, let alone wear high heels.

And she could forget about wearing high heels for the rest of her life.

After Sun Yuhan found out, she almost went crazy. She cried and screamed, but now, only ye Jianguo cared about her. Even Ye Chuji was as far away as he could. As long as he heard her voice.., it was all noise and ear-piercing.

"What did you say?"Ye Shuyun stood up. "That woman actually wanted to kill you. Ye Jianguo was actually an accomplice?"

Ye Shuyun once again felt that her worldview had been destroyed. Sun Yuhan was heartless and ruthless, but ye Jianguo could actually do such a thing. He was an elder.., how could he do such a thing?

#### **Chapter 1768: would not let the matter rest**

No, he would do anything. For the sake of his granddaughter, he could even kill his entire family, not to mention Yan Huan.

Yan Huan touched her short hair. It was not easy for her long hair to be cut off just like that. She knew very well why it was cut off. Of course, Lu Yi also knew.

Ye Shuyun sat down. When she saw Yan Huan in this state, his entire body was covered in injuries. He was beaten up by several men. She was not a fool. Although Yan Huan only said that.., those men wanted her life, Ye Shuyun knew very well that Sun Yuhan's goal was not that simple. Perhaps she wanted to destroy Yan Huan completely, but she did not expect that she would end up harming others.., that leg would become even more crippled in the future.

"Don't worry, Mom will definitely not let this matter go."

Once or twice, she endured it. She endured it very hard, and she endured the pain. From Xun Xun, to Lu Yi, to Yan Huan, to the entire Lu family, until now, she still cared about that little bit of friendship, for the sake of the Ye family's face, no matter how much she hated the ye family and hated ye Jianguo, she did not reach the final stage of confrontation.

This was because other than ye Jianguo, there was also ye Chuji and ye Xinyu in the Ye family.

However, her tolerance eventually became ye Jianguo and Sun Yuhan's unrestrained behavior. Did they really treat the people of the Lu family as dead people?

Did they really think that they could do nothing to the Ye Family? Or did they really think that they had to swallow their anger every time? Or did they think that no matter how aggrieved she was.., they were also concerned that she was still a member of the Ye family.

Don't treat her as someone who didn't have a temper.

And don't treat it as if such a thing had happened. Yan Huan's head was not smashed for nothing. Her Little Xun was scared for nothing.

This attempted murder was not playing house. It was a crime.

At night, Lu Yi came over. His black eyes had been staring at Yan Huan the entire time. At this moment, Yan Huan was smiling. She seemed to be quite happy. No one knew what was going on, but her mood seemed to be quite good.

Yan Huan touched his short hair again.

Indeed, not everything in this world could be tolerated. The Ye family could not be arrogant forever.

When Yan Huan woke up again, her head still hurt a little. She had already gone home. The Doctor said that she did not need to stay in the hospital anymore. As for the injuries on her head and body, it was only a matter of time. She would naturally recover after a long time, moreover, the doctor also said that she only looked a little more serious and was a little afraid. In reality, it was not as serious as they had imagined.

The doctor could guarantee that after Yan Huan was injured, the scars would be hidden on her scalp, and her hair would still grow out.

This was also what made Yan Huan feel the most at ease.

She took the mirror and touched her short hair. It was alright. With the support of Yan Ying's face, even with such short hair, she still looked very good.

"Am I very handsome?"

Yan Huan asked Lu Yi. She felt that with her short hair cut, she looked much more handsome. She also needed to have an aura. Of course, the aura that she was exhibiting now was called handsome.

"It's alright." Lu Yi pushed a wheelchair over for Yan Huan to sit on.

Yan Huan sat on the wheelchair. She didn't want to move anyway. She still had injuries on her body. It was great that she still had someone to push her, so she didn't need to walk.

Lu Yi pushed the wheelchair out and let her sit on the car. He also sat on the wheelchair himself.

Lu Yi had already started the car. The car kept moving forward, but he didn't know where they were going. If they followed this road, they could go to many places. As for where they were going, Yan Huan really didn't know.

Lu Yi didn't say anything and pulled her along.

"Where are we going?" She asked Lu Yi. Why did he want to go for a ride today? Her head was injured, so she really couldn't be exposed to the wind.

"You'll know in a while," Lu Yi didn't tell her and just led her forward.

Alright, Yan Huan didn't ask anymore. It wouldn't be a surprise or anything like that. Anyway, she thought that she was just here to enjoy the scenery. It was just that along the way, there were all kinds of depressions. The winter wind was like a knife, cutting into everyone's faces, even the number of pedestrians on the road had decreased by a lot.

Therefore, Yan Huan did not know what to look for now. It was just that the road machines on both sides of the road that were still lit up still represented the loneliness of this city.

Not long after, the cold air in the surroundings was cut off. She also felt her entire body warm up. She had already arrived at Lei Qingyi's safety hall.

"You're sitting on it again?"

Lei Qingyi simply admired Yan Huan too much, "Don't you think you can live peacefully for a few years? Why is it that in other people's lives, there's no illness, no pain, no disaster? But it just happens that you're always in the midst of a great commotion. This is life, not filming. Filming can be redone, but your little life can't. No matter how tough your life is, it won't be able to withstand the torment again and again. Fortunately, my lingling isn't here. Do you think that if she knew, she would run back crying?"

Yan Huan was still smiling, making people feel that he was very harmless.

As for what was going on with her, it really had nothing to do with her, because some people just didn't want her to be calm.

"Where is he?" Lu Yi asked Lei Qingyi.

Lei Qingyi pointed inside. "I've already asked him, and it's time for the deposition. You can take it away at any time, but Lu Yi..." lei qingyi pulled Lu Yi aside and bit his ear again.

"Are you sure?"

"Yes, there's something wrong with you." Lu Yi didn't feel that there was anything wrong with this?

"There's nothing wrong with me. I just want to say, Lu Yi, you have to think it through. That's Sun Yuhuan," lei qingyi lowered his voice again. "Are you sure? If you really want to do this, be careful that ye Jianguo won't fight you to the death."

"I know." Lu Yi was still very calm. The meaning in his words was downplayed. He knew everything that Lei Qingyi said and understood it. Of course, he also thought about it.

However, this time, he would not tolerate it. If he were to let it go again, then he would not have to be a prosecutor anymore.

Because they were too far away, Yan Huan could not hear what they were saying clearly. However, he felt that they must have made lei qingyi do something, and they were also making things difficult for her. However, what kind of thing could make lei qingyi make things difficult.., she found it strange.

"I'll bring you to meet a few people." Lu Yi came over and pushed Yan Huan's wheelchair, pushing her out as well.

Yan Huan sat there without moving. When a door opened, Lu Yi pushed her in. In front of them stood a few extremely strong men. One of them had his arm wrapped in bandages, he also hung it around his neck with a piece of gauze.

Yan Huan recognized these people at a glance?

### **Chapter 1769: I want her legs**

Aren't they the people who beat her up? What's wrong? They've all been caught. What's the use of catching some small fries? The mastermind is still at large?

"What's the use of catching them? The mastermind hasn't been caught yet, has he?"

Lu Yi's words hit the nail on the head. He knew what Yan Huan was thinking.

"That's right." Yan Nan was honest. Of course, he did not beat around the bush.

"What's the use of catching these people? It's useless. We have to catch the big one."

Lu Yi walked forward and squatted in front of Yan Huan, "If we don't catch them, how will the big one be caught? Everything has to be based on evidence. As long as we have enough evidence, we can make it impossible for people to turn the tables. Do you understand?"

He was teaching Yan Huan a lesson. Don't be reckless in everything. This was a society governed by law, and it was also a reasonable place.

Even if they were reasonable, they were also reasonable. However, others might not know.

Yan Huan pointed at her head. "Evidence."

"Naive." Lu Yi stood up and pushed her wheelchair again, "This kind of injury is not evidence. She will find no less than ten excuses to get rid of her own. If she wants a person to have no room to counterattack, then she has to strike the final blow. She Can't give the other party any time to catch her breath. Otherwise, in the end, as long as she gives the other person a chance, he might be able to make a comeback. Because our opponent is different from others, each step has to be the best and most suitable."

Yan Huan suddenly raised his face and stared at Lu Yi's jaw. His jaw line had always been firm and neat, just like his personality. When necessary, even if it was family, he would not acknowledge them.

Now she finally understood why others said that Lu Yi was the youngest and the most outstanding prosecutor in the history of Hai City. He thought of every aspect very comprehensively. Of course, if he made a move., then his opponent would have no room to retaliate.

He was best at hitting the nail on the head.

The reason why he didn't make a move was because he wanted to gather enough evidence.

Yan Huan didn't think about it anymore because Lu Yi had already pointed at these people and asked her.

“Do you remember who hurt you?”

Yan Huan propped up her face on the wheelchair and swept her gaze over these people one by one. Why was she so fierce like a wolf back then? Now, she had become a little wife.

Who had beaten her up? Yan Huan suddenly lifted her red lips. Although the color was a little light, it was still shockingly beautiful.

“Don’t you remember?”

Lu Yi narrowed his eyes slightly.

“En...”Yan Huan replied softly. Her last sentence was a little long. However, her words caused the few men to heave a sigh of relief. However, they had yet to heave a sigh of relief, yan Huan’s voice was like a cold wind that was accompanied by cold snowflakes. After which, all of it was poured into their collars.

“I remember...”Yan Huan stretched out her finger and pointed at these men one by one. “Each of them has beaten me before. This...”she pointed at one of them, “He kicked my back. He should be the one who broke my ribs.”The people she pointed at couldn’t help but Shiver. The cold sweat on their foreheads kept falling down.

“And this.”Yan Huan pointed at another person.

“He was the one who injured my face.”

“As for that.”Yan Huan pointed at the person on the side. “He was the one who injured my head.”

“It wasn’t me.”That person hurriedly raised his face and shook his head from time to time. If his hand could still move, he believed that he would shake his own hand as well.

“It wasn’t me, it wasn’t me, it really wasn’t me...”

“It was you.”Yan Huan didn’t hesitate at all. “I remember the tattoo on your arm. Only someone like you would have a dog tattoo on your body.”

The man hurriedly hid his handcuffed hands. He wanted to cry but no tears came out.

Big Sis, how could that be a dog? That was clearly a wolf.

Yan Huan was a little tired. She narrowed her eyes and didn’t want to move. Lu Yi took off his clothes and covered her legs.

“Let’s go back.”

“Okay,”Yan Huan agreed. However, she glanced at those people again. “What about them?”

When they heard Yan Huan’s words, they were instantly blown by a gust of cold wind.

“Um, can we not talk about them?”

They were all good young men, but they had strayed into the wrong path. Could they be given a chance?

“What do you want to Do?”Lu Yi asked Yan Huan. “How and for how long? As long as she’s willing.”

“Oh...”Yan Huan tugged at the buttons on Lu Yi’s shirt. There was nothing to play with now. Only these buttons could be played with. No matter how they beat me up, I’ll return it to them., what she disliked the most was repaying kindness with enmity. She liked revenge with enmity.

Of course, she would have to repay them several times over.

Oh right, what did she think of?

“Originally, they might have wanted to do something to me, but they were beaten up by me until they went crazy.”

The violent aura around Lu Yi suddenly intensified, but Yan Huan was still as calm as ever. She smiled. Her smile was very simple, like an arc of a smile blossoming in the wind. It was clearly very beautiful., but it was also very cold.

Not long after, Lei Qingyi shook her head. Prosecutor Lu’s methods were indeed ruthless. These pitiful little chrysanthemums were really stupid. Who Wouldn’t provoke them? They just had to provoke Yan Huan.

Yan Huan’s personality was that of a vengeful and narrow-minded woman, while Lu Yi was a vengeful and ruthless man. When the two of them met, they were like two birds with one stone. Whatever was ruthless would come, right now, he was not worried about Lu Yi, but about the ye family.

This time, Lu Yi was determined to deal with Sun Yuhan, but would ye Jianguo agree?

In fact, even if he did not want to guess, he knew that ye Jianguo would not agree. His granddaughter valued her life more than his.

Sun Yuhan did not know that these few months of peaceful life might be the last thing she could live for her whole life. As for what would happen in the future, no one knew.

She thought that what she did was flawless. When she heard from others that Yan Huan had been saved, she was so angry that she almost smashed everything in her room. But then again., yan Huan was still alive. He was still alive. He did not have a broken arm or a broken leg. His head was also not smashed. But what about her?

Her leg was even more crippled now. It was difficult for her to even stand, let alone walk. She had to sit in a wheelchair for the rest of her life.

“Grandfather, I want her leg. Give me her leg.”

### **Chapter 1770: he helps**

Sun Yuhan kept crying and bawling. She was unwilling to accept that all the misfortune had fallen on her alone. Even if he was going to be crippled, there would still be people accompanying her. It was impossible for everyone else to be fine, she was the only one who became a cripple. This was not fair. Yes, this was not fair. This was not fair at all.

“Okay,”ye Jianguo quickly agreed. He was afraid that Sun Yuhan would go crazy and hurt his own.

Now, as long as his granddaughter was happy and did not hurt him, he would do anything that was against the heavens. Even if he had to kill Yan Huan, he was willing. He only had one granddaughter.

For the sake of his granddaughter, he would do anything.

Sun Yuhan was finally satisfied. She tightened the buttons on her clothes as if she was venting her anger. At this moment, she didn't know who these buttons belonged to. It was as if she was peeling the skin of that person and pulling his tendons, she was also drinking that person's blood.

And she had never worried about herself. Even if Yan Huan was still alive and her actions were known by others, so what? In the end, there was still ye Jianguo. As long as ye Jianguo was around, this was her life.., the most solid fortress, and also the backer that would never collapse.

Her backer would never collapse, never fall.

This was the reason why she had no fear. Even if she killed that woman, look, they clearly knew that she was the one who did it and that her people were here, but they did not even dare to fart.

With a snap, she pulled off the button, but the sharp horn on the button cut her finger. Then, a drop of blood fell down and reflected in the clothes in her hand, then, there was a small red plum on the printing surface.

This red plum was not beautiful. It was even somewhat indescribably terrifying. It was as if her hand had been scalded. She forcefully threw the clothes to the ground and smashed the pillow and other things on it. However.., her hand was still trembling slightly. After that, there was a faint pain that seemed to be unable to dissipate.

A few more days passed. Sun Yuhan had forgotten some things. Perhaps she had never remembered them. She did not have legs, but did she still have a servant? Recently, she had bought a bunch of luxury goods, there were designer bags, designer perfume, and a few thousand lipsticks. She had bought a bunch of shoes, as well as a few pairs of shoes that were handmade by internationally renowned designers. However, after she bought them back.., she threw them away and did not want them. She hated them so much that she threw them into the trash can. What kind of crappy shoes were they? They were high heels. Hehe, high heels. Could she still wear high heels now? Was she mocking her, or was she mocking her.

She had completely forgotten that she had personally ordered these shoes. It was impossible for others to force them on her. However, when the shoes came back, she began to despise them. She hated these shoes even more, she hated this leg of hers that could never stand up.

Didn't they say that there was an organ transplant? Even a heart could be transplanted. In that case, what else couldn't be transplanted? A leg could also be transplanted. She wanted Yan Huan's leg.

That's right, she wanted Yan Huan's leg. If Yan Huan's leg was given to her, she could walk, she could act, and her life would be complete. She could still continue to be famous, and she could even become the eldest daughter of the Ye family, she could even live as she wished.

Yes, that was it, that was it

“Grandfather...” she pushed the wheelchair into Ye Jianguo’s study. Unsurprisingly, there were some famous landscape paintings hanging on the wall. Sun Yuhan didn’t understand these things, and every time she entered, she would think.., it wasn’t the artistic conception of these paintings, but which dynasty these paintings belonged to, and how much they were worth. In short, everything had nothing to do with art.

“Why don’t you sleep a little longer?” Ye Jianguo rubbed Sun Yuhan’s hair. It felt like his daughter was still by his side in the past, but now that his daughter was long gone, she only had this little bit of blood left, when he saw this child, it was as if he saw his own daughter. Therefore, no matter what this child did, he would tolerate it.

“Grandpa,” Sun Yuhan raised her face, and tears rolled down her cheeks. “Grandpa, I will be a cripple in the future. I have let down my mother, and I have let down the life that my mother gave me. Grandpa, can you help me?”

“Okay.” Ye Jianguo’s eyes turned red at the mention of his daughter who was no longer around. “Tell me, how do you want Grandpa to help you?”

“Grandpa, can you help me get Yan Huan’s Leg? I want her leg. As long as her leg is transplanted to me, I can walk. I don’t have to be a cripple anymore. I don’t have to be a cripple anymore.”

“Okay.” Ye Jianguo still agreed. Regardless of whether Sun Yuhan’s request was reasonable or not, he still agreed. As long as his granddaughter was happy, he could get her a life, not to mention a leg.

Yan Huan told the story to the three children. She had nothing to do now, so she just stayed at home to accompany the children. The three little ones sat upright, and their similar little faces were filled with curiosity. Of course, they were also listening attentively, no matter how strange the story that their mother told was, it was a pleasant story to the children’s ears.

Not long after, Ye Shuyun came in. She rubbed Xiao Qi and Xiao Guang’s little heads.

“We’re going to rest. Mommy is also tired. Let Mommy Sleep, okay?”

“Okay,” the three children agreed in unison and followed their grandmother out.

Xun Xun looked back at her mother from time to time. Her lips were pursed. She wanted to sleep with her mother, but she also knew that her mother was sick, so she could not be with her mother.

She pursed her lips and felt quite sad.

“Sister, let’s play with the toys,” Xiao Qi and Xiao Guang held her sister’s hand with one hand on each side.

“Okay,” Xun Xun agreed obediently. She was going to take over her brothers’ toys. Her brother would give her whatever she wanted and would never hide anything from her.

Yan Huan heaved a sigh of relief when she saw that the three children had left. It was true that taking care of the three children was too tiring. She was still a patient.

She took the laptop that Lu Yi had placed aside and opened it. There weren't any major events recently, and she couldn't find any news about Su Muran or Su Yuhan. Of course.., even she hadn't found any news about them.

Su Muran was smart, but there was no news about him. He must be trying to hide his existence so that these people wouldn't find out about him, then, he would lose everything he had.
